Sherry Watson officially opened her online jewelry store, **Best Dollar Jewelry** on January 21st, 2013. The online store offers fashion-trendy, reasonably priced jewelry which can be found at [www.bestdollarjewelry.com](http://www.bestdollarjewelry.com). At this time she is offering earrings and necklaces and plans to offer more in the near future as she continually updates her website and adds a Facebook page. She stated that business coaches Tiffany Kline and Ned Lunt “gave me confidence, guidance and encouragement.” Sherry says that she would recommend the services of the Business Solutions Center to anyone in her previous position: laid off work and needing to restart their life.

When Sherry Watson of Altamont was laid off from her job she was afraid, as are most people, that she would not be able to find another job. Sherry made a very important decision; she was going to be her own boss! She enrolled to obtain her certificates in Business Management and Entrepreneurship at Lake Land College where she recently graduated from with a 4.0 GPA.

Sherry first contacted the Business Solutions Center in April of 2012 with the beginning idea for an on-line jewelry store. She met with entrepreneurial coach, Tiffany Kline as well as tech-savvy Ned Lunt (via conference call) to discuss online hosting platforms for the store and questions about receiving payments. Sherry also had questions about bookkeeping and financial statements that Tiffany was able to help her with.

Take a look at Sherry’s store at [www.bestdollarjewelry.com](http://www.bestdollarjewelry.com). As Sherry says, “at prices like this you can feel beautiful everyday.” Here is one of the lovely treasures that can be found on Best Dollar Jewelry’s website today!

24” silver chain with round links, with matching earrings.
