

Hello fabulous ladies of the 9th LC! ,

I hope your summer is going well! My name is Kirstin Bowns and I have the pleasure of being your RA next year. This will be my second year as an RA, but my first in Lawson. I previously was in Carman Hall and loved it, but I am very excited to make this transition. I am a senior sociology major with a minor in criminology and an emphasis in juvenile delinquency. I love all forms of the arts, especially music, and can usually be found dancing around my room to something new and amazing.

If you are new to Lawson welcome, I am too so we can explore this amazing residence hall together. If you are returning welcome back and I look forward to hearing about it from you! I guarantee we will have the best floor Lawson has ever seen. Just in case you are a newbie, we are an all female residence hall attached to Taylor dining. We have 24-7 visitation, 6 other RAs, two directors, desk assistants, and a secretary to help you out! Also, our floor has the stackable furniture! ☺

As your RA my number one responsibility is to be there for you. I am your go to resource. If I can't figure it out I will find someone that can! I am going to make this floor a home away from home, with your help. Please feel free to email me or facebook add me. Make sure you contact your roommate if you haven't done so yet so you can get to know each other and work out some details. I cannot wait to meet each and every one of you. I hope you are excited to move back Thursday, August 18th at 9am! Have a fantastic rest of the summer!

*Sincerely,
Kirstin Bowns
