

January 26, 1909.

Superintendent George W. Brown,
Paris, Illinois.

Dear Mr. Brown:

The cost of room and board in the new building is four dollars a week. This includes laundry privilege for the students' personal use. No, the scholarship only entitles the pupil to the school privileges. Here that includes the use of textbooks, which is not the case in any other school as none of the others have a textbook library.

Yours very truly,
