ARE YOU HELPING?
WITH SALVAGE
HITLER WANTS US TO BELIEVE THAT:

- Democracy is dying.
- Our armed forces are weak.
- The "New Order" is inevitable.
- Jews cause everybody's troubles, everywhere.
- We are lost in the Pacific.
- Our West Coast is in such grave danger there is no point in fighting on.
- The British are decadent, and "sold us a bill of goods."
- Some sort of "peace" can be made with Nazi Germany.
- The cost of the war will bankrupt the nation.
- Civilian sacrifices will be more than we can bear.
- Our leaders are incompetent; our Government incapable of waging war.
- Stalin is getting too strong, and Bolshevism will sweep over Europe.
- Aid to our allies must stop.
- This is a "white man's war"; our real peril is the Japanese, and we must join Germany to stamp out the "Yellow Peril."
- We must bring all our troops and weapons back to the United States, and defend only our own shores.
- The Chinese, the British, and the Russians will make separate peace with Japan and Germany.
- American democracy will be lost during the war: the two-party system is dead; Congressional elections will never again be held.
