

Internet Native Banner / Self Serve User ID & Passwords

Internet Native Banner (INB)	We suggest you always use Internet Explorer
Training Website:	http://syserp10.eiu.edu:7777/forms90/f90servlet?config=eitrng
User Name:	Your email address without @eiu.edu – example: kemcelwee
Password:	Initially use the password you were given at the end of INB Training. You will be prompted that your password has expired. Change your password as directed. Passwords should be at least eight characters including at least one number and/or special character.
Production Website:	http://syserp10.eiu.edu:7777/forms90/f90servlet?config=prod
User Name:	Your email address without @eiu.edu – example: kemcelwee
Password:	Initially use the password you were given at the end of INB Training. You will be prompted that your password has expired. Change your password as directed. Passwords should be at least eight characters including at least one number and/or special character.
Database:	Leave Blank
To Bookmark INB Instances:	After you have signed in, minimize this screen and pull up your Oracle screen. Click Favorites < Add to Favorites.
Self Service	We suggest you always use Internet Explorer
Production Website:	https://syserp11.eiu.edu:9093 Then click “Login to Paws”
User ID:	Your E number given to you in training – Example E12345678
Pin Number:	Initially it is your birthday – mmddyy. You will be prompted that your password has expired. Change your password as directed. Passwords must be six digits – all numeric.
<ul style="list-style-type: none"> • Keep your passwords confidential. You are responsible for any errors under your userID. Once Single Sign-on is implemented, sharing passwords will allow people to read your email, look at personal information such as payroll information. • Always be aware of what instance you are working in (INB Training, INB Production, Self Service).
