

**STUDENT LEARNING ASSESSMENT PROGRAM
SUMMARY FORM AY 2004-2005**

Degree and
Program Name:

Health Studies Teacher Certification Minor

Submitted By:

HST Assessment Committee

PART ONE

What are the learning objectives?	How, where, and when are they assessed?	What are the expectations?	What are the results?	Committee/ person responsible? How are results shared?
1. The student will demonstrate proficiency in all seven professional competencies of the national standards for an entry level health professional	A written and oral curriculum lesson plan is assessed in HST 3400 Methods of Teaching/Curriculum Development in Health	Students will achieve at the C level or above.	92% met expectations	Instructor shares results with Assessment and Curriculum Committees and results are discussed at a faculty meeting
2. Student will, clearly and with documentation, demonstrate both oral and written communication skills	A written and oral curriculum lesson plan is assessed in HST 3400 Methods of Teaching/Curriculum Development in Health	Students will achieve at the C level or above.	100% met or exceeded expectations	Instructor shares results with Assessment and Curriculum Committees and results are discussed at a faculty meeting

PART TWO

Describe what your program's assessment accomplishments since your last report was submitted. Discuss ways in which you have responded to the CASA Director's comments on last year's report or simply describe what assessment work was initiated, continued, or completed.

We are in the process of incorporating LiveText into our assessment process. We pilot tested some ideas Spring 05 and will be incorporating those into the assessment process in Fall 2005.

PART THREE

Summarize changes and improvements in **curriculum, instruction, and learning** that have resulted from the implementation of your assessment program. How have you used the data? What have you learned? In light of what you have learned through your assessment efforts this year and in past years, what are your plans for the future?

Our plans for the future will center on the LiveText system. The instructors in the teacher certification classes will be working on a more comprehensive assessment process for both the majors and minors. We anticipate that the assessment plan will look very different next year as we finish up our pilot testing and begin to make the changes.
