Dear General Counsel Miller,

Please find attached an FOIA request regarding a study in which Dr. Jeffrey M. Willardson was the Principal Investigator that resulted in "Muscular Conditioning Effects of the Shake Weight®: Strength, Localized Endurance, and Muscle Growth Following a 6 Minutes Per day Intervention." A copy of that paper is made part of the request as Exhibit A. A paper copy is also being mailed to your office today. Please contact me if you have any questions or concerns or if, after evaluating the request and the documents involved, you perceive any problems with compliance. This relates to my representation, as a Defendant in a lawsuit, of a professor with the University of Wisconsin System. Thank you.
