In order to apply for financial aid you must be accepted to EIU and complete the [Free Application for Federal Student Aid \(FAFSA\)](#). Also, you must not be in default on any Title IV Aid (federally funded financial aid), and you must maintain [satisfactory academic progress](#).

A common mistake made on the FAFSA is leaving items blank. Nothing should be left blank. If the appropriate response is zero, enter zero. You should always include household size and number of those attending college. Make sure the correct grade classification is listed according to cumulative credit hours from all institutions attended at the start of the academic year.

Federal School Code: 001674

SCHOLARSHIPS

EIU's [scholarship search](#) is a helpful tool in assisting student veterans with financial assistance. A complete list of scholarships is available at Appendix B of this Guide.

TYPES OF LOANS

Financial Aid & Scholarships offers entrance counseling to highlight the loan process and student responsibilities as well as exit counseling to explain the repayment process.

Federal Loans

Federal Perkins Loan: A low-interest loan to help students pay for their education after high school. It is available for undergraduate and graduate students.

Federal Direct Loans: Low-interest loans to help students pay for their education after high school. There are two kinds of direct loans: The subsidized loan is needs-based and the government pays the interest while the student is enrolled at least half-time. The unsubsidized loan is not need-based. It is available to students regardless of financial need. While the student is in school, the interest is capitalized on the unsubsidized loan, or added to the principal balance, if the recipient chooses not to make payments upon the interest. However, students may request to make interest payments while still in school. Both loans are low-interest loans that do not require a cosigner and interest rates are fixed. The money for these loan programs comes from the government. Most students will begin repayment six months after leaving EIU or dropping below half-time.

Private/Alternative Educational Loans: If you choose not to fill out the FAFSA, Financial Aid & Scholarships will not process your private/alternative loan until an [opt-out form](#) is completed that explains your decision to not file for federal aid.

Short-Term (Emergency) Loans: Available to students currently enrolled through Financial Aid & Scholarships. The loan officer determines a student's eligibility and maximum loan amount. Any loan amount exceeding \$200 requires a co-signer. Loan interviews are conducted on Mondays and Thursdays in Financial Aid & Scholarships. Applications are available in the office or [on-line](#). (http://www.eiu.edu/finaid/loan_forms.php)

STUDENT EMPLOYMENT

Federal Work Study: This program provides on-campus employment for student veterans in college. Veterans who receive Federal Work-Study funds must file the Free Application for Federal Student Aid ([FAFSA](#)) and demonstrate a financial need for work-study. Student veterans are paid the federal minimum wage depending on the type and difficulty of work. If interested in the federal work study program, indicate in the affirmative on your FAFSA.
