Unit Theme: Educator as creator of effective educational environments, integrating diverse students, subjects, strategies, societies, and technologies

Course Description: (0-3-1) Supervised clinical experiences with emphasis on curriculum and instructional aspects of early elementary and late elementary subject areas. Forty-five hours of classroom participation.

Prerequisites: Concurrent enrollment in one or more of ELE 3250, 3281, 3290, 3340, 4880, or permission of department chair. Course may be taken twice with permission of the department chair. University Teacher Education requirements apply and department requirements for enrollment must be met.

Course Purpose: ELE 4000 provides prospective teachers with authentic classroom experiences in planning and teaching social studies, science, and reading and other subject areas to children with diverse backgrounds and abilities. Participation experiences are integral to the associated methods courses of Block II. The students enrolled in this course are under the direct supervision of the university instructor and the cooperating classroom teacher. ELE 4000 is in partial fulfillment of the pre-student teaching practicum mandated by the Illinois State Teacher Certification Board.

Admission to student teaching depends upon successful completion of ELE 4000 and on the positive recommendation of the cooperating classroom teacher with whom the student participates for 45+ clinical hours.

Course Textbooks: There are no required textbooks for this course.

Supplemental Materials:

- Personal LiveText account
- Portfolio binder and inserts
- Binder for course notebook
- Professional Development Requirements (PDR), purple sheet

Teaching Model:

The Social Family Models: Building the Learning Community

When we work together, we generate a collective energy that we call synergy. The social models of teaching are constructed to take advantage of this phenomenon by building learning communities. Essentially, "classroom management" is a matter of developing cooperative relationships in the classroom. The development of positive

school cultures is a process of developing integrative and productive ways of interacting and norms that support vigorous learning activity.

The Behavioral Models

 Behavioral models concentrate on observable behavior and clearly defined tasks and methods for communicating progress to the student.

Joyce, B., Weil, M., & Calhoun, E. (2009). Models of teaching (8th ed.). Boston: Pearson.

Dispositions: Teacher candidates in the department of EC/ELE/MLE will exhibit professional ethical practices, effective communication, sensitivity to diversity, and the attitudes and ability to provide varied teaching practices evidenced in a supportive and encouraging atmosphere for learning.

Live Text Assessment Requirement: For those classes with Live Text or Practicum- If the portfolio or Live Text requirements are rated, by the instructor, to have been completed in less than a satisfactory manner then no more than a "D" may be earned in the class regardless of the number of points earned.

Standards:

Course requirements and demonstrated competencies are aligned with the following standards:

- Illinois Professional Teaching Standards (IPTS) http://www.isbe.state.il.us/profprep/PDFs/ipts.pdf
- Language Arts Standards for all Illinois Teachers (ICLAS)
 http://www.isbe.net/profprep/CASCDvr/pdfs/24110_corelangarts_std.pdf
- Technology Standards for all Illinois Teachers (ICTS) http://www.isbe.net/profprep/CASCDvr/pdfs/24120_coretechnology.pdf
- SPA Standards Alignment (Special Professional Association Standards) based on:
- ACEI (Association for Childhood Education International) program standards for elementary teacher preparation http://www.acei.org/Synopsis.htm and http://www.acei.org/ncateindex.htm
- NAEYC (National Association for the Education of Young Children) NAEYC http://www.naeyc.org/accreditation/next era.asp

Outcomes specific to ELE 4000:

- Students will utilize content knowledge effectively in lesson planning.
- Students will provide an effective classroom environment to support the success of unique individual students.
- Students will design, implement, and assess instruction to achieve specific and differentiated learning outcomes.
- Students will model professional behavior, dress, and positive dispositions appropriate for the school community.
- Students will demonstrate a mastery of technology in support of teaching and learning in the classroom.
- Students will understand the community and intentionally teach as appropriate for the benefit of the community.

The original signed copies of the log of practicum hours, the Dispositions Rubric, and the Block II Practicum Rubric as completed and signed by the cooperating teacher must be submitted with the Notebook. These documents will not be returned to the student. Documentation also includes LiveText uploads of the observed lesson plan, Instructors may ask for LiveText uploads of daily reflections and a number of daily plans implemented in the classroom. Focus is on organization and presentation of the practicum notebook.	
Reflection	Performance includes participation according to instructor guidelines, for example, using WebCT discussion board or LiveText reflection documents. Reflections are the internalization of the knowledge and pedagogical learning of each participant. Reflections consist of both a description of what happened and a thoughtful analysis of those events for the progress of learning for the child, the class, and the teacher candidate. Focus is on self-evaluation suggesting how the responding participant may be a positive influence on such classroom events. DETAILED INSTRUCTIONS FOR EACH ASSIGNMENT WILL BE PROVIDED BY THE INDIVIDUAL COURSE INSTRUCTOR

Explanation of Requirements:

Specific guidelines for the lesson plans and supervisor's observation will be provided as the semester progresses.

1. On-site observation by the EIU instructor

Several observations will be made by the EIU instructor with one planned well executed lesson being presented for evaluation and submission to LiveText.

2. Cooperating Teacher's Evaluation

The <u>evaluation form, dispositions rubric</u>, and the <u>log form</u> must be signed by the <u>cooperating teacher</u> at the end of the practicum. **Make two additional copies of these. Turn in the originals and copies to the EIU instructor**. All materials <u>borrowed/checked</u> out from the cooperating school <u>must be returned</u> <u>to the school by the end of the semester</u> or you will <u>receive an incomplete</u>

until all items are returned.

3.The Practicum Notebook-refer to Practicum 4000 Notebook Checklist

Keep thoughtful documentation. Each typed page must contain the student's name and the date. Topics to consider in the reflection:

- Reflect upon the children
- Reflect upon the supervising teacher
- Reflect how classroom discipline is handled
- Observe classroom management techniques
- Comment on your experience (what worked and what didn't)

In addition, keep a copy of your journal on diskette/thumb drive. Keep a hard copy in your a three-ring notebook (which contains a pocket in the front) at all times for the coordinator to check during informal/formal observations. This is a *working* notebook. Other items to include in the notebook:

- Lesson plans
- Materials created or that you contributed
- Photos (be sure the children's faces are blocked out)
- Children's work
- Teacher's Edition pages
- Evaluation sheets
- Log
- Possible teaching strategies/ideas
- Must have a detailed table of contents in the front

Lesson plans: Your cooperating teacher will need to see your plans *in advance*. Plans give evidence of the relation of the students' previous learning and prior knowledge as well as specific objectives and procedures. Use the EIU model for at least *FIVE* of your lessons plans and *EACH* lesson taught *must have a lesson plan*.

4. Class Participation. NOTE: Attendance is mandatory since there are only four meetings.

5. Practicum in Schools

You are *required* to be in attendance from the beginning to the required end of the practicum scheduled period in the schools according to the practicum agreement between the school and the university. You will *follow the school calendar* at the school not EIU's calendar while in the schools. In case of an emergency absence, the cooperating teacher and the university supervisor *must* be contacted in *advance*. Arrange for your plans and materials to be in the classroom if you are absent. Arrange to make up the time that you miss. If unexcused absences occur, the student's field placement will be reevaluated and may adversely affect the final grade. A grade of a "D" is not acceptable in this class and must be retaken before one can student teach (A minimum of five points will be deducted for each unexcused absence).

6. Completed portfolios (pass/fail) with individual conferences and LiveText are required to meet the guidelines of the course.

7.PDR (**Professional Development Requirements**) **Sheet** must be successfully complete by the *last day of classes* or you will be denied student teaching status—meetings, conferences, and involvement with children.

Mandatory Completion:

- LiveText submissions (Lesson Plan and Field Experience)
- Professional Portfolio and Notebook
- Professional Development Requirements

Grading Scale: Total points = 250

92%-100% = A, 82%-91% = B, 72%-81% = C, 62%-71% = D, 61% and below = F

Three to four class meetings in addition to the 45+ practicum hours shall be scheduled during the semester. Class meetings will include preparation for and debriefing of the practicum. Class meetings may be organized around the following topics:

COURSE OUTLINE

- 1. Planning to Teach
 - a. Standards, goals and objectives; student, teacher, state and national
 - b. Classroom environment
 - c. Management—motivation
 - d. Individual differences
- 2. Participation in the Practicum
 - a. Responsibility
 - b. Diversity
 - c. Professionalism and confidentiality
 - d. Planning units of instruction, differentiation, curriculum integration
 - e. Individual, small group, and cooperative learning
- 3. Assessment/Evaluation/Accommodation
 - a. Diagnosis, remediation, mastery
 - b. Self-evaluation
 - c. Record keeping
 - d. Goal setting

Contact Protocol

- 1. Contact your cooperating teacher in advance. Arrange to meet your cooperating teacher prior to the first day of practicum, if desired by the classroom teacher.
- 2. Give your contact information to the teacher and ask for his/hers. Ask for the teacher's preference email, school phone, cell phone, etc.
- 3. Give the teacher the necessary ELE4000 documents. (Copy of practicum placement form, evaluation and log sheets, your Block I assignments.) Work out all logistics regarding your placement with your teacher. If there is a problem with the site, contact your university instructor immediately.
- 4. You are expected to be present, on time, and prepared every day.
- 5. Always report to the office when you visit a school; find out if there is a sign-in procedure. Learn the principal's name and introduce yourself when possible. Learn the secretary's name and greet her appropriately.
- 6. Request school and classroom guidelines for teacher and student behavior and dress codes (e.g. no gum, no hats, quiet when in the halls).
- 7. Request a class list and a class schedule.
- 8. Make a seating chart to familiarize yourself with students' names.
- 9. Know the school calendar and upcoming events. During the practicum weeks, you are on the school's calendar, not EIU's calendar.
- 10. Become familiar with the floor plan of the building and the safety and evacuation procedures.
- 11. Read the school district's web site and the school's web site. You may want to print out information found at this site for inclusion in your notebook.

Advice

- 1. Express your wish to teach as much as possible after the initial orientation to the classroom. Schedule your teaching periods with your cooperating teacher.
- 2. Use **ALL** time on-site for instructional and/or professional purposes, even if the children are out of the classroom.
- 3. Plan ahead. **Over plan**. Plan off-site, on your own time, in advance. Save complete records and writing of your plans for the Practicum Notebook. You should have a lesson plan every time you teach. Even if you are asked to teach on the spot (an unplanned lesson) you should prepare a lesson plan of what you did **OR** what you would have done if you had had time to plan.
- 4. Your cooperating teacher will need to see your plans in advance. Complete plans give evidence of how you well you know the content, how you will structure the content you intend to teach, students' prior knowledge which you will build upon, specific objectives and procedures, and your research and materials preparation. Use the EC/ELE/MLE departmental lesson plan model for your lesson plans.
- 5. Let your **enthusiasm** and **initiative shine.** Let your **professional** attitudes be reflected in your teaching and relationships in your school.

Professional Dress

Dress professionally. The following are quotes from *How to be an effective teacher: The first days of s*chool, by Harry Wong and Rosemary Wong (pages 51-59):

Effective teachers know that the clothes they wear and the smile that dresses their face are the first things the students see as they are greeted at the door...The effective teacher dresses appropriately as a professional educator to model success...The important word is appropriately...One of the reasons we have schools is for students to learn what is appropriate. Young people learn what is appropriate in society by looking at their adult role models. Your dress and your behavior are what young people will take to be appropriate...It is common sense. You will be treated as you are dressed...Research reveals that the clothing worn by teachers affects the work, attitude, and discipline of students. You dress for four main effects: respect, credibility, acceptance, and authority.

Academic Integrity

"The Department of EC/ELE/MLE is committed to the learning process and academic integrity as defined within the Student Conduct Code Standard I. "Eastern students observe the highest principles of academic integrity and support a campus environment conducive to scholarship." Students are expected to develop original and authentic work for assignments submitted in this course. "Conduct in subversion of academic standards, such as cheating on examinations, plagiarism, collusion, misrepresentation or falsification of data" or "submitting work previously presented in another course unless specifically permitted by the instructor" are considered violations of this standard."

Student Success Center

Students who are having difficulty achieving their academic goals are encouraged to first contact their instructor. If needing additional help, please contact the Student Success Center (www.eiu.edu/~success) for assistance with time management, test taking, note taking, avoiding procrastination, setting goals, and other skills to support academic achievement. The Student Success Center provides individualized consultations. To make an appointment, call 217-581-6696, or go to 9th Street Hall, Room 1302
