

EIU Position Description

POSITION: Animal/Cell Physiologist, Department of Biological Sciences
APPLICATION DEADLINE: Review begins November 2, 2009 and continues until the position is filled.
APPLY TO: Dr. Kip McGilliard (klmcgilliard@eiu.edu)

The Department of Biological Sciences at Eastern Illinois University is seeking an **Animal/Cell Physiologist** (tenure track) to begin August 2010. Ph.D. required; postdoctoral experience preferred. Teaching responsibilities include undergraduate courses in animal physiology and molecular cell biology, and a graduate course in area of expertise. The Department of Biological Sciences (www.eiu.edu/~biology) has a diverse faculty with strong expertise in organismal, environmental, and molecular biology. Although research interests are open to all areas of animal/cell physiology, we seek candidates who complement existing strengths in the department. Successful candidates will be expected to develop a productive and funded research program involving both undergraduate and M.S. students.

Applications must include a letter of application, curriculum vitae, statement of teaching philosophy, description of teaching and research interests, and the names and e-mail addresses of three references. Application materials must be sent by e-mail (MS Word or PDF attachments) to **Dr. Kip McGilliard, Chair, Physiologist Search Committee** (klmcgilliard@eiu.edu).

Review of materials will begin **November 2, 2009** and will continue until the position is filled.

Eastern Illinois University is an equal opportunity, equal access, affirmative action employer committed to achieving a diverse community.
