Academic Integrity: Students are expected to maintain principles of academic integrity and conduct as defined in [EIU's Code of Conduct](#). Violations will be reported to the Office of Student Standards. **Statement Regarding Disabilities:** If you are a student with a documented disability in need of accommodations to fully participate in this class, please contact the Office of Student Disability Services (OSDS). All accommodations must be approved through OSDS. Call 217-581-6583 or go to Ninth Street Hall, Room 2006. **The Student Success Center:** Students who are having difficulty achieving their academic goals are encouraged to contact the [Student Success Center](#) for assistance with time management, text taking, note taking, avoiding procrastination, setting goals, and other skills to support academic achievement. Call 217-581-6696, or go to 9th Street Hall, Room 1302. **Safe Learning Environment:** This class is a safe space for communication, learning, and the sharing of ideas. Each of us will need to be conscious of our role in providing a place where every class member, given all our differences, will feel safe and function as part of our learning community. Inclusive language is important to maintaining a safe class environment—no language will be tolerated that demeans, belittles, or marginalizes someone because of her or his gender, race, ethnicity, class, age, sexual orientation, ability, etc. Such language will not be accepted in your classroom communication, written work, or your oral presentations. If you disrupt the safety of our learning community you will be asked to leave. Show respect for others by listening, taking turns, and not having side-conversations. Disruption of teaching and/or learning is a violation of the Student Code of Conduct.
