ELE 3340 is structured to assist in preparing pre-service teachers to teach social studies in elementary and middle schools. Course goals include helping pre-service teachers to develop: a) confidence in their teaching abilities; b) knowledge of social studies content and sequences; and c) the ability to select and utilize developmentally and age appropriate materials and techniques. ELE 3340 is essential in helping pre-service teachers acquire knowledge, interactive and informational processing skills, attitudes, and commitments necessary for effective teaching of the social studies in elementary and middle schools.

Teaching Model:

- **Social Models:** When we work together, we generate a collective energy called *synergy*. The social models of teaching are constructed to take advantage of this phenomenon by building learning communities. Essentially, classroom management is a matter of developing cooperative relationships in the classroom. The development of positive school cultures is a process of developing integrative and productive ways of interacting and norms that support vigorous learning activity. (pp. 13-15)
