

Cotton ball Snowman!

Materials:

LOTS of cotton balls

A square piece of cardstock or cardboard (to build your snowman on)

Black permanent marker, felt or construction paper (for eyes, mouth and buttons)

Orange permanent marker, felt or construction paper (for nose)

A long strip of colorful felt (for scarf)

Any other craft/decorative supplies you want!

Directions:

1. Glue several cotton balls together to form the bottom of your snowman.
2. Glue the bottom of your snowman to the piece of cardstock or cardboard.
3. Next, build the middle of your snowman by gluing more cotton balls onto the ones you just put together—make sure you use fewer cotton balls for the middle!
4. Now it's time to make your snowman's head. Glue together more cotton balls and add them to the top of your stack.
5. Now that your snowman is built it's time to decorate! Using your markers, felt and/or paper give your snowman eyes, a nose, a mouth, a scarf and some buttons! Add any other decorations to make your snowman unique!
