Print and Textile Design Technologies Minor

This interdisciplinary minor will prepare students for career opportunities requiring design and technical skills to compete in multi-faceted printing markets and textile industries. Print and textile design minors have access to print and design resources and computer laboratories supporting their career aspirations.

Objectives for the minor:

Upon completion of the Print and Textile Design Technologies minor, the student will be able to:

- design screen & color inkjet printing processes for textiles, paper, plastics, ceramics, & other substrates
- demonstrate color management by analyzing printed products using color measurement instruments
- analyze screen and digital printing processes for consistent color reproduction on a variety of substrates
- design and produce finished products to meet national and international standards
- demonstrate safe and fundamental chemical principles
- evaluate product development processes.

Women's Studies Minor

Recent scholarship has made it clear that full understanding of human behavior, culture, and society cannot be attained without investigating women's experiences. The Women's Studies minor is an 18-hour interdisciplinary program designed to offer students such an opportunity. It provides new ways of approaching conventional disciplines and opens up questions previously unexamined.

Our aim is two-fold: to stimulate and promote new scholarship in the area of Women's Studies and to encourage traditional departments to broaden fields of study to include women's issues. Attention paid to women's perspectives has altered our understanding of historical change, social, economic, and political life, and the arts and sciences. In addition, Women's Studies highlights the necessity of understanding important social divisions other than gender: those of race, economic status, sexual identity, and nationality. It provides key conceptual tools that students can use in educating themselves both in and out of college.

Courses listed below are offered on a regular basis; these, as well as special topics courses, may be taken for credit toward the minor with permission of the Women's Studies Minor Coordinator. All Women's Studies Minor students are required to submit a writing portfolio in the final semester of their senior year to the Women's Studies Minor Coordinator. The portfolio should consist of papers from no fewer than three WST or gender-related courses, including one paper from WST 4309, Feminist Theory. Once they decide upon the minor, students should contact the Women's Studies Minor Coordinator and declare the minor with their major advisor, as soon as possible. For more information about the Women's Studies Minor, please e-mail: jludlow@eiu.edu. Additional information about courses offered in the minor can be found on the Women's Studies Minor homepage: <http://castle.eiu.edu/wsminor/minor.htm>.
