

EASTERN ILLINOIS UNIVERSITY

EARLY, ELEMENTARY, MIDDLE LEVEL EDUCATION

MLE 5150: INTERDISCIPLINARY CURRICULUM IN THE MIDDLE LEVEL SCHOOL

Credit Hours: 3 semester hours

Prerequisites: ELE 3000 and ELE 3280; SED 3000 or SED 3330 and EDP 3331; completion of the Alternate Certification Program; or permission of department chair.

Instructor: Jeanne Okrasinski

E-mail: jeokrasinski@eiu.edu

Phone: 581-7885

Class Meetings: M 7-9:30 pm

Unit Theme: Educator as Creator of Effective Educational Environments: Integrating Students, Subjects, Strategies, Societies and Technologies

Graduate Mission Statement: The Department of Early Childhood, Elementary, and Middle level Education seeks to advance scholarly preparation by providing quality teaching and promoting excellence in research/creative activity in order for graduate students to exemplify best teaching practices for children from birth through age fourteen.

The Department is dedicated to the preparation of knowledgeable citizens of the 21st century and seeks to empower individuals to meet the challenges faced by professional educators in a rapidly changing society. Candidates for the Master of Science in Education Degree will be prepared to teach in diverse environments recognizing multiple pathways of learning.

The Department is committed to enhancing the graduate academic experience in order to create educators who can function effectively in a culturally diverse, technologically advanced, and global environment in order to engage learning at all levels.

Course Description: Interdisciplinary organization of curriculum and instructional techniques appropriate for middle-level schools. Emphasis on instruction in multiple content areas appropriate for grades 6-8 including enhancement of instruction with available technology. Appropriate assessment measures which comply with current state mandates are also emphasized. This course partially fulfills the ISBE requirements for middle-level endorsement.

Purpose of the Course: This course is designed to emphasize the development of understanding the concept of interdisciplinary instruction. In addition, designing the implementation of technology across the curriculum is a significant component of this course. Evaluating current literature about interdisciplinary instruction and comparing appropriate assessment methods and instruments that comply with current state guidelines and mandates are significant segments of the class as well as developmentally appropriate reading strategies and adolescent literature.

Texts:

Fogarty, R. & Stoehr, J. (2008). *Integrating curricula with multiple intelligences* (2nd ed.). Thousand Oaks, CA: Corwin Press.

Supplemental Materials: None

Teaching Models:

Social Models: Building the Learning Community

- When we work together, we generate a collective energy that we call *synergy*. The social models of teaching are constructed to take advantage of this phenomenon by building learning communities. Essentially, "classroom management" is a matter of developing cooperative relationships in the classroom. The development of positive school cultures is a process of developing integrative and productive ways of interacting and norms that support vigorous learning activity. (pp. 28-30)

Joyce, B., Weil, M., & Calhoun, E. (2009). *Models of teaching* (8th ed.). Boston, MA: Pearson.

Outcomes for all Graduate Students at Eastern Illinois University

Graduate students will:

1. possess a depth of content knowledge including effective technology skills and ethical behaviors;
2. engage in critical thinking and problem solving;
3. exhibit effective oral and written communication skills;
4. engage in advanced scholarship through research and/or creative activity;
5. demonstrate an ability to work with diverse clientele, recognizing individual differences; and
6. collaborate and create positive relations within the school, community, and profession in which they work.

National Middle School Association Standards:

http://www.nmsa.org/portals/0/doc/preparation/standards/NMSA_Masters_Standards_July_2005.doc

International Society for Technology in Education (ISTE) Standards for Students (2007)

http://www.iste.org/Content/NavigationMenu/NETS/ForStudents/2007Standards/NETS_for_Students_2007.htm

Standards for Teachers (2008)

http://www.iste.org/Content/NavigationMenu/NETS/ForTeachers/2008Standards/NETS_for_Teachers_2008.htm

Outcomes Specific to this Course:

1. Demonstrate a conceptual understanding of the rationale and practice of interdisciplinary instruction at the middle level.
2. Emphasize research in the development of higher order thinking, critical thinking, and creativity such as Fogarty, Bloom and Gardner as they apply to interdisciplinary instruction
3. Compare appropriate assessment methods and instruments that comply with current state guidelines and mandates as well as the rationale and development of alternative assessments.
4. Design an interdisciplinary unit to integrate students, subjects, strategies and societies.
5. Use technology to design/enhance the development of interdisciplinary curriculum.
6. Analyze and evaluate the exploratory curriculum that enhances the core academic program in a middle school.
7. Examine current theories and research focusing on middle-level education specifying successful strategies for teaching reading and writing across the curriculum.
8. Develop content area reading strategies and literature-based strategies to use in the middle school.
9. Evaluate and select classical and current literature that is appropriate for middle level-students.
10. Compare and contrast strategies in implementing an integrated curriculum including the role of cooperative learning at the middle level.
11. Analyze curriculum and implications of interdisciplinary instruction.
12. Compare and contrast exploratory options within interdisciplinary teaching.
13. Demonstrate an understanding of individual and group interventions with diverse populations.

Course Requirements	Brief Instructions	Points
Participation	Performance includes presence and contribution during class meetings. Focus is on responsible, enthusiastic, and effective communication. Daily attendance is expected in order to participate in class activities. Numerous strategies will be introduced and practiced in class such as multiple intelligences, and cooperative learning. Participation is ongoing throughout the semester.	30 pts
Differentiation of Curriculum Research	Presentation on curriculum integration methods based on Robin Fogarty's models of integration.	20 pts
Interdisciplinary Unit <ul style="list-style-type: none"> • Technology • Diverse Assessment Strategies • Weaving Writing and Reading Into the Curriculum of Any Subject 	Develop a two week interdisciplinary unit with two or three other students which could be used in a middle school classroom. Present the unit to the class. A rubric and criteria will be passed out. This typed unit should have the following components: <ol style="list-style-type: none"> 1. A designed front page with name of thematic unit and members of the team. 2. Second page Table of Contents 3. First section will include: Thematic rationale, Content web, ILS/CC Standards Lesson Plan chart with MI/Bloom placement Unit Objectives and Essential Question 20 resources that correlate with your IDU (per person) 4. Third Section will include Daily lesson plans including activities/handouts used in the unit accounting for 50 Class Hours. Lessons are differentiated according to the students on the team. Unit Culminating Assessment (with appropriate rubrics) 	Rationale – 10 pt Web – 5 pts Unit Obj and Standards – 10 pts Technology – 10 pts LP Chart – 10 pts LPs – 60 pts Assessment – 15 pts Presentation – 20 pts

Article Reviews	Students will research and review professional journal articles on interdisciplinary teaching and teaming.	Articles = 20 each (x2)
Book Talks	Student plans for instruction by offering a creative book review which reflects understanding of alternative assessment.	100 pts
Reading Strategy Presentation	Student develops a lesson plan and presents an individual content area reading strategy in the classroom demonstrating knowledge and understanding of students' needs for diverse accommodations	20 pts

Grading Scale in points:

326-350 A 294-325 B 263-293 C 231-262 D 0-230 F

TOPICS COVERED BY MLE5150:

Week 1 & 2 Advance Teaming Activities including:

- a. Team leadership roles
- b. Team levels of participation and performance
- c. Team conflict resolutions scenarios

Week 3 Gardner's Multiple Intelligences

- a. Gardner's Multiple Intelligences Activities to identify learning styles
- b. Tools to utilize in the classroom to address different learning styles

Week 4 Higher Order Thinking Skills (New vs. Old Bloom's)

Week 5 Alternative Assessment strategies including rubrics

Week 6 Literature based strategies for middle level through appropriate level book talks.

Week 7 Content Area reading strategies: Students present a reading strategy appropriate for the middle level classroom and model the implementation of the strategy.

Week 8 & 9 Fogarty's Methods of Integration : Robin Fogarty's Models of Curriculum Integration

Week 10 Characteristics of Interdisciplinary Instruction with exploratory options

Week 11& 12 Interdisciplinary Unit Planning in teams according to instructors instructions

Week 13 &14 Technology use in the classroom including emerging alternative technology.

Week 15 Professional journal articles on integrated learning and interdisciplinary units

Academic Integrity

The Department of EC/ELE/MLE is committed to the learning process and academic integrity as defined within the Student Conduct Code Standard I. "Eastern students observe the highest principles of academic integrity and support a campus environment conducive to scholarship." Students are expected to develop original and authentic work for assignments submitted in this course. "Conduct in subversion of academic standards, such as cheating on examinations, plagiarism, collusion, misrepresentation or falsification of data" or "submitting work previously presented in another course unless specifically permitted by the instructor" are considered violations of this standard." This means, for example, borrowing an idea from the internet and not giving credit to the original creator may result in an F for the assignment, notification to student standards, or failure of the course.

Assignments & Discussion Questions

It is your responsibility to keep up with the reading assignments and to come to class prepared to discuss the information contained in the assigned reading and be able to apply this to the information presented in class. ALL textbook information may be on exams.

Mastery of the English language, including grammar, mechanics, spelling etc. is expected. **One point** will be deducted for each infraction in all written work submitted for a grade.

Attendance and Participation

Consistent attendance is a basic expectation and extremely important to educational progress. If an illness or other issue prevents you from attending class, please notify me via email before the beginning of class about your absence and provide documentation upon your return to class. Also, ask a classmate to turn in any assignments which may be due, take notes for you, and pick up any handouts. Points will be deducted from your participation grade for any absence – if you are not in class, you cannot participate. Your assignments will be judged on quality of content, presentation, organization, and the integration of ideas. Evaluation of progress will be based on written exams, course assignments, and class contributions. Upon 2 absences, no points will be earned for participation.

Late Work

Late work will not be accepted.

Student Success Center

Students who are having difficulty achieving their academic goals are encouraged to first contact their instructor. If needing additional help, please contact the Student Success Center (www.eiu.edu/~success) for assistance with time management, test taking, note taking, avoiding procrastination, setting goals, and other skills to support academic achievement. The Student Success Center provides individualized consultations. To make an appointment, call [217-581-6696](tel:217-581-6696), or go to 9th Street Hall, Room 1302.
