Please complete a separate worksheet for each academic program (major, minor) at each level (undergraduate, graduate) in your department. Worksheets are due to CASA this year by **June 1**. Worksheets should be sent electronically to cskjs@eiu.edu and should also be submitted to your college dean. For information about assessment or help with your assessment plans, visit the Assessment webpage at [http://www.eiu.edu/~assess/](http://www.eiu.edu/~assess/) or contact Karla Sanders in CASA at 581-6056.
### Block I Methods courses and Field Experience

**HOW:** Early Childhood Block I Field Experience (ELE 4000) is taught in conjunction with ELE 3281 and 3250; Professional Portfolio; Implementation of Live Text with a Field Experience Rubric; Lesson Plan Rubric

**WHERE:** Public/Private Early Childhood settings and classrooms

**When:** 2004-2005

A grade of “C” or better is required for each course.* Cooperating teachers and university supervisors also evaluate using a rubric. A positive field experience is required.

*The grade is a reflection of the candidate’s performance in methods courses and practicum settings (e.g. through lesson planning/preparation; classroom observations; and evaluations by both the classroom cooperating teacher and the University supervisor) using both authentic assessment and traditional assessments.

Professional membership and meeting attendance documentation for PDR. Completion of portions of a professional portfolio is a requirement. Posting information in Live Text is required as of Spring 2005.

To determine if the student will be eligible to enroll in Block II

### Block II Methods courses and Field Experience

**HOW:** Early Childhood Education Block II – ELE 4000 taught in conjunction with ELE 4770, ELE 4776, and ELE 4880

A grade of “C” or better is required with an overall GPA of 2.65.*

*The grade is a reflection of the candidate’s performance in the methods course and in the practicum setting (e.g. through

To determine if the student will be eligible to enroll in Student Teaching
Written evaluations by cooperating teachers in schools and university supervisors based on rubric

Professional Portfolio to help determine admission to Student Teaching; Live Text Lesson Plan Rubric

WHERE: Public/Private Early Childhood settings and classrooms.

WHEN: 2004-2005

---

2. The Early Childhood student will demonstrate good communication skills.

Also in evaluations of written work and oral presentations as well as lesson plans

WHERE: Various State Test Sites

In Block I and II Courses

WHEN 2002-2005

To pass the Basic Skills test a total test score of 240 or higher is required.

A grade of “C” or better is required for each course.

Cooperating teachers and university supervisors also evaluate using a rubric.

100% Met expectations *

___ Did not meet expectations

*Completers Only – Using Title II Report Card Data

Commensurate with the achievement of: “C” or better in professional courses

*To determine if the student will be eligible to be certified in Elementary Education by the State of Illinois

(Continue objectives as needed. Cells will expand to accommodate your text.)
**PART TWO**

Describe what your program’s assessment accomplishments since your last report was submitted. Discuss ways in which you have responded to the CASA Director’s comments on last year’s report or simply describe what assessment work was initiated, continued, or completed.

The Early Childhood program is growing. A new faculty member will be coming in the Fall of 2005. Assessment of this program has been on-going especially in light of the state imitative of the AAT in Early Childhood. The program seems to align well with the programs in the state of Illinois and with the proposed AAT in Early Childhood. Since the data shows the program is growing, separate sections of Block II ELE 4000 and ELE 4880 were planned for Spring 2005, but had to be combined when there were not enough students to justify a separate section. Separate sections are planned for Fall 2005. The early childhood majors were included in the perceptions of effectiveness that was completed, but separate data was not collected. It is anticipated that a future survey will ask for specific data from this group.

**PART THREE**

Summarize changes and improvements in curriculum, instruction, and learning that have resulted from the implementation of your assessment program. How have you used the data? What have you learned? In light of what you have learned through your assessment efforts this year and in past years, what are your plans for the future?

Informal feedback from students indicates that they appreciate observation by the faculty. Informal assessment from the two tenure track faculty members and the one adjunct that taught most of the professional courses for this program, indicate the need to continue to supervise practicum experiences meaningfully and to get additional early childhood faculty hired to teach the content for this developmental stage. This goal has been partially met in the hiring of a new faculty member with extensive early childhood experience for Fall 2005.
