Quick Tips

- ✓ Be sure to check out the school's website-that will show true interest to the district. Have a couple of facts about school you like that fits with you mission.
- ✓ Include schools of interest even if they have not noted your teaching field on their list of needs.
- ✓ Be open to considering other schools, even if they are outside your geographic preference, or area "comfort zone."
- ✓ Show them your best! Professional dress, attitude, and personality are keys to successful interviews.
