

HEY GIRLS!!!! Welcome to Andrews Hall!!!!

My name is Nyssa and I am looking forward to being your 4<sup>th</sup> floor resident assistant (RA) this year! I was born and raised in the cornfields of Jacksonville, IL. I am obsessed with dancing, reading books, swinging on playground equipment, and laughing. I also spin a flag here and there, which was one of the things I loved when I attended Jacksonville High School, where I graduated in 2008. I also attended Lincoln Land Community College and graduated with my associate's degree in 2010. This year is my second and senior year here at EIU and I cannot wait!

Speaking of not being able to wait, I am so excited to be your RA! I will be here for you to talk to, hang out with, and answer any of those little questions you may have brewing. Actually, we can probably clear a few of those right now, like the ones you may have about Andrews....

Andrews Hall is an all-female residence hall at the south end of campus. It has nine learning communities (floors) and is directly connected to Thomas Hall in the corner of campus. Andrews Hall is also right next to its twin hall- Lawson Hall. Each learning community has close to fifty or so girls, one or two of which may be your roommate!

Here are some things you might want to do before arriving:

- \*Call or email your roommate (communication is a great starter).
- \*Meet in person if possible (It's nice to match a face with a voice).
- \*Discuss likes and dislikes (common ground makes for great friendships).
- \*Find out who's bringing what (i.e. fridge, microwave, etc.).

THIS YEAR IS GOING TO BE AMAZING!!!! I am so excited to meet each and every one of you at move in! I am looking forward to seeing all of your girly "pearlys" sparkle this year!

Hope everyone is having a wonderful summer! See you soon!

Your resident assistant,

Nyssa Watts

Also, if you have any questions in the near future you can send me a line through my email:  
nawatts@eiu.edu.
