Purpose: To re-sound  
in print the thoughts,  
words, and acts of the  
man of this camp.

ELECTRICITY IN CAMP

After weeks of candle  
light, electricity has  
finally found its way  
into camp.

The office, canteen,  
mess hall, recreation,  
and hospital have been  
wired and radios can  
be heard in almost any  
of these places now.

Glenn Crouch was in  
charge of installing  
the electricity and did  
well considering the  
equipment he had to  
work with.

COMPANY STRENGTH DOWN

Since the first of  
the month, the company  
strength has been going  
down rapidly. Ten en-  
rollees have been dis-  
charged during the  
month so far because of  
employment.

They were as follows:  
Henry Carlile, Viking  
Hamilton, Dalton Jones,  
Charles Howell, Harold  
Eacr, John Johnson,  
Lyle Pearson, Russell  
Peterson, Bob Serdar,  
and Leo Underwood.

This brought the com-  
pany strength down to  
283, but with the en-  
listment of 13 new men  
last week, it stands  
now at 196.

ALPHABET SOUP

Today we have a re-  
cipe that has been  
praised by some of the  
greatest dieticians in  
the CCC.

First go to the kit-  
chen and select 1 good  
bally-robber (Mess Stew-  
ard), 3 Grease Balls  
(Cooks), and 6 K. P.s.

These men will mix  
the ingredients given  
below and it doesn't  
matter whether they mix  
them exactly as given  
or not.

- 1 D.C. 1 C.O.
- 1 E.O. 1 E.A.
- 2 A.W.O.L. 1 A.W.L.
- 1 A.W.O.P. 2 A.W.P.
- 1 box of G.I. colored  
with some O.D. and a  
few P.C.g.

Stir well and keep  
the soup at a boil for  
3 hours. It will then  
take the enamel off the  
kitchen sink and will  
be ready to serve.

If these ingredients  
are mixed correctly,  
there will be more than  
enough for seconds and  
thirds.

ABSENCE.....

may make the heart  
grow fonder for some-  
body else. Where your  
heart is, your photo-  
graph ought to be.

SOUTH SIDE SQUARE

DO TELL!

New magazines & new-  
papers came in regu-  
larly the first of the  
month but stopped sud-  
denly about two weeks  
ago. Stops have been  
taken to remedy this  
unnecessary delay.

A new traveling lib-  
rary consisting of 60  
books arrived in camp  
recently and is ready  
for circulation.

The \$100 worth of  
athletic equipment that  
is mentioned on the  
last page, arrived Fri-  
day, July 19.

More material for the  
Aviation Class in the  
way of motors is ex-  
pected to arrive soon.
