 This work has changed owners and is

on being informed of an accident at this mine at 10 o'clock
 I repaired to the scene of said accident that of a large rock
 falling upon James Mason and killing him instantly
 was unforeseen and pronounced accidental by the under
 signers (see report) James Reynolds - Mathew Sharp
 John " " - John Reynolds
 Sprin. Beale Henry Chase
 Henry Baxter Edward Lewis - Min. Sig.

This mine is worked on long wall principle is the third vein
 it is Illinois River trade owned & worked by J. H. Looney.

March 2 1881

Called upon this mine today are working 35 men mine
 is considered safe they have gates but not set up right
 Recd letter of State Attorney advising of this case I will
 address Mr Looney regarding his shaft this mine has got
 a R.R. Switch put in this winter and has a good trade
 Aug 13 1881. Called upon Mr Looney's mine today and find it in a
 good condition they carry at time more men than they are allowed
 The charge is per day \$5.00 - have applied Cage Cutters covering
 the shaft with 10000 yds of Fences
 No of men 35 - this day
 top & help is required
 O'Dell's Manager J. H. Looney
