

Dear 3 South Residents,

Hello! My name is Kiley Sturm and I will be your RA for the upcoming year. I'm from Bloomington/Normal, Illinois, and I'm a senior science education major specializing in chemistry. Throughout college, I have been involved with epsilon sigma alpha, intramurals, and NRHH. I'm a very outgoing person who loves to meet new people! I enjoy sports, reading, movies, crafts, and hanging with friends.

As your RA, I will be there for anything you need help with. I love Eastern and want to make your experience here as awesome as possible. I want to be a resource, mentor, and friend so please come to me with any questions or concerns you may have. This will be my third year as an RA and I look forward to sharing this year with you. I can't wait to get to know you along with the rest of the residents on our floor.

Taylor Hall is a co-ed building, with 10 floors (2 towers with 5 floors each), an elevator in the north tower, and is connected to the all female residence hall, Lawson. Each floor has a kitchenette and lounge for all residents on the community to use. In the basement, there are laundry facilities, vending machines, study areas, and a computer virus lab. On the main floor, there is a front desk where you can get mail, rent kitchen utensils, board games, and many other items.

Before school starts, if you have not already done this, you should contact your roommate. It is a good idea to meet the person you will be living with and it will give you the opportunity to figure out who should bring what for your room. I suggest you do this as soon as possible, the more you know about each other, the easier the transition will be.

One of the great things about EIU, is there are tons of ways to get involved. No matter what your interests are, there is probably a group on campus that will share what you like. Within Taylor and our floor, there will be programs, events, and meetings to help us get to know each other.

I am very excited about the upcoming year and can't wait to meet all of you. I am on Facebook so feel free to add me as a friend, if you have any questions before the year starts just send me a message or write on my wall. You can also email me at kjsturm@eiu.edu. Enjoy the rest of summer and I will see you soon!

Sincerely,

Kiley Sturm
