Students with dual/transfer/AP credits have more room to take electives or pursue a double major or minor. Students who need a foreign language graduation requirement have fewer elective options. We recommend completing this requirement in your 1st year.

PLS 4555/Honors Research, PLS 4644/Honors Thesis, and the 5000-level seminar count for Field Requirements and Electives, with admission into Departmental Honors, and with the academic advisor and department chair's approval.

*Any Math general education course will count in the major, but these classes are recommended.

**There are many paths to completing the applied learning requirement - talk to your academic advisor.
