

# Lockport, IL

## *A Virtual Tour*

Alisha Thomas ~ July 2020

# Lincoln Landing

Photographs of Lincoln Landing and the nearby I&M Canal illustrate the historical significance of Lockport, IL.

# Lincoln Landing

Lincoln Landing links three concepts together: Abraham Lincoln, the I&M Canal, and the Lockport community. The location is not only a picturesque spot for photos (especially for local school graduations and dances) but also the meeting place for various community gatherings. The historic I&M canal and a statue of Lincoln can both be seen to the right.

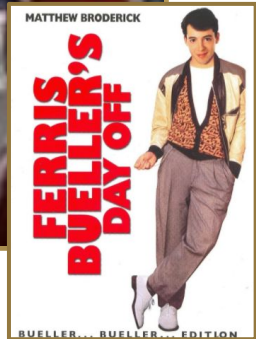

# Lincoln Landing at a glance...

# Ferris Bueller's Day Off

Anyone who's familiar with Lockport knows the colors maroon, white, and gold, the school colors of LTHS. On summer days, anyone driving by the school will see and hear the band (a main source of Lockport pride!) diligently practicing alongside the Color Guard. What many do not know is that the band was featured in Ferris Bueller's Day Off, the hit film which focuses on the excitement of being young and impulsive.

# 25,000

*History has always been an integral part of Lockport (especially concerning the canals), as seen through the name of LTHS' "mascot," the Porter! The video dives into the humble beginnings of Lockport, the rich history of Lockport, the personal history of some of the residents of Lockport, and more...*
