- III. President Glassman offered a brief current state of the University following the budgetary impasse as well as a thank you to everyone for all the hard work promoting EIU. Glassman stated that everyone plays a role in creating the positive family atmosphere. Glassman also stated that he was pleased to provide a 1% raise even though more was deserved and he would like to be at the point of meeting inflation rates. Several questions regarding administrative closure were asked and Glassman answered when this question surfaced years ago it would have been hard to give gift days after begging legislators for money. The question has resurfaced now from several different groups. President's Council has discussed it over several weeks and plan on discussing it with the Board of Trustees.

Angie Campbell discussed tree sap dripping on cars by the Student Service building. McCann offered that with all of the open parking spaces people are choosing to park there and the trees are trimmed back. Campbell also mentioned the success of the Blue-B-Que and how well it was attended.

President Glassman asked the group if it would be bothersome if payroll stopped sending out paper pay stubs. Discussion of having an alternative means for some employees to retrieve and print pay stubs was discussed.

Rhonda Nichols asked how the A/P to Civil Service transition was going. Glassman confirmed that all Vice Presidents are looking at positions that Human Resources has weighed in on. Donna Noffke offered that this is all still a work in progress.
