

**EIU Department of
Chemistry**
(3rd floor Physical
Science Building)

The 10th Annual Department of Chemistry Student Research Celebration !

**Wednesday
Nov 9th
5:00 PM**

Choose from many different research areas!

Meet students currently doing research

Protein structure in spider silks

Microwave and laser spectroscopy

Environmental chemistry

Microfluidic devices

Biofuels

Natural products/Chemical ecology

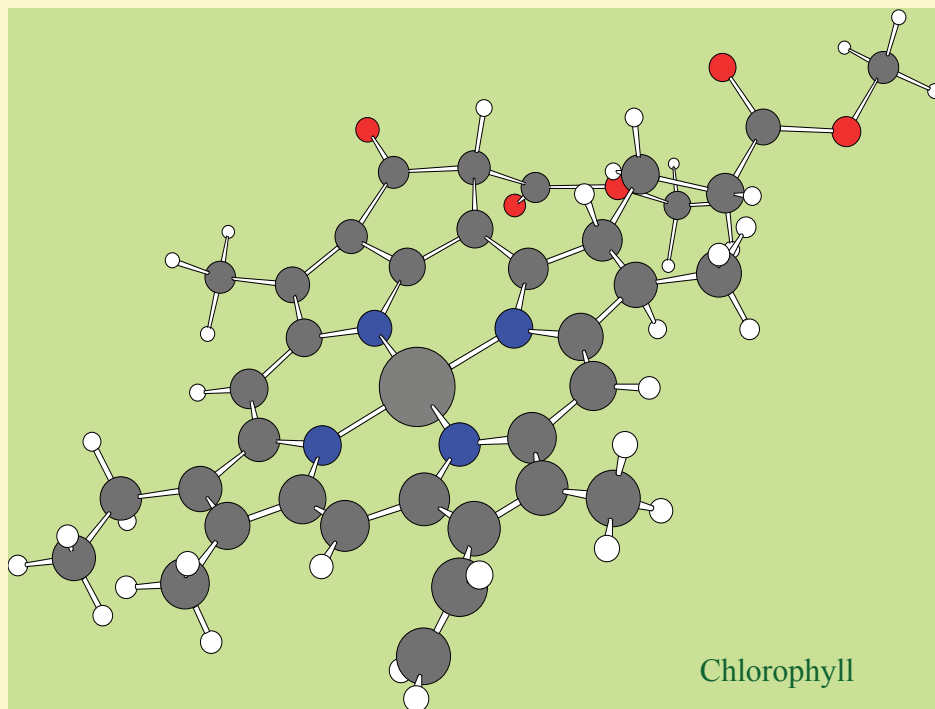

Chemical education

Computerized design of macromolecules

Adsorption and surface chemistry

Molecular machines

X-ray crystallography

Want a resumé addition that can't be beat?

Are you planning on applying to graduate or professional schools?

Would you enjoy working on ground-breaking independent research projects?

Would you like to learn about presenting and publishing your own work?

Free pizza and soft drinks!

Conference Room
(Room 3180)
