Attendance is expected at each class meeting. It is also very important that you show up on time to class. It is the responsibility of the student to inform me of absences due to illness, family emergencies, and university sponsored events, etc. Please notify me in advance for planned and foreseeable events. Students are responsible for verifying excused absences and must provide a written document noting the absence. You must contact the instructor before or immediately following an absence (do not wait until the next class). You will be allowed to make up any work from an excused absence. You will not be allowed to make up any work, turn in assignments, etc., if you are absent and it is unexcused.

**Tardy Policy: If you come late to class and your group has started to bowl, you will not be allowed to bowl for that day, thereby losing 5 participation points.**

2. Active Participation

Participation in this class is of the utmost importance. You can earn up to 5 points per class period for actively participating. The instructor will evaluate students' active participation on a daily basis. You will not be allowed to earn points if you have an unexcused absence or if you come to class and do not participate.

### 3. Assignments

Your work is due on the **DUE DATE**. Work will not be accepted after the due date unless you provide acceptable written documentation as to why it was not possible to turn in your work on time. All assignments will have a due date.
