## International Programs International Initiatives Awards

**Title:** **International Initiative Awards**

**Purpose:** To provide financial incentives and support for individualized departmental/unit initiatives that advance, support, or foster international education. Examples include, but are not limited to, securing international speakers, representing EIU at international host institutions, hosting forums, symposia, or colloquy that focus on international issues related to an academic discipline, or hosting events that focus on EIU's international students, international faculty, or international event.

**Award:** Awards vary depending on the quality of the proposal

**Application:** International Initiative Awards must be submitted by EIU faculty. Award materials include submission of a program purpose, budget summary, a letter of support from the department chair, and an outcomes assessment.

**Deadline:** Proposals are considered throughout the year.

**Selection:** Award winners are selected by the Graduate Dean following a review of the International Programs Advisory Committee.

**Obligation:** Departments earning International Initiative Awards are urged to provide matching resources and to participate in the proposed initiative.
