

2013-2014 Undergraduate Catalog (Printable Version)

To read the complete *2013-2014 Catalog*, you need [Adobe Reader](#). If you don't have it, click on this [link](#) for easy download instructions.

To search the PDF version of the catalog, first open the document and then simultaneously press down on the Control (CTRL) and F keys until a "Find" pop-up box appears. Next enter a search word(s) into the "Find" pop-up box and click on the "Next" button. Your computer will search the catalog for the word(s) you entered into the box and take you to the first place in the catalog where that word(s) appear. Continue to press the "Next" button to find the word in other places in the catalog. If your search word is not located anywhere in the catalog, you will get a message that the item can't be found.
