Our Mission Statement

Eastern Illinois University is a public comprehensive university that offers superior, accessible undergraduate and graduate education. Students learn the methods and results of free and rigorous inquiry in the arts, humanities, sciences, and professions, guided by a faculty known for its excellence in teaching, research, creative activity, and service. The University community is committed to diversity and inclusion and fosters opportunities for student-faculty scholarship and applied learning experiences within a student-centered campus culture. Throughout their education, students refine their abilities to reason and to communicate clearly so as to become responsible citizens and leaders.

This catalog is presented to enable prospective students and others to learn about Eastern Illinois University. It includes information concerning admission, enrollment, fees, housing, policies, and program and course offerings for Academic Year 2021-22. However, its provisions are not to be regarded as irrevocable contractual commitments between the University and the student. The University reserves the right to change any provision or requirement contained in this publication at any time within the student's term of residence.

About EIU

Accreditation

Eastern Illinois University is accredited through the specialist level by the Higher Learning Commission of the North Central Association of Colleges and Schools and by the Council for the Accreditation of Educator Preparation for the preparation of elementary and secondary teachers and school service personnel. In addition, the business programs offered by the Lumpkin College of Business and Technology are accredited by the Association to Advance Collegiate Schools of Business. The programs in Family and Consumer Sciences are accredited by the American Association of Family and Consumer Sciences and the American Dietetic Association.

The B.S. degree in Chemistry is accredited by the American Chemical Society. The B.A. degree in Journalism is accredited by the Council on Education in Journalism and Mass Communication.

The programs in music are accredited by the National Association of Schools of Music (NASM). The B.S. degree in Athletic Training is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The B.S. degree in Recreation Administration is accredited by the Council on Accreditation for Recreation, Park, Resources, and Leisure Services. The programs in Theatre are accredited by the National Association of Schools of Theatre (NAST). The programs in Communication Disorders and Sciences are accredited by the American Speech-Language-Hearing Association. Eastern's Counseling Service is accredited by the International Association of Counseling Services.

Eastern Illinois University is an accredited institutional member of the National Association of Schools of Art and Design.

Organization of the University

Eastern Illinois University is governed by its own Board of Trustees. The President is responsible for the operation and general welfare of the University.

The University is organized into four areas, each headed by a vice president: Academic Affairs, Business Affairs, Student Affairs, and University Advancement.

The primary academic units include the College of Liberal Arts and Sciences; the Lumpkin College of Business and Applied Sciences; the College of Education; the College of Health and

Human Services; the Graduate School; the Honors College; and the School of Extended Learning.

Faculty, staff, and students participate in University affairs through membership on the Faculty Senate, Student Senate, Staff Senate, and academic and administrative councils and committees. These groups, most of which have student and faculty members, consider and recommend policies and procedures to the President.

Location

Eastern Illinois University is located in Charleston, Illinois, the county seat of Coles County, in east central Illinois. The city has a population of approximately 20,000. Two state highways, 16 and 130, go through Charleston and provide access to Interstates 57 and 70. Amtrak service is provided through Mattoon, 10 miles from Charleston.

History

The University was established as Eastern Illinois State Normal School in 1895 by the Illinois General Assembly. In response to growth and change, the institution became Eastern Illinois State Teachers College in 1921, Eastern Illinois State College in 1947, and Eastern Illinois University in 1957. The University grants bachelor's, master's, and specialist's degrees.

The Campus

The University campus is located on 320 acres and consists of 72 buildings, including 11 residence halls and 17 apartment buildings. The University also owns wooded tracts near Charleston, which are used for nature study and life science research.

The Eastern Illinois University Foundation

The Eastern Illinois University Foundation was established in 1953 as a not-for-profit corporation. The Foundation's purpose is to support Eastern Illinois University's educational and cultural mission by encouraging philanthropic gifts of money, property, works of art, and other materials having educational, artistic, or historical value. At June 30, 2020, the Foundation held net assets totaling \$101 million. During the 2019-2020 fiscal year, the Foundation awarded \$1.4 million in scholarships, and transferred \$2.5 million in grants to the University. The Neal Welcome Center, home of the Foundation, is located at 860 W. Lincoln Avenue in Charleston.

Eastern Illinois University Alumni Association

The EIU Alumni Association was established in 1905 as a means of allowing continuing involvement of graduates and former students in the development of their University. The organization has a number of broad objectives, which it has traditionally pursued. These include: sponsoring special events for alumni; assisting with homecoming, reunions, and similar activities; facilitating communication between alumni and the University; assistance in maintaining alumni records; and helping with fundraising and other initiatives which contribute to the welfare of the University.

Eastern Illinois University Parents Club

First formed in the fall of 1974, the Parents Club is an established and energetic organization at Eastern Illinois University. The purpose of the Parents Club is to act as a communication link between the University's administration and parents. Members help to increase the personal ties between the University and the parents by voicing their opinions on policy matters and other issues through the Parents Club board of directors. The Parents Club also selects worthwhile projects to benefit the students, their

parents, and the University. Monies collected through membership fees help fund the various projects. All parents and families are invited to join this worthy organization.

In 1985 the Parents Club established a scholarship program available to all Eastern undergraduates. That year, the club awarded one \$500 scholarship. The number of scholarships and the amount of each award is determined yearly by the Parents Club Board. The club has now awarded over \$300,000 to EIU Students.

Eastern Illinois University Annuitant Association

The Eastern Illinois University Annuitant Association (EIUAA), established in 1971, is composed of current and retired EIU employees and their spouses. The organization's goal is to collectively protect, enhance, and advance the goals and common interests of present and future EIU annuitants. EIUAA provides the opportunity to maintain professional and social relationships with fellow EIU employees. Through our newsletter, *New Horizons*, and website (<http://www.eiu.edu/~annuitants/>), we keep our members informed of Annuitant Association meetings, social activities, and important relevant legislative and governmental issues, especially those related to pension and healthcare and Eastern's state funding. The EIUAA provides services for campus activities such as commencement ceremonies, homecoming, open houses and scholarship.

Optional Catalog Requirements

A native student may choose to graduate under the requirements stated in the Eastern Illinois University catalog current at the time of his/her entrance to the University or under the requirements stated in a subsequent catalog published prior to his/her graduation. An undergraduate transfer student may choose to graduate under the requirements stated in the Eastern Illinois University catalog current at the time he or she initially enrolled at another college or university provided that catalog did not precede his/her enrollment at Eastern Illinois University by more than three years. Such a student may choose to graduate under subsequent catalogs on the same basis as native students.

The catalog options for a student who was concurrently enrolled at any college while still enrolled in high school begin with the catalog in effect during the first semester of college enrollment subsequent to graduation from high school. In no case may a student combine or choose various requirements from several catalogs in order to achieve minimal curriculum.

Student Responsibility

Advising is mandatory at all levels. Students cannot register for classes in any semester until they meet with their academic advisor. New freshmen, and those not in a special admission program, are assigned an advisor in the Academic Advising Center (McAfee, Room 1110) until they have completed at least 15 semester hours at EIU, and have met the requirements of their major department. All undeclared students are advised in the Academic Advising Center.

Certain requirements must be met before a degree is granted. These requirements concern such things as courses, majors and minors, and residence. It is important for students to acquaint themselves with these requirements and to continue to keep themselves informed about them during their college careers. This is accomplished with the assistance of their academic advisor. It is also necessary in the general administration of the University to establish policies and regulations. It is important that students understand the policies and regulations, which they are expected to follow. When changes are announced between catalog publications, they are published in the Official Notices at <http://www.eiu.edu/>.

Illinois Articulation Initiative (IAI)

Eastern Illinois University is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate or bachelor's degree have been satisfied. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as first-time freshmen in summer 1998 (and thereafter).

Compliance with the Higher Education Act

As required by federal law, Eastern Illinois University provides information on student performance on state teacher licensure exams and other information about its teacher licensure programs on the Web at <https://www.eiu.edu/coe/title2.php>. A copy of this report may also be obtained by calling the College of Education at (217) 581-2524.

Compliance with the Americans with Disabilities Act of 1990

In accordance with the Americans with Disabilities Act (ADA), no individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of the University. Further, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of the University or be subjected to discrimination by the University.

Inquiries about accommodations for students should be directed to the Assistant Director of Student Disability Services at (217) 581-6583. Inquiries about accommodations for employees should be directed to the ADA Coordinator at (217) 581-3514. Questions about discrimination or harassment should be directed to the Office of Civil Rights at (217) 581-5020.

Veteran Affairs Pending Payment Compliance

Section 103 Public Law (PL) 115-407, 'Veterans Benefits and Transition Act of 2018', amends the Title 38 US Code 3679 by adding a new subsection (e) that requires disapproval of courses of education, beginning August 1, 2019, at any educational institution that does not have a policy in place that will allow an individual to attend or participate in a course of education, pending VA payment, providing the individual submits a certificate of eligibility for entitlement to educational assistance under Chapter 31 or 33.

In accordance with Title 38 US Code 3679(e), Eastern Illinois University adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill[®] (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. Eastern Illinois University will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

Other Compliances

Eastern also complies with the Federal Drug Free Schools and Communities Amendment Act (Public Law 101-226), and the Federal Student Right-to-Know and Campus Security Act (Public Law 101-542).

Cultural Diversity

America draws its strength and vitality from the diversity of its people. Eastern Illinois University is enriched by building a pluralistic campus that celebrates and draws upon the talents of all its students, faculty, and staff.

Eastern's Commitment to Diversity, Nondiscrimination, and Affirmative Action

Eastern Illinois University provides equality of opportunity in education and employment for all students and employees. Discrimination is strictly prohibited based upon race, color, sex, religion, age, national origin, ancestry, marital status, disability, veteran status, sexual orientation, gender identity, or any other basis of discrimination precluded by federal and state statutes. America draws its strength and vitality from the diversity of its people. Eastern Illinois University is enriched by building a pluralistic campus that celebrates and draws upon the talents of all its students, faculty, and staff. (Eastern Policy #174).

Discrimination Is Prohibited and Is Not Tolerated

Eastern does not tolerate discrimination or harassment (including hostile climate related to the factors listed above). Eastern needs your help in achieving a positive campus community for all members which includes ensuring that the university makes every effort to stop any form of potential discrimination and/or harassment. You should come forward with any concern as soon as feasible in order that the university may address it. Even if you are uncertain whether you have experienced or observed a form of prohibited discrimination, you should come forward. Students and employees may also file complaints of discrimination (including sexual harassment and sexual violence) against third parties associated with university activities (e.g., vendors, student teaching supervisors, internship supervisors, visitors). You are protected from retaliation if you bring forward a concern or a complaint of discrimination or participate in an investigatory process. Eastern will take immediate and corrective actions to eliminate discrimination/harassment, prevent its recurrence, and address its effects. Depending upon the circumstances, there are both informal and formal processes that may be used to address concerns and complaints. To the extent permitted by law, the confidentiality of information presented by all parties will be observed except in those instances when it interferes with the ability of the university to investigate the allegation(s) and take necessary corrective action. (Eastern Discrimination Complaint Policy #173). You are strongly encouraged to contact the Office of Civil Rights and Diversity at 1011 Old Main, (217) 581-5020 or civil@eiu.edu with your questions about discrimination or if you wish to file a complaint of discrimination. Please visit <https://www.eiu.edu/civil/complaints.php> for details about the complaint process and your options as a complainant. Any person may report discrimination or sexual harassment in person, by mail, by telephone, or by e-mail, using the Title IX Coordinator's contact information or by completing the online

complaint form. A report may be made at any time including during non-business hours.

Sexual Harassment Is Prohibited and Is Not Tolerated

Sexual harassment is prohibited by Eastern's policies and is a form of illegal sex discrimination prohibited by federal and state laws. Any student could be subjected to sexual harassment by someone of the same sex or opposite sex. Sexual harassment is unwelcome conduct of a sexual nature which encompasses a wide range of conduct including sexual violence. A single incident may constitute harassment or it may be a series of unwelcome behaviors.

Sexual harassment may consist of a variety of behaviors including, but not limited to, subtle pressures for sexual activity, inappropriate touching, offensive or inappropriate language (including electronic content), jokes or gestures, demands for sexual favors, and sexual violence. (Eastern Sexual Harassment Policy #175). Beyond vigorous campus enforcement of harassment and discrimination laws, members of the university community have established high professional and ethical standards pertaining to consensual romantic/sexual relationships that address the issues of conflict of interest, abuse of power differential, and breach of professional conduct obligations. For example, faculty members and graduate students are prohibited from engaging in consensual amorous/sexual relationships with students who are enrolled in their courses and workplace supervisors may not be in consensual amorous/romantic relationships with students who they supervise. (Eastern Policy #11 and Eastern Policy #11.1).

Students and employees may also file complaints of sexual harassment (including sexual violence) against third parties associated with university activities (e.g., vendors, student teaching supervisors, internship supervisors, visitors). You are protected from retaliation if you bring forward a concern or a complaint or participate in the investigatory process.

Even if you are unsure that what you are experiencing is sexual harassment, seek assistance. Contact the Title IX Coordinator located in the Office of Civil Rights and Diversity at 1011 Old Main, 217-581-5020, civil@eiu.edu. We strongly encourage you to contact us as soon as possible after you perceive that you have experienced harassment or witnessed harassment. Non-Title IX sexual harassment complaints are investigated according to the guidelines of Eastern's Discrimination Complaint Policy #173.

Sexual Harassment Includes Sexual Misconduct and Is Not Tolerated

Eastern Illinois University is committed to providing the safest campus possible for our students, faculty and staff. Sexual harassment, including sexual assault, abuse or other sexual misconduct including domestic violence, dating violence, and stalking is prohibited and is not tolerated. Information about sexual assault and interpersonal violence may be found at <http://www.eiu.edu/sexualassaultresources/>. The university continually endeavors to prevent sexual harassment including sexual misconduct by providing training and educational materials to all students and employees, and by thoroughly investigating complaints. Sexual assault and stalking are crimes and complaints alleging sexual assault will receive serious and immediate attention. Once a complaint is received, the first step taken by University personnel will be to mitigate known risks to the Complainant's safety on campus. The Complainant has the ability to request interim protective measures and accommodations, including without limitation reassignment of the respondent's academic schedule or on campus housing, while a case is pending. Such actions are non-punitive and are designed to ensure the safety of the student complainant and the integrity of the investigative process.

The student complainant controls when and where to file a complaint. (In rare circumstances, the university may be required to proceed with an investigation without the cooperation of the complainant, if failing to do so would put the greater campus community at risk.) Complaints may be filed with the University Police, the Office of Student Accountability & Support (if the respondent is a student), or the Office of Civil Rights and Diversity (if the respondent is an employee). Eastern's Title IX Coordinator is located in the Office of Civil Rights and Diversity, 1011 Old Main, (217) 581-5020, civil@eiu.edu and the Deputy Title IX Coordinator is located in Room 1515, Martin Luther King Jr. University Union. In addition, students are encouraged to contact Lindsay Wilson, Confidential Advisor, (217) 581-3413, who will provide support, advocacy, and discuss options for students.

The complainant and the respondent will be kept informed of the steps in the process and will be notified concurrently of the outcome. (Eastern Policy #175.1 and Eastern Policy #175.2).

Oral English Proficiency

Eastern Illinois University has adopted a program of Oral English Proficiency Assessment for all instructional staff. Students who have difficulty understanding an instructor should, if possible, first consult with the instructor. In the event that the difficulties are not resolved, the student should address his/her concerns to the Chair of the department in which the instructor is teaching. Subsequent appeals may also be possible through the Dean and then to the Provost/Vice President for Academic Affairs.

Right to Privacy Statement

Eastern Illinois University has enacted a comprehensive policy protecting the privacy rights of students as required by the Family Educational Rights and Privacy Act of 1974. Copies of the policy, "Privacy Rights of Eastern Illinois University Students," are available for inspection on the Office of the Registrar Website.

Student Conduct Code

Upon enrollment, every student is held accountable to standards of conduct which exemplify personal integrity and ethical behavior, and which advance the mission of the University, its traditions and values. Those standards are codified in the Student Conduct Code, which is available online at: <https://www.eiu.edu/judicial/studentconductcode.php>. Questions concerning student rights and responsibilities may be directed to the Office of Student Accountability & Support in the University Union at (217) 581-3827.

Admission Policies

Applicants may apply online at my.eiu.edu.

Applicants may be admitted without ACT or SAT scores. They do not have to have ACT or SAT scores at the time of admission, but can submit such scores later if they wish. Official high school transcripts and official transcripts from all colleges and universities attended also must be submitted. Students should apply at least 10 calendar days before the first day of class for the term the student wishes to enroll. Since the University may limit enrollment to available facilities and resources, earlier closing dates may be announced.

All admission decision letters are mailed via USPS to the address provided on the application.

After students are admitted, applicants are strongly encouraged to apply for housing online through their MyEIU account, as this will give them access to an important housing checklist. If applicants are unable to complete the application online, they should contact the Office of University Housing and Dining Services. The

Application for Housing does not constitute an Application for Admission, nor does the Application for Admission constitute an Application for Housing. Early submission of applications for admission and housing is encouraged, particularly for the Fall Semester.

Applicants who choose **not** to attend EIU for the term listed on the application must notify the Office of Admissions **in writing**. If they would like to be considered for a future term, the application must be updated. Students can log into their MyEIU portal to update their application. The \$30 application fee is valid for one academic cycle (ie. Fall to Fall).

Admission: Beginning Freshmen

All admission criteria are listed as guidelines. They are minimum requirements and do not guarantee admission to the university. Applicants for admission to EIU are considered, dependent upon facilities and resources, from candidates who have a minimum cumulative GPA of 2.5/4.0 scale and a minimum ACT score of 18/new SAT score of 960.

Students who choose to apply as test-optional must have a 3.3 GPA on a 4.0 scale and demonstrate successful completion of college preparatory curriculum to be recommended for admission. Those who fall between a 2.5 and 3.3 GPA will be reviewed to determine eligibility for admission.

Any student who falls slightly below the criteria listed above, or had a noticeable change in GPA is strongly encouraged to include a personal statement and letter of recommendation. Students' personal statements are their opportunity to outline readiness for college and include any personal experiences, responsibilities and/or challenges that have impacted them or their academic achievements. Students may also include their educational goals and how attending Eastern Illinois University will help attain them. Additional materials may be requested and used in the decision process. Although not required for admission, applicants are encouraged to submit ACT Writing Test results.

Students who have taken college coursework during their high school career need not submit that transcript for admission purposes. However, a final official college transcript will be necessary in order to complete their admissions application to Eastern. If, when that transcript is received, the cumulative GPA of their college work is below a "C" average their academic status will change from good standing to academic warning.

High School Subject Requirements

College-Preparatory English: Four years of English, emphasizing composition, grammar, and literature. As much as one year of the requirement may be satisfied by two semesters in any combination of drama, debate, public speaking, or journalism.

College-Preparatory Mathematics: Three years of mathematics, including algebra, geometry, advanced mathematics, or computer programming.

College-Preparatory Science: Three years of natural sciences (biological and physical), with significant laboratory experiences.

College-Preparatory Social Studies: Three years of social studies, including one year of United States history and/or government.

Electives: Two years of academic or vocational electives.

The University will consider a flexible redistribution for up to three of the 15 units within the subject areas.

Students who graduated from high school or obtained a High School Equivalency Certificate through the General Education Development (GED) Test five or more years prior to entering the University are exempt from course-specific admission

requirements. Students who graduated from high school or obtained a High School Equivalency Certificate less than five years prior to entering the University must meet the course-specific admission requirements.

Foreign Language

High school students are encouraged to study a foreign language prior to coming to EIU for two reasons. First, EIU requires that students complete two courses in a single foreign language in order to graduate. **High school students who have completed TWO YEARS in a single foreign language with a "C" average or better are exempt from this requirement.** Second, high school language study beyond two years gives students potential access to intermediate and upper-division placement in language courses at EIU that can be counted as General Education Humanities credit. In general, students who know a foreign language are better prepared to compete in the global marketplace, giving them an advantage over their non-bilingual peers.

How to Apply: Beginning Freshman Students

All applicants must submit a \$30 non-refundable fee with the application. Payment may be made online at the time of application with a credit/debit card. Check or money orders payable to Eastern Illinois University can be mailed to the Office of Admissions.

1. Complete an application for admission online at www.eiu.edu or obtain a paper copy by contacting:

Office of Admissions
Eastern Illinois University
Charleston, IL 61920
(877) 581-2348

2. A completed application includes the \$30 application fee or qualifying waiver, official transcripts sent directly from your school and official ACT/SAT scores.

Test scores are considered official when on an official transcript, the ACT High School Report sent directly from your school or scores sent directly from act.org or collegboard.org for SAT scores.

Special Cases for Beginning Freshman Students

Concurrent High School Enrollment

Students who have completed their sophomore year in a recognized high school may be eligible for concurrent enrollment at EIU. To be considered, students must possess a minimum of a 3.0 cumulative grade point average on a 4.0 scale and obtain the recommendation of their principal.

In this program, college course enrollment is limited to seven semester hours per semester. Credits earned under this arrangement will be posted to the EIU transcript and may be applied toward graduation requirements at EIU.

Those wishing to continue their enrollment at EIU after graduation from high school must complete the standard freshman admission process.

Graduates of Non-Accredited or Non-Recognized High Schools

"Recognized" is defined to include secondary schools recognized by the Office of the Illinois State Superintendent of Instruction OR accredited by the Higher Learning Commission or one of the five other regional accrediting agencies.

Graduates of high schools which are neither regionally accredited nor recognized may not be considered for admission unless they have passed the General Education Development (GED) Test and obtained a High School Equivalency Certificate, or have scored within the University's accepted range on the ACT or SAT. For students who have been home schooled and do not present a recognized diploma, the GED requirement may be waived with an acceptable ACT or SAT score as determined by the Office of Admissions. Home-schooled students must also submit a transcript of all courses completed with grades and credits listed for each class.

Matriculation

Matriculation means to enroll at a university for a degree. Students who seek admission to the University are admitted for a specific academic semester (usually fall or spring for undergraduate students). Students may be admitted in the summer semester to a degree program at the discretion of the Director of Admissions. A student admitted to a degree program may enroll prior to the semester of matriculation and take courses on a non-matriculated basis with the non-matriculated student processing fee waived. An undergraduate student's participation in the Guaranteed Tuition Rate Plan will be determined by the semester of matriculation. Courses taken on a non-matriculated basis will be assessed tuition and fees in effect for continuing students at the time of enrollment.

Gateway Program

The Gateway Program is a conditional admission program to assist incoming freshmen who have the potential to do college work but who do not meet the regular admissions requirements. A goal of the University is to remain committed to a culturally diverse student body and to foster opportunities for underrepresented students in the total student body. The Gateway Program contributes to this University goal.

The University will consider applications from candidates who have an ACT composite standard score of at least 16 and who have a high school cumulative GPA of at least "C" (2.00 on a 4.00 unweighted scale) based on six or more semesters. In addition to the standard admission materials, applicants will submit requested information for review. The applicants may be asked to provide a personal statement and letter(s) of recommendation. Gateway is a limited enrollment program and meeting minimum academic guidelines does not guarantee admission.

Gateway Program students must agree to follow the academic program prescribed by their academic advisor and the general guidelines established for the program as conditions for continuation in the program. Students who fail to comply with program guidelines may be dismissed from the program and the University after a review and appeal process established by the Advisory Committee.

Native Students

The University defines a native student as one whose initial college/university enrollment was as a beginning freshman at EIU.

Admission: Transfer Students

The University welcomes applications from candidates who have attended one or more other regionally accredited colleges and universities for admission as a transfer student.

To qualify for admission as a transfer student, an applicant must have earned a cumulative GPA of at least 2.00 on a 4.00 grading scale based on all college-level work attempted, and a cumulative GPA of at least 2.00 on a 4.00 scale from the last institution attended. Transfer applicants who have completed fewer than 24 semester hours of college-level work must meet freshmen admission requirements (above).

Any student who falls slightly below the criteria listed above, or had a noticeable change in GPA is strongly encouraged to include a personal statement and letter of recommendation. Students' personal statements are their opportunity to outline readiness for college and include any personal experiences, responsibilities and/or challenges that have impacted them or their academic achievements. Students may also include their educational goals and how attending Eastern Illinois University will help them attain them.

These are minimum requirements and do not guarantee admission to the university.

To be considered for admission, an applicant must submit official transcripts from all educational institutions previously attended; these include each college or university, as well as the high school from which the applicant graduated. As a condition of continued enrollment, transfer students admitted to the University who have taken the ACT or SAT test prior to beginning college must submit their test scores to the University during their first term of attendance at the University.

Transfer students admitted prior to their last semester at their previous institution will be placed on academic warning if their final cumulative GPA from their previous school falls below a "C" average.

Transfer students in their first semester of college prior to attending Eastern, will be admitted based on satisfying high school requirements and submission of a current college class schedule. If their college GPA then falls below a "C" average, they will be placed on academic warning.

How to Apply: Transfer Students

1. Complete and application for admission on line at www.eiu.edu or obtain a paper copy by contacting:

Office of Admissions
Eastern Illinois University
Charleston, Illinois 61920
(877) 581-2348

2. Request official transcripts from all institutions previously attended be sent to the Office of Admissions. This includes both high schools and colleges.

Graduate Students See **Graduate Catalog**.

Undergraduate International Applicants **Standard and Conditional Admission for Undergraduate Applicants**

Undergraduate international applicants must submit a complete packet of admission materials to the Office of International Students and Scholars. A complete packet for undergraduate applicants includes an international application, an application fee, an approved financial affidavit form, official raised seal transcripts from high school and college (if applicable), and documentation of English mastery. The approved financial affidavit form must verify the applicant's financial status for study. For undergraduate applicants the raised seal transcript or original copy of national examinations must document completion of secondary education, comparable to that awarded by a United States high school. The high school transcript must also verify that the applicant earned a minimum GPA of 2.0 on a 4.0 scale. Official college or university transcripts (if applicable) for each institution previously attended are required to be considered for admission.

Students who attend a foreign university or college and who wish to have their credits considered for transfer to EIU must provide the Office of International Students and Scholars:

1. An official transcript from the institution reflecting all courses attempted and grades received.
2. A professional credential evaluation completed by a member of the National Association of Credential Evaluation Services (NACES). See www.naces.org for a complete list of member agencies.
3. Complete course descriptions for each course to be considered for transfer in English, or translated to English by a certified translator.
4. Other information regarding previous educational experience, as requested.

The Office of International Students & Scholars will work with appropriate academic departments to evaluate credits for transfer when all documentation has been submitted.

English language mastery for undergraduate applicants for admission may be documented in one of the following ways:

1. Submission of a score of 500 or higher on the paper-based Test of English as a Foreign Language (TOEFL), a score of 61 or higher on the internet-based TOEFL, or a minimum International English Language Testing System (IELTS) score of 6.0 (academic module).
2. Submission of evidence of residency in a nation whose official language is English.
3. Submission of evidence of successful completion of 24 semester hours of college credit at a regionally accredited college or university in the United States.
4. Submission of evidence of a Level 112, Certificate of Completion from an ELS Language Center located in the United States.
5. Submission of evidence of successful completion of three years of high school in the United States and an ACT composite standard score of at least 18 (SAT 960).
6. Submission of Completion of Grade Pre-1 on the STEP EIKEN Test.
7. Submission of a score 69 or higher on the Michigan English Language Assessment Battery (MELAB).
8. Submission of successful completion of two terms (one semester) of English for Academic Purposes 2 (Level 6) from the Center for English as a Second Language program (CESL) at Southern Illinois University – Carbondale.
9. Submission of Kaplan International Colleges Certificate of Achievement at the Proficiency Level.
10. Submission of successful completion of Level 9 at one of The Language Company centers in the United States
11. Submission of an overall assessment level of 4.5 on the iTEP Academic-Plus examination.

Admission to EIU and an approved financial affidavit form are required in order for the Office of International Students and Scholars to issue SEVIS Form I-20 or DS-2019. Applicants who meet all of the requirements for admission, but do not meet the criteria for English mastery may be offered Conditional Admission.

Conditional admission may be offered to undergraduate international applicants who meet the criteria for admission to EIU except for English language mastery. Conditional admission is granted only by the Office of International Students and Scholars. Undergraduates with conditional admission status must provide evidence of meeting English language mastery to the Office of International Students and Scholars by submitting a score of 500 or higher on the paper-based TOEFL, a score of 61 or higher on the internet-based TOEFL, a minimum International English Language Testing System (IELTS) score of 6.0 (academic module) or completion of Level 112, Certificate of Completion from an ELS Language Center located in the United States prior to permission to enroll in classes.

Non-matriculated Student Enrollment (Guest Students)

(Undergraduates)

A non-matriculated student is one who is not seeking a degree at EIU. The purpose of non-matriculated student enrollment is to facilitate transfer of credit hours to another institution or for non-degree personal/professional development. Non-matriculated students may be enrolled for any semester without having to submit official transcripts. The student is required to complete a Guest Student Application which includes a signed statement certifying that she or he 1) has the necessary academic preparation for the proposed course(s); 2) understands that enrollment as a non-matriculated student does not constitute admission to the University for subsequent semesters; and 3) is aware that credits earned as a non-matriculated student may or may not be applicable to a specific degree program at EIU; and pay a \$30 application fee.

Each academic year (fall, spring, summer) a student wishes to enroll as a non-matriculated student, she or he must submit a Guest Student Application which includes a signed certification. Admission as a degree-seeking student requires submission of a regular Application for Admission, a full set of required documents showing admissions standards have been met, and the \$30 application processing fee. All Guest Student Applications are considered on a space available basis. Individuals who are otherwise prevented from registering are prohibited from enrolling on a non-matriculated basis. Individuals who have been academically denied admission or continued enrollment during the previous two academic years are similarly prohibited from enrolling on a non-matriculated basis.

Students enrolled on a non-matriculated basis are not eligible for state, or federal financial aid. Institutional aid may be available depending on the criteria of the award.

Adult Student Admission Policy

Students who have never enrolled in any college or university and who have been graduated from an accredited high school for at least five years or who have not attended a college or university in at least five years may be admitted to EIU upon review.

An Application for Admission, an official high school transcript(s), and a letter requesting consideration for conditional admission are required for consideration. These items and any other available supportive material should be sent to the Director of Admissions. The Director will review each application and make a decision based on the applicant's potential for success at EIU.

Readmission

Former Undergraduate Students

Former undergraduate students who are academically eligible and wish to return to the University after a lapse of more than one semester (fall or spring) should complete the Returning Student Form at least 10 calendar days prior to the first class day of the term in which they intend to enroll. An earlier closing date may be announced in the public press. The Returning Student Form is found online at http://www.eiu.edu/registra/readmission_form.php and will be directed to the following offices:

- Bachelor of Interdisciplinary Studies Office – all Interdisciplinary Studies majors.
- Office of Registrar – all other majors

Undergraduate students who attend college elsewhere after matriculating at EIU must submit official transcripts to the Office of the Registrar. Transcripts for all college work must be received before an undergraduate may be certified for graduation.

Information regarding readmission following academic dismissal and reinstatement following a second academic dismissal is found under the Academic Regulations & Requirements section of this catalog.

Fresh Start Academic Renewal Policy Guidelines

Purpose: To allow students returning to EIU with a gpa below 2.0 to reestablish themselves academically and get back on the path towards completing graduation requirements. Please note that any student considering this option should also explore other opportunities available to them such as repeating courses for which they were previously unsuccessful or seeking a withdrawal from courses where appropriate.

Requirements for this program:

- Your cumulative gpa must be below a 2.0.
- Your last term of attendance at EIU must be at least one year prior to readmission (three full semesters – Fall, Spring, and Summer).
- You must be readmitted through the readmission policies outlined in our catalog including those that pertain to academic dismissal. You must indicate your intent to pursue the Fresh Start program on your readmission application. Your term of re-entry must be a Fall or Spring term.
- You must be readmitted to the current catalog year.
- This policy is not available for all academic programs.* For any student who chooses to change their academic program to one which does not qualify for the Fresh Start program, their acceptance into the Fresh Start program will be rescinded and they may not apply again in the future.
- You must successfully complete your next 12 hours at EIU with a 2.0 gpa or higher after readmission. This requirement must be met before your cumulative gpa will be reset. If approved, your Fresh Start gpa will begin with your term of re-entry. A notation will be made on your transcript.
- The current academic standing rules still apply after the Fresh Start policy has begun.
- You may only utilize the fresh start program one time.
- You will not be eligible for a degree with distinction.
- All courses taken and grades earned will appear on the transcript. All hours earned will count toward total hours for graduation.
- You must complete at least an additional 30 hours at EIU after readmission to be eligible for graduation.
- Previous credits and grades earned are still applied toward your degree requirements. You must still meet the minimum gpa requirements for your major, minor, or concentration.
- Gateway students must still follow the guidelines of the Gateway program.
- This policy does not apply to graduate or post baccalaureate students.
- Financial Aid Satisfactory Academic Progress rules continue to apply regardless of the academic renewal approval. Students not meeting GPA and completion rate minimums will still be required to file an appeal each semester.
- Students are only eligible for the Fresh Start program on their first time being re-admitted after being academically dismissed.
- Students must enroll in EIU 2019 their first semester after readmission.

*All teacher education programs are excluded. Both the RN to BSN and traditional Nursing programs are excluded.

Former Students Who Have Graduated

Former students who have graduated and who return to the University after a lapse of one or more semesters should make application for readmission to the Graduate School at least ten calendar days prior to the first class day of the term in which they intend to enroll. An earlier closing date may be announced in the public press. Students not previously admitted to Graduate School must also apply for admission to the Graduate School.

Policies Relating to Admissions for All Students

Illinois State Immunization Compliance

Illinois Law, Public Act 85-1315 requires all admitted students born on or after January 1, 1957, and enrolled in six or more hours of on campus classes to submit proof of immunity for diphtheria/tetanus, measles, mumps and rubella. Compliant immunization records for new students must be received by the Student Health Service by August 1, for new students enrolling in the Fall Semester and December 15, for new students enrolling in the Spring Semester.

Compliant immunization records must be signed and dated by a nurse or physician and must include:

- Provider or nurse's printed name, address and telephone number
- One DT (diphtheria/tetanus) within the last ten years
- Two MMR (measles, mumps and rubella) after the first birthday

International students must submit proof of three DT's and two MMR's. If records are not in English, they must be accompanied by a certified translation.

Enrollment

Registration Procedures

Students at EIU may register themselves through PAWS and may use the Schedule Planner tool to simplify their registration process. Detailed instructions and registration dates can be found at <http://www.eiu.edu/registra/registration.php>

New Students. Instructions for the registration of new students are given in writing, in conferences, and at meetings during orientation periods.

Students Currently Enrolled. Each student currently enrolled should participate in early registration for the following term. By doing so, the student agrees to complete his/her registration by payment of all tuition and fees. Scheduling for the reservation of space is planned so that graduate students, seniors, juniors, sophomores, and freshmen are assigned space in that order.

All students who have not completed early registration for a given term may register during late registration. Students should review the prerequisites for their courses and consult their advisor regarding their planned schedule. The University assumes no responsibility for accepting an ineligible student's registration. Reservation of a space for any class is subject to the assigned capacity of the class.

Former Students. Students who return to the University after a lapse of one or more semesters receive written instructions for registration procedures after they have applied for readmission.

New Student Orientation

The primary function of the Office of New Student and Family Programs is to provide incoming undergraduate students the tools to take on the college experience by providing information on academic and social opportunities throughout the university. We provide the essential information for both students and parents to know they are in a safe and caring environment that will bring opportunities for success. Such information includes policy and procedure related to safety, financial aid, housing, policies, academic integrity, and student issues.

Ongoing Orientation programs and transition activities are sponsored by the Office of New Student and Family Programs throughout each semester. Schedules of Orientation activities are provided to new students by mail and are also available on the Web at www.eiu.edu/nsp or by phoning the Office of New Student and Family Programs at (217) 581-6435.

Unclear Records

The academic records for students who have outstanding obligations with such departments as Admissions, Booth Library, Athletic Department, Textbook Rental Service, Office of Financial Aid and Scholarships, Chemistry Department, University Police and Parking, Office of the Registrar, and Business Office will be marked "unclear" and have a hold placed. Each student should check with all departments to clear all obligations prior to semester or summer term breaks and/or leaving the University permanently. Official transcripts for any student with an unclear record will be withheld and not sent to any one or any place. A hold on a student's record may preclude **readmission, registration, or the release of a diploma.**

Academic Regulations

Requirements for the Bachelor's Degree:

To achieve a baccalaureate degree¹, the student must:

1. Successfully complete the General Education Requirements detailed in the "General Education" section, including the senior seminar or Study Abroad Capstone.²
2. Successfully complete one of the degree programs listed in detail in the "Majors and Minors" section, and attain a minimum GPA of 2.00 in his/her major area. A GPA of at least 2.65 both cumulative and in the major is required for graduation from a teacher education program. Other curricula may also require a cumulative GPA higher than 2.0 for acceptance to the major and/or graduation. Consult the catalog description for specific information.
3. Successfully complete a minimum of 12 semester hours in residence in courses applicable to the GPA in his/her major discipline.
4. Successfully complete at least 40 semester hours in upper-division courses (3000-4000 numbered courses).³
5. Earn a minimum of 42 semester hours in residence with a minimum of 32 in the junior and senior years, 12 of which must be in residence during the senior year.⁴
6. Successfully complete at least 120 hours with a CGPA of 2.0 in all courses attempted.
7. Successfully complete two courses in a single foreign language.⁵
8. Earn a "C" or better in English 1001G, English 1002G, and Communication Studies 1310G or in accepted substitutions.
9. Successfully complete the Electronic Writing Portfolio.

Three submissions are required for the portfolio. Submissions may come from any writing-centered or writing-intensive course,

or from any other course for which students complete an appropriate writing assignment* (**See criteria below.**) Only one submission is allowed from any one course; students who submit from ENG 1001G/1091G may not submit from ENG 1002G/1092G. Students must deposit the first two submissions by the time they earn 60 credit hours; if they fail to do so, a registration hold will be placed at 75 credit hours. Students must deposit their final submission by the time they earn 105 credit hours. Transfer students who enter with more than 30 hours may request additional time to submit work to the portfolio.

Students who need assistance with their writing will be provided opportunities for improvement.

***Papers must meet the following criteria to be submitted to the EWP:**

1. The paper must be at least 750 words in length (approximately 3 pages).
2. It must be written in **Standard** English.
3. It must be developed in a manner consistent with the demands of the discipline for which it was written.
4. It must contain a connected writing sample with the development of ideas within and between paragraphs (therefore, lists, lesson plans, and other such documents may not be submitted).
5. Submissions may not be creative pieces, such as poems, short stories, or plays.

See <http://www.eiu.edu/assess/> for additional information about the EWP.

¹ Requirements differ for the B.A. in Interdisciplinary Studies. See "Interdisciplinary Studies Degree Program" in this catalog.

² Because the terminal year is taken off-campus in cooperative programs, students completing Engineering, Physics with Engineering Physics Option, and Clinical Laboratory Science will not be required to take a Senior Seminar or Study Abroad Capstone.

³ Courses from a community college or other two-year institution will not count in the 40 semester hours of upper-division credit.

⁴ Exceptions to the residency policy are as follows: Cooperative degree majors (i.e. Engineering, Physics with Engineering Physics Option - 38 semester hours; Nursing (RN to BSN) majors - 25 semester hours; Organizational Development majors - 25 semester hours.

⁵ Students must have completed two years in a single foreign language in high school with an average grade of "C" or better for the two years' work in order to have previously satisfied this requirement. The foreign language requirement is waived for the Organizational Development and Nursing (RN to BSN) programs.

Official course requirements for specific baccalaureate degrees are detailed in "Academic Programs" (see the navigation bar on the left side of your screen).

To view grades, transcript evaluations, and degree progress, students should log into PAWS: <http://www.eiu.edu/paws/>. For guidance on running a degree audit, see <http://castle.eiu.edu/acaaffair/DARS/>.

Responsibility of Students

It is the responsibility of the student to know and to observe the requirements of his/her curriculum and the rules governing academic work. Although the advisor will attempt to help the

student make wise decisions, the ultimate responsibility for meeting the requirements for graduation rests with the student.

Requirements for Two Majors Within a Degree

An undergraduate student shall indicate the major program for which the appropriate bachelor's degree will be awarded when all degree requirements have been met. This shall be recorded as the "degree major."

An undergraduate student who has declared a "degree major" may earn a "second major" by completing the requirements for that second major as listed in the catalog. Only one degree will be awarded-- that degree to be determined by the "degree major." Both majors will be listed on the student's transcript.

Depending on the degree requirements and the student's background, a "second major" may, in many cases, be earned with a minimum of 120 semester credits. However, in some cases a student may need to complete more than 120 semester credits to be entitled to the notation of the "second major."

It is the student's responsibility to indicate the "degree major" and a "second major," if any, at the time of application for graduation. Certification for graduation is a dual process: the dean responsible for the "second major" certifies that requirements for that major have been met; final responsibility for certification for graduation lies with the dean responsible for the "degree major."

Requirements for Two Bachelor's Degrees

A student will be awarded all degrees for which he/she has completed requirements, except that the B.A. in Interdisciplinary Studies and B.S. in Organizational Development degrees may not be awarded simultaneously with another degree or awarded to a student who already holds a bachelor's degree.

Simultaneous Degrees: A student who is currently enrolled at EIU may apply for and receive two bachelor's degrees at the same time by making arrangements with the appropriate certifying dean(s). The degrees may be the same (e.g., two B.A. degrees) or different (e.g., a B.A. degree and a B.S. degree). All specified major requirements for both degrees must be met as well as the general requirements for the bachelor's degree. The program of study must include a minimum of 150 semester hours of courses with at least 60 of these hours in upper-division courses (3000-4000 courses) and with at least 72 of the 150 semester hours completed at EIU. All requirements for both degrees must be completed at the time of graduation.

Consecutive Degrees: A student who has already received a bachelor's degree from EIU, or from another regionally accredited college or university, may receive a second bachelor's degree from EIU. All specified major requirements for the second degree must be met, and the program of study completed for the second degree must include at least 30 semester hours of courses taken at EIU after the granting of the first degree. At least 20 of the 30 hours presented for the second degree must be upper-division courses (3000-4000 level courses) with at least 12 semester hours of work in courses applicable to determining the GPA in the major. Admission is through the Graduate Office.

Optional Catalog Requirements

A native student may choose to graduate under the requirements stated in the EIU catalog current at the time of his/her entrance to the University or under the requirements stated in a subsequent catalog published prior to his/her graduation. All requirements of the catalog selected must be met in full.

An undergraduate transfer student may choose to graduate under the requirements stated in the EIU catalog current at the time he or she initially enrolled at another college or university provided

that catalog did not precede his/her enrollment at EIU by more than three years. Such a student may choose to graduate under subsequent catalogs on the same basis as native students. All requirements of the catalog selected must be met in full.

The catalog options for a student who was concurrently enrolled at any college while still enrolled in high school begin with the catalog in effect during the first semester of college enrollment subsequent to graduation from high school.

In no case may a student combine or choose various requirements from several catalogs in order to achieve minimal curriculum. During periods of transition, deans, in consultation with department chairpersons, are authorized to make such curriculum adjustments to graduation plans as will insure academically meaningful programs. Copies of all such authorizations must be filed with the Office of the Registrar.

Credit

Award of Credit

Eastern Illinois University awards credit in a manner that conforms to standards set by the Higher Learning Commission Policy (North Central Association; Commission Policy FDCR.A.10.020) and the Federal credit hour definition (Federal Register 75 FR 66832 p. 66946).

Credit Earned at Eastern Illinois University

One semester credit hour is the amount of student effort that approximates not less than 37.5 hours of academic engagement in coursework (in-class/instructional time plus out-of-class student work) as represented in intended learning outcomes and verified by evidence of student achievement. The standard for one semester hour of credit in a traditional course is a minimum of 50 minutes of direct instruction and 100 minutes of out-of-class student work each week during a standard semester (15 weeks). This equates to a total minimum of 12.5 hours (750 minutes) of direct instruction and 25 hours (1500 minutes) of out-of-class student work per semester hour. The ratio of instruction time to out-of-class student work may vary; however, student academic engagement in coursework must meet the minimum of 37.5 hours per semester hour regardless of semester length, course type, or delivery method. All courses leading to the award of credit, including courses that have less structured classroom schedules such as independent studies, internships, practica, studio work, will, at a minimum, clearly state learning objectives, expected outcomes, and workload expectations that meet the standards set forth above.

Students may count toward graduation no more than four semester hours credit in chorus, orchestra, band, and four semester hours in physical education activity courses. Music minors may count six semester hours in music ensemble courses; Music majors may count towards graduation all credits in ensemble courses required for their degree program; Exercise Science, Sport Management, Kinesiology, Sport, and Recreation majors and minors and Recreation Administration majors may count no more than six semester hours in physical education activity courses toward graduation.

Definition of Remedial/Developmental Coursework

Eastern Illinois University defines remedial, developmental, preparatory, or orientation coursework as that whose primary focus is to prepare students for college-level success by

ameliorating deficiencies in areas such as writing, reading, mathematics, and other basic skills (e.g., study skills, time management skills, test taking skills, etc.) Such coursework will not be awarded transfer credit.

Transfer Credit

Credit for Courses in Other Colleges and Universities

Advanced standing and transfer credit are granted for acceptable courses passed in colleges and universities accredited by the Higher Learning Commission or other regional accrediting agencies. Credit for courses in which a "D" was earned will transfer as long as the overall GPA from that institution is at least a "C" average. A "C" or better is required for English and speech.

Optional Catalog Rule

The choice of the catalog year is very important since a student must follow the graduation requirements and the major requirements from the same catalog, and a curriculum may differ from year to year.

New Transfer Students

An undergraduate transfer student may choose to graduate under the requirements stated in the EIU Catalog at the time of initial enrollment at another college, provided that catalog did not precede enrollment at EIU by more than three years. A transfer student may also choose any subsequent catalog.

Re-admit Students

A Re-admit student has the option to continue under the catalog year he/she originally began course work with at Eastern Illinois University, or he/she may choose a subsequent catalog year. Students should discuss this matter during the advisement session.

Waivers will be necessary for students following earlier catalogs.

Associate Degrees

Transfer students who receive a baccalaureate-oriented associate degree from a regionally-accredited post-secondary institution will be guaranteed the following:

- A minimum of 60 semester hours in transfer credit;
- Junior status;
- All EIU general education requirements, except the senior seminar will be waived; and
- The cultural diversity requirement will be automatically waived.*

*Students transferring the **IAI GECC** from a participating institution in Illinois will have met the cultural diversity **requirement**.

Students Who Transfer to Eastern without a baccalaureate-oriented associate degree from a regionally-accredited post-secondary institution or the IAI GECC

Transfer work will be evaluated on a course-by-course basis. Courses will be placed into the comparable general education and major requirements listed in the EIU Catalog the student chooses (see Optional Catalog Requirements).*

*Students transferring in 30 or more college-level semester hours from any IAI participating institution may choose to complete the IAI GECC at EIU.

Students can use Eastern credit and transfer it back to complete a transfer agreement. There is no hour or time limit for completion of transfer agreement. EIU has entered reverse transfer agreements with several community colleges that will allow students to send EIU transcripts back to complete their degree at no charge. In addition to individual reverse transfer agreements, EIU fully supports the reverse transfer practices outlined in the Student Transfer Achievement Reform Act (STAR) 110 ILCS 150/23. Review the Office of the Registrar website to learn more about reverse transfer options.

Cultural Diversity/Constitution Requirements

Catalogs prior to Fall 2000

Eastern will recognize the certification of the sending institution as to students having satisfied the cultural diversity and/or constitution requirement.

Fall 2000 and subsequent catalogs

If an IAI course is taken that has the "D" or "N" designation, then the general education Cultural Diversity requirement will be met. **If requirements have not been satisfied, the student will be expected to complete appropriate course work to complete EIU general education requirements.**

Note: Teacher licensure requires 3 semester hours in a cultural diversity course and 3 semester hours in an American Government course. The baccalaureate-oriented associate degree or IAI General Education Package does not automatically meet teacher licensure requirements.

Illinois Articulation Initiative (IAI)

Eastern Illinois University is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate's or bachelor's degree have been satisfied. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as first-time freshmen in summer 1998 (and thereafter). Students beginning prior to the summer 1998 may request a waiver. Additional information can be found at www.iTransfer.org.

IAI "Phase I" Benefits

Transfer students who complete the 37 - 41 semester hour package of the Illinois Articulation Initiative from any participating college or university in Illinois will be guaranteed the following:

- All lower-division EIU General Education requirements are automatically waived.
- The cultural diversity requirement for both the integrated core and the new general education program and the constitution requirement for the new general education program will be met. (Please Note: Beginning Fall 2006 EIU's General Education Program no longer includes the constitution requirement.)

IAI "Phase II" Benefits

Transfer students who complete the General Education and approved Major courses of the Illinois Articulation Initiative from any participating College or University in Illinois will be guaranteed the following:

- All lower-division EIU General Education requirements are automatically waived.
- The cultural diversity requirement will be met.
- Comparable course matches in the major will be granted credit at the lower level

Important Points About Eastern and the IAI

- If only a portion of the IAI General Education is completed upon transfer, then Eastern will evaluate on a course-by-course basis to see how each course will fit into general education. Students transferring in 30 or more college-level semester hours from any IAI participating institution may choose to complete the IAI GECC at EIU.
- IAI does not guarantee completion of the constitution for the Integrated Core (General Education 1992-1999.) The constitution requirement is a graduation requirement under the 1992-1999 catalogs.
- Phase II is designed for students who know their major but not where they are transferring.

Who Must Complete Eastern's General Education Program

- All students who transfer without a baccalaureate-oriented associate degree.
- All students transferring from an IAI participating Illinois University or College prior to completion of the IAI General Education Package (See Acceptance of Transfer Credit).*
- Students who completed an Associate in Applied Science Degree.

*Students transferring in 30 or more college-level semester hours from any IAI participating institution may choose to complete the IAI GECC at EIU.

4 Ways To Complete General Education

- Complete a baccalaureate-oriented associate degree
- Complete the IAI GECC 37 - 41 hour package
- Complete the Integrated Core for Catalogs prior to Fall 2000 or complete the New General Education program beginning Fall 2000

Students who transfer without the IAI or a baccalaureate-oriented associate degree may refer to the general education section of the catalog to select courses that meet General Education Requirements, or select IAI approved courses from another institution at <http://www.itransfer.org/mycredittransfer>.

IAI Implementation

- Eastern began accepting the IAI in Summer 1998 retroactively. Students who have taken credit prior to Summer 1998 may apply previous credit if approved by waiver.
- If completion of the IAI is not noted on the transcript, Records will complete an IAI audit upon request.
- The Official Evaluation of Transfer Credit will note that the General Education Requirement is met if the IAI General Education is complete.

Credit for Out-of-State and non-IAI Colleges

Transfer credit from any regionally accredited college or university will be evaluated on a course-by-course basis. By petition, students may provide documentation, such as course descriptions

and/or syllabi for review by departments and the registrar for possible credit for coursework completed at an institution without regional accreditation. Content of courses will be compared to course offerings at Eastern. Transferable courses will be placed in the appropriate corresponding component of general education and major requirements. Courses will count towards general education if they clearly match an Illinois Articulation Initiative (IAI) general education course description. Descriptions of the IAI courses can be found on the IAI website at www.iTransfer.org.

NOTE: Transfer students who have only partially fulfilled general education requirements by transfer approved credit must complete the requirement in approved EIU distribution courses, or, as of the 1992-93 catalog, approved general education courses.

Because major requirements vary, students with a baccalaureate-oriented associate degree should be aware that they may not necessarily graduate with only an additional 60 semester hours of academic work. Further, all transfer students who enter teacher licensure programs must meet all requirements for teacher licensure.

The University requires a minimum of 42 semester hours in a senior institution or institutions, 42 of which must be earned at EIU, in order to qualify for a baccalaureate degree. See Requirements for the Bachelor's Degree for additional information.

***Note:** A grade of "C" or better in English 1001G, English 1002G, and Communication Studies 1310G or in accepted substitutions is a requirement for the Bachelor's degree at Eastern as well as a general education requirement.

Opportunities to Receive Credit for Prior Learning at EIU

Credit for Military Service

Certain experiences in military service may be submitted to the Office of the Registrar, Room 1220 Old Main, for evaluation for advanced standing. The recommendations contained in "A Guide to the Evaluation of Educational Experiences in the Armed Services" by the American Council on Education are used as a basis for such evaluation. Credit is allowed when the recommendations can be considered as reasonable substitutes for work ordinarily accepted by the University.

Credit for Correspondence and Extension Courses

Correspondence and extension courses taken from regionally accredited colleges and universities may be submitted for evaluation for advanced standing toward a baccalaureate degree. The total credit accepted toward graduation may not exceed 32 semester hours in correspondence and/or extension courses. Credit toward graduation for such courses, if taken in whole or in part during a period of resident study at EIU, is subject to permission granted by the Registrar, in advance of enrollment and to subsequent completion in accordance with the conditions governing the permission. When students are enrolled simultaneously in any combination of residence, extension, and correspondence courses, the total credit accepted may not exceed the maximum residence credit for which the student would be eligible during the period in question. Credit received in EIU courses taught by EIU staff members, either on or off campus, may be counted as credit in residence.

Application for permission must include the proposed starting date of the course, the proposed completion date, and the proposed periods of work. If the course is not completed in accordance with this schedule, an extension of time granted by the Registrar is required in order for the course to be considered subsequently for

credit toward a degree. Documentary verification of compliance with the regulations may be required by the Registrar.

Credit for Nationally Standardized Tests

Students who submit scores for:

- Advanced Placement Tests and/or College Level Examination Program (CLEP) Tests administered by the College Entrance Examination Board and/or
- International Baccalaureate (IB) credit

will have their records evaluated by the Office of the Registrar in accordance with standards established by the appropriate departments to determine proper placement and credit. College credit granted will be treated as credit without a grade; such credit will count toward graduation and may be used in fulfilling requirements. Credit may be allowed as indicated above only if the student was not obliged to use the credit to meet minimum high school graduation requirements. Eastern does not allow a student to re-take a CLEP exam for Eastern credit if the first score is unsatisfactory.

Students who submit scores for:

- Excelsior College UExcel Exams (formerly known as ACT-PEP exams)

will have their records evaluated by the Office of the Registrar in accordance with standards established by the appropriate departments to determine proper placement and credit. College credit granted will be treated as credit with a grade; such credit will count toward graduation and may be used in fulfilling requirements. Credit may be allowed as indicated above only if the student was not obliged to use the credit to meet minimum high school graduation requirements.

Students should check with the Office of the Registrar or with Testing to determine which Advanced Placement Tests, CLEP Subject Exams, UExcel Exams and IB credits are honored by EIU and whether essay portions of the exams are required. Only the Humanities test of the CLEP General Exams may carry credit.

The following conditions apply to the granting of credit for CLEP, UExcel Exams, IB, and/or Advanced Placement examinations:

1. Credit will be awarded only if the original test scores are sent directly to Eastern. Credit will not be awarded based on scores listed on another institution's transcript.
2. The applicant may receive credit only once in a given course in a given subject.
3. Credit will not be granted if:
 - The course substantially duplicates one or more courses accepted for college entrance or for transfer credit.
 - There is an entry on the applicant's permanent record for the course.
 - The applicant has earned college credit in one or more courses in the subject more advanced than the given course.
 - The applicant is currently enrolled in the course or in a course in the subject more advanced than the given course and more than one month of the semester has elapsed.

Evaluation of Transfer Credit

The Office of the Registrar will complete an official evaluation of transfer credit after admission. A copy will be provided for each student on the orientation/advisement day. Students are invited to attend an advisement day during the semester prior to enrollment.

Exemptions:

- All students who have completed **TWO YEARS** in a single foreign language in high school with a "C" average are exempt.
- All students who have completed the **SECOND SEMESTER** of a single foreign language in college with a passing grade have met this requirement.

Credit for Prior Learning via Portfolio

Eastern Illinois University awards credit for prior learning following the Council for Adult and Experiential Learning (CAEL) standards. Students should consult the relevant academic program for their major or minor to determine if the program they are enrolled in accepts course credit earned through prior learning via portfolio, and to obtain information about all relevant procedures and protocol.

Credit by Proficiency Examinations

Proficiency examinations, if approved by an academic department, offer an opportunity to obtain credit for experience relevant to certain courses, for individual study of subjects, or for study of relevant courses in non-accredited institutions. EIU allows credit through College Level Examination Program (CLEP), College Entrance Examination Board (CEEB), Advance Placement (AP), and International Baccalaureate (IB) programs. The B. A. in Interdisciplinary Studies accepts credit for DANTES Subject Standardized Tests (DSST) exams. Credit by proficiency examination in a course is equivalent to credit earned by enrollment in that course. Rules for proficiency examinations for credit are explained in the undergraduate catalog and scores required for specific exams are maintained on the registrar's webpage.

Credit by proficiency examination in a course is equivalent to credit earned by enrollment in that course for purposes of satisfying a major requirement, a minor requirement, a general education requirement, the advanced credit requirement, and the total hours for a baccalaureate degree requirement. It does not apply toward any residence requirement, and is not included in determining honors, probation, GPA, etc.

Proficiency examinations for credit in undergraduate courses are given in accordance with the following rules:

1. The student who desires such credit must first obtain the approval of the appropriate department chairperson. Generally such approval is contingent upon presentation of evidence of independent study, relevant experience, or relevant study in non-accredited institutions.
2. The applicant must be in good academic standing at EIU.
3. Generally the applicant must be enrolled as a student in the University at the time the application is filed.
4. The applicant may apply only once for a proficiency examination in a given course in a given subject.
5. An applicant is not eligible for credit by proficiency examination in a given course in a given subject if any one or more of the following conditions is satisfied:
 - The course is a physical education service course.
 - The course is a foreign language course numbered below 3000 and the applicant is a native speaker of the language.
 - There is an entry on the applicant's permanent record for that course.

- The course substantially duplicates one or more courses accepted for college entrance or for transfer of credit.
 - The applicant has credit in one or more courses in that subject that the department considers more advanced than the given course.
 - The applicant is currently enrolled in the course or in a course more advanced than the given course and more than one month of the semester has passed.
6. After receiving approval from the department chair the student must go to the Office of The Registrar and complete an application.
 7. The Registrar checks the application, and, if appropriate, certifies the eligibility of the applicant for the requested examination prior to returning the form to the applicant. If the applicant is deemed ineligible, his or her returned application will indicate the reason for ineligibility.
 8. The non-refundable fee for a proficiency examination is \$30/semester hour. The exam must be taken before the last class day of the semester in which the Registrar certifies the eligibility of the applicant to take the exam.
 9. If the course is ordinarily taught by more than one member of the faculty, a committee of at least two members is appointed by the department chairperson to give the examination and assign the grade. The examination must be comprehensive, and for approval of proficiency credit the grade must be C or higher.
 10. The application form is completed and forwarded through the department chairperson and dean to the Office of the Registrar.
 11. Credit by proficiency examination is entered on the permanent record with "CR" as the grade entry.

Credit/No Credit Option

To encourage students to participate in areas of learning outside their major interests and to stimulate intellectual curiosity, the University has the Credit/No Credit system. To receive Credit (CR), the grade must be C or better. A grade of D or F will carry a No Credit (NC) designation. Please note that the Credit/No Credit designations are not figured into students' GPAs. In addition, the following rules apply:

Eligible Students. Sophomores, juniors, seniors.

Procedure. To select the Credit/No Credit option, students must submit a request to the Registrar's Office no later than the 10th class day of the semester. The time periods for Summer Session, which are reduced proportionately, are established by the Office of the Registrar. Changes from Credit/No Credit to traditional grade status are permitted through the last class day to withdraw from classes.

Limits. A student may take a maximum of 12 semester hours of undergraduate course work Credit/No Credit. Courses offered on Credit/No Credit basis only, as well as one physical education course per semester or term, are not counted against the above limits.

Courses Excluded*:

- a. English 0990, 0995;
- b. University Foundations 1111;
- c. General Education courses;
- d. Professional education courses including departmental methods courses required in teacher licensure programs;
- e. Any course which qualifies as being applicable toward fulfillment of a given major or in the determination of the

GPA in a given major, as specified in the major requirement description in the catalog, irrespective of whether a student wishes to apply the course to the major or is taking it as an elective. (This exclusion is also applicable to minors.)

(*Does not apply to courses offered only on Credit/No Credit basis.)

Independent Study

Independent study enables a student to pursue individual research and reading in a field of special interest under the guidance of a faculty member. As an independent study involves relatively self-directed student effort in the pursuit of some clearly defined goals, it is important for the student to specify the learning objectives of the study. A proposal for an independent study project must be accepted in advance by the faculty member who agrees to serve as the project advisor. The project must also be submitted to the department chairperson for approval prior to the student's registration.

Internship

An internship is a work experience related to the student's major or approved minor. This work experience must be directly related to the potential professional opportunities for graduates with the major or minor. While internships may vary in duration, credit, and requirements, a minimum of one week of full-time employment is required for each semester hour of credit. Therefore, the maximum number of semester hours of credit for an internship is 15 for a regular semester. All internships will be graded on a credit/no credit basis.

Students wishing to register for an internship must secure a form from the department chairperson or division head. Working with a faculty advisor, the student makes arrangements for the work experience and fills out the form. The form is then returned to the chairperson or division head for his/her approval **prior to the first day of classes for a given term.**

International Students must contact the international student advisor prior to registering for an internship.

Academic Waivers

Undergraduate students seeking waivers of academic rules or procedures may obtain waiver forms from their deans, department chairpersons or advisors. It is the student's responsibility to complete the form, obtain the necessary signatures, and present the form to the student's certifying dean for processing. Copies of the guidelines/rules regarding waivers (including submission deadlines) are available in the deans' offices.

If an undergraduate student waiver is denied by the student's certifying dean, the student may submit an appeal (following approved guidelines for submission) to the Registrar, who serves as corresponding secretary for the Undergraduate Academic Waiver Appeals Committee (UAWAC). Decisions made by the UAWAC are final.

Declaring a Major

An undergraduate who is listed as undeclared and wants to declare a major must do so at the Academic Advising Center (McAfee, Office 1110).

Changing a Major

1. If students are advised in the Academic Advising Center they must speak to their advisor about changing their major.
2. All other students should contact the Certifying Officer in the Dean's office of their new major. The Certifying Officer will fill out the curriculum change form and send the student to their current major advisor to pick up their folder. Students will be sent with their folder and form to the new major where the department will assign an advisor and acknowledge receipt of the advising folder by returning the signed form to the new Certifying Officer, where the major change will be completed in the system.

Classification of Students

Undergraduate students are classified as follows:

Freshmen 0-29 semester hours

Sophomores 30-59 semester hours

Juniors 60-89 semester hours

Seniors 90 and above semester hours

Graduate students are those students who have completed a bachelor's degree at a regionally accredited institution.

Academic Standing

Grades

The grades given in courses are as follows:

Grade	Description	Value
A	Excellent	4
B	Good	3
C	Average	2
D	Poor but Passed	1
F	Failed	0
NF	Failure--Non-Attendance	0
CR	Credit	--
NC	No Credit	--
NNC	No Credit--Non-Attendance	--
AU	Audit	--
DC	Deferred Credit	--
I	Incomplete	--
W	Withdrew-- No Grade	--
X	No Grade Submitted	--

Grades of I, DC, and X

Students may not be certified for graduation so long as a grade of "I", "DC" or "X" remains on their academic record. If a Grade Correction Form is not submitted, then any "X" or "DC" grades remaining on the transcript will be changed to "NC" or "F" at the time the degree is completed. Students also should be aware that changing an "I", "X" or "DC" to another grade may affect their grade point average and thus the awarding of their degree and/or graduation honors.

Deferred Credit

Students in undergraduate courses such as field-experience, independent study, thesis, or research requiring work of a continuing nature over several terms before the final project is completed may receive the grade of "DC" or "Deferred Credit." "Deferred Credit" designates that the student remained enrolled for credit throughout the term and that the project is continuing into another term. Upon completion of the final project, the instructor will submit a grade using PAWS no later than four days prior to the official close of the term published in the Class Schedule. If a grade change is not submitted, the certifying officer shall notify the Office of the Registrar to change any "DC" grades remaining on the transcript to "NC" or "F" at the time the degree is completed. Undergraduate students may not be certified for degree completion if any grades of "DC" remain on the transcript.

Policy on Incomplete Grades

Incomplete for Courses Earning Letter Grades

The grade "I" or "incomplete" for undergraduate courses in which letter grades are earned is given only by the course instructor when, because of documented illness or other valid reason, a student's progress in a course is delayed so that not all requirements for the course are fulfilled by the official closing date of the term. In no case may an "I" be substituted for a failing grade. Procedures for assigning and removing incomplete grades are outlined below.

- **Assignment of Incomplete and Default Grades:** Instructors who assign a grade of "I" may submit the "Assignment of Incomplete/Alternate Grade Form" to the Office of the Registrar. This form specifies a default grade for the incomplete work at the time that the grade of "I" is recorded. A grade of "F" shall be the default grade if the instructor does not provide a default grade. The instructor also completes step 1 of the "Assignment of Incomplete/Alternate Grade Form" and provides a copy to the program chair.
- **Submission of a Completion Plan:** The instructor and student complete step 2 of the "Assignment of Incomplete/Alternate Grade Form" and develop a completion plan. Copies should be submitted to the program chair by the mid-term date published in the Class Schedule of the next term the student is in residence but no later than mid-term one calendar year from the end of the term in which the grade of "I" was received.
- **Decision on Completion of the Required Course Work:** Students receiving a grade of "I" should execute the completion plan by the Last Class Day published in the class schedule of the next grading period in which the student is in residence but no later than the Last Class Day one calendar year from the end of the term in which the grade of "I" was received. The instructor completes step 3 of the "Assignment of Incomplete/Alternate Grade Form" and provides a copy to the program chair. If the work is successfully completed, the instructor submits a grade change using PAWS no later than three days prior to the official close of the term. Students who fail to implement the

completion plan by the stated deadline will be issued the instructor supplied default grade or a grade of "F" if no default grade was issued.

Students may not be certified for graduation so long as an "I" remains on their academic record. Students also should be aware that changing an "I" to another grade may affect their grade point average and thus the awarding of their degree and/or graduation honors.

Students who withdraw for military service will be awarded incomplete grades in accordance with Internal Governing Policy 95, "Student Withdrawal for Military Service."

Grade Appeal Policy

Eastern Illinois University faculty members are responsible for assigning appropriate grades. The University will not review the judgment of a faculty member in assessing the quality of students' work. If, however, a student believes that a faculty member improperly assigned a semester grade due to one or more of the Grounds for Grade Appeal described below, the student may appeal the grade by following the procedures detailed at <http://castle.eiu.edu/auditing/045.php>. Students are responsible for reading the Grade Appeal Policy and for complying with all procedures and meeting the deadlines established in the policy. All grade appeals are handled individually.

Grounds for appealing semester or term grades are:

1. A mathematical error in the calculation of the grade or a clerical error in recording of the grade that remains uncorrected;
2. The assignment of a grade to a particular student by application of more exacting requirements than were applied to other students in the course;
3. The assignment of a grade to a particular student on some basis other than performance in the course;
4. The assignment of a grade by a substantial departure from the faculty member's previously announced standards.

In general, the Grade Appeal Policy requires the student to confer with the faculty member who assigned the grade, but it provides opportunity for further formal review—by the department chair, the College Grade Appeal Committee, and the dean—if this conference does not result in a mutually agreeable resolution. For a course taken in the fall semester, the Grade Appeal Request must be received no later than the Midterm Day of the following spring term. For a course taken in the spring semester or summer term, the Grade Appeal Request must be received no later than the Midterm Day of the following fall term.

Grade Point Average¹

The grade point average is based only on course work taken at Eastern.

The number of grade points for a grade in a given course is found by multiplying the grade-point value by the number of semester hours which may be earned in the course. The cumulative grade-point average is computed by dividing the total number of grade points which a student has earned in all courses taken at EIU (including Study Abroad, Clinical Laboratory Sciences and National Student Exchange courses) by the total number of semester hours represented by those courses (excluding courses in which a student has grades of "I", "CR", "DC", "NC", "NNC", "W", "AU", or "X").

A student reinstated following academic dismissal has the same cumulative GPA status as he/she had at the time of dismissal.

¹An example of these computations: If grades of A, B, C, D, and F are earned in courses of 2, 3, 4, 1, and 3 semester hours respectively, the grade-point average is computed as follows: Grade A, 2 semester hours yields a grade-point total of 8; grade B, 3 semester hours yields a grade-point total of 9; grade C, 4 semester hours yields a grade-point total of 8; grade D, 1 semester hour yields 1 grade point; grade F, 3 semester hours yields no grade points; and the grand totals are 26 grade points for 13 semester hours. The GPA is then $26 \div 13 = 2.00$.

Grade Corrections

Faculty may correct grades through PAWS when an error in a grade assignment has been made.

Definition of Grading Period

Any semester or summer term in which a student registers in the University and remains beyond the day on which the official count is taken will be considered a grading period attended.

Good Standing

A student whose cumulative GPA is at least 2.00 in courses taken at this University is in academic good standing.

Dean's List

The Dean's List at Eastern Illinois University recognizes undergraduates with a declared major whose academic performance has been excellent. Students who achieve a GPA of 3.80 - 4.00 (on a 4.00 scale) while completing a minimum of 12 graded semester hours, excluding credit/no credit grades, in a fall or spring semester will be named to the Dean's List.

Honors List

The Honor's List at Eastern Illinois University recognizes undergraduates with an undeclared major whose academic performance has been excellent. Students who achieve a GPA of 3.80 - 4.00 (on a 4.00 scale) while completing a minimum of 12 graded semester hours, excluding credit/no credit grades, in a fall or spring semester will be named to the Honor's List.

Dean's Lists and Honors Lists are not generated for Summer Terms.

Note: The calculation of GPA for honors determination will be based only on work taken at EIU.

Academic Warning/Probation/Dismissal

The following rules apply to students as soon as they attempt at least nine semester hours of academic courses at EIU. (Please note that in the discussion below, a "grading period" is any fall, spring, or summer semester or term.)

Academic Warning

If, at the end of a grading period, a student's cumulative GPA in courses taken at the University falls below 2.00, but not so low as to warrant academic dismissal, that student will be placed on academic warning.

Students placed on academic warning for the first time will be required to enroll in EIU 2919 the following fall or spring semester.

Students must complete the course with a "C" or better. Failure to enroll in this course by the first day of classes will result in a hold being placed on the student's record. This course may not be dropped.

Academic Probation

If, at the end of a grading period on academic warning, a student's cumulative GPA in courses taken at the University is still below 2.00, but not so low as to warrant academic dismissal, that student will be placed on academic probation.

A student on academic probation must achieve a minimum GPA of 2.00 each grading period until good academic standing is reached or he/she will be academically dismissed.

Academic Dismissal

A student will be academically dismissed if:

- at the end of any grading period the student's GPA is 0.00 and the cumulative GPA is below 2.00; or
- at the end of any grading period the student on academic probation fails to make satisfactory academic progress toward good academic standing as defined under Academic Probation.

Appeal of Academic Standing

An appeal of Academic Standing may be submitted using a form on the VPAA website. The appeal of standing earned in a term must be received prior to the first day of the subsequent term. In rare cases where such an appeal is approved, the Office of the Registrar will place a one-semester override of academic standing. No GPA change will be made.

Reinstatement Following Academic Dismissal

Students who have been academically dismissed must remain out of the University for at least one regular semester. After the inactive semester, students who have been academically dismissed for the first time are automatically eligible for readmission provided that they meet the following conditions:

- The student completes the Returning Student Form at least 10 calendar days prior to the first class day of the term for which readmission is sought (The Returning Student Form is submitted online at http://www.eiu.edu/registra/readmission_form.php);
- Prior to the first class day of the term for which readmission is sought, the student, with the assistance of the Assistant Director of the Success Center, prepares a written academic plan signed by both the student and Assistant Director of the Success Center. Students who were dismissed and were never enrolled in EIU 2919 will be required to enroll in EIU 2919 the following fall or spring semester in lieu of making an academic plan with the Assistant Director of the Success Center. Students must complete the course with a "C" or better. Failure to enroll in this course by the first day of classes will result in a hold being placed on the student's record. This course may not be dropped; and
- If the student has attempted course work at one or more regionally accredited colleges or universities, he or she must provide official transcripts showing a composite GPA of at least 2.00 on a scale of 4.00 in all course work attempted since they last attended EIU (or, if the student is attending the regionally accredited college or university at the time of application for readmission, the student must report that enrollment on the REQUIRED STATEMENT IN LIEU OF AN OFFICIAL TRANSCRIPT and indicate that the student is earning a cumulative GPA of at least a 2.00 on a 4.00 scale, which will suffice until the official transcript can

be sent at the end of the term.)

Students who have been academically dismissed are eligible for readmission only at the beginning of a spring or fall term; they are not allowed to re-enter during a summer term.

If the student fails to satisfactorily complete the requirements of the written academic plan by midterm of the semester of readmission, a hold will be placed on the student's record that will be removed upon the student's satisfactory completion of the requirements of the written academic plan.

Readmitted students re-enter the University with the cumulative GPA they had upon dismissal and are placed on academic probation. This probationary status will continue so long as the student satisfies the conditions specified in the section on "Academic Probation." Students who fail to make satisfactory progress will be dismissed and may not be reinstated except by approval of the Academic Reinstatement Committee.

Reinstatement Following Second Academic Dismissal

Students who have been academically dismissed for a second time may be reinstated only if they submit a readmission form and a written petition for reinstatement and the petition is granted by the Academic Reinstatement Committee. Petition forms are available on the University's web site (<http://castle.eiu.edu/acaffair/Reinstatement.pdf>) and from the Office of the Registrar (1220 Old Main) or the Academic Affairs Office (1020 Old Main). The petition for reinstatement must be submitted to the Office of the Provost and Vice President for Academic Affairs no later than the third Monday in June (seeking reinstatement for the Fall semester) or the third Monday in October (seeking reinstatement for the Spring semester); no petitions are accepted for the Summer term.

As a condition of reinstatement, students who are reinstated following a second academic dismissal must enroll in GST 1000 during the term in which he or she re-enters the University. NOTE: If GST 1000 is not offered during the term of readmission or the student has already successfully completed it, then the student must work with the Director of the Student Success Center (McAfee Gym, Room 1301) to identify an equivalent/alternate course which must be taken.

Intercollegiate Activities and Academic Performance

Students are expected to maintain a cumulative GPA of 2.00 or better to participate in intercollegiate activities. Consequently, a student who is on academic probation ordinarily is not eligible for such participation. This exclusion does not apply to new students who have attempted less than 30 semester hours at EIU. Students engaged in intercollegiate activities may appeal this policy provided the University remains in compliance with all governing organization academic policies.

Academic Integrity

It is assumed that students will honor the tradition of academic honesty. Should incidents of suspected classroom cheating or plagiarism occur, however, the following steps will be taken:

1. The instructor who has witnessed academic dishonesty or who has other evidence that academic dishonesty has occurred will confront the student to inform him/her of the allegation. Time permitting, the instructor will contact the Office of Student Standards prior to talking with the student. If the student admits the violation, the instructor will assess an appropriate academic penalty and will inform the Office of Student Services using a Notation of Academic Misconduct form.

2. If the student disputes the allegation, or if a sanction greater than a failing grade for the course is warranted, a hearing will be provided by the Office of Student Standards in accordance with provisions of the Student Conduct Code. If as a result of the hearing the student is found responsible for the violation, the instructor will assess an appropriate academic penalty. Other sanctions such as disciplinary probationary status or separation from the institution can be imposed by the University's disciplinary system. Full conditions and explanations are cited in the Student Conduct Code. A student accused of academic dishonesty in a course may not drop the course until such time as disciplinary action, if any, is concluded. A grade (A, B, C, D, F, CR, NC, AU, I, W, X) may be changed to reflect the disciplinary sanction, if any, imposed as a result of academic dishonesty. In the event that the alleged violation occurs at the end of a term, no grade shall be assigned pending conclusion of the disciplinary process. All students are subject to the provisions of the University's Student Conduct Code, available online at www.eiu.edu/~judicial.

Academic Load

For purposes of certifying that a student is full time academically, such student must be enrolled for at least 12 semester hours each Fall and Spring semester and during the summer term. To certify that a student is half-time academically, such student must be enrolled for at least 6 semester hours each Fall and Spring semester and during the Summer term. To certify that a student is three-quarter time academically, such student must be enrolled for at least 9 semester hours each Fall and Spring semester and during the Summer term.

Undergraduate Student in Good Standing

Normal Load: The normal load during a semester is 15-18 semester hours.

Maximum Load--Student Teaching Semester: Students may enroll for no more than 13 semester hours during the semester in which they student teach except Special Education majors, who may enroll for a maximum of 17 semester hours.

Summer Term: The maximum load for a student without an approved overload is 15 semester hours. Overloads are permitted during the summer term only with the permission of the student's College Dean and may not exceed three hours. The maximum load for a student with an approved overload is 18 semester hours.

Semester Overload: An undergraduate student with a minimum of sophomore standing may enroll for up to and including 21 semester hours during the fall or spring semesters (except during the student teaching semester) providing he/she has earned the following cumulative grade point average at EIU:

Freshman - No overload
Sophomore - 3.00
Junior - 2.75
Senior - 2.50

No student may enroll for more than 21 semester hours.

Concurrent Enrollment. The above academic load limits also apply to a student who is concurrently enrolled at Eastern and another college or university.

Undergraduate Student on Academic Warning or Academic Probation: An undergraduate student on academic warning or academic probation may enroll for a maximum of 15 semester hours during a fall or spring semester and a maximum of 12 semester hours during summer. Enrollment in EIU 2919,

Strategies for Academic Success, is NOT included in the maximums.

It is highly recommended that an undergraduate student on academic warning or academic probation enroll for no more than four semester hours during the Summer 4 session and no more than eight semester hours during the Summer 6 and Summer 8 sessions combined.

Auditing of Courses

Tuition and fees for auditing are the same as those for students taking an equivalent amount of work for credit. Students enrolled for full-time academic work must include any courses they wish to audit as part of the maximum load permitted them; change of enrollment from "audit" to "credit" or from "credit" to "audit" may be made by the 10th class day for Fall and Spring terms; the first two calendar days following the first day of classes for Summer term.

Students must have the approval of the instructor for auditing a course. If, in the opinion of the instructor, student exposure and effort expended in the course deserve the entry of Audit, the student will receive the course entry "AU" on his/her permanent record. If not, no entry will be made.

Tuition and fees for auditing courses are the same as courses taken for credit.

Class Attendance

Students are expected to attend class meetings as scheduled. When an absence does occur, the student is responsible for the material covered during the absence. When possible, the student should notify the instructor in advance of an anticipated absence.

Instructors will grant make-up privileges (when make-up is possible) to students for properly verified absences due to illness, emergency, or participation in an official University activity; and such absences will not militate against students in classes in which attendance is used directly in determining final grades. It is the student's responsibility to initiate plans for make-up work and to complete it promptly. If in the instructor's judgment the duration or number of absences renders make-up unfeasible, the instructor may contact the Vice President for Student Affairs and the Department Chairperson to determine an appropriate action.

Except for the above stipulations, each instructor sets his or her own policy with respect to class attendance and make-up work; excuses for absence are handled between the instructor and the student. At the beginning of each grading period, the instructor shall announce, in writing, his or her policy regarding absence, make-up, and late work. Instructors planning to use attendance directly in determining final grades must have written departmental approval and must indicate this intention and the reason, in writing, on the first day of class.

A student whose instructor requests verification of an illness treated by the University Health Service may request a documentation of the visit to share with the faculty member. If a student establishes a record or pattern of absences of concern to the instructor, the instructor may ask of the Vice President for Student Affairs that inquiries concerning the absences be made. The Vice President for Student Affairs also serves as the University contact person when catastrophic events result in extended student absences.

Any student who feels that he or she has been treated unfairly concerning absences or has been misinformed by a faculty member regarding that instructor's absence policy shall have the right to appeal through the department Chairperson, or in the event the instructor is the Chairperson, through the appropriate Dean.

Religious Observance Accommodations for Students

The University shall reasonably accommodate its students who are unable to fulfill their regular duties on the occasion of a religious observance. Students who are unable to attend class or take examinations for religious reasons shall be given information needed to make up classes and work missed, including examinations. Students should make arrangements for their absence in advance through established procedures for verifying absences.

The University's Discrimination Complaint Procedures are available through the Office of Civil Rights to students who believe they have been discriminated against under this policy.

Course Enrollment

A student may not enroll in, take a proficiency examination in, or repeat a course which is prerequisite for a course for which he/she has credit or which substantially duplicates, at a lower level, a course or courses which he/she has successfully completed. Should a student violate this regulation, he/she will not receive credit for the course toward graduation and the grade will not be included in any grade point computations.

Generally, courses numbered 1000-1999 are freshman courses; 2000-2999, sophomore courses; 3000-3999, junior courses; 4000-4999, senior courses; and 5000-6999, graduate courses. However, if prerequisites are met, students may enroll according to the following schedule:

CLASS	COURSES NUMBERED				
Freshman	1000	2000	a	a	
Sophomore	1000	2000	3000	a	
Junior	1000	2000	3000	4000	
Senior	1000	2000	3000	4000	5000-5999b
Graduate			4750-4999	5000-6999	

- Courses numbered 3000-4999 in chemistry and biochemistry, foreign languages, mathematics, and military science may be taken by students who have prerequisites and permission of the department chairperson.
- Courses numbered 5000-5999 may be taken by students who have a 2.75 GPA and permission of instructor and Dean of the Graduate School.

Field Trips

Field trips which are required class activities are stated with the course description and announced in the class schedule when the course is offered. The cost of the field trip will also be included in the class schedule.

Final Examination Changes

A link to the final examination schedule may be found at <http://www.eiu.edu/registra/finals.php>. Students are urged to review the schedule prior to registration to avoid conflicts.

Students with three final examinations on a single day may change the date of one of the final examinations with the approval of the instructor. Requests must be made at least five working days prior to the first final exam period. Requests for changes for

medical or personal emergencies may also be considered. In cases not resolved between the student and the instructor, the Department Chair will seek resolution.

Repeating Courses

All Students

Unless otherwise stipulated in the catalog description, only courses in which grades of D, F, NF, NNC, or NC (NOT A, B, C, or CR) were received may be repeated. A student who receives a grade of D, F, NF, NNC or NC in an undergraduate course may repeat the course at Eastern. The highest grade received for the course, taken at Eastern, will automatically be included in the computation of the cumulative GPA. The initial grade and the repeat grade will appear on the student's record.

The student must not have been previously enrolled in or received credit for a higher level course for which the repeat course is a prerequisite, nor may he/she repeat a course which substantially duplicates, at a lower level, a course or courses which he/she has already successfully completed. However, students who successfully completed a prerequisite course with a "D" are allowed to enroll in a subsequent course and its repeated prerequisite simultaneously.

Withdrawal from a Course

- During a Fall or Spring Semester, a student may withdraw from a full-term course on or before the 10th class day and not receive a grade.
- From the 11th class day until the close of business on the Friday of the 11th class week of the semester, a student may withdraw from a full-term course with a grade of "W." If after the Friday of the 11th class week or equivalent a student had extraordinary circumstances that prevented them from withdrawing by the deadline, they may initiate a withdrawal from a course or the University through the late withdrawal process. Cutoff dates for special part of terms and summer terms are reduced proportionately. Specific withdrawal dates are established for each term. Full-term and half-term course withdrawal dates are published in the class schedule for the appropriate term.

Note: One week prior to the beginning of the class(es) in which a student is enrolled, an email including the drop and withdrawal dates for the class(es) will be sent to the student's Eastern email account. Students should make note of the dates included in the email so deadlines for dropping or withdrawing may be met.

Late Withdrawals

A student may request a late withdrawal through the Office of The Registrar when a documented illness or extraordinary circumstance prevents withdrawal from a course by the established deadlines. Failing a class is not an appropriate reason to seek a late withdrawal. Students who are failing a course should follow the "Repeating Courses" policy stated in the catalog. The deadline for submitting a late withdrawal is March 15th for the immediately preceding fall semester and October 15th for the immediately preceding spring or summer semester. Upon submission of a late withdrawal request, students will be assessed a non-refundable Late Withdrawal Fee of \$25 per credit hour requested with a maximum of \$100 per occurrence.

The Office of the Registrar forwards all appeals of the Registrar's determination of Late Withdrawal requests to the Appeal Committee, whose decision is final and not subject to further appeal. The late Withdrawal policy and procedures for submitting/responding to late withdrawals requests can be found at <http://www.eiu.edu/~registra/latewithdrawalpolicy.php>.

Administrative Drop

In order to maximize student access to courses, to reduce empty classroom seats, and to ensure smooth financial aid processing, the following administrative drop procedure is suggested:

Department Chairs may initiate an administrative drop of a student based on the following criteria:

1. For a traditional course, the student has not attended class **by the 5th day** and has not made successful contact with the instructor to explain the absence.

OR

2. The student has not met course prerequisites, co-requisites, or registration restrictions.

The department chair may administratively drop students through the 10th day. Beginning with the 11th day of the semester, any student that has not attended courses must submit a request for a Late Withdrawal.

Administrative drops may affect minimum load requirements, student financial aid status, student fees, graduation requirements or other areas. It is the responsibility of the student to meet financial aid requirements, initiate any refund processes, and follow university guidelines concerning other obligations that may be affected by the drop. Information on refunds, financial aid and other student obligations may be found in the EIU catalog.

Students auditing are subject to the same attendance policy as those taking classes for credit.

Students enrolled in technology-delivered courses are subject to the same attendance policy. Students not making contact with the instructor **by the 5th day** may be administratively dropped from the course. The department chair may administratively drop students through the last day to drop the online course. Any student who has not been removed from the course by the drop date must submit a request for a Late Withdrawal.

Students taking weekend courses are subject to the same attendance policy. Students not making contact with the instructor by the end of the first day of class may be administratively dropped from the course.

Withdrawal from the University

Rules governing grading practices upon withdrawal from the University are the same as those listed above for withdrawal from a course.

A student who wishes to withdraw completely from the University before the end of a semester or summer term should drop all classes using PAWS or contact the Office of the Registrar for assistance. Return textbooks to Textbook Rental within two days of withdrawing. If applicable, the Office of Financial Aid and Scholarships and the Housing Office will also need to be notified. The student is responsible for making sure all obligations to the University have been met.

Notice of intention to withdraw should be made in person, sent from the students EIU e-mail account or a letter addressed to the Office of the Registrar declaring intention to withdraw and postmarked within the stated period is deemed equivalent to notice submitted personally.

Policies governing withdrawal because of a call to active military duty are administered by the Registrar. Upon the written recommendation of a licensed physician or a licensed mental health professional, and with the concurrence of the Director of the Health Service or the Director of the Counseling Center, a

student may be granted permission to officially withdraw from all courses from the University.

Commencement

Degrees are granted at the close of the Fall and Spring Semesters. Students entitled to participate in commencement exercises are only those whose current enrollment in correspondence, continuing education, and residence at this University or elsewhere makes possible the completion of all graduation requirements by the close of the semester in which commencement is held. Participation in graduation ceremonies does not obligate the University to confer a degree unless all requirements have been satisfactorily completed.

Application for Graduation

Students should apply for graduation in the first semester of the junior year (after earning 60 hours). A student may expect to receive a Degree Audit, indicating the student's progress toward completion of degree requirements, from the office of their certifying dean. Application is through PAWS under "student records" in their student tab. When the student submits the application, a one-time charge of \$40 will be billed to the student's account. The application will be pending until approved by the certifying dean. (Please note that IDS majors should apply for graduation after they have earned 90 semester hours.)

Completion of Graduation Requirements

All requirements for degrees must have been completed by the close of the grading period in which graduation is sought. It is the student's responsibility to notify the Office of the Registrar and the certifying dean of any courses being taken at other institutions which will complete the requirements for graduation. Documentary evidence that all degree requirements have been completed must be in the Office of the Registrar no later than the Friday immediately preceding the first day of the next succeeding semester or term following the Summer Term or Fall Semester graduation and no later than May 31 following Spring Semester graduation. The diploma will not be given to the student and the conferral of the degree will not be recorded on the student's permanent record until all such documents have been received.

If the student does not complete graduation requirements at the end of the grading period, he/she must make re-application for graduation. No additional fees will be charged.

The deadline date for applying for graduation is listed in the calendar in the University Catalogs and/or class schedules.

Degrees with Distinction

To be eligible for a degree with distinction, a student must have completed at least 56 semester hours of course work at EIU, including at least 40 semester hours of graded courses (exclusive of work taken on the Credit/No Credit Option). The 56 semester hours at EIU and the 40 semester hours of graded courses may not be waived.*

Eligible students who have a cumulative grade-point average of 3.90 to 4.00 are graduated **summa cum laude**; those with a cumulative grade-point average of 3.80 through 3.89 are graduated **magna cum laude**; and those with a cumulative grade-point average of 3.65 through 3.79 are graduated **cum laude**. Students who qualify for degrees with distinction wear an appropriate medal as part of their academic attire at commencement and their names appear in the commencement program as being awarded Degrees with Distinction. All grades earned at EIU are counted in computing the cumulative GPA. Grades earned during the final grading period are not used for compiling the tentative list developed for commencement. Transcript notations of graduating **cum laude**, **magna cum**

laude, and **summa cum laude** are based on the student's total cumulative grade-point average, including the final grading period.

Post-Baccalaureate Students: Post-baccalaureate students earning a second bachelor's degree are eligible to receive a degree with distinction based on their post-baccalaureate grade point average if they meet the criteria stated above. All undergraduate and post-baccalaureate hours taken at Eastern will be used to determine if the completed and graded hours requirements have been met. Students may not have distinction applied retroactively to any previous degrees earned at Eastern.

Note: The calculation of GPA for degrees with distinction will be based only on work taken at EIU.

*Transfer students who will not earn 56 semester hours from EIU until their final semester may request that their instructors submit their grades at midterm so that they may be considered for a degree with distinction. All midterm grades must be submitted by the deadline established by the Office of the Registrar. No grades submitted after this deadline will be considered in computations for tentative honors.

Graduation Application Fee

The graduation fee for the bachelor's degree is \$40. This fee must be paid at the time the student initially applies for graduation (see above) and does not include the cost of cap and gown rental. The last day for applying for graduation is listed in the University calendar and/or Class Schedule.

Special Examinations

Students may be required to take one or more of the following examinations:

1. All students in teacher licensure programs are also required to take the ILTS content-area examination. The content-area exam must be passed before an individual can commence to student teach. Information on all of the ILTS tests and registration materials are available at www.il.nesinc.com or in Room 1420 Buzzard Hall.
2. All Students in teacher licensure programs are also required to pass the edTPA (teacher performance assessment) in order to receive a teaching license in Illinois or any other state. Students will make their edTPA submission during student teaching.
3. Undergraduates may be required to complete an examination as part of Eastern's goal to assess student learning outcomes.
4. Students who plan on attending graduate school are encouraged to contact the Graduate School Office for information concerning graduate school admission tests (GRE, GMAT, MAT, etc.)

Teacher Licensure

All teacher licensure students must purchase LiveText and participate in the Unit Assessment System for Teacher Education. Additional information is available at the College of Education website, <https://www.eiu.edu/coe/teached.php>.

Candidates for licensure as teachers, administrators, or school service personnel should apply for licensure early in the term in which they will complete their requirements. The University, however, will not approve and release the application until all work actually has been completed and the student has met all requirements of the appropriate program and degree.

Transcripts

The Office of the Registrar will make a transcript of the academic record of a student when requested to do so. Unless specific instructions are given to the contrary, it is understood that the Office of the Registrar has permission of the student to send his/her transcript to employing and certifying agencies, such as schools, boards of education, businesses, and the state department of education, when such an agency requests it.

All requests for transcripts must be placed directly online. If you are a current student, please place the order through PAWS. The "Order Official Transcript" link is found in your Student tab at the bottom of Student Records. If you are a former student, you will need to place your order through Credentials at <https://www.credentials-inc.com/tplus/?ALUMTRO001674>.

A processing fee of \$10 is charged for each regularly processed transcript issued. The processing fee for rush transcripts, processed the next working day after receipt of the signed request, is \$15.00 for each. Transcripts will be issued only for students whose records are clear.

University Learning Goals

Eastern's undergraduate University Learning Goals were revised, effective Fall 2014, to reflect EIU's mission, which states that "throughout their education, students refine their abilities to reason and to communicate clearly so as to become responsible citizens and leaders."

EIU graduates reason and communicate clearly as responsible citizens and leaders in diverse personal, professional, and civic contexts.

Critical Thinking

EIU graduates question, examine, evaluate, and respond to problems or arguments by:

1. Asking essential questions and engaging diverse perspectives.
2. Seeking and gathering data, information, and knowledge from experience, texts, graphics, and media.
3. Understanding, interpreting, and critiquing relevant data, information, and knowledge.
4. Synthesizing and integrating data, information, and knowledge to infer and create new insights
5. Anticipating, reflecting upon, and evaluating implications of assumptions, arguments, hypotheses, and conclusions.
6. Creating and presenting defensible expressions, arguments, positions, hypotheses, and proposals.

Writing and Critical Reading

EIU graduates write critically and evaluate varied sources by:

1. Creating documents appropriate for specific audiences, purposes, genres, disciplines, and professions.
2. Crafting cogent and defensible applications, analyses, evaluations, and arguments about problems, ideas, and issues.
3. Producing documents that are well-organized, focused, and cohesive.
4. Using appropriate vocabulary, mechanics, grammar, diction, and sentence structure.
5. Understanding, questioning, analyzing, and synthesizing complex textual, numeric, and graphical sources.
6. Evaluating evidence, issues, ideas, and problems from multiple perspectives.

7. Collecting and employing source materials ethically and understanding their strengths and limitations.

Speaking and Listening

EIU graduates prepare, deliver, and critically evaluate presentations and other formal speaking activities by:

1. Collecting, comprehending, analyzing, synthesizing and ethically incorporating source material.
2. Adapting formal and impromptu presentations, debates, and discussions to their audience and purpose.
3. Developing and organizing ideas and supporting them with appropriate details and evidence.
4. Using effective language skills adapted for oral delivery, including appropriate vocabulary, grammar, and sentence structure.
5. Using effective vocal delivery skills, including volume, pitch, rate of speech, articulation, pronunciation, and fluency.
6. Employing effective physical delivery skills, including eye contact, gestures, and movement.
7. Using active and critical listening skills to understand and evaluate oral communication.

Quantitative Reasoning

EIU graduates produce, analyze, interpret, and evaluate quantitative material by:

1. Performing basic calculations and measurements.
2. Applying quantitative methods and using the resulting evidence to solve problems.
3. Reading, interpreting, and constructing tables, graphs, charts, and other representations of quantitative material.
4. Critically evaluating quantitative methodologies and data.
5. Constructing cogent arguments utilizing quantitative material.
6. Using appropriate technology to collect, analyze, and produce quantitative materials.

Responsible Citizenship

EIU graduates make informed decisions based on knowledge of the physical and natural world and human history and culture by:

1. Engaging with diverse ideas, individuals, groups, and cultures.
2. Applying ethical reasoning and standards in personal, professional, disciplinary, and civic contexts.
3. Participating formally and informally in civic life to better the public good.
4. Applying knowledge and skills to new and changing contexts within and beyond the classroom.

General Education

General Education at Eastern Illinois University offers students an intellectual foundation for their academic, professional, and personal lives. The General Education program is aligned with the University's mission to help students "refine their abilities to reason and to communicate clearly so as to become responsible citizens and leaders." General Education refers to the part of the university's education common to all students. It is typically grounded in the humanities, natural sciences, social sciences, and arts, and provides a platform for fostering proficiencies that span all fields of study while probing contemporary problems and enduring questions. By facilitating students' exploration of questions across multiple fields of study, general education

fosters knowledge, while also engaging students in issues encountered by citizens in a democracy. By fostering thoughtful learning and reflection, Eastern Illinois University seeks to instill the value of intellectual curiosity and lifelong learning in its students.

Core intellectual skills embodied in EIU learning goals—critical thinking, writing & critical reading, speaking & listening, quantitative reasoning, and various aspects of responsible citizenship (ethical reasoning, considering diverse perspectives, and civic implications)—are practiced and integrated continuously across general education. Foundational courses focus on critical thinking and core writing, speaking or quantitative skills. Students are advised to take these courses during the first year of study.

Courses in the other segments of general education focus on a particular learning goal in addition to their topic content (e.g. quantitative reasoning in the natural sciences, communication in the arts & humanities, responsible citizenship in the social & behavioral sciences) and also give focused attention to critical thinking and at least one other learning goal. Courses that target a specific university learning goal have learning objectives and graded assignments tied to the learning goal; they also provide explicit instruction, practice, and feedback related to the development of that skill. The required senior seminar (or study abroad capstone) targets all five learning goals.

Courses are noted with a tag denoting the goals being addressed: CT = Critical Thinking, WR = Writing & Critical Reading, SL = Speaking & Listening, QR = Quantitative Reasoning; RCD = Responsible Citizenship-Diversity; RCE = Responsible Citizenship-Ethics; RCC = Responsible Citizenship-Civics. Courses currently tagged as WC will remain WC for writing-centered; courses currently labelled WI will become WR courses. In WR courses, several assignments and activities are required—both informal, writing-to-learn activities and formal writing projects. These activities and assignments, which are to be spread over the course of the semester, serve the dual purpose of strengthening writing skills and deepening understanding of course content. Revision must be incorporated in at least one writing assignment through peer review or after a draft has been read and commented on by the instructor or the instructor may provide the opportunity for revision for a higher grade.

CRITICAL THINKING INFUSION IN ALL GENERAL EDUCATION COURSES

All of EIU's general education courses are charged with helping students develop their critical thinking skills. In a complex world, comprehension of content knowledge is not sufficient preparation for student success at EIU and beyond. Educational excellence in EIU's general education curriculum lies in fostering habits of mind that enable students to find, evaluate, integrate, and apply information; reach informed judgments; and transfer their critical thinking skills to other tasks they encounter throughout their lives.

Areas of focus for critical thinking include the ability of students to:

1. Ask essential questions and engage diverse perspectives;
2. Seek data, information, or knowledge from experience, texts, and other media;
3. Understand, interpret, and critique relevant information or knowledge;
4. Synthesize information and knowledge to infer or create insights;
5. Anticipate and evaluate assumptions, arguments, or conclusions;
6. Create and present defensible arguments, positions, hypotheses, or proposals.

While studying a myriad of topics in General Education, students develop analytic strategies and produce work that represents integration of knowledge, skills, evidence-based reasoning, and personal or social responsibility.

Every general education course includes at least one critical inquiry assignment that requires students to answer an important "real-world" question, test a hypothesis, build an argument, or solve a problem by gathering, interpreting, and evaluating evidence to draw conclusions. To facilitate integrative learning and transfer of knowledge and skills, students are also asked to reflect critically on their learning in each course and consider how it relates to other learning and experiences.

FOUNDATIONAL COURSES

Three communication courses in General Education provide students with focused instruction and multiple opportunities to practice and receive feedback on speaking, listening, writing, and critical reading. These courses also allow students to learn about critical thinking through explicit instruction and to foster critical thinking skills through practice and feedback. Students learn how to use information literacy skills to collect, analyze, synthesize, and cite sources appropriately; identify and critique weak sources of information or weak arguments; build an argument or defend a hypothesis or claim; adapt oral or written communication based on their purpose and audience; and employ organizational strategies and language effectively.

Topics of writing projects or oral presentations assigned in these courses might also incorporate aspects of responsible citizenship such as ethical reasoning, discussion of issues from diverse perspectives, or investigation of civic problems. Students may also be required to comprehend and produce graphic material that represents numeric information.

Foundational Courses in Writing & Critical Reading

ENG 1001G, 1002G, 1091G, 1092G
Critical Thinking Targeted
Writing & Critical Reading Targeted

English 1001G and 1002G and their honors equivalents, 1091G and 1092G, are writing-centered courses. In these courses students learn the principles and the process of writing in all of its stages, from inception to completion. The quality of students' writing is the principal determinant of the course grade. The minimum writing requirement is 20 pages (5,000 words) of finished prose produced through multiple writing projects.

These courses provide a foundation in writing and critical reading in relation to the Writing & Critical Reading University Undergraduate Learning Goal, which states that EIU graduates write critically and evaluate varied sources by:

1. Creating documents appropriate for specific audiences, purposes, genres, disciplines, and professions.
2. Crafting cogent and defensible applications, analyses, evaluations, and arguments about problems, ideas, and issues.
3. Producing documents that are well organized, focused, and cohesive.
4. Using appropriate vocabulary, mechanics, grammar, diction, and sentence structure.
5. Understanding, questioning, analyzing, and synthesizing complex textual, numeric, and graphical sources.

6. Evaluating evidence, issues, ideas, and problems from multiple perspectives.
7. Collecting and employing source materials ethically and understanding their strengths and limitations.

Foundational Courses in Speaking & Listening

CMN 1310G, 1390G
Critical Thinking Targeted
Speaking & Listening Targeted

Communication Studies 1310G and its honors equivalent, 1390G, focus on oral communication and include instruction in techniques of listening and informative, persuasive, and reactive speaking. Students are required to engage in critical listening through self- and peer-evaluation of oral communication. Students are required to give four speeches, three of which must be substantive (on an ethical topic, at least five continuous minutes of speaking, research must be verbally cited, graded on content, organization, and delivery). One speech must be informative and one must be persuasive. The speeches should total at least 25 minutes and speaking assignments should account for at least 50% of the course grade.

These courses provide a foundation in speaking and listening in relation to the Speaking & Listening University Undergraduate Learning Goal, which states that EIU graduates prepare, deliver, and critically evaluate presentations and other formal speaking activities by:

1. Collecting, comprehending, analyzing, synthesizing and ethically incorporating source material.
2. Adapting formal and impromptu presentations, debates, and discussions to their audience and purpose.
3. Developing and organizing ideas and supporting them with appropriate details and evidence.
4. Using effective language skills adapted for oral delivery, including appropriate vocabulary, grammar, and sentence structure.
5. Using effective vocal delivery skills, including volume, pitch, rate of speech, articulation, pronunciation, and fluency.
6. Employing effective physical delivery skills, including eye contact, gestures, and movement.
7. Using active and critical listening skills to understand and evaluate oral communication.

Foundational Courses in Quantitative Reasoning

MAT 1160G, 1170G, 1441G, 2110G, 2120G, 2190G, 2250G, 2290G, 2420G
Critical Thinking Targeted
Quantitative Reasoning Targeted

A math course in General Education provides the foundation for critical thinking and quantitative reasoning. Courses that fulfill the general education mathematics requirement emphasize the development of the student's capacity for mathematical reasoning and problem solving in settings the college graduate may encounter. General education mathematics courses prepare

students for the different and surprising ways they may encounter mathematics in the real world such as understanding different voting systems to functional design, from optimization to interpreting statistics. Every college graduate should be able to apply basic mathematical methods to the solution of real-world problems.

These courses provide a foundation in quantitative reasoning in relation to the Quantitative Reasoning University Undergraduate Learning Goal, which states that EIU graduates produce, analyze, interpret, and evaluate quantitative material by:

1. Performing basic calculations and measurements.
2. Applying quantitative methods and using the resulting evidence to solve problems.
3. Reading, interpreting, and constructing tables, graphs, charts, and other representations of quantitative material.
4. Critically evaluating quantitative methodologies and data.
5. Constructing cogent arguments utilizing quantitative material.
6. Using appropriate technology to collect, analyze, and produce quantitative materials.

QUANTITATIVE REASONING IN SCIENTIFIC AWARENESS

All Courses in the Scientific Awareness Segment
Critical Thinking Infused
Quantitative Reasoning Targeted
Third Goal Chosen by Department Targeted

In physical and biological science courses, students develop an understanding of the scientific method and quantitative concepts used in the sciences. They use critical thinking skills to analyze methods of describing, predicting, understanding, and explaining physical and biological phenomena. In the science laboratory experience, students a.) formulate or evaluate questions (hypotheses), b.) plan and conduct experiments (test hypotheses), c.) make systematic observations and measurements, d.) analyze and interpret data, e.) draw conclusions, and f.) communicate the results orally and/or in writing including representation of quantitative information.

Students learn to define a problem or key debate in science and interpret the importance of this issue for society. They consider evidence that may conflict on that scientific topic, critique the information and draw defensible conclusions. They become critical consumers of scientific claims in popular texts and the media by evaluating the rigor of investigations and appropriateness of generalizations made about scientific studies

In General Education Science courses students will:

Content Specific Objectives

1. Understand and apply basic concepts in the field of science being studied;
2. Describe the scientific method and how existing knowledge or practice is advanced, tested, and revised in the field of study;
3. Recognize the role of science in society and identify potential sources of bias and influence that can affect scientific research and the use and reporting of scientific information.

Content Infused with Critical Thinking Objectives

4. Critically evaluate scientific evidence that may have conflicting findings (in terms of rigor of methods, caution in making generalizations) and draw defensible conclusions;
5. Anticipate possible positive or negative implications from the outcomes of scientific studies applied to real world problems.

Quantitative Reasoning Objective

6. Interpret quantitative information in text, tables, graphs, and charts.
7. Apply basic calculations and quantitative methods to solve problems
8. Interpret and critique quantitative information about science, such as basic statistical concepts of measures of central tendency and variability; the difference between correlation and causation; the role of sample size in statistical significance; and the difference between statistical significance and practical importance.

Additional Learning Goals—One is Chosen

9. Write critically and evaluate varied sources. (Writing & Critical Reading)
10. Prepare, deliver, and critically evaluate presentations and other formal speaking activities. (Speaking & Listening)
11. Consider culture, class, ability, ethnicity, gender, race, and/or sexual orientation as they relate to the scientific field of study. (Responsible Citizenship – Diversity)
12. Apply ethical reasoning and standards to scientific dilemmas and research. (Responsible Citizenship – Ethics)
13. Understand how laws and government regulations impact the natural world and scientific endeavors. (Responsible Citizenship – Civics)

Additionally, these courses will build on the Quantitative Reasoning skills that students developed in the foundational mathematics courses.

COMMUNICATION IN THE HUMANITIES AND FINE ARTS

All Courses in the Humanities and Fine Arts Segment				
Critical Thinking Infused				
Writing & Critical Reading Targeted	OR	Speaking & Listening Targeted	OR	Combination of Writing & Critical Reading and Speaking & Listening Targeted
Third Goal Chosen by Department Targeted				

Courses in arts and humanities focus on critical thinking as well

as oral and written communication skills. Because critical thinking, research, and reflection are necessary to the study of the arts and humanities, both receptive (critical reading and listening) and expressive (writing and speaking) aspects of communication are significant components of arts and humanities courses.

The basis of instruction in these disciplines is primarily the interpretation and critical analysis of written and visual artifacts. Courses in the humanities provide sources and methods for reflection upon the human experience in its rhetorical, historical, artistic, literary, philosophical, and religious dimensions. Humanities courses provide students with the foundations and methods necessary for a critical understanding of languages, cultures, and traditions while also exposing students to diverse perspectives.

Courses in the fine arts provide students with a basis for understanding and evaluating musical, theatrical, and visual works in terms of production and reception. Students learn to apply historical, philosophical, aesthetic, and critical concepts to specific works and genres. Fine arts courses provide students with the foundations and methods necessary for a critical appreciation of various artistic and aesthetic traditions, as well as the evaluation of specific works.

In General Education Arts and Humanities courses students will:

Content Specific Objectives

1. Understand and apply basic concepts from the art or humanities field being studied.

Content Infused with Critical Thinking Objectives

2. Evaluate differing points of view on the same historical event, text, or creative production (rhetorical, literary, musical, theatrical, artistic) by assessing the authors' claims, reasoning, and evidence;
3. Analyze and interpret texts or artistic productions on multiple levels and recognize and synthesize connections among compositions;
4. Integrate information from diverse sources, both primary and secondary, to form a coherent interpretation of an idea or event, noting discrepancies among sources.

Communication Goals - Writing & Critical Reading and/or Speaking & Listening

5. Use organization, language, and information adapted to task and audience in oral and/or written communication.
6. Identify, evaluate and cite information resources as they engage in projects, papers, and/or oral presentations.
7. Use effective vocal and physical delivery skills.
8. Use active and critical listening and/or reading skills to understand and evaluate oral and/or written communication.

Additional Learning Goals - One is Chosen

9. Use quantitative material to make verbal or written arguments. (Quantitative Reasoning)
10. Engage with diverse ideas, individuals, groups, and cultures through humanities/arts research or creative activity. (Responsible Citizenship – Diversity)
11. Apply ethical reasoning and standards in personal, professional, disciplinary, and civic contexts. (Responsible Citizenship – Ethics)
12. Identify, analyze, and evaluate how political institutions, processes, and economics are interrelated with the arts

and humanities fields. (Responsible Citizenship – Civics)

CITIZENSHIP IN THE SOCIAL AND BEHAVIORAL SCIENCES

All Courses in the Social and Behavioral Sciences Segment				
Critical Thinking Infused				
One or More of the Following Aspects of Citizenship Targeted				
Civics	OR	Ethics	OR	Diversity
Third Goal Chosen by Department Targeted				

In Social and Behavioral Science courses, students use critical thinking skills to develop insights into human behavior and discuss institutional forces that influence society. Students learn to analyze the past, develop insight into contemporary social life, and understand the impact of individual and social actions. Students learn to define problems or key debates in the social science field and interpret their importance for society. They read information that may have conflicting viewpoints or findings, critique the information, and draw conclusions that can be defended.

Social and Behavioral Sciences courses develop skills essential to be a good citizen by encouraging students to consider diverse perspectives, apply ethical decision making, and appreciate the importance of civic engagement.

Diversity courses focus on students' capacity for viewing issues or problems from multiple perspectives. Rather than viewing the world through a single-focus lens, students learn to consider multiple viewpoints when discussing issues. Courses help students move outside their comfort zone and encourage engagement about class, culture, ability, ethnicity, gender, race, and/or sexual orientation. By developing a deeper knowledge of the factors that create difference, students can better understand, respect, and interact with different people and viewpoints, vital skills for responsible citizens. The examination of history, language, and/or traditions of other countries or cultures (anthropological, artistic, literary, philosophical, political, or sociological) aids in using cultural sensitivity when making informed and ethical decisions.

Ethical reasoning courses focus on ethical principles and codes of conduct used for making decisions and taking action. Students assess their own ethical values and the social context of problems; analyze how different perspectives might be applied to ethical dilemmas, and consider the ramifications of alternative actions. Ethical reasoning within various cultures, professions, economic behavior, civic settings, or social relationships may be discussed. Analytic reasoning, the use of information resources, communication, and diverse perspectives are brought to bear in the ethical decision-making process to reduce tensions, conflicts, disparities, and potential harm.

Civic engagement courses focus on a core overarching goal of higher education to produce responsible citizens armed with the knowledge, skills, and desire to work for the public good at a local, state, national, or global level. Courses challenge students to identify, analyze, and evaluate the ways in which political institutions and processes are interrelated: for example, how government institutions, economic factors, public opinion, the media, and party politics interrelate during the decision making process at the national, state, or local level. Students learn to participate in constructive deliberation (critiquing and building arguments) about issues, challenges, or solutions

In General Education Social and Behavioral Science courses students will:

Content Specific Objectives

1. Understand and apply concepts in the field of Social and Behavioral Science being studied;
2. Discuss modes of inquiry used in the Social Sciences and how existing knowledge or practice is advanced, tested, and revised in the field of study.

Content Infused Critical Thinking Objectives

3. Explore and evaluate competing perspectives or findings on issues, critique the information, and present a reasoned analysis and defensible conclusions.

Responsible Citizenship Specific Objectives - courses will focus on one or more of the following:

4. Describe, diverse perspectives to a problem;
5. Analyze issues related to class, culture, ability, ethnicity, gender, race, and/or sexual orientation;
6. Describe the **ethical issues** present in prominent problems and apply ethical principles or frameworks that could inform decision making with respect to such problems;
7. Apply **ethical reasoning** to cases in the field of study with evidence-based justification of the best decision and evaluation of consequences of alternative decisions;
8. Identify a significant **civic** challenge, present relevant evidence pertaining to that challenge, and provide a rationale for a course of action;
9. Evaluate and/or engage in **civically** minded thinking and/or action in relation to issues affecting the local community, nation, and/or world.

Additional Learning Goals - One is Chosen

10. Produce, analyze, interpret, and evaluate quantitative material (Quantitative Reasoning)
11. Write and read critically and evaluate varied sources. (Writing & Critical Reading)
12. Prepare, deliver, and critically evaluate presentations and other formal speaking activities. (Speaking & Listening)

Responsible Citizenship Targeted

The General Education Seminar at Eastern Illinois University is a cross-disciplinary capstone experience that provides students with an opportunity to apply concepts and use skills developed in all five university learning goal areas (critical thinking, writing & critical reading, speaking & listening, quantitative reasoning, and responsible citizenship). Topics of major importance (e.g. the Holocaust, Social Movements, Women in Science, Technology, Controversies in Education, Sociobiology, etc.) are explored as students read, analyze, discuss, and write about them while students learn to approach issues related to the topic with a focus on relevant aspects of responsible citizenship. The seminar gives students experience synthesizing, analyzing, and refining ideas/concepts using a variety of methods and from a variety of perspectives while practicing oral and written communication.

The Study Abroad Capstone is taken after a study abroad experience and facilitates students' ability to think critically about their global education experiences. Students discuss their cultural experiences abroad and reflect on how the study abroad experience impacted their knowledge, skills, and attitudes. Students synthesize information about their individualized experience through readings, assignments, and a substantive writing sample, an individualized project, and a presentation.

In General Education Seminar or Study Abroad Capstone courses students will:

1. Obtain information on the course topic from a variety of sources, some including quantitative data
2. Evaluate and synthesize information from diverse sources
3. Conduct a rational dialogue with others on topics generated by course materials and outside research;
4. Express in written and oral forms their synthesis of a topic and a reasoned defense of conclusions reflecting their synthesis;
5. Reflect on links between their formal course work and contemporary problems/events;
6. Discuss diverse viewpoints on problems/situations;
7. Analyze their own views in light of readings and discussions in order to make informed, responsible, and ethical civic and personal decisions.

***Cultural Diversity**

Eastern Illinois University seeks to foster cultural understanding to assist its students to become responsible citizens in a diverse world. The general education curriculum furthers this objective by requiring students to complete at least one course carrying the cultural diversity designation.

To receive the cultural diversity designation, courses will:

1. Include one or more of the following as their focus or as a means to explore some other topic:
 - a. the study of diverse peoples (including issues of class, disability, ethnicity, gender, race, and sexual orientation) in the U.S. and abroad;
 - b. the history, language, and/or traditions (anthropological, artistic, literary, philosophical, political, or sociological) of other countries or cultures;
 - c. the role of cultural sensitivity in making informed and ethical decisions.
2. Reinforce the importance of attending to a plurality of voices (including those from traditionally underrepresented groups) to better understand human history, culture, and decision making.
3. Include among their outcomes the goal of enabling students to appreciate, live, and work with people who are different from them.

Cultural diversity courses are marked with an asterisk following the course title.

Senior Seminar or Study Abroad Capstone

(3 Semester Hours)

Senior Seminar

Senior seminars are offered in a number of subjects and disciplines each semester, each one organized around a particular subject/issue important to contemporary society. Each seminar is listed by title and instructor in the schedule of courses each semester. The student must successfully complete a

seminar outside of his or her major. **(Students may take a senior seminar once they have completed 75 semester hours. However, so that those nearing graduation will have first access to seats, only students who have earned or will have earned 90 hours may register without the assistance of the offering department.)**

The Senior Seminar at Eastern Illinois University is designed to be a cross-disciplinary culminating experience that will provide students with an opportunity to apply concepts and use skills developed in both their general education and major courses. Information about topics of major importance, e.g. the Holocaust, Social Movements, Women in Science, Technology, Controversies in Education, Sociobiology, etc. will be read, analyzed, discussed, and written about in a three semester-hour seminar led by a faculty member of a discipline different from those of the students. To allow ample time for writing and discussion, senior seminars will be limited to a maximum of 25 students. As an element of the general education curriculum, each senior seminar shall focus on some aspect of citizenship.

Study Abroad Capstone

Study Abroad Program (2+ semester hours) and STA 4000G (1 semester hour) – Study Abroad is a high quality international academic opportunity that enables students to develop the knowledge and skills necessary for leadership in an interdependent world. The University offers study abroad programs in more than 30 countries around the world. Competitive scholarships are available. Students should plan and apply early. After successful completion of an approved EIU study abroad program, and 75 semester hours, students are eligible to take STA 4000G. As a capstone, STA 4000G will require students to exercise their abilities to think critically about their global education experiences. STA 4000G incorporates university assessment activities, which may include tests, surveys and other instruments. To allow ample time for writing and discussion, STA 4000G, will be limited to a maximum of 25 students.

General Mission

International academic experiences help students develop the personal and professional skills required to become effective and viable global citizens in a diverse world. Eastern Illinois University recognizes study abroad as a fundamental component of excellence in higher education and encourages all students to take advantage of the many high-quality opportunities available. It is the desire of the University to move study abroad from the exception to the norm and to emerge as a leader of international education within Illinois, the nation, and the world.

Office of Study Abroad

The Office of Study Abroad, in consultation with the International Education Council, establishes and monitors policies and procedures for credit-bearing experiences that take place outside of the United States. The Office of Study Abroad is dedicated to providing EIU students with affordable, high quality international academic opportunities that allow them to develop the knowledge and skills necessary for leadership in an interdependent world. A resource center and full range of comprehensive services are available for students seeking to integrate an international experience into their studies at Eastern Illinois University. Campus-wide events and information meetings are offered to provide additional information.

Financial Aid & Scholarships

Federal and State aid, with the exception of work-study and assistantships, may be used for credit-bearing study abroad experiences. Students may also apply for various national scholarships to study abroad. In addition, the Office of Study Abroad awards approximately \$60,000 in grants and scholarships every year to EIU students who choose to study or intern abroad.

Program Options

Programs are offered all over the world and range in length from one week to an academic year. Students are encouraged to explore opportunities early in their academic career.

EIU and Partner Programs are posted at <http://abroad.eiu.edu> -- These programs have been evaluated and approved to meet the goals of academic departments and the mission/strategic plan of the Institution at large. These programs offer EIU credit toward a variety of major, minor, and general education requirements.

Non-Partner Programs must be approved by the Office of Study Abroad via a Petition for Program Approval.

Admission Requirements

Students should have completed one semester of college (for programs that are not faculty-led or run through consortia) and be in good academic and judicial standing. No student who is on academic or disciplinary probation will be allowed to study abroad on any program through EIU.

Eligibility requirements vary by program. Students must meet eligibility and admission requirements of EIU and Partners in order to qualify for a particular study abroad program.

Enrollment Procedures

Enrollment for all international credit-bearing experiences is processed through the Office of Study Abroad. Information and application materials can be found on the website.

Tuition

For exchanges and faculty-led programs, students pay EIU tuition. For all other study abroad programs, EIU tuition is waived and students pay the host institution's tuition or third-party provider fees.

Insurance Coverage

Health Insurance as provided through the payment of regular academic fees while attending EIU does not cover students while in transit or during the program while in a foreign country. Instead, students who are registered to study abroad are enrolled in a special health insurance/emergency assistance plan. Enrollment in this plan is mandatory and the cost is billed to each student's account. For more information about the cost and benefits, contact the Office of Study Abroad or visit <http://abroad.eiu.edu>.

General Mission

The Honors College is a center for academic excellence and leadership within the University. The Honors College encourages academically talented students to develop to their full potential through completion of suitable coursework in small classes taught by excellent faculty. Dedicated to nurturing students intellectually so they are equipped upon graduation to pursue their interests,

the Honors College also encourages undergraduate research and creative activity, community service opportunities, study abroad experiences, and professional internships. This provision of an integrated academic experience contributes to Eastern Illinois University's acclaim as a university accomplished in teaching and research and focused on its graduates' success.

Programs

The Honors College offers academically talented students the opportunity to participate in five distinct yet complementary programs: University Honors; Departmental Honors; the Presidential Scholars Program; Undergraduate Research, Scholarship, and Creative Activities; and national scholarships competition. Though all programs are housed in the Honors College, the last three are open to members of the general student body.

University Honors

The University Honors Program offers students unique interdisciplinary Honors seminars; enriched and rigorous versions of General Education courses, while encouraging students to also participate in departmental honors. A limited number of courses outside general education are also provided. Honors course sections are typically smaller and taught in a colloquium format by professors distinguished in their fields. Honors prepares students to compete at the highest levels for career opportunities and graduate school placements. Students can complete two distinct levels of University Honors:

Honors Scholars complete any 15 credits worth of honors courses by graduation: these classes may include departmental honors offerings (see below). A grade of C or better is required in all Honors coursework.

University Honors Laureates complete 26 hours of honors courses by graduation: these classes may include departmental honors offerings (see below). Required courses include an Honors freshman seminar and an Honors Senior Seminar both of which count for general education credit. A grade of C or better is required in all Honors coursework.

University Honors Laureate

Required Courses are listed below.

- HON 1190 (Honors Forum, 1 cr) or HON 1290 (Honors Exploration Seminar, 1 cr.) or HON 1191 (Honors Presidential Seminar, 3 cr.)
- Honors Senior Seminar (4 cr.)
- Additional Honors courses (including departmental honors courses) to make up 26 credits in total.

Substitutes for Honors Courses

Students in University Honors can satisfy up to 6 hours of Honors course requirements by taking graduate level classes. In addition up to 6 hours may be waived for students who complete reflective projects related to study abroad, internships etc.

Admission Criteria

The Sandra and Jack Pine Honors College seeks diverse academically-talented students committed to joining our Honors community. The University has three different admission programs.

1. Automatic Admission

Automatic admission to University Honors is extended to entering freshmen who have an SAT of 1230+ (or ACT composite of 26+) AND have a high school GPA of 3.5 or are in the upper 10% of their high school graduating class

OR

have a 3.75 final high school cumulative GPA (on a 4.0 scale) but have not submitted their SAT/ACT test scores.

2. Dean's Choice Admission

Entering freshman students who do not have both of the above criteria by who have demonstrated academic excellence or potential in other ways are encouraged to apply online at the Honors College website

3. Continuing and Transfer Students

Students can join Honors after their first semester (at EIU or elsewhere) by applying online. We generally admit students who have earned a GPA of 3.5 for at least 12 hours of post-secondary coursework (whether at EIU or elsewhere) but will consider applicants who have demonstrated academic excellence or potential in other ways.

Departmental Honors

The Departmental Honors Program encourages students to delve deeply into areas of personal interest within their selected fields, preparing them for the competitive post-graduation world by promoting focus and independent research and analysis. The program requires a minimum of 12 hours of credit, derived from completion of progressive coursework that culminates in a senior thesis written under the supervision of Honors faculty. A grade of C or better is required in all courses counting toward Departmental Honors.

Admission Criteria

Departmental Honors is open to students meeting the following criteria:

- Attainment of a 3.5 cumulative GPA for at least 12 hours of coursework taken at EIU*.
- Fulfillment of all requirements specific to the Departmental Honors program of choice.
- Permission of the Dean of The Honors College and the Departmental Honors Coordinator.

*Transfer students who have not completed 12 hours at EIU may be admitted under the recommendation of the Departmental Honors Coordinator.

Presidential Scholars Program

The Presidential Scholars Program is a concentrated academic leadership experience that fuses ambition with ability. Attracting the best, brightest, and most determined students, the Presidential Scholars Program provides substantive opportunities for personal, academic, and pre-professional growth. Individualized faculty mentoring, mindful exploration of self-initiated academic goals, and flexible sequenced programming allow Presidential Scholars to plan their undergraduate academic career with an eye toward graduate study and/or professional practice. As Presidential Scholars, students complete the University Honors Program, HON 1191--Honors First-Year Seminar, and a self-selected Honors Experience designed to provide meaningful personal, academic, and/or pre-professional challenge. In exchange for meeting the high expectations of the program, Presidential Scholars receive tuition and fee coverage for up to eight (8) semesters. Five Presidential Scholars will be

named as Pemberton Presidential Scholars and receive EIU housing and dining benefits for up to eight (8) semesters. These awards are competitive. See Honors Scholarships at the end of this section for more details.

Undergraduate Research, Scholarship, and Creative Activities

The Honors College offers opportunities for faculty mentoring of student research, scholarship, and creative activities in order to foster collegial relationships and support teaching-learning experiences. Each semester, the Undergraduate Research, Scholarship, and Creative Activity Committee awards grants to students and their faculty mentors in support of student-initiated collaborative research. Students are held to professional standards, co-author publications and presentations, and gain a heightened awareness of the work required in graduate study and the professional world.

Application Criteria

Any student currently enrolled at Eastern Illinois University with a minimum 3.0 GPA or higher may, with a faculty mentor, submit a proposal.

National Scholarships

The National Scholarships Program at Eastern Illinois University actively supports students whose exceptional academic performance, extensive service history, significant leadership experience, and focused graduate school and career aspirations distinguish them from their peers. The Honors College provides mentorship to students interested in pursuing several major awards, among them the Barry M. Goldwater Scholarship, the Fulbright U.S. Student Program, and the Marshall Scholarships. Through mentorship, the Honors College affords students the opportunity to grow their self-awareness, general field awareness, and specialty awareness while gaining advanced practical experience in self-promotion through written and oral communication. For additional information about the National Scholarships Program, including eligibility requirements for various awards, current students and recent EIU alumni should contact the Honors College Academic Advisor.

Honors Scholarships

Incoming Freshman Scholarships

Presidential Scholarships: The twenty incoming freshmen admitted each year to the Presidential Scholars Program are awarded financial assistance for a flat amount of \$6,000 each semester (\$12,000 per year), for up to eight semesters of eligibility. Students must maintain a cumulative GPA of 3.4 or higher to retain their eligibility. Application materials are available online in the fall.

Pemberton Presidential Scholarships: Five of the Presidential Scholars each year will be named Pemberton Presidential Scholars. They will receive, in addition to the financial award listed above, EIU housing and dining benefits for up to eight (8) semesters. These awards are competitive. For more information about the Presidential and Pemberton Presidential Awards, please see the EIU Scholarship web page.

Prospective students who are eligible for the Presidential or Pemberton Presidential Awards will generally be invited to apply for them by the Dean of the Pine Honors College after they have been admitted.

Honors College Talented Student Awards: These awards are intended to promote the development of unique student academic talents. Incoming freshmen who qualify for admission to the University Honors Program may apply. Students who have demonstrated excellent scholarship as measured by ACT and high school class rank or GPA are eligible. This award may waive a portion of tuition for up to 8 semesters. Students must maintain a cumulative GPA of 3.4 or higher to retain their eligibility. Application materials are available in the fall.

President Doudna Memorial Scholarship: Students who are first semester freshmen at Eastern Illinois University and who have graduated from an Illinois high school may apply. Application materials are available in the spring.

Continuing Student Scholarships

John L. Whisnand Scholarship: Students attending Eastern Illinois University may apply. Application materials are available in the spring.

Honors College Scholarships for Current Honors Students: The following scholarships are open to students with a cumulative GPA of 3.40 or higher attending Eastern Illinois University who are enrolled in the University Honors or Departmental Honors programs and have demonstrated academic excellence. Honors students only need to complete a single application to be considered for these scholarships. Applications are available in the spring. Students must reapply annually:

- Study Abroad Awards
- Dorothy Davis Bunge Scholarship (for residents of DuPage County)
- First Neighbor Bank Scholarship
- Rachel A. Richardson Scholarship

More information and applications are available on the Honors College web site: <http://www.eiu.edu/honors>.

Housing

Thomas Hall has designated Honors-priority floors. Honors students who wish to surround themselves with other academically oriented individuals, in an atmosphere conducive to learning, may request these floors in Thomas Hall.

Majors and Minors

Undergraduate Degrees at Eastern Illinois University

Definition of Terms

Degree

A degree is the title which the University confers on a graduate as the result of his/her having completed university requirements for that degree. Eastern Illinois University confers the following degrees at the undergraduate level:

- Bachelor of Arts (BA)

- Bachelor of Fine Arts (BFA)
- Bachelor of Science (BS)
- Bachelor of Science in Business (BSB)
- Bachelor of Science in Education (BSEd)
- Bachelor of Music (BMus)

Major

A major is a field of study containing specific course requirements unique to a broad field of academic specialization. Requirements of all majors offered at EIU appear in this section.

Note: A student pursuing a degree other than a BS in Business cannot count more than 30 semester hours of business subjects toward fulfillment of bachelor's degree requirements.

Option

An option is a subset of a major academic field and provides a greater specificity within the broad area of knowledge of that major field of study. Examples of options offered at EIU are the teacher licensure options offered in many of the majors, and such specialized options as the Graphic Design Option in the Art major.

Minor

A minor is a part of a student's curriculum which allows that student to formally participate in a discipline or field of study outside his or her major. Most degree programs do not require a minor.

In order to declare a minor or minors, students should contact their college certification officer.

For students in teacher licensure programs who wish to be endorsed in more than one teaching discipline, teacher licensure minors are available. These minors are NOT available to students enrolled in majors that are not teacher licensure programs. Completion of a teacher licensure minor does not guarantee that the individual will be granted an endorsement to teach in that field. Individuals must meet all requirements (including state tests) as set forth by the Illinois State Board of Education to be granted an endorsement in a second teaching field. Once the appropriate Dean indicates that the student has met the catalog requirements for the program, the teaching minor will be entered on the applicant's permanent record.

A student should plan a minor or teaching minor program in consultation with an appropriate advisor or Department Chairperson. If a student wishes to add a minor after having applied for graduation, he or she must contact their college certification officer and ask to add the minor.

Requirements for Minors

- a. Students should declare their minor as soon as possible.
- b. No courses in the minor can be taken credit/no credit unless they are courses which are designated as credit/no credit (such as internship).
- c. At least six (6) semester hours of the coursework in the minor must be completed in residence. These six (6) hours must also be taken for a grade in order to establish a grade point average for the minor. (The Accountancy Minor and the Finance Minor require nine (9) semester hours of coursework in the minor to be completed in residence).
- d. Minor GPA is computed from grades earned in minor courses taken at EIU only.
- e. Semester hours earned in independent study, research, internship, or study abroad may be used toward minor requirements at the discretion of and with the approval of the minor department(s).
- f. In order for the minor to appear on a student's permanent transcript, students must have a cumulative grade-point average of at least 2.00 in a non-teaching minor.

Students with teaching minors who entered Fall 2002 and thereafter must earn a GPA of at least 2.65 in order for the minor to appear on their permanent transcript.

Pre-Degree and Non-Degree Programs

Pre-degree and non-degree programs are those which do not lead to graduation at EIU. The student and his/her advisor may make changes to such programs without the formality of application for a waiver.

Responsibility of the Student

The student has the ultimate responsibility to fulfill the requirements for a degree/program, to check his/her own eligibility to take courses, and to observe the academic rules governing his/her program. The advisor's role is to assist him/her in making important decisions.

General Mission

The College of Liberal Arts and Sciences is dedicated to unfettered intellectual, scientific, and artistic exploration. Through a rich array of undergraduate and graduate programs, academically and professionally proven faculty offer dynamic and rigorous curricula that unite tradition and innovation, while advancing communication skills, critical thinking, quantitative reasoning, and responsible stewardship. Interdisciplinary investigation is encouraged within and beyond the College. Liberal Arts and Sciences bring renowned speakers, exhibits, conferences and cultural activities to campus for the enrichment of both campus and community. Collectively, these opportunities motivate our students to become engaged and invested citizens, - responding creatively to the challenges of a diverse and changing world. Collaborative student-centered experiences excite a life-long thirst for learning and prepare students for fulfilling lives and careers. This mission embraces the intellectual, artistic, and scientific empowerment of all. (See the EIU Graduate Catalog for further information about graduate programs.)

Art: Studio Art Option (B.A)

An option in the Art (B.A.) offerings.

Total Semester Hours required for the Degree: 120 semester hours

Semester Hours required for the Art: Studio Art Option: 53 semester hours

Portfolio Review

Students wishing to pursue the BA with option in Studio Art must apply for admission after earning a total of 45 semester hours of credit, complete the foundations program (Art 1000, 1001, 1110, 1111, 2601, 2602) and six semester hours of 2000 level studio courses (Art 2000, 2050, 2100, 2250, 2560, or 2700), have a minimum cumulative GPA of 2.25 for all coursework, and a minimum Studio Art GPA of 2.75, submit an electronic portfolio of artwork completed in foundations studio courses and 2000 level studio courses, and a one-page statement of intent. The portfolio of artwork will be reviewed and ranked by the Studio Area faculty. Admission in the program is based on a comparative scoring system of performance in the above requirements (cumulative GPA, Studio Art GPA, completion of required coursework, portfolio of artwork, statement of intent).

Exceptions to these requirements can be made only in response to written requests and the subsequent review and recommendation of the Studio Area faculty.

Core Requirements

Art with Teacher Licensure Option (B.F.A)

An option in the Art (B.F.A.) offerings.

Total Semester Hours required for the Degree: 132-138 semester hours

Semester Hours required for the Art with Teacher Licensure Option: 74 semester hours

The BFA in Art with Teacher Licensure (Art Education Option) provides professional training and experiences leading to teacher licensure for grades K-12. Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 3.0 in order to continue in the program.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to Take Teacher Education Courses no later than the end of their first semester Junior year in order to complete program requirements in a reasonable timeframe. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must complete the professional education coursework following the Secondary Education Professional Education Course Sequence. Information is available in the Teacher Licensure Program section of this catalog.

Students must pass the edTPA (teacher performance assessment) before they can receive their teaching license from Illinois or any other state. Students will make their edTPA submission during student teaching.

Graphic Design Minor

Total Semester Hours: 18

Required courses:

A) Complete both of the following (6 semester hours):

- ART 1110 - Design Fundamentals 2D. Credits: 3
- ART 2910 - Introduction to Graphic Design. Credits: 3

B) Complete at least one of the following (3-6 semester hours):

- ART 1000 - Drawing I. Credits: 3
- ART 2920 - Digital Imaging for Design. Credits: 3

C) Complete 6-9 semester hours from the following courses:

Courses can be selected from one or from across the three focus areas combined with ART 3940 for a broader experience.

GRAPHIC DESIGN FOCUS

- ART 3911 - Graphic Design I. Credits: 3
- ART 3921 - Graphic Design II. Credits: 3
- ART 4911 - Graphic Design III. Credits: 3

TYPOGRAPHY FOCUS

- ART 3910 - Typography. Credits: 3
- ART 3920 - Advanced Typography. Credits: 3

HISTORY OF GRAPHIC DESIGN

- ART 3940 - History of Graphic Design. Credits: 3

Studio Art Minor

Total Semester Hours: 18

A) Core Drawing course (3 semester hours):

- ART 1000 - Drawing I. Credits: 3

B) Either one or both of these Design Fundamentals courses (3-6 semester hours):

- ART 1110 - Design Fundamentals 2D. Credits: 3
- ART 1111 - Design Fundamentals 3D. Credits: 3

C) Studio Art Electives (9-12 semester hours):

Students, in consultation with an academic advisor in the Department of Art & Design, will choose electives from the list below. If a student completes BOTH courses in requirement "B" above, then that student needs to complete 9 semester hours from the list below. If a student completes only ONE of the

courses in requirement "B" above, then that student needs to complete 12 semester hours from the list below.

- ART 1001 - Drawing II. Credits: 3
- ART 2000 - Life Drawing I. Credits: 3
- ART 2050 - Painting I. Credits: 3
- ART 2100 - Sculpture I. Credits: 3
- ART 2560 - Printmaking I. Credits: 3
- ART 2700 - Jewelry and Metalsmithing I. Credits: 3
- ART 2910 - Introduction to Graphic Design. Credits: 3
- ART 2920 - Digital Imaging for Design. Credits: 3
- ART 3000 - Drawing III. Credits: 3
- ART 3001 - Drawing IV. Credits: 3
- ART 3051 - Painting II. Credits: 3
- ART 3052 - Painting III. Credits: 3
- ART 3111 - Sculpture II. Credits: 3
- ART 3112 - Sculpture III. Credits: 3

- ART 3252 - Ceramics III. Credits: 3
- ART 3570 - Printmaking II. Credits: 3
- ART 3571 - Printmaking III. Credits: 3
- ART 3701 - Jewelry and Metalsmithing II. Credits: 3
- ART 3702 - Jewelry and Metalsmithing III. Credits: 3
- ART 4000 - Life Drawing II. Credits: 3
- ART 4001 - Life Drawing III. Credits: 3

Footnote:

Art Education, Art History, or Graphic Design Option students can double count ART 1000, 1110 and 1111, in both the option and the studio art minor. However, Art Education, Art History, or Graphic Design Option students cannot double count other studio courses used to fulfill option requirements for the studio electives in the Studio Art Minor; these 9 semester hours must be from different studio courses.

Biological Sciences Honors Program

To be admitted to the Departmental Honors Program, students must have completed a minimum of 60 semester hours of course work (including transfer credit) with a 3.50/4.00 cumulative grade point average. Students admitted to the program must maintain a cumulative grade point average of 3.50. Students dismissed from the program because their cumulative grade point average has fallen below 3.50 may petition for readmission. Students must raise their cumulative grade point average to 3.50 by the end of the term immediately following dismissal for reinstatement.

Total Semester Hours 12

Students must take at least three credit hours in Honors Thesis, nine additional credits in Biological Sciences Honors courses, and complete all other requirements for the major. Honors Thesis supervision will be undertaken by a faculty member and must be approved by the Departmental Honors Coordinator. Credits in honors courses will replace 12 credit hours of electives in the major.

Clinical Laboratory Science (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

This cooperative degree program, administered by the Pre-Health Professions Advisor, leads to the Bachelor of Science degree. It is a four-year program including three years of college courses followed by one year of work in an affiliated hospital. The degree requires 120 semester hours of credit including 90 semester hours at EIU (or a combination of transfer credits and credits earned at Eastern totaling 90 semester hours) and 32 semester hours credit for successful completion of a one-year program in clinical laboratory science at a National Accrediting Agency for Clinical Laboratory Science (NAACLS) affiliated hospital. Upon successful completion of the hospital work, the student becomes a candidate for a Bachelor of Science degree in Clinical Laboratory Science and is eligible to take the certifying examinations of the American Society of Clinical Pathologists (ASCP) for registry as a Medical Laboratory Scientist. The clinical hours taken at the affiliated hospital will be treated as courses taken at EIU counting in residency hours and will be included in EIU grade point average. Since the clinical hours are treated as EIU residency hours, CLS majors are required to satisfy the standard 42 EIU residency hours, the 32 hour junior/senior year and 12 hour senior year residency hours despite being cooperative degree students. EIU cannot guarantee admission to any of its affiliated hospitals.

Major

Semester Hours required for the Clinical Laboratory Science Major: 82-84 semester hours

The Clinical Laboratory Science Major comprises:

Biology Requirements (24 hours)

- BIO 1500 - General Biology I. Credits: 4
- BIO 1550G - General Biology II. Credits: 4
- BIO 3120 - Molecular and Cellular Biology. Credits: 4
- BIO 3210 - Immunology. Credits: 4

- PHY 1152G - Principles of Physics I Laboratory. Credits: 1
- PHY 1161 - Principles of Physics II. Credits: 3
- PHY 1162 - Principles of Physics II Laboratory. Credits: 1

Clinical Laboratory Science Requirements (32 hours)

These courses are to be taken at affiliated hospital.

- CLS 4000 - Clinical Chemistry I. Credits: 4 to 6
- CLS 4005 - Clinical Chemistry II. Credits: 2 to 5
- CLS 4010 - Clinical Hematology. Credits: 4 to 6
- CLS 4020 - Clinical Hemostasis. Credits: 1 to 2
- CLS 4030 - Clinical Immunohematology. Credits: 3 to 5
- CLS 4040 - Clinical Immunology. Credits: 2 to 3
- CLS 4050 - Clinical Microbiology I. Credits: 5 to 6
- CLS 4055 - Clinical Microbiology II. Credits: 2 to 3
- CLS 4060 - Special Topics in Clinical Laboratory Science. Credits: 1
- CLS 4070 - Clinical Management and Education. Credits: 1

Footnotes:

(Major GPA based on all courses listed as appropriate for meeting major requirements)

- Student must have completed 90 hours before beginning clinicals; must average 15 credits/semester.

- CLS students must meet foreign language requirements.
- CLS students must meet math requirement (MAT 1271 or equiv).
- CLS students will not be required to take a senior seminar because the terminal year is taken off-campus.

Pre-Health Professions

Pre-Medicine – Allopathic/Osteopathic, Pre-Dentistry, Pre-Veterinary Medicine, Pre-Optometry, Pre-Podiatry, Pre-Physician's Assistant, Pre-Pharmacy, Pre-Physical Therapy, and Pre-Occupational Therapy

Admission into any of the health professions is very competitive. Students should maintain a high grade point average, obtain leadership skills and exposure to the health profession of interest and make a strong showing on their test scores (MCAT, DAT, PCAT, OAT, or GRE). Although it is not necessary to obtain a baccalaureate degree to gain entrance into some of the health professions, it is highly recommended. Programs leading to the BA or the BS degree in a variety of majors are suitable although most students select a major in biological sciences, chemistry or biochemistry. When registering, such students must indicate their choice of degree-granting major, and declare Pre- (identify health profession) as a second major. It is recommended that the program be enriched with electives in social and behavioral sciences, humanities, and fine arts. All students interested in a career in a health profession should consult with the Pre-Health Professions Advisor for information regarding specific admission requirements. More information concerning these programs at EIU is available at <http://www.eiu.edu/~premed/>.

Most of the health professions will expect one year of each of the following; English, Biology, General Chemistry, Organic Chemistry, and Physics. Many will also expect Anatomy, Physiology, Psychology, Statistics, Microbiology, and Biochemistry. Be sure to check the health profession of choice for their specific requirements.

Pre-Nursing

Eastern Illinois University has a cooperative Baccalaureate in Nursing program with Lakeview College of Nursing. This arrangement allows students to pursue their BSN from Lakeview College of Nursing while having the convenience of remaining on Eastern's campus during all four years of their studies. EIU provides general education, prerequisite courses and advisement for pre-nursing students until they are accepted into Lakeview's program. Lakeview then delivers (through distance learning or on-site instructors) nursing courses to the EIU campus. When enrolled in the Lakeview program, students pay tuition to Lakeview. The degree is awarded from Lakeview College of Nursing. More information concerning this program at EIU is available at <http://www.eiu.edu/~premed/>.

Chiropractic Medicine

Eastern Illinois University has entered into a "3+3" affiliation agreement with Logan College of Chiropractic and Palmer College of Chiropractic. Both programs offer guaranteed admissions for qualified students to attend after 3 years (90 credits) at Eastern and finish a doctor of Chiropractic degree after 3 additional years at Logan or Palmer. Students who successfully complete the Pre-Chiropractic Program at EIU with a cumulative GPA of 3.25 or higher and meet all other criteria for admission shall be accepted at Palmer or Logan Colleges. Upon completion of the first year of studies at Logan and Palmer, a maximum of 34 credits may be transferred back to EIU toward completion of credits required for the Bachelor of Science in Biological Sciences degree at Eastern. More information concerning this program at EIU is available at <http://www.eiu.edu/~premed/>.

Five Semester Hours of Electives in departments of Chemistry and Biochemistry (see Footnotes 3 and 4) or Biological Sciences (see Footnote 5).

Footnotes:

(Major GPA based on all chemistry courses taken at EIU.)

¹ Satisfies certification requirements of the American Chemical Society.

² One course is required; the other may be used as an elective.

³ The following may not be used as electives; CHM 1040G, 3025G, 3200, and 3300.

⁴ Electives must include two semester hours of 3000 level or higher chemistry laboratory work. Courses that may be used to satisfy this requirement include Undergraduate Research I-IV: CHM 44001-44004, Honors Research I-II: CHM 45551 and CHM 45552, CHM 4770 or CHM 4915. A maximum of 3 semester hours of Undergraduate Research I-IV, CHM 44001-44004, and Honors Research I-II, CHM 45551 and CHM 45552 may be used to satisfy the requirements for a biochemistry degree.

⁵ Only 3000 level or higher level BIO courses selected in consultation with student's major advisor and approved by the Chemistry and Biochemistry department chair may count for electives.

¹ The following may not be used as electives: Chemistry 1040G, 3025G, 3100, 3200 and 4001.

² A maximum of 3 semester hours of Undergraduate Research I-IV, CHM 44001-44004, and Honors Research I-II, CHM 45551 and CHM 45552 may be used to satisfy the requirements for a chemistry degree.

³ Prerequisite requirements must be met for all relevant chemistry courses.

Chemistry (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

Major

Semester Hours required for the B.S. in Chemistry Major: 68-93 semester hours depending on Concentration

The Bachelor of Science in Chemistry is comprised of the following common core courses and one of the listed Chemistry Concentrations.

Students who have completed college-level, algebra-based physics courses (e.g., PHY 1151G, 1152G, 1161, 1162) should consult the department chair.

A five year accelerated BS/MS program is available for the Chemistry concentrations. Detailed information is available at http://www.eiu.edu/eiuchemgrad/accelerated_MS.php.

Common Core Courses:

Total Semester Hours: 48

- CHM 1310G - General Chemistry I. Credits: 3
OR
- CHM 1390G - Honors General Chemistry I. Credits: 3
- CHM 1315G - General Chemistry Laboratory I. Credits: 1

¹ Satisfies certification requirements of the American Chemical Society.

² Electives in the Chemistry Concentration must include two semester hours of 3000-level or higher chemistry laboratory work in addition to CHM 4915. Courses that may be used to satisfy this requirement include CHM 3455, Undergraduate Research I-IV: CHM 44001-44004, Honors Research I-II: CHM 45551 and 45552, CHM 4770. A maximum of 3 semester hours of Undergraduate Research I-IV, CHM 44001-44004, and Honors Research I-II, CHM 45551 and CHM 45552 may be used to satisfy the requirements for a chemistry degree.

³ The following may not be used as electives in the Chemistry Concentration: CHM 1040G, 3025G, 3100, 3200, and 3300.

⁴ The following may not be used as electives in the Management Concentration: CHM 1040G, 3025G, 3100, 3200, and 4001.

Chemistry and Biochemistry Honors Program

To be admitted to the Departmental Honors Program, students must have at least a 3.50 GPA on a 4.0 point scale, permission of the Dean of the Honors College, and permission of the Departmental Honors Coordinator.

Students in the Chemistry and Biochemistry Honors Program must maintain an **overall** GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their grade-point average to 3.50 and submit their petition to the Dean of the Honors College and Departmental Honors Coordinator.

Departmental Honors Requirements

At least 12 semester hours in the following courses:

Six Required Semester Hours From:

- CHM 45551 - Honors Research I. Credits: 1 to 3 or CHM 45552 - Honors Research II. (2 semester hours required)
- CHM 4644 - Honors Thesis. Credits: 3
- CHM 4666 - Honors Seminar. Credits: 1

Six or More Semester Hours Elected From:

- A Chemistry graduate course approved by the Departmental Honors Coordinator. Credits: 3
- CHM 44441 - Honors Independent Study I. Credits: 1 to 3 or CHM 44442 or CHM 44443 or CHM 44444
- CHM 45551 - Honors Research I. Credits: 1 to 3 or CHM 45552

Pre-Health Professions

Pre-Medicine – Allopathic/Osteopathic, Pre-Dentistry, Pre-Veterinary Medicine, Pre-Optometry, Pre-Podiatry, Pre-Physician's Assistant, Pre-Pharmacy, Pre-Physical Therapy, and Pre-Occupational Therapy

Admission into any of the health professions is very competitive. Students should maintain a high grade point average, obtain leadership skills and exposure to the health profession of interest and make a strong showing on their test scores (MCAT, DAT, PCAT, OAT, or GRE). Although it is not necessary to obtain a baccalaureate degree to gain entrance into some of the health professions, it is highly recommended. Programs leading to the BA or the BS degree in a variety of majors are suitable although most students select a major in biological sciences, chemistry or biochemistry. When registering, such students must indicate their choice of degree-granting major, and declare Pre- (identify health profession) as a second major. It is recommended that the program be enriched with electives in social and behavioral sciences, humanities, and fine arts. All students interested in a career in a health profession should consult with the Pre-Health Professions Advisor for information regarding specific admission requirements. More information concerning these programs at EIU is available at <http://www.eiu.edu/~premed/>.

Most of the health professions will expect one year of each of the following; English, Biology, General Chemistry, Organic Chemistry, and Physics. Many will also expect Anatomy, Physiology, Psychology, Statistics, Microbiology, and Biochemistry. Be sure to check the health profession of choice for their specific requirements.

Minimum Requirements:

- BIO 1500 - General Biology I. Credits: 4
- BIO 3120 - Molecular and Cellular Biology. Credits: 4

Pre-Nursing

Eastern Illinois University has a cooperative Baccalaureate in Nursing program with Lakeview College of Nursing. This arrangement allows students to pursue their BSN from Lakeview College of Nursing while having the convenience of remaining on Eastern's campus during all four years of their studies. EIU provides general education, prerequisite courses and advisement for pre-nursing students until they are accepted into Lakeview's program. Lakeview then delivers (through distance learning or on-site instructors) nursing courses to the EIU campus. When enrolled in the Lakeview program, students pay tuition to Lakeview. The degree is awarded from Lakeview College of Nursing. More information concerning this program at EIU is available at <http://www.eiu.edu/~premed/>.

Chiropractic Medicine

Eastern Illinois University has entered into a "3+3" affiliation agreement with Logan College of Chiropractic and Palmer College of Chiropractic. Both programs offer guaranteed admissions for qualified students to attend after 3 years (90 credits) at Eastern and finish a doctor of Chiropractic degree after 3 additional years at Logan or Palmer. Students who successfully complete the Pre-Chiropractic Program at EIU with a cumulative

GPA of 3.25 or higher and meet all other criteria for admission shall be accepted at Palmer or Logan Colleges. Upon completion of the first year of studies at Logan and Palmer, a maximum of 34 credits may be transferred back to EIU toward completion of credits required for the Bachelor of Science in Biological Sciences degree at Eastern. More information concerning this program at EIU is available at <http://www.eiu.edu/~premed/>.

Biochemistry Minor

Total Semester Hours: 24

The Biochemistry Minor is comprised of the following courses. Credit for CHM 3450 that is counted towards this minor may not be double-counted towards the Chemistry minor.

Requirements:

The biochemistry minor requires completion of the following nine courses:

- CHM 1310G - General Chemistry I. Credits: 3
- CHM 1315G - General Chemistry Laboratory I. Credits: 1
- CHM 1410 - General Chemistry II. Credits: 3
- CHM 1415 - General Chemistry Laboratory II. Credits: 1
- CHM 2440 - Organic Chemistry I. Credits: 3
- CHM 2445 - Organic Chemistry Laboratory I. Credits: 1
- CHM 2840 - Organic Chemistry II. Credits: 3
- CHM 3450 - Biochemistry I. Credits: 3
- CHM 3460 - Biochemistry II. Credits: 3

And one of the following courses:

- CHM 4860 - Advanced Biochemistry. Credits: 3
- BIO 4751 - Advanced Molecular Cell Biology. Credits: 3

Chemistry Minor

Total Semester Hours: 21

Requirements

The Chemistry Minor is comprised of the following courses as well as either Track I or Track II below. Credit for CHM 3450 that is counted towards this minor may not be double-counted towards the Biochemistry minor.

- CHM 1310G - General Chemistry I. Credits: 3
- CHM 1315G - General Chemistry Laboratory I. Credits: 1
- CHM 1410 - General Chemistry II. Credits: 3
- CHM 1415 - General Chemistry Laboratory II. Credits: 1
- CHM 2730 - Quantitative Analysis. Credits: 3

Track I -- 10 Semester Hours

Four Semester Hours from the following courses:

- CHM 2430 - Survey of Organic Chemistry. Credits: 3

- CHM 2435 - Survey of Organic Chemistry Laboratory. Credits: 1

And six semester hours of electives in Chemistry (See footnote 1) from the following:

- CHM 2310 - Inorganic Chemistry I. Credits: 3
- CHM 3300 - Survey of Biochemistry. Credits: 3
- CHM 3450 - Biochemistry I. Credits: 3
- CHM 3780 - Instrumental Analysis. Credits: 3
- CHM 3910 - Chemical Thermodynamics and Kinetics. Credits: 3
- CHM 3920 - Quantum Chemistry. Credits: 3
- CHM 44001 - Undergraduate Research I. Credits: 1 to 3
or CHM 44402 or CHM 44403 or CHM 44404
- CHM 4750 - Environmental Chemistry. Credits: 3
- CHM 4790 - Medicinal Chemistry. Credits: 3
- CHM 4800 - Selected Topics in Chemistry. Credits: 1 to 4

Track II-- 10 Semester Hours

Seven Semester Hours from the following courses:

- CHM 2440 - Organic Chemistry I. Credits: 3
- CHM 2445 - Organic Chemistry Laboratory I. Credits: 1
- CHM 2840 - Organic Chemistry II. Credits: 3

And three semester hours of electives in Chemistry (See footnote 1) from the following:

- CHM 2310 - Inorganic Chemistry I. Credits: 3
- CHM 3300 - Survey of Biochemistry. Credits: 3
- CHM 3450 - Biochemistry I. Credits: 3
- CHM 3780 - Instrumental Analysis. Credits: 3
- CHM 3910 - Chemical Thermodynamics and Kinetics. Credits: 3
- CHM 3920 - Quantum Chemistry. Credits: 3
- CHM 44001 - Undergraduate Research I. Credits: 1 to 3
or CHM 44002 or CHM 44003 or CHM 44004
- CHM 4750 - Environmental Chemistry. Credits: 3
- CHM 4790 - Medicinal Chemistry. Credits: 3
- CHM 4800 - Selected Topics in Chemistry. Credits: 1 to 4

A five year accelerated BA/MA program is available for the Economics Option. The general policies regarding Accelerated Graduate Programs are located in the Graduate Catalog. Specific program admission requirements and shared course credit options are located in the Graduate Catalog under the individual program(s).

Economics (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Major (See footnote 1)

Semester Hours required for the Economics Major: 42-44 semester hours

Admission to the program requires a 2.25 GPA in Economics course work with at least six semester hours of Economics earned. Graduation from this program requires at least a "C" in each of Economics 3971 (or Mathematics 3701 or Business 2810 or other equivalent courses subject to Economics Department approval), 3972 (or Mathematics 3702), 4689, 4801, and 4802, whether the course or its equivalent is taken at Eastern or at another school.

The Economics major comprises:

36 Hours in Economics Courses (See footnote 2)

36 hours in Economic courses including the following required coursework:

- ECN 2801G - Principles of Macroeconomics. Credits: 3 OR
- ECN 2891G - Principles of Macroeconomics, Honors. Credits: 3
- ECN 2802G - Principles of Microeconomics. Credits: 3 OR
- ECN 2892G - Principles of Microeconomics, Honors. Credits: 3
- ECN 3971 - Statistics Applied to Economics. Credits: 3 (See footnote 3)
- ECN 3972 - Basic Econometrics. Credits: 3 (See footnote 4)
- ECN 4801 - Intermediate Macroeconomic Theory. Credits: 3
- ECN 4802 - Intermediate Microeconomic Theory. Credits: 3
- ECN 4689 - Theory and Research. Credits: 3

6-8 Semester Hours in the following Math courses:

- MAT 1441G - Calculus and Analytic Geometry I. Credits: 5 (See footnote 1) OR
- MAT 2110G - Brief Calculus with Applications. Credits: 3

AND

- MAT 2120G - Finite Mathematics. Credits: 3 OR
- MAT 2190G - Finite Mathematics, Honors. Credits: 3 OR
- MAT 2550 - Introduction to Linear Algebra. Credits: 3 (See Footnote 1)

Footnotes:

(Major GPA based on all economics courses taken at EIU.)

¹It is strongly recommended that students complete Mathematics 2110G (or 1441G) and 2120G (or 2550) before enrolling in Economics courses numbered 4750 or above. Mathematics 1441G, 2550, 3701, and 3702 are recommended for those students who wish to enter Ph.D. programs in Economics. It is also strongly recommended that prospective Ph.D. students complete the entire calculus sequence by following Mathematics 1441G with Mathematics 2442 and 2443 which are the prerequisites for Mathematics 3701 and 3702, as well as the differential equations sequence, Mathematics 3501 and 3502.

²Substitution of Business 2810, Mathematics 3701, 3702 or other equivalent courses for Economics 3971 or Economics 3972 counts towards the 36 semester hours required in Economics courses.

³ Or Mathematics 3701 or Business 2810 or other equivalent courses subject to Economics Department approval.

⁴ Or Mathematics 3702.

Economics: International Studies Option (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Core Requirements (See footnote 1)

Semester Hours required for the Economics: International Studies Option: 61-66 semester hours

Admission to the program requires a 2.0 GPA in Economics course work with at least six semester hours of Economics earned. Graduation from this program requires at least a "C" in each of ECN 3971 (or MAT 3701 or BUS 2810 or other equivalent courses subject to Economics Department approval), 3972 (or MAT 3702), 4689, 4801, and 4802, whether the course or its equivalent is taken at Eastern or at another school.

The International Studies option comprises:

33 Semester Hours in Economics Courses (See footnote 2)

33 semester hours in Economics courses including the following required coursework:

- ECN 2801G - Principles of Macroeconomics. Credits: 3 OR
- ECN 2891G - Principles of Macroeconomics, Honors. Credits: 3
- ECN 2802G - Principles of Microeconomics. Credits: 3 OR
- ECN 2892G - Principles of Microeconomics, Honors. Credits: 3

- ECN 4801 - Intermediate Macroeconomic Theory. Credits: 3
- ECN 4802 - Intermediate Microeconomic Theory. Credits: 3
- ECN 4689 - Theory and Research. Credits: 3

6-8 Semester Hours in the Following Math Courses:

- MAT 1441G - Calculus and Analytic Geometry I. Credits: 5 (See footnote 1)
OR
- MAT 2110G - Brief Calculus with Applications. Credits: 3

AND

- MAT 2120G - Finite Mathematics. Credits: 3
or
- MAT 2190G - Finite Mathematics, Honors. Credits: 3
OR
- MAT 2550 - Introduction to Linear Algebra. Credits: 3
(See footnote 1)

18-21 Semester Hours in the Following Courses:

(Students must choose at least **three** different subject areas):

- ECN 3970 - Study Abroad. Credits: 1 to 15
(See Footnote 8)
- FIN 4820 - International Finance. Credits: 3
(See Footnotes 6, 7)
- GEO 3050 - Geography and Culture of Africa. Credits: 3

(See Footnote 8)
- PLS 4823 - Comparative Public Policy. Credits: 3
- PLS 4933 - Ideologies of the Developing World. Credits: 3

0-4 Semester Hours in Foreign Language at the Intermediate Level

Proficiency at the intermediate level of a Foreign Language or completion of courses in Foreign Language to include:

- WLF 2202G - Intermediate French II. Credits: 4
OR
- WLG 2202G - Intermediate German II. Credits: 4
OR
- WLS 2202G - Intermediate Spanish II. Credits: 4
OR
- WLS 2292G - Intermediate Spanish II, Honors. Credits: 4

Footnotes:

(Major GPA based on all economics courses taken at EIU.)

¹ It is strongly recommended that students complete Mathematics 2110G (or 1441G) and 2120G (or 2550) before enrolling in Economics courses numbered 4750 or above. Mathematics 1441G, 2550, 3701, and 3702 are recommended for those students who wish to enter Ph.D. programs in Economics. ² Substitution of Business 2810, Mathematics 3701, 3702 or other equivalent courses for Economics 3971 or Economics 3972 counts towards the 33 semester hours required in Economics courses.

³ Or Mathematics 3701 or Business 2810 or other equivalent courses subject to Economics Department approval.

⁴ Or Mathematics 3702.

⁵ Prerequisites: Senior or Graduate standing; BUS 2101; BUS 3710 with C or better; ECN 2802G; BUS 3200 or ECN 3860; or permission of the Chair.

⁶ Prerequisites: Junior standing; BUS 3200 or ECN 3860 or permission of the instructor; and admission to the School of Business or permission of the Chair.

⁷ The MGT and FIN courses count as one subject area.

⁸ No more than six hours from Study Abroad will be counted towards completion of this option.

Economics Honors Program

To be admitted to the honors program, students must have at least a 3.50 grade-point average on a 4.0 point scale, permission of the Dean of the Honors College, and permission of the Departmental Honors Coordinator.

Students in the Economics Honors Program must maintain an overall GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their GPA to 3.50 and submit their petition to the Dean of the Honors College and Departmental Honors Coordinator.

Departmental Honors Requirements

Honors students must complete the following:

Major Requirements

Complete the other requirements for the Economics major. The hours earned in Honors courses will count toward the hours requirement for the major.

9 Semester Hours in Economics Honors Courses

Nine semester hours in a combination of the following courses. Each course may be repeated for a maximum of six semester hours. Repeating a course must be approved by the Departmental Honors Coordinator.

- A graduate course approved by Departmental Honors Coordinator. Credits: 3
- ECN 4444 - Honors Independent Study. Credits: 3
- ECN 4666 - Honors Seminar. Credits: 3

3 Semester Hours in Economics Honors Thesis

- ECN 4644 - Honors Thesis. Credits: 3

Economics Minor

Total Semester Hours: 21 (See footnote 1)

- ECN 2801G - Principles of Macroeconomics. Credits: 3
- ECN 2802G - Principles of Microeconomics. Credits: 3

AND

- Electives in Economics (excluding Economics 3970, and 4275). Credits: 15 (See footnote 2)

Footnotes:

¹ Substitution of Business (2810), Mathematics (3701, 3702) or other equivalent courses for Economics 3971 or 3972 does not reduce the 21 semester hours required in Economics

courses. That is, the student may need to add one or two elective ECN courses to his/her program.

² It is strongly recommended that students elect Economics 4801 and/or 4802. Also, it is strongly recommended that students complete Mathematics 2110G (or 1441G) and 2120G (or 2550) before enrolling in Economics courses numbered 4750 and above.

English Language Arts Option for Teacher Licensure (B.A.)

Total Semester Hours required for the Degree: 123 semester hours

Semester Hours required for the English Language Arts Option: 55 semester hours

The English Language Arts Licensure Option is for students who would like to major in English and gain Illinois state licensure at the secondary level to teach English language arts. Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.75 in order to continue in the program. For students also wanting to be eligible to teach middle school language arts, additional Middle Level Education courses are required.

Core Requirements

Please note that a GPA of 2.75, both cumulative and in the major, is required for departmental approval to student teach. Major GPA based on all English courses taken at EIU, excluding ENG 0990, 0995, 1000, 1001G, 1002G, 1091G, and 1092G. A grade of C or better is required in each course that applies to the major. For the education course work required for this option, see "Teacher Licensure Programs."

This option requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses counted toward the English major and in all professional education courses and must maintain a minimum cumulative and major GPA of 2.75 in order to continue in the program.

Students must complete the professional education coursework following the Secondary Education Professional Education Course Sequence. Information is available in the Teacher Licensure Program section of this catalog.

Students must pass the edTPA (teacher performance assessment) before they can receive their teaching license from Illinois or any other state. Students will make their edTPA submission during student teaching.

Geography Honors Program

Students in the Honors Program for Geography Majors must maintain a 3.5 cumulative GPA and complete all other requirements for the Geography major. Supervision of a student's course work in the Departmental Honors Program for Geography Majors will be undertaken by a faculty member after approval by the Departmental Honors Coordinator and Department Chairperson. It is highly recommended that students take Geography 4444x, 4555 and 4644 in consecutive semesters.

Departmental Honors Requirements

12 semester hours in a combination of the following courses:

- An approved graduate course. Credits: 1-3
- GEO 44441 - Honors Independent Study in Geography I. Credits: 1 or

- GEO 44442 - Honors Independent Study in Geography II. Credits: 2 or
- GEO 44443 - Honors Independent Study in Geography III. Credits: 3
- GEO 4555 - Honors Research in Geography. Credits: 1 to 6
- GEO 4644 - Honors Thesis in Geography. Credits: 1 to 6
- GEO 4666 - Honors Seminar in Geography. Credits: 3

Geology (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

Major

Semester hours required for the Geology Major: 67 semester hours

Required courses for all Geology Majors: 58 semester hours

- All students completing a major in geology must take a summer field course equivalent to six credit units. The summer field camp must be one from a select list of department-approved courses in consultation with a department advisor.
- CHM 1310G - General Chemistry I. Credits: 3
- CHM 1315G - General Chemistry Laboratory I. Credits: 1
- CHM 1410 - General Chemistry II. Credits: 3

Major electives:

9 semester hours of electives must be taken from the following A and B lists:

A List

A minimum of 6 semester hours must be taken from the following courses:

- GEO 2100 - Geology of Energy Resources. Credits: 3
- GEO 2450G - Oceanography. Credits: 3
- GEO 3085 - Vertebrate Paleoenvironments and Paleocology. Credits: 3
- GEO 3115 - Introduction to Paleoclimate. Credits: 4
- GEO 3275 - Planetary Geology. Credits: 3
- GEO 3440 - Tectonics. Credits: 3
- GEO 3460 - Economic Mineral Deposits. Credits: 3
- GEO 3470 - Seminar in Geology. Credits: 1 to 3
- GEO 3505 - Volcanology. Credits: 3
- GEO 3525 - Hydrogeology. Credits: 3
- GEO 4200 - Introduction to Geophysical Exploration. Credits: 3
- GEO 4480 - Optical Mineralogy. Credits: 4
- GEO 4490 - Invertebrate Paleontology. Credits: 3

B List

A maximum of 3 semester hours can be used from the following courses to meet the elective requirement:

- GEO 3550 - Surface Water Processes and Resources. Credits: 3
- GEO 3810 - Introduction to Geographic Information Systems. Credits: 3
- GEO 3820 - Remote Sensing I. Credits: 3

History with Teacher Licensure Option (B.A.)

Total Semester Hours required for the Degree: 127 semester hours

Semester Hours required for the History with Teacher Licensure Option: 67 semester hours

The History with Teacher Licensure Option is for students who would like to major in History and gain Illinois state licensure at the secondary level to teach all of the social sciences (history, economics, geography, political science, psychology and sociology/anthropology). Students wanting to teach AP or Honors in any individual subject besides history need an endorsement. For students also wanting to be eligible to teach middle school social studies, passage of an additional content test is required.

This option requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the education program. Students must maintain a minimum cumulative GPA of 2.75 and major GPA of 2.75, in order to be approved for student teaching. Approval for student teaching requires that the minimum GPA be held at the beginning of the semester prior to the student-teaching semester. Students must also pass the requisite state content test in order for student teaching approval.

Students must complete the professional education coursework following the Secondary Education Professional Education Sequence. Information is available in the Teacher Licensure Program section of this catalog.

Students must pass the appropriate test (whether it be APT, edTPA, or some other test) before they can receive their teaching license from Illinois or any other state.

History with Teacher Licensure Option Comprises:

Students must complete all the professional coursework under the Regular Secondary Education Program.

40 Semester Hours of General Education

Up to 18 hours from the Major may double count for General Education, and students are advised to review major requirements as they select General Education coursework.

34 Semester Hours in the Professional Education Core

The Professional Education Core consists of the Regular program (See below.)

Regular Program:

- EDF 2555G - Education in a Diverse Society: The Multilingual/Multicultural Classroom. Credits: 3
- EDF 4550 - Critical Focus on Education. Credits: 3
- EDP 2330 - Educational Psychology: Foundations for Teachers. Credits: 3
- SED 2000 - Inquiry Into Teaching. Credits: 2
- SED 3330 - Instructional Tasks in the Secondary School. Credits: 4
- SED 4330 - Literacy, Assessment, and Differentiation in Secondary Schools. Credits: 3
- SPE 4500 - The Education of Individuals with Exceptional Learning Needs: Access to the General Curriculum. Credits: 3
(SPE 3500 may be substituted for SPE 4500 if previously taken.)
- STG 4000 - Multicultural/Disabilities Practicum. Credits: 1
- STG 4001 - Student Teaching. Credits: 6 to 16
(Register for 12 semester hours)

67 Semester Hours in Major Courses

(13 of which overlap with general education courses)

- Upper-Division U.S. History Elective. Credits: 3
- Upper-Division non-U.S. History Electives. Credits: 3
- Two Upper-Division History Electives. Credits: 6
- ANT 2200G - Introduction to Anthropology. Credits: 3
- or SOC 1838G - Introductory Sociology. Credits: 3
- ECN 2801G - Principles of Macroeconomics. Credits: 3
- ECN 2802G - Principles of Microeconomics. Credits: 3
- GEO 1100G - Cultural Geography. Credits: 3
- GEO 1200G - World Regional Geography. Credits: 3
- HIS 1500G - Roots of the Modern World: Society and Religion. Credits: 3
- HIS 2010G - History of the United States to 1877. Credits: 3
- HIS 2020G - History of the United States Since 1877. Credits: 3
- HIS 2500 - Historical Research and Writing. Credits: 3
- HIS 2560 - Early Modern World History. Credits: 3
- HIS 3555 - Modern World History. Credits: 3
- HIS 3600G - The U.S. Constitution and the Nation. Credits: 3
- PLS 1153G - American Government and Constitution. Credits: 3
- PLS 2253G - Introduction to International Relations. Credits: 3
- PSY 1879G - Introductory Psychology. Credits: 3
- SOS 2400 - Introduction to Teaching Social Studies in the Middle and Secondary Classroom. Credits: 1
- SOS 3400 - Middle Level and Secondary Social Studies Teaching Methods. Credits: 3

AND

Two SOS Electives (s credits) from the following departments:

Economics
Geography/Geology
History
Political Science

Psychology
Sociology

Outside these departments, CTE 3000 - Consumers in the Marketplace - and HSL 2300g - Personal and Family Financial Literacy - may also count as electives.

Electives should be chosen in careful consultation with undergraduate advisor and in consultation with endorsement options in secondary social science and minor requirements for other social studies subjects and interdisciplinary minors such as Africana Studies, Anthropology, Asian Studies, Premodern Global Studies, Religious Studies, and Women's, Gender, and Sexuality Studies.

Footnotes:

Students must complete all the professional coursework under the Secondary Education Program.

Major GPA based on all CTE and HSL courses taken for the major and all ANT, ECN, GEO, HIS, PLS, PSY, SOC, and SOS courses taken at EIU.

History Honors Program

To be admitted to the Departmental Honors Program, students must have at least a 3.50 CGPA and a major GPA of 3.50 on a 4.0 point scale after completing 12 semester hours of history credit including HIS 2500 or their equivalent through transfer credit. Students should work with the departmental honors coordinator to complete the formal application for submission to the Honors College.

Students in the History Honors Program must maintain a cumulative GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their GPA to 3.50 and submit their petition to the Dean of the Honors College and Departmental Honors Coordinator.

Departmental Honors Requirements

Honors students must complete all other departmental requirements with a 3.50 GPA as well as a 3.50 CGPA.

Honor students must complete the following 12 semester hours with a 3.50 GPA:

- HIS 5000-5499 Graduate Seminar. Credits: 3
- HIS 44441 - Honors Independent Study I. Credits: 3
- HIS 45551 - Honors Research I. Credits: 3
- HIS 46441 - Honors Thesis I. Credits: 3
- HIS 4397 - Honors Professional Development Capstone for Departmental Honors Students. Credits: 1

History Minor

Total Hours: 18

History electives, with at least nine hours numbered above 3000. Credits: 12

One of the following:

- HIS 2010G - History of the United States to 1877. Credits: 3
- HIS 2020G - History of the United States Since 1877. Credits: 3
- HIS 3600G - The U.S. Constitution and the Nation. Credits: 3

One of the following:

- HIS 15XXG. Credits: 3
- HIS 2560 - Early Modern World History. Credits: 3
- HIS 3555 - Modern World History. Credits: 3

Public History Minor

Total Hours: 18 semester hours

HIS 4285, and HIS 4985 may only be applied to the Public History Minor. HIS 2500, HIS 3000, HIS 4900, and HIS 4922 may be applied to the History Major or to the Public History Minor but not both.

Required Courses (12 semester hours):

- HIS 2500 - Historical Research and Writing. Credits: 3
If HIS 2500 is applied toward credit for History B.A., then HIS 4900 (Historical Publishing) must be taken instead.
- HIS 3000 - Introduction to Public History. Credits: 3
- HIS 4285 - Public History Internship. Credits: 1, 2, or 3
- HIS 4935 - Public History Practicum. Credits: 3

2 Elective Courses taken from among (6 semester hours):

- HIS 4900 - Historical Publishing. Credits: 3
- HIS 4922 - Doing Media History. Credits: 3
- ENG 2760 - Introduction to Professional Writing. Credits: 3
- ENG 3008 - Digital Writing and Multimodal Texts. Credits: 3
- CMN 2500 - Production I. Credits: 3
- DGT 1363 - Introduction to Graphics Technology. Credits: 3
- DGT 3813 - Web Development Credits: 3
- DGT 4814 - Digital Media Strategy. Credits: 3
- GEO 3810 - Introduction to Geographic Information Systems. Credits: 3
- ODL 4700 - Leadership in Organizations. Credits: 3
- ODL 4765 - Grant Writing for Organizations. Credits: 3
- PLS 4793 - Civic and Nonprofit Leadership. Credits: 3
- PLS 4873 - Human Resource Management in Public and Nonprofit Organizations. Credits: 3
- PLS 4893 - Budgeting in Government and Nonprofit Organizations. Credits: 3
- BUS 2101 - Financial Accounting. Credits: 3

Computer Science (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

Major

Semester Hours required for the Computer Science Major: 76-78 semester hours

The Computer Science major comprises a required upper-division writing intensive course and the following:

Computer Science Core (66-68 Hours)

- MAT 1441G - Calculus and Analytic Geometry I. Credits: 5
- CSM 2170 - Computer Science I. Credits: 4
- MAT 2345 - Elements of Discrete Mathematics. Credits: 3
- MAT 2442 - Calculus and Analytic Geometry II. Credits: 5
- MAT 2550 - Introduction to Linear Algebra. Credits: 3
- CSM 2670 - Object Oriented Programming. Credits: 4
- CSM 3570 - Numerical Analysis. Credits: 3
- CSM 3670 - Principles of Computer Systems. Credits: 3
- MAT 3701 - Probability and Statistics I. Credits: 3
- CSM 3770 - Combinatorial Computing. Credits: 3
- CSM 3870 - Data Structures. Credits: 3
- CSM 3980 - Parallel Programming. Credits: 3
- CSM 4270 - Design of Programming Languages. Credits: 3
- CSM 42751 - Internship in Computer Science I. Credits: 1 to 15 or CSM 42752 (3 to 5 hours)
- MIS 4700 - Advanced Networking. Credits: 3
- MIS 4770 - Database and Data Management. Credits: 3
- CSM 4880 - Design and Analysis of Algorithms. Credits: 3
- CSM 4885 - Theory of Computation. Credits: 3
- CSM 4970 - Principles of Operating Systems. Credits: 3
- CSM 4985 - Artificial Intelligence and Machine Learning. Credits: 3

Electives From: (10 Hours)

- CSM 3070 - Competitive Programming. Credits: 1 (may be taken twice for credit.)
- MAT 3501 - Differential Equations I. Credits: 3
- MAT 3502 - Differential Equations II. Credits: 3
- MAT 3530 - Abstract Algebra. Credits: 4
- MAT 3702 - Probability and Statistics II. Credits: 3
- CSM 4170 - Programming for Mobile Devices. Credits: 3

- CSM 4370 - Topics in Computer Science. Credits: 3
- MAT 4750 - Linear Programming. Credits: 3
- MAT 44441 - Independent Study, Honors I. Credits: 1 to 3
- MAT 44442 - Independent Study, Honors II. Credits: 1 to 3
- MAT 44901 - Independent Study I. Credits: 1 to 3
- MAT 44902 - Independent Study II. Credits: 1 to 3
- CSM 4873 - Introduction to Cryptography. Credits: 3
- PHY 3150 - Electronics. Credits: 4

Mathematics (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Major

Semester Hours required for the Mathematics Major: 53 semester hours

The Mathematics major comprises the following courses:

Required Courses: 44 Hours

- MAT 1441G - Calculus and Analytic Geometry I. Credits: 5
- CSM 2170 - Computer Science I. Credits: 4
- MAT 2442 - Calculus and Analytic Geometry II. Credits: 5
- MAT 2443 - Calculus and Analytic Geometry III. Credits: 4
- MAT 2800 - Foundations of Mathematics. Credits: 3
- MAT 3501 - Differential Equations I. Credits: 3
- MAT 3530 - Abstract Algebra. Credits: 4
- MAT 3701 - Probability and Statistics I. Credits: 3
- MAT 4700 - Seminar in Mathematics. Credits: 2
- MAT 4760 - Linear Algebra. Credits: 4
- MAT 4855 - Introduction to Topology. Credits: 3
- MAT 4860 - Mathematical Analysis. Credits: 4

Elective Courses: 9 Hours

At least one course (3 credits) must be at the 4000 level. Below is a list of regularly offered courses, additional courses may be offered that are in the catalog that will count as electives. Note that some course may have additional prerequisites beyond the required set of course cores.

- MAT 3502 - Differential Equations II. Credits: 3
- MAT 3702 - Probability and Statistics II. Credits: 3
- CSM 3570 - Numerical Analysis. Credits: 3
- CSM 3670 - Principles of Computer Systems. Credits: 3
- MAT 4335 - Topics in Mathematics. Credits: 3
- MAT 4750 - Linear Programming. Credits: 3

- MAT 4830 - Introduction to Complex Analysis with Applications. Credits: 3
- CSM 4885 - Theory of Computation. Credits: 3
- MAT 4910 - Number Theory. Credits: 3

Mathematics with Teacher Licensure Option (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

A major in Mathematics (BA with Teacher Licensure) prepares students to become secondary (9-12) teachers in the state of Illinois.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students should gain University Approval to Take Teacher Education Courses no later than the end of their first semester Junior year in order to use this suggested plan. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Students must complete the professional education coursework following the Secondary Education Professional Education Course Sequence. Information is also available in the Teacher Licensure Program section of this catalog.

Students must pass the edTPA (teacher performance assessment) before they can receive their teaching license from Illinois or any other state. Students will make their edTPA submission during student teaching.

For students also wanting to be eligible to teach middle school mathematics, additional Middle Level Education courses are required.

- STG 4000 - Multicultural/Disabilities Practicum. Credits: 1
- STG 4001 - Student Teaching. Credits: 6 to 16 (Register for 12 semester hours)

Additional Hours in General Education to Complete the University Requirement

Footnote:

Major GPA based on all mathematics and computer science courses taken at EIU except for:

- Any course considered a prerequisite for MAT 1441G (e.g. MAT 1270, MAT 1271, MAT 1400).
- Any course intended for elementary/middle level majors (e.g. MAT 1420, MAT 2420G, MAT 2620, MAT 3420, MAT 3620, MAT 4810, MAT 4920).

- Any course that may have content similar to content from a required degree course (e.g. CSM 2345, MAT 2110G).

Mathematics and Computer Science Honors Program

Admission to the Mathematics and Computer Science Departmental Honors Program will be open to students who have at least a 3.50 GPA, on a 4.0 scale, for all classes, over at least 12 semester hours of work in residence at EIU, and who have the permission of the Dean of the Honors College and the Departmental Honors Coordinator. Mathematics 2800 (for Mathematics Majors) or 2345 (for Mathematics and Computer Science Majors) must be completed prior to admission.

Students in the Mathematics and Computer Science Honors Program must maintain an **overall** GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their GPA to 3.50 and submit their petition to the Dean of the Honors College and the Departmental Honors Coordinator.

Departmental Honors Requirements

Honors thesis supervision will be undertaken by a faculty member approved by the Departmental Honors Coordinator, the student's Faculty Advisor, and the Departmental Chairperson. The thesis must be submitted and defended in accordance with the Senior Thesis Guide and must be signed by the thesis supervisor.

A graduate course (5000+) may fulfill 3 of the above 12 hours with permission of the Dean of the Honors College, the Departmental Honors Coordinator, and the Graduate Coordinator. (A graduate course may **not** replace Mathematics 4644.)

Students in the departmental honors program must complete all requirements for graduation with a degree in Mathematics, Mathematics with Teacher Licensure, or Mathematics and Computer Science. The following substitutions may be made:

A mathematics honors seminar in any area may be substituted for the major requirement in that area, or for any elective towards the major, with permission of the Department Honors Coordinator and the Departmental Chairperson. (Example: An honors seminar in Probability may be substituted for Mathematics 3701.)

A mathematics graduate course (5000+) in any area may be substituted for the major requirement in that area with permission of the Departmental Honors Coordinator and the Departmental Chairperson.

At least 12 hours, which must include Mathematics 4644, from among the following Honors courses:

- MAT 44441 - Independent Study, Honors I. Credits: 1 to 3
or MAT 44442
- MAT 45551 - Honors Research I. Credits: 1 to 3
or MAT 45552
- MAT 4644 - Honors Thesis. Credits: 3 (required)
- MAT 4666 - Honors Seminar. Credits: 2 to 4

Computer Science Minor

Electives in Mathematics (9 Hours)

Electives in mathematics and computer science selected in consultation with a math advisor. These may be any course numbered 2170 or above, with at least six sem. hrs. numbered 3000 or above, but excluding 3400, 3420, 3620.

Mathematics Minor for Teacher Licensure

Completion of a teacher licensure minor does not guarantee that the individual will be granted an endorsement to teach in that field. Individuals must meet all requirements (including state tests) as set forth by the Illinois State Board of Education to be granted an endorsement in a second teaching field.

Department of Music

(B. Music; Bachelor of Arts in Music)

Information for Incoming Students

Information on audition dates and requirements is available at the Department of Music Website (www.eiu.edu/music) or by calling the office at 217/581-3010. All entering freshmen and transfer students planning to major in music must pass an audition before enrolling. Prospective composition students must also provide scores and/or recordings of original compositions. Students who are pursuing the teacher licensure option are also required to complete an interview with a music education faculty member. Students who wish to transfer credit in music theory, aural training, music history, applied studies, and piano are required to take placement examinations in these subjects.

Applied Study

All music majors are required to study intermediate or advanced music performance on a one-to-one basis with a studio instructor. Such study is referred to as "applied study." While majors may pursue more than one area of applied study, each student must complete a sizable block of hours in one primary instrument or voice.

The hours of applied study taken each semester vary depending upon the program option in which the student is enrolled. The hours for primary or principal applied study are as follows:

Degree Program	Credit Hours per Semester	Lesson Time per Week	Practice per Day
Teacher Licensure Option ¹	1	50 min	1-2 hours
Performance Option	2 or 4	50 min	2-4 hours

Introductory Applied Study: The study of any instrument or voice in addition to the student's primary instrument or voice may occur in any option or concentration for one credit hour per semester with prior consent of the instructor. Non-music majors wishing to enroll in Introductory Applied Study are required to audition for the performance faculty in their area of interest. Auditions are held during the registration period before classes begin. Weekly lessons at this level are twenty-five minutes in length, and students are expected to practice twenty-five minutes per day.

Juries

The performance faculty in each area evaluates student progress in applied study each semester.

Advanced Study Jury: The advanced study jury normally occurs at the end of the fourth semester of applied study and must be passed by the end of the sixth semester, or its equivalent. Students must pass this jury in order to enroll in Advanced Applied Study. Music education majors with a vocal or instrumental concentration are required to have at least two credits of Advanced Applied Study prior to graduation; students

with a general music concentration must achieve junior standing, but are not required to have upper-division credit in applied study.

Jazz Studies Juries: Jazz studies majors are required to pass a jazz studies jury and a standard jury each semester in residence. They are also required to pass a jazz studies advanced study jury and a standard advanced study jury. After passing the advanced study jury, piano students are exempted from the standard jury requirement. Guitarists are exempted from both the standard jury requirement and the standard advanced study jury requirement.

Junior Standing

In order to achieve junior standing as a music major, all students must pass the advanced study jury on their primary instrument or voice and complete MUS 2502 (Comprehensive Musicianship II) with a "C" or better. Students must achieve junior standing in order to register for MUS 4100 - Senior Recital (Teacher Certification Option) or MUS 4101 - Senior Recital (Performance Option).

Recital Attendance Requirement

All music majors are required to complete a total of five semesters of Recital (MUS 1103) for which students must attend a number of recitals and concerts on campus. The Department of Music distributes specific recital attendance requirements and procedures at the beginning of each semester. The requirement for transfer students will be determined by the chair of the Department of Music.

Student Recitals

Division and General Recitals: All students are required to appear in the series of division and general recitals in order to gain experience in musical performance, unless exempted by the applied instructor.

Degree Recitals

Option in Music Performance: Music performance majors are required to perform a fifteen-minute Sophomore Recital (MUS 2101) and, after achieving junior standing, a twenty-five minute Junior Recital (MUS 3101), and a fifty-minute Senior Recital (MUS 4101). Students with a concentration in jazz studies are required to present an additional twenty-five minute jazz recital of small-group improvisation (MUS 3102) in the junior year. The Senior Recital for jazz studies majors must include combo performance, one original composition, and one arrangement for big band. Jazz studies percussionists must demonstrate appropriate skills on mallet instruments, orchestral percussion, and drum set. Composition students should perform all music on the sophomore and junior recitals, and each of these recitals should include at least one original work. All of the music on the senior recital should be original work, with the student performing at least one piece.

Teacher Licensure Option: After passing the advanced study jury, music education majors are required to perform a fifteen-minute Junior Recital (MUS 3100) and after achieving junior standing a twenty-five minute Senior Recital (MUS 4100). Students in the general music concentration must pass an advanced study jury with Junior and Senior Recitals being optional.

Liability Notice

In the event that students choose to store their personal musical instruments on campus in any building operated by the University, they thereby waive any and all liability of the University and its employees for loss of, or damage to, such musical instruments by any cause whatsoever, including, but not limited to fire, water, windstorm or other casualty, theft, or dampness or dryness of the air.

Music (B.A.)

The Bachelor of Arts in Music degree provides for the study of music within the context of a liberal arts framework. The limited hours in music provides a strong background in music while allowing ample time for study outside of music. At least 66 credits must be non-music.

Three concentrations are offered in this program. Open Studies, Music Theory and Composition, and Audio Recording and Technology. Students must successfully complete an audition on a primary instrument or voice in order to declare the B.A. in Music major.

Music with Teacher Licensure Option (B.Music)

Total Semester Hours required for the Degree: 128 - 131 semester hours

Semester Hours required for the Music with Teacher Licensure Option: 93-95 semester hours

This option requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University approval to take teacher education courses no later than the end of their sophomore year in order to use the department curricular plan. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

All B.Mus., Teacher Licensure students must pass the Music Illinois Content Area test no later than the semester prior to student teaching.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

In addition to the above-mentioned tests, all students in the teacher licensure program are required to pass the edTPA (teacher performance assessment) in order to receive a teaching license in Illinois or any other state. Students will make their edTPA submission during student teaching.

Jazz Studies Minor

The Jazz Studies minor is open to all students majoring in music. Other EIU students may be accepted after passing an audition demonstrating sufficient performance, theoretical, and keyboard skills.

Total Hours: 24

Applied Study (4 credit hours)

Appropriate individual applied study courses specific to a student's instrument selected from:

- MUS 0010R - MUS 0063R - Introductory Applied Study
- MUS 1110R - MUS 1163R - Intermediate Applied Study

Musicianship (8 credit hours)

- MUS 1501 - Comprehensive Musicianship I. Credits: 4
- MUS 1502 - Comprehensive Musicianship II. Credits: 4

Jazz Studies Courses (6 credit hours)

- MUS 1070 - Introduction to Music Technology. Credits: 2
- MUS 1530 - Jazz Improvisation I. Credits: 1
- MUS 2581 - Jazz History. Credits: 2
- MUS 3800 - Jazz Theory I. Credits: 1

Jazz Ensembles (2 credit hours chosen from the following)

- MUS 0220R - Jazz Ensemble. Credits: 1
- MUS 0220X - Jazz Ensemble. Credits: 0
- MUS 0221R - Jazz Lab Band. Credits: 1
- MUS 0221X - Jazz Lab Band. Credits: 0
- MUS 0222R - Jazz Combo. Credits: 1

Electives (4 additional credit hours chosen from the following)

- MUS 0220R - Jazz Ensemble. Credits: 1 (See Footnote *)
- MUS 0221R - Jazz Lab Band. Credits: 1 (See Footnote *)
- MUS 0222R - Jazz Combo. Credits: 1 (See Footnote *)

- MUS 3801 - Jazz Theory II. Credits: 1
- MUS 4850 - Jazz Band Arranging. Credits: 2
- MUS 4861 - Jazz Pedagogy. Credits: 2

Footnotes:

*Note: No more than 2 credit hours chosen from MUS 0220, MUS 0221, or MUS 0222 may count toward the required electives.

Music Minor

The Music Minor is open to EIU students who pass an audition demonstrating sufficient skills in music performance.

Total Hours: 22

Applied Study (4 credit hours)

Appropriate individual applied study courses specific to a student's instrument selected from:

- MUS 0010R - MUS 0063R - Introductory Applied Study
- MUS 1110R - MUS 1163R - Intermediate Applied Study

Music Theory (8 credit hours)

- MUS 1501 - Comprehensive Musicianship I. Credits: 4
- MUS 1502 - Comprehensive Musicianship II. Credits: 4

Music History (3 credit hours)

Choose From:

- MUS 3553G - Survey of Western Musical Masterworks. Credits: 3
or MUS 3593G - Survey of Western Musical Masterworks, Honors. Credits: 3
- MUS 3584 - Music History and Literature I. Credits: 3
or MUS 3594 - Music History and Literature I, Honors. Credits: 3
- MUS 3585 - Music History and Literature II. Credits: 3
or MUS 3595 - Music History and Literature II, Honors. Credits: 3

Electives in Music* (7 credit hours)

*Must include three credit hours of upper-division music courses and can include up to four credit hours in ensembles. (MUS 3550G or MUS 3562G will fulfill both the Music Minor elective and Fine Arts General Education requirements.)

Music Technology Minor

The Music Technology Minor is open to EIU students who pass an audition demonstrating sufficient skills in music performance.

Total Hours: 19

Required Courses:

- Ensembles - from MUS 0200R - MUS 0260R (2 credits)
- MUS 1070 - Introduction to Music Technology. Credits: 2
- MUS 1501 - Comprehensive Musicianship I. Credits: 4
- MUS 2071 - Audio and Recording Techniques I. Credits: 3
- MUS 2203 - Functional Skills in Piano I. Credits: 1

Select one of the following courses:

- MUS 2557G - The Evolution of Jazz and Rock. Credits: 3
- MUS 3553G - Survey of Western Musical Masterworks. Credits: 3

Select at least 4 credits from the following courses:

- MUS 1560 - Introduction to Music Composition. Credits: 2
- MUS 2070 - Electronic Music Studio Techniques. Credits: 2

- MUS 3070 - Electronic Music Studio Techniques II: Interactive Electronics and Multimedia. Credits: 3
- MUS 3071 - Audio and Recording Techniques II. Credits: 3
- MUS 3072 - Live Sound Reinforcement. Credits: 2
- MUS 3571 - Music Business. Credits: 3

- PHI 3050G - Social and Political Philosophy. Credits: 3
- PHI 3100G - Cultural Foundations I. Credits: 3 (cross listed with ENG 3100G)
- PHI 3110G - Cultural Foundations II. Credits: 3 (cross listed with ENG 3110G)

Electives in Philosophy and/or Religious Studies – 12 hours

At least 9 hours must be from courses numbered 3000 or above.

Non-philosophy electives - 15 hours

The student must complete 15 hours in an area of concentration from another discipline or disciplines. At least 6 credit hours must be from courses numbered 3000 or above. The student who plans an Integrative Philosophy option must develop a plan of study with a faculty member. The plan must be approved by the Philosophy Chair.

Footnotes:

Major GPA based on all philosophy and religious studies courses taken at EIU.

Philosophy Honors Program

Departmental Honors Requirements

Twelve semester hours in non-General Education Philosophy Honors courses. Any Honors course numbered from 4444 to 4666 may be repeated for a maximum of six hours. Repeating a course requires permission from the Departmental Honors Coordinator.

Students must take at least three credits in Honors Thesis and complete all other requirements for the major. Six credits in Honors courses numbered 4444 to 4666 may be used to replace six credits of philosophy electives. Students in the Philosophy program must maintain an overall GPA of at least 3.50. Honors Thesis supervision will be undertaken by a faculty member approved by the chair, the Departmental Honors Coordinator, and the student's faculty advisor.

Engineering (B.S.)

Total hours to degree: 90 (total does not include completion of required engineering degree elsewhere)

(See also "Pre-Engineering Program")

This cooperative degree program, administered by the Pre-Engineering Coordinator, requires about three years of work at EIU followed by two years of work at either the University of Illinois at Urbana-Champaign (UIUC) or Southern Illinois University at Carbondale (SIUC). It is designed to provide engineering students with a broader base of liberal arts than is usually given in a four-year curriculum. Upon completion of the program, the student receives a Bachelor of Science degree from EIU and a Bachelor of Science in Engineering degree from UIUC or SIUC. Interested students should consult with the Pre-Engineering Coordinator for detailed requirements of the program.

After completing 60 semester hours in this curriculum, a student may apply to the Pre-Engineering Coordinator for admission as an engineering candidate. The requirements for admission as an engineering candidate are a minimum grade point average of 2.50 for UIUC (2.00 for SIUC) and approval by the committee. Continuation as an engineering candidate includes meeting the transfer requirements of the College of Engineering at UIUC or SIUC.

A student who transfers into this curriculum from another college or university must be in residence at EIU for at least one semester before he/she becomes eligible for admission as an engineering candidate.

Core Requirements

Total: 56 semester hours with elective and Gen Ed credit to bring the total to 90 semester hours.

- CHM 1310G - General Chemistry I. Credits: 3

Courses Recommended

These courses may be required by certain Engineering programs.

- ECN 2801G - Principles of Macroeconomics. Credits: 3
- EGT 2043 - Computer-Aided Engineering Drawing. Credits: 3

Footnotes:

(Major GPA based on all courses in chemistry, engineering technology, mathematics, and physics taken from the list above.)

Students completing cooperative degree programs, i.e., Engineering and Clinical Laboratory Sciences, will not be required to take a senior seminar.

Physics (B.S.)

Major

Total Semester Hours required for the Degree: 120 semester hours

Minimum Semester Hours required for the Physics Major: 75 semester hours

The Physics major comprises the following courses:

Students who have completed college-level, algebra-based physics courses (e.g., PHY 1151G, 1152G, 1161, 1162) should consult the department chair.

- CHM 1310G - General Chemistry I. Credits: 3

- PHY 4800* - Advanced Independent Study. Credits: 1 to 6 *Course Numbers: PHY 4800A, B, D-F, H-M, O-R, T-Y (See footnote 1)

Footnotes:

(Major GPA based on all physics courses taken at EIU.)

¹ No more than 3 semester hours of PHY 4444*, PHY 4555, PHY 4600, 4601*, 4602*, 4603* and PHY 4800* in aggregate will count towards the Physics concentration electives.

² One semester hour of PHY 4601, 4602, or 4603 is required. It is suggested that students take more than one semester of these courses but additional semester hours will not count as electives.

Physics: Astronomy Option (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

Minimum Semester Hours required for the Physics: Astronomy Option: 56 semester hours

The Astronomy option is a 4-year degree program for students interested in obtaining a B.S. degree in Physics with a concentration in astronomy. This option is for students desiring a liberal arts background in theoretical and experimental physics, as well as a background in astronomy.

Core Requirements

Requirements include:

- MAT 1441G - Calculus and Analytic Geometry I. Credits: 5
- MAT 2442 - Calculus and Analytic Geometry II. Credits: 5

Physics: Computational Physics Option (B.S.)

Total Semester Hours required for the Degree: 120 semester hours

Minimum Semester Hours required for the Physics: Computational Physics Option: 74 semester hours

The Computational Physics option is designed for students interested in the computational approach to solving complex problems in physics. Students gain experience in computer modeling and simulation of a wide variety of systems in physics and engineering. It is designed for students who seek industrial employment or graduate study in a computational field.

Physics: Engineering Physics Option (B.S.)

Total hours to degree: 90 (total does not include completion of required engineering degree elsewhere)

Minimum Semester Hours required for the Physics: Engineering Physics Option: 59 semester hours

(See also "Pre-Engineering Program" and "Engineering")

This cooperative degree program requires about three years of work at EIU followed by two years of work at the University of Illinois at Urbana-Champaign (UIUC). This program is designed to combine studies in Physics and Engineering, producing workers with greater versatility and broader skills, making them more attractive to employers of scientists and engineers. Upon completion of the program, the student receives a Bachelor of Science in Physics: Option in Engineering Physics, from EIU and a Bachelor of Science in Engineering degree from UIUC. With approval of the Engineering Advisor and the Chair of the Physics Department, the Physics: Engineering Physics Option can be awarded upon completion of a Bachelor of Science in Engineering degree from Southern Illinois University Carbondale (SIUC) as an alternative. Interested students should consult with the Pre-Engineering Coordinator for detailed requirements of the program.

After completing 60 semester hours in this curriculum, a student may apply to the EIU Pre-Engineering Coordinator for admission as an Engineering Physics candidate. The requirements for admission as an Engineering Physics candidate are a minimum grade point average of 3.00 and approval by the committee. Continuation as an engineering candidate includes meeting the transfer requirements of the College of Engineering at UIUC.

A student who transfers into this curriculum from another college or university must be in residence at EIU for at least one semester before he/she becomes eligible for admission as an Engineering Physics candidate.

Core Requirements

Total: 88-95 semester hours with elective credit to bring the total to 90 semester hours.

Courses Recommended

These courses may be required by certain Engineering programs. (See footnote 1)

- CHM 1410 - General Chemistry II. Credits: 3
- CHM 1415 - General Chemistry Laboratory II. Credits: 1
- ECN 2801G - Principles of Macroeconomics. Credits: 3
- EEN 1100 - Introduction to Logic Design. Credits: 3
- EGT 2043 - Computer-Aided Engineering Drawing. Credits: 3

Footnotes:

(Major GPA based on all EIU courses in chemistry, engineering technology, mathematics, and physics taken from the list above.)

Students completing cooperative degree programs, i.e., Engineering and Clinical Laboratory Sciences, will not be required to take a senior seminar.

¹ These courses should be selected in consultation with the Pre-Engineering Coordinator to ensure that Eastern's General Education requirements and UIUC requirements are both fulfilled. ECN 2801G is highly recommended in the Social and Behavioral Sciences since it is required in some UIUC and SIUC Engineering Programs.

² A limit of 3 hours of Physics 4444*, 4555, 4601*, 4602*, 4603*, 4644, or 4800* may be counted toward the degree.

Physics Honors Program

Admission to the Physics Departmental Honors Program will be open to students who have at least a 3.50 GPA, for all classes, on a 4.0 point scale, permission of the Dean of the Honors College, and permission of the Departmental Honors Coordinator. In addition, Physics 2390 and Mathematics 3501 must be completed prior to admission.

Students in the Physics Honors Program must maintain an **overall** GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their grade-point average to 3.50 and submit their petition to the Dean of the Honors College and Departmental Honors Coordinator.

Departmental Honors Requirements

Subject to the following minima:

Students in the Departmental Honors program must also complete all the requirements for graduation as a physics major as given in the current **Undergraduate Catalog**.

Honors thesis supervision will be undertaken by a faculty member approved by the Departmental Chairperson, the Departmental Honors Coordinator, and Faculty Advisor. The thesis must be submitted and defended in accordance with the Senior Thesis Guide and must be signed by the thesis supervisor.

And at least 12 semester hours in the following honors courses:

- PHY 4444A - Honors Independent Study A. Credits: 3 or PHY 4444B or PHY 4444D (See Footnote 1)
- PHY 4555 - Honors Research. Credits: 3
- PHY 4644 - Honors Thesis. Credits: 3
- PHY 4666 - Honors Seminar. Credits: 3

Footnote:

¹A total of no more than 6 hours of Honors Independent Study may be counted towards completion of the Honors Program.

Physics Teacher Licensure

See the Science with Teacher Licensure Major program, (Physics Specialization).

Footnotes:

¹May only count one semester hour of PHY 4711, PHY 4712 and PHY 4713 toward the minor.

²Not more than two semester hours from PHY 3010*.

Pre-Engineering Program

(See also "Engineering BS")

This two-year program is administered by the Pre-Engineering Coordinator. Students planning to enroll in pre-engineering are advised to include the following in their high school programs: mathematics--four or more units, including trigonometry; and Science--three or more units, including chemistry and physics. Students with deficient high school background should expect their graduation with an engineering degree to be delayed.

There are two pre-engineering options: general (appropriate for all except chemical engineering) and chemical. Students interested in the chemical engineering option should consult with the Pre-Engineering Coordinator.

Specific program admission requirements and shared course credit options are located in the Graduate Catalog under the individual program(s).

Political Science (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

The major in Political Science comprises:

Semester Hours required for the Political Science Major: 39

Core Requirements (15 hours)

- PLS 1153G - American Government and Constitution. Credits: 3
or
- PLS 1193G - American Government and Constitution, Honors. Credits: 3
- PLS 2033 - Research Methods in Political Science. Credits: 3

Three of the following

- PLS 2103 - Introduction to Political Theory. Credits: 3
- PLS 2253G - Introduction to International Relations. Credits: 3
or
- PLS 2293G - Introduction to International Relations, Honors. Credits: 3
- PLS 1003 - Introduction to Politics. Credits: 3
- PLS 2703 - Introduction to Public Policy. Credits: 3

Field Requirements (18 hours):

18 hours of 3000-4000 level courses, including at least one from each of the three fields (18 hours total)

Comparative Politics & International Relations

- PLS 3203 - American Foreign Policy. Credits: 3
- PLS 3223 - International Organizations. Credits: 3

- PLS 3233 - International Terrorism. Credits: 3
- PLS 3253 - Human Rights and International Law. Credits: 3
- PLS 3263 - The Politics of War & Conflict. Credits: 3
- PLS 3303 - European Politics and Governments. Credits: 3
- PLS 3333 - Politics of Latin America and the Caribbean. Credits: 3
- PLS 3343 - Government and Politics of the Middle East. Credits: 3
- PLS 3353 - Politics of Sub-Saharan Africa. Credits: 3
- PLS 3363 - Government and Politics in Asia-Pacific Rim. Credits: 3
- PLS 3863A - Special Topics in Political Science. Credits: 3
- PLS 4823 - Comparative Public Policy. Credits: 3

American Politics, Public Policy & Public Administration

- PLS 3603 - State and Local Government. Credits: 3
- PLS 3653 - American Indian Politics. Credits: 3
- PLS 3703 - African American Politics. Credits: 3
- PLS 3713 - Political Parties and Elections. Credits: 3
- PLS 3723 - Political Behavior. Credits: 3
- PLS 3733 - Interest Groups and Lobbying. Credits: 3
- PLS 3743 - Congress. Credits: 3
- PLS 3753 - The American Presidency. Credits: 3
- PLS 3773 - Religion & Politics in the U.S. Credits: 3
- PLS 3863B - Special Topics in Political Science. Credits: 3
- PLS 3903 - Women & Politics. Credits: 3
- PLS 4763 - Environmental Politics & Policy. Credits: 3
- PLS 4793 - Civic and Nonprofit Leadership. Credits: 3
- PLS 4873 - Human Resource Management in Public and Nonprofit Organizations. Credits: 3
- PLS 4893 - Budgeting in Government and Nonprofit Organizations. Credits: 3

Public Law & Political Theory

- PLS 3513 - Politics and the Legal Process. Credits: 3
- PLS 3523 - Criminal Law. Credits: 3
- PLS 3543 - Civil Liberties in America. Credits: 3
- PLS 3553 - Federal Indian Law and Policy. Credits: 3
- PLS 3863D - Special Topics in Political Science. Credits: 3
- PLS 4774 - American Constitutional Law. Credits: 3
- PLS 4853 - The Supreme Court. Credits: 3
- PLS 4903 - Classic Political Theory. Credits: 3
- PLS 4913 - Contemporary Political Theory. Credits: 3
- PLS 4923 - African American Political Thought. Credits: 3
- PLS 4933 - Ideologies of the Developing World. Credits: 3
- PLS 4943 - American Political Thought. Credits: 3

Applied Political Science Experience (3 hours):

Political Science majors will complete at least three hours in one or more of the following experiences:

- PLS 3970 - Study Abroad. Credits: 1 to 15 (See Footnote *)
- PLS 4275 - Internship. Credits: 1 to 12 (See Footnote **)
- PLS 4503 - Independent Study. Credits: 1 to 6 (See Footnote ***)
- PLS 4444 - Honors Independent Study. Credits: 3 (See footnote #)
- PLS 4555 - Honors Research. Credits: 3 (See footnote #)
- PLS 4644 - Honors Thesis. Credits: 3 (See footnote #)
- PLS 2503 - Legal Research and Argument. Credits: 3 (only one credit hour may be counted toward applied learning experience)
- PLS 25131 - Moot Court I. Credits: 1 or PLS 25132 or PLS 25133 (Limited to 3 hours of Political Science Credit)
- PLS 26111 - Model Illinois Government I. Credits: 1 or PLS 26112 (Limited to 3 hours of Political Science Credit)

Political Science Capstone Course (3 hours):

All Political Science majors will complete the capstone course after completing at least 75 hours, PLS 2033 and at least 9 hours in PLS coursework at the 3000-4000 level.

- PLS 4600 - Political Science Capstone. Credits: 3

Footnotes:

* Three credit hours will count for this requirement. Additional credit hours may be substituted for Field Requirements, with departmental approval.

** Three credit hours will count for this requirement. Additional credit hours cannot be substituted for Field Requirements, but will count towards degree completion.

*** Three credit hours will count for this requirement. Additional credit hours cannot be substituted for Field Requirements, but will be included in computing the major G.P.A.

Students enrolled in Honors Independent Study, Research or Thesis must be enrolled in Political Science Departmental Honors.

Political Science with Civic and Nonprofit Leadership Option (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Total Semester Hours for the Major in Political Science with Civic & Nonprofit Leadership Option: 39 semester hours

Introductory Courses (12 hours):

- PLS 1153G - American Government and Constitution. Credits: 3
or
- PLS 1193G - American Government and Constitution, Honors. Credits: 3

- PLS 2033 - Research Methods in Political Science. Credits: 3
- PLS 2703 - Introduction to Public Policy. Credits: 3

One of the following:

- PLS 1003 - Introduction to Politics. Credits: 3
- PLS 2103 - Introduction to Political Theory. Credits: 3
- PLS 2253G - Introduction to International Relations. Credits: 3
or
- PLS 2293G - Introduction to International Relations, Honors. Credits: 3

Required Courses (6 hours):

Take two of the following:

- PLS 4793 - Civic and Nonprofit Leadership. Credits: 3
- PLS 4893 - Budgeting in Government and Nonprofit Organizations. Credits: 3
- PLS 4873 - Human Resource Management in Public and Nonprofit Organizations. Credits: 3

Track Hours (12 hours from one track):

Electives (12 hours):

- PLS 3603 - State and Local Government. Credits: 3
- PLS 3733 - Interest Groups and Lobbying. Credits: 3
- PLS 3723 - Political Behavior. Credits: 3
- PLS 3653 - American Indian Politics. Credits: 3

- PLS 26111 - Model Illinois Government I. Credits: 1 or PLS 26112 (Limited to 3 hours of Political Science Credit)

GIS Requirement (3 hours):

- GEO 3810 - Introduction to Geographic Information Systems. Credits: 3

Capstone Requirement (3 hours):

All Political Science majors will complete the capstone course after completing at least 75 hours, PLS 2033, and at least 9 hours of PLS coursework at the 3000-4000 level.

- PLS 4600 - Political Science Capstone. Credits: 3

Students are encouraged to take electives, minors, or a double-major in fields that complement their interests, including other social sciences, foreign languages, humanities, and business.

Footnote:

Students enrolled in Honors Independent Study, Research, or Thesis must be enrolled in Political Science Departmental Honors.

Political Science with International Studies Option (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Semester Hours for the Major in Political Science with International Studies Option: 39-47 semester hours

Core Introductory Requirements (12 hours)

All Political Science majors with the International Studies Option will complete the following hours:

- PLS 2253G - Introduction to International Relations. Credits: 3
or
- PLS 2293G - Introduction to International Relations, Honors. Credits: 3
- PLS 1153G - American Government and Constitution. Credits: 3
or
- PLS 1193G - American Government and Constitution, Honors. Credits: 3

- PLS 2033 - Research Methods in Political Science. Credits: 3

One of the following:

- PLS 2103 - Introduction to Political Theory. Credits: 3
- PLS 2703 - Introduction to Public Policy. Credits: 3
- PLS 1003 - Introduction to Politics. Credits: 3

Comparative and International Politics Requirements (12 hours):

Neuroscience (B.S.)

Neuroscience is the study of the nervous system at different levels of interest – from molecules to cells, networks, the brain and entire body – and through the perspective of different disciplines. The focus is on organization, development, and function of the nervous system, and how this relates to behavior and cognition, and disorders of the same. The program provides students with comprehensive foundational knowledge in neuroscience and behavioral neuroscience, while exposing them to hands-on-research experience and nurturing the development of analytical, critical thinking, and communication skills. The curriculum is designed to prepare students for careers and graduate training in this and related fields.

Total credit hours: 65-66 credits (10-14 credit hours of which count for General Education).

Theatre (B.A.)

Total Semester Hours required for the Degree: 120 credit hours

Semester Hours required for the Theatre Major: 55 - 58 credit hours

The Department of Theatre offers programs leading to the Bachelor of Arts degree. It concentrates on undergraduate programs that stress the interdependency of academic experiences. This liberal arts program emphasizes the importance of a broad theatre background and the mastery of theatre fundamentals in preparation for the more advanced training found in graduate schools or in professional theatre, internship/apprentice programs, or for a career in theatre education.

All students begin a major in Theatre with a core of requirements. Through advisement, the Theatre major then selects a particular emphasis that will aid in attaining career goals. Theatre majors must earn a minimum of at least a "C" (2.0) in each course used

toward the major. A GPA of not less than 2.5 is required in the major.

World Languages and Cultures: French, German or Spanish Teacher Licensure (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Semester Hours required for the World Languages and Cultures: French, German or Spanish Teacher Licensure Major: 38 semester hours

The BA in World Languages and Cultures with Teacher Licensure is a K-12 licensure program and is comprised of 1) 40 semester hours of General Education, 2) professional education core courses as specified below and including ELE 2050 and WLE 3400, 3) 32 semester hours in French, German or Spanish including 3 semester hours of Cadet Teaching (WLF/WLG/WLS 3401).

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to Take Teacher Education Courses no later than the end of their first semester Junior year in order to use this suggested plan. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Students must complete the professional education coursework following the Secondary Education Professional Education Course Sequence. Information is available in the Teacher Licensure Program section of this catalog.

Students must pass the edTPA (teacher performance assessment) before they can receive their teaching license from Illinois or any other state. Students will make their edTPA submission during student teaching.

Communication Studies (B.A.)

The Communication Studies major prepares our students to be effective and ethical communicators in their professional, relational, and cultural roles. Our students learn to critique and create messages in multiple contexts. We emphasize the intersection of theory and practice as the foundation for problem solving, creativity, critical thinking, and understanding the diversity of communication practices.

Option areas in the Communication Studies major:

Corporate Communication
Interpersonal Communication
Mass Communication
Communication in Organizations (online)

Corporate Communication Option

Mass Communication Option

Semester hours for the BA in Communication Studies: Mass Communication Option: 49

Success in today's rapidly evolving media industries requires a solid foundation in the liberal arts, a comprehensive training in media theory, and introductory skills in media production as traditional communication channels overlap and converge. The Mass Communication option helps students to learn how to think critically about the ways in which mass communication influences society, and helps them become informed, critical consumers of media. Special focus is given to how mediated communication influences our understanding of political and social life, and our understanding of our place in a world that has become increasingly smaller.

Journalism (B.A.)

Our students report breaking news, investigate corruption, design award-winning publications, produce newscasts, cover professional sports, promote college athletics, and frame major events with their lenses. Our alumni win Pulitzer Prizes, Emmy Awards and earn all kinds of other recognitions for their journalistic efforts. But our students learn so much more than journalism. They run major movie studios, lobby to save the environment, create digital businesses, direct social media, argue legal cases, run political campaigns, write graphic novels, and build websites. In our program, students learn to think critically, produce creatively, write precisely, process information quickly, interview thoughtfully, manage people, and develop an excellent work ethic. This option is for those who prefer a broader, more general approach to learning about journalism.

Journalism: Broadcast Journalism (B.A.)

Broadcast journalism is an integral part of our profession requiring highly specialized skills and training. In the world of converged media, broadcast now reaches into traditional radio and television media as well as into emerging digital media platforms, all the while adhering to accepted journalism standards and practices. With this option, students learn to use audio and video equipment to broadcast news, and how to communicate across platforms to disseminate news. Students learn, apply and practice traditional journalism techniques such as researching, interviewing, reporting, writing and editing. In addition, students learn the law, ethics and history as it applies to news media. Students in this option also learn to find, evaluate, interpret and report on public issues, data, documents and public records in order to gather,

organize, and evaluate information used to develop objective news stories in accepted journalistic style.

Journalism: Public Affairs Reporting (B.A.)

Public Affairs Reporting is the study of, and practice in, reporting local and state news, including activities of the state legislature, local government, courts and the impact of national and international events on local affairs. Students learn how to find, interpret and use public records to document government actions, such as new legislation or abuses of power, and to investigate significant social change related to these actions. This PAR option enables students to better understand the theoretical and practical underpinnings related to public affairs through work in multiple Political Science courses; and, further, to apply this knowledge to cover local, state, and national governments, courts, and other public affairs issues with extensive context, expertise and sources.

Students study organizations and individuals who operate in what is considered the public interest. This program is also useful for those interested in public service, civic engagement, political and government careers, public communications or non-profit service.

Public Relations (B.A.)

Total Semester Hours required for the Degree: 120 semester hours

Semester Hours required for the Public Relations Major: 52 semester hours

Public relations is the strategic management of communication and mutually beneficial relationships between organizations/individuals and their stakeholders. Strategic communication relies on critical thinking, research, creative problem solving, and the creation of written, verbal, and visual messages. Students master public relations strategies, theories, tactics, and evaluation. They learn how to communicate and advocate ethically and effectively through emerging and traditional communication channels in a dynamic media landscape. The major prepares students for careers as communication specialists in for-profit and non-profit contexts, as well as graduate studies in communication.

Interdisciplinary Major

The department participates in the **Interdisciplinary Major in Health Communication**. See the **Interdisciplinary Major** section of the catalog for the requirements for the Health Communication major.

Interdisciplinary Minors

The department participates in six interdisciplinary minor programs: advertising, broadcast meteorology, communication and cultural diversity, film studies, health communication, and public relations.

Interdisciplinary Minor in Advertising

An interdisciplinary program of study designed to enhance students' understanding of the promotion of products and services to various markets. Key components include the critical examination of ad campaigns and strategies and the application of knowledge. See the Interdisciplinary Minor in Advertising for minor requirements.

Interdisciplinary Minor in Broadcast Meteorology

This interdisciplinary minor combines the study of weather and climate with classes in radio and television announcing and production. It prepares students to effectively communicate complex weather information to multiple audiences through various media. See Interdisciplinary Minor in Broadcast Meteorology for minor requirements.

Interdisciplinary Minor in Communication and Cultural Diversity

This minor examines the ways in which communication constructs our understanding of diversity and difference, how stereotypes and prejudices are maintained and challenged, and how possibilities for inclusion are created. This minor also prepares students to compete in a global economy, provides skills to thrive in a broad range of organizations, and flourish in diverse work and social environments. See the Interdisciplinary Minor in Communication & Cultural Diversity for minor requirements.

Interdisciplinary Minor in Film Studies

An interdisciplinary minor devoted to the study of cinema history, theory, criticism and production. See Interdisciplinary Minor in

Film Studies for minor requirements.

Interdisciplinary Minor in Health Communication

This interdisciplinary minor offers a combination of communication studies and public health courses to students planning a career in health professions or public relations. It combines study of the health care industry, public policy and communication strategies. See Interdisciplinary Minor in Health Communication for minor requirements.

Interdisciplinary Minor in Public Relations

An interdisciplinary program designed for students who do not choose public relations as their main emphasis but seek additional study of strategic communication. See Interdisciplinary Minor in Public Relations for minor requirements.

Science with Teacher Licensure

Science with Teacher Licensure (B.S.)

High School Licensure

The Science with Teacher Licensure major prepares students for teaching careers in the sciences (biological sciences, chemistry, earth sciences and physics) at the secondary level (grades 9-12). For students also wanting to be eligible to teach middle school sciences, additional Middle Level Education courses are required.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to Take Teacher Education Courses no later than the end of the first semester of their Junior year. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Students must pass the edTPA (teacher performance assessment) before they can receive their teaching license from Illinois or any other state. Students will make their edTPA submission during student teaching.

General Mission

Lumpkin College provides an environment where interactions among students, faculty, staff, alumni, and industry & community leaders, are intentional and comprehensive by:

- Promoting active, integrated, and project-based learning
- Incorporating professionals as guest speakers and student mentors
- Integrating recognized industry certifications into academic programs
- Developing versatile, professionally prepared students outside the traditional classroom environment
- Pursuing innovative programming
- Engaging in collaborative research within Lumpkin College and with external partners
- Leading within the community, and in academic industry associations
- Investing in continuous development of students, faculty, and staff

Bachelor's degrees are earned through a variety of programs. Business majors include Accountancy, Business Administration, Business Analytics and Information Systems, Finance, Management, and Marketing. Lumpkin College is also home to the Hospitality & Tourism program offering two options, Management or Entrepreneurship. The School of Technology offers majors in Computer and Information Technology, Construction Management, Digital Media Technology, and Engineering Technology. Students may also choose a major in Organizational Development.

In addition, students from other majors can pursue minors in Business Administration, Business Analytics, Digital Media Technology, Engineering Technology, Entrepreneurship, Human Resource Management, Management Information Systems, Marketing, Meeting and Event Management, Operations and Supply Chain Management, Organizational Leadership, and Talent Development.

Graduate programs include Master of Business Administration, Master of Science in Sustainability, School of Technology Graduate Certificate Programs, Master of Science in Technology, Master of Science in Talent Development, and Master of Science in Cybersecurity. (See the **Graduate Catalog** for further information on graduate programs.)

Hospitality and Tourism

The Hospitality and Tourism Program offers a Bachelor of Science in Hospitality and Tourism and a minor in Meeting and Event Management. Students in the major choose either the management or entrepreneurship option.

Mission

The mission of the Hospitality and Tourism program is to develop students, at the undergraduate level, to be successful and ethical managers and entrepreneurs in the global hospitality and tourism industry. The curriculum builds on Business Administration and Entrepreneurship minors by integrating hospitality and tourism industry applications in upper level courses. The program has a focus on foodservice, lodging, and event management.

School of Business Academic Programs

All business majors complete a curriculum composed of four components: general education course work, the business core curriculum, a critical thinking and quantitative reasoning course, and the major curriculum. The requirements of each of these curricula are described below. (These curriculum requirements are modified for students enrolled in the B.S.B. in Business Administration at Parkland College and online. See the program description in this catalog.)

General Education Curriculum

EIU requires all undergraduate students to complete the general education curriculum, which is described in Section VI of this catalog. Students who have not completed the foreign language requirement in high school further are required to complete two foreign language courses. To develop background knowledge for the study of business, business majors also must complete the following general education courses:

- MAT 2120G - Finite Mathematics
- ECN 2801G - Principles of Macroeconomics
- ECN 2802G - Principles of Microeconomics

Business students are encouraged to complete the general education curriculum as early as possible.

Critical Thinking and Quantitative Reasoning

To develop critical thinking and quantitative reasoning skills for business, business majors must complete one of the following with a grade of "C" or better:

- CMN 2040 - Argumentation and Critical Thinking
- ECN 3450 - Game Theory
- GEO 3810 - Introduction to Geographic Information Systems
- MAT 2110G - Brief Calculus with Applications
- MIS 3505 - Advanced Microcomputer Applications and Development
- OSC 3800 - Spreadsheet Modeling and Analysis for Management Decision Making
- OSC 4820 - Business Analytics and Data Mining
- PHI 1900G - Logical and Critical Reasoning
- PHI 1990G - Logical and Critical Reasoning (Honors)

Business Core Curriculum

The business core curriculum is designed to help students develop the foundation knowledge and skills common to all areas of business. Completion of the following courses is required to fulfill the business core curriculum:

- BUS 1000 - Introductory Business Seminar
- BUS 1950 - Computer Concepts and Applications for Business

- BUS 2101 - Financial Accounting
- BUS 2102 - Managerial Accounting
- BUS 2750 - Legal and Social Environment of Business
- BUS 2810 - Business Statistics
- BUS 3010 - Management and Organizational Behavior
- BUS 3200 - International Business
- BUS 3470 - Principles of Marketing
- BUS 3500 - Management Information Systems
- BUS 3710 - Business Financial Management
- BUS 3950 - Operations Management
- BUS 4360 - Strategy and Policy

Major Curricula

Each of the business majors includes additional upper division course work that provides the opportunity for more in-depth study of a specific business discipline and for further development of students' business skills. See the individual business major for a description of the courses required for that major.

School of Business General Policies

1. Students pursuing a degree other than the B.S. in Business cannot count more than 30 semester hours of business subjects toward fulfillment of their bachelor's degree requirements. These include courses with a prefix of BUS, ACC, FIN, MAR, MGT, MIS, OSC, and ENT.
2. To qualify for the B.S. in Business degree from EIU, students must take at least 50% of their business credit hours at EIU.
3. Students may receive a grade in an upper division business course a maximum of three times. After a grade has been received in an upper division class at EIU, the School of Business will not accept subsequent transfer of an equivalent course from another school unless the School of Business has given prior written approval to enroll in the specific course at the specific university, which must be AACSB-International accredited.
4. Students desiring double majors in the School of Business must complete the major course requirements for both majors with a combined minimum of 42 semester hours exclusive of courses in the business core.

Accounting (B.S.B)

Total Semester Hours Required for the Degree: 120 semester hours

Major

A dynamic, rewarding, and highly respected profession, accountancy operates at the heart of business decision-making and financial information services. In addition to providing services in the traditional areas of preparation and analysis of financial statements, auditing, and tax planning and compliance, accountants serve as valuable members of management teams, as highly respected consultants to top management, and as trusted advisers to professionals, business owners, and government leaders. For a person who wants to have a successful career in business, a degree in accounting is an excellent choice.

Accounting Program's Mission Statement

The primary mission of the EIU Accountancy Program is to build a better future for our students, transforming their lives through excellence in relationship-driven instruction of accounting principles and practices needed for entry into and success in the accounting profession.

Our secondary purposes are to advance accounting knowledge through academic inquiry and research and to perform service activities to benefit the School of Business, the Lumpkin College of Business and Technology, the University, the accounting profession, and the community.

Program Policies

Continuation Requirement: A student majoring in accounting must maintain a cumulative EIU GPA of 2.50 or higher in order to enroll in senior-level (4000-level) accounting courses.

Important Notice: Candidates who wish to sit for the Certified Public Accountant (CPA) Examination in Illinois are required to have earned 150 hours of college credit, including an undergraduate degree. Of the 150 hours, at least 24 hours must be in accounting. Courses that are in progress cannot be counted to meet the 150-hour requirement. Students in their final semester of courses, that would qualify them for the 150-hour requirement, may receive Provisional Approval to sit for the CPA Exam from the Illinois Board of Examiners. Students are encouraged to verify educational eligibility with the Illinois Board of Examiners.

Course Requirements

The BSB in Accounting comprises:

1. 43 semester hours in general education
2. 38 semester hours in the business core
3. 27 semester hours in major courses
4. 12 semester hours in electives.

Major Courses

- ACC 3200 - Intermediate Financial Accounting I. Credits: 3 (see footnote *)
- ACC 3250 - Intermediate Financial Accounting II. Credits: 3 (see footnote *)
- ACC 3300 - Management and Cost Accounting. Credits: 3 (see footnote *)
- ACC 3900 - Accounting Information Systems. Credits: 3 (see footnote *)

- ACC 4400 - Federal Income Taxation I. Credits: 3 (see footnote *)
- ACC 4500 - Advanced Financial Accounting. Credits: 3 (see footnote *)
- ACC 4700 - Auditing and Assurance Services. Credits: 3 (see footnote *)
- ACC 4800 - Federal Income Taxation II. Credits: 3 (see footnote *)

Plus one course selected from the following:

- ACC 3950 - Financial Data Analysis and Technical Communications. Credits: 3
- ACC 4275 - Internship in Accounting. Credits: 1 to 15 (Only 3 hours will count towards the Accounting major.)

Footnotes:

*A grade of "C" or better is required in all required ACC courses.

Calculation of the major GPA is based on courses taken at EIU with the prefix BUS and ACC.

Accountancy Minor

The accountancy minor enables business majors to enhance their ability to analyze and use accounting data. By developing these key skills, students augment their understanding of business and are prepared for more career opportunities. The Accountancy Minor may be awarded only to students who also complete a business major.

Course Requirements:

- MAR 4740 - Independent Study. Credits: 1 to 6

Footnotes:

Calculation of the major GPA is based on courses taken at EIU with the prefix BUS, MAR, plus ENT courses taken at EIU as a Marketing major elective.

Marketing Minor

The Marketing minor offers a broad course of study in the field of marketing applicable to all interested majors. Marketing activities are found in all organizations and the discipline provides students with the ability to apply the knowledge and skills gained from their major with the realities of consumer and business markets. Marketing minor students gain skills that prepare them for both consumer and business interactions.

Core Requirements (12 hours)

- BUS 3100 - Survey of Marketing Principles. Credits: 3 or
- BUS 3470 - Principles of Marketing. Credits: 3
- MAR 3720 - Consumer Behavior. Credits: 3
- MAR 3875 - Retail Management. Credits: 3
- MAR 4470 - Professional Sales. Credits: 3

Select two (2) additional courses from the following courses, one of which must have a MAR prefix:

MAR Electives

- MAR 3490 - Business-to-Business Marketing. Credits: 3

- MAR 3560 - Social Media Marketing. Credits: 3
- MAR 3780 - Promotion Management. Credits: 3
- MAR 4100 - Special Topics in Marketing. Credits: 3
- MAR 4400 - Services Marketing. Credits: 3
- MAR 4480 - Sales Management. Credits: 3
- MAR 4490 - International Marketing. Credits: 3

Non-MAR Electives

- MIS 3530 - Business Web Site Design. Credits: 3
- ENT 3500 - Marketing and Innovation for Entrepreneurial Ventures. Credits: 3
- CMN 3100 - Persuasion. Credits: 3
- CMN 3270 - Communication and Popular Culture. Credits: 3
- CMN 3560 - International Communication. Credits: 3
- CMN 3710 - Intercultural Communication. Credits: 3
- CMN 3960 - Public Relations Writing and Production. Credits: 3
- PSY 3870 - Social Psychology. Credits: 3

- JOU 3820 - Publicity Methods. Credits: 3
- JOU 3920 - Public Relations in Society. Credits: 3

Operations & Supply Chain Management Minor

The minor in Operations and Supply Chain Management enables students to enhance their understanding of how businesses operate and how they interconnect with suppliers and customers. This understanding prepares students for more career opportunities in the modern business world.

Course Requirements (12 semester hours):

- BUS 1950 - Computer Concepts and Applications for Business. Credits: 3
- BUS 2810 - Business Statistics I. Credits: 3
- BUS 3950 - Operations Management. Credits: 3
- OSC 4810 - Supply Chain and Logistics Management. Credits: 3

Plus two courses (6 semester hours) selected from the following courses, with at least one course (3 semester hours) having the OSC prefix:

OSC Electives

- OSC 3430 - Enterprise Resource Planning Systems. Credits: 3
- OSC 3800 - Spreadsheet Modeling and Analysis for Management Decision Making. Credits: 3
- OSC 4340 - Strategic Quality Management. Credits: 3
- OSC 4700 - Special Topics in Operations and Supply Chain Management. Credits: 3
- OSC 4820 - Business Analytics and Data Mining. Credits: 3
- OSC 4850 - Project Management. Credits: 3

Non-OSC Electives

- ACC 3300 - Management and Cost Accounting. Credits: 3
- BUS 3500 - Management Information Systems. Credits: 3
- EGT 4753 - Lean Manufacturing. Credits: 3
- EGT 4803 - Plant Layout and Material Handling. Credits: 3
- EGT 4843 - Statistical Quality and Reliability. Credits: 3
- MAR 3490 - Business-to-Business Marketing. Credits: 3
- MGT 4700 - Special Topics in Management. Credits: 3
- MIS 3505 - Advanced Microcomputer Applications and Development. Credits: 3
- MIS 4600 - Special Topics in Management Information Systems. Credits: 1 to 3
- MIS 4770 - Database and Data Management. Credits: 3

School of Technology

Vision Statement

The School of Technology is, and will continue to be, recognized as a premier provider of quality programs and services that enhance the capacity of professionals and organizations to integrate people and technology for optimum work performance and learning. Applied research, exemplary teaching and partnerships are the hallmarks of mutually enriching activities that foster scholarship for students and faculty and economic development for the region.

Majors and Minors

The School of Technology offers the Bachelor of Science degree with majors and emphases in the following areas:

Computer and Information Technology Major

Construction Management Major

Digital Media Technology Major

Engineering Technology Major

Organizational Development Major

The School of Technology offers the following minors:

- Minor in Digital Media Technology
- Minor in Engineering Technology
- Minor in Organizational Leadership
- Minor in Talent Development

Computer and Information Technology (B.S.)

Total Semester Hours Required for the Degree: 121-126 semester hours

Major

The Computer and Information Technology (CIT) program prepares technical professionals for applications of computer and information technology. Those professionals typically work in an information technology (IT) department in a computer operations capacity for organizations ranging from manufacturing, service, and healthcare to education and government.

The BS in Computer and Information Technology comprises:

1. 37 semester hours in general education
2. 6-9 hours of math & science foundation
3. 66-68 semester hours in CIT major coursework
4. 12 semester hours in technical electives

General Requirements:

In addition to the required mathematics courses noted below, 37 hours of general education courses are required by the university to prepare students to become well-rounded professionals.

Mathematics (6-9 hours):

- MAT 2120G - Finite Mathematics. Credits: 3
or MAT 2110G - Brief Calculus with Applications. Credits: 3
or MAT 1441G - Calculus and Analytic Geometry I. Credits: 5
- BUS 2810 - Business Statistics I. Credits: 3
or MAT 2250G - Elementary Statistics. Credits: 4

Required Technical & Management Courses (66-68 hours):

- CIT 1001 - Introduction to Computer and Information Technology. Credits: 1
- CIT 1813 - Introduction to Programming (C++) Credits: 3
- CIT 2523 - Data Communication Technology I. Credits: 3
- CIT 2773 - Database Administration. Credits: 3
- CIT 2803 - Operating Systems for Computer Technology. Credits: 3
- CIT 2853 - Cybersecurity Intrusion Detection & Prevention. Credits: 3
- CIT 4663 - System Administrator and Architecture. Credits: 3
- CIT 4749 - Capstone Project in Computer Information Technology. Credits: 3
- CIT 4760 - Systems Analysis, Design, and Development. Credits: 3
- CIT 4770 - Database and Data Management. Credits: 3
- CIT 4823 - Big Data and Cloud Computing. Credits: 3
- CIT 4843 - Human Computer Interaction. Credits: 3

- CSM 2170 - Computer Science I. Credits: 4
OR
- CIT 2183 - Software Development for Technology I. Credits: 3
- CSM 2670 - Object Oriented Programming. Credits: 4
OR
- CIT 2283 - Software Development for Technology II. Credits: 3
- DGT 3813 - Web Development Credits: 3
- DGT 4814 - Digital Media Strategy. Credits: 3
- EGT 1323 - Computers for Engineering Technology. Credits: 3
- EGT 2324 - Electricity and Electronic Controls. Credits: 4
- EGT 3414 - Engineering Technology Project Management. Credits: 4
- MIS 4700 - Advanced Networking. Credits: 3
OR
- CIT 3153 - Data Communication Technology II. Credits: 3
- MIS 4850 - Systems Security. Credits: 3
(See footnote 1)
- ODL 4835 - Supervision in Organizations. Credits: 3

Electives From the Following List (12 hours):

- CSM 3070 - Competitive Programming. Credits: 1
- CSM 3870 - Data Structures. Credits: 3
- CSM 4170 - Programming for Mobile Devices. Credits: 3
- CIT 4863 - Cloud Services. Credits: 3
- DGT 1363 - Introduction to Graphics Technology. Credits: 3
- DGT 2123 - Introduction to Digital Photography. Credits: 3
- DGT 3303 - Introduction to 2D Gaming and Animation. Credits: 3
- DGT 3313 - 3D Modeling for Digital Media. Credits: 3
- DGT 4753 - Visual Effects. Credits: 3
- EGT 3103 - Robots and Control Systems. Credits: 3
- EGT 3763 - Automation and Data Capture. Credits: 3
- EGT 4503 - Engineering Technology Cost Analysis. Credits: 3
- EGT 4823 - Facility Security. Credits: 3
(See footnote 1)
- MIS 4530 - Web & Mobile Application Development. Credits: 3
- MIS 4860 - Ethical Hacking and Network Defense. Credits: 3 (See footnote 1)
- OSC 4820 - Business Analytics and Data Mining. Credits: 3
- TEC 3920 - Independent Study. Credits: 1 to 5
- TEC 4275 - Internship. Credits: 1 to 10
- TEC 4970 - Special Topics in Technology. Credits: 1 to 4
- TEC 4444 - Honors Independent Study. Credits: 1 to 4
- TEC 4444A - Honors Independent Study I. Credits: 1 to 4
- TEC 4555 - Honors Research. Credits: 3
- TEC 4644 - Honors Thesis. Credits: 2 to 3

- TEC 5343Z - Multimedia & Web Technology. Credits: 3

Footnote:

¹ "Z" sections of MIS 4850, MIS 4860 and EGT 4823 can only be taken by students who wish to pursue and are admitted to the Accelerated Graduate Program for the M.S. in Cybersecurity. Please see the Graduate Catalog for requirements.

² Application and acceptance into Accelerated Graduate Program required. Please see the Graduate Catalog for requirements.

Construction Management (B.S.)

The program will prepare students to meet the challenges to become competent superintendents and project managers in the residential, commercial, and industrial arenas. This program will engage students in numerous fields of study including Building Information Modeling, Estimating, Business and Financial Management, Site Surveying, Site Planning, Sustainability and Sustainable Construction, Mechanical and Electrical Design, Risk Management, Contracts, Building Methods and Dispute Resolution, Construction Planning and Sequencing, and Bid/Construction Document Preparation.

Total Semester Hours Required for Degree: 121-122 semester hours

Core Coursework (57 Hours):

- CMG 1000 - Introduction to Construction Management. Credits: 1
- EGT 1303 - Engineering Technology Applications. Credits: 3
- EGT 1323 - Computers for Engineering Technology. Credits: 3
- EGT 2004G - Materials Science and Evaluation. Credits: 4
- CMG 2013 - Soil, Concrete, and Paving Testing. Credits: 3
- EGT 2043 - Computer-Aided Engineering Drawing. Credits: 3
- CMG 2223 - Print Reading and Introduction to Building Information Management (BIM). Credits: 3

- CMG 2253 - Construction Equipment and Materials. Credits: 3
- EGT 2773 - Safety for Engineering Technology Professionals. Credits: 3
- CMG 2953 - Statics and Strength of Materials. Credits: 3
- CMG 3023 - Formwork and Building Processes. Credits: 3
- CMG 3213 - Surveying and Site Planning. Credits: 3
- EGT 3414 - Engineering Technology Project Management. Credits: 4
- CMG 3603 - Mechanical Systems in Residential and Commercial Buildings. Credits: 3
- CMG 3833 - Sustainable Buildings. Credits: 3
- CMG 4023 - Construction Risk Management. Credits: 3
- CMG 4223 - Construction Cost Estimating. Credits: 3
- CMG 4243 - Construction Project Management Capstone. Credits: 3
- EGT 4843 - Statistical Quality and Reliability. Credits: 3

Communications (3 hours):

- CMN 3030 - Promotional Communication. Credits: 3

Economics (6 hours):

- ECN 2801G - Principles of Macroeconomics. Credits: 3
- ECN 2802G - Principles of Microeconomics. Credits: 3

Mathematics (4 hours):

- MAT 2250G - Elementary Statistics. Credits: 4

Physical Science (4 hours):

- GEO 1300G - Introduction to Earth Sciences. Credits: 4 (Preferred)
- OR
- PHY 1151G - Principles of Physics I. Credits: 3
- AND
- PHY 1152G - Principles of Physics I Laboratory. Credits: 1
- OR
- CHM 1310G - General Chemistry I. Credits: 3
- AND
- CHM 1315G - General Chemistry Laboratory I. Credits: 1

Business (12 hours):

- BUS 2101 - Financial Accounting. Credits: 3
- BUS 2750 - Legal and Social Environment of Business. Credits: 3
- BUS 3070(2710) - Survey of Finance. Credits: 3
- BUS 3010 - Management and Organizational Behavior. Credits: 3
- OR
- ODL 4835 - Supervision in Organizations. Credits: 3

Major Electives (9-10 hours):

Three electives must be taken as part of the program. At least one course must have the CMG prefix. If selected properly, additional electives can result in a Business Administration Minor.

Construction Management Electives:

- CMG 4013 - Virtual Project Design Credits: 3
- CMG 4033 - Heavy Construction Planning. Credits: 3
- CMG 4413 - Advanced Construction Safety. Credits: 3
- CMG 4913 - 30 Hour OSHA Certification for Construction. Credits: 3
- EGT 2324 - Electricity and Electronic Controls. Credits: 4
- EGT 4503 - Engineering Technology Cost Analysis. Credits: 3
- OSC 4810 - Supply Chain and Logistics Management. Credits: 3

Business Administration Electives:

- BUS 2102 - Managerial Accounting. Credits: 3
- BUS 3050 - Survey of Management Information Systems. Credits: 3
- BUS 3100 - Survey of Marketing Principles. Credits: 3
- ENT 3300 - Foundations of Entrepreneurship. Credits: 3
- FIN 3720 - Investments. Credits: 3
- FIN 3740 - Real Estate Fundamentals. Credits: 3

Digital Media Technology (B.S.)

The Bachelor of Science in Digital Media Technology emphasizes the study of processes and management of web development, visual effects, gaming, animation, simulation, image capture, audio, and multimedia production. The program is designed to prepare technical or technical management-oriented professionals for employment in creative, advertising, educational, and other commercial environments.

Total Semester Hours Required for Degree: 120 semester hours

Total General Education Coursework Hours - 40 Hours

Total Program Coursework: 43 - 45 hours

Core Coursework: 36 hours

- EGT 1323 - Computers for Engineering Technology. Credits: 3
- CMN 2500 - Production I. Credits: 3
- ENG 3005 - Technical Communication. Credits: 3
- DGT 1363 - Introduction to Graphics Technology. Credits: 3
- DGT 2123 - Introduction to Digital Photography. Credits: 3
- DGT 3303 - Introduction to 2D Gaming and Animation. Credits: 3
- DGT 3813 - Web Development Credits: 3
- DGT 4333 - Trends in Digital Media. Credits: 3

- DGT 4353 - Digital Media Production Management. Credits: 3
- DGT 4763 - Costing and Planning for Media Projects. Credits: 3
- DGT 4814 - Digital Media Strategy. Credits: 3
- DGT 4933 - 3D Animation and Motion Capture. Credits: 3

Focus Coursework: 7 - 9 hours

Students must pick 3 courses from one focus area.

Web Development Focus

- DGT 3343 - Transmedia. Credits: 3
- DGT 4823 - Web Content Management Systems. Credits: 3
- DGT 4833 - Web Search Engine Optimization. Credits: 3
- DGT 4923 - Emerging Web Technologies. Credits: 3
- CIT 4843 - Human Computer Interaction. Credits: 3

Game Development Focus

- CIT 1813 - Introduction to Programming (C++) Credits: 3
- DGT 4783 - Mobile Gaming. Credits: 3
- DGT 4793 - Game Programming. Credits: 3
- DGT 4913 - Emerging Gaming Technology. Credits: 3

Animation and Visual Effects Focus

- DGT 3313 - 3D Modeling for Digital Media. Credits: 3
- DGT 4123 - Advanced Digital Photography. Credits: 3
- DGT 4753 - Visual Effects. Credits: 3
- DGT 4773 - Lighting, Texturing, and Rendering. Credits: 3
- EGT 2043 - Computer-Aided Engineering Drawing. Credits: 3
- EGT 3063 - 3D Modeling. Credits: 3

Digital Art and Design Focus

- ART 2910 - Introduction to Graphic Design. Credits: 3
- ART 2920 - Digital Imaging for Design. Credits: 3
- ART 3912 - Interactive/Motion Graphics I. Credits: 3
- ART 3922 - Interactive/Motion Graphics II. Credits: 3

Media Communication Focus

- CMN 2550 - Audio Production & Voice Work I. Credits: 3
- CMN 3030 - Promotional Communication. Credits: 3
- CMN 3050 - Production II. Credits: 3
- JOU 3001 - Photojournalism. Credits: 3
- JOU 3002 - Introduction to Multimedia Journalism. Credits: 3
- JOU 3300 - Publication Design. Credits: 3
- JOU 3703 - Online Journalism. Credits: 3

Audio Technology Focus

- MUS 1070 - Introduction to Music Technology. Credits: 2
- MUS 2071 - Audio and Recording Techniques I. Credits: 3
- MUS 3071 - Audio and Recording Techniques II. Credits: 3
- MUS 3072 - Live Sound Reinforcement. Credits: 2

Students are strongly encouraged to select one of the following minors to strengthen their skillsets and support their academic and career pursuits.

- Advertising
- Computer Science
- Graphic Design
- Journalism
- Marketing
- Meeting and Event Management
- Music Technology
- Photojournalism
- Radio & Audio Recording
- Social Media Engagement
- Talent Development
- Video Production

Digital Media Technology Minor

(Minimum of 18 hours)

The minor in Digital Media Technology provides students with opportunities to learn about the processes involved in the development and publishing of web, visual effects, gaming, animation, simulation and other multimedia. Students majoring in Digital Media Technology are excluded from the Digital Media Technology Minor.

Core Courses (6 hours)

- DGT 1363 - Introduction to Graphics Technology. Credits: 3
- DGT 4333 - Trends in Digital Media. Credits: 3

Elective Courses (minimum of 12 hours)

Any course with the DGT prefix.

Engineering Technology (B.S.)

The Bachelor of Science in Engineering Technology emphasizes the study of industrial, production, and mechanical engineering technology principles, to prepare graduates for engineering technology positions in industrial and laboratory settings.

Total Semester Hours Required for Degree: 124-125 semester hours

Core Coursework (69 hours):

- EGT 1303 - Engineering Technology Applications. Credits: 3
- EGT 1323 - Computers for Engineering Technology. Credits: 3
- DGT 1363 - Introduction to Graphics Technology. Credits: 3
- EGT 1413 - Introduction to Engineering Technology. Credits: 3
- EGT 2004G - Materials Science and Evaluation. Credits: 4
- EGT 2043 - Computer-Aided Engineering Drawing. Credits: 3
- EGT 2324 - Electricity and Electronic Controls. Credits: 4

- EGT 3063 - 3D Modeling. Credits: 3
- EGT 3414 - Engineering Technology Project Management. Credits: 4
- EGT 3663 - CNC and Rapid Prototyping. Credits: 3
- EGT 3703 - Machine Design. Credits: 3
- EGT 3763 - Automation and Data Capture. Credits: 3
- TEC 4275 - Internship. Credits: 1 to 10
- EGT 4503 - Engineering Technology Cost Analysis. Credits: 3
- EGT 4704 - Engineering Technology Capstone. Credits: 4
- EGT 4753 - Lean Manufacturing. Credits: 3
- ODL 4835 - Supervision in Organizations. Credits: 3
- EGT 4843 - Statistical Quality and Reliability. Credits: 3
- EGT 4943 - Manufacturing Management. Credits: 3

Mathematics (6-7 hours):

- MAT 1271 - College Algebra. Credits: 3
OR
- MAT 1330 - Analytical Trigonometry. Credits: 2
- MAT 2250G - Elementary Statistics. Credits: 4

Physical Science (4 hours):

- PHY 1151G - Principles of Physics I. Credits: 3
- PHY 1152G - Principles of Physics I Laboratory. Credits: 1

Major Electives (12 hours):

Students in Engineering Technology will be able to take 12 hours of elective courses from the School of Technology to broaden their educational experience. This will require students to take other upper division courses to meet the University requirements. Currently approved engineering technology course electives are listed in the table below. Upon approval from the EGT Program Coordinator and SOT Department Chair, students may also take upper division courses in Computer & Information Technology, Construction Management, or the Digital Media Technology programs in the School of Technology as electives.

Engineering Technology Electives

- EGT 3103 - Robots and Control Systems. Credits: 3
- EGT 3253 - Energy Technology. Credits: 3
- EGT 3453 - Renewable Energy. Credits: 3
- EGT 3753 - Biometrics in Engineering Technology. Credits: 3

Organizational Development (B.S.)

Total Semester Hours Required for Degree: 120 semester hours

The Organizational Development Program offers a Bachelor of Science degree with a major in Organizational Development that prepares students for positions as supervisors, project leaders, change agents, and trainers in a variety of organizational settings. The B.S. in Organizational Development degree may not be awarded simultaneously with another degree or awarded to a student who already holds a bachelor's degree.

Application Criteria

To apply for admission to the Organizational Development program (ODL), a student must:

1. Have earned a minimum of 30 credit hours from a regionally accredited institution;
2. Have earned a cumulative GPA of at least 2.50 or higher;

Students that do not meet these admission requirements, but meet EIU's general transfer admission requirements will have their application reviewed by the Organizational Development program coordinator. Following this review, students may be required to participate in a pre-entry interview or submit a new application for consideration at a later time.

General Education Requirements (40 semester hours)

Foundational Courses (Writing-6, Speaking-3, Math-3)	12 hours
Quantitative Reasoning in Natural Sciences	7 hours
Citizenship in Social and Behavioral Sciences	9 hours
Communication in Humanities and Fine Arts	9 hours
Senior Seminar or Study Abroad Capstone	3 hours
Total	40 hours

Major Requirements (18 semester hours)

- ODL 4810 - Principles of Career Development. Credits: 3
- ODL 4830 - Organizational Perspectives: Past, Present and Future. Credits: 3
- ODL 4835 - Supervision in Organizations. Credits: 3
- ODL 4840 - Training Program Development. Credits: 3
- ODL 4500 - Organizational Interactions. Credits: 3
- ODL 4825 - Ethical Behavior in Organizations. Credits: 3

Footnote:

*Organizational Development majors must maintain a cumulative GPA of 2.5 within the Organizational Development Major. Calculation of the major GPA is based on all courses taken through Eastern Illinois University with the prefix ODL or approved as major courses for the BS in Organizational Development.

Organizational Leadership Minor

College of Education

Laretta Henderson, Dean
Stephen Lucas, Interim Associate Dean
Shannon Bell, Assistant to the Dean
Tiffany Swalls, Assistant to the Dean
Benjamin Rienbolt, Office Manager

General Mission

The College of Education is committed to the preparation of professionals in the design and implementation of programs that advance intellectual, physical, psychological, and social well-being. These professionals are to be competent practitioners who are well grounded in research and theory. The College promotes the tradition of teaching and extends to the region and beyond by producing culturally literate and technologically sophisticated teachers, counselors, administrators, directors, and therapists.

The professional education units offer degrees and licensure in early childhood education, elementary and middle level education, special education, secondary education, guidance and counseling, and school administration. In addition, non-teaching professional units offer excellent programs in community counseling. While educating excellent entry-level personnel in undergraduate programs, the College prepares those in its graduate programs for distinguished leadership in meeting future challenges in various institutions. It also serves as an effective center of cultural and educational opportunity, maintaining partnerships with schools, hospitals, business and industry, and other recreational and social agencies.

A strong commitment to quality programs in the College of Education is demonstrated by a highly qualified and dedicated faculty; a clinically intensive, contemporary curriculum; and recognition by appropriate accrediting and certifying agencies, including the Council for the Accreditation of Educator Preparation and the Illinois State Educator Preparation and Licensure Board.

Admission Requirements

Requirements for admission into teacher preparation programs are listed in this catalog in the section on teacher licensure programs. Requirements for admission to graduate programs are given in the **Graduate Catalog**.

Teacher Education

Information about teacher education may be found at the following website: <https://www.eiu.edu/coe/teached.php>. Please check this site regularly: As rules, regulations, and dates change, you'll find the most current information here.

Teacher Licensure Programs

The following information is intended to serve as a general guide for students wishing to qualify for an Illinois teaching license. While all of Eastern Illinois University's teacher education programs are approved by the Illinois State Board of Education, only the state can issue a teaching license.

Early Childhood, Elementary, and Middle Level

Students interested in Early Childhood (birth through grade 2) should major in Early Childhood Education. Early Childhood majors may add Elementary Education licensure. For Elementary (grade 1 through grade 6), students should pursue a major in Elementary Education. Students interested in teaching grade 5 through grade 8 should major in Middle Level Education.

High School

The route to teaching high school (grade 9 through grade 12) is through one of the academic majors with teacher licensure. Please refer to the College of Education teacher education web site (<https://www.eiu.edu/coe/teached.php>) for a listing of majors with teacher licensure.

6-12

Licensure/endorsements, valid for teaching from grade 6 through grade 12, are available in Career and Technical Education (Business Education, Family & Consumer Sciences Education, and Technology Education).

K-12

Licensure/endorsements, valid for teaching from kindergarten through grade 12, are available in the following fields: Art, Foreign Language/World Languages and Cultures, Music, Physical Education/Kinesiology, Sport, and Recreation, and Special Education.

Minors

Individuals wishing to pursue a minor may select from those outlined in the catalog. Teacher licensure minors are designed to help prepare individuals seeking licensure in a second teaching area and are only available to those who are completing a major in an approved teacher preparation program leading to high school or K-12 licensure. Completion of a teacher licensure minor does not guarantee that the individual will be granted an endorsement to teach in that field. Individuals must meet all requirements (including state tests) as set forth by the Illinois State Board of Education to be granted an endorsement in a second teaching field. Minors not so identified are considered "non-teaching" minors and, in most cases, do not meet Illinois state teaching requirements. Students must receive a grade of "C" or better in all courses and earn a 2.65 GPA in a teaching minor.

Requirements

Since not all requirements are listed in the same place, students should take note that they must satisfy all of the following:

- University General Education Requirements
- Major Requirements. (See appropriate major.)
- Professional Education Requirements. (See below.)

- Requirements for Admission to Teacher Education. (See below.)
- Graduation Requirements

In order to graduate from a teacher licensure program, you must complete the approved licensure program and graduation requirements with a 2.65 cumulative and major GPA and complete all courses with a grade of "C" or better. **Note:** Some majors require a higher GPA; please consult departmental requirements.

Minimum Grade Requirement in Courses for Teacher Licensure Programs

All students with a teacher licensure major must receive a grade of "C" or better in all courses, regardless where they are taken, used toward graduation including general education, professional education, major and minor courses, all university required courses, and electives. Furthermore, any course used for the purpose of adding endorsements to a teaching license must be completed with a grade of "C" or better.

All post-baccalaureate teacher licensure candidates completing a teacher licensure program must receive a grade of "C" or better in all courses, regardless where they are taken, used toward completion of the program. Furthermore, any course used for the purpose of adding endorsements to a teaching license must be completed with a grade of "C" or better.

Professional Education Requirements

For individuals seeking licensure in Early Childhood, Elementary Education, Middle Level Education, or Special Education, the Professional Education requirements are included as a part of the respective major and are outlined elsewhere in this section.

Individuals seeking High School, 6-12 (Career and Technical Education), or K-12 (Art, Foreign Language, Music or Physical Education) licensure must complete the following Professional Education requirements. Students must earn a grade of "C" or better in all professional education courses in order to graduate from a teacher licensure program.

Secondary Education Program Courses (Total 37-43 Hours)

- Departmental Methods Credits: 3-9
- SED 2000 - Inquiry Into Teaching. Credits: 2 (Exceptions to this course are in Art, Music, Kinesiology, Sport, and Recreation, and Career and Technical Education.)
- EDF 2555G - Education in a Diverse Society: The Multilingual/Multicultural Classroom. Credits: 3 (May also be used to satisfy General Education (Social and Behavioral Sciences) and Diversity requirement.)
- SED 3330 - Instructional Tasks in the Secondary School. Credits: 4
- EDP 2330 - Educational Psychology: Foundations for Teachers. Credits: 3
- SPE 4500 - The Education of Individuals with Exceptional Learning Needs: Access to the General Curriculum. Credits: 3 (SPE 3500 may be substituted for SPE 4500 if previously taken.) (The exception to this course is in Kinesiology, Sport, and Recreation.)
- SED 4330 - Literacy, Assessment, and Differentiation in Secondary Schools. Credits: 3
- EDF 4550 - Critical Focus on Education. Credits: 3

- STG 4000 - Multicultural/Disabilities Practicum. Credits: 1
- STG 4001 - Student Teaching. Credits: 6 to 16 (Register for 12 semester hours.)

Recommended Courses

The following courses are highly recommended to assure standards are met and may be required in your major (consult with advisor or your major listing):

- EDU 2022 - Teaching and Learning with Technology in Classrooms. Credits: 2
- KSR 3000 - Fitness Concepts for Teachers. Credits: 1
- MLE 4280 - Content Area Reading in the Elementary, Middle and Secondary School. Credits: 3

Repeating Undergraduate Professional Education Courses with Field Experiences/Practica

Students may enroll in any undergraduate professional education course that includes a field experience or practicum no more than twice. Any students wishing to attempt a field experience/practicum course more than twice must appeal to the department in which the course is offered. The department will review the request and make a determination as to re-enrollment in the course. If the request is approved, a remediation plan must be developed and completed prior to re-enrollment. The remediation plan is to be developed by the department in consultation with the student. If the student's request to re-enroll is denied, the student may seek reconsideration through the Office of the Dean, College of Education.

Illinois Licensure Tests

The State of Illinois has established a testing program as part of its teacher licensure program. This program consists of subject-matter knowledge tests, and the Teacher Performance Assessment (edTPA). Additional information is available on the COE website (<https://www.eiu.edu/coe/taeched.php>).

Students are required to pass the content-area test in their discipline(s) no later than the end of the semester prior to student teaching. Furthermore, students must pass the content-area test in all other fields for which they are seeking an endorsement (in addition to hour requirements). Tests for additional endorsements do not need to be passed prior to student teaching, but must be passed prior to program completion.

In addition, all students in teacher licensure programs are required to pass the edTPA (teacher performance assessment) in order to receive a teaching license in Illinois or any other state. Students will make their edTPA submission during student teaching.

Application for Teaching Licenses

Students should begin the process of applying for their teaching license early in the term in which they will graduate or complete all requirements. Forms and instructions will be distributed by the Student Teaching Coordinators.

Admission to Teacher Education

Selection Process for Undergraduate Teacher Education Programs

All students (including native, transfer and post-baccalaureate students) who wish to enroll in an initial licensure program must be selected through the Selection Process for Undergraduate Teacher Education Programs.

To be selected a student must:

1. Attend an Admission to Teacher Education meeting and submit a formal application for University Admission to Teacher Education,
2. complete 29 s.h. or more of college level course work,
3. establish a minimum cumulative GPA of 2.65 or higher.

Selection occurs at the close of each semester. Post-baccalaureate teacher education candidates must have a cumulative undergraduate GPA of 2.65 on a 4.0 scale at the point of graduation with the bachelor's degree from an accredited institution. The undergraduate GPA will be used for selection for post-baccalaureate candidates. A post-baccalaureate student may use the graduate GPA for purposes of selection if the student has successfully completed a master's degree program. (The student has the responsibility of notifying the dean's office and furnishing evidence of the graduate GPA.)

University Approval to Take Teacher Education Courses

Approval to take courses does not of itself admit a student to a teacher education program. A student may not be considered for "University Approval to Take Teacher Education Courses" without being selected (see the section on the Selection Process above). The University Council on Teacher Education determines admission.

Applicants for University Approval to take Teacher Education Courses should be aware that Section 21-1 of the School Code of Illinois states in part, No one shall be certified/licensed to teach or supervise at the public schools of the State of Illinois who is not of good character, good health and at least 19 years of age. In addition to the qualifications required for teacher licensure by the State Code, the following are required by the Council on Teacher Education for University Approval to Take Teacher Education Courses:

1. Selection (as described above).
2. Established and maintained an EIU cumulative undergraduate GPA of 2.65/4.0 (Post-baccalaureate students required to have GPA 2.65 undergraduate, and 3.0 for courses #4750 and above taken at EIU).
3. Completed Speech and Hearing Clearance. Student must schedule an appointment with the Speech, Language, and Hearing Clinic for this.
4. Documented "C" or better in CMN 1310G, ENG 1001G, and ENG 1002G, or their equivalents (a minimum of 9 semester hours is required).
5. Documented "C" or better in 3 s.h. of college level math.
6. Documented "C" or better in ELE 2050; SPE 3201 or SPE 3220; SED 2000 or KSR 2000 or MUS 2440 or CTE 2000 or ART 2400.
7. Completed the required Criminal Background Investigation (CBI).

When a student has met all of the above criteria, he/she will have earned "University Approval to Take Teacher Education Courses."

Formal University Admission to Teacher Education Programs

To be formally admitted to teacher education programs, students must be selected, have earned University Approval to Take Teacher Education Courses and successfully complete SED 3330/SED 4330 or a Departmental Methods Course; or ELE 3100 or ELE 3225 or MLE 3110/40001 or SPE 4800/4820 with a grade of "C" or better and earn positive practicum evaluations, thus demonstrating the knowledge, skills and dispositions of one desiring to enter the teaching profession.

Criminal Background Investigations

At time of application for admission to teacher education, candidates must complete an Illinois State Police fingerprint-based criminal history check. Candidates must complete a second Illinois State Police fingerprint-based criminal history check the semester prior to student teaching. The fingerprint-based criminal background investigation is conducted by the Illinois State Police and is processed through an outside vendor. Students are responsible for the costs of these criminal background investigations.

Application of Teacher Education Criteria to Other Programs

Bachelor of Arts in Interdisciplinary Studies Program

Students pursuing a BA in Interdisciplinary Studies degree are not eligible for teacher licensure as undergraduates. Those students wishing to pursue teacher licensure must either complete a degree in one of the University's approved teacher education programs or complete the BA in Interdisciplinary Studies degree and then seek admission to one of the approved teacher education programs as post-baccalaureate students.

Post-Baccalaureate Students

(Including those currently holding an Illinois Teaching Licensure wishing to add a subsequent teaching endorsement)

All post-baccalaureate students seeking a teaching license (including those seeking a subsequent teaching endorsement) through any of EIU's state approved licensure programs are expected to meet the full intent of the respective programs. All previous course work, either graduate or undergraduate, will be evaluated in terms of current requirements. This will include general education, a major, and the professional education requirements. Post-baccalaureate students must complete a minimum of 15 semester hours at EIU prior to student teaching.

Departments may require additional course work within their major to bring the student's background into compliance with the intent of this institution's state-approved licensure program. Departments may also require previous work to be repeated if it is outdated. Post-baccalaureate students are subject to all Admission to Teacher Education requirements (See previous section).

Individuals who enter the University as post-baccalaureate students must have completed an undergraduate degree program at an accredited institution of higher education and graduated with a cumulative GPA of at least **2.65** or higher on a 4.0 scale. A post-baccalaureate candidate who does not have the requisite undergraduate gpa may be admitted to teacher education upon providing evidence of 12 semester hours of post-baccalaureate coursework relevant to teaching licensure at 3.0 gpa level or above to the Executive Officer of the Council on Teacher Education.

If the student's undergraduate GPA in the area of the approved program he/she wishes to follow was below a **2.65** (on a four point scale), 12 semester hours must be taken in the major to establish a grade-point average in the major of at least **2.65** or better. (Higher GPAs may be required by some departments.)

All post-baccalaureate teacher licensure candidates completing a teacher licensure program must receive a grade of "C" or better in all courses, regardless where they are taken, used toward completion of the program. Furthermore, any course used for the purpose of adding endorsements to a teaching license must be completed with a grade of "C" or better.

Revocation of Admission to Teacher Education

Under certain conditions admission to teacher education may be revoked by the Council on Teacher Education. Major causes of revocation are explained at the scheduled admissions meeting.

Student Teaching

To be eligible for a student teaching assignment, a student must attain 90 semester hours or more toward graduation and must have complied with all regulations and qualifications relative to "University Approval to take Teacher Education Courses" and "University Approval to Student Teach." Students must register for Student Teaching 4001 through EIU to qualify for graduation. Registration and fees are required as with other regular course work. Students are assigned to student teach in public schools in one of the student teaching centers located throughout the state. Assignments are made by the Student Teaching Coordinators. The public school cooperating teacher to whom each student is assigned holds licensure consistent with the licensure the student teacher is seeking and the setting and subject area assignment are appropriate to the license. Students engaged in student teaching are limited to a total academic load of 13 semester hours (except in Special Education) and the number of hours of outside work permitted is restricted.

A full semester (15 or 16 weeks) of assigned student teaching/professional experience is required of all students seeking initial licensure. Students should consult the Professional Education Requirements for Teacher Licensure Programs and individual course listings for specific information.

Application Process

Every student planning to student teach must complete an electronic application during the Fall semester preceding the academic year in which the student plans to student teach. For example, a student who plans to student teach during the 2021-22 academic year must complete the application in Fall 2020. Failure to complete the application by the deadline may result in a one-year delay in student teaching.

Placement Centers

All student teaching at Eastern is completed in approved sites only. Student Teaching Coordinators make placements, supervise and evaluate student teachers in collaboration with the public school cooperating teacher in the local schools. Students must student teach in an approved site. Students cannot student teach in districts in which relatives are employed or where there is a significant conflict of interest. Students cannot be employed in the district in which they are student teaching. The University retains the right to determine student teaching placement(s).

Student Teaching sites are available in several regions of Illinois, but we do not have sites in all areas. Sites may be discontinued at any time at the discretion of the Office of Student Teaching.

Many school districts (especially those in the Chicago area) have additional criteria and standards for those who wish to student teach. Placement in the Chicago area is very competitive.

Prerequisites and Requirements for Student Teaching

1. Course Prerequisites (other departmental requirements apply):
 - a. Early Childhood Education Curriculum. Students must have completed Elementary Education 4880 and all prerequisites and co-requisites to it.
 - b. Elementary Education Curriculum. Students must have completed Elementary Education 4880 and all prerequisites and co-requisites to it.
 - c. Middle Level Education Curriculum. Students must have completed Elementary Education 4880 and all prerequisites and co-requisites to it.
 - d. Special Education Curriculum. To student teach in Special Education, students must have completed Special Education 4900 and 4901, and all prerequisites to them.
 - e. Secondary and Special Area Curricula. Students must have completed Educational Psychology 2330, Secondary Education 3330, and Secondary Education 4330, and all required departmental methods courses and all course prerequisites to those noted.
2. Students must complete courses in the major with a minimum of a 2.65 GPA and a 2.65 cumulative GPA. (NOTE: Some majors require a higher GPA; please consult departmental requirements.)
3. Transfer students must have been in residence at EIU for at least one semester or one summer term.
4. A PPD tuberculin test, health physical, and DCFS Mandated Reporter Training must be completed and documented within 90 days of the beginning of student teaching.
5. A Criminal Background Investigation (CBI) must be completed prior to student teaching.
6. Students will complete a sequence of supervised and evaluated pre-student teaching clinical experiences before the student teaching semester.
7. Passing scores on the Illinois Content Area Test must be earned and documented prior to student teaching.

Granting of Credit for the Student Teaching Experience

Student Teaching 4001 is a credit or no-credit course. A credit will be earned only if the candidate does each of the following:

1. Successfully completes the student teaching experience (successful completion is determined by the judgment of the University coordinator in consultation with the cooperating teacher);
2. Completes all departmental requirements which may apply.

Criminal Background Investigations

All teacher licensure candidates are required to submit to a fingerprint-based criminal background investigation. The criminal background investigation is conducted by the Illinois State Police and is processed through an outside vendor. Students are responsible for the cost of this criminal background investigation.

Students will be required to complete additional criminal background investigations required by school districts in which they are assigned to student teach. Students should complete the criminal background investigation for EIU prior to completing any such investigations for school districts. Students are also responsible for the cost of criminal background investigations required by school districts.

University Approval to Student Teach

Approval to Student Teach is a multiple-step process, including earning "Departmental Approval to Student Teach." The Office of the Dean of the College of Education will send the applying student's name to the major department for Departmental Approval to Student Teach. Students must complete courses in the major with a minimum of a 2.65 GPA and a 2.65 cumulative GPA. (NOTE: Some majors require a higher GPA; please consult departmental requirements.) In addition, students must document passage of Illinois Licensure content-area test in their discipline(s) no later than the end of the semester prior to student teaching.

Every student planning to student teach must complete an electronic application. Failure to complete the application materials by the deadline may result in a one-year delay in student teaching.

Students must have received conditional "University Approval to Student Teach," including department approval, no later than mid-term of the semester prior to student teaching, with final approval granted at the close of the semester. A student who is refused "University Approval to Student Teach" or whose approval is revoked may appeal the decision to the Council on Teacher Education. The decision of the Council is final. Appeal forms may be secured in the Office of the Dean, College of Education.

Departmental Approval to Student Teach

After a student has applied to student teach s/he must contact his/her own major department and submit an application to that department for "Departmental Approval to Student Teach." "Departmental Approval to Student Teach" is the responsibility of the candidate's major department and must include the following:

1. Completion of courses in the major with a minimum of a 2.65 GPA and a 2.65 cumulative GPA. (NOTE: Some majors require a higher average in the major; please consult departmental requirements.)
2. A grade of C or better in each professional education course completed.
3. Evidence of recent participation in professional organizations, meetings, and /or appropriate activities with youth.
4. A portfolio submitted by the student to the department which includes: lesson plans, unit plans, and evidence of group work, communication skills, and ability to work well with youth (including #3 above), and a résumé.
5. Other criteria as determined by the student's major department. Department criteria are available in the Department Office.

Students must have received "University Approval to Student Teach," including department approval, no later than mid-term of the semester prior to student teaching (on or before October 15 for Spring student teaching; or on or before March 15 for Fall student teaching). A student who is refused "University Approval to Student Teach," or whose approval is revoked may appeal the decision to the Council on Teacher Education. The decision of the Council is final. Appeal forms may be secured from the Office of the Dean, College of Education.

Pre-Placement Meeting

The first step in the placement process is a required meeting between the student and the prospective Student Teaching Coordinator who will be making placement arrangements. At this meeting the student and Coordinator will discuss the issues related to placement. Students must know any and all departmental placement requirements prior to meeting with the Student Teaching Coordinator and must have applied for graduation.

Registration

Student teachers must be registered for credit during the student teaching semester. Each student is responsible for registering for the section of STG 4001 (Student Teaching) appropriate for the major:

- Special Education should register for STG 4001, Section 016 (16 sem. hrs.)
- All other majors should register for STG 4001, Section 012 (12 sem. hrs.)

Responsibilities During Student Teaching

Students have a wide variety of responsibilities during student teaching. These responsibilities may extend well beyond the time when students go home at the end of the day. Student teachers should be prepared to attend school-related activities as determined to be appropriate in consultation with the cooperating teacher.

1. Students enrolled in student teaching must assume all necessary transportation and living expenses.
2. Students enrolled in student teaching are encouraged to live in the community in which they do their teaching and are expected to follow the local school calendar.
3. Student teachers are expected to follow the same schedule as their Cooperating teacher(s). Student teachers will be prepared to engage in school-related activities as determined appropriate in consultation with their cooperating teachers.
4. Students engaged in student teaching are expected to participate in all activities with their Cooperating teacher(s), including extracurricular activities, guidance programs, audio-visual programs, after-school programs, study hall supervision, preparation of assembly programs, field trips, dramatics, attendance at P.T.O. meetings, and faculty meetings. Student teachers are generally expected to participate as faculty members would in all of the activities of the school and community.
5. Students who are absent from school (except for student teaching seminars and approved meetings) are expected to complete additional days to make up the days missed.
6. Attendance is expected at a series of seminars related to student teaching. Seminars will be planned and implemented by the Student Teaching Coordinators.

Course Work During Student Teaching Semester

Taking additional coursework during student teaching is generally not allowed. Students who wish to take another course during the student teaching semester must be granted a waiver from the University Academic Waiver Appeals Committee (UAWAC). If course work interferes with the student teaching experience students will be required to drop the course or student teaching.

Outside Activities/Employment During the Student Teaching Semester

If a student's activities or work schedule interferes with student teaching, the student will be requested to make changes in those activities or work schedule so they do not interfere with student teaching.

Termination of Student Teaching Placement

Students are guests of the host school district. A School district and/or the University retains the right to terminate a student teaching placement. A subsequent conference to examine options will be held with the student and the Student Teaching Coordinator and/or Student Teaching Chair, with input from the major department as needed or appropriate.

STG 4000

ALL teacher licensure majors (including Post-Baccalaureate students) MUST take STG 4000. This class is designed to provide experiences with school populations in multicultural settings and students with disabilities.

Overseas Student Teaching

EIU is a member of the Consortium for Overseas Student Teaching (COST), a group of state and private universities committed to quality overseas student teaching experiences. Under the agency of this organization, Eastern offers qualified students an opportunity to do their student teaching abroad. Placements for overseas student teaching are made in selected schools in Australia, Bahamas, Costa Rica, Ecuador, Germany, Greece, Ireland, Italy, Netherlands, New Zealand, South Africa, Spain, and others. Interested individuals should contact the COST Coordinator, COE Dean's Office 1420 Buzzard Hall, for further information. Availability of sites is dependent upon Content Area.

Teacher Performance Assessment (edTPA)

All students in teacher licensure programs are required to pass the edTPA in order to receive a teaching license in Illinois or any other state. Students will make their edTPA submission during student teaching.

Application for Teaching Licensure

Students should begin the process of applying for their teaching license early in the term in which they will graduate or complete all requirements. Forms and instructions will be distributed through student teaching coordinators during the student teaching semester. Students should see the earlier section for information about the Illinois Licensure Tests.

Application for Graduation

Students should apply for graduation a minimum of one semester prior to student teaching. Please contact your College Graduation Officer for more information.

Career & Technical Education (B.S.)

Total Semester Hours Required for Degree: 120-124 hours depending on Emphasis (see below)

Career and Technical Education prepares students to teach middle or secondary level business, family and consumer sciences, or technology.

The **business education emphasis** requires 41 hours of general education, 42 hours of professional education, and 33 hours of content. The **family and consumer sciences education emphasis** requires 40 hours of general education, 49 hours of

professional education, and 34 hours of content. The **technology education emphasis** requires 40 hours of general education, 39 hours of professional education, and 33 hours of content.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Students must gain University Approval to take Teacher Education Courses no later than the end of their first semester of their junior year in order to use this suggested plan. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Students must complete the professional education coursework following the Secondary Education Professional Education Course Sequence. Information is available in the Teacher Licensure Program section of this catalog.

Department of Special Education

(BS in Education)

The BSEd in Special Education has two licensure options and three licensure programs leading to multiple endorsements, as well as a non-licensure option.

This major requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at: <https://www.eiu.edu/coe/teached.php>.

Students in the licensure options must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Special Education Honors Program

Admission to the Special Education Honors Program is open to students who meet the following criteria:

- 3.50 GPA for at least 12 hours of course work undertaken at EIU (may be overall or special education);
- Permission of the Dean of the Honors College and the departmental honors coordinator.

* Transfer students who have not completed at least 12 hours of coursework at EIU may be admitted under the recommendation of the Departmental Honors Coordinator.

Students in the Special Education Honors Program must maintain an overall GPA of 3.50. Students who have been dismissed from the program because their overall GPA has fallen below 3.50 may petition for readmission. Students must raise their grade-point average to 3.50 and submit their petition to the Director of Honors Programs and Departmental Honors Coordinator.

The Following Special Education Courses are Required:

- A Special Education graduate course approved by the Department Honors Coordinator.
- SPE 4444 - Honors Independent Studies. Credits: 3
- SPE 4644 - Honors Thesis. Credits: 3
- SPE 4666 - Honors Seminar. Credits: 3
Twelve hours will be deleted from special education or communication disorders and sciences courses listed in the major by mutual consent of student, Departmental Honors Coordinator, Department Chair, and the Certifying Dean.

Thesis supervision will be undertaken by a faculty member selected by the department honors coordinator and department chair in consultation with the student.

School of Extended Learning

General Mission

The School of Extended Learning creates and delivers excellent student/consumer-sensitive programs through a wide variety of educational delivery systems. These outreach programs in a cost effective manner enhance opportunities for economic, educational, and professional development for individuals seeking to continue their education. Recognizing the rapidly changing educational needs of a global/lifelong learning society, the unit extends the academic resources and services of the University beyond campus boundaries in an affordable manner and provides access to on- and off-campus higher education programs for the nontraditional students. We offer a nontraditional degree program for adult students, the Bachelor of Arts in Interdisciplinary Studies Degree Program. Credit classes are offered at area centers, including Danville Area Community College, Richland Community College in Decatur, Lake Land College in Mattoon, the EIU Center at Parkland College (2400 W. Bradley, Room A170, Champaign, IL) in Champaign/Urbana and Triton College (2000 5th Ave, Bldg.

A, Room 105, River Grove, IL), Forest View Education Center (2121 S. Goebbert, Arlington Hts, IL) and University Center at Lake County (1200 University Center Drive, Grayslake, IL). We provide a large number of contract-credit classes to a wide variety of constituents, both of a credit and non-credit nature, throughout the state of Illinois. We are also greatly expanding our online class offerings. Any requests for information should be forwarded to the Office of Academic Services and Operations.

Admission Requirements

Students who do not meet criteria required for admission to on-campus programs must be reviewed by the program director.

Students must meet the same criteria for admission to continuing education programs as is required for admission to on-campus programs.

Enrollment Procedures

Pre-enrollment in continuing education courses using the PAWS system is highly recommended. However, in a few cases, students may enroll up to the second class meeting, if space is available. See the off-campus continuing education web site at www.eiu.edu/adulted for complete details.

TUITION <http://www.eiu.edu/finaid/cost.php>

Fees

All tuition and fees are based upon student classification. Student costs are based upon the following:

TEXTBOOK RENTAL	UNDERGRADUATE	GRADUATE
(Per Semester Hour)	\$9.75	\$9.75

CONTINUING EDUCATION	UNDERGRADUATE	GRADUATE
(Per Semester Hour)	\$44.00	\$44.00

(Students should calculate tuition costs, textbook and continuing education fees.)

Scholarships – Waivers

Scholarships and fee waivers must be validated by the appropriate office prior to use in off-campus/online courses. Contact the School of Extended Learning for information regarding waivers.

Military Tuition Assistance

Military personnel should process their tuition assistance forms through their respective agency in advance of the registration date. No registration can be accepted without completed assistance forms.

Classification of Students

Undergraduate students are classified as follows:

Freshmen: 0-29 semester hours
Sophomores: 30-59 semester hours
Juniors: 60-89 semester hours
Seniors: 90 and above semester hours

Graduate students are those students who have completed a bachelor's degree from a regionally accredited institution.

Schedule of Classes

The schedule of continuing education credit classes is available on our web site at www.eiu.edu/adulted/schedulehome.php. The summer schedule is also located in the university on campus class schedule.

Degree Programs

Online, off-campus and hybrid degree programs of particular interest to the adult nontraditional learners can be found at: <http://www.eiu.edu/adulted/offcampus.php>.

Academy of Lifelong Learning

The Academy of Lifelong Learning is a learning community sponsored by the School of Extended Learning. The Academy provides low-cost, high-quality, noncredit courses to individuals in the area. The courses are offered at a reasonable cost and the program provides an opportunity for persons to enjoy a lifetime of learning in a relaxed atmosphere without the strain of having to do outside study, write papers or take tests. The program also offers opportunities for the development of relationships and networks among the community. For more information please contact the Academy of Lifelong Learning at 217-581-5114.

Conferences, Institutes, and Workshops

Facilitating workshops, conferences, and special programs for non-credit and credit is part of the mission of the School of Extended Learning at EIU. Each year the school collaborates with individuals, agencies, and organizations to develop and implement a wide variety of special courses and programs. The School of Extended Learning has a professional staff that provides expert program planning services. For more information contact the Office of Extension and Conference Services at 217-581-5114.

Contract-Credit Courses

The School of Extended Learning can develop special credit courses and workshops with educational and governmental agencies on a contractual basis. These special courses can be offered at locations convenient for the students involved. Please contact the Office of Academic Services and Operations for details.

Credit for Continuing Education Courses

Credit received in EIU courses taught by EIU faculty, either online, on- or off-campus, will be counted as credit in residence. Students may audit courses with permission of the instructor and with payment of the appropriate fees.

Technology Delivered Classes/Workshops

The School of Extended Learning is offering a growing number of classes via technology delivered modalities. For further information, please contact the Office of Academic Services and Operations at (217) 581-5114 or visit the Website at www.eiu.edu/adulted/schedulehome.php.

Interdisciplinary Studies Degree Program

James A. Howley, Director

Interdisciplinary Studies (B.A.)

The Bachelor of Arts in Interdisciplinary Studies Degree Program is an individualized, nontraditional program designed for learners with significant life and/or work experience. The program combines sound academic principles with advances in technology to facilitate degree completion. After admission to the program,

knowledge and skills acquired by prior learning outside of the traditional classroom, may be evaluated for academic credit.

Core Requirements

- 120 semester hours total
- 40 semester hours at the junior-senior level
- 20 semester hours taken from EIU
- 12 semester hours in Humanities/Fine Arts
- 12 semester hours in Social/Behavioral Sciences
- 12 semester hours in Scientific Awareness/Mathematics
- 6 semester hours in Communication/English
- 1 course in Cultural Diversity
- 1 Senior Seminar

In Addition Students Must:

- Complete IDS 3002, Critical Thinking and the Adult Learner and IDS 4001, Self-Directed Leadership.
- Students who have not taken college-level courses for the past five years are required to take IDS 2985, Adults in Transition. Other students may take the course as an elective.
- Note: Students must complete IDS 2985 (if required) and IDS 3002 with a grade of "C" or higher and have earned at least 90 semester hours prior to enrolling IDS 4001.
- Complete Electronic Writing Portfolio (EWP) requirements;
- Maintain a minimum 2.00 cumulative grade-point average.

Notes:

1. A student must be admitted to this program by the Director of the Bachelor of Arts in Interdisciplinary Studies Degree Program.
2. Beginning Fall 2014 and thereafter, all students transferring into the IDS program from another EIU academic program must meet the IDS degree requirements for the catalog year they are admitted into the program.
3. Students must earn grades of "C" or higher in all IDS courses upon admission to the program.
4. After admission to the program, students may use no more than five (5) one-credit-hour courses towards their degree.

College of Health & Human Services

General Mission

The College fosters excellence, with a student-centered approach of teaching and learning through innovative, rigorous, and collaborative experiences, and promotes health and well-being of diverse populations across the lifespan. Students develop lifelong

leadership skills through applied learning, community service, and professional partnerships.

Bachelor's degrees are earned through a variety of departments and programs. The Department of Communication Disorders and Sciences offers academic and clinical instruction in an undergraduate program. The Department of Public Health offers degrees in Health Administration, Community Health, Public Health with Emergency Management and Disaster Preparedness. The Department of Human Services and Community Leadership offers a degree in Human Services Program Administration. The Department of Kinesiology, Sport, and Recreation offers degrees in Exercise Science with options in Pre-Occupational Therapy and Pre-Physical Therapy, Physical Education Teacher Education, Recreational Administration with an option in Therapeutic Recreation, and Sport Management. The Gail & Richard Lumpkin School of Nursing offers degrees in Traditional Nursing and Registered Nurse to Bachelor of Science. The Nutrition and Dietetics program offers a Didactic Degree in Dietetics.

Military Science offers a minor leading to commissions as officers in the United States Army. Students in the Military Science/Reserve Officers Training Corps (ROTC) can pursue any major recognized by the University.

In addition, the college provides students from other majors with minors in Aging Studies, Communication Disorders & Sciences, Community Health, Early Childhood Program Administration, Health Communication, Human Services Program Administration, Kinesiology, Sport and Recreation, Kinesiology, Sport and Recreation for Teaching Certification, Leadership in Community Recreation, Recreation Administration, Nutrition and Dietetics, Public Health, Public Health for Teacher Licensure, and Workplace Wellness.

Graduate programs include Aging Studies, Communication Disorders and Sciences, Exercise Physiology, Health Promotion, Human Services Program Administration, Nutrition and Dietetics, and Sport Administration. (See the **Graduate Catalog** for further information on graduate programs.)

Communication Disorders and Sciences (B.S.)

Total semester hours required for the Degree: 120 semester hours

Total semester hours required for the CDS Major: 58 - 59 semester hours

Students who wish to enter the professions of speech-language pathology or audiology typically earn a Bachelor of Science (B.S.) in Communication Disorders & Sciences (CDS) and then apply to graduate programs in either area. The required levels of training for certification by the American Speech-Language-Hearing

Association, the Illinois State Board of Education, and the Illinois Department of Financial and Professional Regulation are the Master's Degree in CDS for speech-language pathologists, and the Doctor of Audiology for audiologists. Admission into graduate programs in speech-language pathology or audiology is competitive. Students completing their B.S. in CDS should apply to accredited graduate institutions during the Fall term of their senior year.

Students must maintain a CGPA and MGPA of 3.0 and meet undergraduate Essential Functions criteria (see CDS Handbook) required to practice as a speech-language pathologist or audiologist. Students whose CGPA drops below 3.0 will be placed on academic warning for the major and have until the end of the following term to raise the CGPA to 3.0. If a student in academic warning for the major fails to return the CGPA to the required 3.0 level during the next term in which they are enrolled, CDS major status is lost, and the student may not enroll in additional CDS courses as a CDS major. Students may petition the department chair for readmission or reconsideration due to extenuating circumstances.

CDS major comprises:

- CDS 2000 - Introduction to Communication Disorders & Sciences. Credits: 1
- CDS 2100 - Phonetics and Phonological Development. Credits: 3
- CDS 2200 - Language Acquisition. Credits: 3
- CDS 2500 - Anatomy and Physiology of the Speech, Language, Swallowing, and Hearing Mechanism. Credits: 3

Communication Disorders and Sciences Honors Program

Students admitted to the Departmental Honors Program in Communication Disorders and Sciences work closely with a CDS faculty mentor(s) to complete a small research project and written thesis. Admission is competitive and limited to the availability of program resources. Admission requires a CGPA of 3.5, approval of the CDS faculty, and approval of the Dean of the Honors College. Once admitted, students must maintain a CGPA of 3.5 and complete all of the requirements for the CDS Major, with the following additions that can be used to fulfill University elective hours:

Total Semester Hours: 12 semester hours

- CDS 3666 - Honors Research Methods in Communication Disorders and Sciences. Credits: 3
- CDS 4644 - Honors Thesis. Credits: 3 (Six hours are required)
- CDS 4690 - Honors Seminar in Communication Disorders and Sciences. Credits: 3

Communication Disorders & Sciences Minor

The Minor in Communication Disorders and Sciences provides introductory coursework in the development of speech and language. Students complete two required CDS courses and then select CDS electives to fit their career interests or graduate plans. The CDS Minor is appropriate for students considering work in professions related to psychology, education, healthcare, or human services.

Total semester hours required for the Communication Disorders & Sciences Minor: 18 semester hours

Required Courses: 6 semester hours

- CDS 2100 - Phonetics and Phonological Development. Credits: 3
- CDS 2200 - Language Acquisition. Credits: 3

Select from Electives: 12 semester hours

- CDS 2000 - Introduction to Communication Disorders & Sciences. Credits: 1
- CDS 2500 - Anatomy and Physiology of the Speech, Language, Swallowing, and Hearing Mechanism. Credits: 3 (See footnote*)

Footnotes:

A grade of C or better is required in BIO 2210, BIO 2220 and all Kinesiology, Sport, and Recreation courses counting toward the major.

(Major GPA based on all Kinesiology, Sport, and Recreation courses taken at EIU)

Exercise Science major students must show proof of Adult CPR/AED/First Aid certification prior to enrollment in KSR 4275 - Internship.

Exercise Science major students may receive a grade in 3000 and 4000-level Kinesiology, Sport, and Recreation courses a maximum of two times. After a grade has been recorded in a 3000 or 4000-level KSR course at EIU, the Department of Kinesiology, Sport, and Recreation will not accept subsequent transfer of an equivalent course from another institution unless the KSR department has given prior written approval to enroll in the specific course at the specific institution. If after a second grade has been recorded for a given course and the student has not received a grade of C or better, the student will not be allowed to continue as an Exercise Science major and shall consult with his or her advisor to select a different major.

Kinesiology, Sport, and Recreation: Physical Education Teacher Licensure Option K-12 (B.S.)

The Kinesiology, Sport, and Recreation with Teacher Licensure Option requires that students follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as described in the "Teacher Licensure Programs" section of this catalog and as explained at the University

Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website at <https://www.eiu.edu/coe/teached.php>.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor courses, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

Department of Military Science

Programs and Policies

Mission Statement

The Reserve Officers' Training Corps mission is to train and commission lieutenants for the Army of tomorrow. Army ROTC is a challenging, and exciting program of instruction that focuses on leadership development, not only in theory, but in practice. ROTC students earn practical leadership through actual experience and are campus and community leaders at many different levels. Army ROTC provides students the opportunity to learn about themselves and their potential, and challenges them to achieve ever greater heights of personal and professional leadership.

The Department of Military Science offers an opportunity for students to commission as Second Lieutenants in the United States Army, as well as the Military Science Minor.

Military Science/Reserve Officers' Training Corps

General

Army ROTC has been a fixture on the Eastern Illinois University campus since 1981. Army ROTC is a college program that can pay for school while preparing you to be an officer in either the Active, Reserve, or National Guard component of the U.S. Army upon completion of your college degree. It provides standard college classes that focus on leadership, while also teaching basic military skills. Through Army ROTC, you will attain valuable training in leadership, time management, team building, and the keys for academic and life success. Army ROTC is beneficial to all students regardless of whether they decide to pursue a military or civilian career.

The Army ROTC program includes topics of study such as leadership development, military skills, and adventure training. This will take place both in the classroom and in the field, but you will maintain a normal academic schedule like all college students. Depending on when you enroll in Army ROTC, you will undergo most or all of the following courses.

Army ROTC Basic Course

The Basic Course takes place during your first two years in college as elective courses. It normally involves one elective class and lab each semester along with the requisite physical training and field training exercises, as well as the opportunity to attend a month-long summer camp, typically between your freshman and sophomore years. You will learn basic military skills, the fundamentals of leadership and start the groundwork toward becoming an Army leader. Anyone can take Army ROTC Basic Courses without a military commitment.

Freshman Year: Preparing For Success as an Army Officer

Classes consist of:

- MSC 1001 - Introduction to the Army. Credits: 1
- MSC 1002 - Foundations of Agile and Adaptive Leadership. Credits: 1

Topics covered include:

- Introduction to Army Leadership
- Army Customs and Traditions
- Military Operations and Tactics
- Goal Setting and Accomplishment
- Health and Physical Fitness

Sophomore Year: The Role of an Officer

Classes consist of:

- MSC 2001 - Leadership and Decision Making. Credits: 2
- MSC 2002 - Army Doctrine and Team Development. Credits: 2

Topics covered include:

- Applied Leadership Theory
- Communications
- Principles of War
- Military Operations and Tactics

Army ROTC Advanced Course

The Advanced Course takes place during your last two years in college as elective courses. It normally includes one elective class and lab each semester in addition to the requisite physical training and field training exercises, plus a summer leadership camp. You will learn advanced military tactics and gain experience in team organization, planning and decision-making. To benefit from the leadership training in the Advanced Course, all Cadets must have completed either the Basic Course¹ or have attended the Cadet Initial Entry Training-Lateral Entry summer training. Entering the Advanced Course requires a commitment to serve as an Officer in the U.S. Army, Army Reserve, or National Guard after you graduate.

Junior Year: Leading Small Tactical Units

Classes consist of:

- MSC 3001 - Training Management and the Warfighting Functions. Credits: 3
- MSC 3002 - Applied Leadership in Small Unit Operations. Credits: 4

Topics covered include:

- Command and Staff Functions
- Law of War
- Weapons
- Team Dynamics and Peer Leadership
- Military Operations and Tactics

Senior Year: Transition to Becoming an Officer

Classes consist of:

- MSC 4001 - The Army Officer. Credits: 3
- MSC 4002 - Company Grade Leadership. Credits: 3

Topics covered include:

- Training the Force
- Military Justice
- Ethical Decision Making

- Personnel Management
- Cultural Awareness
- Post and Installation Support
- Military Operations and Tactics

Cadet Initial Entry Training-Lateral Entry(CIET-LE)

The Lateral Entry Training Course is four weeks of intense classroom and field training held in the summer at Fort Knox, KY. This course is an accelerated version of the two years of leadership development training Cadets receive in the Basic Course. By transforming yourself through this rigorous training, you will qualify for enrollment in the Army ROTC Advanced Course on campus, provided you have two years of college remaining (undergraduate or graduate).

Cadet Leader Course (CLC)

Every Army ROTC Cadet who enters into the Advanced Course attends the Cadet Leader Course. It's a four-week summer course to evaluate and train all advanced Army ROTC Cadets. This course normally takes place between your junior and senior years of college, and is conducted at Fort Knox, Kentucky.

Additional Opportunities

Simultaneous Membership Program (SMP)

The Simultaneous Membership Program allows you to attend Army ROTC and serve in the U.S. Army Reserve or Army National Guard at the same time. It gives you an opportunity for additional training and experience. Cadets serve as Officer trainees in the Reserve or National Guard while completing college. You can earn Reserve/Guard pay and benefits in addition to your Army ROTC allowances.

Army Federal Scholarships

Army ROTC Cadets can apply for merit-based two-, three- and four-year scholarships, which pay full tuition and fees, include a separate allowance for books, and a monthly stipend of up to \$5,000 a year. Federal scholarships require a commitment to serve as an Officer in the U.S. Army after you graduate. Applicants must meet the following minimum eligibility requirements:

- Be a U.S. citizen
- Be between the ages of 17 and 26
- Have a cumulative GPA of at least 2.50
- Have a high school diploma or equivalent
- Score a minimum of 920 on the SAT (math/verbal) or 19 on the ACT (excluding the required writing test scores)
- Meet Army physical standards
- Agree to accept a commission and serve in the Army on Active Duty or in a Reserve Component (Army Reserve or Army National Guard)

Guaranteed Reserve Force Duty (GRFD) Scholarship

The GRFD scholarship is designed for cadets who are interested in obtaining a commission in the U.S. Army Reserves or National Guard with a guarantee for a reserve component assignment. Scholarships cover full tuition and mandatory fees, and range in length up to 3 years. Scholarship awardees also receive a book allowance and a monthly stipend. These Cadets also receive weekend drill and annual training pay as participants in the

Simultaneous Membership Program (SMP). GRFD scholarships require a commitment to serve as an Officer in the U.S. Army Reserve Component after you graduate. Applicants must meet the following minimum eligibility requirements:

- Be a U.S. citizen
- Be between the ages of 17 and 26
- Have a cumulative GPA of at least 2.50
- Have a high school diploma or equivalent
- Score a minimum of 920 on the SAT (math/verbal) or 19 on the ACT (excluding the required writing test scores)
- Meet Army physical standards
- Be willing to participate in the SMP program with a Guard or Reserve unit
- Agree to accept a commission and serve in the Army in the Reserve Component (Army Reserve or Army National Guard)

Illinois State Tuition Waiver (ISTW)

Army ROTC Cadets can apply for merit-based Illinois State Tuition Waivers. The Illinois State Tuition Waivers cover full student tuition and are awarded each academic semester. The tuition waivers require no military commitment. Applicants must meet the following minimum eligibility requirements:

- Be a US Citizen
- Be an Illinois Resident
- Be enrolled as a full-time student
- Be enrolled in at least one Military Science Course and KSR 1000
- Meet basic physical standards for first time applicants; enhanced physical standards for subsequent applicants

Nursing (B.S.) (RN to BSN Program)

Total Semester Hours required for the Degree: 120 semester hours

The RN to BS Nursing Program is committed to offering superior, accessible undergraduate nursing education for registered nurses pursuing a bachelor's of science degree with a major in nursing.

The courses are taught via distance education to accommodate the schedules of working professionals.

Admission to the Nursing Major

Admission decisions are made once the application process is complete.

Provisional Admission to the Nursing Major

Provisional admission to the major is available to students from community colleges where EIU has a Dual Track Agreement in place. Students from these community colleges may apply for provisional admission. Students provisionally admitted to the Nursing major may enroll in EIU coursework as provided in the dual track agreement. Full unconditional admission will be granted when students meet the RN to BS in Nursing program requirements. For information about the Dual Track Agreements and community colleges participating in the agreements, contact the Nursing Program office at EIU, 217-581-7049.

Criteria for Admission to the Major:

1. Unconditional admission to the University
2. Complete Application for the RN to BS in Nursing Program
3. Achievement of a cumulative GPA of 2.0 or higher
4. RN license from state of residence or completion of an Associate Degree in Nursing and license eligible.

Advising after Admission

Courses or their equivalents are recommended with a grade of "C" or better to meet the general education requirements.

Organizational Development (ODL) and Public Health (PUBH) Interdisciplinary Courses

The major requires two interdisciplinary courses: one from the Department of Organizational Development and one from the Department of Public Health. The courses typically offered each semester are shown below. However, the course selection may vary each semester dependent upon the interdisciplinary courses offered by the ODL and PUBH departments. Therefore, students must select an ODL and a PUBH interdisciplinary course under advisement from the School of Nursing advisor.

ODL Interdisciplinary Courses

- ODL 4700 - Leadership in Organizations. Credits: 3
- ODL 4835 - Supervision in Organizations. Credits: 3
- ODL 4865 - Diversity in Organizations. Credits: 3

PUBH Interdisciplinary Courses

- PUBH 3700 - Community Health Behavior Methods. Credits: 3
- PUBH 3750 - Health Care Delivery Systems. Credits: 3
- PUBH 4250 - Planning Health Programs. Credits: 3

Progression Requirements:

1. Students enrolled in the RN to BS in Nursing Program must earn a 'C' or better in all major requirement courses to progress in the program.
2. Students must maintain a cumulative grade point average of at least 2.00 throughout their enrollment in the RN to BS in Nursing Program.²
3. A nursing course in which a student failed to earn a grade of 'C' or better may be repeated by the student only one time. Failure to receive a grade of 'C' or better for a second time of any nursing course will result in dismissal from the program.
4. Students admitted without an active nursing license must successfully pass the national licensure exam and submit proof of license for permission to register in 4000 level courses.

Footnotes:

¹ This major does not require the completion of a foreign language through high school or college work as a graduation requirement. Of the 120 semester hours required to complete the degree, at least 25 semester hours earned at EIU must be included.

² Major GPA based on all nursing courses taken at EIU.

Nursing (B.S.) (Traditional Program)

Total Semester Hours Required for the Degree: 124 semester hours

Semester Hours Required for the Major: 69 semester hours

The **School of Nursing** provides exceptional, innovative, and student-centered educational programs at the pre-licensure and post-licensure baccalaureate levels. In a welcoming and supportive community of scholars, students build on existing knowledge and experience to develop and/or expand nursing knowledge, values, theory, and research. Communication skills and reflective, conceptual thinking serve as a foundation for safe, holistic, evidence-based and collaborative, nursing practice in multiple settings across the lifespan.

Pre-licensure BSN Admission Requirements:

Admission to the Bachelor of Science in Nursing program:

A prospective student may declare pre-licensure nursing major and complete required prerequisite courses with a C or better. Applicants are accepted in fall of sophomore year and nursing courses begin the following spring semester. Admission to the program is highly competitive and based on space/availability and competitiveness of the applicant pool. Admission following freshman year is based on the following criteria for full consideration:

- Cumulative prerequisite GPA of 2.75 (based on GPA from all colleges attended)
- GPA of 2.7 in three courses, Practical Microbiology-BIO 1004G, Anatomy and Physiology I-BIO 2210, and Pathways: Health and Human Services-NUR 1511.
- Prerequisite courses completed with a C or better: College Composition I-ENG 1001G, Composition II-ENG 1002G, Introduction to Speech Communication-CMN 1310G, Practical Microbiology-BIO 1004G, Medical Terminology-NUR 2613, Anatomy and

Physiology I-BIO 2210, Introduction to Psychology-PSY 1879G, Pathways: Health and Human Services-NUR 1511, and Human Development-HSL 1800.

- A failed prerequisite course (D, F, WD) may not be repeated more than once to receive a passing grade of C or higher. The highest grade will be used for GPA calculation.

The deadline date for all application materials is March 1st for consideration. Please be aware that while applications beyond the freshman year are allowed, doing so will likely result in extended time to completion.

An application to the School of Nursing will be considered complete for review and consideration when all of the following are met:

- Admission to the university
- Declared pre-nursing major
- Completed nursing application
- C or better in all prerequisite courses
- Minimum GPA requirements
- All official transcripts submitted from any previous colleges attended
- Background check within 30 days of application date

Seats will be filled in the nursing program by ranking students based on admission criteria. Applicants will be notified after July 1st of admission decision. Qualified students not accepted will be placed on a waiting list.

**Re-application is allowed but is limited to one additional time. When re-applying to the program, previous ranking does not apply; all re-applicants will be ranked as new prospective students at the beginning of each application cycle.

Prerequisite Requirements for Admission to the Major:

- BIO 1004G - Practical Microbiology. Credits: 3
- BIO 2210 - Anatomy and Physiology I. Credits: 4
- BIO 2220 - Anatomy and Physiology II. Credits: 4
- CHM 1040G - The World of Chemistry. Credits: 4

- PUBH 2200G - Health Citizenship. Credits: 3
- PUBH 2800 - Health Education Research Methods I. Credits: 3

Progression Requirements

Applicants notified of admission must formally accept in writing by July 10th. Students admitted to the major must complete the following prior to spring semester sophomore year:

- Complete all remaining required prerequisite courses with a C or better: Anatomy and Physiology II-BIO 2220, Personal Nutrition-NTR 2100, The World of Chemistry-CHM 1040G, Mathematics: A Human Endeavor-MAT 1160G, Introductory Sociology-SOC 1838G.
- Students must maintain a minimum of a C in all nursing courses to progress to the next semester in the program sequence. Co-requisites may be taken prior to or during the semester designated, but not after.
- Only one nursing course may be repeated. Failure to pass a nursing course will exempt the student from progressing to the next semester. Students who have failed a course may not register for any other nursing courses until the failed course is offered again, space is available, and the course is successfully completed.
- A minimum of 2.0 GPA overall must be maintained to continue and graduate.
- Due by October 1: Proof of Cardiopulmonary Resuscitation for Healthcare Providers within 6 months, Completed Immunization Record, Completed History and Physical, and Drug test results within the last 30 days.

Public Health Honors Program

To be eligible for Departmental Honors in the Department of Public Health, students must meet the following requirements.

1. Health Administration, Health Communication, or Public Health major, OR Public Health or Health Communication minor.
2. Admissions standards of either the Overall GPA Pathway OR the Major GPA Pathway.
3. Successful completion of the 12 s.h. Honors Curriculum.
4. Specified GPA requirements listed in their Admission Pathway.

Both native and transfer students are eligible.

Students who fail to maintain the specified GPA for their admission path will be dismissed from the program.

Students dismissed from the Departmental Honors program may request readmission ONE TIME. Students become eligible to apply for readmission by:

- Raising their cumulative and/or major GPA to the levels specified in the admission path requirements under which they were originally admitted to the program; and
- Filing a petition seeking readmission with the Health Promotion Departmental Honors Coordinator.

Students who have been dismissed from the program more than one time are not eligible for readmission.

Pathways for Admission:

Overall GPA Pathway

- **Completion of at least 12 s.h. of coursework at EIU with a cumulative GPA of 3.5 or higher;**
- Permission of the Public Health Departmental Honors Coordinator; and
- Permission of the Dean of the Pine Honors College.

Major GPA Pathway

- Completion of at least 12 s.h. of coursework at EIU, and at least 9 s.h. of PUBH/HCM courses, with a **MAJOR GPA** of 3.75 or higher;
- Permission of the Public Health Departmental Honors Coordinator; and
- Permission of the Dean of the Pine Honors College.

Required Courses (6 semester hours):

- PUBH 4555 - Public Health Honors Research. Credits: 3 (substitutes for PUBH 3800)
- PUBH 4644 - Public Health Honors Thesis/Capstone. Credits: 3 (see footnote *)

Elective Courses (select 6 semester hours):

Interdisciplinary Major

The department participates in the **Interdisciplinary Major in Health Communication**. See the **Interdisciplinary Major** section of the catalog for the requirements for the Health Communication major.

Interdisciplinary Minors

The department participates in the **Interdisciplinary Minor in Health Communication**.

This interdisciplinary minor offers a combination of communication studies and public health courses to students planning a career in health professions or public relations. It combines study of the health care industry, public policy and communication strategies. See Interdisciplinary Minor in Health Communication program for minor requirements.

The department also participates in the **Interdisciplinary Minor in Workplace Wellness**. See Interdisciplinary Minor in Workplace Wellness for the minor requirements.

In addition, the department participates in the Aging Studies Minor. See Interdisciplinary Minor in Aging Studies for the minor requirements.

Interdisciplinary Major

Health Communication (B.S.)

Interdisciplinary Major of the Communication Studies and Public Health Departments

Admission Requirements for the Health Communication Major

All students wishing to declare a major of Health Communication must request admission to the major. EIU's admission requirements will serve as requirements to become a Health Communication major.

After completing 15 cumulative semester hours, students must maintain a cumulative GPA of 2.0. Students who fall below this requirement will be placed on probationary status for the next term in which they are actively enrolled at the University. If their cumulative GPA remains below 2.0 at the close of the probationary term, they will be removed from the major. Students who have been removed from the major have the option of applying for admission to the major again in the future once they are able to meet all admission requirements.

Total Semester Hours required for the Degree: 120 semester hours

Semester hours required for the major: 59 semester hours (including an 8 s.h. internship)

All Public Health classes are approved for online delivery. Select Communication Studies classes are approved for online delivery.

Requirements

A grade of C or better is required in all Communication Studies, Health Communication, and Health Promotion courses counting toward the major.

Students must enroll in a minimum total of 8 semester hours of internship.

Major GPA based on all Communication Studies/Public Health courses taken at EIU. The minimum GPA required for graduation is 2.0.

Students may earn up to 12 s.h. of course credit in the major through Prior Learning Assessment (PLA). PLA evaluates the college-level knowledge and skills an individual has gained outside the classroom, and determines if and how the knowledge and skills acquired translates to specific college-level courses. PLA awards credit for LEARNING, not just for experience or time "on the job". Students who wish to earn course credit through PLA must consult with the academic advisor for their academic program, and follow the Health Communication major's approved process.

Aging Studies Minor

Current and projected population demographics and trends for the older adult (62 years and older) cohort necessitate responsiveness to supporting the specialized needs and interests of aging individuals and their families, caregivers, and professional service programs. The Aging Studies minor is an 18-hour interdisciplinary program designed to offer students the opportunity to gain expertise on the holistic process of aging in the context of family relationships, health and wellness, public policy, and socio-cultural issues and trends. Our aim is two-fold:

to encourage students in a variety of academic units to broaden their studies to include professional development related to aging and older adulthood and to stimulate and promote scholarship in the area of Aging Studies. Required and elective courses are offered on a regular basis and provide students with options to diversify and specialize their studies in aging-related coursework. For more information about the Aging Studies minor, please contact D. Kathleen O'Rourke at kaorourke@eiu.edu or Mrs. Rose Myers-Bradley at rmyersbradley@eiu.edu.

Ethics Minor

This minor offers EIU students the opportunity to enhance their understanding of the complexities of moral decision-making and the principles involved in making reasoned, ethical choices. In addition it provides students with an opportunity to apply ethical principles in a variety of discipline-specific circumstances such as medicine, media, and sport. This helps the student to better understand and evaluate his or her own instinctive philosophical beliefs and assists the student in developing an independent ethical standard.

This minor is open to all EIU students in good academic standing. Students must achieve a minimum of C in each course applied toward the minor and all courses must be completed at EIU.

Health & Medical Humanities Minor

The Health & Medical Humanities is a relatively new field of study integrating medicine and health with the arts, humanities, and social sciences. The minor in Health & Medical Humanities is an 18-hour interdisciplinary program designed to offer students an introduction to the field, and to build competency in the subject through courses in a number of departments in the Colleges of Liberal Arts & Sciences, the College of Health & Human Services, and the College of Education. Recent scholarship reveals that many of the skills and approaches of the arts, humanities, and social sciences can valuably enhance the education of doctors, nurses, and indeed all health professionals, offering ways to translate clinical scientific knowledge into meaningful patient care. The Humanities offer a complementary approach to examining and understanding the profound effects of illness and disease, of wellness and health -- adding meaning to measurement.

Topics addressed by the Health & Medical Humanities include: the history of medicine; humanistic investigations into health-care policy and bio-politics; considerations of race, gender, and socio-economic status in medicine and public health; bioethics and medical ethics; the importance of understanding narrative in diagnostics and patient care ("narrative medicine"); and the roles

of creativity, arts-educated observation, and aesthetics (music, visual arts, theatre, and literature) in health and medicine.

The minor is an attractive option for both science-oriented students (such as public health, pre-med, pre-health, and biological science majors), as well as students in the social sciences and the humanities.

BIOLOGICAL SCIENCES and PUBLIC HEALTH students: The HMM minor offers an opportunity to learn about the connections between health, medicine, and humanities – offering a solid background in the more "humanistic criteria" that Medical Schools, Nursing Schools, and health-sector employers are now looking for.

SOCIAL SCIENCES and HUMANITIES students: In 2018, the healthcare sector became the biggest employer in the United States. For students in the Social Sciences or the Humanities who want to leverage their creativity and social engagement to make a better world, the HMM minor offers exposure to some of the more creative job opportunities in this emerging field. Yet the skills and content garnered through an HMM minor will be applicable to many fields beyond the healthcare sector.

Most courses listed below are offered on a regular basis; these, as well as special topics courses in multiple departments, may be taken for credit toward the minor with permission of the Minor Coordinator. Once you have decided on the minor, you should contact the Center for the Humanities and also declare the minor with your major advisor as soon as possible. For more information about the minor, please email: humanitiescenter@eiu.edu. Additional information about courses offered in the minor can be found on the Center for the Humanities homepage: <https://www.eiu.edu/humanitiescenter/hmhminor.php>.

Pre-Law Studies Minor

To provide students with guidance in the selection of those courses which will enable them to complete a J.D. at an American Bar Association accredited law school, EIU offers a minor in Pre-Law Studies. This minor will provide students with the following: basic analytical skills, an introduction to the language of the law, and the written communication skills necessary for the study of law. This minor is administered by the Pre-Law Advisor and the Pre-Legal Studies Committee.

All students interested in a career in law should consult with the Pre-Law Advisor (217) 581-2523 (Coleman Hall 2135) for information regarding law school admission requirements.

Students at Eastern are provided with a variety of on-campus services by the Pre-Law Advisor and the Pre-Legal Studies Committee, including information about all ABA-approved law schools, guest presentations by law school admissions officers and by persons who practice law, several scholarships for students with pre-law minors who are admitted to law school, field trips to area law schools, Pre-Law Internships, a Pre-Law Club, the Law School Admission Test (administered on campus), a mock Law School Admission Test, LSAT Preparatory Course assistance and advice from the Pre-Law Advisor concerning law school admissions strategies.

Premodern Global Studies Minor

All of us, whoever we are, wherever we live, have our roots in the premodern world. It has shaped our institutions and ideas, even our emotions, and it continues to influence our lives. The Premodern Global Studies Minor offers an understanding of those roots through courses offered across 12 EIU Departments. These courses reach back through major historical eras (Ancient, Classical, Medieval, Renaissance, etc.) to prehistoric societies.

Students who seek knowledge of the history, culture, and society of premodern societies are invited to consult with the advisor of the Premodern Global Studies Program for assistance in selecting courses suited to their individual needs.

- RLS 3900 - Special Topics in Religious Studies. Credits: 3

In addition:

Courses such as ANT 3960A-Z, ENG 3604A-E, PHI 3980, HIS 4775 and other "special topics" or similar courses with variable content may be counted towards fulfilling the elective requirement for the minor with approval by the Chair of the Religious Studies Minor committee.

Students may earn up to 9 semester hours of course credit in the minor through Prior Learning Assessment (PLA) by portfolio. PLA evaluates the college-level knowledge and skills an individual has gained outside of the classroom, and determines if and how the knowledge and skills acquired translates to specific college-level courses. PLA awards credit for LEARNING, not just for experience or time "on the job". Students who wish to earn course credit through PLA must consult with the Chair of the Religious Studies Minor, and follow the minor's approved process.

Women's, Gender, and Sexuality Studies Minor

Recent scholarship has made it clear that full understanding of human behavior, culture, and society cannot be attained without investigating the roles gender and sexuality play in individual experiences. The Women's, Gender, and Sexuality Studies minor is an 18-hour interdisciplinary program designed to offer students such an opportunity. It provides new ways of approaching conventional disciplines and opens up questions previously unexamined.

Our aim is two-fold: to stimulate and promote new scholarship in the area of Women's, Gender, and Sexuality Studies and to encourage traditional departments to broaden fields of study to include attention to gender and sexuality. Attention paid to gender and sexuality has altered our understanding of historical change, social, economic, and political life, and the arts and sciences. In addition, Women's, Gender, and Sexuality Studies highlights the necessity of understanding other important social structures and how they intersect with gender and sexuality: race, economic status, health status, and nationality are examples. It provides key conceptual tools that students can use in educating themselves both in and out of college.

Courses listed below are offered on a regular basis; these, as well as special topics courses, may be taken for credit toward the minor with permission of the Women's, Gender, and Sexuality Studies Minor Coordinator. Once they decide upon the minor, students should contact the Women's, Gender, and Sexuality Studies Minor Coordinator and declare the minor with their major advisor, as soon as possible. For more information about the Women's, Gender, and Sexuality Studies Minor, please e-mail: judlow@eiu.edu. Additional information about the courses offered in the minor can be found on the Women's, Gender, and Sexuality Studies minor homepage: <https://www.eiu.edu/women>.

Graduate School

Ryan Hendrickson, Dean

Robert Chesnut, Director, Research and Sponsored Programs

Mutombo Andy Kabasele, Assistant Dean for International Education

The Graduate School at Eastern Illinois University, in consultation with the Council on Graduate Studies, establishes and monitors graduate education policies. The Graduate School also oversees the Office of International Students and Scholars, the Office of Research and Sponsored Programs, the Office of Study Abroad, and the University Tuition Waiver Programs. The Graduate School at Eastern Illinois University is a member of the Council of Graduate Schools, the Midwest Association of Graduate Schools, and the Illinois Association of Graduate Schools. Academic regulations differ for graduate students. Information on graduate programs, graduate admissions, graduate assistantships and other areas of graduate education may be obtained by contacting the Graduate School, Eastern Illinois University, Charleston, IL, 61920, 217-581-2220 or <http://www.eiu.edu/~graduate>.

Accelerated Graduate Programs

Accelerated Graduate Programs provide an opportunity for undergraduates to begin graduate studies while still enrolled as an undergraduate at Eastern Illinois University. Admission into an accelerated graduate program permits the student to begin earning certain course credit that can be applied to both undergraduate and graduate degree programs, reducing the amount of time necessary for master's degree completion. The general policies regarding Accelerated Graduate Programs are located in the Graduate Catalog. Specific program admission requirements and shared course credit options are located in the Graduate Catalog under the individual graduate program(s).

Currently, Accelerated Graduate Programs exist in the following areas:

Graduate Study Options

Degree and Certificate Programs: Admission to the Graduate School is the first stage of admission required for all of the following degree and certificate programs:

- Master's, Professional Science Master's, and specialist's degree programs
- Graduate certificate programs
- Second bachelor's degree programs

Non-degree Study: Admission to the Graduate School is required for the following non-degree study options:

- Post-baccalaureate teacher licensure
- Courses for licensure, professional development, or personal goals

Application Access:

- A web application with fee payment of \$30.00 via credit card is available at: <https://www.eiu.edu/myeiu/register.php?type=3&skip=1>
- A printable application with fee payment of \$30.00 via check is available at: <http://www.eiu.edu/~graduate/pdf/admissionform.pdf>

Graduate Admission of International Applicants

International applicants may seek admission to graduate study as graduate degree candidates or as candidates for a second bachelor's degree. The admission process requires that applicants submit a complete packet of admission materials to the Office of International Students and Scholars. A complete packet includes an international application, an application fee, an approved financial affidavit form, an official raised seal transcript, any required admission test scores, and documentation of English mastery.

Application Access:

- A web application with fee payment of \$30.00 via credit card is available at: <http://www.eiu.edu/apply.php>
- A printable application with fee payment of \$30.00 via check is available at: <http://www.eiu.edu/~interntl/docs/AdmissionApplication.pdf>
- An application packet is available through the Office of International Students and Scholars. Request by calling or writing The Graduate School, Division of International Students and

Scholars, Eastern Illinois University, Charleston, IL, 61920, 217/581-2321.

Resources to Support Graduate Research/Creative Activity

The Graduate School sponsors a broad range of competitive awards programs to promote and support graduate research/creative activity. Application materials, guidelines, timelines, selection procedures, and award levels are available through Graduate Coordinators in academic programs and at the following web site:
http://www.eiu.edu/~graduate/students_awards_competitivestudent.php.

Graduate School Research/Creative Activity Grants Competition: This program provides financial support for outstanding graduate research and creative activity projects that include opportunities for graduate students to partner with external businesses, industries, or educational agencies to foster improvements and development of new creative ideas.

- Williams Travel Grants: Named in honor of a former Dean of the Graduate School, Dr. Larry Williams, Williams Travel Grants provide travel support for EIU graduate degree-seeking candidates who have papers or creative works accepted for presentation at regional, state, or national conferences.

- Robert and Kathryn Augustine Distinguished Master's Thesis Award and Award of Excellence Competition: The Robert and Kathryn Augustine Distinguished Master's Thesis Award Competition provides recognition of the highest achievement in master's degree research. The selected project may be eligible for the University's nomination for competition in the Midwest

Association of Graduate School's Distinguished Thesis Competition. The EIU Master's Thesis Award of Excellence provides recognition of the second highest achievement in master's degree research based on those candidates who are nominated for the Robert and Kathryn Augustine Distinguished Master's Thesis Award Competition.

- **Hamand Society Scholars:** Named in honor of the first dean of The Graduate School, Dr. Lavern Hamand, the Hamand Society recognizes degree-seeking graduate candidates nominated from among the class of Distinguished Graduate Students whose achievements in both scholarship and service have had a documented impact on the discipline and the community. The quality and impact of the scholarship and service achievements of Hamand Society Scholars reflect the highest ideals of the engaged graduate student.
- **The King-Mertz Distinguished Research/Creative Activity Award:** Recognition of the highest achievement in graduate research based on non-thesis graduate research/creative activity projects required for a degree.
- **Graduate Exposition and Distinguished Graduate Students Awards Ceremony:** Co-hosted by the Graduate Student Advisory Council and the Graduate School, the Graduate Exposition and Distinguished Graduate Students Awards Ceremony provide a forum during the spring term to showcase the research creative activity of graduate students. The Awards Ceremony provides formal recognition of the achievements of graduate students who have distinguished themselves through scholarship, research, or leadership.

Graduate Study Options for Seniors at EIU

Reserve Graduate Credit

An EIU senior may apply for permission to take graduate level courses numbered 4750 through 5999 for reserve graduate credit. Senior classification is defined as having completed at least 90 semester hours of undergraduate course work at the time of enrollment. Seniors must have earned a cumulative GPA of 2.75 or higher to qualify for reserve graduate credit. Permission from the instructor of the course(s) and the Graduate Dean is required. Applications for reserve graduate credit are available in The Graduate School or at the following web site: <http://www.eiu.edu/~graduate/pdf/gradstudyoptions.pdf> and must be signed and on file in The Graduate School by the deadline to add courses as published in the Class Schedule. Reserve graduate credit is limited to a maximum of 9 semester hours and cannot be used in any way for fulfilling the requirements for the undergraduate degree. Students enrolled in courses numbered 4750 through 4999 for reserve graduate credit are expected to meet the requirements for graduate credit. Undergraduates, regardless of classification or GPA, may not enroll in any graduate courses numbered 5990 (independent study), 5980 (internship), 5950 (thesis), any capstone graduate experience or any course numbered 6000 and above. This requirement may not be waived or appealed.

Graduate Courses for Undergraduate Credit

An EIU senior may apply for permission to take graduate courses numbered 5000 through 5999 to apply toward an undergraduate degree. Senior classification is defined as having completed at least 90 semester hours of undergraduate course work at the time of enrollment. Seniors must have earned a cumulative GPA of 2.75 or higher to qualify for enrollment in graduate courses. Permission from the instructor of the course(s) and the Graduate Dean is required. Applications granting permission to take graduate courses are available in The Graduate School or on the web site: <http://www.eiu.edu/~graduate/pdf/gradstudyoptions.pdf> and must be signed and on file in The Graduate School by the

deadline to add courses as published in the Class Schedule. Undergraduates, regardless of classification or GPA, may not enroll in any graduate courses numbered 5990 (independent study), 5980 (internship), 5950 (thesis), any capstone graduate experience or any course numbered 6000 and above. This requirement may not be waived or appealed.

Honors Students

An EIU honors student who has less than 90 semester hours of completed course work at the time he or she wishes to register may apply to waive the 90-semester hour policy. Waiver forms are available at: <http://www.eiu.edu/~graduate/forms/90semesterhourpolicywaiver.html>.

Waiver of the policy will allow the honors student to enroll for the desired graduate level courses. In order to be eligible for this waiver option, the student must verify his or her status as an honors student. In addition, the student must provide evidence that he or she is currently enrolled in a sufficient number of semester hours to meet the 90-semester hour regulations at the conclusion of the current term. The student must meet the 2.75 GPA criteria as this policy may not be waived or appealed. If the waiver is approved, but the honors student fails to complete a sufficient number of semester hours in the current term to meet the 90 semester hour regulation, the Graduate School will remove the student from the approved courses after the 10th day enrollment roster is provided.

Financial Aid

Graduate Assistantships

Graduate Assistantships are available in departments/schools offering graduate programs. Applications and additional information are available through the Graduate School or through individual program offices.

Loans and Work Study

Perkins Loans and Work Study positions are available to students who qualify on the basis of financial need. Contact the Director of Financial Aid and Scholarships for more information. Information on the Guaranteed Loan Program is available through the lending institution.

Scholarships

Military scholarships and unused portions of Teachers Education Scholarships may be applied to graduate study. A variety of special awards, scholarships, and international student scholarships are also available for graduate study. Several awards are highlighted below. Applicants should consult the Graduate Catalog for detailed information on other awards.

- **The Betty Wright Downing Scholarship.** Established by Mr. and Mrs. Harry T. Wright in memory of Betty Wright Downing, this scholarship is presented annually to a graduate student at Eastern Illinois University who is preparing for a career in medicine or a health related field. Apply to the Dean of the Graduate School.
- **Frances Meyer Hampton Graduate Scholarship.** Established by Mrs. Frances Meyer Hampton in her estate, this award is presented annually to a full-time student in a master's degree program who has demonstrated good character, high scholarship ability, financial need, and a potential for worthy future achievement. Apply to the Dean of the Graduate School.
- **International Graduate Student Scholarships.** International graduate student scholarships are based primarily on academic achievement and potential and are intended to promote cultural exchange and diversity. Completion of an application does not guarantee a scholarship. Apply to the Office of International Students and Scholars.

International Programs

See the Study Abroad section of the catalog.

Course Information

Generally, courses numbered 1000-1999 are freshman courses; 2000-2999, sophomore courses; 3000-3999, junior courses; 4000-4999, senior courses; and 5000-6999, graduate courses. However, if prerequisites are met, students may enroll according to the following schedule:

Class	Courses Numbered			
Freshman	1000	2000	a	a
Sophomore	1000	2000	3000	a
Junior	1000	2000	3000	4000
Senior	1000	2000	3000	4000/5000-5999b
Graduate		4750-4999c	5000-6999	

- a -- Courses numbered 3000-4999 in chemistry, foreign languages, mathematics, and military science may be taken by students who have prerequisites and permission of the department chairperson.
- b -- Courses numbered 5000-5999 may be taken by students who have a 2.75 GPA and permission of instructor and Dean of the Graduate School. Undergraduates, regardless of classification or GPA, may not enroll in any graduate courses numbered 5990 (independent study), 5980 (internship), 5950 (thesis) or any capstone graduate experience.
- c-- Courses numbered 4750-4999 are open to juniors, seniors, and graduate students.
Numbers in parentheses following the course title indicate the number of class hours per week, laboratory or studio hours per week, and credit hours. For example (3-0-3) indicates three hours of classroom work each week, no laboratory hours, and three semester hours credit. Students enrolled in courses whose meeting times are noted as "arranged" (Arr.) should contact the instructor by the beginning of the semester. Unless indicated as below, courses are offered every term. Offering times indicated are: Su -- Summer Term; F -- Fall Semester; S -- Spring Semester. Writing-Intensive courses are designated "WI." Certain course descriptions include abbreviations pertinent to the Illinois Articulation Initiative. Those abbreviations are explained below.

Prerequisites for courses are printed immediately following the course description. Prerequisites are predicated upon the assumption that students require certain knowledge and/or skills gained in one or more previous courses. Of particular concern in this regard are courses numbered 3000 or above, especially those required in majors and minors. Such courses often connect to a series of prerequisites, and, in many cases, only the highest ranking prerequisite in the series is listed with the course description. **Students must be aware that the listed prerequisite may itself have one or more prerequisites.** It is the student's responsibility to consult the catalog course descriptions to be sure that all prerequisites in a series have been met.

A student may not enroll in a course serving as a prerequisite for another course he or she has already completed. **(This rule does not apply to students who do not earn grades of C or better in ENG 1001G, ENG 1002G, and/or CMN 1310G or in accepted substitutions.)** A student may not enroll in a lower level course which substantially duplicates a higher level course already completed. Should a student violate this prescription, he/she may not receive credit for the course toward graduation.

The Illinois Articulation Initiative

Eastern Illinois University is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate or bachelor's degree have been satisfied. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as first-time freshmen in summer 1998 (and thereafter). In course descriptions, the following codes identify qualifying general education courses:

C (Communication)
F (Fine Arts)
M (Mathematics)
P (Physical Sciences)
H (Humanities)
L (Life Sciences)
S (Social/Behavioral Sciences)

The following codes identify qualifying baccalaureate majors:

Agriculture (AG)
Biological Sciences (BIO)
Business (BUS)
Chemistry (CHM)
Computer Science (CS)
Criminal Justice (CRJ)
Engineering (EGR)
English (ENG)
History (HST)
Industrial Technology (IND)
Mass Communication (MC)
Mathematics (MTH)
Nursing (NUR)
Physics (PHY)
Political Science (PLS)
Psychology (PSY)
Sociology (S)
Theatre Arts (TA)

For more information, visit the IAI website: www.itransfer.org/IAI/.

Subject Area Notes

Art

Note: Studio courses meet for double periods. Discussions and critiques may be incorporated into the studio hours.

The Department of Art reserves the right to retain for exhibition purposes any student work produced in art classes for a period of one academic year after the year in which the work was produced.

All materials and art supplies which go into finished works of art are to be furnished by students. Courses in Art Education, Ceramics, 2D Foundations, 3D Foundations, Jewelry and

Metalsmithing, Drawing, Painting, Printmaking, Sculpture, Graphic Design, Digital Art, Introduction to Art, and Multicultural Aesthetics may charge a studio laboratory fee for use of materials and services.

Foundation Curriculum: The foundation curriculum is a prescribed set of studio courses required of all art majors in the Art Education (BFA), Graphic Design (BFA), and Studio (BA and BFA) options. Courses in the foundation curriculum consist of Art 1000, 1001, 1110, and 1111. In addition, ART 2500, 2601G, 2602G and 2749 are required common courses in the Art Education, Graphic Design and Art Studio options; ART 2050 is required in the Art Education and Art Studio options and Art 2050 or 2560 is required in the Graphic Design option.

Business

Students may receive a grade in an upper division business course a maximum of three times. After a grade has been received in an upper division class at EIU, the School of Business will not accept subsequent transfer of an equivalent course from another school unless the School of Business has given prior written approval to enroll in the specific course at the specific university, which must be AACSB-International accredited.

Communication Disorders and Sciences

For information on admission to the major and access to upper division CDS courses, see the description of the Communication Disorders and Sciences major in the "College Descriptions and Program Requirements" section of this catalog.

EIU

See Senior Seminar, Study Abroad, and University Foundations.

Economics

Courses Open to Juniors, Seniors, and Graduate Students -- It is strongly recommended that students complete MAT 2110G, (or 1441G) and 2120G or 2190G (or 2550) before enrolling in Economics courses numbered 4750 and above.

Foreign Language

Placement

A student who wishes to continue the study of a language begun in high school should enroll in an appropriate language course as indicated below. If previous language study was not recent, placement at a lower level may be more appropriate. Permission is required from the Department Chairperson.

High School Units

Less than 2 years	Elementary 1101
2 years	Elementary 1102
3 years	Intermediate 2201G
4 years	Intermediate 2201G, 2202G, or 3000 level
4+ years	Intermediate 2202G or 3000 level

The Department of Foreign Languages gladly confers with individual students concerning appropriate placement in our program taking into consideration the individual's past academic

experience as well as personal and professional goals. In addition to the guidelines above, the Department will administer free of charge a placement test to help place students within our four semester beginning/intermediate sequence (1101-2202G). It should be noted that the results of this test are non-binding and are meant as an additional tool to be allow students to place themselves appropriately. Faculty members are also available to perform both oral interviews and to evaluate writing samples to facilitate placement in courses numbered 3000 and above. Contact Department Chair to make arrangements.

Advanced Competency Credit Policy

Advanced Competency Credit is credit toward graduation for previously acquired language proficiency. It is available in French, German and Spanish only.

- To be eligible a student must apply for Advanced Competency Credit during the first semester he or she is enrolled in a foreign language course.
- A transfer student who took language courses at another institution and received college credit for these courses will not be eligible for Advanced Competency Credit in those languages.
- Advanced Competency Credit will be granted as follows:
 - A student beginning at the 1102 level and completing eight semester hours of course work with a grade of C or better in each course will be granted four semester hours of advanced competency credit.
 - A student beginning at the 2201G or higher level and completing eight semester hours of course work with a grade of C or better in each course will be granted six semester hours of advanced competency credit.
 - Independent study courses, courses taken credit/no credit, and courses for which Advanced Placement Credit has been granted may not be included in the total required to qualify.
 - Qualifying courses should be taken consecutively or concurrently unless approval for another arrangement is obtained from the Department Chairperson.

Public Health

Note: Courses in First Aid and Cardio Pulmonary Resuscitation may charge a laboratory fee for use of materials and services.

History

Upper-division courses that count for US history credit are indicated by "US" at the end of the course description. Upper-division courses that count for non-US history credit are indicated by "NUS". Courses with no indicator require a waiver in order to count for US or non-US credit.

Kinesiology, Sport, and Recreation

Activity course numbered 1000:

May be taken up to eight times; activity courses numbered 1400 to 1940 may be taken up to four times. Non-Kinesiology, Sport, and Recreation majors may count four semester hours in Kinesiology, Sport, and Recreation activity courses toward graduation; Kinesiology, Sport, and Recreation majors and minors and Recreation Administration majors may count up to six

semester hours of credit in Kinesiology, Sport, and Recreation activity courses. Hours beyond the four- and six-hour restrictions will not count toward graduation but will be computed in the cumulative GPA. Kinesiology, Sport, and Recreation and Recreation Administration majors may not elect the Credit/No Credit option for one-semester-hour activity courses.

KSR 4900 series of Special Topics Courses:

These special topics courses are offered on a rotating basis. Therefore, if a student receives a grade of "D" or "F" in one of the KSR 4900 courses, the student may take any other KSR 4900 course for grade replacement and GPA recalculation.

Mathematics

In planning student programs it is important to check the course prerequisites including placement exam requirements as listed with the course descriptions below. "High school mathematics" as used here includes high school courses in algebra, geometry, and trigonometry and modern courses which integrate these subjects; it does not include "general mathematics," "consumer mathematics," "shop mathematics," etc.

When ACT scores are used for placement purposes, scores of 19 or less on the mathematics portion generally will result in placement in non-credit courses such as MAT 1020, 1070, or 1270. Incoming students should consider taking appropriate courses to strengthen their background the summer prior to enrollment.

A tutoring service is available in the Department of Mathematics and Computer Science throughout the year for students who may need assistance in undergraduate courses.

Courses in the Department of Mathematics and Computer Sciences are designed to serve the following purposes: (1) to contribute to the development of an informed citizenry; (2) to provide specific skills and knowledge of the discipline for those who plan to pursue careers in teaching mathematics or industry; (3) to provide the background for graduate study; and (4) to provide service for those disciplines outside mathematics. Except for 1441G proficiency credit will not be allowed for courses numbered below 2000.

Music

Freshmen may enroll in any course whose number is less than 3000, if they have met prerequisites.

Introductory Applied Study.

Introductory study in music performance on a one-to-one basis with a studio instructor. Recommended for majors studying a secondary applied instrument or voice. Open to all university students. May be repeated for credit. Prerequisite: All students who wish to enroll in applied study must audition and demonstrate beginning-level music reading skills.

Music Ensembles

Membership in music ensembles is open to all university students, including music majors, minors, and non-majors. Selection can be made on the basis of auditions, which are posted in the Department office prior to each semester. Instruments and lockers are available without charge for students wishing to participate in instrumental ensembles. The various ensembles, with the exception of the Oratorio Chorus (comprised of the Concert Choir, Mixed Chorus, and other vocalists for the study and performance of cantatas, oratorios, Masses, and other major choral works) and Pep Band (contact the Band Office for participation), are listed with their specific course description below. Music minors may count up to six semester hours of ensemble toward graduation; music majors may count towards

graduation all credits in ensemble courses required for their degree program; non-music majors may count four semester hours toward graduation.

Physics

PHY 1351G, 1352G, 1361, 1362, and 1371, 1372 constitute the standard introductory sequence in physics for majors and minors in chemistry, biochemistry, physics, and pre-engineering. PHY 1151G, 1152G and 1161, 1162 are intended primarily for geology, life science, and technology majors, students in the health professions and others desiring a full-year cultural exposure to physics in a course with less technical emphasis than the 1300 series.

Senior Seminar

(Students may take a senior seminar once they have completed 75 semester hours. However, so that those nearing graduation will have first access to seats, only students who have earned or will have earned 90 hours may register without the assistance of the offering department.)

Senior seminars are offered in a number of subjects and disciplines each semester, each one organized around a particular subject/issue important to contemporary society. Each seminar is listed by title and instructor in the schedule of courses during registration each semester. The student must successfully complete a seminar outside of his or her major.

The Senior Seminar at Eastern Illinois University is designed to be a cross-disciplinary culminating experience that will provide students with an opportunity to apply concepts and use skills developed in both their general education and major courses. Information about topics of major importance, e.g., the Holocaust, Social Movements, Women in Science, Technology, Controversies in Education, Sociobiology, etc. will be read, analyzed, discussed, and written about in a three semester-hour seminar led by a faculty member of a discipline different from those of the students. To allow ample time for writing and discussion, senior seminars will be limited to a maximum of 25 students. As an element of the general education curriculum, each senior seminar shall focus on some aspect of citizenship. As the capstone course to the general education curriculum, each senior seminar will incorporate assessment activities into the course; these activities may include tests, surveys, and other instruments.

Study Abroad

The University provides EIU students with affordable, high quality international academic opportunities that allow them to develop the knowledge and skills necessary for leadership in an interdependent world. Program opportunities with courses are offered all over the world and range in length from one week to an academic year. Students are encouraged to explore these opportunities early in their academic career, and apply for scholarships available through the University.

International academic experiences help students develop the personal and professional skills required to become effective and viable global citizens in a diverse world. Eastern Illinois University recognizes study abroad as a fundamental component of excellence in higher education and encourages all students to apply for its competitive programming opportunities.

Students should have completed one semester of college and be in good academic and judicial standing. No student who is on academic or disciplinary probation will be allowed to study abroad on any program through EIU. Students must meet eligibility and

admission requirements in order to qualify for a particular study abroad program.

STA 4000G After successful completion of an approved EIU study abroad program, and 75 semester hours, students are eligible to take STA 4000G. As a capstone course, STA 4000G will require students to exercise their abilities to think critically about their global education experiences. They will develop, summarize, and synthesize their individualized experience through readings, assignments, a reflective piece that may be submitted to the Electronic Writing Portfolio, an individualized project, and a presentation. This course incorporates university assessment activities, which may include tests, surveys and other instruments. To allow ample time for writing and discussion, STA 4000G, will be limited to a maximum of 25 students.

(3-0-3) S-even-numbered years. Comprehensive study of the styles and functions of African Arts. WI Credits: 3

ART 3611G - Art in India and Southeast Asia.

(3-0-3) F-even-numbered years. History of the Art of India and Southeast Asia from ancient times to the present. WI Credits: 3

ART 3612G - Art in China and Japan.

(3-0-3) S-odd-numbered years. History of the Art of China and Japan from ancient times to the present. WI Credits: 3

ART 3630 - Greek and Roman Art.

(3-0-3) F-even-numbered years. Art and architecture studied in the context of the Greek and Roman cultures, ca. 1500 B.C. to 300 A.D. **Prerequisites & Notes:** ART 2601G. Credits: 3

ART 3641 - Early Medieval Art.

(3-0-3) F-odd-numbered years. Survey of the visual arts in the societies of western Europe, Byzantium, Islam from late antiquity through the tenth century in Western Europe. **Prerequisites & Notes:** ART 2601G. Credits: 3

ART 3642 - Romanesque and Gothic Art.

(3-0-3) S-even-numbered years. Survey of the visual arts in the societies of Western Europe, Byzantium and Islam from the eleventh to fifteenth centuries. **Prerequisites & Notes:** ART 2601G. Credits: 3

ART 3651 - Italian Renaissance Art: Fifteenth Century.

(3-0-3) F-even-numbered years. Development of style and iconography in fifteenth-century Italian art. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3652 - Italian Renaissance Art: Sixteenth Century.

(3-0-3) S-odd-numbered years. Development of style and iconography in sixteenth-century Italian art: High Renaissance and Mannerism. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3660 - Baroque Art.

(3-0-3) F-odd-numbered years. Study of the Baroque style in Italy and Northern Europe. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3670 - Nineteenth-Century Art.

(3-0-3) On Demand. Leading artists, movements, and trends during the 19th century in the art of Western Europe and the United States, with emphasis on France. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3680 - Modern Art.

(3-0-3) F. Major artists, developments, and significant achievements in painting and sculpture, 1880-1947. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3681 - Contemporary Art.

(3-0-3) S. An investigation of the visual area since 1945. Focusing on new media, this course will evaluate the enormous range of artistic production from this period. Topics will include a consideration of representation, cross-cultural artworks, authorship, and popular culture. **Prerequisites & Notes:** ART 2602G. Credits: 3

ART 3685 - Women in Art.

(3-0-3) S-odd-numbered years. A study and evaluation of the place of women in the history of art. The course will cover both the images of women conveyed in the art of various periods and the contributions of individual women artists from the Middle Ages to the present. The social conditions contributing to attitudes about women and to the success or failure of women in the professional role of artist will be emphasized. Credits: 3

ART 3701 - Jewelry and Metalsmithing II.

(0-6-3) F, S. Advanced problems in functional and non-functional metalsmithing. A continuing development of the previously learned fundamentals in metal construction and introducing basic silversmithing processes. **Prerequisites & Notes:** ART 2700 or permission of the instructor. Credits: 3

ART 3702 - Jewelry and Metalsmithing III.

(0-6-3) F, S. A continuation of ART 3701 further mastery of techniques. **Prerequisites & Notes:** ART 3701. Credits: 3

ART 3910 - Typography.

(0-6-3) F. An introduction to letterform design, including the analysis of existing classical typefaces and the development of new variations. Emphasis will be on observations of the salient issues regarding legibility and readability, form and counterform, and what qualities and attributes constitute a font and family of type. The observations from this research will then be applied to abstract symbol design. **Prerequisites & Notes:** ART 1110 and ART 2910. Limited to students pursuing Graphic Design minor, admitted to Graphic Design BA or BFA program, or permission of instructor. Credits: 3

ART 3911 - Graphic Design I.

(0-6-3) F. An introduction to drawing of illustrations as visual symbols with an emphasis on communication development and the semantics of symbol juxtapositions. **Prerequisites & Notes:** ART 1110 and ART 2910. Limited to students pursuing Graphic Design minor, admitted to Graphic Design BA or BFA program, or permission of instructor. Credits: 3

ART 3912 - Interactive/Motion Graphics I.

(0-6-3) F. An introduction to effective visual problem-solving in interactive/motion graphics design. Fundamentals of interactive media will be emphasized. **Prerequisites & Notes:** ART 1110 and ART 2910. Limited to students pursuing Graphic Design minor, admitted to Graphic Design BA or BFA program, or permission of instructor. Credits: 3

ART 3920 - Advanced Typography.

(0-6-3) S. An introduction to text and display type exercises. Emphasis will be on the development of typographic hierarchical structure within a given design problem. **Prerequisites & Notes:** ART 3910, or permission of instructor. Credits: 3

ART 3921 - Graphic Design II.

(0-6-3) S. An Introduction to the application of illustration and symbols to the interpretation and communication of complex data. **Prerequisites & Notes:** ART 3911, or permission of instructor. Credits: 3

ART 3922 - Interactive/Motion Graphics II.

(0-6-3) S. Effective visual problem-solving in interactive/motion graphics design. Fundamentals of animation/motion design will be emphasized. **Prerequisites & Notes:** ART 3912, or permission of instructor. Credits: 3

ART 3940 - History of Graphic Design.

(3-0-3) F. The history of graphic design from the 19th century to the present. **Prerequisites & Notes:** ART 2602. Credits: 3

ART 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

ART 4000 - Life Drawing II.

(0-6-3) F, S. Study of advanced drawing concepts and techniques. Traditional and nontraditional media used towards the development of a personal style. **Prerequisites & Notes:** ART 2000 or the permission of the instructor. Credits: 3

ART 4001 - Life Drawing III.

(0-6-3) F, S. Continuation of ART 4000 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4000. May be repeated once with permission of the Art & Design Department Chair. Credits: 3

ART 4001A - Life Drawing IV.

(0-6-3) F, S. Continuation of ART 4000 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4000. May be repeated once with permission of the Art & Design Department Chair. Credits: 3

ART 4001B - Life Drawing V.

(0-6-3) F, S. Continuation of ART 4001A with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4001A. May be repeated once with permission of the Art & Design Department Chair. Credits: 3

ART 4051 - Painting IV.

(0-6-3) F, S. Advanced study of painting as development in personal expression through individual students' painting problems and investigations; professional craftsmanship stressed. Open to choice of medium. **Prerequisites & Notes:** ART 3052 or two semesters of ART 3080. Credits: 3

ART 4052 - Painting V.

(0-6-3) F, S. Continuation of ART 4051 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4051. Credits: 3

ART 4053 - Painting VI.

(0-6-3) F, S. Continuation of ART 4052 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4052. May be repeated once with permission of the Art Department Chair for credit. Credits: 3

ART 4111 - Sculpture IV.

(0-6-3) F, S. Advanced study in sculpture focused on the mastery of a personal direction with a concentration on one or a series of concepts. One sculptural process (additive/constructed, metal fabrication, modeled/cast) to be explored in depth. **Prerequisites & Notes:** ART 3112. Credits: 3

ART 4112 - Sculpture V.

(0-6-3) F, S. Continuation of ART 4111 with increasing mastery of a personal style and sculptural processes. **Prerequisites & Notes:** ART 4111. Credits: 3

ART 4113 - Sculpture VI.

(0-6-3) F, S. Continuation of ART 4112 with increasing mastery of a personal style and sculptural processes. **Prerequisites & Notes:** ART 4112. May be repeated once with permission of the Art Department Chair. Credits: 3

ART 4251 - Ceramics IV.

(0-6-3) F, S. Development of techniques and processes to a level of professional attainment; emphasis upon growth in area of student's interest. **Prerequisites & Notes:** ART 3252. Credits: 3

ART 4252 - Ceramics V.

(0-6-3) F, S. Continuation of ART 4251 with increasing depth of mastery. **Prerequisites & Notes:** ART 4251. Credits: 3

ART 4253 - Ceramics VI.

(0-6-3) F, S. Continuation of ART 4252 with increasing depth of mastery. **Prerequisites & Notes:** ART 4252. May be repeated once with permission of the Art & Design Department Chair. Credits: 3

ART 4275 - Internship.

(Arr.-Arr.-1-15) (Credit/No Credit) An individually planned work experience in a business or agency appropriate to the student's area of specialization. Note: A maximum of six semester hours may be counted as art elective credit in the Art & Design major. **Prerequisites & Notes:** Junior standing, appropriate course work, permission of the Art & Design Department chair and internship supervisor, and acceptance of the student by a business or agency. Credits: 1 to 15

ART 4400 - Independent Study I.

(Arr.-Arr.-1-3) Work in special problems selected to fulfill needs of the student. **Prerequisites & Notes:** Individual plan and permission of the instructor and the department chairperson, plus nine semester hours in the area of proposed study. A maximum of six semester hours may be earned in a combination of 4400, 4401, and 4402. May be repeated once. Credits: 1 to 3

ART 4401 - Independent Study II.

(Arr.-Arr.-1-3) Work in special problems selected to fulfill needs of the student. **Prerequisites & Notes:** Individual plan and permission of the instructor and the department chairperson, plus nine semester hours in the area of proposed study. A maximum of six semester hours may be earned in a combination of 4400, 4401, and 4402. May be repeated once. Credits: 1 to 3

ART 4402 - Independent Study III.

(Arr.-Arr.-1-3) Work in special problems selected to fulfill needs of the student. **Prerequisites & Notes:** Individual plan and permission of the instructor and the department chairperson, plus nine semester hours in the area of proposed study. A maximum of six semester hours may be earned in a combination of 4400, 4401, and 4402. May be repeated once. Credits: 1 to 3

ART 4580 - Printmaking IV.

(0-6-3) F, S. Individual selection of printmaking processes and problems. **Prerequisites & Notes:** ART 3571. Credits: 3

ART 4581 - Printmaking V.

(0-6-3) F, S. Continuation of ART 4580 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4580. Credits: 3

ART 4582 - Printmaking VI.

(0-6-3) F, S. Continuation of ART 4581 with further mastery of the subject matter and techniques. **Prerequisites & Notes:** ART 4581. May be repeated with permission of the Art & Design Department Chair. Credits: 3

ART 4701 - Jewelry and Metalsmithing IV.

(0-6-3) F, S. Advanced problems in silversmithing and development of senior portfolio. **Prerequisites & Notes:** ART 3702. Credits: 3

ART 4702 - Jewelry and Metalsmithing V.

(0-6-3) F, S. Continuation of ART 4701 with further mastery of techniques. **Prerequisites & Notes:** ART 4701. Credits: 3

ART 4703 - Jewelry and Metalsmithing VI.

(0-6-3) F, S. Continuation of ART 4702 with further mastery of techniques. **Prerequisites & Notes:** ART 4702. May be repeated once with permission of the Art & Design Department Chair. Credits: 3

ART 4740 - Issues in Art Education.

(3-0-3) S. Study of the major theories and issues which have played important roles in shaping the character of contemporary art education. WI **Prerequisites & Notes:** ART 3400, 3410, or permission of the instructor. Credits: 3

ART 4749 - Senior Portfolio.

(Arr.-Arr.-0) F, S. (Credit/No Credit) Students in the BFA in Studio Art Option or Graphic Design Option demonstrate competency in the major through submission of a senior portfolio. Portfolio requirements and submission time line are available from the department office. Co-requisites: Enrollment in a 4000-level Studio Art or Graphic Design course. **Prerequisites & Notes:** Senior standing in either the BFA in Art with Option in Studio Art or the BFA in Art with Option in Graphic Design. Credits: 0

ART 4755 - Special Topics in Art I.

(Arr.-Arr.-1-3) On Demand. Study of special topics in Art and Art History that are not ordinarily covered in existing courses. Topics to be announced. **Prerequisites & Notes:** Junior standing and a minimum of five courses in Art with one being an Art History course or permission of the instructor. May be repeated once on a different topic with permission of the department chair. Credits: 1 to 3

ART 4756 - Special Topics in Art II.

(Arr.-Arr.-1-3) On Demand. Study of special topics in Art and Art History that are not ordinarily covered in existing courses. Topics to be announced. May be repeated for credit on a different topic with permission of the department chair. **Prerequisites & Notes:** Junior standing and a minimum of five courses in Art with one being an Art History course or permission of instructor. May be repeated once on a different topic with permission of the department chair. Credits: 1 to 3

ART 4765 - Twentieth-Century American Painting and Sculpture.

(3-0-3) F. A study of major American artists, movements, and tendencies that have developed since 1908. WI **Prerequisites &**

Notes: ART 2601G and ART 2602G or permission of instructor.
Credits: 3

ART 4775 - Seminar in Twentieth-Century Art History and Criticism.

(3-0-3) S. A critical understanding and evaluation of art, art-historical literature, and contemporary criticism, with emphasis on critics, artists and art of the post-World War II period. WI

Prerequisites & Notes: ART 2601G and ART 2602G or permission of the instructor. Credits: 3

ART 4910 - Typography III.

(0-6-3) F. Advanced visualization studies investigating the application of visual communication concepts to problems involving sequential relationships. **Prerequisites & Notes:** ART 3920 and 3921. May be repeated once with permission of the Art & Design Department Chair; only three semester hours may be accepted as graduate-level credit. Credits: 3

ART 4911 - Graphic Design III.

(0-6-3) F. Advanced application of visual communication concepts to design problems. **Prerequisites & Notes:** ART 3921, or permission of instructor. Credits: 3

ART 4912 - Interactive/Motion Graphics III.

(0-6-3) F. Advanced communication problem-solving, emphasizing the integration of animation/motion graphics and interactive design. **Prerequisites & Notes:** ART 3922, or permission of instructor. Credits: 3

ART 4920 - Typography IV.

(0-6-3) S. Advanced display and text studies investigating the application of visual communication concepts to problems involving design systems and corporate identity. **Prerequisites & Notes:** ART 4910 and 4911. May be repeated once with permission of the Art & Design Department Chair; only three semester hours may be accepted as graduate-level credit. Credits: 3

ART 4921 - Graphic Design IV.

(0-6-3) S. Advanced visualization studies investigating the application of visual communication concepts to complex design problems. **Prerequisites & Notes:** ART 4911, or permission of instructor. Credits: 3

ART 4922 - Interactive/Motion Graphics IV.

(0-6-3) S. Advanced communication design in interactive and motion media, emphasizing the creation and integration of original video. **Prerequisites & Notes:** ART 4912, or permission of instructor. Credits: 3

Biological Sciences (BIO)

BIO 1001G - Biological Principles and Issues.

(2-2-3) An introduction to the study of living organisms with emphasis upon an appreciation for their behavioral, functional, and structural adaptations, their diversity and relationship to the environment. In addition, strong emphasis on current issues dealing with the field of biology. Does not count toward the Biological Sciences major or minor. Credit for BIO 1001G will not be granted if the student already has credit for or registration in BIO 1091G or BIO 1500. L1 900L Credits: 3

BIO 1002G - Practical Botany.

(2-2-3) This course will introduce students to the importance of plants in their daily lives. General botanical principles will be taught with emphasis on instructing students in methods of identification, growth and maintenance of plants used in landscaping, gardening, and interiorscaping. Does not count

toward the Biological Sciences major or minor. Credit for BIO 1002G will not be granted if the student already has credit for or registration in BIO 1092G or BIO 1550G. Credits: 3

BIO 1003G - Life of Animals.

(2-2-3) An introduction to the study of animals and animal diversity with emphasis on behavioral, functional, and structural adaptations as they relate to specific habitats. Does not count toward the Biological Sciences major or minor. Credit for BIO 1003G will not be granted if the student already has credit for or registration in BIO 1093G or BIO 1550G. Credits: 3

BIO 1004G - Practical Microbiology.

(2-2-3) Using practical laboratory experiences students learn characteristics and activities of microorganisms with special emphasis on their significance to society. This course targets students majoring in Family and Consumer Sciences, Pre-Nursing, and Public Health. Does not count in the Biological Sciences major or minor. Credit for BIO 1004G will not be granted if the student already has credit for or registration in BIO 1094G or BIO 3300. L1 903L Credits: 3

BIO 1091G - Biological Principles and Issues, Honors.

(2-2-3). The study of the fundamental processes and structures common to all living things. Current issues in the biological sciences will be addressed. Does not count toward the Biological Sciences major or minor. Credit for BIO 1091G will not be granted if the student already has credit for or registration in BIO 1001G or BIO 1500. L1 900L WI **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

BIO 1092G - Practical Botany, Honors.

(2-2-3). This course will introduce students to the importance of plants in their daily lives. Emphasis will be placed on students learning methods for the identification, growth and maintenance of plants used in landscaping, gardening and the home. Does not count toward the Biological Sciences major or minor. Credit for BIO 1092G will not be granted if the student already has credit for or registration in BIO 1002G or BIO 1550G. **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

BIO 1093G - Life of Animals, Honors.

(2-2-3) An introduction to the study of animals with an emphasis upon an appreciation for their behavioral, functional, and structural adaptations, their diversity and relationships to their environment. Does not count toward the Biological Sciences major or minor. Credit for BIO 1093G will not be granted if the student already has credit for or registration in BIO 1003G or BIO 1550G. WI **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

BIO 1094G - Practical Microbiology, Honors.

(1-4-3). Using practical laboratory experiences student will learn characteristics and activities of microorganisms with emphasis on the performance of standard procedures and techniques used to study microbes. The course culminates with a student designed original research project. Does not count toward the Biological Sciences major or minor. Credit for BIO 1094G will not be granted if the student already has credit for or registration in BIO 1004G or BIO 3300. **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

BIO 1150 - Biology Forum.

(1-0-1). The course is designed for freshmen and transfer students majoring in the Biological Sciences to enhance their transition to Eastern Illinois University by introducing them to the Biological Sciences program, providing an overview of the major and core requirements, and addressing specific skill sets necessary for success in the major. These skills include: library expertise, computer competence, and ability to produce and

interpret graphs and tables, and critical scientific reading. Students will also meet the Biological Sciences faculty and discover departmental research opportunities and internship opportunities, summer and study abroad programs, career opportunities, and student clubs. Credits: 1

BIO 1180 - Principles of Biological Investigations.

(1-3-1) On Demand. This is a half-semester course that offers hands-on, guided research opportunity in the context of early stage college experience to allow students in Biological Sciences major to be immersed in the process of scientific inquiry outside of a lecture format. This course will be restricted to students majoring in Biological Sciences. A limit of 1 hour may be applied to a major. **Prerequisites & Notes:** BIO 1500 and permission of the instructor. BIO 1500 can be repeated after BIO 1180 for credit and a grade recalculation. Credits: 1

BIO 1500 - General Biology I.

(3-3-4) F, S. The first in a two-course introduction series for students majoring or minoring in the Biological Sciences, with emphasis on understanding the fundamental aspects of life. This course has a significant laboratory component that requires additional fees to offset the costs of supplies and reagents. Grade and credit hours for this course will be removed if student already has credit for or is registered in BIO 1100. L1 910L; BIO 910 Credits: 4

BIO 1550G - General Biology II.

(3-3-4) F, S. The second in a two-course introduction series for students majoring or minoring in the Biological Sciences, with emphasis on taxonomic groups, form and function, and life history. Note: This course is open to all students, but it is intended for Biological Sciences majors and minors, as well as Chemistry majors (Biochemistry concentration). It has a significant laboratory component that requires additional fees to offset the costs of supplies and reagents. Grade and credit hours for this course will be removed if student already has credit for or is registered in BIO 1200G and BIO 1300G. L1 910L; BIO 910 **Prerequisites & Notes:** BIO 1500. Credits: 4

BIO 2001G - Human Physiology.

(3-2-4). An organ systems approach to the function of the human body. Does not count toward the Biological Sciences major or minor. Credit for BIO 2001G will not be granted if the student already has credit for or registration in BIO 2091G or BIO 3520. Credits: 4

BIO 2002G - Environmental Life Sciences.

(3-0-3). A study of the interrelationships of the living and non-living components of the environment, the ecology of humankind, and the interaction of humans with the environment. The course emphasizes current environmental issues and possible solutions and courses of action. Does not count towards the Biological Sciences major or minor. Credit for BIO 2002G will not be granted if the student already has credit for or registration in BIO 2092G or BIO 3850. Credits: 3

BIO 2003G - Heredity and Society.

(3-0-3). A course for non-science majors that addresses the ethical, political, and social implications of heredity and modern genetic technology. Basic genetic principles as well as contemporary issues in biotechnology will be studied. Does not count toward the Biological Sciences major or minor. Credit for BIO 2003G will not be granted if the student already has credit for or registration in BIO 2093G or BIO 3200. Credits: 3

BIO 2091G - Human Physiology, Honors.

(3-2-4). An organ systems approach to the function of the human body. Does not count toward the Biological Sciences major or minor. Credit for BIO 2091G will not be granted if the student

already has credit for or registration in BIO 2001G or BIO 3520. **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 4

BIO 2092G - Environmental Life Sciences, Honors.

(4-0-4) A study of the interrelationships of the living and non-living components of the environment, the ecology of humankind, and the interaction of humans with the environment. The course emphasizes current environmental issues and possible solutions and courses of action. Does not count towards the Biological Sciences major or minor. Credit for BIO 2092G will not be granted if the student already has credit for or registration in BIO 2002G or BIO 3850. **Prerequisites & Notes:** Admission to the University Honors College. Credits: 4

BIO 2093G - Heredity and Society, Honors.

(4-0-4) A course for non-science majors that addresses the ethical, political, and social implications of heredity and modern genetic technology. Basic genetic principles as well as contemporary issues in biotechnology will be studied. Does not count toward the Biological Sciences major or minor. Credit for BIO 2093G will not be granted if the student already has credit for or registration in BIO 2003G or BIO 3200. **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 4

BIO 2210 - Anatomy and Physiology I.

(3-3-4) Comprehensive survey of human anatomy and physiology. First of a two-semester sequential course that covers the structure and function of cells and tissues, and a systematic approach to the integumentary, skeletal, muscular, nervous, and endocrine systems. Includes a laboratory component with identification of anatomical structures in models and cadavers and hands-on physiological experiments. Equivalent course: BIO 2200. **Prerequisites & Notes:** BIO 1001G or BIO 1004G or BIO 1500 or BIO 1550G or KSR 2440. Credits: 4

BIO 2220 - Anatomy and Physiology II.

(3-3-4) Comprehensive survey of human anatomy and physiology. Second of a two-semester sequential course that covers the structure and function of cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems, metabolism and energetics, and development. Includes a laboratory component with identification of anatomical structures in models and cadavers and hands-on physiological experiments. Equivalent Course: BIO 2200. **Prerequisites & Notes:** BIO 2210. Credits: 4

BIO 2291 - Anatomy and Physiology I, Honors.

(3-3-4) On Demand. Comprehensive survey of human anatomy and physiology. First of a two-course series at the honors level that covers the structure and function of cells and tissues, and provides a systematic approach to the integumentary, skeletal, muscular, nervous, and endocrine systems. Emphasis will be on discussion of up-to-date clinical cases to help consolidate anatomy and physiology concepts and help prepare students for a demanding health profession. Includes a laboratory component with identification of anatomical structures in models and cadavers, and hands-on physiological experiments with formulation of hypotheses. **Prerequisites & Notes:** BIO 1500 or KSR 2440, and admission to the Honors College. Credit for BIO 2291 will not be granted if the student already has credit for or is registered in BIO 2200. Credits: 4

BIO 2292 - Anatomy and Physiology II, Honors.

(3-3-4) On Demand. Comprehensive survey of human anatomy and physiology. Second of a two-course series at the honors level that covers the structure and function of cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems, metabolism and energetics, and development. Emphasis will be on discussion of up-to-date clinical cases to help consolidate anatomy and physiology concepts and help prepare

students for a demanding health profession. Includes a laboratory component with identification of anatomical structures in models and cadavers, and hands-on physiological experiments with formulation of hypotheses. WI **Prerequisites & Notes:** BIO 2210 or BIO 2291, or admission to the Honors College. Credit for BIO 2292 will not be granted if the student already has credit for or is registered in BIO 2200. Credits: 4

BIO 3003G - An Introduction to Evolution.

(3-0-3). A survey of the history, evidence, mechanisms and implications of evolutionary theory. Topics covered include natural selection, fossil formation, Mendelian genetics, attitudes towards evolutionary theory, and evolution of Homo sapiens. This course does not count toward Biological Sciences major or minor. Credits: 3

BIO 3035 - Economic Botany.

(3-0-3) On Demand. Foundational principles of plants with economic value will be evaluated. The utilization of crops, such as grains and cereal, legumes, vegetables, as well as fiber and timber plants, will be considered. A unit on oil plants, biofuels, and other renewable resources will be included. Credit will not be granted for both BIO 3035 and BIO 2320. **Prerequisites & Notes:** BIO 1500 and BIO 1550G. Credits: 3

BIO 3080G - Behavior of Domestic Animals and their Wild Kin.

(3-0-3) On Demand. Introduction to the behavior of domestic animals, applying fundamental concepts of animal behavior to companion animals (e.g. dogs and cats) and livestock (e.g. chickens, cattle, horses). This course will focus on the evolution of domestic animals from their wild ancestors, examining their current behavior in the context of its original, adaptive nature and looking at the role of their behavior in their domestication. Credits: 3

BIO 3120 - Molecular and Cellular Biology.

(2-4-4) F, S. A class on the biology of cells, with respect to the structures, functions, and interactions of biomolecules and organelles, to help students understand the molecular underpinnings of life. The laboratory portion of the class provides integrated experiments to allow students to learn and practice basic molecular biology techniques. Course replaces former courses BIO 3100 and BIO 3101. **Prerequisites & Notes:** BIO 1500, CHM 1410, and CHM 1415. This course is restricted to students that are non-Biological Sciences majors and minors. Credits: 4

BIO 3155G - Introduction to Evolutionary Medicine.

(3-0-3) On Demand. A survey of current topics in evolutionary medicine, such as cancer treatment, antibiotic resistance, asthma and diseases of civilization will be explored and analyzed using the mechanisms of evolution natural selection, generation of biological traits and evolutionary history "mismatch" to current lifestyles affecting human biology today. This course does not count toward Biological Sciences major or minor. Credits: 3

BIO 3180 - Introduction to Ecology and Evolution.

(3-3-4) F, S. Introduction to fundamental concepts in ecology and evolution with a focus on the interconnections among organisms, the environment, and evolution. The laboratory portion of this course provides students with a hands-on application of concepts, including demonstration of techniques for collecting, analyzing, and interpreting ecological data. Students also will gain experience in scientific writing. WI **Prerequisites & Notes:** BIO 1500 and BIO 1550G. Credit for BIO 3180 will not be granted if the student already has credit for or registration in BIO 3800. Credits: 4

BIO 3200 - Genetics.

(3-2-4) The fundamental principles of genetics (classical, molecular, and population) stressing applications to all organisms. **Prerequisites & Notes:** BIO 3120 or CHM 3450. Credits: 4

BIO 3210 - Immunology.

(3-3-4) S. Basic principles and laboratory procedures for the study of immune responses. **Prerequisites & Notes:** BIO 3120 or BIO 3200. Credits: 4

BIO 3300 - General Microbiology.

(2-4-4) An introduction to the biology of prokaryotic and eukaryotic microorganisms. Emphasis is placed on bacteria and their chemical composition and structure, classification, growth, physiology, genetics, diversity, pathogenicity, ecology, and economic importance. The laboratory will include principles and techniques for the isolation, cultivation, enumeration, and characterization of microorganisms. **Prerequisites & Notes:** BIO 1500. Credits: 4

BIO 3312 - Horticulture.

(2-2-3) The principles and practices of indoor and outdoor home gardening with emphasis on practical applications of horticulture. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3322 - Dendrology.

(2-3-3) The identification of common native, naturalized, and planted trees, shrubs, and vines of Illinois, their life histories, wood structure, ecology, and economic significance. The biotic divisions of Illinois and major forest regions of North America are also stressed. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3333G - Sustainable Energy and the Environment.

(3-0-3) Su. An exploration of current renewable energy technologies, including bioenergy, with emphasis on their environmental impact and sustainability. The course is restricted to off-campus students that are non-Biological Sciences majors and minors. Credits: 3

BIO 3390 - General Microbiology, Honors.

(2-4-4) On Demand. This course will introduce the students to the range of topics that fall under microbiology, including morphology, identification, physiology, genetics, ecology, and the applications of microbiology in endeavors of human interests. The laboratory will include principles and techniques for the isolation, cultivation, enumeration, and characterization of microorganisms. At the end of the course, students should be able to apply the scientific model to analyze and examine issues involving microbiology as well as relate how microbes affect other areas of biology. Credit hours for the course will be removed from a student's hours toward graduation if the student already has credit for or is registered in; BIO 3300, BIO 1004G, or BIO 1094G. **Prerequisites & Notes:** BIO 1500 with a grade of "C" or better. Credits: 4

BIO 3400 - Methods of Teaching Biological Sciences in Middle and High School.

(2-2-3). A study of teaching techniques including the collection and use of materials for demonstrations and laboratory experiments. Thirty clock hours in pre-student teaching are required. **Prerequisites & Notes:** EDP 2330 and SED 3330; for Middle Level Education majors, MLE 3110. Credits: 3

BIO 3450A - Independent Study I.

(Arr.-Arr.-1-3) (Credit/No Credit) Individual study on a topic in biology selected by the student under the supervision of an instructor. May be repeated once for credit. **Prerequisites & Notes:** BIO 1500, BIO 1550G and permission of the department chairperson and instructor. This course is not intended for students who wish to complete a research project. Credits: 1 to 3

BIO 3450B - Independent Study II.

(Arr.-Arr.-1-3) (Credit/No Credit) Individual study on a topic in biology selected by the student under the supervision of an instructor. May not be repeated for elective credit. **Prerequisites & Notes:** BIO 1500, BIO 1550G and permission of the department chairperson and instructor. This course is not intended for students who wish to complete a research project. Must complete BIO 3450A twice. Credits: 1 to 3

BIO 3451A - Undergraduate Research I.

(Arr.-Arr.-1-3) (Credit/No Credit) Original research in Biological Sciences conducted in consultation with a faculty mentor. Students will conduct a research project using current scientific protocols. Hypothesis formation, bench work, data collection/analysis become the responsibility of each student. Written report required. May be repeated once for credit to a maximum of three semester hours for elective credit in the major from BIO 3451A and 3451B. **Prerequisites & Notes:** BIO 1500, BIO 1550G and approval of instructor and department chairperson. Credits: 1 to 3

BIO 3451B - Undergraduate Research II.

(Arr.-Arr.-1-2) (Credit/No Credit) Original research in Biological Sciences conducted in consultation with a faculty mentor. Students will conduct a research project using current scientific protocols. Hypothesis formation, bench work, data collection/analysis become the responsibility of each student. Written report required. May be repeated once for credit to a maximum of three semester hours for elective credit in the major from BIO 3451A and 3451B. **Prerequisites & Notes:** BIO 1500, BIO 1550G and approval of instructor and department chairperson. Must have completed BIO 3451A twice. Credits: 1 to 2

BIO 3460 - Clinical Rotation.

(3-3-4). Practical experience for pre-health professional tract students to obtain the hands-on experience needed to be competitive for admission to professional schools. The course requires at least 3 hours of clinical time per week that is arranged over the semester. Students will rotate between different health professional settings. In addition to the clinical rotation, students will meet with the course instructor 3 hours per week to reflect on components of their rotation. **Prerequisites & Notes:** A grade of "B" or better in BIO 2210 and BIO 2220, or BIO 3620. May not have previously taken BIO 3960 (Special Topics: Clinical Rotation). Credits: 4

BIO 3510 - Plant Physiology.

(2-4-4). The study of water relations, mineral nutrition, phytohormones, photosynthesis, respiration and physiological ecology. **Prerequisites & Notes:** BIO 1550G and BIO 3120; or CHM 3450. Credits: 4

BIO 3520 - Animal Physiology.

(3-3-4). A study of basic principles of animal physiology with emphasis on mammalian organ systems. **Prerequisites & Notes:** BIO 3120 or CHM 3450. Credits: 4

BIO 3612 - Plant Evolution and Diversity.

(2-3-3). The morphology, anatomy, life cycles, and evolutionary history of plants, including bryophytes, ferns and fern allies, gymnosperms, and angiosperms. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3620 - Functional Comparative Anatomy.

(2-4-4) A study of vertebrate anatomy, emphasizing the evolution of form and function of structures. Laboratory dissection of representative vertebrates. **Prerequisites & Notes:** BIO 1550G and junior-level standing. Credits: 4

BIO 3622 - Embryology.

(2-4-4) Systematic examination of the mechanisms that underlie animal development from a single-cell to a multicellular organism. Morphological studies emphasize selected embryonic stages in echinoderms, amphibians, birds, and mammals. **Prerequisites & Notes:** BIO 1550G. Credits: 4

BIO 3624 - Histology.

(1-4-3) The structure and function of tissues, primarily human. Laboratory study is combined with discussion of normal tissue structures. **Prerequisites & Notes:** BIO 2210 and BIO 2220, or permission of the instructor. Credits: 3

BIO 3628 - Evolutionary Medicine.

(4-0-4) On Demand. Foundational principles of evolutionary medicine, emphasizing mechanisms of evolutionary biology as applied to analyses of human health issues (e.g., diabetes, obesity, autoimmune diseases, cardiovascular health, etc.), especially useful for pre-health students. Classic and emerging medical paradigms using illustrative literature, comparative methods and phylogenetics, will be evaluated. **Prerequisites & Notes:** BIO 1500 and BIO 1550G. Credit hours for course will be removed from student's hours toward graduation if student already has credit for or is registered in: BIO 3960 (Special Topics: Evolutionary Medicine). Credits: 4

BIO 3710 - Plant – Animal Interactions.

(3-0-3) S-even-numbered years. The course examines diverse interactions between plants and animals, including exploitative, commensal, and mutualistic relationships, as well as those indirectly affecting or mediated by third parties involved in multi-trophic interactions, such as fungi and bacteria. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3740 - Clinical Mycology.

(3-0-3) F. An introduction to the fungi which cause superficial, subcutaneous and systemic infections in humans and other vertebrate organisms with an emphasis on the history, classification, morphology, epidemiology, pathogenesis, histopathology, clinical treatment and prevention of the diseases fungi cause. **Prerequisites & Notes:** BIO 1550G or permission of instructor. Credits: 3

BIO 3810 - Freshwater Ecology.

(1-4-3). The physical environment and biological communities involved in fresh water ecosystems. **Prerequisites & Notes:** BIO 1550G, CHM 1310G, and 1315G. Credits: 3

BIO 3850 - Environmental Health and Sustainability.

(3-3-4). An introduction to the principles of environmental sciences for biology majors. This course investigates the foundations of environmental science with particular attention to environmental problems from a biological perspective and the costs and benefits to their "solutions" from the local to global scale. This course pays particular attention to how to analyze, interpret and present scientific information in the life sciences. **Prerequisites & Notes:** BIO 1550G. Credits: 4

BIO 3888G - Tropical and Marine Ecology.

(Arr.-Arr.-4) Su. The identification, natural history, and ecology of the flora and fauna of the Bahamas. This course will include a mandatory, week-long field experience to Fofar Field Station on Andros Island, Bahamas. Preference given to students with relevant experience in biology. **Prerequisites & Notes:** Permission of instructor. Credits: 4

BIO 3950 - Vertebrate Natural History.

(2-3-3). The natural history of vertebrates including distribution, reproduction, behavior, evolution, and phylogeny. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3952 - Invertebrate Natural History.

(2-3-3) Natural history, including distribution and habitat utilization; reproduction, behavior, and life histories; identification, classification and evolution of terrestrial and aquatic invertebrates. Emphasis on major groups in the Midwest. WI **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 3960A - Special Topics.

(Arr.-Arr.-1-4) On Demand. Reading discussions, reports, on-campus and off-campus fieldwork on topics in biological sciences not ordinarily treated in existing courses. Topics to be announced. May be repeated once to a maximum of eight semester hours of credit in BIO 3960 courses with permission of the department chairperson. **Prerequisites & Notes:** BIO 1500, 1550G and permission of the department chairperson and instructor. Credits: 1 to 4

BIO 3960B - Special Topics.

(Arr.-Arr.-1-4) On Demand. Reading discussions, reports, on-campus and off-campus fieldwork on topics in biological sciences not ordinarily treated in existing courses. Topics to be announced. May be repeated once to a maximum of eight semester hours of credit in BIO 3960 courses with permission of the department chairperson. **Prerequisites & Notes:** BIO 3960A (twice) and permission of the department chairperson and instructor. Credits: 1 to 4

BIO 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

BIO 4275 - Internship.

(Arr.-Arr.-6 or 12) (Credit/No Credit) Employment experience in one or more phases of the Biological Sciences for one semester with an agency or firm approved by the environmental biology coordinator. A formal written report of the internship experience is required. The course may be repeated once for a total of not more than 12 hours. **Prerequisites & Notes:** Only open to students in Environmental Biology option. At least 90 semester hours of work in Biological Sciences program; completion of at least one advanced ecology course; minimum cumulative GPA or major GPA of 2.25; approval of the environmental biology coordinator. Credits: 6 or 12

BIO 4400A - Teaching in the Lab I.

(Arr.-Arr.-1) (Credit/No Credit) Experience assisting and supervising in a biological lab setting. Students work under the direction of the course instructor. May be repeated for credit once. **Prerequisites & Notes:** Completion of the course in which the student is assisting with a grade of B or higher and permission of the instructor. Credits: 1

BIO 4400B - Teaching in the Lab II.

(Arr.-Arr.-1) (Credit/No Credit) Experience assisting and supervising in a biological lab setting. Students work under the direction of the course instructor. May be not repeated. **Prerequisites & Notes:** Completion of 2 semester hours of BIO 4400A. Credits: 1

BIO 4444A - Honors Independent Study I.

(Arr.-Arr.-1-3) Consideration of special topics in Biological Sciences. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. May be taken twice for credit. Credits: 1 to 3

BIO 4444B - Honors Independent Study II.

(Arr.-Arr.-1-3) Consideration of special topics in Biological Sciences. Special emphasis on an area of interest to the student

approved by faculty supervisor and Departmental Honors Coordinator. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. May be taken twice for credit. Must have completed BIO 4444A twice. Credits: 1 to 3

BIO 4444D - Honors Independent Study III.

(Arr.-Arr.-1-3) Consideration of special topics in Biological Sciences. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Must have completed BIO 4444B twice. Credits: 1 to 3

BIO 4555A - Honors Research I.

(Arr.-Arr.-1-3) Original experimental or theoretical research in Biological Sciences conducted in consultation with a faculty mentor. Students will conduct a research project using current scientific protocols. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors coordinator. May be taken for credit up to six semester hours. May be taken twice for credit. Credits: 1 to 3

BIO 4555B - Honors Research II.

(Arr.-Arr.-1-3) Original experimental or theoretical research in Biological Sciences conducted in consultation with a faculty mentor. Students will conduct a research project using current scientific protocols. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors coordinator. May be taken for credit up to six semester hours. Must have completed BIO 4555A twice. Credits: 1 to 3

BIO 4555D - Honors Research III.

(Arr.-Arr.-1-3) Original experimental or theoretical research in Biological Sciences conducted in consultation with a faculty mentor. Students will conduct a research project using current scientific protocols. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors coordinator. May be taken for credit up to six semester hours. Must have completed BIO 4555B twice. Credits: 1 to 3

BIO 4644 - Honors Thesis.

(Arr.-Arr.-3) Original research in preparation of a thesis on a topic in Biological Sciences approved by faculty supervisor and the Departmental Honors Coordinator. Students in the Biological Sciences Honors Program must take at least 3 credit hours of thesis. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

BIO 4666 - Honors Seminar.

(2-0-1) Areas of investigation which require integration of Biological Sciences and research will be addressed. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors coordinator. May be taken twice for credit. Credits: 1

BIO 4750 - Statistical Analysis of Scientific Data.

(3-2-4) Methods of quantitative analysis of biological data at the population level. Emphasis placed on practical applications of statistical analysis. **Prerequisites & Notes:** College algebra or permission of instructor. Credits: 4

BIO 4751 - Advanced Molecular Cell Biology.

(3-0-3) A study of the molecular basis of intracellular processes, including gene regulation and expression; molecular biosyntheses and transport; cell motility and adhesion; cell cycle regulation; and

intracellular signaling, using case studies from current scientific literature. **Prerequisites & Notes:** BIO 3120 and 3200. Credits: 3

BIO 4810 - Plant Ecology.

(3-3-4) The application of investigative techniques to the study of the structure and successional patterns of plant communities. WI **Prerequisites & Notes:** Two years of Biological Sciences. Credits: 4

BIO 4812 - Fisheries Ecology and Management.

(2-3-3) Relationships of fish with biotic and abiotic components of their environment. Role of fishes in aquatic ecosystems and current management strategies. **Prerequisites & Notes:** BIO 3180; BIO 4750 recommended. Credits: 3

BIO 4814 - Conservation Biology.

(3-0-3) Study of the application of ecological and genetic principles to the preservation and conservation of biological diversity. Topics will include the demography and genetics of small populations, population viability, island biogeography, and the design of nature reserves. WI **Prerequisites & Notes:** BIO 3200 and 3180. Credits: 3

BIO 4816 - Study of Biotic Communities.

(2-Arr.-3) The study of selected biotic communities in Illinois and surrounding states. May be repeated for credit if a different topic is taught. **Prerequisites & Notes:** Major in Biological Sciences; 12 semester hours in Biological Sciences including BIO 3180 or 4810; or permission of the instructor. Credits: 3

BIO 4818 - Applied and Environmental Microbiology.

(2-4-4). An introduction to the principles, applications, and methodologies of environmental microbiology with emphasis on microbial interactions with animals and plants, on the microbiology of air, water, sewage, and soils, and on the role of microorganisms in biogeochemical cycling. The use of microorganisms in the bioremediation of environmental pollutants and in the recovery and enhancement of environmental resources will also be considered. **Prerequisites & Notes:** BIO 3300 or equivalent or permission of the instructor. Credits: 4

BIO 4820 - Spatial Analysis for Environmental Sciences.

(3-3-4) F. An introduction to how spatial data are synthesized and interpreted in the environmental sciences. The course will focus on interpretation of remotely sensed data, point pattern analysis, and digital elevation models. Students will become familiar using appropriate software such as Geographic Information Systems (GIS), statistical and modeling software. **Prerequisites & Notes:** Permission of the instructor. Credits: 4

BIO 4830 - Comparative Vertebrate Physiology.

(3-0-3) A comparison of physiological activities of vertebrates and adaptations to their natural environment. **Prerequisites & Notes:** BIO 3520 and CHM 2430; CHM 3300 recommended. Credits: 3

BIO 4832 - Animal Behavior.

(3-3-4) Theoretical and experimental studies of the principles of animal behavior. **Prerequisites & Notes:** Sixteen semester hours of Biological Sciences or permission of the instructor. Credits: 4

BIO 4833 - Neurobiology of Diseases.

(4-0-4) Su. This course will cover in-depth the biology of important neurological and psychiatric diseases. **Prerequisites & Notes:** A grade of "C" or better in BIO 3120. May not have previously taken BIO 5970 (Special Topics: Neurobiology of Diseases). Credits: 4

BIO 4834 - Neurobiology.

(4-0-4) A study of the structure and function of neurons, the principal cells of the nervous system, at the molecular and cellular

level. This course will emphasize neurobiological aspects of learning, memory, and behavior. **Prerequisites & Notes:** BIO 3120 or permission of the instructor. Credits: 4

BIO 4835 - Advanced Neurobiology.

(4-0-4) S. This course will cover advanced topics on molecular, cellular and physiological aspects of brain structure and function during health and diseases. **Prerequisites & Notes:** A grade of "C" or better in BIO 4834. May not have previously taken BIO 5460 or BIO 3960 (Special Topics: Advanced Neurobiology). Credits: 4

BIO 4836 - Pathogenic Microbiology.

(2-4-4) An introduction to the role and activities of pathogenic microorganisms in the diseases of humans, animals, and plants with emphasis on the history, classification, morphology, nutrition and growth, metabolism, genetics, and virulence factors of disease-causing prokaryotes as well as the epidemiology, diagnosis, treatment, and prevention of the diseases they cause. The laboratory will emphasize clinical techniques required for the isolation, cultivation, and identification of pathogenic microorganisms. **Prerequisites & Notes:** BIO 3300 or equivalent or permission of the instructor. Credits: 4

BIO 4840 - Resource Management and Environmental Assessment.

(2-3-3) S. This course will explore the concepts in natural resource management including data acquisition and how environmental regulations are used in integrated ecological assessments at the federal and state level. **Prerequisites & Notes:** Permission of the instructor. Credits: 3

BIO 4842 - Wildlife Ecology and Management.

(3-0-3) S. Principles of managing wildlife resources with emphasis on population ecology, habitat management and the social context of wildlife management. **Prerequisites & Notes:** BIO 3180 or permission of instructor. Credits: 3

BIO 4850 - Wildlife Techniques.

(2-3-3) F. Instruction in current field, lab and analytical techniques in wildlife biology. This will include: population and biodiversity estimation, capture and marking, behavioral observations, age estimation, condition assessment, biotelemetry, and habitat assessment. BIO 5372 and BIO 3960 are equivalent courses. Students will not be allowed to earn credit in BIO 4850 if they already have received credit for BIO 5372 or BIO 3960. Grade and credit hours for this course will be removed if student already has credit for those courses. **Prerequisites & Notes:** Junior-level standing and "C" or better in BIO 3950 or BIO 3180 or permission of instructor. BIO 4750 recommended. Credits: 3

BIO 4892 - Introduction to Paleobotany.

(3-2-4) Introduction to the origin and theories of evolution, diversification, radiation, and paleogeography of plants through time, with special reference to vascular plants. Field work. **Prerequisites & Notes:** BIO 1550G or permission of instructor. Credit not granted for both GEO 4892 and BIO 4892. Credits: 4

BIO 4914 - Plant Anatomy.

(2-3-3) F. A comprehensive study of the internal structure of vascular plants, focusing primarily on the anatomy of seed plants. The course emphasizes plant development and structural-functional relationships. The laboratory component of this class will introduce students to basic microtechniques and emphasize microscopic plant structure. Restriction: Junior status. **Prerequisites & Notes:** BIO 1550G or at least 9 semester hours in the biological sciences major. Credits: 3

BIO 4920 - Medicinal Plants.

(3-0-3) On Demand. A worldwide survey of the past and present human utilization of plants and plant products as medicines, including their chemical constituents and natural and cultural history. WI **Prerequisites & Notes:** BIO 1550G or equivalent. Credits: 3

BIO 4940 - Phycology.

(2-3-3) Introduction to algal biology; emphasis is placed on freshwater algae including the study of classification, life-history, physiology, ecology, and evolution. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4942 - Mycology.

(2-3-3) Survey of the fungi; specifically the characteristics and phylogenetic relationships of the major groups of fungi, their structure, growth and development, physiology, reproduction and dispersal, genetics, ecological role and economic importance. WI **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4944 - Lichens.

(2-3-3) Systematic survey of the lichens, including their physiology, growth and development, reproduction, ecology, economic importance, and classification. Field trips required. WI **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4946 - Bryology.

(1-4-3) The structure, identification, life-history, and importance of the mosses and liverworts. Fall field trip is required. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4948 - Plant Taxonomy.

(1-4-3) The classification and evolution of flowering plants. Emphasis on learning common families and field techniques, especially specimen preparation. Saturday field trip required. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4950 - Ichthyology.

(2-3-3) Study of the anatomy, physiology, systematics and zoogeography of fishes. **Prerequisites & Notes:** BIO 3180 or BIO 3950 or permission of instructor. Credits: 3

BIO 4952 - Herpetology.

(2-3-3) S-even-numbered years. A survey of the amphibian and reptilian classes, with emphasis on the extant herpetofauna of "Mid-West" region of the North America. Material presented in lecture will be supplemented with laboratory examinations of preserved specimens and field trips to regional sites for surveying available taxa. **Prerequisites & Notes:** BIO 3180 or BIO 3950 and junior-level standing. Credits: 3

BIO 4954 - Ornithology.

(2-3-3) The identification, classification, distribution, and natural history of Midwestern birds. WI **Prerequisites & Notes:** BIO 1550G or permission of instructor. Credits: 3

BIO 4956 - Mammalogy.

(2-3-3) F. A study of mammals with emphasis on mammalian evolution, classification, distribution, physiology, natural history and ecology. **Prerequisites & Notes:** BIO 3180 or permission of the instructor. Credits: 3

BIO 4958 - Parasitology.

(3-3-4) F. A study of parasitism as a symbiotic relationship; to include identification, systematics, life histories, pathology, and control of common parasites of animals, including humans. **Prerequisites & Notes:** BIO 1550G or permission of instructor. Credits: 4

BIO 4960 - Wetland and Aquatic Vascular Plants.

(2-3-3) F-odd-numbered years. The study of the taxonomy and ecology of wetland and aquatic plants, emphasizing those occurring in the Midwest. Field trips required. **Prerequisites & Notes:** BIO 1550G. Credits: 3

BIO 4964 - Entomology.

(3-3-4) F. A study of insects, and closely related arthropods, with regard to identification, ecology, morphology, physiology, and evolution. Methods of collection and specimen preparation are included. WI **Prerequisites & Notes:** BIO 1550G or permission of instructor. Course may not be repeated. Credits: 4

BIO 4984 - Evolutionary Biology.

(3-0-3) Fundamental principles of organic evolution stressing historical fact, evidences for and processes common to all biota. WI **Prerequisites & Notes:** BIO 1550G. Credits: 3

Business (BUS)**BUS 1000 - Introductory Business Seminar.**

(2-0-2) F, S. Overview of business including the relationship between business and society, the global business environment, and the functional areas of business. Emphasizes academic and professional development for students intending to pursue a career in business. Credits: 2

BUS 1950 - Computer Concepts and Applications for Business.

(3-0-3) F, S. A study of computer concepts, including the information processing cycle, file organization, telecommunications, and operating systems and systems software. Applications software, including spreadsheets, databases, word processing, presentation graphics, computer communications, and operating systems with graphical user interfaces. BUS 902 Credits: 3

BUS 2101 - Financial Accounting.

(3-0-3) F, S. A study of the principles and procedures used to prepare and communicate financial information to the firm's managers and to external parties. Topics include the accounting principles, processes, and data systems used by service/manufacturing firms in the preparation, use and interpretation of financial statements. BUS 903 Credits: 3

BUS 2102 - Managerial Accounting.

(3-0-3) On Demand. This course examines the use of accounting information for decision making by managers of business organizations. Topics include cost terminology, product costing, quality management, profit planning, control of operations, segment reporting, profitability analysis, and relevant costs for decision making. BUS 904 **Prerequisites & Notes:** BUS 2101 with C or better, or permission of the Chair, School of Business. Credits: 3

BUS 2275 - Internship in Business.

(Arr.-Arr.-1-15) (Credit/No Credit) Monitored work or service experience requiring development and application of business knowledge and skills. Course may be repeated once. **Prerequisites & Notes:** Sophomore standing, a declared School of Business major or minor, and approval of Internship Learning Agreement by the Chair, School of Business. Credits: 1-15

BUS 2750 - Legal and Social Environment of Business.

(3-0-3) On Demand. A study of the legal and social environment in which businesses operate, including an introduction to law and legal systems, sources of law, ethics and social responsibility, business torts, intellectual property, contracts, and government regulation of business. **Prerequisites & Notes:** Sophomore

standing and ENG 1002G, or permission of the Chair, School of Business. Credits: 3

BUS 2810 - Business Statistics I.

(3-0-3) F, S. A study of statistical analysis with business applications, including descriptive statistics, probability, interval estimation, hypothesis tests of means and proportions, simple correlation, chi square, one-way analysis of variation and linear regression. Includes use of spreadsheet software. BUS 1950 is the required prerequisite for non-School of Technology majors. BUS 901 **Prerequisites & Notes:** BUS 1950 with C or better, or School of Technology major with EGT 1323 with C or better, or permission of the Chair, School of Business. Credits: 3

BUS 3010 - Management and Organizational Behavior.

(3-0-3) F, S, On Demand. Organization fundamentals: objectives, functions, structure and operational procedure, interpersonal relationships, control and motivational systems, and communications. **Prerequisites & Notes:** Junior standing, or BUS 1950 with C or better and BUS 2750 with C or better, or permission of the Chair, School of Business. Credits: 3

BUS 3050 - Survey of Management Information Systems.

(3-0-3) On Demand. Survey of Management Information Systems is restricted to non-Business majors. Subjects include computer concepts, applications software, spreadsheets, databases, computer communications, information systems, telecommunications, and system security. Credits: 3

BUS 3070(2710) - Survey of Finance.

(3-0-3) On Demand. A practical framework for corporate financial decision making. Topics include acquisition, allocation, and management of funds and asset valuation methods. This course is not open to School of Business majors. **Prerequisites & Notes:** BUS 2101. Credit will not be granted for both BUS 3070 and BUS 2710. Credits: 3

BUS 3100 - Survey of Marketing Principles.

(3-0-3) F, S. This course provides a thorough overview of the marketing function. Topics include strategic planning, market research, consumer behavior, market segmentation, target marketing and positioning, product development and management, pricing, supply chain and distribution, and advertising and promotions. Note: Credit for BUS 3100 will not be granted if the student already has credit for BUS 3470. School of Business majors may not enroll in this course. **Prerequisites & Notes:** Sophomore standing. Credits: 3

BUS 3200 - International Business.

(3-0-3) On Demand. An introduction to globalization and the cultural, economic, political, and legal environments of international business including an overview of risks, challenges, and opportunities of competing in the global marketplace. **Prerequisites & Notes:** ECN 2801G, ECN 2802G, and a C or better in BUS 2750; or permission of the Chair, School of Business. Credits: 3

BUS 3470 - Principles of Marketing.

(3-0-3) F, S, On Demand. This course prepares students to make operational decisions within the product, place, promotion, and price areas. This course develops the student's ability to find and organize information used for decision-making and introduces a comprehensive marketing strategy approach where core business functions integrate with marketing activities. A limit of 3 hours may be applied to a major or minor. **Prerequisites & Notes:** BUS 2810 with C or better, and MAT 2120G (may be taken concurrently), and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

BUS 3500 - Management Information Systems.

(3-0-3) F, S, On Demand. An introduction to MIS by management level. Special emphasis is given to database design and use. Other topics include: telecommunications, types of IS, approaches to systems development, and security. **Prerequisites & Notes:** BUS 1950 with C or better, and MAT 2120G (MAT 2120G may be taken concurrently), or permission of the Associate Chair, School of Business. Credits: 3

BUS 3710 - Business Financial Management.

(3-0-3) F, S, On Demand. A practical framework for corporate financial decision-making. Topics include: acquisition, allocation, and management of funds and asset valuation methods. **Prerequisites & Notes:** BUS 2101 with C or better, and MAT 2120G (MAT 2120G may be taken concurrently), or permission of the Chair, School of Business. Credits: 3

BUS 3950 - Operations Management.

(3-0-3) F, S. Management of manufacturing and service organizations. Among the topics are: forecasting; product and service operation design; process selection; capacity planning; layout; inventory management; aggregate planning; master scheduling; material requirements planning; lean operations; supply chain management; project management and quality. Includes application of computer software solution techniques. **Prerequisites & Notes:** BUS 2810 with C or better, and MAT 2120G or OSC 3800 (MAT 2120G or OSC 3800 can be taken concurrently), or permission of the Chair, School of Business. Credits: 3

BUS 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** Prerequisites to be determined by the topic(s) to be covered, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 1 to 15

BUS 3970A - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** Prerequisites to be determined by the topic(s) to be covered, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 1 to 15

BUS 4000 - Business Ethics.

(3-0-3) On Demand. This course explores the complex relationships among business organizations, their stakeholders, and society by examining contemporary issues in business ethics and their impact on individuals, businesses, and the national and international economies. The course also addresses the effects and potential outcomes of individual ethical conduct in the business organization. Following an introduction to the philosophical foundations of business ethics, students will focus on the organizational decision process to identify, analyze, and resolve simple and complex ethical dilemmas in business. **Prerequisites & Notes:** BUS 2750 with C or better, BUS 3010 with C or better, and BUS 3200 with C or better or BUS 3970 with C or better, or permission of the Chair, School of Business. Credits: 3

BUS 4360 - Strategy and Policy.

(3-0-3) On Demand. A comprehensive analysis of strategic management processes in organizations. This is the capstone course which requires expertise from the functional areas to develop broad concepts, theories and techniques to develop socially responsible strategies and policies in a global environment. **Prerequisites & Notes:** BUS 1950 with C or better, BUS 2101 with C or better, BUS 2102 with C or better, BUS 2750 with C or better, BUS 2810 with C or better, BUS 3010, BUS

3200, BUS 3470, BUS 3500, BUS 3710, BUS 3950, ECN 2801G, and ECN 2802G; Senior standing; School of Business major (ACC, BAD, BAIS, FIN, MAR, MGT, MIS) or permission of the Chair, School of Business. Credits: 3

BUS 4444 - Honors Independent Study.

(Arr.-Arr.-1-3) On Demand. Intensive investigation of a topic under the supervision of a School of Business faculty member. Course may be repeated once. **Prerequisites & Notes:** Admission to the Business Honors Program and approval of written Honors Independent Study Proposal by chair, department honors coordinator, and supervising faculty member. Credits: 1 to 3

BUS 4555 - Honors Research.

(3-0-3) On Demand. Study of research methods and processes including defining research problems, and collecting and analyzing data. Students will conduct a literature review and prepare a research proposal. **Prerequisites & Notes:** Admission to the Business Departmental Honors Program and/or approval of the Business Honors Coordinator. Course may not be repeated. Credits: 3

BUS 4644 - Honors Thesis.

(Arr.-Arr.-1-3) On Demand. Written thesis based on student's research under the supervision of a School of Business faculty member. **Prerequisites & Notes:** Admission to the Business Honors Program; BUS 4444 or BUS 4555; and approval of written Honors Thesis Proposal by chair, department honors coordinator, and supervising faculty member. Credits: 1 to 3

BUS 4740 - Independent Study.

(Arr.-Arr.-1-6) Intensive investigation of a topic under the supervision of an instructor. Enrollment is by application. Course may be repeated once. **Prerequisites & Notes:** Senior standing, BUS 3470, BUS 3500, BUS 3710, BUS 3950, a declared School of Business major or minor, cumulative grade-point average of 3.0 or higher, consent of the supervising instructor, and approval of a completed independent study plan by the Chair, School of Business. Credits: 1 to 6

Career and Technical Education (CTE)

CTE 1420 - Survey of Business Principles.

(3-0-3) F, S. An introduction to the contemporary world of business. Not open to junior and senior B.S. in Business majors. Credits: 3

CTE 2000 - Inquiry Into Teaching Career and Technical Education.

(2-0-2) F, S. A classroom and field introduction to career and technical education teaching, including the role of the teacher; moral, ethical, and legal expectations; social and political context of schools and communities; business and industry trends that affect the discipline; and national and state school-to work initiatives. **Prerequisites & Notes:** Thirty hours of completed course work. Credits: 2

CTE 2001 - Work-Based Learning.

(1-0-1) F, S. An introduction to work-based learning as it relates to the teacher of Career and Technical Education. Credit will not be granted for both CTE 2000 and CTE 2001. **Prerequisites & Notes:** 30 hours of coursework and SED 2000 or its equivalent. Credits: 1

CTE 3100 - Instructional Technology in Career and Technical Education.

(3-0-3) The selection and use of appropriate technology needed in career and technical education for school and work environments. Credits: 3

CTE 3400 - Methods of Teaching Career and Technical Education for Middle and Secondary Education.

(3-0-3) F, S. This course covers methods of planning, instructional design, learning (including high-order, critical thinking skills), classroom management, recognizing the individual, and media and other instructional materials for middle and secondary education. **Prerequisites & Notes:** Grade of "C" or better in CTE 2000 (or SED 2000 and CTE 2001) and passing score on Test of Academic Proficiency/ACT or departmental approval. Credits: 3

CTE 3403 - Methods of Teaching Middle and Secondary Level Family and Consumer Sciences

(3-0-3) On Demand. Critical review and application of effectively teaching content related to family relationships, human development, textiles and apparel, and nutrition, wellness and hospitality. **Prerequisites & Notes:** A grade of "C" or better in SED 2000, and must be a declared Career & Technical Education: FCS Education major. Credits: 3

CTE 3404 - Seminar in Teaching Technology for Middle and Secondary Education.

(2-0-2) F, S. A seminar to discuss professionalism, curriculum, resources, and legislation as it relates to teaching technology in middle and secondary schools. **Prerequisites & Notes:** Co-requisite: CTE 3400. Credits: 2

CTE 3405 - Methods of Teaching Middle- and Secondary-Level Business Education.

(3-1-3) On Demand. The primary objective of this course is to prepare students to teach business subjects in middle and secondary schools. The class emphasizes methodology, curriculum planning, unit and lesson planning, instructional resources, assessment development, professionalism, and legislation as it relates to the teaching of business education. Students will engage in planning, instructional design, classroom management, and media and other instructional materials. In addition, the student will demonstrate the dispositions necessary to be successful in the teaching profession. Twenty clock hours or participation/observation in business classrooms (grades 6-12) are required. This course is restricted to students in the Career & Technical Education Business Education Emphasis. **Prerequisites & Notes:** A grade of "C" or better in SED 2000 or CTE 2000. Credits: 3

CTE 4913 - Organization and Administration of Cooperative Occupational Education.

(3-0-3) F. Introduction to cooperative education programs, program needs, resources, constraints, public relations, and policy development are analyzed. Credits: 3

CTE 4923 - Coordination Techniques for Cooperative Occupational Education.

(3-0-3) S. Methods and techniques for preparation of teacher coordinators. Student selection, training agreements, training plans, legal requirements, related class management, individualized instruction, and program evaluation are emphasized. Credits: 3

Chemistry & Biochemistry (CHM)

CHM 1040G - The World of Chemistry.

(3-2-4) An introduction to chemicals, chemical processes and chemical theories with an emphasis on how chemistry is used to

explain and shape our world and condition. No credit toward the major or minor in chemistry or biochemistry, nor for a student who has credit in a previous laboratory-based course in college-level chemistry. P1 903L Credits: 4

CHM 1310G - General Chemistry I.

(3-0-3) An introduction to fundamental chemical principles and related phenomena. Topics include: atomic and electronic structure, bonding, chemical composition, chemical reactions, gases, stoichiometry, and thermochemistry. P1 902; CHM 911
Prerequisites & Notes: One year of high school chemistry or credit in CHM 1040G with a grade of C or better. Not recommended for those whose ACT mathematics score is less than 21 without prior completion of or concurrent enrollment in MAT 1271. CHM 1315G must be taken concurrently. Credits: 3

CHM 1315G - General Chemistry Laboratory I.

(0-3-1) Experimental work illustrating chemical principles and concepts described in the companion lecture course. P1 902L; CHM 911
Prerequisites & Notes: Must be taken concurrently with CHM 1310G. Credits: 1

CHM 1390G - General Chemistry I, Honors.

(3-0-3) F. An introduction to chemical principles and their applications. Topics include: stoichiometry; atomic and electronic structure; bonding; properties of gases, liquids, solids, and solutions; thermochemistry. P1 902
Prerequisites & Notes: One year of high school chemistry, intermediate algebra, and admission to the University Honors College. CHM 1395G must be taken concurrently. Credits: 3

CHM 1395G - General Chemistry Laboratory I, Honors.

(0-3-1) F. Experimental work demonstrating chemical principles and their applications. P1 902L WI
Prerequisites & Notes: One year of high school chemistry, intermediate algebra, and admission to the University Honors College. Must be taken concurrently with CHM 1390G. Credits: 1

CHM 1410 - General Chemistry II.

(3-0-3) F, S, Su. The second semester of the general chemistry sequence. Principles and applications of intramolecular forces, solutions, equilibrium, kinetics, thermodynamics, acid-base concepts, and electrochemistry. A limit of 3 hours may be applied to a major or minor. CHM 912
Prerequisites & Notes: A grade of C or better in both CHM 1310G and 1315G. CHM 1415 must be taken concurrently, except in summer sessions. Credits: 3

CHM 1415 - General Chemistry Laboratory II.

(0-3-1) F, S. Experimental work illustrating chemical principles and concepts described in the companion lecture course, including intermolecular forces, solutions, chemical kinetics, equilibrium, thermodynamics, and acid-base reactions. Also includes an introduction to inorganic qualitative analysis. A limit of one hour may be applied to a major or minor. CHM 912
Prerequisites & Notes: A grade of C or better in both CHM 1310G and 1315G. Must be taken concurrently with CHM 1410. Credits: 1

CHM 1440 - Chemistry Research Rotation.

(Arr,-Arr,-1) S. Introduction to chemical research areas and techniques. Students will conduct research mini-projects in multiple chemistry research laboratories amongst different subfields of chemistry. May be repeated once if different faculty research labs are chosen. No credit toward major or minor in chemistry.
Prerequisites & Notes: CHM 1310 and 1315 (or CHM 1390 and 1395) with grade of "A"; freshmen or sophomore standing; and permission of the department chairperson. Course may be repeated to a maximum of 2 hours. Credits: 1

CHM 1490 - General Chemistry II, Honors.

(3-0-3) S. Principles of thermodynamics, kinetics, equilibrium and electrochemistry are elucidated and applied to relevant inorganic and organic chemical systems. Suitable for students in any program that requires two semesters of general chemistry.
Prerequisites & Notes: CHM 1390G and 1395G, Honors, admission to the University Honors College. CHM 1495, Honors, must be taken concurrently. Credits: 3

CHM 1495 - General Chemistry Laboratory II, Honors.

(0-3-1) S. Experimental work demonstrating chemical principles and their applications. WI
Prerequisites & Notes: Admission to the University Honors College. Must be taken concurrently with CHM 1490, Honors. Credits: 1

CHM 2310 - Inorganic Chemistry I.

(3-0-3) S. Physical and chemical properties of the elements and their compounds; basic coordination chemistry; properties of solids.
Prerequisites & Notes: CHM 1410, 1415. Credits: 3

CHM 2430 - Survey of Organic Chemistry.

(3-0-3) A survey of organic compounds organized by the principal functional groups. Structure, properties, reactions, and mechanisms are included.
Prerequisites & Notes: CHM 1410, 1415. No credit toward the chemistry or biochemistry major or Track II of the chemistry minor or for students with prior credit in CHM 2440. Programs requiring CHM 2435: CHM 2435 can be taken concurrently or subsequently. Credits: 3

CHM 2435 - Survey of Organic Chemistry Laboratory.

(0-3-1) Laboratory experiments illustrating the major concepts of CHM 2430.
Prerequisites & Notes: Concurrent enrollment or prior credit in CHM 2430. No credit toward the chemistry major or Track II of the chemistry minor or for students with prior credit in CHM 2445. Credits: 1

CHM 2440 - Organic Chemistry I.

(3-0-3) The nomenclature and reactions of major types of organic compounds including alkanes, alkenes, alkynes, and alkyl halides, and aromatic compounds; conformational analysis; stereochemistry; mechanisms of organic reactions; spectroscopy of organic compounds.
Prerequisites & Notes: CHM 1410, 1415. CHM 2445 must be taken concurrently, except in summer sessions. Credits: 3

CHM 2445 - Organic Chemistry Laboratory I.

(0-3-1) An introduction to common laboratory techniques of organic chemistry. Representative reactions of alkanes, alkenes, alkynes, alkyl halides, and aromatic compounds; spectroscopy of organic compounds. WI
Prerequisites & Notes: CHM 1410, 1415; concurrent enrollment or prior credit in CHM 2440. Credits: 1

CHM 2730 - Quantitative Analysis.

(2-4-3) Theory and applications of gravimetric, volumetric, electrochemical, and spectrophotometric quantitative chemical analysis.
Prerequisites & Notes: CHM 1410 with a grade of C or better and CHM 1415. Credits: 3

CHM 2840 - Organic Chemistry II.

(3-0-3) Continued development of material from CHM 2440. Nomenclature and reactions of alcohols, ethers, epoxides, sulfides, aldehydes, ketones, amines, carboxylic acids, carboxylic acid derivatives; enolate reactions. Reaction mechanisms; spectroscopy; polymers; biological molecules.
Prerequisites & Notes: CHM 2440 with a grade of C or better and CHM 2445. Chemistry and biochemistry majors should take CHM 2845 concurrently. Credits: 3

CHM 2845 - Organic Chemistry Laboratory II.

(0-3-1) Representative reactions of alcohols, ethers, aldehydes, ketones, amines, carboxylic acids, and carboxylic acid derivatives, employing multi-step syntheses and advanced techniques, with some molecular modeling. Strong emphasis on infrared and nuclear magnetic resonance spectroscopy and gas chromatography/mass spectrometry. WI **Prerequisites & Notes:** CHM 2440, CHM 2445; concurrent enrollment or prior credit in CHM 2840. Credits: 1

CHM 3000 - Undergraduate Seminar.

(2-0-0) Audit Only. For junior chemistry and biochemistry majors. **Prerequisites & Notes:** Junior standing and completion of 15 semester hours of chemistry courses or permission of the instructor. Credits: 0

CHM 3001 - Undergraduate Seminar.

(2-0-1) A thorough literature search of a recent development in chemistry or biochemistry and presentation of a talk based on this search. For juniors. **Prerequisites & Notes:** CHM 3000. Credits: 1

CHM 3025G - The Chemistry in Your Life.

(3-0-3) This course will enable students to assess the molecular properties of chemicals commonly encountered in daily life and make judgments as to how these properties affect the behavior and functioning of these chemicals. Commercial and medicinal products such as detergents, personal care products, and prescription and over-the-counter medications will be discussed. In addition, chemical knowledge gained will be used to compare the "hype" of commercial products to their actual efficacies. No credit toward the major or minor in chemistry or biochemistry. The grade and credit hours for this course will be removed if a student already has credit for CHM 2040G. Credits: 3

CHM 3100 - Practicum in Chemistry.

(1-Arr.-1) Formal introduction to chemical safety and practical experiences in preparing and handling chemical materials, managing a chemical stockroom and assisting in a chemistry laboratory course. **Prerequisites & Notes:** CHM 2730 with a grade of C or better. Students should complete CHM 3100 prior to student teaching. Enrollment is restricted to students in the Science with Teacher Licensure program. Credits: 1

CHM 3200 - Cooperative Education in Chemistry.

(Arr.-Arr.-1 to 4) On Demand. (Credit/No Credit) Individually planned work experience in industry or government, supervised jointly by Chemistry/Biochemistry faculty and the host institution. Does not count for the chemistry or biochemistry major or minor. May be repeated once for credit. **Prerequisites & Notes:** Minimum GPA of 2.50 and minimum combined GPA in Chemistry, Physics and Mathematics of 2.50; completion of sophomore year or two semesters of organic chemistry; and permission of department chairperson. Credits: 1 to 4

CHM 3300 - Survey of Biochemistry.

(3-0-3) S. An introduction to the structure of biomolecules and their function in living cells, as well as a survey of metabolic pathways involving the breakdown and synthesis of sugars, lipids, nucleic acids, and proteins. **Prerequisites & Notes:** CHM 2430 with a minimum grade of C or CHM 2840 with a minimum grade of C. No credit for students with prior credit in CHM 3450. Credits: 3

CHM 3450 - Biochemistry I.

(3-0-3) F, S. A comprehensive introduction to the chemical structure and biochemical functions of proteins, lipids, carbohydrates, and nucleic acids and enzymology as well as an introduction to the central energy metabolic pathways of glycolysis, the tricarboxylic acid cycle, and oxidative

phosphorylation. **Prerequisites & Notes:** A grade of "C" or better in CHM 2840. Credits: 3

CHM 3455 - Biochemistry Laboratory.

(1-4-2) S. Introduction to experimentation with biochemical systems, processes, and compounds including protein purification, enzyme kinetics, and recombinant DNA techniques. **Prerequisites & Notes:** CHM 2730 and 3450 (or CHM 3300 if a Chemistry major) or instructor permission. Credits: 2

CHM 3460 - Biochemistry II.

(3-0-3) S. A continuation of CHM 3450 covering catabolic and anabolic pathways involving lipids, carbohydrates, amino acids, and nucleic acids. The regulation of metabolism and the integration of metabolic pathways will also be covered. **Prerequisites & Notes:** CHM 3450 with a grade of C or better. Credits: 3

CHM 3500 - Introduction to Chemical Research.

(1-0-1) F. (Credit/No Credit) An introduction to the ethical, safety, and public awareness aspects of research in chemistry; methods of searching for and retrieving chemical information from printed and electronic sources. **Prerequisites & Notes:** (CHM 2430, CHM2435) or (CHM 2440, 2445) or concurrent enrollment therein or 13 hours of chemistry or permission of the department chairperson. Credits: 1

CHM 3780 - Instrumental Analysis.

(2-3-3) F. Instrument design and analytical applications for the techniques of UV-visible spectrometry, fluorescence spectrometry, flame photometry, atomic absorption spectrometry, polarography, coulometry, HPLC, and gas chromatography. WI **Prerequisites & Notes:** CHM 2730. Credits: 3

CHM 3910 - Chemical Thermodynamics and Kinetics.

(3-0-3) F. A study of the principles governing chemical change, including thermodynamics and kinetics. **Prerequisites & Notes:** Prior completion of or concurrent enrollment in CHM 2730, MAT 2442, PHY 1361 and 1362. Note: Prior completion of requisite MAT and PHY courses strongly recommended. Credits: 3

CHM 3915 - Physical Chemistry Laboratory.

(1-4-2) S. Experimental investigation of the thermodynamic and kinetic behavior of several chemical systems. WI **Prerequisites & Notes:** CHM 3910 with grade of C or better. Credits: 2

CHM 3920 - Quantum Chemistry.

(3-0-3) S. Introduction to the principles of quantum mechanics and their application to atoms, molecules, chemical bonding, and statistical thermodynamics. **Prerequisites & Notes:** CHM 2730 (or concurrent enrollment therein); PHY 1361 and 1362; MAT 2442. Credits: 3

CHM 3940 - Computer Programming in Chemistry.

(1-3-2) S. Techniques in FORTRAN programming, data manipulation, curve fitting, numerical methods and computer graphics are developed with emphasis on applications in chemistry. **Prerequisites & Notes:** CHM 3910 or permission of instructor. Credits: 2

CHM 4000 - Undergraduate Seminar.

(2-0-0) Audit only. For seniors. **Prerequisites & Notes:** CHM 3001. Credits: 0

CHM 4001 - Undergraduate Seminar.

(2-0-1) A thorough literature search of a recent development in chemistry or biochemistry and the presentation of a talk based on this search. For seniors. **Prerequisites & Notes:** CHM 4000. Credits: 1

CHM 44001 - Undergraduate Research I.

(Arr.-Arr.-1-3) Laboratory or theoretical research in which the student works under the supervision of a faculty member. A written report is required. May be repeated once for credit and must be repeated prior to taking CHM 44002. **Prerequisites & Notes:** CHM 3500 or concurrent enrollment therein. Cumulative GPA of at least 2.50 (2.00 for chemistry majors with senior standing); permission of the instructor and department chairperson. A maximum of 3 semester hours from Undergraduate Research courses may be used toward chemistry or biochemistry major or minor requirements. Credits: 1 to 3

CHM 44002 - Undergraduate Research II.

(Arr.-Arr.-1-3) Laboratory or theoretical research in which the student works under the supervision of a faculty member. A written report is required. May be repeated once for credit and must be repeated prior to taking CHM 44003. **Prerequisites & Notes:** CHM 3500 and two semesters of CHM 44001. Cumulative GPA of at least 2.50 (2.00 for chemistry majors with senior standing); permission of the instructor and department chairperson. A maximum of 3 semester hours from Undergraduate Research courses may be used toward chemistry or biochemistry major or minor requirements. Credits: 1 to 3

CHM 44003 - Undergraduate Research III.

(Arr.-Arr.-1-3) Laboratory or theoretical research in which the student works under the supervision of a faculty member. A written report is required. May be repeated once for credit and must be repeated prior to taking CHM 44004. **Prerequisites & Notes:** Two semesters of CHM 44002. Cumulative GPA of at least 2.50 (2.00 for chemistry majors with senior standing); permission of the instructor and department chairperson. A maximum of 3 semester hours from Undergraduate Research courses may be used toward chemistry or biochemistry major or minor requirements. Credits: 1 to 3

CHM 44004 - Undergraduate Research IV.

(Arr.-Arr.-1-3) Laboratory or theoretical research in which the student works under the supervision of a faculty member. A written report is required. May be repeated once for credit. **Prerequisites & Notes:** Two semesters of CHM 44003. Cumulative GPA of at least 2.50 (2.00 for chemistry majors with senior standing); permission of the instructor and department chairperson. A maximum of 3 semester hours from Undergraduate Research courses may be used toward chemistry or biochemistry major or minor requirements. Credits: 1 to 3

CHM 44101 - Independent Study I.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of an instructor. May not be repeated. **Prerequisites & Notes:** Permission of the department chairperson and instructor. A maximum of three semester hours credit from Independent Studies courses may be applied to the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44102 - Independent Study II.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of an instructor. May not be repeated. **Prerequisites & Notes:** Permission of the department chairperson and instructor. A maximum of three semester hours credit from Independent Studies courses may be applied to the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44103 - Independent Study III.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of an instructor. May not be repeated. **Prerequisites & Notes:** Permission of the department chairperson and instructor. A maximum of three semester hours credit from Independent Studies courses may be applied to the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44104 - Independent Study IV.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of an instructor. May not be repeated. **Prerequisites & Notes:** Permission of the department chairperson and instructor. A maximum of three semester hours credit from Independent Studies courses may be applied to the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44441 - Honors Independent Study I.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of the instructor and the departmental honors coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. A maximum of three semester hours credit of Honors Independent Study may be applied to Departmental Honors and the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44442 - Honors Independent Study II.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of the instructor and the departmental honors coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. A maximum of three semester hours credit of Honors Independent Study may be applied to Departmental Honors and the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44443 - Honors Independent Study III.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of the instructor and the departmental honors coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. A maximum of three semester hours credit of Honors Independent Study may be applied to Departmental Honors and the major in chemistry or biochemistry. Credits: 1 to 3

CHM 44444 - Honors Independent Study IV.

(Arr.-Arr.-1-3) Intensive individual study on a topic in chemistry selected by the student under the supervision of the instructor and the departmental honors coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. A maximum of three semester hours credit of Honors Independent Study may be applied to Departmental Honors and the major in chemistry or biochemistry. Credits: 1 to 3

CHM 45551 - Honors Research I.

(Arr.-Arr.-1-3) Research into an experimental or theoretical aspect of modern chemistry undertaken with close supervision of an honors faculty member. Written report required. May be repeated once for credit and must be repeated prior to taking CHM 45552. Note: Two semester hours are required of students in the Departmental Honors Program. A maximum of three additional semester hours credit from Honors Research courses may be applied to Departmental Honors and the major in chemistry or biochemistry. **Prerequisites & Notes:** CHM 3500 or concurrent enrollment therein. Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. Credits: 1 to 3

CHM 45552 - Honors Research II.

(Arr.-Arr.-1-3) Research into an experimental or theoretical aspect of modern chemistry undertaken with close supervision of an honors faculty member. Written report required. May be repeated once for credit. Two semester hours of CHM 45551 is required for

Departmental Honors Program. A maximum of three additional semester hours credit from Honors Research courses may be applied to Departmental Honors and the major in chemistry or biochemistry. **Prerequisites & Notes:** Two semesters of CHM 45551. Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. Credits: 1 to 3

CHM 45553 - Honors Research III.

(Arr.-Arr.-1-3) Research into an experimental or theoretical aspect of modern chemistry undertaken with close supervision of an honors faculty member. Written report required. May be repeated once for credit. Two semester hours of CHM 45551 is required for Departmental Honors Program. A maximum of three additional semester hours credit from Honors Research courses may be applied to Departmental Honors and the major in chemistry or biochemistry. **Prerequisites & Notes:** Two semesters of CHM 45552. Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. Credits: 1 to 3

CHM 4644 - Honors Thesis.

(Arr.-Arr.-3) Written thesis and oral presentation based upon a survey of the chemical literature and student's original research under close supervision of a chemistry honors faculty member. Required of students in the Departmental Honors Program. May not be repeated. **Prerequisites & Notes:** A minimum of two credit hours in CHM 45551; admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson, and instructor. Credits: 3

CHM 4666 - Honors Seminar.

(1-0-1) On Demand. Directed reading and group discussion of advanced topics from a variety of sources including both classical and recent chemical research papers. Required of students in the Departmental Honors Program. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator, chairperson and instructor. Credits: 1

CHM 4750 - Environmental Chemistry.

(3-0-3) On Demand. The chemistry of environmental processes and chemical contaminants in the hydrosphere, atmosphere, and biosphere; the impact of energy generation on the global environment; the toxicology of specific chemical compounds. **Prerequisites & Notes:** CHM 2730; CHM 2430 or CHM 2840. Credits: 3

CHM 4770 - Molecular Spectroscopy.

(0-6-2) On Demand. Application of spectroscopic techniques to study molecular structures, properties and dynamics. Methods used include vibrational and rotational spectroscopy, laser spectroscopy, and computational techniques. **Prerequisites & Notes:** CHM 3915 (with a grade of C or better) and CHM 3920; or permission of instructor. Credits: 2

CHM 4790 - Medicinal Chemistry.

(3-0-3) On Demand. Basic principles of pharmacology, drug-receptor interaction, physiochemical properties as related to biological activity; synthesis of medicinally important molecules including strategic considerations. **Prerequisites & Notes:** CHM 2840 or permission of instructor. Credits: 3

CHM 4800 - Selected Topics in Chemistry.

(Arr.-Arr.-1 to 4) On Demand. A course in a selected area of chemistry. May be repeated once for credit if a different topic is taught. **Prerequisites & Notes:** Variable depending on topic. Credits: 1 to 4

CHM 4860 - Advanced Biochemistry.

(3-0-3) F. Topics may include protein structure and function, enzyme mechanisms, transcription, DNA replication, regulation of DNA expression, and cellular signaling pathways. **Prerequisites & Notes:** CHM 3460 or 3450 with instructor permission. Credits: 3

CHM 4900 - Inorganic Chemistry II.

(3-0-3) F. Bonding, structures, and reactivity of inorganic, organometallic, and bioinorganic compounds. **Prerequisites & Notes:** HM 2310 with a grade of C or better; CHM 3910 (or concurrent enrollment therein). Credits: 3

CHM 4915 - Advanced Laboratory.

(1-6-3) S. An interdisciplinary laboratory course featuring experiments in inorganic, organic, and organometallic chemistry. Experiments will emphasize advanced techniques of chemical research, including the synthesis and characterization of important classes of inorganic, organic, and organometallic compounds. **Prerequisites & Notes:** CHM 2840, 2845, 3780, and 4900. Prior completion of CHM 3915 recommended. Credits: 3

Clinical Laboratory Science (CLS)

CLS 4000 - Clinical Chemistry I.

(4 to 6) Theory and practice of analytical biochemistry as applied to pathologic states, methodology, and instrumentation. Mathematics and statistics involved in reagent preparation, result determination and quality control are included. Credits: 4 to 6

CLS 4005 - Clinical Chemistry II.

(2 to 5) Theory and practice of analytical biochemistry as applied to urine and body fluids, including specialized tests for drugs and endocrine functions. Credits: 2 to 5

CLS 4010 - Clinical Hematology.

(4 to 6) Study of the origin, development, morphology, physiology, and pathophysiology of the formed elements of the blood and bone marrow. Manual and automated hematological procedures used in diagnosis of diseases are included. Credits: 4 to 6

CLS 4020 - Clinical Hemostasis.

(1 to 2) Study of the platelet, vascular, coagulation, and fibrinolytic systems related to disease states and therapeutic monitoring. Credits: 1 to 2

CLS 4030 - Clinical Immunohematology.

(3 to 5) Study of red cell antigen-antibody systems, antibody screening and identification, compatibility testing, and immunopathologic conditions. Donor requirements and blood component preparation and theory are included. Credits: 3 to 5

CLS 4040 - Clinical Immunology.

(2 to 3) Study of the protective and adverse aspects of cellular and humoral immune responses. Theory, test procedures based on antigen-antibody reactions, and analysis of clinical significance of test results are included. Credits: 2 to 3

CLS 4050 - Clinical Microbiology I.

(5 to 6) Theory and practice of the isolation and identification of pathogenic bacteria and myco-bacteria through culture specificity, morphology, biochemical and/or serological reactions, and drug susceptibility. Clinical testing is related to disease states. Credits: 5 to 6

CLS 4055 - Clinical Microbiology II.

(2 to 3) Theory and practice of the isolation and identification of fungi, animal parasites, rickettsia, and viruses, utilizing

morphological, cultural, biochemical, and serological methods. Clinical testing is related to disease states and epidemiology. Credits: 2 to 3

CLS 4060 - Special Topics in Clinical Laboratory Science.

(1 to 2) Overview of medical ethics, patient approach, theory and practice of phlebotomy techniques, laboratory safety, applications of laboratory computer systems, and clinical research methods. Credits: 1

CLS 4070 - Clinical Management and Education.

(1) A basic introduction to the principles and theory of management and education as related to the clinical laboratory. The special responsibilities of the clinical laboratory scientist in management and education are addressed. Credits: 1

Communication Disorders and Sciences (CDS)

CDS 2000 - Introduction to Communication Disorders & Sciences.

(1-0-1) F, S. An overview of the profession, scope of practice, work settings, research applications to clinical practice, and impact of communication disorders. Topics will be addressed using interactive seminar format with portfolio assessment. WI Credits: 1

CDS 2100 - Phonetics and Phonological Development.

(3-1-3) S. A study of the physiologic and acoustic bases of phonemes in the English language. The course will include transcription skills of the International Phonetic Alphabet. This course develops an understanding of normal, culturally different and disordered phonological systems through the lifespan. Credits: 3

CDS 2200 - Language Acquisition.

(3-0-3) The course will cover theoretical foundation for defining language, the major components of language and normal acquisition sequences from infant precursors through early childhood and adolescence. Patterns of normal acquisition as a guide for evaluation of developmental disorders are presented. Credits: 3

CDS 2500 - Anatomy and Physiology of the Speech, Language, Swallowing, and Hearing Mechanism.

(3-0-3) F. Study of the basic neurological, anatomical and physiological processes of speech, language, swallowing and hearing. Credits: 3

CDS 2800 - Speech and Hearing Science.

(3-0-3) S. Application of basic acoustic and physiologic information to normal voice and speech production, involving respiration, phonation, resonance and articulation. **Prerequisites & Notes:** Concurrent or previous enrollment in PHY 1071 & PHY 1072, or permission of the department chair. Credits: 3

CDS 3100 - Phonological Assessment and Remediation.

(3-0-3) F. Study of the diagnostic evaluation and intervention techniques for functional phonological disorders. Assessment and remediation procedures include options within phonological rule-based and traditional motor-production approaches. **Prerequisites & Notes:** Admission to the major, CDS 2100. Credits: 3

CDS 3200 - Developmental Language Disorders.

(3-0-3) F. Study and application of the causes of language disorders and the assessment and intervention strategies applied to language disordered children in early, middle, or later stages of language development in both major and minority cultures.

Prerequisites & Notes: Admission to the major, CDS 2200; or permission of the chair. Credits: 3

CDS 3300 - Sign Language and Deaf Culture.

(2-0-2) S. This course introduces students to varied forms of manual communication (e.g., signed English, American Sign Language, Cued Speech) and Deaf Culture. Students will develop accuracy and fluency with receptive and expressive signing skills, including basic vocabulary and simple conversation, and apply concepts to use with individuals with communication disorders. **Prerequisites & Notes:** Admission to the Communication Disorders & Sciences major or minor. Credit will not be granted for both CDS 3300 and CDS 4810. **Note: This course replaces CDS 4810, effective Spring 2022.** Credits: 2

CDS 3500 - Neurological/Embryological Aspects of Communication.

(3-0-3) S. Study of the neurological and embryological process of human communication. **Prerequisites & Notes:** Admission to the major, CDS 2500, or permission of the Chair. Credits: 3

CDS 3666 - Honors Research Methods in Communication Disorders and Sciences.

(3-0-3) F. Introduction to research methods as well as reading and critiquing research articles in Communication Disorders and Sciences. Includes directed reading and discussion of topics leading to development of an original research plan for the Honors Thesis. **Prerequisites & Notes:** Admission to the Department Honors Program in Communication Disorders and Sciences and permission of the department honors coordinator and department chair. Credit will not be granted for both CDS 3666 and CDS 4666. Credits: 3

CDS 3700 - Diagnosis and Treatment of Communication Disorders.

(3-0-3) F. Study of general diagnostic principles and techniques including case history development and speech mechanism exams, general treatment principles and paradigms, and clinical report writing. **Prerequisites & Notes:** Prior completion or concurrent enrollment in CDS 3100, CDS 3200; Admission to the Communication Disorders and Sciences major. Credits: 3

CDS 3900 - Introduction to Clinical Techniques in Communication Disorders and Sciences.

(2-0-2) F, S. An introduction to a variety of methodologies used in the management of communication disorders. This course will include both lecture and small group discussion of video clips demonstrating the methodologies covered in lecture. Students will shadow a clinician to prepare them for future clinical practicum assignments. Students will complete 25 hours of pre-clinical observation required by the American Speech-Language-Hearing Association. Course restricted to CDS majors. This course is graded A, B, C, N/C. **Prerequisites & Notes:** Admission to the major and prior completion of CDS 3100, 3200, and 3700. Course may not be repeated. Credits: 2

CDS 4300 - Introduction to Audiology.

(3-0-3) F. The purpose of this course is to provide an overview of audiologic assessment and associated hearing disorders and to review the necessary hearing science principles. **Prerequisites & Notes:** Admission to the major, CDS 2500 and 2800; or permission of the Department Chair. Credits: 3

CDS 4350 - Aural Rehabilitation.

(3-0-3) S. To acquire knowledge concerning hearing impairment and its impact on speech and language characteristics of children and adults. The student will learn tests and techniques which are fundamental to the rehabilitation and management of the hearing impaired person. Credits: 3

CDS 4600 - Seminar in Communication Disorders and Sciences.

(3-0-3) F, S. A case study format is used to explore the etiology, diagnosis, and treatment of speech, language, and hearing disorders. The focus of this course is on the use of critical thinking skills and evidence-based practice information to design diagnostic plans, interpret diagnostic results and develop treatment plans. The course will allow students to integrate and apply information from numerous university and departmental undergraduate learning goals in this capstone experience. WI **Prerequisites & Notes:** Completion of CDS 3100, 3200, and 3700; and completion of or concurrent enrollment in CDS 3900 and 4300. Open only to Senior CDS majors. Course may not be repeated. Credits: 3

CDS 4644 - Honors Thesis.

(Arr.-Arr.-3) (Replaces six semester hours of electives.) (May be repeated once to a maximum of six semester hours). Original research in speech, language, or hearing science. A written report and oral presentation are required. WI **Prerequisites & Notes:** Prior completion of CDS 3666 or 4666 or concurrent enrollment in CDS 3666; Admission to the Department Honors Program in Communication Disorders and Sciences and permission of the department honors coordinator and department chair. Credits: 3

CDS 4690 - Honors Seminar in Communication Disorders and Sciences.

(3-1-3) F, S. Students explore the etiology, diagnosis, and treatment of speech, language, and hearing disorders through case studies. This capstone experience emphasizes use of critical thinking and evidence-based practice to design diagnostic plans, interpret diagnostic results, and develop treatment plans. The honors lab requires students to compare and contrast clinical and research methods; consider research ethics, and analyze, interpret, and present data. **Prerequisites & Notes:** Admission to the Departmental Honors Program and completion of CDS 3100, 3200, 3666, 3700, and PSY 2610 or BUS 2810, or MAT 2250; and completion of or current enrollment in CDS 3900 and CDS 4300. Credit will not be granted for both CDS 4690 and CDS 4600. Course may not be repeated. Credits: 3

CDS 4815 - Augmentative and Alternative Communication.

(2-1-2) S. Course will provide information on alternative and augmentative communication systems (AAC) for individuals with severe communication disorders. Students will gain mastery of knowledge and skills necessary for assessment and treatment of individuals who use AAC. Students will also gain operational competence and have hands on practice with a variety of AAC systems. Course restricted to Communication Disorders & Sciences majors. **Prerequisites & Notes:** CDS 3100, 3200, and 3700. Credits: 2

CDS 4850 - Independent Study.

(Arr.-Arr.-1 to 6) (May be repeated once to maximum of six semester hours.) Independent directed study in speech, language, or hearing processes or disorders. **Prerequisites & Notes:** Admission to major and permission of department chair. Credits: 1 to 6

CDS 4900 - Clinical Practice.

(Arr.-Arr.-1) F, S. (Credit/No Credit) Supervised work with persons with a communication disorder. **Prerequisites & Notes:** Admission to the major, CDS 3100, 3200, 3700, 3900; a major GPA of 2.75 and a cumulative GPA of 2.50; or permission of the department chairperson. May be repeated for a maximum of 2 semester hours with permission of the Department Chair. This course is available during Summer Session only with permission of the department chair. Credits: 1

Communication Studies (CMN)

CMN 1310G - Introduction to Speech Communication.

(3-0-3) (Graded A, B, C, N/C) Fundamental principles of selecting, analyzing, evaluating, organizing, developing, and communicating information, evidence, and points of view orally. The course includes instruction in techniques of listening and informative, persuasive, and reactive speaking. Note: A grade of 'C' or better in ENG 1001G, ENG 1002G, and CMN 1310G or in accepted substitutions is a requirement for the Bachelor's degree at Eastern as well as a General Education requirement. C2 900 Credits: 3

CMN 1390G - Introduction to Speech Communication, Honors.

(3-0-3) (Graded A, B, C, N/C) Fundamental principles of selecting, analyzing, evaluating, organizing, developing and communicating information, evidence, and points of view orally. The course includes techniques of listening and informative, persuasive, and reactive speaking. C2 900 **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

CMN 1500 - Television & Video Development.

(1-0-1) On Demand. This course focuses on the development process of both the creation of television and video content as well as that of the individual producer. Students will learn about the industry, future careers, the resources and opportunities available at EIU, pre-production formats (scripts, storyboard, pitches), the narrative structure, logistics, and types of productions. This course prepares students for navigating productions, a major or minor in media, and their profession after graduation. Credits: 1

CMN 2010 - Introduction to Communication Theories.

(3-0-3) On Demand. A survey of communication theories in rhetorical, public, interpersonal, organizational, and mediated contexts. Credits: 3

CMN 2040 - Argumentation and Critical Thinking.

(3-0-3) On Demand. The course is a study of how to build, critique, and adapt arguments within a climate of disagreement. Practice in gathering and evaluation of evidence, selection and evaluation of reasoning, and the production, criticism and refinement of both oral and written arguments. Credits: 3

CMN 23751 - Practical Experience I.

(Arr.-Arr.-1) F. This course gives students practical experience in communication practices in an organizational setting. **Prerequisites & Notes:** The course is restricted to majors and minors in the Department of Communication Studies. May be repeated once for a combined maximum credit of 4 semester hours in practical experience. Credits: 1

CMN 23752 - Practical Experience II.

(Arr.-Arr.-1) F. This course gives students practical experience in communication practices in an organizational setting. **Prerequisites & Notes:** The course is restricted to majors and minors in the Department of Communication Studies. May be repeated once for a combined maximum credit of 4 semester hours in practical experience. Credits: 1

CMN 23753 - Practical Experience III.

(Arr.-Arr.-1) F. This course gives students practical experience in communication practices in an organizational setting. **Prerequisites & Notes:** The course is restricted to majors and minors in the Department of Communication Studies. May be repeated once for a combined maximum credit of 4 semester hours in practical experience. Credits: 1

CMN 23754 - Practical Experience IV.

(Arr.-Arr.-1) F. This course gives students practical experience in communication practices in an organizational setting.

Prerequisites & Notes: The course is restricted to majors and minors in the Department of Communication Studies. May be repeated once for a combined maximum credit of 4 semester hours in practical experience. Credits: 1

CMN 2500 - Production I.

(2-2-3) On Demand. This production-centered course teaches the foundational elements of visual storytelling through video, television, and film. These foundational elements include narrative construction, visual composition, genre aesthetics, visual brand development, characterization, and non-linear editing in order to communicate a unified message through video, audio, and graphics. Credits: 3

CMN 2520 - Introduction to Mass Communication.

(3-0-3) On Demand. This course provides a survey of the current media landscape including television, radio, film, mobile communication, recorded music, and new media. The course examines the historical context for and theoretical perspectives of electronic and emergent media in the 20th and 21st centuries. Additionally, the course traces the interrelated nature of the media industry and producers, mediated messages, and audiences to examine how these changing relationships impact the mediated landscape. No print journalism covered. Credits: 3

CMN 2550 - Audio Production & Voice Work I.

(2-2-3) On Demand. This audio production course focuses on symbolic practices through sound for the purposes of radio, television, video, and film. Students will learn the scripting, production, and non-linear editing of audio content, storytelling through sound, broadcast announcing and vocal delivery techniques, and recording and integrating audio into video. MC 918 **Prerequisites & Notes:** CMN 2500. Credits: 3

CMN 2630 - Introduction to Interpersonal Communication.

(3-0-3) On Demand. This course surveys theory and research related to interpersonal communication. The course focuses on effectively managing personal and professional relationships, including family, friend, romantic and workplace relationships. Students are exposed to principles of human communication with special emphasis placed on critical thinking as a tool for improving everyday communication skills. The course's format consists of lectures, group discussions, experiential activities, and written assignments that require students' active involvement. Credits: 3

CMN 2650 - Introduction to Organizational Communication.

(3-0-3) This course includes basic theories, structures and functions of communication in business and professional settings. It also includes effective leadership, decision making, and management of communication techniques. Credits: 3

CMN 2920 - Introduction to Public Relations.

(3-0-3) On Demand. This course surveys the history, growth and practice of public relations while also addressing major contemporary issues facing practitioners today. It introduces students to the basic concepts and principles of the practice, focusing on approaches, uses, tools, and methods. The course provides students with the foundation necessary to be successful in the field and understand current trends in the profession and academic discipline. Credits: 3

CMN 2990 - Introduction to Rhetorical Studies.

(3-0-3) On Demand. Through the study of the rhetorical tradition, this course offers students the analytical tools to dissect persuasive and communicative public messages within the contexts of diversity and difference, and discover the limitations of

those messages and the realities they create. A limit of 3 hours may be applied to a major or minor. Credits: 3

CMN 3000 - Communication Research Methods.

(3-0-3) On Demand. This course introduces students to research methods in Communication Studies. It surveys the major approaches to communication data collection using quantitative and qualitative research methods. Students will become familiar with the research process by reviewing literature, collecting and analyzing data, and using APA style to write up research reports and/or textual analysis. WI Credits: 3

CMN 3020 - Public Relations Research, Evaluation, and Measurement.

(3-0-3) On Demand. This course surveys the major approaches to data collection and analysis found in the contemporary practice of public relations. It includes an examination of the primary qualitative and quantitative methods used in public relations and how practitioners use data to inform their strategic choices. The course provides students with the foundation necessary to understand public relations research and explains its importance in strategic message creation, monitoring public relations programs, and the evaluation of message effectiveness. Credits: 3

CMN 3030 - Promotional Communication.

(3-0-3) On Demand. Study of communication principles and skills in applied contexts. Use and implications of new technologies for communication practitioners are addressed. Skills emphasized include the design, creation, and integration of visual communication in presentations, online/web format and in print, as well as project management. A limit of 3 hours may be applied to a major or minor. Credits: 3

CMN 3050 - Production II.

(1-4-3) On Demand. This intermediate course extends upon the skills and concepts of television, video, and film production as introduced in Production I. Students refine their visual storytelling abilities through a series of creative, persuasive, and reality-based production projects with a special emphasis on visual composition, directing, audio, characterization, and refinement in post-production. **Prerequisites & Notes:** CMN 2500. Credits: 3

CMN 3075 - Television Studio Production.

(1-4-3) On Demand. This television production course focuses on developing, writing, producing, performing in, directing, and filming multi-camera television productions and live studio broadcasts. Students will develop and produce original actuality-based and scripted programming in a variety of studio television genres (ex: late night, talk shows, sketch) in the WEIU television studio on the floor, in the booth, and on camera. **Prerequisites & Notes:** CMN 2500. Credits: 3

CMN 3100 - Persuasion.

(3-0-3) On Demand. This class will study symbolic communication intended to influence beliefs, attitudes, values, and behaviors. The course will focus on the critical assessment of persuasive messages, with additional attention to the theories and research behind persuasive message construction. Credits: 3

CMN 3210 - Rhetorics of Protest, Movement, and Resistance.

(3-0-3) On Demand. Focused on western rhetorics of resistance from the 19th Century to the present, this course offers a survey of "texts" including speeches, manifestos, poetry, music, photographs, embodied protests, films, documentaries, websites, and coercive actions in an effort to analyze the rhetorical nature of social movement and change. WI Credits: 3

CMN 3220 - Rhetoric of Race and Class.

(3-0-3) On Demand. This course examines the relationship between communication, race, and ethnicity in public discourse. Students will study rhetorical constructions of race and ethnicity and the ways in which those constructions embody and respond to social relations and power. WI Credits: 3

CMN 3230 - Advanced Public Speaking.

(3-0-3) On Demand. Principles and techniques of audience analysis, topic analysis and preparation, communication theories, and performance and evaluation. **Prerequisites & Notes:** CMN 1310G or CMN 1390G. Credits: 3

CMN 3240 - Religion in the American Public Sphere.

(3-0-3) On Demand. This course will explore the intersection of religion and public discourse in the political, social, and cultural spheres of the United States. The course will examine the extent to which religious ideas and language influence our collective identities and our ability to conceptualize various social, cultural, political, and ethical issues. WI Credits: 3

CMN 3270 - Communication and Popular Culture.

(3-0-3) On Demand. This course will examine texts normally not thought of as persuasive in an effort to examine how popular culture, as manifested through various forms of discourse, exerts influence on various audiences. WI Credits: 3

CMN 3300 - Interviewing.

(3-0-3) On Demand. This writing intensive course is designed for students to become thoroughly knowledgeable in the process of interviewing in various contexts. Students will engage in projects related to each context and demonstrate expertise via several interview projects and major research papers. WI Credits: 3

CMN 3470 - Small Group Communication.

(3-0-3) On Demand. This course covers the definition, structure, and functions of small groups. It examines theories and processes of communication that occur in formal and informal groups in professional, civic, and other contexts. Special attention is paid to the ways in which communication in small groups relates to critical and analytical thinking in small group decision making and problem solving, diversity in small groups, roles and leadership in small groups, and oral presentations in small groups. A limit of 3 hours may be applied to a major or minor. Credits: 3

CMN 3520 - Audio Production & Voice Work II.

(1-4-3) On Demand. This advanced production course focuses on sound projects for various broadcast and narrowcast media. Centered around radio production, but with multiple video-integrated audio projects, the course examines the symbolic practices in audio broadcasting structures and programming, long-form interview and storytelling, and expert voice work for a variety of radio, televisual, and filmic situations. **Prerequisites & Notes:** CMN 2550. Credits: 3

CMN 3530 - Film Communication.

(3-2-4) Film as the expression of the performers, producers, directors, writers, and technicians. Critical discussion of film theory, history, and criticism. WI Credits: 4

CMN 3540 - Production III.

(1-4-3) On Demand. Students learn to communicate visually with advanced camera, lighting, and editing techniques. Students will study and create a variety of digital media projects for film, TV, and the web. **Prerequisites & Notes:** CMN 3050. Credits: 3

CMN 3560 - International Communication.

(3-0-3) On Demand. Examines cultural, social, political, economic, and regulatory dimensions of international communication media: topics include nation, nationalism, culture, and communication; comparative studies of international media systems; communication and development; international relations, diplomacy, and the media; the rise of global culture; cultural autonomy and globalization. **Prerequisites & Notes:** CMN 2520. Credits: 3

CMN 3570A - Topics in Media History I.

(3-0-3) On Demand. Topics in Media History provides an in-depth study of the history of one particular medium (e.g. film, radio, television, or the internet). It will cover the development of media technology, the structure of media institutions and their regulation, and the social and cultural significance of these media. **Prerequisites & Notes:** May be repeated once when topics vary. Credits: 3

CMN 3570B - Topics in Media History II.

(3-0-3) On Demand. Topics in Media History provides an in-depth study of the history of one particular medium (e.g. film, radio, television, or the internet). It will cover the development of media technology, the structure of media institutions and their regulation, and the social and cultural significance of these media. **Prerequisites & Notes:** May be repeated once when topics vary. Credits: 3

CMN 3570D - Topics in Media History III.

(3-0-3) On Demand. Topics in Media History provides an in-depth study of the history of one particular medium (e.g. film, radio, television, or the internet). It will cover the development of media technology, the structure of media institutions and their regulation, and the social and cultural significance of these media. **Prerequisites & Notes:** May be repeated once when topics vary. Credits: 3

CMN 3640 - Advanced Interpersonal Communication.

(3-0-3) On Demand. This course is designed to provide advanced understandings of interpersonal communication. Major theories and research findings are utilized to explain personal and professional interactions in multiple interpersonal contexts. Particular attention is given to communication with family, friends, romantic partners, and in the workplace. **Prerequisites & Notes:** CMN 2630 (Cannot be taken concurrently.) Credits: 3

CMN 3650 - Case Studies in Organizational Communication.

(3-0-3) On Demand. This course examines key issues in Organizational Communication through an analysis of case studies. Students will apply various theories of Organizational Communication to real-life (or real-life inspired) cases from contemporary organizational settings. **Prerequisites & Notes:** CMN 2650. Credits: 3

CMN 3660 - Communication and Conflict Management.

(3-0-3) On Demand. This course examines the nature of interpersonal conflict, its causes and consequences. The focus is on application of communication theories and research that illuminate why people behave as they do in conflict. (3-0-3) On Demand. Social media offer many opportunities and challenges for organizations. This seminar surveys current practices and challenges of strategic social media communication in public relations. Students will learn how to plan, implement, and evaluate social media communication and plan for an organization using different social media channels. In addition, students will learn how to use the diverse functions of social media management platforms and tools. Credits: 3

CMN 40001 - Independent Study I.

(Arr.-Arr.-3) On Demand. Consideration of special problems in communication and communication education. Student presents individual study plan for researching history, theory, and/or practice of oral communication. **Prerequisites & Notes:** Permission of the chair and 2.75 grade-point average. May be repeated once for credit, but only six hours of credit in any combination of CMN 4000, 4275 and 4375 may be counted for a single option. Credits: 3

CMN 40002 - Independent Study II.

(Arr.-Arr.-3) On Demand. Consideration of special problems in communication and communication education. Student presents individual study plan for researching history, theory, and/or practice of oral communication. **Prerequisites & Notes:** Permission of the chair and 2.75 grade-point average. May be repeated once for credit, but only six hours of credit in any combination of CMN 4000, 4275 and 4375 may be counted for a single option. Credits: 3

CMN 4030A - Seminar I.

(3-0-3) On Demand. Seminar in topics which are not covered in the course offerings of the Department of Communication Studies. More than one section in more than one topic possible each semester. May be repeated once when topics vary. A maximum of six hours of CMN 4030 may count toward the major. Credits: 3

CMN 4030B - Seminar II.

(3-0-3) On Demand. Seminar in topics which are not covered in the course offerings of the Department of Communication Studies. More than one section in more than one topic possible each semester. May be repeated once when topics vary. A maximum of six hours of CMN 4030 may count toward the major. Credits: 3

CMN 4030D - Seminar III.

(3-0-3) On Demand. Seminar in topics which are not covered in the course offerings of the Department of Communication Studies. More than one section in more than one topic possible each semester. May be repeated once when topics vary. A maximum of six hours of CMN 4030 may count toward the major. Credits: 3

CMN 4030E - Seminar IV.

(3-0-3) On Demand. Seminar in topics which are not covered in the course offerings of the Department of Communication Studies. More than one section in more than one topic possible each semester. May be repeated once when topics vary. A maximum of six hours of CMN 4030 may count toward the major. Credits: 3

CMN 42751 - Internship I.

(Arr.-Arr.-1-12) On Demand. (Credit/No Credit) On-the-job experience in a firm or organization approved by the department. **Prerequisites & Notes:** 12 hours of CMN courses, permission of internship director, acceptance by firm, and a cumulative 2.75

G.P.A., or 3.0 within the major. To be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once for credit, but only six hours of credit in any combination of CMN 40001 or 40002, 4275 and 4375 may be counted for a single option. Credits: 1 to 12

CMN 42752 - Internship II.

(Arr.-Arr.-1-12) On Demand. (Credit/No Credit) On-the-job experience in a firm or organization approved by the department. **Prerequisites & Notes:** 12 hours of CMN courses, permission of internship director, acceptance by firm, and a cumulative 2.75 G.P.A., or 3.0 within the major. To be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once for credit, but only six hours of credit in any combination of CMN 40001 or 40002, 4275 and 4375 may be counted for a single option. Credits: 1 to 12

CMN 42753 - Internship III.

(Arr.-Arr.-1-12) On Demand. (Credit/No Credit) On-the-job experience in a firm or organization approved by the department. **Prerequisites & Notes:** 12 hours of CMN courses, permission of internship director, acceptance by firm, and a cumulative 2.75 G.P.A., or 3.0 within the major. To be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once for credit, but only six hours of credit in any combination of CMN 40001 or 40002, 4275 and 4375 may be counted for a single option. Credits: 1 to 12

CMN 42754 - Internship IV.

(Arr.-Arr.-1-12) On Demand. (Credit/No Credit) On-the-job experience in a firm or organization approved by the department. **Prerequisites & Notes:** 12 hours of CMN courses, permission of internship director, acceptance by firm, and a cumulative 2.75 G.P.A., or 3.0 within the major. To be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once for credit, but only six hours of credit in any combination of CMN 40001 or 40002, 4275 and 4375 may be counted for a single option. Credits: 1 to 12

CMN 43751 - Practicum I.

(Arr.-Arr.-1-3) On Demand. (Credit/No Credit) Students apply communication skills in a leadership and supervisory role. **Prerequisites & Notes:** 12 hours of CMN courses, permission of instructor, permission of chair, 2.75 cumulative G.P.A. or cumulative 3.0 SPC G.P.A. Minimum of 40 contact hours for each semester hour of credit. May be repeated once for credit, but only six hours of credit in any combination of CMN 4000, 4275 and 4375 may be counted for a single option. Credits: 1 to 3

CMN 43752 - Practicum II.

(Arr.-Arr.-1-3) On Demand. (Credit/No Credit) Students apply communication skills in a leadership and supervisory role. **Prerequisites & Notes:** 12 hours of CMN courses, permission of instructor, permission of chair, 2.75 cumulative G.P.A. or cumulative 3.0 SPC G.P.A. Minimum of 40 contact hours for each semester hour of credit. May be repeated once for credit, but only six hours of credit in any combination of CMN 4000, 4275 and 4375 may be counted for a single option. Credits: 1 to 3

CMN 4420 - Mass Media Advertising-Sales.

(3-0-3) On Demand. A study of theory, ethics, and legal implications of mass media advertising to include analysis of marketing problems and the role of advertising in their solution. **Prerequisites & Notes:** CMN 2520, or permission of Instructor. Credits: 3

CMN 44441 - Honors Independent Study I.

(Arr.-Arr.-3-6) On Demand. Consideration of special topics in speech communication. Student presents a prospectus for researching history, theory, and/or practice of oral communications. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of Honors Coordinator. May be repeated once for a maximum of six credit hours. Credits: 3 to 6

CMN 44442 - Honors Independent Study II.

(Arr.-Arr.-3-6) On Demand. Consideration of special topics in speech communication. Student presents a prospectus for researching history, theory, and/or practice of oral communications. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of Honors Coordinator. May be repeated once for a maximum of six credit hours. Credits: 3 to 6

CMN 4450 - Electronic Media Profession.

(3-0-3) On Demand. An overview of the Electronic Media profession, including an in-depth look at radio and television organizational structures, programming strategies, revenue streams, regulation, ethical standards, and current issues. **Prerequisites & Notes:** CMN 2520. Credits: 3

CMN 4460 - Public Relations Capstone.

(2-0-2) On Demand. This capstone course helps public relations students transition to the public relations profession. It discusses employment trends in the profession and aims to prepare students for the job market. Students learn and practice how they can leverage their public relations knowledge and experience to present themselves professionally and effectively to the industry and potential employers. **Prerequisites & Notes:** CMN 2920 and CMN 3960. This course is restricted to Public Relations majors. Credits: 3

CMN 4500A - Topics in Media Production I.

(2-2-3) On Demand. A detailed examination of specific theories and practices related to electronic media production. Specific topics will vary according to student demand, availability, and interest of faculty. **Prerequisites & Notes:** CMN 2550 or CMN 3050 or permission of instructor. May be repeated when topics vary. Credits: 3

CMN 4500B - Topics in Media Production II.

(2-2-3) On Demand. A detailed examination of specific theories and practices related to electronic media production. Specific topics will vary according to student demand, availability, and interest of faculty. **Prerequisites & Notes:** CMN 2550 or CMN 3050 or permission of instructor. May be repeated when topics vary. Credits: 3

CMN 4500D - Topics in Media Production III.

(2-2-3) On Demand. A detailed examination of specific theories and practices related to electronic media production. Specific topics will vary according to student demand, availability, and interest of faculty. **Prerequisites & Notes:** CMN 2550 or CMN 3050 or permission of instructor. May be repeated when topics vary. Credits: 3

CMN 4500E - Topics in Media Production IV.

(2-2-3) On Demand. A detailed examination of specific theories and practices related to electronic media production. Specific topics will vary according to student demand, availability, and interest of faculty. **Prerequisites & Notes:** CMN 2550 or CMN 3050 or permission of instructor. May be repeated when topics vary. Credits: 3

CMN 4540 - Production IV.

(1-4-3) On Demand. This workshop-based production class focuses on the creation of a single long-form project from inception to distribution. These long-form projects refine both technical and creative skills and can include formats such as television show pilots, featurettes, and webisode anthologies. Additionally, students create all promotional materials for their productions and a portfolio. **Prerequisites & Notes:** CMN 2550 and CMN 3540. Credits: 3

CMN 4551 - Honors Research I.

(Arr.-Arr.-3-6) On Demand. In consultation with a faculty member, the student designs, executes, and writes the results of an original piece of research. Any methodology may be utilized.

Prerequisites & Notes: Admission to the Departmental Honors Program and permission of Honors Coordinator. May be repeated once for a maximum of six credit hours. Credits: 3 to 6

CMN 4552 - Honors Research II.

(Arr.-Arr.-3-6) On Demand. In consultation with a faculty member, the student designs, executes, and writes the results of an original piece of research. Any methodology may be utilized.

Prerequisites & Notes: Admission to the Departmental Honors Program and permission of Honors Coordinator. May be repeated once for a maximum of six credit hours. Credits: 3 to 6

CMN 4600 - Rhetorical Theory.

(3-0-3) On Demand. This class will offer an historical survey of scholars, writers and citizens who have theorized about difference and diversity from critical and rhetorical perspectives. This course explores the historical trajectory of "rhetorical theory" and how theory and practice intersect to shape understandings of social and national identity groups related to race and ethnicity, gender and sexuality, nation-state, class, and ability. A limit of 3 hours may be applied to a major or minor. **WI Prerequisites & Notes:** CMN 2990, CMN 3220, CMN 3260, CMN 3710, CMN 3903. Credits: 3

CMN 4644 - Honors Thesis.

(3) On Demand. Intensive research in preparation of a thesis on a topic in speech communication approved by a faculty supervisor and the Department Honors Coordinator. May not be repeated.

Prerequisites & Notes: Admission to the Departmental Honors Program and permission of Honors Coordinator. Credits: 3

CMN 4650 - Application in Organizational Communication.

(3-0-3) On Demand. Application in Organizational Communication offers students the unique opportunity to participate actively in their learning with a corporate simulation designed especially for communication students. **Prerequisites & Notes:** CMN 3650 or permission of instructor. Credits: 3

CMN 4651 - Communication Training: Theory and Practice.

(3-0-3) On Demand. An examination of how communication theories are used in the training environment. Emphasis is placed on the principles related to design, content, and delivery of programs that result in communication knowledge and skill development. **Prerequisites & Notes:** CMN 2650 or permission of instructor. Credits: 3

CMN 4666 - Honors Seminar.

(Arr.-Arr.-3-6) On Demand. Areas of investigation which require integration of speech communication concepts and research will be treated, e.g., effects of mass communication, criticism of speakers or media, evaluation of communication techniques.

Prerequisites & Notes: Admission to the Departmental Honors Program and permission of Honors Coordinator. Credits: 3 to 6

CMN 4680 - Capstone in Communication Studies.

(3-0-3) F, S. Seniors in the communication studies major will integrate and synthesize their experience in the major by reflecting on course work and their scholarly and applied area(s) of interest. Students will demonstrate mastery or excellence of selected key learning outcomes identified by the National Communication Association as essential for communication graduates. Students will complete assignments, including a culminating portfolio that demonstrate they are prepared to be competent communicators in their personal, professional, and civic roles. This course is restricted to Senior Communication Studies majors in corporate, interpersonal, and mass communication option areas. **WI Note: This is a new course, effective Fall 2022.** Credits: 3

CMN 4720 - Workplace Relationships.

(4-0-4) On Demand. This course explores the principles of effective professional and relational communication in the workplace. The course combines both theory and practice in an effort to help students manage workplace interactions and to create and maintain successful workplace relationships.

Prerequisites & Notes: CMN 2630, CMN 2650, and CMN 3660. Credits: 4

CMN 4750 - Contemporary Approaches to Mass Communication.

(3-0-3) On Demand. Survey of legal procedures of broadcast law, a survey of audience analysis, the structure of mass communications audiences, propaganda, communication networks, social and self-regulation of the media, and current research. **Prerequisites & Notes:** CMN 2520 or graduate standing or permission of instructor. Credits: 3

CMN 4755 - Television Genres: Production & Development.

(2-2-3) On Demand. This production-centered course teaches the visual style and narrative/character conventions of popular television genres (ex: comedy, drama, action, and mockumentary). Students will map the symbolic conventions of four different genres and then develop, write, produce, direct, film, edit, and refine an original scene in the style of each of the televisual or filmic genres. Credit will not be granted for both CMN 4755 and CMN 4525. **Prerequisites & Notes:** CMN 3050. Credits: 3

CMN 4765 - Communication in Families.

(3-0-3) On Demand. This course provides an examination of communicative structure, function, and process among family members. The family system as a whole and major sub-systems (parent-child, siblings, spouses) are explored. Emphasis is on the role of communication in the construction, maintenance, and change of family relationships throughout the family lifecycle. Credits: 3

CMN 4770 - Television Criticism.

(3-0-3) On Demand. Students will utilize a variety of theoretical lenses to critically analyze and evaluate television histories, systems and individual texts. The course includes lectures, discussions, presentations, selected viewings, intensive writing and examinations. A limit of 3 hours may be applied to a major or minor. **WI Credits:** 3

CMN 4775 - Documentary Filmmaking.

(2-2-3) On Demand. This course focuses on producing longer-form, reality-based content in a variety of documentary forms. Television programs, promotional video, and independent films all utilize documentary techniques and styles to document social phenomena and to tell visual stories. Discussions, hands-on production exercises, and screenings will prepare students to ethically produce a variety of documentaries. **Prerequisites & Notes:** CMN 3050. Credits: 3

CMN 4780 - Communication and Culture.

(3-0-3) On Demand. This course provides an overview of key theories, concepts, and approaches to the study of communication and culture as practiced in communication. It covers the history of the academic study of communication and culture, the application of critical methods, cultural studies and communication, and the study of social relations, power and communication. WI **Prerequisites & Notes:** CMN 3270 or CMN 3560 or graduate standing or permission of instructor. Credits: 3

CMN 4820 - Political Communication.

(3-0-3) On Demand. This course examines the interactive role between public communication and politics. Students will study how communication is involved in the various aspects of campaigning for and fulfilling the duties of public office. Credits: 3

CMN 4919 - Principles and Practices of Public Relations Campaigns.

(3-0-3) On Demand. This course examines the methods and approaches to planning, pitching, and implementing public relations campaigns. It introduces students to a stakeholder approach to developing campaign strategy including preparing a project proposal, managing a campaign, and evaluating a campaign's success. The techniques addressed in this course are applicable to diverse clients and build on prior knowledge of public relations writing. **Prerequisites & Notes:** CMN 3960 or the permission of the department chair and instructor. Credits: 3

CMN 4920 - Public Relations Case Studies.

(3-0-3) On Demand. This course enhances students' understanding of public relations by providing a sophisticated presentation of public relations theory and discussing real world examples in which that theory is applied. The course focuses on developing the analytical skills necessary to evaluate public relations programs, campaigns, and communication practices by building on the students' knowledge of public relations theories, strategies, goals, tactics and techniques. **Prerequisites & Notes:** CMN 2920 or the permission of the department chair and instructor. Credits: 3

CMN 4921A - Seminar in Public Relations.

(3-0-3) On Demand. This course is designed for senior students who are majors in public relations. It builds upon students' prior public relations knowledge and provides an in-depth examination of contemporary public relations topics and issues not ordinarily covered in existing public relations courses. Topics to be announced. May be repeated for credit with topic change. A limit of 6 hours may be applied to a major or minor. **Prerequisites & Notes:** CMN 3965 or the permission of the department chair and instructor. Credits: 3

CMN 4921B - Seminar in Public Relations.

(3-0-3) On Demand. This course is designed for senior students who are majors in public relations. It builds upon students' prior public relations knowledge and provides an in-depth examination of contemporary public relations topics and issues not ordinarily covered in existing public relations courses. Topics to be announced. May be repeated for credit with topic change. A limit of 6 hours may be applied to a major or minor. **Prerequisites & Notes:** CMN 3965 or the permission of the department chair and instructor. Credits: 3

CMN 4921D - Seminar in Public Relations.

(3-0-3) On Demand. This course is designed for senior students who are majors in public relations. It builds upon students' prior public relations knowledge and provides an in-depth examination of contemporary public relations topics and issues not ordinarily covered in existing public relations courses. Topics to be announced. May be repeated for credit with topic change. A limit of 6 hours may be applied to a major or minor. **Prerequisites &**

Notes: CMN 3965 or the permission of the department chair and instructor. Credits: 3

CMN 4921E - Seminar in Public Relations.

(3-0-3) On Demand. This course is designed for senior students who are majors in public relations. It builds upon students' prior public relations knowledge and provides an in-depth examination of contemporary public relations topics and issues not ordinarily covered in existing public relations courses. Topics to be announced. May be repeated for credit with topic change. A limit of 6 hours may be applied to a major or minor. **Prerequisites & Notes:** CMN 3965 or the permission of the department chair and instructor. Credits: 3

Computer and Information Technology (CIT)**CIT 1001 - Introduction to Computer and Information Technology.**

(1-0-1) On Demand. A survey of the computer and information technology industry. Includes discussion of various possible specializations, career opportunities, and ethical responsibilities. Credits: 1

CIT 1813 - Introduction to Programming (C++)

(2-2-3). An introduction to the theory and practice of computer programming in the area of technology applications, emphasizing the knowledge needed for program development including basic concepts of software development, data structures, objects, classes, operations, and loops. Course is restricted to students with a major or minor in Computer and Information Technology, Digital Media, Engineering Technology, or permission of instructor. Credits: 3

CIT 2183 - Software Development for Technology I.

(2-2-3) On Demand. This hands-on programming course shows how to rapidly design, develop and maintain effective programs. The course includes coverage of a programming language's syntax, built in data types and control constructs. The course takes a practical approach to creating and organizing programs using functions, packages, modules and introduction to classes. Furthermore, students will learn how to manipulate data, automate tasks, perform error handling and store and retrieve data by using relational databases. **Prerequisites & Notes:** A grade of "C" or better in CIT 1813 OR permission of instructor OR School of Technology chair. This course is restricted to students majoring in Computer and Information Technology. Credits: 3

CIT 2283 - Software Development for Technology II.

(2-2-3) On Demand. This course offers students the knowledge to design and implement small-scale programs as communities of collaborating objects, using a dynamically typed or statically typed programming language. Fundamental concepts include classes, objects, encapsulation, information hiding, inheritance, polymorphism, iterative, incremental development and test-driven development. **Prerequisites & Notes:** A grade of "C" or better in CIT 2183 OR CSM 2170 OR permission of instructor OR permission of the School of Technology chair. This course is restricted to students majoring in Computer and Information Technology. Credits: 3

CIT 2523 - Data Communication Technology I.

(2-2-3) F. An in-depth hardware course in computer hardware systems, Open Systems Interconnect (OSI) model layers, configuration details of Internet Protocol routing, switching topics, and router operation as applied to industrial settings. **Prerequisites & Notes:** EGT 1323. Credits: 3

CIT 2773 - Database Administration.

(2-2-3) On Demand. This class introduces administration of database management systems in technology. Students will learn

configuration, security management, administration, backup and restore, and optimization of database. Course is restricted to CIT majors and minors. Credits: 3

CIT 2803 - Operating Systems for Computer Technology.
(2-2-3) On Demand. An introduction to technological applications of modern operating systems: Design concepts, data structures, algorithms and systems (shell) programming basics. Emphasis will be on UNIX, LINUX and WINDOWS based operating systems. Course is restricted to students with a major or minor in Computer and Information Technology, Digital Media, Engineering Technology, or permission of instructor. **Prerequisites & Notes:** A grade of "C" or better in CIT 1813. Credits: 3

CIT 2853 - Cybersecurity Intrusion Detection & Prevention.
(2-2-3) On Demand. A study of principles and applications of Cybersecurity Intrusion Prevention Systems (IPS) and Intrusion Detection Systems (IDS). Course restricted to CIT, EGT, or MIS majors or minors. **Prerequisites & Notes:** A "C" or better in CIT 2523. Credit will not be granted for both CIT 2853 and CIT 4833. Credits: 3

CIT 3153 - Data Communication Technology II.
(2-2-3) S. This course focuses on additional hardware and networking applications of the topics covered in CIT 2523, with emphasis on industrial networks of computer integrated machines. **Prerequisites & Notes:** CIT 2523. Credits: 3

CIT 4663 - System Administrator and Architecture.
(2-2-3) On Demand. This course covers system administration and architect concepts such as server architecture, administration, storage, security, networking, and troubleshooting as well as disaster recovery. Additional topics include IT operations, troubleshooting, technical support, and operating systems. **Prerequisites & Notes:** A "C" or better in CIT 2773 and CIT 2523 and CSM 2670 or permission of instructor. Course is restricted to students with a major in CIT, DGT, EGT majors or minors or TEC graduate students or permission of instructor. Credits: 3

CIT 4749 - Capstone Project in Computer Information Technology.
(1-4-3) On Demand. Comprehensive applications of the knowledge and skills learned in a student's degree program. Focus on the integration and the synthesis of content through critical thinking and professional practice. Note: This course is restricted to seniors in Computer Information Technology. A limit of 3 hours may be applied to a major or minor. Credits: 3

CIT 4760 - Systems Analysis, Design, and Development.
(3-0-3) On Demand. Study of information systems analysis and design. This course emphasizes requirements determination, modeling techniques, development, implementation, and maintenance strategies. Includes project management techniques and the use of Computer Aided Systems Engineering (CASE) tools. **Prerequisites & Notes:** Junior, Senior or Graduate standing, MIS 2000 with a C or better and BUS 3500 with a C or better, or CSM 3870, or CSM 2170 with a C or better and CIT 2773 with a C or better, or permission of the Chair, School of Business. Credits: 3

CIT 4770 - Database and Data Management.
(3-0-3) On Demand. A study of database structures, design, and development. Includes the use of CASE tools and enterprise database management systems. Topics include: data normalization, data definition language, data manipulation language, data integrity, database applications development, and data mining. Credit will not be granted for both MIS 4770 and CSM 3950. **Prerequisites & Notes:** BUS 3500 with a C or better,

or CIT 2773, or CSM 3870 or permission of the Chair, School of Business. Credits: 3

CIT 4823 - Big Data and Cloud Computing.
(2-2-3) On Demand. Introduction to concept and technology of big data and predictive analytics, including capture, transfer, storage, query, exploration, visualization and other relevant applications of large data-sets. This course is restricted to undergraduate students completing 75 hours of coursework in the CIT major or to graduate students of TEC. **Prerequisites & Notes:** A grade of "C" or better in CIT 1813 or CSM 2670 or its equivalent. Credits: 3

CIT 4843 - Human Computer Interaction.
(2-2-3) On Demand. This course introduces students to the basic concepts of interface design and human computer interaction. Students will learn design principles, development procedures, evaluation methods, and interface building tools. Course is restricted to CIT, DGT, EGT majors or minors or TEC graduate students. **Prerequisites & Notes:** A "C" or better in CSM 2670 and DGT 3813, or permission of instructor. Credits: 3

CIT 4863 - Cloud Services.
(2-2-3) On Demand. This course will provide understanding of the relevant concepts relating to cloud services, such as Cloud: access management, computing, general storage and databases, monitoring and logging services, pricing and billing, security and analytics. Additional topics may include deployment, debugging, architecture, and support. **Prerequisites & Notes:** A grade of "C" or better in CSM 2670 or permission of instructor, or permission of the chair, or graduate standing. Credits: 3

Computer Science (CSM)

CSM 2170 - Computer Science I.
(3-2-4) F, S. The development of algorithmic solutions to numeric and non-numeric problems. Implementation in a block-structured programming language such as C++. CS 911 **Prerequisites & Notes:** Credit for or concurrent enrollment in MAT 1441G or CIT 1813. Credits: 4

CSM 2670 - Object Oriented Programming.
(3-2-4) F, S. Intermediate programming techniques with emphasis on object oriented design, recursion as a problem solving strategy, event-driven programming, graphical user interface design, and software engineering principles. All programming will be done in an object-oriented programming language (such as Java, C++, or Python). CS 912 **Prerequisites & Notes:** C or better in CSM 2170 or MIS 2000. Credits: 4

CSM 3070 - Competitive Programming.
(Arr.-2-1) F, S. A course for students participating in programming contests in which EIU participates, usually once per semester, and for which the student wishes credit. Mock competitions, both local and online, will be used for training. Discussion of strategies and solutions is expected. Course may be repeated for up to two (2) hours of credit. A limit of 2 hours may be applied to a major or minor. **Prerequisites & Notes:** A grade of "C" or better in CSM 2670. Credits: 1

CSM 3570 - Numerical Analysis.
(3-0-3) F. Construction of algorithms for interpolation, quadrature, solution of equations and systems, solutions of ordinary differential equations. **Prerequisites & Notes:** A grade of "C" or better in CSM 2170 and MAT 2442 and MAT 2550. Credits: 3

CSM 3670 - Principles of Computer Systems.
(2-2-3) F. Computer organization, data representation, instruction sets, syntax and semantics of assembly language programming, the assembly process, implementation of subroutines, I/O and

interrupts. **Prerequisites & Notes:** CSM 2670 or MIS 3300 with a grade of "C" or better. Credits: 3

CSM 3770 - Combinatorial Computing.

(3-0-3) S. Enumeration and counting-- generating functions and recurrence relations; graph theory-- trees, circuits, outsets, transport networks; computational aspects of combinatorics.

Prerequisites & Notes: A grade of "C" or better in MAT 2345 and CSM 2170. Credits: 3

CSM 3870 - Data Structures.

(3-0-3) F. Introduction to the design and analysis of data structures and their related algorithms; bags, lists, stacks, queues, union-find, trees, heaps, priority queues, and symbol tables; sorting and searching. Java or another object-oriented language will be used for any implementations. **Prerequisites & Notes:** A grade of "C" or better in CSM 2670. Credits: 3

CSM 3950 - Introduction to Database Concepts.

(3-0-3) On Demand. This course emphasizes the concepts and structures necessary for the design and implementation of database management systems. Topics include data models, data normalization, data description languages, query facilities, file organization, index organization, file security, data integrity, and reliability. **Prerequisites & Notes:** A grade of "C" or better in CSM 3870 and MAT 2345. Credits: 3

CSM 3980 - Parallel Programming.

(3-0-3) S. An introduction to massively parallel machine architectures, parallel algorithms, languages for parallel programming, synchronization, and parallel performance analysis. **Prerequisites & Notes:** A grade of "C" or better in CSM 3870 and CSM 3570. Credits: 3

CSM 4170 - Programming for Mobile Devices.

(3-0-3) On Demand. Mobile devices have interesting hardware (such as multi-touch screens, gyroscopes, and accelerometers), networking options (cellular, WiFi, and Bluetooth) and application programming interfaces. These elements combine to form a very exciting programming platform. Developing applications for mobile devices presents new challenges and capabilities. This class introduces some of the ways to overcome these difficulties and how to capitalize on the features of mobile devices. **Prerequisites & Notes:** C or better in CSM 3870. Credits: 3

CSM 4270 - Design of Programming Languages.

(3-0-3) F. Basic concepts of programming languages, including abstraction mechanisms, types, and scoping. Detailed study of several different programming paradigms, such as functional, object-oriented, and logic programming. **Prerequisites & Notes:** A grade of "C" or better in CSM 2670 and CSM 3670. Credits: 3

CSM 42751 - Internship in Computer Science I.

(Arr.-Arr.-1-15; 1-5 during intersession provided there is concurrent registration in the summer term.) (Credit/No Credit) On Demand. Employment experience in computational mathematics for one semester, in an approved firm or agency. This course to be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once. **Prerequisites & Notes:** A grade of "C" or better in CSM 3870. Credit applicable for graduation only in Mathematics and Computer Science major. Acceptance of the student by a firm on the basis of the student's application and permission of the chairperson of the Mathematics Department. Permission may be denied if the student does not have an overall GPA of at least 2.50 and a major grade-point average of at least 2.75. Credits: 1 to 15

CSM 42752 - Internship in Computer Science II.

(Arr.-Arr.-1-15; 1-5 during intersession provided there is concurrent registration in the summer term.) (Credit/No Credit) On Demand. Employment experience in computational mathematics for one semester, in an approved firm or agency. This course to be taken Credit/No Credit, but not to count against the maximum of 12 semester hours in Credit/No Credit option. May be repeated once. **Prerequisites & Notes:** A grade of "C" or better in CSM 3870. Credit applicable for graduation only in Mathematics and Computer Science major. Acceptance of the student by a firm on the basis of the student's application and permission of the chairperson of the Mathematics Department. Permission may be denied if the student does not have an overall GPA of at least 2.50 and a major grade-point average of at least 2.75. Credits: 1 to 15

CSM 4370 - Topics in Computer Science.

(3-0-3) On Demand. Selected topics in advanced computer science. Topics may vary depending on student and faculty interests. May be repeated for credit, with change of topic, for a maximum of 6 credits. **Prerequisites & Notes:** MAT 2345 and completion of or concurrent enrollment in CSM 3870. Credits: 3

CSM 4873 - Introduction to Cryptography.

(3-0-3) S. Classical monoalphabetic cryptosystems (e.g. shift, affine, substitution, and permutation ciphers), classical polyalphabetic cryptosystems (e.g. Hill and Vigenère ciphers), linear feedback shift registers, modern cryptosystems (public key, stream, and block ciphers). Other topics (with particular interest to topics relevant to current events) will be considered, such as: anonymity, identification schemes, secret sharing schemes, multicast security, copyright protection, bit commitment, signature schemes, one-way hash functions, pseudo-random numbers, and electronic cash. **Prerequisites & Notes:** C or better in either MAT 2345 or MAT 2800, AND C or better in both CSM 2170 and MAT 2550. Credits: 3

CSM 4880 - Design and Analysis of Algorithms.

(3-0-3) S. Design paradigms of algorithms such as brute-force, exhaustive search, divide-and-conquer, backtracking, greedy approach and dynamic programming. Mathematical analysis of algorithms; P, NP, and NP-complete problems; heuristics, approximation algorithms, optimality. **Prerequisites & Notes:** A grade of "C" or better in CSM 3870. Credits: 3

CSM 4885 - Theory of Computation.

(3-0-3) F. Proof techniques, finite automata, regular expressions and languages, properties of regular languages, context-free grammars and languages, pushdown automata, properties of context-free languages, Turing machines, and undecidability. **Prerequisites & Notes:** A grade of "C" or better in CSM 2670 and MAT 2345. Credits: 3

CSM 4970 - Principles of Operating Systems.

(3-0-3) S. Historical development of operating systems, processes, and concurrency, memory management, file systems, I/O. Case studies include UNIX, DOS, MVS. **Prerequisites & Notes:** A grade of "C" or better in CSM 3670. Credits: 3

CSM 4980 - Networking and Distributed Computing.

(3-0-3) On Demand. An overview of the concepts and algorithms in networking and distributed computing. Topics include protocol stacks, link, network, transport, and application layers, network management, network architecture, network abstractions, distributed algorithms, distributed environments, the client-server model, the peer-to-peer model, and remote procedure calls. There will be case studies and analysis of existing systems. **Prerequisites & Notes:** A grade of "C" or better in CSM 3980. Credits: 3

CSM 4985 - Artificial Intelligence and Machine Learning.
(3-0-3) S. Survey of methods and applications of artificial intelligence (AI) and machine learning. Topics could include: knowledge representation, neural networks, genetic algorithms, unsupervised learning, and ethical issues related to the use of AI. **Prerequisites & Notes:** A grade of "C" or better in MAT 2345 or MAT 2800, and "C" or better in CSM 2670, and "C" or better in MAT 3701. Credits: 3

Construction Management (CMG)

CMG 1000 - Introduction to Construction Management.
(1-0-1) On Demand. A survey of the construction industry. Includes the overall construction process from the initial concept through startup of the complete facility, career opportunities in the construction industry, and an introduction to the materials and building systems used in construction. Credits: 1

CMG 2013 - Soil, Concrete, and Paving Testing.
(2-2-3) On Demand. A study of the properties of soils and other material in relation to construction. The students will be introduced to soil testing and classification, subsurface soil investigation, soil compaction, strength of soil, soil consolidation and related structure settlement, earth pressure on retaining structures, and stability analysis of slopes. An overview of concrete and asphalt construction including material composition, behavior and testing. A laboratory reinforces the principles presented in lecture. **Prerequisites & Notes:** Sophomore Standing Credits: 3

CMG 2223 - Print Reading and Introduction to Building Information Management (BIM).
(2-2-3). This course will prepare students for the construction industry by teaching them to read, prepare, and plot prints from 2D drawings and 3D models. Print reading will be covered then the students will learn the basics of 3D modeling. The student will design and plot his/her own set of plans. **Prerequisites & Notes:** Sophomore Standing Credits: 3

CMG 2253 - Construction Equipment and Materials.
(1-4-3) F. The study of construction equipment and materials related to a range of specific construction processes. The course includes hands-on laboratory experiences along with lecture and multimedia presentations. Credits: 3

CMG 2953 - Statics and Strength of Materials.
(3-0-3) F. Study of systems of forces and couples application of mechanics to structural analysis. Topics include resultants, equilibrium of bodies and frames, trusses, moments of inertia, principal stresses and strains, torsional shear and deformation, shear and moment diagrams of beams, indeterminate structures, and elastic columns. **Prerequisites & Notes:** EGT 1303. Credits: 3

CMG 3023 - Formwork and Building Processes.
(3-0-3) On Demand. This course provides a clear and thorough presentation of the theory and application of structural analysis as it applies to trusses, beams, and frames. Emphasis is placed on teaching students to both model and analyze a structure. Students are introduced to practical structural design using prismatic wood sections. The student will learn basic structural design techniques by designing wooden concrete formwork, scaffolding, trench shoring, and retaining walls. **Prerequisites & Notes:** Junior Standing. Credits: 3

CMG 3213 - Surveying and Site Planning.
(1-4-3) F. Principles of construction site measurements and project layouts utilizing surveying instruments. The techniques and calculations applied to the wide variety of housing and

commercial construction projects. **Prerequisites & Notes:** EGT 1303. Sophomore Standing. Credits: 3

CMG 3603 - Mechanical Systems in Residential and Commercial Buildings.
(3-0-3) S. Study of principles and standards of mechanical, heating, and air-conditioning systems in construction. The course will concentrate on calculation and selection of pipes, ducts, equipment for water, sewer, ventilation, heating, and air-conditioning of residential and light commercial buildings. **Prerequisites & Notes:** Junior Standing. Credits: 3

CMG 3833 - Sustainable Buildings.
(3-0-3) S. Study of the principles of environmentally sustainable construction with application of green buildings and standard construction techniques and mechanical systems. Included is the Green Building Rating System LEED (Leadership in Energy and Environmental Design) for benchmarking the design, construction, and operation of high performance green buildings. **Prerequisites & Notes:** CMG 3603 or permission of instructor and Junior Standing. Credits: 3

CMG 4013 - Virtual Project Design
(2-2-3) On Demand. This is an advanced construction technology course. It incorporates building design, cost estimating, project management, and building information modeling software to develop construction project animations. The animations will be used to communicate the interaction of physical, human, capital, and equipment resources required to manage a construction project from conception to completion. **Prerequisites & Notes:** Senior Standing or permission of instructor. Credits: 3

CMG 4023 - Construction Risk Management.
(3-0-3) On Demand. Contract law, business policy and risk management aspects of construction companies are studied. Included are ethics, agency and public relations, business ownership types, contract terms and conditions, specifications, government contracting, change orders, and conflict resolution. In addition, this course will entail a study of the law of enforceable agreements, contract law, law of delegated authority, agency law, as they apply to the construction industry and company management. It will also include a review of case law applications and a study of administrative documents and processes that relate to company management. **Prerequisites & Notes:** A grade of "C" or better in BUS 2750 and (either BUS 3010 or ODL 4835). Senior Standing. Credits: 3

CMG 4033 - Heavy Construction Planning.
(2-2-3) On Demand. In this course, students will learn to evaluate construction jobsite management and leadership issues. Students will develop jobsite layout plans and develop logistical plans for a construction site. Students will utilize material handling principles and their application in preparing a site utilization plan. The selection and use of construction equipment is emphasized. On-site activities such as project recordkeeping and technology will also be introduced. Leadership strategies and tactics will also be evaluated in the construction setting. Computerized site logistics animations will be developed and presented by each student as part of this course. **Prerequisites & Notes:** A grade of "C" or better in CMG 4223 and Junior Standing. Credits: 3

CMG 4223 - Construction Cost Estimating.
(3-0-3) F. Principles of construction and cost estimating of materials, labor, and equipment. Conventional cost estimating methods to be applied to a wide variety of residential and commercial projects. **Prerequisites & Notes:** CMG 2223. Credits: 3

CMG 4243 - Construction Project Management Capstone.
(1-3-3) On Demand. This class emphasizes the design-build process and requires a team of students to utilize their collegiate work experiences, respective design specialty courses, and construction management expertise. They will design a building and plan for its construction by using structural design, estimating, scheduling, budgeting, and construction project management techniques. **Prerequisites & Notes:** Senior standing. Credits: 3

CMG 4413 - Advanced Construction Safety.
(3-0-3) On Demand. Workers and supervisors in the construction industry are faced with highly hazardous workplaces. This course focuses on what is called the "OSHA Focus Four" to prepare students to address construction safety issues. Credits: 3

CMG 4913 - 30 Hour OSHA Certification for Construction.
(3-0-3) F, S. Department of Labor coursework for OSHA-30 Construction. The OSHA-30 is a certificate provided through the United States Department of Labor signifying 30 hours of safety training. Additional time will be spent on safety and liability management in the construction field. Credits: 3

Criminology and Criminal Justice (CRM)

CRM 1829 - Introduction to Criminal Justice.
(3-0-3) On Demand. An analysis of the criminal justice system focusing primarily on the roles and functions of the police, courts, and correctional system. Credits: 3

CRM 2761 - Introduction to Criminology.
(3-0-3) This course provides an overview of the field of criminology. Students will be introduced to the various ways crime can be defined and measured, the relationship between crime and inequality, the major sociological/criminological theories that explain criminal behavior, and the types of crimes that pose threats to society and how we respond to those threats. Cross-listed with SOC 2761. CRJ 912 **Prerequisites & Notes:** SOC 1838G. Credits: 3

CRM 2780 - The Sociology of Deviant Behavior.
(3-0-3) F, S. Historical and structural analysis of changing notions of definition, etiology and treatment of deviant behavior. Contemporary theory and research will be employed to illustrate recent trends and political consequences of such trends. Cross-listed with SOC 2780. Credits: 3

CRM 3650 - Criminological Theory.
(3-0-3) S, Su. This course will cover classical and contemporary criminological theories developed to explain why and how individuals commit deviant or criminal acts. We will use theory to examine the nature, location, and impact of crime. The class will also cover the historical foundation of crime, the theoretical underpinnings of criminality, and a critical and theoretical analysis of how law shapes crime and delinquency as well as how crime influences public policy. **Prerequisites & Notes:** SOC 2761. Credits: 3

CRM 3760 - Crime & Media: A Criminological Analysis.
(3-0-3) On Demand. This course analyzes the intersection of crime, the criminal justice system, and the media using a criminological perspective. Areas of emphasis will include media representations of crime and criminal justice, the social construction of reality, and the influence of representations of crime on societal views and public policy. **Prerequisites & Notes:** CRM/SOC 2761: Introduction to Criminology. Credits: 3

CRM 3770 - Sociological Analysis of Crime and Criminal Justice System.
(3-0-3) S. An advanced study of social-psychological factors of crime and the adult offender, vis-à-vis the Criminal Justice system; i.e., apprehension, adjudication, treatment and prevention practices. Cross-listed with SOC 3770. **Prerequisites & Notes:** SOC 1838G, 2761 or permission of the instructor. Credits: 3

CRM 3780 - Policing Society: A Sociological Analysis.
(3-0-3) On Demand. A study of police roles, subculture, and organizational structure as well as a critical look at how police behavior enacts the democratic dilemma of balancing social order with individual freedoms. Cross-listed with SOC 3780. **Prerequisites & Notes:** SOC 1838G, 2761 or permission of the instructor. Credits: 3

CRM 3960A, B, D-F, H-M, P, Q, T-Y - Special Topics in Criminology and Criminal Justice.
(3-0-3) On Demand. Specific areas within the discipline of criminology and criminal justice will be given intensive study through lectures, readings, reports, papers, and discussion. The topic will be announced in advance by the department chairperson. **Prerequisites & Notes:** CRM/SOC 2761. Credits: 3

CRM 4065(4790) - The Correctional Process: A Sociological Analysis.
(3-0-3) On Demand. Provides an understanding of the entire field of correctional systems in terms of its official objectives, its actual effects and effectiveness, including special focus on experimental programs. Cross-listed with SOC 4065. **Prerequisites & Notes:** SOC 1838G and SOC 2761. Credits: 3

CRM 4074(4750) - Sociological Analysis of Juvenile Delinquency.
(3-0-3) S. Advanced study of theories of etiology, treatment and prevention. Cross-listed with SOC 4074. **Prerequisites & Notes:** SOC 1838G, SOC 2761 or permission of the instructor. Credits: 3

CRM 4700 - Contemporary Topics in Criminology and Criminal Justice.
(3-0-3) F, S. The course will explore contemporary topics in criminology and criminal justice. The course provides opportunities for the integration and synthesis of theory, research, and concepts learned in the criminology and criminal justice major. The course is restricted to Criminology and Criminal Justice Majors. **Prerequisites & Notes:** SOC 2840, SOC 3620, SOC 3630, CRM 3650, Criminology major GPA of 2.00, and Senior standing except with permission of the instructor. Credits: 3

Digital Media Technology (DGT)

DGT 1363 - Introduction to Graphics Technology.
(1-4-3) Introduction to the digital creation and preparation of graphics for the web, video, animation, and specialty print applications. A limit of 3 hours may be applied to a major or minor. Credits: 3

DGT 2123 - Introduction to Digital Photography.
(2-2-3) A study of digital photography and professional techniques needed to produce high quality images for promotional, advertising and marketing themes, and business applications. A limit of 3 hours may be applied to a major or minor. Credits: 3

DGT 3303 - Introduction to 2D Gaming and Animation.
(1-4-3) On Demand. An introduction to the tools and processes used in gaming, animation, and simulation. Emphasis will be on planning, development, and deployment of 2-D projects for desktop and mobile devices. Credits: 3

DGT 3313 - 3D Modeling for Digital Media.

(1-4-3) On Demand. A study of the tools, techniques and processes used in gaming, animation, and simulation modeling. Emphasis will be on planning, development, and deployment of 3D models for desktop and mobile devices. Credits: 3

DGT 3343 - Transmedia.

(1-4-3) Study of graphics technology applied to web, video, animation, and specialty graphics. Major emphasis will be on transfer and publication of designs onto various items and/or devices. A limit of 3 hours may be applied to a major or minor. **Prerequisites & Notes:** A grade of "C" or better in DGT 3813 or permission of instructor. Credits: 3

DGT 3813 - Web Development.

(2-2-3) On Demand. A study of front end and mobile website development. Emphasis will be on planning, designing, development, testing, and publishing of websites specifically for internet connected devices. Note: This course will have a supplemental cost of \$50 - \$75 for web hosting and domain name registration. Credits: 3

DGT 4123 - Advanced Digital Photography.

(2-2-3) On Demand. Advanced study of digital photography, photo restoration, manipulation, and advanced image capture techniques. Planning, organizing, quality control, publishing, and maintenance of photos for websites, animation, video, and specialty graphics will be emphasized. A limit of 3 hours may be applied to a major or minor. **Prerequisites & Notes:** A grade of "C" or better in DGT 2123 or permission of instructor. Credits: 3

DGT 4333 - Trends in Digital Media.

(3-0-3) On Demand. A study of present and future developments in print and digital media technology as applied to availability of the technology and how it can be applied to commercial, personal, and other processes. Students will investigate and identify state-of-the-art trends and issues facing the field. Credits: 3

DGT 4353 - Digital Media Production Management.

(2-2-3) On Demand. Application of production management processes as applied to web development, video, animation, photography, and specialty printing. A limit of 3 hours may be applied to a major or minor. **Prerequisites & Notes:** A grade of "C" or better in DGT 1363 or CMN 3030 or permission of instructor. Credits: 3

DGT 4749 - Capstone Project in Digital Media.

(1-4-3) On Demand. Comprehensive applications of the knowledge and skills learned in the digital media program. Focus on the integration and synthesis of content through critical thinking and professional practice in digital media. Course restricted to seniors in the Digital Media Technology major. Credits: 3

DGT 4753 - Visual Effects.

(2-2-3) On Demand. A study of video technologies and techniques. This course will focus on the capture of video for creating applications and solutions for web sites, education, training, and advertising solutions. Main emphasis will be on hardware, specialty equipment, and media preparation for these applications. A limit of 3 hours may be applied to a major or minor. **Prerequisites & Notes:** A grade of "C" or better in DGT 2123, graduate standing or permission of instructor. Credits: 3

DGT 4763 - Costing and Planning for Media Projects.

(3-0-3). A study of planning and costing for media projects. This course will focus on the study of estimating, costing, and planning for the capture and production of products specific to web, digital printing, video gaming, animation, simulation, and photography.

Course restricted to Digital Media Technology majors and students in the MS in Technology. **Prerequisites & Notes:** A grade of "C" or better in DGT 1363 or CMN 3030 or permission of instructor. Credits: 3

DGT 4773 - Lighting, Texturing, and Rendering.

(1-4-3). A study of the graphics file types used in gaming, animation, and simulation modeling. Emphasis will be on creation, manipulation, and conversion of graphics files for gaming, animation, and simulation for desktop and mobile devices. **Prerequisites & Notes:** A grade of "C" or better in DGT 3313 or permission of instructor. Credits: 3

DGT 4783 - Mobile Gaming.

(1-4-3). A study of techniques and tools used in mobile gaming, animation, and simulation modeling. Emphasis will be on creation, manipulation, and publishing of mobile applications for gaming, animation, and simulation specific to mobile devices. **Prerequisites & Notes:** A grade of "C" or better in DGT 3303 or permission of instructor. Credits: 3

DGT 4793 - Game Programming.

(1-4-3). A study of the programming languages used in gaming, animation, and simulation modeling. Emphasis will be on application of programming languages for gaming, animation, and simulation for desktop and mobile devices. **Prerequisites & Notes:** A grade of "C" or better in DGT 3303 or permission of instructor. Credits: 3

DGT 4814 - Digital Media Strategy.

(2-2-3) On Demand. Study of integrating web, video, animations, and specialty graphics into campaigns and development of digital media strategy. A limit of 3 hours may be applied to a major or minor. Credits: 3

DGT 4823 - Web Content Management Systems.

(2-2-3). A study of current web content management systems. Emphasis will be on creation and implementation of website tools for updating websites for educational, organizational, and/or personal purposes. **Prerequisites & Notes:** A grade of "C" or better in DGT 3813 or permission of instructor. Credits: 3

DGT 4833 - Web Search Engine Optimization.

(2-2-3). A study of web search engine optimization tools and techniques. **Prerequisites & Notes:** A grade of "C" or better in DGT 3813 or permission of instructor. Credits: 3

DGT 4913 - Emerging Gaming Technology.

(1-4-3). A study of emerging techniques and technologies used in gaming, animation, and simulation projects. **Prerequisites & Notes:** A grade of "C" or better in DGT 3303 or permission of instructor. Credits: 3

DGT 4923 - Emerging Web Technologies.

(2-2-3). A study of emerging web development tools and techniques. Emphasis will be on integration of emerging web technologies into an educational, organizational, and/or personal website. **Prerequisites & Notes:** A grade of "C" or better in DGT 3813 or permission of instructor. Credits: 3

DGT 4933 - 3D Animation and Motion Capture.

(1-4-3). A study of techniques used to capture motion and integrate it into gaming, animations, and simulation projects. **Prerequisites & Notes:** A grade of "C" or better in DGT 3303 or permission of instructor. Credits: 3

Economics (ECN)

ECN 2800G - Economics of Social Issues.

(3-0-3) This is an applied economics course. It analyzes current social issues using concepts, principles, and models from economic theory. Not equivalent to ECN 2801G or ECN 2802G. Credits: 3

ECN 2801G - Principles of Macroeconomics.

(3-0-3) Macroeconomics – An exploration of the policy options, such as changes in taxation, government spending, the money supply or interest rates, available to government agents to achieve the goal of stable prices, high employment, and steady growth. Online sections are available to off-campus students only. S3 901 Credits: 3

ECN 2802G - Principles of Microeconomics.

(3-0-3) Microeconomics – An exploration of consumer behavior, of how firms decide upon profit-maximizing price and output rates under various market conditions, and of the labor and capital markets. S3 902 **Prerequisites & Notes:** ECN 2801G or ECN 2891G, but students who have transferred credit for ECN 2802G to EIU, who have not yet completed in ECN 2801G, are allowed to take ECN 2801G. Online sections are available to off-campus students only. Credits: 3

ECN 2891G - Principles of Macroeconomics, Honors.

(3-0-3) F. An exploration of the policy options, such as changes in taxation, government spending, the money supply or interest rates, available to government agents to achieve the goals of stable prices, high employment and steady growth. May be used as a substitute for ECN 2801G. S3 901 **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

ECN 2892G - Principles of Microeconomics, Honors.

(3-0-3) S. An exploration of consumer behavior, of how firms decide upon profit maximizing price and output rates under various market conditions, and of the labor and capital markets. May be used as a substitute for ECN 2802G. S3 902 **Prerequisites & Notes:** ECN 2801G or ECN 2891G and admission to the University Honors College. Credits: 3

ECN 3450 - Game Theory.

(3-0-3) S. The analysis of strategic choice problems. Introduces solution techniques for sequential and simultaneous games, development of pure and random strategies, and the concept of equilibrium. Applications to economic, social, political, and biological sciences including coordination and collective action problems, voting strategies and coalitions, and evolutionarily stable strategies. **Prerequisites & Notes:** MAT 1271; may not be taken concurrently. Credits: 3

ECN 3520 - Economics of Crime.

(3-0-3) F, Su. An introduction into the study of crime and crime-control policies using standard economic techniques. The focus is on rational decision-making and incentives and how these may be changed by policy. Topics covered include the costs of crime to society, drug control, gun control, punishment, incarceration, and deterrence. Credits: 3

ECN 3720 - Sports Economics.

(3-0-3) F. The application of the principles of economics to evaluate professional and amateur sports, focusing on issues such as league structure, team decision-making, labor relations, stadium financing, and the role of public policy. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 3780 - Industrial Organization.

(3-0-3) S. A survey of Industrial Organization, a branch of applied microeconomics which examines the causes and effects of different market structures on pricing and product choices. Students will analyze strategic economic interaction among consumers, firms, and government as it relates to subjects such as price discrimination, advertising, contracting, and anti-trust policy. **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the department chairperson. Credits: 3

ECN 3810 - Economics of Natural Resources.

(3-0-3) F. An introduction to the economic analysis of natural resources and the environment. Credits: 3

ECN 3835 - American Economic Development.

(3-0-3) F. An examination of the evolution of the U.S. economy with an emphasis on basic economic institutions and the major forces in the process of growth and development. WI Credits: 3

ECN 3851 - Public Finance.

(3-0-3) F, S. A study of taxation, government spending, public debt, and the role of government in a market economy. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 3853 - Urban and Regional Economics.

(3-0-3) S. An introduction to spatial economics with emphasis on policy and planning to alleviate social problems that result from the uneven distribution of economic activities. WI Credits: 3

ECN 3860 - International Economics.

(3-0-3) An exploration of the principles of foreign trade and finance: foreign exchange markets, balance of payments, effects on GDP, trade theory, tariffs, quotas, and commercial policies of major countries. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 3870 - Agricultural Economics.

(3-0-3) F. An introduction to the application of economic theory and method to problems in agriculture and agribusiness; provides the foundation needed to understand, interpret, and analyze farm policy in the United States. AG 901 WI **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 3873 - Economics of Race and Gender.

(3-0-3) An exploration of the economic status of women and of racial and ethnic minorities in the United States. Surveys the historical role of women and minorities in the U.S. labor market including trends in labor force participation, occupational distribution, wage differentials, labor legislation, and discrimination. WI **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 3875 - Health Economics.

(3-0-3) F, Su. The application of economic tools to understand various issues and problems pertaining to medical care. Examines the production of and demand for medical care, health care systems and institutions, the role of government in health care markets, and the behavior of specific health care industries. Only continuing education and nursing students may enroll in online sections of the course. Credits: 3

ECN 3880 - Government and Business.

(3-0-3) F, S. An examination of the market structures in which business operates as well as the public policies for regulation and control of those markets. **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 3881 - Economics of Public Utilities.

(3-0-3) S. An examination of the unique economic characteristics which set public utilities apart from other corporations, and why these firms are subject to regulation. **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 3890 - Labor Economics.

(3-0-3) F, S. An introduction to labor market theory including labor demand, labor supply, investments in human capital, wage determination, and an examination of government labor policy. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 3891 - International Economics, Honors.

(3-0-3) F. An exploration of the principles of foreign trade and finance: foreign exchange markets, balance of payments, effects on GDP, trade theory, tariffs, quotas, and commercial policies of major countries. **Prerequisites & Notes:** ECN 2802G or ECN 2892G and admission to the University Honors College. Credits: 3

ECN 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. May not be counted as part of the 21 semester-hours requirement for economics minor. **Prerequisites & Notes:** Approval of the department chairperson. Credits: 1 to 15

ECN 3971 - Statistics Applied to Economics.

(3-0-3) F, S. Measures of central tendency and dispersion, statistical distributions, regression, and hypothesis testing with applications to economics. **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of the instructor. No credit toward graduation for a student with credit in BUS 2810, MAT 2250G, or MAT 2290G, or other equivalent statistics course. Credits: 3

ECN 3972 - Basic Econometrics.

(3-0-3) F, S. The application of statistical methods to economic data, concentrating on multiple regression analysis. WI **Prerequisites & Notes:** ECN 3971 or ECN 2892G and MAT 2120G, or MAT 2550, or permission of the instructor. Credits: 3

ECN 4275 - Internship in Economics.

(Arr.-Arr.-1-12) (Credit/No Credit) A semester's experience as an intern in a state, federal, or international agency or private sector business firm. A maximum of twelve semester hours may be earned in the fall or spring semesters and nine semester hours during the summer term. Credit for this program does not count toward graduation if the student has earned 12 or more semester hours of Credit/No Credit in student teaching or any other internship offered by the university. Note: Not more than six semester hours can be used to meet the total credit hours required in the major. **Prerequisites & Notes:** Permission of the department chairperson and acceptance of the student by a state, federal, or international agency or private sector business firm on the basis of the student's application. May not be counted as part of the 21 semester-hours requirement for economics minor. Credits: 1 to 12

ECN 4444 - Honors Independent Study.

(Arr.-Arr.-3) Consideration of special topics in Economics. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. The course may be repeated for a maximum of six semester hours. Repeating a course must be approved by the Departmental Honors Coordinator. **Prerequisites & Notes:** Admission to the Departmental Honors College and permission of the Departmental Honors Coordinator. Credits: 3

ECN 4570 - Economic Problems of Developing Countries.

(3-0-3) F. An analysis of the economic problems of the developing countries and theories of economic development. **Prerequisites**

& Notes: ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 4644 - Honors Thesis.

(Arr.-Arr.-3) Intensive research in preparation of a thesis on a topic in Economics approved by faculty supervisor and the Departmental Honors Coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

ECN 4666 - Honors Seminar.

(Arr.-Arr.-3) Areas of investigation which require integration of Economics and research will be treated. The course may be repeated for a maximum of six semester hours. Repeating a course must be approved by the Departmental Honors Coordinator. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

ECN 4689 - Theory and Research.

(3-0-3) F, S. A capstone course to apply theory in undergraduate research. A written report and an oral presentation are required. WI **Prerequisites & Notes:** ECN 3972, ECN 4801, and ECN 4802, and admission to the Department of Economics major or permission of instructor. This capstone course is intended for Economics majors to be taken in the last semester before graduation. Credits: 3

ECN 4751 - Managerial Economics.

(3-0-3) F. The application of economic theory and method to managerial decision making. **Prerequisites & Notes:** ECN 2802G or ECN 2892G or BUS 2810, or other equivalent courses subject to departmental approval. Credits: 3

ECN 4801 - Intermediate Macroeconomic Theory.

(3-0-3) F, S. An analysis of the determination of national income, employment, wages, and factors affecting inflation and growth. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 4802 - Intermediate Microeconomic Theory.

(3-0-3) F, S. An examination of the role of prices in determining the allocation of resources, the forces governing the consumption and production of economic goods, the performance of the firm, and the efficiency implications of alternative market structures and government policies. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 4803 - Mathematical Economics.

(3-0-3) The application of mathematical tools to economics. Various economic theories are formulated in a mathematical framework. **Prerequisites & Notes:** ECN 4802 or permission of the instructor. Credits: 3

ECN 4840 - Money and Banking.

(3-0-3) F, S. A thorough examination of the financial system along with the instrumental role it plays in a modern economy. Emphasis is placed on the structure of the financial system by analyzing money, financial instruments, financial institutions, financial markets, and the functions of the Central Bank. **Prerequisites & Notes:** ECN 2802G or ECN 2892G. Credits: 3

ECN 4850 - Economic Analysis of Law.

(3-0-3) S. An economic analysis of the major areas of law: property, contract, torts, criminal law. Emphasis on the study of economic forces in the evolution of the rule of law and application of economic reasoning techniques to the critique of legal institutions. Examination of conflicts between economic efficiency

and other social goals such as fairness, democracy, and justice.

Prerequisites & Notes: ECN 2802G or ECN 2892G. Credits: 3

ECN 4861 - International Economic Problems.

(3-0-3) F. An in-depth examination of current international economic problems such as balance of payments adjustment, exchange rate policy, and international monetary mechanisms.

Prerequisites & Notes: ECN 3860 or ECN 3891 or permission of the instructor. Credits: 3

ECN 4875 - Area Studies.

(3-0-3) S. A study of economic conditions and development problems in a specific geographical area such as Southeast Asia, Tropical Africa, or the Middle East. The topic may vary from semester to semester; the course may be repeated with each change of topic. WI **Prerequisites & Notes:** ECN 2802G or ECN 2892G or permission of instructor. Credits: 3

ECN 4890 - Topics in Labor Economics.

(3-0-3) F, S. An examination of contemporary labor economics topics such as labor history, collective bargaining, labor law, poverty, compensation structure, discrimination, and wage differentials. May be repeated once with change of topics.

Prerequisites & Notes: ECN 2802G or ECN 2892G or permission of the instructor. Credits: 3

ECN 4900 - Issues in Economics.

(3-0-3) An analysis of selected economic problems. Topics to be announced. May be repeated once with change in topic.

Prerequisites & Notes: ECN 2802G or ECN 2892G and senior or graduate standing or permission of the instructor. Credits: 3

ECN 4950 - Independent Study.

(Arr.-Arr.-2-3) Independent study in economics. Designed for individual student needs at either the undergraduate or graduate level. **Prerequisites & Notes:** ECN 2802G or ECN 2892G and pre-registration conference with the department chairperson. Credits: 2 to 3

ECN 4973 - Intermediate Econometrics.

(3-0-3) S. A study of regression estimations, tests and predictions, estimation problems and remedies, simultaneous equations systems with application to economics. **Prerequisites & Notes:** ECN 3972 (or MAT 3702) and 1441G (or MAT 2110G), and MAT 2120G or MAT 2190G (or MAT 2550), or permission of the instructor. Credits: 3

Education (EDU)

EDU 2022 - Teaching and Learning with Technology in Classrooms.

(2-1-2) This course, based on the national and state educational technology standards, is designed to prepare teachers to integrate technology into the curriculum. This course will focus on the effective use of technology in teaching and learning. Credits: 2

EDU 4281 - Teaching Reading and Language Arts in Secondary Classrooms.

(3-0-3) F, S. A focus on the methods, materials and strategies used by secondary teachers as they meet the diverse needs of students. Emphasis will be on the utilization of reading, writing, speaking and listening integration within the curriculum.

Prerequisites & Notes: SED 3330 or equivalent or permission of Department Chair Early Childhood, Elementary, and Middle Level Education. Credit will not be given for both MLE 4280 and EDU 4281. Credits: 3

EDU 4552 - Alternative Certification: General Teaching Methods.

(8-3-8) Su. This course addresses Illinois Professional Teaching Standards General Methods, including student diversity, language arts/reading, and technology. The course is part of the academically rigorous, intensive Alternative Certification Program that includes EDU 4551 and EDU 4553. **Prerequisites & Notes:** Must be admitted to the Alternative Certification Program and have received a "B" or better in EDU 4550. Credits: 8

Educational Foundations (EDF)

EDF 2555G - Education in a Diverse Society: The Multilingual/Multicultural Classroom.

(3-0-3) How schooling is shaped by and ought to respond to the social contexts in which it occurs, particularly multicultural, multilingual, and global contexts. Equivalent Course: EDF 2595G. Grade and credit hours for this course will be removed if student already has credit for or is registered in EDF 2595G. WI Credits: 3

EDF 2595G - Education in a Diverse Society: The Multilingual/Multicultural Classroom, Honors.

(3-0-3) On Demand. How schooling is shaped by and ought to respond to the social contexts in which it occurs, particularly multicultural, multilingual, and global contexts. Equivalent Course: EDF 2555G. Grade and credit hours for this course will be removed if student already has credit for or is registered in EDF 2555G. WI **Prerequisites & Notes:** Admission to the Honors College. Credits: 3

EDF 4550 - Critical Focus on Education.

(3-0-3) Integrative reading, writing, and reflection on critical issues in education, using theory as a guide to effective practice. Equivalent Course: EDF 4595. Grade and credit hours for this course will be removed if student already has credit for or is registered in EDF 4595. WI **Prerequisites & Notes:** Junior standing and University approval to take teacher education courses. Credits: 3

EDF 4595 - Critical Focus on Education, Honors.

(3-0-3) On Demand. Integrative reading, writing, and reflection on critical issues in education, using theory as a guide to effective practice. Equivalent Course: EDF 4550. Grade and credit hours for this course will be removed if student already has credit for or is registered in EDF 4550. WI **Prerequisites & Notes:** Junior standing, admission to the Honors College, and University approval to take teacher education courses. Credits: 3

EDF 47411 - Independent Study.

(Arr.-Arr.-1) As arranged. May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the Department Chairperson. Credits: 1

EDF 47412 - Independent Study.

(Arr.-Arr.-2) As arranged. May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the Department Chairperson. Credits: 2

EDF 47413 - Independent Study.

(Arr.-Arr.-3) As arranged. May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the Department Chairperson. Credits: 3

EDF 4750 - Introduction to Adult Education.

(3-0-3) Adult education today, its career opportunities, and its historical and theoretical foundations. Credits: 3

Educational Psychology (EDP)

EDP 2330 - Educational Psychology: Foundations for Teachers.

(3-0-3). This course focuses on topics in educational psychology including individual growth and development, motivation, learning theories, intelligence and personality, classroom management, student evaluation, and best practices in the classroom. A limit of 3 hours may be applied to a major or minor. Credits: 3

EDP 4790 - Studies in Education.

(2-0-2) Problems in education, student activities, curriculum, guidance, and evaluation. Each student assigned an individual problem. Credits: 2

EDP 4800 - Studies in Education.

(1-0-1) On Demand. Problems in education, student activities, curriculum, guidance, and evaluation. Each student is assigned an individual problem. Credits: 1

Electrical Engineering (EEN)

EEN 1001 - Introduction to Physics and Engineering.

(1-0-1) S. An introductory course aimed at introducing new students in physics and engineering degree programs to those disciplines, methods of study applicable to those programs, expectations of careers in those disciplines, and resources and opportunities available to them during their undergraduate education. EEN 1001 is cross listed with PHY 1001. Credits: 1

EEN 1100 - Introduction to Logic Design.

(3-0-3) S. Introductory course in digital logic design that will introduce the students to number systems and codes, logic gates, and Boolean algebra, combinational logic circuits, flip-flops and related devices, digital arithmetic such as operations and circuits, counters and registers. Credits: 3

EEN 3150 - Electronics.

(2-4-4) F. A study of the fundamental principles of, and hands-on experience with, analog electronics. Topics include: DC, AC and transient circuit analysis techniques, rectification, active and passive filtering, regulation, oscillator circuits, and computer simulations using PSpice. EEN 3150 is cross listed with PHY 3150. **Prerequisites & Notes:** PHY 1161, 1162 or 1361, 1362; MAT 2110G or 1441G. Credits: 4

EEN 3270 - Introduction to Circuit Analysis.

(4-0-4) On Demand. Basic principles of network analysis, including Kirchoff's laws, node and mesh equations, equivalent circuits, operational amplifiers, transient analysis, sinusoidal steady-state analysis, three-phase circuits, transformers, network functions, and frequency response. EEN 3270 is cross listed with PHY 3270. EGR 931 **Prerequisites & Notes:** PHY 1361, PHY 1362; prior credit or concurrent enrollment in MAT 3501. Credits: 4

EEN 4275 - Internship in Electrical Engineering.

(0-3 to 6-1 to 2) On Demand. Students participate in an internship position in an industry related to electrical engineering to gain practical experiences in the field. Course is restricted to Physics and Engineering majors. **Prerequisites & Notes:** EEN 4301 and EEN 4401 with a grade of "C" or better. Credits: 1 to 2

EEN 4301 - Digital Systems and Design.

(3-3-4) F-odd-numbered-years. This course focuses on the principles and practices of digital systems and design. Topics include logic signals and gates, CMOS logic, bipolar logic, combinational and sequential logic design, VHDL hardware

description language, and an introduction to memory, complex programmable logic devices, and field-programmable gate arrays. **Prerequisites & Notes:** A grade of "C" or better in CSM 2170 and PHY 3720. Credits: 4

EEN 4401 - Signals and Systems.

(3-0-3) F-even-numbered-years. Development of continuous-and discrete-time concepts and methods, including convolution, Fourier Analysis, Laplace Transform, and Z-Transform, and introduction to applications in sampling and filtering. **Prerequisites & Notes:** A grade of "C" or better in PHY 3270. Credits: 3

EEN 4501 - Feedback & Control Systems.

(3-3-4) S-even-numbered-years. This introductory course on modern feedback and control systems including topics in stability, root locus, frequency response methods, Nyquist/Bode diagrams, application of Laplace and Fourier transforms, lead-lag, PID compensators, digital control, and practical hardware implementation. **Prerequisites & Notes:** A grade of "C" or better in PHY 3270 and MAT 3501. Credits: 4

EEN 4601 - Semiconductor Device Physics.

(3-0-3) F-odd-numbered-years. The physics and operating principles of semiconductor devices including pn junctions, Schottky barriers, bipolar junction transistors, field effect transistors, and optical devices. **Prerequisites & Notes:** A grade of "C" or better in MAT 2443 and PHY 1371. Credits: 3

EEN 4701 - Senior Design.

(1-5-3) S. This course is a capstone experience for students in the electrical engineering major. Students work in teams to complete an engineering design that is fully documented and prototyped. **Prerequisites & Notes:** A minimum of 15 semester hours of courses with the EEN prefix. Credits: 3

EEN 4780 - Introduction to Plasma Physics.

(3-0-3) S (odd-numbered years). Plasma is sometimes called the fourth state of matter. It occurs when the material is hot enough that thermal collisions can free electrons from the atoms. In this course the implications and applications of plasma will be studied. the course will cover many different interactions between plasmas and electric and magnetic fields. **Prerequisites & Notes:** A grade of "C" or better in PHY 2450 and PHY 3410. Cross listed with PHY 4780. **Note: This is a new course, effective Spring 2023.** Credits: 3

Elementary Education (ELE)

ELE 1050 - Introduction to Teaching as a Profession.

(1-0-1) F, S. This course is designed to enhance the transition, integration and retention of freshmen and transfer students who wish to pursue a career in Early Childhood, Elementary and Middle Level education. Students will be introduced to the EC/ELE/MLE program, with particular emphasis on the specific skill sets and dispositions necessary for success in the major. Credits: 1

ELE 2050 - The Whole Child: Teaching and Learning in the Educational Environment.

(3-1-3) F, S. This course is designed to introduce students to the influences that development (physical, social and emotional, cognitive, linguistic), past experience, prior knowledge, economic circumstances and issues of diversity have on the learning process. Educational beginnings, curricular trends, professional issues in teaching, characteristics of schools and other learning environments will be explored. Students will become familiar with professional dispositions and begin to practice habits of positive dispositional behavior both in and out of the classroom. Students will complete a minimum of 30 observation hours of preschool

through middle school environments. **Prerequisites & Notes:** ELE 1050. For transfer students, concurrent enrollment in ELE 1050 during the semester they enroll in ELE 2050 will be permitted with department chair approval. Credits: 3

ELE 3050 - Diverse Contexts that Influence the Learning Process.

(2-1-2) F, S. On Demand. The purpose of this course is to provide opportunities for pre-service teachers to identify qualities and potential within themselves to better the lives of children. This course is based on the premise that today's educator must be adept at collaborating with school personnel, family and community to provide a high quality of education for all students. In this course, pre-service teachers will consider how to transition from being a student of teaching to being a teacher of students through careful analysis and understanding of the entire learning dynamic. Students will participate in a minimum of 30 contact hours in a broad spectrum of integrated field experiences to foster growth as a complete educator. This course is restricted to Elementary and Middle Level majors and post baccalaureate teacher licensure majors who have met all prerequisites.

Prerequisites & Notes: ELE 1050 and ELE 2050 or equivalent, and the passing of the Test of Academic Proficiency (TAP) or an ACT composite score (with writing portion) of 22 or higher including an expectation of Junior standing. For transfer students, concurrent enrollment in ELE 1050 will be permitted with department chair approval. Credits: 2

ELE 3100 - Instructional Strategies for the Elementary Classroom.

(3-3-4) Topics include instructional strategies, models for classroom management and discipline, parent-school community involvement, and school law. Forty-five clock hours of field-based activities primarily in reading and language arts. **Prerequisites & Notes:** ELE 2050 and ELE 3050. Concurrent enrollment in ELE 3280, ELE 3340, and ELE 3350, or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met, including an expectation of second semester Junior standing. Credits: 4

ELE 3225 - Early Childhood Curriculum, Methods, and Assessment: Birth – Age Five.

(3-3-4) F, S. This course is designed to introduce teacher candidates to the field of early childhood education birth through age five. Content includes rationale/historical perspectives of early childhood education and developmental considerations in designing curriculum for teaching young children. Teacher candidates will develop, plan, and implement activities specific to areas of learning, assessment of children's learning, and collaboration with families and the community. A minimum of forty five clock hours of field experience in early childhood education settings is required. This course is restricted to Early Childhood Majors, Special Education Dual Majors, and Post Baccalaureate students who have met all prerequisites. **Prerequisites & Notes:** ELE 1050 and ELE 2050 or equivalent, and the passing of the Test of Academic Proficiency (TAP) or an ACT composite score (with writing portion) of 22 or higher. For transfer students, concurrent enrollment in ELE1050 will be permitted with department chair approval. Credits: 4

ELE 3250 - Early Childhood Curriculum, Methods, and Assessment in the Primary Grades (K-3).

(3-3-4) F, S. This course introduces teacher candidates to early childhood education in the primary grades. Content includes research-based teaching methods coupled with effective instructional theory and developmental considerations in designing curriculum for teaching young children. Teacher candidates will develop, plan, and implement lessons specific to areas of learning, assessing children's learning, and collaborating with families and the community. A minimum of 45 clock hours of field experience in early childhood primary grades is required. This course is restricted to Early Childhood Majors, Special

Education Majors, and Post Baccalaureate students who have met all prerequisites. **Prerequisites & Notes:** ELE 3225 or permission of department chair. University Teacher Education and department requirements for enrollment must be met. Co-requisite: ELE 3281 and ELE 4775. Credits: 4

ELE 3280 - Developmental Reading in the Elementary and Middle School.

(3-0-3) The instructional program in reading from kindergarten through grade eight; goals, methods, and materials with emphasis on basal reader approaches. Field-based activities will be provided in conjunction with ELE 3100; MLE 40001.

Prerequisites & Notes: ELE 3050. Concurrent enrollment in ELE 3100 or MLE 40001; or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met, including an expectation of second semester Junior standing. Credits: 3

ELE 3281 - Developmental Reading in Early Childhood.

(3-0-3) F, S. Strategies and materials for teaching reading in preschool and primary grades. Emphasis placed on emergent literacy, diagnostic procedures, individualization, evaluation, and reading interests. Field based activities will be provided in conjunction with ELE 3250. **Prerequisites & Notes:** ELE 3225. Concurrent enrollment in ELE 3250, or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met, including an expectation of second semester Junior standing. Credits: 3

ELE 3290 - Science in the Elementary and Middle School.

(3-0-3) Exploration of the nature, processes, and products of science and their relationships to society, the world, and the school curriculum. Field-based experiences will be in conjunction with ELE 4100. **Prerequisites & Notes:** Concurrent enrollment in ELE 4100 and MLE 4100, or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

ELE 3340 - Social Studies for the Elementary and Middle School.

(3-0-3) Planning and organizing for instruction; material selection; and evaluation in social studies. Field-based activities will be provided in conjunction with ELE 3100 or MLE 40001.

Prerequisites & Notes: ELE 3050 and concurrent enrollment in ELE 3100 or MLE 40001 or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met, including an expectation of second semester Junior Standing. Credits: 3

ELE 3350 - Language Arts in the Elementary and Middle Level School.

(3-0-3) This course addresses learning objectives, the research base, instructional methods, and materials for teaching and evaluating the language arts which have been aligned with the Common Core State Standards for English Language Arts and Literacy in History/Social Studies, Science, and Technical Subjects. The course also addresses the recommendations set forth by the National Council of Teachers of English (NCTE) and the International Reading Association (IRA). This course is restricted to teacher education candidates who have successfully met University teacher education requirements and departmental requirements. **Prerequisites & Notes:** ELE 3050. Concurrent enrollment in ELE 3100 or MLE 40001. University Teacher Education requirements apply and department requirements for enrollment must be met, including an expectation of second semester Junior standing. Credits: 3

ELE 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

ELE 4100 - Assessing Student Learning: A Field-Based Experience.

(2-3-3) F, S. On Demand. This course emphasizes monitoring children's learning through data-driven assessment in order to meet the needs of diverse learners. Major topics will include effective classroom management and developing positive teaching dispositions in order to become a reflective practitioner. This course includes class meeting times and supervised field experiences (minimum 60 hours). This course is restricted to Elementary, Early Childhood, and Special Education majors and Post Baccalaureate Teacher Licensure who have met all prerequisites. **Prerequisites & Notes:** Elementary: ELE 3100; or Early Childhood: ELE 3250. Concurrent enrollment in: Elementary: ELE 3290, 4280, and 4880; or Early Childhood: ELE 4770, 4280, and 4880. University Teacher Education requirements apply, and department requirements for enrollment must be met. Credits: 3

ELE 4275 - Internship in Education Studies.

(Arr.-Arr.-6-9) F, S, Su. Capstone experience in Education Studies. Focuses on curriculum design, delivery, and assessment in a specified community education setting. **Prerequisites & Notes:** ELE 4100 or MLE 4100. Credits: 6 to 9

ELE 4280 - Content Area Reading in the Elementary, Middle and Secondary School.

(3-0-3) Strategies and techniques for providing appropriate content area reading instruction for students in preschool through grade twelve. This course is restricted to teacher education candidates who have successfully met the University teacher education requirements and departmental requirements. WI **Prerequisites & Notes:** ELE 3281 for early childhood major; ELE 3280 for elementary major; ELE 3280 and MLE 3110 for middle level major; or permission of department chair. University teacher education requirements apply and department requirements for enrollment must be met. Cross-listed with MLE 4280. Credits: 3

ELE 47411 - Independent Study.

(Arr.-Arr.-1) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 1

ELE 47412 - Independent Study.

(Arr.-Arr.-2) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 2

ELE 47413 - Independent Study.

(Arr.-Arr.-3) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 3

ELE 4770 - Teaching Science and Social Science in the Primary Grades (K-3).

(3-0-3) F, S. This course introduces teacher candidates to content area instruction in the primary grades. Coursework includes research-based teaching methods coupled with effective instructional theory and developmental considerations in designing curriculum for teaching young children. Teacher candidates will develop lesson plans and an integrated thematic unit of study with a focus on science and social studies instruction. This course is restricted to Early Childhood Majors, Special Education Majors, and Post Baccalaureate students who have met all prerequisites. **Prerequisites & Notes:** ELE 3250 and ELE 3281 or permission of department chair. University Teacher Education and department requirements for enrollment must be met. Co-requisites: ELE 4100. Credits: 3

ELE 4775 - Language and Language Arts in Early Childhood.

(3-0-3) F, S. Normal language development in the young child. Techniques for specific language art skills in pre-school and primary teaching. Assessment of pupil growth and achievement in language. **Prerequisites & Notes:** ELE 3225 or permission of department chair. University Teacher Education and department requirements for enrollment must be met. Co-requisite: ELE 3250 and ELE 3281. Credits: 3

ELE 47801 - Studies in Education.

(Arr.-Arr.-1) On Demand. Issues in education, student activities, curriculum, guidance, and evaluation. May be repeated once for credit, with a maximum of six semester hours from any combination of the Studies in Education courses. **Prerequisites & Notes:** Eight semester hours in education and psychology. Credits: 1

ELE 47802 - Studies in Education.

(Arr.-Arr.-2) On Demand. Issues in education, student activities, curriculum, guidance, and evaluation. May be repeated once for credit, with a maximum of six semester hours from any combination of the Studies in Education courses. **Prerequisites & Notes:** Eight semester hours in education and psychology. Credits: 2

ELE 47803 - Studies in Education.

(Arr.-Arr.-3) On Demand. Issues in education, student activities, curriculum, guidance, and evaluation. May be repeated once for credit, with a maximum of six semester hours from any combination of the Studies in Education courses. **Prerequisites & Notes:** Eight semester hours in education and psychology. Credits: 3

ELE 4850 - Exploring English Language Learners through Study Abroad/Study Away Experiences.

(1-0-1) Su. This course is for students registered for the study abroad or study away programs coordinated by the Early Childhood, Elementary and Middle Level education department. These study abroad/study away programs are in settings with high levels of language diversity and will provide a background regarding the programs designed to meet the needs of the growing population of English Language Learners. Co-requisites: Must be registered to participate in Study Abroad/Study Away programs with field experiences in school settings with high levels of language diversity. Course may be repeated once with credit. Cross-listed with MLE 4850. Credits: 1

ELE 48551 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-1). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to programs designed to meet the needs of the growing population of English Language Learners (ELLs). Note: A minimum of 40 hours of clinical experiences required per credit hour. May be repeated once for credit, with a maximum of six semester hours from any combination of the Exploring ESL Students through Clinical Experiences courses. Cross-listed with MLE 48551. Credits: 1

ELE 48552 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-2). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to

programs designed to meet the needs of the growing population of English Language Learners (ELLs). Note: A minimum of 40 hours of clinical experiences required per credit hour. May be repeated once for credit, with a maximum of six semester hours from any combination of the Exploring ESL Students through Clinical Experiences courses. Cross-listed with MLE 48552. Credits: 2

ELE 48553 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-3). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MSEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to programs designed to meet the needs of the growing population of English Language Learners (ELLs). Note: A minimum of 40 hours of clinical experiences required per credit hour. May be repeated once for credit, with a maximum of six semester hours from any combination of the Exploring ESL Students through Clinical Experiences courses. Cross-listed with MLE 48553. Credits: 3

ELE 4880 - Diagnostic-Prescriptive Reading Instruction.

(3-0-3) Diagnostic procedures and materials in reading for teachers in self-contained and departmentalized classrooms from kindergarten through junior high/middle school. Field-based experiences. **Prerequisites & Notes:** ELE 3281 for Early Childhood Majors; ELE 3280 for Elementary and Middle Level Majors; or permission of department chair. Concurrent enrollment in ELE 4100 or MLE 4100. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

ELE 4890 - Culturally and Linguistically Diverse Students/English Language Learners: Instructional Methods.

(3-0-3) This course is designed to provide teacher candidates with the knowledge, skills and dispositions to effectively organize and implement instructional methods for students that are culturally and linguistically diverse (CLD) and/or English Language Learners (ELL). Teacher candidates will research and reflect on various methods and strategies to design instruction to meet the needs of students who are considered CLD/ELL and who may have varying levels of language proficiency. This course is restricted to teacher Education candidates who have successfully met the University Teacher Education requirements and department requirements and have met all the prerequisites. **Prerequisites & Notes:** Early Childhood Major: ELE 3250; or Elementary Education Major: ELE 3100; or permission of the Department Chair. University Teacher Education requirements apply and department requirements for enrollment must be met. Cross-listed with MLE 4890. Credits: 3

Engineering Technology (EGT)

EGT 1303 - Engineering Technology Applications.

(2-2-3) On Demand. This course exposes students to engineering principles through an application-oriented, hands-on introduction to engineering technology problem solving. Course topics include measuring, manipulation of engineering technology equations, systems of equations and matrices, basic statistics, and introductory vector analysis. **Prerequisites & Notes:** A grade of "C" or better in MAT 1270 or Math ACT of 20 or above or equivalent SAT score or by equivalent placement. Credits: 3

EGT 1323 - Computers for Engineering Technology.

(2-2-3) On Demand. This course prepares students for most effectively using computers for engineering technology applications. Credits: 3

EGT 1413 - Introduction to Engineering Technology.

(3-0-3) F. An introduction to the technological areas of communication, transportation, construction and manufacturing. The course includes study of the evolution and current status of each area as well as their interrelationships. Credits: 3

EGT 2004G - Materials Science and Evaluation.

(3-2-4) On Demand. This course provides a broad introductory study of the basic characteristics of natural and synthetic materials, including metals, polymers, ceramics, and composites. This course places particular emphasis on the physical, mechanical, and chemical properties of materials, as well as their realized and potential applications. Course lectures and discussions will be enhanced by laboratory experiences where students will evaluate properties for various materials through mechanical testing, chemical and heat treatments, and microscopic examination. Credits: 4

EGT 2043 - Computer-Aided Engineering Drawing.

(1-4-3) F. Sketching, spatial visualization, computer-aided drawing (CAD) procedures, multi-view drawing, dimensioning, tolerancing, threads and fasteners, and descriptive geometry. EGR 941 **Prerequisites & Notes:** Permission of instructor. Credits: 3

EGT 2324 - Electricity and Electronic Controls.

(3-3-4) On Demand. This course introduces students to electrical theories through practice. Students will examine multiple control mechanisms to most effectively utilize electricity and electronics with the use of sensors, switching, microcontrollers, and programmable logic controllers. **Prerequisites & Notes:** A grade of "C" or better in EGT 1323 or BUS 1950. Credits: 4

EGT 2424 - Manufacturing and Fabrication Processes.

(2-4-4) S. Study of processes involved in transforming primary materials into manufactured and fabricated products through casting, molding, turning, drilling, shaping, milling, grinding, forming, conditioning, fastening and finishing processes. **Prerequisites & Notes:** A grade of "C" or better in EGT 2004G. Credits: 4

EGT 2773 - Safety for Engineering Technology Professionals.

(3-0-3) On Demand. This course prepares engineering technology students for a career in the engineering technology workforce with an awareness of hazards in the workplace and techniques for managing them. **Prerequisites & Notes:** A grade of "C" or better in EGT 1413 or CMG 1000. Credits: 3

EGT 3063 - 3D Modeling.

(1-4-3) S. Planning and developing computer-aided solid models for design and manufacturing and assembly modeling. **Prerequisites & Notes:** EGT 2043. Credits: 3

EGT 3103 - Robots and Control Systems.

(1-4-3) On Demand. A study of control systems and programming languages related to robots, programmable controllers, and automated systems used for transportation control. Mechanical, electrical, and fluid control systems used for automated control will be emphasized. **Prerequisites & Notes:** EGT 2324. Credits: 3

EGT 3253 - Energy Technology.

(3-0-3) On Demand. A study of energy sources and energy conversion processes involving electrical, mechanical, fluidic, and other methods. Includes theory of conversion, principles of operation and basic design. **Prerequisites & Notes:** EGT 1303 or Math ACT score of 20 or higher. Credits: 3

EGT 3414 - Engineering Technology Project Management.
(4-0-4) F. This course is designed to prepare students to analyze and evaluate the worth of products, systems, structures, and services in relation to their costs; develop and utilize network techniques such as PERT/CPM; schedule activities; develop project budgets; allocate resources; and control progress and costs of technical projects. **Prerequisites & Notes:** EGT 1323. Credits: 4

EGT 3453 - Renewable Energy.
(3-0-3) On Demand. A study of the technology and systems of alternative and renewable energy resources with emphasis on energy generation and utilization for heating, cooling, electrical generation, industrial processes, transportation, residential and commercial uses. **Prerequisites & Notes:** EGT 3253. Credits: 3

EGT 3663 - CNC and Rapid Prototyping.
(2-2-3) On Demand. Introduction to subtractive and additive manufacturing processes focusing on Computer Numerical Control Technology and Rapid Prototyping Technology. This course includes a study of engineering design, product development processes, design for manufacturing, and reverse engineering technology. **Prerequisites & Notes:** A grade of "C" or better in EGT 3063. This course is restricted to Engineering Technology majors and minors. Credits: 3

EGT 3703 - Machine Design.
(3-0-3) S. Design of basic machine components: shafts, springs, bearings, gears, fasteners, belts, chains, screws, lubrication systems, welded joints, brakes, clutches, and hydraulic/pneumatic systems. **Prerequisites & Notes:** EGT 2953 and PHY 1151G/1152G. Credits: 3

EGT 3753 - Biometrics in Engineering Technology.
(2-2-3) On Demand. A study on the fundamentals of biometrics and its technological applications including identification, verification, surveillance, and security. **Prerequisites & Notes:** A grade of "C" or better in EGT 2324. This course is restricted to Engineering Technology and Computer Information Technology majors. Credits: 3

EGT 3763 - Automation and Data Capture.
(2-2-3) On Demand. This course allows students to develop automated systems for sorting, picking, and other distribution logistic operations using programmable logic controllers, micro-controllers, barcoding, and radio-frequency identification (RFID) to coincide with databases and inventory management. **Prerequisites & Notes:** EGT 2324. Credits: 3

EGT 3803 - Engineering Technology Ergonomics.
(3-0-3) On Demand. This course prepares students to design jobs, tasks, and workstations that will prevent cumulative traumatic disorders, repetitive motion diseases, circadian disruption, and workplace stress. **Prerequisites & Notes:** A grade of "C" or better in EGT 2773. Credits: 3

EGT 4503 - Engineering Technology Cost Analysis.
(3-0-3) On Demand. Engineering Technology Cost Analysis examines engineering costs, machine depreciation, and return on investment as it affects the engineering workplace. **Prerequisites & Notes:** A grade of "C" or better in EGT 3414 and MAT 1271 or MAT 1330. Credits: 3

EGT 4673 - Work Measurement and Method Design.
(3-0-3) S. Principles of motion and time study and methods engineering for the purpose of increasing productivity and reducing human effort. Special emphasis will be given to design and measurement of work in industrial environments. **Prerequisites & Notes:** EGT 1323 and MAT 2120G or 1441G. Credits: 3

EGT 4704 - Engineering Technology Capstone.
(2-4-4) Comprehensive applications of the knowledge and skills learned in a student's degree program. Focus on the integration and synthesis of content through critical thinking, project development, presentation, and professional practice. **Prerequisites & Notes:** Senior standing and a grade of "C" or better in EGT 3414 and EGT 4943. This course is restricted to Engineering Technology majors. Credits: 4

EGT 4753 - Lean Manufacturing.
(3-0-3) On Demand. A course in the fundamental concepts, principles, and tools involved in Lean Manufacturing, including utilizing lean across industries as well as its implementation. **Prerequisites & Notes:** Junior Status and EGT 1323 with a grade of "C" or higher or equivalent course. Course may not be repeated. Credits: 3

EGT 4803 - Plant Layout and Material Handling.
(3-0-3) F. Study of the arrangement of physical facilities and material handling to optimize the interrelationships among operating personnel, material flow, and the methods required in achieving enterprise objectives efficiently, economically, and safely. **Prerequisites & Notes:** EGT 1323, EGT 2043, and MAT 2120G or 1441G. Credits: 3

EGT 4823 - Facility Security.
(3-0-3) Study of physical security system including: assets, threats, vulnerabilities, and risks; Crime Prevention through Environmental Design (CPTED), site, exterior, and interior security; physical protection system design; integrated security and surveillance systems; security assessment; and security management and its role in organizations. Credits: 3

EGT 4843 - Statistical Quality and Reliability.
(3-0-3) S. Principles of total quality control; Shewhart control charts; acceptance sampling; capability and reliability studies. **Prerequisites & Notes:** EGT 1323 and BUS 2810 or MAT 2250G. Credits: 3

EGT 4903 - OSHA Certification for General Industry.
(3-0-3) S. Department of Labor coursework for OSHA-30 General Industry. The OSHA-30 is a certificate provided through the United States Department of Labor signifying 30 hours of safety training. Additional time will be spent on safety and liability management. Credits: 3

EGT 4943 - Manufacturing Management.
(3-0-3) F, S. Survey of technical management areas in a manufacturing operation. This course will include but not be limited to a study of production control methods, plant layout, scheduling, inventory control, and other phases of planning, organizing, and controlling a manufacturing operation. **Prerequisites & Notes:** EGT 1303, EGT 2424, and EGT 4753. Credits: 3

English (ENG)

ENG 0990 - English as a Second Language I.
(3-3-4) F, S. (Credit/No Credit. Does not count toward graduation. Does not count in cumulative GPA.) For students whose native language is not English. Basic review of oral and reading comprehension and expression, including basic vocabulary, sentence structure, and usage; basic oral skills in a cultural context. **Prerequisites & Notes:** Test of English as a Foreign Language (TOEFL) score of 500 minimum or certification at English Language Schools Level 9. Credits: 4

ENG 0995 - English as a Second Language II.

(3-2-4) F, S. (Credit/No Credit. Does not count toward graduation. Does not count in cumulative grade-point average.) For students whose native language is not English. Advanced review of Standard English usage, vocabulary, sentence structure, and paragraphing; introduction to theme writing; some work on oral skills in a cultural context. **Prerequisites & Notes:** ENG 0990 or Test of English as a Foreign Language (TOEFL) score of 550 minimum or certification at English Language Schools Level 9 with certification of proficiency. Credits: 4

ENG 1000 - Fundamentals of College Composition.

(3-0-3) F, S. Graded (ABC/NC) (Does not count toward graduation, but course grade does count in GPA.) A course in the improvement of the fundamentals of entry-level college writing skills. Practice and instruction in the development of an individualized process of analytical reading, prewriting, drafting, revising, editing, and proofreading. Required of students who do not meet the prerequisites for ENG 1001G and to serve as a foundational course to support preparation for the first-year writing sequence (ENG 1001G and 1002G). **WC Prerequisites & Notes:** Students who have both a high school GPA below a 3.0 and a SAT-Writing score of 430 and below/ACT-English score of 17 and below. If students wish to challenge their placement into ENG 1000, they can take the ENG 1001G Challenge Essay administered by the English department. If they pass the challenge essay, they can enroll directly into ENG 1001G. Credits: 3

ENG 1001G - College Composition I: Critical Reading & Source-Based Writing.

(3-0-3). (Graded A, B, C, N/C). College Composition I focuses on informative, analytical, evaluative, and persuasive writing and introduces students to college-level research. Students will develop sound writing processes, produce cogent writing, strengthen analytical reading skills, and work with sources. C1 900 **WC Prerequisites & Notes:** Passing grade ("C" or better) in ENG 1000 or direct placement into ENG 1001G. Students who have either a minimum high school GPA of 3.00 or a minimum ACT-English score of 18/SAT-Writing score of 430 will be placed into ENG 1001G. Students who have both a high school GPA below 3.00 and a 17 or below on ACT-English (420 or below on SAT-Writing) will be placed into ENG 1000. However, if students want to challenge their placement into ENG 1000, they will write in response to an assignment prompt administered by the English department (Composition Committee), and the department will evaluate whether placement into ENG 1001G is appropriate. Credits: 3

ENG 1002G - College Composition II: Argument & Critical Inquiry.

(3-0-3) (Graded A, B, C, N/C). College Composition II focuses on argumentation and the critical inquiry and use of sources and arguments. Course work entails analyzing others' arguments and writing a variety of well-researched and ethically responsible arguments. Students gain further practice finding relevant information from a variety of sources and evaluating, synthesizing, and presenting that information. C1 901R **WC Prerequisites & Notes:** A grade of "C" or better in ENG1001G/1091G. Credits: 3

ENG 1009G - Stories Matter 1, 2, 3, 4, 5.

(3-0-3) On Demand. A study of literary texts that engage some of the most vital topics in our world today. (1: Media and Popular Culture; 2: Law and Social Justice; 3: Identity and Culture; 4: Science and Technology; 5: Health and Medicine). **WI Prerequisites & Notes:** "C" or better in ENG 1000 (may be taken concurrently) or ENG 1001G (may be taken concurrently). A limit of 3 hours may be applied to a major or minor. Credits: 3

ENG 1091G - College Composition I: Critical Reading & Source-Based Writing, Honors.

(3-0-3) F. (Graded A, B, C, N/C). College Composition I, Honors, focuses on informative, analytical, evaluative, and persuasive writing and introduces students to college-level research. Students will develop sound writing processes, produce cogent writing, strengthen analytical reading skills, and work with sources. C1 900 **WC Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

ENG 1092G - College Composition II: Argument & Critical Inquiry, Honors.

(3-0-3) S. (Graded A, B, C, N/C). College Composition II, Honors, focuses on argumentation and the critical inquiry and use of sources and arguments. Course work entails analyzing others' arguments and writing a variety of well-researched and ethically responsible arguments. Students gain further practice finding relevant information from a variety of sources and evaluating, synthesizing, and presenting that information. C1 901R **WC Prerequisites & Notes:** A grade of "C" or better in ENG 1001G or 1091G. Credits: 3

ENG 1099G - Stories Matter, Honors 1, 2, 3, 4, 5.

(3-0-3) On Demand. A study of literary texts that engage some of the most vital topics in our world today. (1: Media and Popular Culture; 2: Law and Social Justice; 3: Identity and Culture; 4: Science and Technology; 5: Health and Medicine). **WI Prerequisites & Notes:** ENG 1001G or ENG 1091G. Credits: 3

ENG 1105 - English Major Forum.

(1-0-1) F, S. (Graded A, B, C, N/C) This course is designed to enhance the transition, integration, and retention of new, newly declared, and prospective English majors by providing them with an introduction to peers and faculty affiliated with English Studies, timely access to information necessary for productive planning, strategies for academic success, and an opportunity to chart a course through the major that prepares them for success in the future. **Prerequisites & Notes:** Students must enroll before they have completed 90 credit hours. Credits: 1

ENG 2000 - Introduction to Creative Writing.

(3-0-3) F, S. This course will introduce students to reading for craft and writing creatively across poetry, fiction, nonfiction and dramatic genres. Students will participate in workshops of their creative work and read writing in each genre. **WC Prerequisites & Notes:** A grade of "C" or better in ENG 1002G. Credits: 3

ENG 2011G - World/Multicultural Literatures.

(3-0-3) A course focusing on the global perspectives that can be gained from reading world and/or multicultural literatures. Focus will vary each semester. **WI Prerequisites & Notes:** "C" or better in ENG 1000 (may be taken concurrently) or ENG 1001G (may be taken concurrently). Credits: 3

ENG 2091G - World/Multicultural Literatures, Honors.

(3-0-3) On Demand. A course focusing on the global perspectives that can be gained from reading world and/or multicultural literatures. Focus will vary each semester. **WI Prerequisites & Notes:** ENG 1001G or ENG 1091G. Credits: 3

ENG 2205 - Introduction to Literary Studies.

(3-0-3) F, S. A study of fundamental issues underlying literary criticism and interpretation focusing on literary works, diverse critical practices, and historical backgrounds of critical strategies. Required of English Majors, open to others. **WI Prerequisites & Notes:** ENG 1002G and ENG 1105, or ENG 1002G and concurrent enrollment in ENG 1105. Credits: 3

ENG 2601 - Backgrounds of Western Literature.

(3-0-3) F, S. An introduction to the English language: its phonology and word forms, the parts of speech and their functions, basic sentence structures and their representation, stylistic patterns, standard and nonstandard dialects, viewed according to traditional and modern grammars. **Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 2950 - Transatlantic Literary History: Culture, Literacies, and Technologies I.

(3-0-3) F. An introduction to the key cultural movements and genres in Transatlantic literary history aimed at familiarizing students with the history of orality, literacy, and print technology in textual production from the Anglo-Saxon period to the beginning of the eighteenth century. WI **Prerequisites & Notes:** Grade of "C" or better in ENG 1002G. Credits: 3

ENG 2960 - Transatlantic Literary History: Culture, Literacies, and Technologies II.

(3-0-3) S. An introduction to the key cultural movements and genres in Transatlantic literary history aimed at familiarizing students with the history of literacy, and print and non-print technology in textual production from the eighteenth century to the present. WI **Prerequisites & Notes:** A grade of "C" or better in ENG 1002G. Credits: 3

ENG 3001 - Advanced Composition.

(3-0-3) On Demand. Advanced study and practice of writing in public, professional, and discipline-specific genres. WC **Prerequisites & Notes:** "C" or better in ENG 1001G/1091G and ENG 1002G/1092G. Credits: 3

ENG 3005 - Technical Communication.

(3-0-3) On Demand. Instruction and practice in technical communication and creating documents used in professional settings. Focus on communicating complex information to specialized and non-specialized audiences. Students will complete case-based and/or client-based projects in multiple genres and media. Course will also address online communication, ethical communication, document design, intercultural/global communication, collaboration, accessibility issues, and oral presentation. WC **Prerequisites & Notes:** A grade of "C" or better in ENG 1002G. Credits: 3

ENG 3008 - Digital Writing and Multimodal Texts.

(3-0-3) S. Addresses digital writing and multimodal theory and production through the lens of one or more areas of English Studies. Course engages the history of digital and multimodal literacy. Topics to be announced. WC **Prerequisites & Notes:** A grade of "C" or better in ENG 1002G. Credits: 3

ENG 3009G - Myth and Culture.

(3-0-3) F, S. Through comparative analysis of myths from diverse cultural traditions, the course will examine relationships among mythical, historical, theological, socio-anthropological and scientific ways of understanding. WI **Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3010G - Literary Masterworks.

(3-0-3) On Demand. An analysis of a group of masterworks from the Western cultural tradition that shape for us the identity of the culture and period to which they belong and that represent the great diversity within the tradition. WI **Prerequisites & Notes:** "C" or better in ENG 1001G/1091G and ENG 1002G/1092G. Credits: 3

ENG 3011 - Literary Editing and Publishing.

(3-0-3) S. This course will focus on the history, theory, and practice of literary editing, and print and digital publishing. Students will solicit and evaluate work for publication, and they will gain experience in the production, promotion, and distribution of a literary journal. WI **Prerequisites & Notes:** A grade of "C" or better in ENG 1002G or its equivalent. Credits: 3

ENG 3061 - Intermediate Nonfiction Writing.

(3-0-3) S. An intermediate course centered on the writing of creative nonfiction. Class time will be devoted to writing, reading, and discussion of creative nonfiction. WC **Prerequisites & Notes:** A grade of "C" or better in ENG 2000 or its equivalent. Credits: 3

ENG 3062 - Intermediate Poetry Writing.

(3-0-3) F. An intermediate course centered on the writing of poetry. Class time will be devoted to writing, reading, and discussion of poetry. WC **Prerequisites & Notes:** Grade of "C" or better in ENG 2000 or its equivalent. Credits: 3

ENG 3063 - Intermediate Fiction Writing.

(3-0-3) F. An intermediate course centered on the writing of fiction. Class time will be devoted to writing, reading, and discussion of fiction. **WC Prerequisites & Notes:** A grade of "C" or better in ENG 2000 or its equivalent. Credits: 3

ENG 3064 - Intermediate Dramatic Writing.

(3-0-3) S. An intermediate course centered on dramatic writing. Class time will be devoted to writing, reading, and discussion of dramatic writing. **WC Prerequisites & Notes:** A grade of "C" or better in ENG 2000 or its equivalent. Credits: 3

ENG 3090G - Literary Masterworks, Honors.

(3-0-3) On Demand. An analysis of selected masterworks from the Western cultural tradition that shape for us the identity of the culture and period to which they belong and that represent the great diversity within the tradition. **WI Prerequisites & Notes:** ENG 1002G or ENG 1092G and admission to the University Honors College. Credits: 3

ENG 3099G - Myth and Culture, Honors.

(3-0-3) On Demand. Through comparative analysis of myths from diverse cultural traditions, the course will examine relationships among mythical, historical, theological, socio-anthropological, and scientific ways of understanding. **WI Prerequisites & Notes:** ENG 1002G or ENG 1092G and admission to the University Honors College or Departmental Honors Program. Credits: 3

ENG 3100G - Cultural Foundations I.

(3-0-3) F, S. An in-depth look at three cultural foundations, two Western and one African. The course examines societies and values by exploring primary texts in literature, philosophy, and religion. Cross-listed with PHI 3100G. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3110G - Cultural Foundations II.

(3-0-3) S. An in-depth look at three significant Eastern cultural foundations. The course examines societies and values by exploring primary texts in literature, philosophy and religion. Cross-listed with PHI 3110G. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3300 - Seminar in English Studies.

(3-0-3) F, S. This seminar emphasizes research and writing skills and their applicability in academic and nonacademic contexts. Topics vary each semester but will cohere around considerations of the role of English studies in discourse (digital and print) and culture. Required of English majors. **WC Prerequisites & Notes:** A grade of "C" or better in ENG 1002G and ENG 2205 or their equivalents. Credits: 3

ENG 3401 - Methods of Teaching Composition in the Middle and Secondary School.

(3-0-3) F, S. Approaches to the teaching of composition in junior and senior high school. Includes 5 hours of on-site pre-clinical experience. **WI Prerequisites & Notes:** ENG 1002G. Prerequisites or Co-requisites: ENG 2901 and SED 2000. Credits: 3

ENG 3402 - Methods of Teaching Literature in the Middle and Secondary School.

(3-0-3) F, S. Approaches to the teaching of literature in junior and senior high school. Includes 5 hours of on-site pre-clinical experience. **WI Prerequisites & Notes:** ENG 1002G. Prerequisites or Co-requisites: SED 2000. Credits: 3

ENG 3405 - Children's Literature.

(3-0-3) F, S. Study of the rich variety of texts written for or primarily read by children, including picture books, poetry, fairy

tales, chapter books, and novels. Emphases include historical, cultural, pedagogical, critical, and theoretical perspectives. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3406 - Literature for Pre-Adolescents.

(3-0-3) On Demand. Study of literary works written for pre-adolescent readers (approximately ages 8-12, grades 4-8), including novels in a variety of genres, poetry, and picture books for older readers. Emphasis on critical evaluation encompasses literary, historical, cultural, and theoretical perspectives. **WI Prerequisites & Notes:** ENG 1002G. Course may not be repeated. Credits: 3

ENG 3504 - Film and Literature.

(2-2-3) F, S. Practical and theoretical relations between film and literature. **WI Prerequisites & Notes:** ENG 1002G. May be repeated once with permission of the Department Chairperson. Credits: 3

ENG 3600 - The Bible as Literature.

(3-0-3) S. The Hebrew Scriptures. Apocrypha, and New Testament as literary texts. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3601A - Studies in Major Writers Before 1800.

(3-0-3) On Demand. In-depth studies of major writers before 1800 with no more than three studies in any one semester. Topics to be announced. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3601B - Studies in Major Writers After 1800.

(3-0-3) On Demand. In-depth studies of major writers after 1800 with no more than three studies in any one semester. Topics to be announced. **WI Prerequisites & Notes:** ENG 1002G. Credits: 3

ENG 3604A - Special Topics in Literature and Language Before 1800.

(3-0-3) F, S. The study of risk management to include life, health, property, and liability insurance. **Prerequisites & Notes:** BUS 3710 with C or better or BUS 3070 with C or better, or permission of the Chair, School of Business. Credits: 3

FIN 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** Prerequisites to be determined by the topic(s) to be covered, and a declared School of Business major, or permission of the Chair, School of Business. Credits: 1 to 15

FIN 4110 - Special Topics in Finance.

(3-0-3) On Demand. Topics to be announced. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** BUS 3710 with C or better, or permission of the Chair, School of Business. May have specific additional prerequisites depending on the topic. Credits: 3

FIN 4200 - Portfolio Management.

(3-0-3) F, S. An introduction to constructing and managing investment portfolios. The emphasis is on maximizing investors' risk-adjusted returns through security selection and diversification. **Prerequisites & Notes:** FIN 3720 and FIN 3730, or permission of the Chair, School of Business. Credits: 3

FIN 4220 - Applied Securities Analysis.

(3-0-3) F, S. An integration of investment and portfolio management concepts with applications to real-time portfolio management. Students research, recommend, and execute buy/sell orders. Topics include analyst research, research report writing, portfolio manager decision-making, and development of skills to recognize anomalies in security markets. **Prerequisites & Notes:** FIN 3720 and FIN 3730, or permission of the Instructor. Credits: 3

FIN 4275 - Internship in Finance.

(Arr.-Arr.-1-15) (Credit/No Credit) Monitored work or service experience requiring development and application of finance knowledge and skills. **Prerequisites & Notes:** BUS 3710 with C or better, a declared Finance major, and approval of Internship Learning Agreement by the Chair, School of Business. Credits: 1 to 15

FIN 4275A - Internship in Finance I.

(Arr.-Arr.-1-15) (Credit/No Credit) Monitored work or service experience requiring development and application of finance knowledge and skills. **Prerequisites & Notes:** BUS 3710 with C or better, a declared Finance major, and approval of Internship Learning Agreement by the Chair, School of Business. Credits: 1 to 15

FIN 4300 - Retirement and Estate Planning.

(3-0-3) On Demand. An integration of the financial planning process, concepts and applications into structuring planning for retirement and the transfer of assets through a will, or trusts and

gifts. **Prerequisites & Notes:** BUS 3710, or permission of the Chair, School of Business. Credits: 3

FIN 4400 - Financial Analysis and Planning.

(3-0-3) On Demand. A seminar approach to studying the contemporary issues concerning analysis of firm performance and development of financial plans to support the firm's strategic objectives. **Prerequisites & Notes:** BUS 3710 with C or better, FIN 3720, FIN 3730, FIN 3770, and FIN 3780, or permission of the Chair, School of Business. Credits: 3

FIN 4500 - Financial Planning Case Studies.

(3-0-3) On Demand. Application and synthesis of financial and tax planning process. **Prerequisites & Notes:** FIN 3300, FIN 3720, FIN 3900, and FIN 4300, or permission of the Chair, School of Business. FIN 3900 and FIN 4300 may be taken concurrently with FIN 4500. Credits: 3

FIN 4740 - Independent Study.

(Arr.-Arr.-1-6) Intensive investigation of a topic under the supervision of an instructor. Enrollment is by application. Course may be repeated once. **WI Prerequisites & Notes:** Senior standing, BUS 3710, a declared School of Business major, cumulative grade-point average of 3.0 or higher, consent of the supervising instructor, and approval of a completed independent study plan by the Chair, School of Business. Credits: 1 to 6

FIN 4820 - International Finance.

(3-0-3) On Demand. Financial aspects of operating multinational firms. Topics included are international markets, exchange rate theories, foreign trade financing, and both raising funds and investing resources internationally. **WI Prerequisites & Notes:** Senior or Graduate standing, BUS 3710 with C or better, FIN 3730, BUS 3200 or ECN 3860, or permission of the Chair, School of Business. Credits: 3

General Studies (GST)

GST 10001, 10002 - Reading and Study Improvement.

(2-2-2) Learning principles as they apply to the development of efficient study skills, emphasis on reading instruction designed to improve comprehension and rate. May be repeated once; does not count toward graduation. Credits: 2

GST 1100 - Career Seminar.

(1-0-0) S. This course is designed to help individuals develop the skills needed to make wise decisions regarding their academic and career goals. Course may not be repeated. This course is only for students in the Gateway Program. Credits: 0

Geology/Geography (GEO)

GEO 1100G - Cultural Geography.

(3-0-3). A geographic survey of population, agriculture, politics, language, religion, folk and popular culture, ethnicity, and cities, focusing on origins, processes, and patterns in western and non-western cultures. S4 900N Credits: 3

GEO 1120G - The Natural Environment.

(3-2-4) F, S. An introduction to basic components of Earth's natural environment, focusing on physical processes related to air, water, land, and life. Topics covered include energy interactions, weather and climate, water resources, landforms, disasters, ecosystems, and human-environment relations. Credits: 4

GEO 1190G - Cultural Geography, Honors.

(3-0-3) On Demand. A geographic survey of population, agriculture, politics, language, religion, folk and popular culture, ethnicity, and cities, focusing on origins, processes, and patterns in western and non-western cultures. Field trips and a field research paper will enhance the student's ability to read and interpret places and landscapes. S4 900N **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

GEO 1200G - World Regional Geography.

(3-0-3) A geographic analysis exploring developed and developing regions of the world. Discussion of regions and countries, people and environments, will emphasize international understanding. Equivalent Course: GEO 1290G. S4 900N Credits: 3

GEO 1290G - World Regional Geography, Honors.

(3-0-3) On Demand. A geographical analysis examining the developed and developing regions of the world. Discussion of interrelationships between people and their environments from a spatial viewpoint. Research papers and class presentations are required to raise international geographic awareness. S4 900N **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

GEO 1300G - Introduction to Earth Sciences.

(3-2-4). An introduction to earth processes, resources, rocks, minerals, maps, time, and plate tectonics. The interaction of natural processes in the physical environment and human activity will be discussed. Lab work and field trip are required. P1 907L **Prerequisites & Notes:** Grade and credit hours for this course will be removed if student already has credit for or is registered in GEO 1320G. Credits: 4

GEO 1390G - Introduction to Earth Sciences, Honors.

(3-2-4) On Demand. Study of the planet Earth as a system consisting of the lithosphere, hydrosphere, and atmosphere. Emphasis on how processes occurring within the solid, liquid, and gaseous portions of the Earth system act to influence its surface. Field trips and short papers will stress scientific communication skills. **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 4

GEO 1400G - Weather and Climate.

(3-2-4) F, S. This course provides a basic understanding of global weather and climate processes. It emphasizes prominent theoretical and applied aspects of the atmosphere that affect our everyday life. Topics covered also include contemporary issues such as weather analysis, severe weather, weather forecasting, and climate change. P1 905L Credits: 4

GEO 1490G - Weather and Climate, Honors.

(3-2-4) On Demand. An introduction to the study of the atmosphere and its processes. Topics include: atmospheric structure and composition, weather elements, climatic change, and interactions between man and the atmosphere. Research papers and field trips required. P1 905L **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 4

GEO 2000G - Food and Agriculture.

(3-0-3) On Demand. . A topical and regional exploration of historic and current trends in agricultural practices and land use in the United States. Content and discussions will relate to how farmland is used, from where our food, fuel, and fiber come, and the relationships among society, the environment, and agriculture. Though not equivalent courses, students who have received credit for GEO 3330 cannot take GEO 2000G for credit. Online sections of this course are available to off-campus students only. Credits: 3

GEO 2100 - Geology of Energy Resources.

(3-0-3) S. This course is designed to explore the science behind the energy resources – how the deposits form geologically, how geologists explore the earth to discover where the deposits are located and what techniques and technology are required to extract and process the resources as well as the remediation techniques necessary to restore the landscape after extraction has ceased. **Prerequisites & Notes:** GEO 1300G or GEO 1320G or GEO 1390G or equivalent; may not be taken concurrently. Credits: 3

GEO 2200 - History of the Earth.

(3-2-4) S. A history of Earth, including its creation, evolution of the planet and of life on Earth, an investigation of mountain building, geochemical cycles, basic stratigraphic and structural relations. Both field and lab methods used to interpret Earth history events will be investigated. **Prerequisites & Notes:** GEO 1300G, 1320G, or 1390G. Credits: 4

GEO 2420 - Regional Geomorphology.

(2-2-3) On Demand. Landforms of the United States; work with maps of landforms; consideration to composition, distribution and the processes by which the land is shaped. Field trip. P1 905L Credits: 3

GEO 2440 - Mineralogy.

(3-2-4) F. A study of minerals with emphasis on crystallography, chemistry, classification, identification, genesis, and association. **Prerequisites & Notes:** GEO 1300G or GEO 1320G or GEO 1390G; and CHM 1310G and 1315G or concurrent enrollment. Credits: 4

GEO 2450G - Oceanography.

(3-0-3) Integrated, descriptive study of the world oceans including the physics, chemistry, biology, and geology of the marine environment as well as the interrelationship between the world oceans and human activities. A limit of three hours may be applied to a major or minor. Credits: 3

GEO 3000 - Geography of Illinois.

(3-0-3) Su. A regional and topical analysis of Illinois' geography. The course will focus on physical processes and landforms, historic settlement, the rural/urban divide, and current political economy, and human-environment interactions such as resource consumption, urbanization, agriculture, and the environment. Credits: 3

GEO 3020 - Natural Disasters.

(3-0-3) F. On Demand. This course examines the physical properties of different types of natural hazards—including earthquakes, volcanic eruptions, slope movements, flooding, hurricanes, and tornadoes—and human responses to them. The natural causes of these events, human risk and vulnerability, challenges of disaster preparation and response, and the role of scientists in these issues are explored. WI Credits: 3

GEO 3025 - Geography of the United States and Canada.

(3-0-3) F, Su. This course is designed as a regional geographic approach of the North American realm. The course begins with an overview of the physical and human characteristics of the U.S. and Canada followed by in-depth analysis of major themes and trends of assigned regions. Students will evaluate North America's regions and critically analyze how they function as components of national, continental, and worldwide systems. Credits: 3

GEO 3050 - Geography and Culture of Africa.

(3-0-3) On Demand. A geographic survey of Africa's contemporary development prospects, population growth and food production, rural-urban migration, changing cultural

landscapes and their impact on the environment, urban and industrial development, history of colonialism, and regional differences in economic, social, political, cultural, and environmental conditions. Credits: 3

GEO 3055 - Geography and Culture of Asia.

(3-0-3) On Demand. A regional geography with emphasis on population dynamics, physical and cultural landscapes, environment, and economic development that gives the distinct characteristics of Eastern, Southern, Southeastern and Southwestern realms of Asia. An investigation of problems and prospects of Asian countries. Credits: 3

GEO 3060 - Geography and Culture of Europe.

(3-0-3) S-even-numbered years. This course is designed as a geographic study of the European Realm that will focus on both the human and physical characteristics of the continent. Topics will include the environmental, population, cultural, economic, and political geography of the region. Special attention will be given to the dynamic changes of the European economic and political situation and how it impacts the continent and the rest of the world. Course may not be repeated. Credits: 3

GEO 3070 - Geography and Culture of Mexico, Central America and Caribbean.

(3-0-3) F. This course studies the natural and cultural landscapes of Middle America including Mexico, the Caribbean, and Central America. Special attention is given to the geographical identity and cultural diversity of the region. Topics include environmental issues, colonial history, natural resources, industrialization, geopolitical contexts, transportation, agriculture, population patterns, urban growth and migration. Credits: 3

GEO 3080 - Geography and Culture of South America.

(3-0-3) On Demand (odd-numbered years). This course studies the natural and cultural landscapes of South America. Special attention is given to the geographical identity and cultural diversity of the region. Topics include environmental issues, colonial history, natural resources, industrialization, geopolitical contexts, transportation, agriculture, population patterns, urban growth and migration. Credits: 3

GEO 3085 - Vertebrate Paleoenvironments and Paleoecology.

(3-0-3) S. This course will investigate principles of vertebrate paleontology, paleoenvironmental and paleoecological reconstructions and analyses. The focus will be on the fossil record of vertebrate organisms from their origins through the Pleistocene. **Prerequisites & Notes:** GEO 1430 or permission of the instructor; may not be taken concurrently. Restriction: Sophomore, Junior, or Senior status. Credits: 3

GEO 3115 - Introduction to Paleoclimate.

(3-2-4) F. An introduction to basic principles and applications of paleoclimatology. A review of processes and archives of climate data will be investigated using examples from Earth history. **Prerequisites & Notes:** GEO 2200 or permission of the instructor; may not be taken concurrently. Credits: 4

GEO 3200 - Human Impacts on the Environment.

(3-0-3) Emphasis on human impacts on the environment and the necessity of conservation. Discussion of sustainability and resources as potential factors limiting society's development. Focus on humans as agents of environmental change. Credits: 3

GEO 3275 - Planetary Geology.

(3-0-3) On Demand. Investigation of the nature and origin of the solar system, formation, composition, and differentiation of the planets, including planetary processes. Detailed exploration of planetary processes including impact cratering, and volcanism, atmospheric evolution, and water-rock interaction. Special focus

placed on exploration efforts past, present, and future. Credit will not be granted for both GEO 3275 and GEO 3470 Special Topics: Planetary Geology. Credits: 3

GEO 3320 - Natural Resource Management.

(3-0-3) S. A topical and regional assessment of management issues related to farmlands, wetlands, waterways, grasslands, forests, and other natural systems. Specific attention will be given to contemporary geographic issues affecting rural and agricultural landscapes in the U.S., with specific studies focusing on east-central Illinois. Credits: 3

GEO 3340 - Land Change Science.

(3-0-3) On Demand. An examination of the types, rates, causes, and consequences of contemporary land use and land cover change, primarily in the United States. Credits: 3

GEO 3400 - Broadcast Meteorology Practicum.

(3-0-3) F. Study of forecasting techniques, synoptic meteorology, and using scientific methods in determining a meteorological forecast for the general public. Students will engage in preparing daily forecasts from meteorological models and then broadcast their results online. This course will enhance the students' future in broadcasting by merging science and communication. Students will have an opportunity to work with WEIU-TV. **Prerequisites & Notes:** GEO 1400G. Credits: 3

GEO 3405 - Petrology.

(3-2-4) S. A study of the physical, chemical, spatial, and chronological properties and processes that reflect the origin, evolution, and occurrence of igneous and metamorphic rocks. Laboratory work emphasizes the petrographic microscope and its applications. Field work required. **Prerequisites & Notes:** GEO 2440. Credits: 4

GEO 3410 - Climatology.

(2-2-3) F. Study of the earth's energy and water balances, climate classification systems, synoptic climatology, paleoclimatology, agricultural and urban climatology, theory of jet streams. **Prerequisites & Notes:** GEO 1400G (or equivalent). Credits: 3

GEO 3420 - Geomorphology: Surficial Processes and Landforms.

(2-2-3) S. This course examines landforms, their development and their spatial and temporal distribution on earth's surface, and the processes responsible for their formation. The wide-ranging roles of glaciers, rivers, slope movements, wind, waves, weathering, and humans on landforms and geomorphological processes are presented. **Prerequisites & Notes:** GEO 1120G or GEO 1300G or GEO 1320G or 1390G or consent of instructor. Credits: 3

GEO 3430 - Structural Geology.

(2-2-3) F. Forces involved in the deformation of rocks with emphasis on the recognition and interpretation of the resultant geologic structures. Field work. **Prerequisites & Notes:** GEO 1430, 3405 and MAT 1330 or equivalent or permission of instructor. Credits: 3

GEO 3440 - Tectonics.

(3-0-3) S-odd-numbered years. This course will evaluate the plate tectonic paradigm in terms of its historical evolution and modern application to understanding earth processes. Focus will be placed on defining the geometric, kinematic, and dynamic framework of the three types of plate boundaries, existing problems with rigid plate theory, and the evidence for the plate tectonic approximation. Field work is required. **Prerequisites & Notes:** GEO 3430 or permission of the instructor. Credits: 3

GEO 3460 - Economic Mineral Deposits.

(2-2-3) On Demand. Origin, geologic occurrence and utilization of metallic and non-metallic mineral deposits. Field work.

Prerequisites & Notes: Prior or concurrent enrollment in GEO 3405. Credits: 3

GEO 3470 - Seminar in Geology.

(Arr.-Arr.-1-3) F, S. Discussions, reports, and field/laboratory work concerning selected geoscience topics, with instructor guidance. May be taken more than twice for credit if a different topic is covered each time. Credits: 1 to 3

GEO 3505 - Volcanology.

(2-2-3) On Demand. A study of volcanic features and eruptions. The relationship of eruptive products, styles, and mechanisms to volcanic features and hazards is emphasized. **Prerequisites & Notes:** GEO 3405 or concurrent enrollment. Credits: 3

GEO 3510 - Principles of Sedimentation.

(2-2-3) F. Sources of sediments, mechanics of transportation, depositional controls, post-depositional changes; physical and chemical properties of sedimentary rocks, classifications; analytical laboratory techniques. Field work. **Prerequisites & Notes:** GEO 2200 and 3405. Credits: 3

GEO 3525 - Hydrogeology.

(2-2-3) On Demand. The study of the inter-relationships of geological materials and processes with water. **Prerequisites & Notes:** GEO 3420. Credits: 3

GEO 3550 - Surface Water Processes and Resources.

(2-2-3) On Demand. Principles of the water cycle, surface and subsurface routing, drainage basins, stream channel form and processes, effects of climate. Illustrates human responses to and modification of hydrologic systems. Field trip required. **Prerequisites & Notes:** GEO 1120G or GEO 1300G or GEO 1320G or GEO 1390G. Credits: 3

GEO 3560 - Principles of Stratigraphy.

(2-2-3) S. Development and use of stratigraphic column, sedimentary facies, space-time relationships, principles or correlation, tectonic framework of sedimentation, analysis of clastic, organic, chemical sedimentary sequences. Field work. **Prerequisites & Notes:** GEO 3510. Credits: 3

GEO 3600 - Economic Geography.

(3-0-3) On Demand. Survey of theoretical and empirical approaches to the location of economic activities and of organizational structures. Analysis of spatial patterns of resource, industrial, commercial and service activities. Emphasis on local and regional development, growth and decline, transportation and planning. Credits: 3

GEO 3620 - Geography of Tourism.

(3-0-3) S-odd-numbered years. This course is designed as a spatial analysis of the world's major tourism destination regions including environmental, urban, and cultural attractions. Geographic and economic factors affecting the development of tourism regions are considered. Course may not be repeated. Credits: 3

GEO 3640 - Geography of Sports.

(3-0-3) S. This course is designed as a geographic survey of sports and the impact they have on the contemporary global society. This course will provide an overview of the history and current trends of sports including their origin and diffusion within the United States and around the world. The economic, social, and cultural impact of sports will also be covered. Each student is

expected to gain an understanding of how sports have changed over time and how they have shaped our society today. Credits: 3

GEO 3650 - Advanced Cultural Geography.

(3-0-3) F-odd-numbered years. Concerned with understanding the material culture that gives character to a place or area. Emphasis on a study of environmental perception, attitudes and values that influence our personal images of the world. Special focus on reading and interpreting the ordinary landscape of the manmade habitat. Credits: 3

GEO 3700 - Historical Geography of the United States.

(3-0-3) On Demand. Reconstructing past geographical landscapes of the United States to 1900. Emphasis on changing landscape patterns and spatial organization patterns through time, perception of relic landscape features and contemporary preservation of distinctive historic places and areas. Credits: 3

GEO 3750 - Population Geography.

(3-0-3) On Demand. Survey of world distribution of population through time. Examines patterns and consequences of mortality, fertility and migration. Emphasis on theories and models of migration, past and contemporary migration patterns, and information flow and individual movement in geographic space. Credits: 3

GEO 3775 - Urban Geography.

(3-0-3) S, Su. Examines from a geographic perspective the origin, location, function, internal structure, growth and interaction of urban areas in the United States and other regions of the world; considers problems of modern cities and the role of city planning in Western and non-Western contexts. Credits: 3

GEO 3780 - Land Use Planning.

(3-0-3) S, Su. An introduction to land use planning in the United States, focusing on the geographic and institutional dimensions; a survey of the policy and legislative basis for land use controls at the urban, regional, and federal level, including controlled growth, zoning, development agreements, and environmental legislation. Credits: 3

GEO 3810 - Introduction to Geographic Information Systems.

(2-2-3) F, S. An introduction to Geographic Information Systems (GIS) emphasizing broad software competency and foundations of spatial information theory. Hands-on labs will focus on conceptual understanding of how spatial entities and processes are modeled in a GIS environment, how to create high-quality maps and perform basic spatial analyses. Students will be exposed to both commercial and open source GIS. Credits: 3

GEO 3820 - Remote Sensing I.

(2-2-3) F. An introduction to basic principles and applications of remote sensing. The theory and physical properties of image acquisition, processing and analysis will be demonstrated using examples from a variety of applications. Course may not be repeated. Credits: 3

GEO 3825 - Lidar Mapping.

(2-2-3) S. The course presents the background, theory, and various applications of lidar to mapping in the geospatial field. Both physical principles of airborne laser mapping and digital processing of datasets are examined. Emphasis is given to the wide variety of possible applications. Credits: 3

GEO 3830 - GIS: Building Geodatabases.

(2-2-3) S. This course covers the fundamental concepts of building geographic databases and focuses on the storage, management, and quality control of GIS data. Students will learn how to create Esri Geodatabases, how to migrate existing data to

a geodatabase, and how to edit data stored in a geodatabase. GEO 5830 is an equivalent course. **Prerequisites & Notes:** GEO 3810 or permission from the instructor. Credits: 3

GEO 3865 - Advanced Cartography.

(1-4-3) On Demand. Instruction and practice in the techniques of thematic mapping including design, compilation, construction and photographic reproduction. Introduction to data transformation and computer-assisted reproduction. **Prerequisites & Notes:** GEO 3800. Credits: 3

GEO 3870 - Remote Sensing II.

(2-2-3) S. An advanced study in remote sensing theory and practice including in-depth variations in classification and spatial analysis procedures with applications to the geographical, geological, biological, and social sciences. **Prerequisites & Notes:** GEO 3820. Course may not be repeated. Credits: 3

GEO 3875 - Field Methods.

(1-4-3) Application of geographical field techniques to the analysis of areas. Emphasis on making physical and cultural observations and measurements including map reading, photo interpretation, field sketch mapping, compass traverses, sampling, questionnaire design, interviewing, analysis and reporting. Credits: 3

GEO 3885 - Quantitative Methods in Geography.

(3-0-3) F. Application of basic descriptive and inferential statistics. Emphasis on the understanding of the quantitative method as it is applied in the analysis and classification of geographical data and spatial problems. Credits: 3

GEO 39601 - Special Topics in Earth Science I.

(Arr.-Arr.-1-4) On Demand. Readings, discussion, reports, on-campus and off-campus fieldwork on specific areas of topics in earth science. May be repeated once. No more than six hours of Special Topics credit. **Prerequisites & Notes:** Minimum of two courses in earth science or consent of the instructor. Credits: 1 to 4

GEO 39602 - Special Topics in Earth Science II.

(Arr.-Arr.-1-4) On Demand. Readings, discussion, reports, on-campus and off-campus fieldwork on specific areas of topics in earth science. May be repeated once. No more than six hours of Special Topics credit. **Prerequisites & Notes:** Minimum of two courses in earth science or consent of the instructor. Credits: 1 to 4

GEO 39603 - Special Topics in Earth Science III.

(Arr.-Arr.-1-4) On Demand. Readings, discussion, reports, on-campus and off-campus fieldwork on specific areas of topics in earth science. May be repeated once. No more than six hours of Special Topics credit. **Prerequisites & Notes:** Minimum of two courses in earth science or consent of the instructor. Credits: 1 to 4

GEO 39701 - Study Abroad in Earth Science.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

GEO 39702 - Study Abroad in Geography.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

GEO 39703 - Study Abroad in Geology.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

GEO 40001 - Human Geography Seminar.

(3-0-1-3). On Demand. Reports and discussion of selected topics in human geography. May be taken twice for credit. Credits: 1-3

GEO 40002 - Environmental/Physical Geography Seminar.
(3-0-1-3). On Demand. Reports and discussion of selected topics in environmental/physical geography. May be taken twice for credit. Credits: 1-3

GEO 40003 - Techniques Seminar.
(3-0-1-3). On Demand. Reports and discussion of selected topics in geographic techniques. May be taken twice for credit. Credits: 1-3

GEO 4200 - Introduction to Geophysical Exploration.
(3-0-3) On Demand. Introduction to the theories of gravity, magnetism, heat flow, and reflection and refraction seismology; application of these geophysical methods in the interpretation of earth structure and composition, with emphasis on exploration for economic materials and on tectonic activity. **Prerequisites & Notes:** GEO 3430 and PHY 1161, 1162 or PHY 1361, 1362. Credits: 3

GEO 42751 - Internship in Earth Science I.
(Arr.-Arr.-1-6) On Demand. (Credit/No Credit) An individually planned work experience in a business or agency appropriate to the student's area of specialization. Note: A maximum of three semester hours may be counted as elective credit in the Earth Science minor. **Prerequisites & Notes:** Completion of at least 9 hours of course work toward Earth Science minors, permission of the Geology/Geography Department Chair, the Internship Coordinator, and acceptance of the student by a business or agency. May be repeated once. No more than 12 hours of Internship credit. Credits: 1 to 6

GEO 42752 - Internship in Earth Science II.
(Arr.-Arr.-1-6) On Demand. (Credit/No Credit) An individually planned work experience in a business or agency appropriate to the student's area of specialization. Note: A maximum of three semester hours may be counted as elective credit in the Earth Science minor. **Prerequisites & Notes:** Completion of at least 9 hours of course work toward Earth Science minors, permission of the Geology/Geography Department Chair, the Internship Coordinator, and acceptance of the student by a business or agency. May be repeated once. No more than 12 hours of Internship credit. Credits: 1 to 6

GEO 42753 - Internship in Earth Science III.
(Arr.-Arr.-1-6) On Demand. (Credit/No Credit) An individually planned work experience in a business or agency appropriate to the student's area of specialization. Note: A maximum of three semester hours may be counted as elective credit in the Earth Science minor. **Prerequisites & Notes:** Completion of at least 9 hours of course work toward Earth Science minors, permission of the Geology/Geography Department Chair, the Internship Coordinator, and acceptance of the student by a business or agency. May be repeated once. No more than 12 hours of Internship credit. Credits: 1 to 6

GEO 42851 - Internship in Geography I.
(Arr.-Arr.-1-6) On Demand. (Credit/No Credit) An individually planned work experience in a business or agency appropriate to the student's area of specialization. Note: A maximum of three semester hours may be counted as elective credit in the Geography minor. **Prerequisites & Notes:** Completion of at least 9 hours of course work toward Geography major or minor, permission of the Geology/Geography Chair, the Internship Coordinator, and acceptance of the student by a business or agency. May be repeated once. No more than 12 hours of Internship credit. Credits: 1 to 6

GEO 42852 - Internship in Geography II.
(Arr.-Arr.-1-6) On Demand. (Credit/No Credit) An individually planned work experience in a business or agency appropriate to

the student's area of specialization. Note: A maximum of three semester hours may be counted as elective credit in the Geography minor. **Prerequisites & Notes:** Completion of at least 9 hours of course work toward Geography major or minor, permission of the Geology/Geography Chair, the Internship Coordinator, and acceptance of the student by a business or agency. May be repeated once. No more than 12 hours of Internship credit. Credits: 1 to 6

GEO 42853 - Internship in Geography III.

Credits: 1 to 3

MIS 4700 - Advanced Networking.

(3-0-3) F. Internetworking concepts, advanced internetwork design, security, and administration. Enterprise network design, management and user administration. WAN data analysis and troubleshooting. **Prerequisites & Notes:** Junior, Senior or Graduate standing, MIS 3200 with a C or better, or CIT 2523 with a C or better, or CSM 3870 with a C or better, or permission of the Chair, School of Business. Credits: 3

MIS 4720 - Business Analytics Project.

(3-0-3) On Demand. Students develop business analytics projects. Data collection, preparation, analysis, and ethical considerations in business analytics are covered. Focus is on the integration and synthesis of content through critical thinking, project development, presentation, and professional practice. Students deliver presentation, reports or research papers. **Prerequisites & Notes:** OSC 4820 with a grade of "C" or better, or MIS 3060 with a grade of "C" or better, or permission of the Chair, School of Business. Must be enrolled in a School of Business major or minor. Credits: 3

MIS 4740 - Independent Study.

(Arr.-Arr.-1-6) Intensive investigation of a topic under the supervision of an instructor. Enrollment is by application. Course may be repeated once. **Prerequisites & Notes:** Senior standing, MIS 2000, a declared School of Business major or minor, cumulative grade-point average of 3.0 or higher, consent of the supervising instructor, and approval of a completed independent study plan by the Chair, School of Business. Credits: 1 to 6

MIS 4760 - Systems Analysis, Design, and Development.

(3-0-3) On Demand. Study of information systems analysis and design. This course emphasizes requirements determination, modeling techniques, development, implementation, and maintenance strategies. Includes project management techniques and the use of Computer Aided Systems Engineering (CASE) tools. **Prerequisites & Notes:** Junior, Senior or Graduate standing, MIS 2000 with a C or better and BUS 3500 with a C or better, or CSM 3870, or CSM 2170 with a C or better and CIT 2773 with a C or better, or permission of the Chair, School of Business. Credits: 3

MIS 4770 - Database and Data Management.

(3-0-3) On Demand. A study of database structures, design, and development. Includes the use of CASE tools and enterprise database management systems. Topics include: data normalization, data definition language, data manipulation language, data integrity, database applications development, and data mining. Credit will not be granted for both MIS 4770 and CSM 3950. **Prerequisites & Notes:** BUS 3500 with a C or better, or CIT 2773, or CSM 3870 or permission of the Chair, School of Business. Credits: 3

MIS 4850 - Systems Security.

(3-0-3) On Demand. Study of theories, principles and techniques of information systems security. The course covers basic security concepts, communications security, infrastructure security, cryptography, as well as operational and organizational security. **Prerequisites & Notes:** Junior, Senior or Graduate standing, BUS 3500 with a C or better, or ACC 3900 with a C or better, or CIT 2523 with a C or better, or TEC 5313 for students

enrolled in the MS in Cybersecurity degree program, or permission of the Chair, School of Business. Credits: 3

MIS 4860 - Ethical Hacking and Network Defense.

(3-0-3) On Demand. Study of the techniques and the methods of ethical hacking, security testing, and network defense. Students gain experience with the tools and techniques used by security professionals in order to locate and fix vulnerabilities in companies' network defenses. **Prerequisites & Notes:** Junior, Senior or Graduate standing, BUS 3500 with a grade of C or better, CIT 2523 with a grade of C or better, or TEC 5313 for students enrolled in the MS Cybersecurity degree program, or permission of the Chair. Credits: 3

Marketing (MAR)**MAR 3490 - Business-to-Business Marketing.**

(3-0-3) On Demand. Development of comprehensive programs of product, pricing, promotion, and distribution strategies for marketing to businesses and not-for profit organizations. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 3550 - Marketing Professionalism and Management.

(3-0-3) On Demand. This course is an intermediate course that builds on knowledge from principles of marketing to prepare students to make operational decisions within the product, place, promotion and price areas. The course develops student ability to find and organize information used for decision-making. The course introduces the format of a comprehensive marketing strategy and prepares students for the advanced, integrative, Marketing Strategies course. **Prerequisites & Notes:** BUS 3470 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 3560 - Social Media Marketing.

(3-0-3) On Demand. This course focuses on current strategies and tactics used to effectively deploy social media tools within the marketing function. It is designed to provide students hands-on experience with emphasis placed on a strategic approach to social media marketing. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 3720 - Consumer Behavior.

(3-0-3) F, S. A study of how and why people obtain, consume, and dispose of products: the role of the consumer in marketing. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 3780 - Promotion Management.

(3-0-3) On Demand. Development of comprehensive, non-personal, promotional campaigns to effectively communicate product offerings and organizational messages to target audiences. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor or the Interdisciplinary Advertising Minor, or permission of the Chair, School of Business. Credits: 3

MAR 3860 - Marketing Research.

(3-0-3) F, S. Nature and scope of marketing research; scientific method and research designs; specific marketing research procedures; research report and follow-up; and problems. **Prerequisites & Notes:** BUS 2810 with C or better, BUS 3470 with C or better, and a declared School of Business major or

minor or the Interdisciplinary Advertising Minor, or permission of the Chair, School of Business. Credits: 3

MAR 3875 - Retail Management.

(3-0-3) F, S. The objective of the course is to provide a framework for analyzing internal and external environment factors which affect the firm's retailing activities. Emphasis is placed on the firm's decisions and policies relating to demand analysis, spatial decisions, merchandise policies, pricing strategy, and promotion activities. Consideration is also given to retail control methods.

Prerequisites & Notes: BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** Prerequisites to be determined by the topic(s) to be covered, and a declared School of Business major, or permission of the Chair, School of Business. Credits: 1 to 15

MAR 4100 - Special Topics in Marketing.

(3-0-3) On Demand. Special topics in marketing. Topics to be announced. Course may be repeated once, with permission of the School of Business Chair, as topics change. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Additional prerequisites may be determined by the topic(s) to be covered. Credits: 3

MAR 4275 - Internship in Marketing.

(Arr.-Arr.-1-15) (Credit/No Credit) Monitored work or service experience requiring development and application of marketing knowledge and skills. Course may be repeated once. **Prerequisites & Notes:** BUS 3470 with C or better, a declared School of Business major, and approval of Internship Learning Agreement by the Chair, School of Business. Credits: 1 to 15

MAR 4275A - Internship in Marketing I.

(Arr.-Arr.-1-15) (Credit/No Credit) Monitored work or service experience requiring development and application of marketing knowledge and skills. Course may be repeated once. **Prerequisites & Notes:** BUS 3470 with C or better, a declared School of Business major, and approval of Internship Learning Agreement by the Chair, School of Business. Credits: 1 to 15

MAR 4400 - Services Marketing.

(3-0-3) On Demand. An in-depth exploration of the marketing of services highlighting the distinctions between marketing tangible products and services. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 4470 - Professional Sales.

(3-0-3) F, S. Students develop professional sales presentations through the application of both oral and written communication skills in the determination and satisfaction of buyers' needs. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better or ENT 3500 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 4480 - Sales Management.

(3-0-3) On Demand. This course encompasses the study of the marketing management function of planning, organizing, directing, and evaluating the sales efforts, emphasizing effective structure, supervision, and evaluation of the outside sales force and the

sales support organization. **Prerequisites & Notes:** MAR 4470 with C or better, and a declared School of Business major, or permission of the Chair, School of Business. Credits: 3

MAR 4490 - International Marketing.

(3-0-3) On Demand. Study of marketing from the international perspective. Emphasis is placed on necessary modifications of marketing strategy and practice related to global pricing and distribution, product planning, and promotions due to cultural, economic, environmental and legal differences. **Prerequisites & Notes:** BUS 3470 with C or better or BUS 3100 with C or better, and a declared School of Business major or minor, or permission of the Chair, School of Business. Credits: 3

MAR 4700 - Marketing Strategies.

(3-0-3) F, S. A study of the analysis, planning, implementation and control of marketing activities which are designed to achieve consumer satisfaction and the objectives of the organization. **Prerequisites & Notes:** Senior standing, BUS 3470 with C or better, MAR 3720 with C or better, MAR 3860 with C or better, and a declared School of Business major, or permission of the Chair, School of Business. Credits: 3

MAR 4740 - Independent Study.

(Arr.-Arr.-1-6) Intensive investigation of a topic under the supervision of an instructor. Enrollment is by application. Course may be repeated once. **Prerequisites & Notes:** Senior standing, BUS 3470 with C or better, a declared School of Business major, cumulative grade-point average of 3.0 or higher, consent of the supervising instructor, and approval of a completed independent study plan by the Chair, School of Business. Credits: 1 to 6

Mathematics and Computer Sciences (MAT)

MAT 1020 - Diagnostic Mathematics.

(0-3-1) F, S. (Credit/No Credit) MAT 1020 is not a specific course but an opportunity for those students who are under-prepared in the area of mathematics. This course is designed for elementary and middle level education majors and is to be taken simultaneously with MAT 1420. The purpose of this course is to strengthen the mathematical skills needed to successfully complete MAT 1420. Does not count toward graduation; does not count in GPA. Credits: 1

MAT 1070 - Diagnostic Mathematics.

(0-3-1) F, S. (Credit/No Credit) MAT 1070 is not a specific course but an opportunity for those students who are under-prepared in the area of mathematics. This course is designed for students enrolled in MAT 1270 and is to be taken simultaneously with MAT 1270. The purpose of this course is to strengthen the mathematical skills needed to successfully complete the MAT 1270-1271 sequence. Does not count toward graduation; does not count in GPA. Credits: 1

MAT 1160G - Mathematics: A Human Endeavor.

(3-0-3) F, S. Development of mathematical reasoning and problem solving, through concentrated study of three or four topics. Areas may include logic, sets, probability, statistics, graph theory, number theory, and/or geometry. M1 904 **Prerequisites & Notes:** This course may not be taken by students with a high school mathematics deficiency that has not been removed. This course should not be considered as preparatory for other courses in mathematics. Credits: 3

MAT 1170G - Problem Solving.

(3-0-3) F, S. A writing-intensive course in which students are presented with challenging problems in mathematics and are required to develop their own problem solving strategies and tactics. WI **Prerequisites & Notes:** ENG 1001G. This course

may not be taken by students with a high school mathematics deficiency that has not been removed. This course should not be considered as preparatory for other courses in mathematics. Credits: 3

MAT 1270 - Intermediate Algebra.

(3-0-2) F, S. Operations and procedures with equations, exponents, absolute value, inequalities, polynomials, factoring, real and complex numbers, radicals, and quadratic equations. (Does not count in cumulative grade point average or for graduation). **Prerequisites & Notes:** Satisfactory placement by department guidelines. Credits: 2

MAT 1271 - College Algebra.

(3-0-3) F, S. Review of linear and quadratic functions and inequalities; polynomial, exponential, logarithmic, rational, and inverse functions; systems of equations; matrices; graphing. (Recommended as preparation for MAT 1400, 2110G, 2120G, and 2190G.) **Prerequisites & Notes:** MAT 1270 with a "C" or better or satisfactory placement by department guidelines. Credits: 3

MAT 1330 - Analytical Trigonometry.

(2-0-2) F, S. Analytical approach to trigonometry, its properties and applications. (Recommended as preparation for MAT 1441G.) **Prerequisites & Notes:** MAT 1271 or MAT 1400 or placement by department guidelines. Credits: 2

MAT 1400 - Precalculus Mathematics.

(3-0-3) F, S. Algebraic concepts and skills needed for calculus, including such topics as the binomial theorem, sequences and series, conics, polar coordinates, parametric equations, average rates of change, and extreme values of functions. (Recommended as preparation for MAT 1441G. However, this course will not cover trigonometry, and students are encouraged to take MAT 1330 to gain trigonometric skills required in MAT 1441G.) **Prerequisites & Notes:** C or better in MAT 1271 or placement by department guidelines. Credits: 3

MAT 1410 - Precalculus and Trigonometry.

(4-0-4) F, S. A preparatory course for calculus that combines previous study of algebra and functions with trigonometric and analytic geometry concepts. Topics include linear, quadratic, polynomial exponential, and logarithmic functions (with modeling), trigonometric functions of real numbers and angles, analytic trigonometry, polar coordinates and vectors, analytic geometry, and sequences. **Prerequisites & Notes:** A "C" or better in MAT 1271 or placement by department guidelines. Note: This course replaces MAT 1400. Credits: 4

MAT 1420 - Mathematics for Elementary Teachers I.

(3-0-3) F, S. Development of mathematical proficiency through mathematical reasoning and problem solving. The study of algebraic concepts, whole numbers, integers, rational numbers, irrational numbers and the real number system. Open only to early childhood, elementary, middle level, or special education majors. **Prerequisites & Notes:** Placement by ACT Mathematics score. Credits: 3

MAT 1441G - Calculus and Analytic Geometry I.

(5-0-5) F, S. Limits, continuity, and derivatives for functions of one variable, applications of the derivative, the definite integral, applications of the integral. MTH 901; M1 900-1 **Prerequisites & Notes:** Placement by department guidelines, or C or better in both MAT 1330 and MAT 1400. Credits: 5

MAT 2110G - Brief Calculus with Applications.

(3-0-3) F, S. Differentiation and integration of polynomial, rational, exponential, and logarithmic functions, with applications to business and social science. M1 900B **Prerequisites & Notes:**

MAT 1271 with a C or better, or satisfactory placement by department guidelines. Credits: 3

MAT 2120G - Finite Mathematics.

(3-0-3) F, S. Elementary counting theory, probability, and linear programming, with applications to business and social science. M1 906 **Prerequisites & Notes:** MAT 1271 with a C or better, or satisfactory placement by department guidelines. Credits: 3

MAT 2190G - Finite Mathematics, Honors.

(3-0-3) On Demand. Elementary counting theory, probability, and linear programming, with applications to business and social science. M1 906 **Prerequisites & Notes:** MAT 1271 with a C or better, or satisfactory placement by department guidelines, and admission to the University Honors College. Credits: 3

MAT 2250G - Elementary Statistics.

(4-0-4) Descriptive and inferential statistics including measures of central tendency and dispersion, confidence intervals, and hypothesis testing. Recommended as a first course in statistics. Not open to mathematics majors. M1 902 **Prerequisites & Notes:** A grade of "C" or better in MAT 1270; or placement by department guidelines. Credits: 4

MAT 2270 - Technology in Mathematics.

(2-1-3) S. The focus of this course is how to use technology to investigate, model, simulate, and solve mathematical problems. Authentic and involved mathematical tasks and situations will be presented from a broad range of topics. Attention is given to the appropriate uses of technology and the potential drawbacks of technology in the secondary classroom. Laboratory experiences will include (but are not limited to) graphing calculators, Computer Algebra Systems, statistical tools, and dynamic geometry software. WI **Prerequisites & Notes:** MAT 1441G with a grade of "C" or better. Credits: 3

MAT 2290G - Elementary Statistics, Honors.

(4-0-4) On Demand. Descriptive and inferential statistics, including measures of central tendency and dispersion, confidence intervals, and hypothesis testing. Recommended as a first course in statistics. Not open to mathematics majors. M1 902 **Prerequisites & Notes:** MAT 1270 or satisfactory placement by department guidelines, and admission to the University Honors College. Credits: 4

MAT 2345 - Elements of Discrete Mathematics.

(3-0-3) F. Survey of discrete structures and methods. Includes set theory, graph theory, recurrence relations, analysis of algorithms and Boolean algebras. M1 905; CS 915 **Prerequisites & Notes:** MAT 1441G or permission of the instructor. Credits: 3

MAT 2400 - Introduction to Teaching Secondary Mathematics.

(1-1-1) F. Introduction to the philosophy, content standards, and pedagogical ideals for teaching mathematics at the secondary level. Open only to Mathematics with Teacher Education majors. **Prerequisites & Notes:** Completion of MAT 1441G with a grade of "C" or better. Credits: 1

MAT 2420G - Mathematics for Elementary Teachers II.

(3-0-3) F, S. Study of geometric relationships using a problem solving approach. Topics include geometry and measurement. Open only to early childhood education, elementary education, middle level education, or special education majors. M1 903 **Prerequisites & Notes:** MAT 1420, with a grade of "C" or better. NOTE: This course may not be taken by students with a high school mathematics deficiency that has not been removed. Credits: 3

MAT 2442 - Calculus and Analytic Geometry II.

(5-0-5) F, S. Transcendental functions, techniques of integration, further applications of the integral, parametric equations and polar coordinates, infinite sequences and series. MTH 902; M1 900-2
Prerequisites & Notes: C or better in MAT 1441G. Credits: 5

MAT 2443 - Calculus and Analytic Geometry III.

(4-0-4) F, S. Three-dimensional analytic geometry and vectors, differential calculus of multivariate functions, integral calculus of multivariate functions, line and surface integrals. MTH 903; M1 900-3
Prerequisites & Notes: C or better in MAT 2442. Credits: 4

MAT 2550 - Introduction to Linear Algebra.

(3-0-3) F, S. The study of linear algebra and its applications.
Prerequisites & Notes: MAT 1441G. Credits: 3

MAT 2620 - Mathematics for Elementary Teachers III.

(3-0-3) F, S. Study of probability and statistics through reasoning and problem solving. Topics include probability, descriptive statistics, and inferential statistics. Open only to early childhood education, elementary education, middle level education, or special education majors. **Prerequisites & Notes:** MAT 1420, with a grade of "C" or better. NOTE: This course may not be taken by students with a high school mathematics deficiency that has not been removed. Credits: 3

MAT 2800 - Foundations of Mathematics.

(3-0-3) F. An introduction to the foundations of mathematics. The course emphasizes the material needed as background for upper division mathematics and the tools necessary for mathematical thought. **Prerequisites & Notes:** Credit for or concurrent enrollment in MAT 1441G. Credits: 3

MAT 3271 - College Geometry I.

(3-0-3) F. The study of geometry including a review of elementary geometry. Euclidean and transformation geometries.
Prerequisites & Notes: Completion of or concurrent enrollment in MAT 2800. Credits: 3

MAT 3272 - College Geometry II.

(3-0-3) S. The study of selected topics in advanced Euclidean geometry, non-Euclidean, projective and inversion geometries.
Prerequisites & Notes: C or better in both MAT 2800 and MAT 3271. Credits: 3

MAT 3400 - Teaching Secondary Mathematics.

(3-1-3) S. A study of the content and pedagogical content knowledge appropriate for the secondary level. Task selection, lesson design and implementation, and unit planning are also emphasized. Completion of observation/interview clinical hours is required. Open only to Mathematics with Teacher Education majors. **Prerequisites & Notes:** Completion of MAT 2400 and MAT 2270 both with a grade of "C" or better. Credits: 3

MAT 3420 - Teaching Mathematics in Grades PreK-6.

(2-2-2) F, S. The study of curriculum, methods, and materials for teaching mathematics in grades Pre-K through 6. Open only to early childhood, elementary, middle level, or special education majors. **Prerequisites & Notes:** MAT 1420 with a C or better, and MAT 2420G with a C or better. Credits: 2

MAT 3501 - Differential Equations I.

(3-0-3) S. Techniques and applications of ordinary differential equations. First order ordinary differential equations and higher order linear equations. An introduction to partial differential equations, Fourier series, boundary value problems and Sturm-Liouville theory. MTH 912
Prerequisites & Notes: MAT 2442 and MAT 2443 (MAT 2443 can be taken concurrently). Credits: 3

MAT 3502 - Differential Equations II.

(3-0-3) F. Systems of differential equations, non-linear differential equations and stability, phase plane analysis, series solutions, other topics as needed. **Prerequisites & Notes:** C or better in both MAT 2443 and 3501. Credits: 3

MAT 3530 - Abstract Algebra.

(4-0-4) S. An introduction to abstract algebra including: operations and relations, mappings, groups, rings, and fields. **Prerequisites & Notes:** C or better in MAT 2800. Credits: 4

MAT 3620 - Teaching Middle Level Mathematics.

(2-2-3) F. The study of methods and materials for teaching mathematics at the middle level. **Prerequisites & Notes:** MAT 1271, MAT 1420 and 2420G, all with a C or better or MAT 2400 with a C or better. Credits: 3

MAT 3701 - Probability and Statistics I.

(3-0-3) F. Basic concepts of probability and statistics.
Prerequisites & Notes: MAT 2442. Credits: 3

MAT 3702 - Probability and Statistics II.

(3-0-3) S. Basic concepts of probability and statistics.
Prerequisites & Notes: MAT 2443 and MAT 3701. Credits: 3

MAT 3811 - Rationale Numbers and Proportional Reasoning for Middle Level Teachers.

(3-0-3) F. The investigation of rational numbers, integers, and proportional reasoning for middle level teachers. Proportional relationships found in algebra, geometry, and the number system. **Prerequisites & Notes:** A grade of "C" or better in MAT 1271, MAT 1420 and MAT 2420G. This course is restricted to early childhood education, elementary education, middle level education, and special education majors. Credits: 3

MAT 3812 - Concepts of Algebra for Middle Level Teachers.

(3-0-3) S. The investigation of the conceptual foundation of algebra relevant to middle level teaching. Algebraic reasoning, generalization of mathematical patterns, models for real world phenomena, representations of algebraic ideas, and algebraic tools for mathematical problem solving. **Prerequisites & Notes:** A grade of C or better in MAT 1271, MAT 1420, and MAT 2420G. This course is restricted to early childhood education, elementary education, middle level education and special education majors. Credits: 3

MAT 3813 - Concepts of Calculus for Middle Level Teachers.

(3-0-3) F. The investigation of the conceptual foundation of calculus relevant to middle level teaching. Content will include functions, limits, rate of change, continuity, derivatives, anti-derivatives, integrals, applications, and connections to middle level content. **Prerequisites & Notes:** A grade of C or better in MAT 1271, MAT 1420, and MAT 2420G. This course is restricted to early childhood education, elementary education, middle level education and special education majors. Credits: 3

MAT 4335 - Topics in Mathematics.

(3-0-3) On Demand. Selected topics in advanced mathematics. Topics may vary depending on student and faculty interests. May be repeated for credit, with change of topic. **Prerequisites & Notes:** Permission of the instructor. Credits: 3

MAT 4345 - Topics in Applied Mathematics.

(3-0-3) On Demand. Selected topics in applied mathematics. Topics may vary depending on student and faculty interests. May be repeated for credit, with change of topic, for a maximum of six credits. **Prerequisites & Notes:** Permission of the instructor. Credits: 3

MAT 44441 - Independent Study, Honors I.

(Arr.-0-1-3) On Demand. Consideration of a special area in mathematics of interest to the student, chosen with the approval of a faculty supervisor and the Departmental Honors Coordinator. Recommended as a first step toward undergraduate research (see Mathematics 45551, 45552), but by no means restricted to this purpose. May be repeated once for a maximum of six semester hours in MAT 44441, 44442 with the permission of the Department Chair and the Departmental Honors Coordinator. Note: A maximum of three semester hours may be applied toward the major. Up to three additional hours in MAT 44441, 44442 may be applied toward graduation. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 1 to 3

MAT 44442 - Independent Study, Honors II.

(Arr.-0-1-3) On Demand. Consideration of a special area in mathematics of interest to the student, chosen with the approval of a faculty supervisor and the Departmental Honors Coordinator. Recommended as a first step toward undergraduate research (see Mathematics 45551, 45552), but by no means restricted to this purpose. May be repeated once for a maximum of six semester hours in MAT 44441, 44442 with the permission of the Department Chair and the Departmental Honors Coordinator. Note: A maximum of three semester hours may be applied toward the major. Up to three additional hours in MAT 44441, 44442 may be applied toward graduation. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 1 to 3

MAT 44901 - Independent Study I.

(Arr.-Arr.-1-3) On Demand. Intensive individual study on a topic by the student under the supervision of the instructor. May be repeated once for a maximum of six semester hours in MAT 4490, 4491. Note: A maximum of three semester hours credit in MAT 44901, 44902 may be applied to the major. Three additional hours in MAT 44901, 44902 may be applied towards graduation. **Prerequisites & Notes:** Permission of departmental chairperson and instructor. Credits: 1 to 3

MAT 44902 - Independent Study II.

(Arr.-Arr.-1-3) On Demand. Intensive individual study on a topic by the student under the supervision of the instructor. May be repeated once for a maximum of six semester hours in MAT 4490, 4491. Note: A maximum of three semester hours credit in MAT 44901, 44902 may be applied to the major. Three additional hours in MAT 44901, 44902 may be applied towards graduation. **Prerequisites & Notes:** Permission of departmental chairperson and instructor. Credits: 1 to 3

MAT 44951 - Undergraduate Research Experience in Mathematics I.

(Arr.-Arr.-3) On Demand. An opportunity for a student to work one-on-one with a faculty member on a problem or topic of mutual interest, culminating in a substantial paper and an oral presentation. May be repeated once for a maximum of 6 semester hours in MAT 44951, 44952. **Prerequisites & Notes:** Senior standing and permission of faculty member and department chairperson. Limited to Mathematics majors and Mathematics and Computer Science majors. Credits: 3

MAT 44952 - Undergraduate Research Experience in Mathematics II.

(Arr.-Arr.-3) On Demand. An opportunity for a student to work one-on-one with a faculty member on a problem or topic of mutual interest, culminating in a substantial paper and an oral presentation. May be repeated once for a maximum of 6 semester hours in MAT 44951, 44952. **Prerequisites & Notes:** Senior standing and permission of faculty member and department chairperson. Limited to Mathematics majors and Mathematics and Computer Science majors. Credits: 3

MAT 45551 - Honors Research I.

(Arr.-0-1-3) On Demand. The student chooses and pursues an original research problem under the guidance of a faculty mentor and prepares a written report of the results. Expository topics of sufficient originality may be considered. May be repeated once with Department Chair approval. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 1 to 3

MAT 45552 - Honors Research II.

(Arr.-0-1-3) On Demand. The student chooses and pursues an original research problem under the guidance of a faculty mentor and prepares a written report of the results. Expository topics of sufficient originality may be considered. May be repeated once with Department Chair approval. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 1 to 3

MAT 4644 - Honors Thesis.

(Arr.-0-3) On Demand. Preparation of a written thesis on a topic in mathematics approved by a faculty advisor and the Departmental Honors Coordinator. Expository topics of sufficient originality may be considered. Involves intensive research and writing. Prior completion of at least one semester of Honors Research, MAT 45551 or 45552, is recommended. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

MAT 4666 - Honors Seminar.

(2 to 4-0-2 to 4) On Demand. Seminar on a selected area of mathematics. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 2 to 4

MAT 4700 - Seminar in Mathematics.

(2-0-2) S. Seminar in a topic that is related to but not covered under the usual course offerings. Connections and extensions of current mathematical ideas may be explored. Presentations, papers, or research will be required. **Prerequisites & Notes:** A "C" or better in MAT 3530 and MAT 4760. Credits: 2

MAT 4750 - Linear Programming.

(3-0-3) On Demand. A study of linear inequalities, linear programming problems and the techniques for solving linear programming problems by the simplex method. **Prerequisites & Notes:** MAT 2442 and (MAT 2550 or 4760). Credits: 3

MAT 4760 - Linear Algebra.

(4-0-4) F. Vector spaces, linear transformations, dual spaces, invariant direct sum decompositions, Jordan form, inner product spaces. **Prerequisites & Notes:** MAT 3530. Credits: 4

MAT 4780 - Mathematics of Interest.

(3-0-3) On Demand. Compound and simple interest, annuities, amortization and sinking funds, bonds, and other topics related to insurance. **Prerequisites & Notes:** MAT 2443. Credits: 3

MAT 4810A - Topics in Geometry for Elementary and Middle Level.

(Arr.-Arr.-1-4) On Demand. Topics from geometry useful in elementary, middle level, and/or junior high school. May not be repeated. A maximum of 12 semester hours in MAT 4810A, B, F, H may be counted toward a degree program. **Prerequisites & Notes:** High school Geometry and Algebra II, or MAT 1271 or placement by ACT Mathematics score; and MAT 1420 and 2420G, all with a C or better. Credits: 1 to 4

MAT 4810B - Topics in the History of Mathematics for Elementary and Middle Level.

(Arr.-Arr.-1-4) On Demand. Topics from the history of mathematics useful in elementary, middle level, and/or junior high school. May not be repeated. A maximum of twelve semester hours credit in MAT 4810A, B, F, H may be counted toward a degree program. **Prerequisites & Notes:** High school Geometry and Algebra II, or MAT 1271 or placement by ACT Mathematics score; and MAT 1420 and 2420G, all with a C or better. Credits: 1 to 4

MAT 4810F - Topics in Number Theory for Elementary and Middle Level.

(Arr.-Arr.-1-4) On Demand. Topics from number theory useful in elementary, middle level, and/or junior high school. May not be repeated. A maximum of twelve semester hours credit in MAT 4810A, B, F, H may be counted toward a degree program. **Prerequisites & Notes:** High school Geometry and Algebra II, or MAT 1271 or placement by ACT Mathematics score; and MAT 1420 and 2420G, all with a C or better. Credits: 1 to 4

MAT 4810H - Topics in Computer Science for Elementary and Middle Level.

(Arr.-Arr.-1-4) On Demand. Topics from computer science useful in elementary, middle level, and/or junior high school. May not be repeated. A maximum of twelve semester hours credit in MAT 4810A, B, F, H may be counted toward a degree program. **Prerequisites & Notes:** High school Geometry and Algebra II, or MAT 1271 or placement by ACT Mathematics score; and MAT 1420 and 2420G, all with a C or better. Credits: 1 to 4

MAT 4830 - Introduction to Complex Analysis with Applications.

(3-0-3) S. Introduction to complex numbers, analytic functions, linear fractional transformations, the Cauchy-Goursat theorem, residues and poles. **Prerequisites & Notes:** MAT 2443. Credits: 3

MAT 4855 - Introduction to Topology.

(3-0-3) S. Introduction to topological spaces, continuous functions, connectedness, compactness, countability, separation axioms, the Tychonoff theorem, and complete metric spaces. **Prerequisites & Notes:** MAT 3530 or permission of instructor. Credits: 3

MAT 4860 - Mathematical Analysis.

(4-0-4) F. A study of limits, convergence of sequences and series, continuity, differentiation, and Riemann integration. **Prerequisites & Notes:** MAT 3530 and C or better in MAT 2443. Credits: 4

MAT 4900 - History of Mathematics.

(3-0-3) F. The Ancient Orient. The period of Ancient Greece. The Hellenistic period. Seventeenth to nineteenth century A.D. The beginnings of modern Mathematics. **Prerequisites & Notes:** MAT 2800. Credits: 3

MAT 4910 - Number Theory.

(3-0-3) On Demand. Divisibility, primes, congruences, solution of congruences, power residues, quadratic reciprocity, numerical functions, diophantine equations. **Prerequisites & Notes:** MAT 3530. Credits: 3

Medieval Studies (MDVL)

MDVL 2000G - Introduction to Medieval Studies.

(3-0-3) On Demand. Introduction to the disciplines and discipline-specific practices that comprise Medieval Studies. WI Credits: 3

Middle Level Education (MLE)

MLE 3110 - Curriculum and Instruction in Middle-Level School.

(3-0-3) F, S. Definition and rationale for middle-level education, historical development, curriculum and organizational patterns, teacher's role in middle-level education, and planning for instruction. **Prerequisites & Notes:** ELE 2050 and 3050 or with permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

MLE 3150 - Interdisciplinary Teaching in the Middle-Level School.

(3-0-3) F, S. Interdisciplinary organization and instruction appropriate for middle-level schools. Emphasis on interdisciplinary approaches and methods that facilitate integrated learning as well as appropriate assessment and evaluation techniques. **Prerequisites & Notes:** MLE 3110 or permission of department chairperson. Concurrent enrollment with MLE 4100. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

MLE 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

MLE 40001 - Practicum in Middle School Curriculum & Instruction.

(0-3-1) Supervised middle school clinical experiences with emphasis on curriculum and instruction. Minimum 45 clock hours. **Prerequisites & Notes:** Must be taken concurrently with MLE 3110 and 4760, ELE 3280, ELE 3340, ELE 3350; or with permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met, including and expectation of second semester Junior standing. Credits: 1

MLE 4100 - Assessing Student Learning: A Field-Based Experience.

(2-3-3) F, S. On Demand. Assessing Student Learning. This course emphasizes monitoring children's learning through data-driven assessment in order to meet the needs of diverse learners. Major topics will include effective classroom management and developing positive teaching dispositions in order to become a reflective practitioner. This course includes class meeting times and supervised field experiences (minimum 60 hours). This course is restricted to Middle Level Majors, Special Education Majors, and Post Baccalaureate Teacher Licensure who have met all pre-requisites. **Prerequisites & Notes:** MLE 40001. Concurrent enrollment in MLE 3150, MLE 4280, ELE 3290 and ELE 4880. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

MLE 4275 - Internship in Education Studies.

(Arr.-Arr.-6-9) F, S, Su. Capstone experience in Education Studies. Focuses on curriculum design, delivery, and assessment in a specified community education setting. **Prerequisites & Notes:** ELE 4100 or MLE 4100. Credits: 6 to 9

MLE 4280 - Content Area Reading in the Elementary, Middle and Secondary School.

(3-0-3) Strategies and techniques for providing appropriate content area reading instruction for students in preschool through grade twelve. This course is restricted to teacher education candidates who have successfully met the University teacher education requirements and departmental requirements. WI **Prerequisites & Notes:** ELE 3281 for early childhood major; ELE 3280 for elementary major; ELE 3280 and MLE 3110 for middle level major; or permission of department chair. University teacher

education requirements apply and department requirements for enrollment must be met. Cross-listed with ELE 4280. Credits: 3

MLE 47411 - Independent Study.

(Arr.-Arr.-1) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 1

MLE 47412 - Independent Study.

(Arr.-Arr.-2) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 2

MLE 47413 - Independent Study.

(Arr.-Arr.-3) May be repeated once, for no more than six semester hours of Independent Study credit. **Prerequisites & Notes:** Permission of the department chairperson. Credits: 3

MLE 4760 - Student Social-Emotional Development in the Middle Grades.

(3-0-3) F, S. Instruction and planning in exploratory and teacher-based advisor-advisee programs. **Prerequisites & Notes:** ELE 2050 and 3050 for early childhood and elementary majors; Concurrent enrollment in MLE 3110 for middle level major; or permission of department chair. University Teacher Education requirements apply and department requirements for enrollment must be met. Credits: 3

MLE 47811 - Topics in Junior High/Middle School Education.

(Arr.-Arr.-1) On Demand. Current research and practices in junior high school/middle school education, (e.g., organization of school advisory programs, utilization of technology, staff development, legal/ethical concerns, curriculum issues, etc.). May be repeated once with a maximum of six semester hours from any combination of the Topics in Junior High/Middle School Education courses. **Prerequisites & Notes:** MLE 3110; or permission of department chairperson. Credits: 1

MLE 47812 - Topics in Junior High/Middle School Education.

(Arr.-Arr.-2) On Demand. Current research and practices in junior high school/middle school education, (e.g., organization of school advisory programs, utilization of technology, staff development, legal/ethical concerns, curriculum issues, etc.). May be repeated once with a maximum of six semester hours from any combination of the Topics in Junior High/Middle School Education courses. **Prerequisites & Notes:** MLE 3110; or permission of department chairperson. Credits: 2

MLE 47813 - Topics in Junior High/Middle School Education.

(Arr.-Arr.-3) On Demand. Current research and practices in junior high school/middle school education, (e.g., organization of school advisory programs, utilization of technology, staff development, legal/ethical concerns, curriculum issues, etc.). May be repeated once with a maximum of six semester hours from any combination of the Topics in Junior High/Middle School Education courses. **Prerequisites & Notes:** MLE 3110; or permission of department chairperson. Credits: 3

MLE 4850 - Exploring English Language Learners through Study Abroad/Study Away Experiences.

(1-0-1) Su. This course is for students registered for the study abroad or study away programs coordinated by the Early Childhood, Elementary and Middle Level education department. These study abroad/study away programs are in settings with high levels of language diversity and will provide a background regarding the programs designed to meet the needs of the growing population of English Language Learners. Co-requisites: Must be registered to participate in Study Abroad/Study Away programs with field experiences in school settings with high levels

of language diversity. Course may be repeated once with credit. Cross-listed with ELE 4850. Credits: 1

MLE 48551 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-1). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to programs designed to meet the needs of the growing population of English Language Learners (ELLs). Note: A minimum of 40 hours of clinical experiences required per credit hour. May be repeated once for credit, with a maximum of six semester hours from any combination of the Exploring ESL Students through Clinical Experiences courses. Cross-listed with ELE 48551. Credits: 1

MLE 48552 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-2). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to programs designed to meet the needs of the growing population of English Language Learners (ELLs). Note: A minimum of 40 hours of clinical experiences required per credit hour. May be repeated once for credit, with a maximum of six semester hours from any combination of the Exploring ESL Students through Clinical Experiences courses. Cross-listed with ELE 48552. Credits: 2

MLE 48553 - Exploring ESL Students through Clinical Experiences.

(Arr.-Arr.-3). Su. On Demand. This course is part of a clinical experiences requirement for students who are either seeking a Graduate Certificate in English as a Second Language (ESL) Instruction or MEd in Elementary Education with an emphasis in ESL Instruction. These clinical experiences will be in settings with linguistic diversity and will provide experiences with regard to programs designed to meet the needs of the growing population of English Language Learners (ELLs). Nursing (NUR)

NUR 1511 - Pathways: Health and Human Services.
(1-0-1) On Demand. This course is designed for students interested in health care and human services professions, and includes an exploration of professional career and graduate study pathways for pre-nursing and other health and human services professions. Through inter-professional experiences, students are introduced to various academic and experiential pathways into health and human services professions. Credits: 1

NUR 2612 - Pathophysiologic Concepts I.
(2-0-2) On Demand. The first of a two-part sequence, this course

introduces students to basic mechanisms underlying illness and disease. A lifespan approach is used to address common alterations in normal functioning. The emphasis of this course is on the concepts of stress & adaptation, genetics & genomics, nutrition, tissue integrity, pain, elimination, sensory perception, infection, mobility, metabolism, fluid & electrolytes, acid/base balance, and oxygenation. This course is restricted to nursing students. Credits: 2

NUR 2613 - Medical Terminology.

(3-0-3) On Demand. This course focuses on terminology useful to health professionals and necessary for accurate understanding and effective communication in the clinical setting. Analysis of terms in the context of human anatomy and physiology is emphasized. Application and evaluation of terminology within the context of all major body systems in both health and disease is stressed. Course may not be repeated. Credit hours for the course will be removed from student's hours toward graduation if student has credit for or is registered in NUR 3203. Credits: 3

NUR 2712 - Therapeutic Pharmacology I.

(2-0-2) On Demand. The first of a two-part sequence, this course introduces students to the nurse's role in pharmacotherapy including mechanisms of drug therapy impacting individuals across the lifespan. Using prototypes and exemplars, students will develop a framework for understanding the action, use, adverse effects, and nursing implications of medication administration across the lifespan. Content will emphasize the concepts of safety, person-centered care, and clinical decision-making specifically related to pain, inflammation, immunity, nutrition, digestion & elimination. This course is restricted to nursing students. Credits: 2

NUR 2822 - Health Assessment Across the Lifespan.

(2-4-4) On Demand. The emphasis of this course is on the development and application of knowledge and skills needed to perform a person-centered, comprehensive, holistic health assessment with culturally diverse individuals across the lifespan. Students will gain confidence performing physical assessment skills in supervised settings. This course is restricted to nursing students. Credits: 4

NUR 2823 - Introduction to Health and Illness Concepts in Nursing.

(3-2-4) On Demand. Students are introduced to the core values of the nursing profession and concepts that provide a foundation for safe, high quality nursing care. Emphasis is placed on professional identity, safety communication, the nursing process, clinical reasoning, and concepts supporting person-centered care. This course is restricted to nursing students. Credits: 4

NUR 3103 - Theoretical Foundations of Professional Nursing Practice.

(3-0-3) On Demand. An overview of the development, structure, and function of professional nursing practice is provided. Role transition and professional socialization are enhanced through analysis of nursing conceptual foundations. Critical thinking, inquiry, information literacy and communication are emphasized. **WI Prerequisites & Notes:** Admission to the RN to BS in Nursing Program. Course may not be repeated. Credits: 3

NUR 3303 - Advanced Nursing Health Assessment.

(2-2-3) F, S. Students build upon basic assessment skills to perform comprehensive nursing health assessment of individuals. History taking, including risk assessment, as well as physical and psychosocial assessment will be practiced. The development of sound clinical judgments based on accurate assessments will be applied. **Prerequisites & Notes:** Admission to the RN to BS in Nursing Program. Course may not be repeated. Credits: 3

NUR 3413 - Professional Development in Nursing I.

(3-0-3) On Demand. Students are introduced to the core values of the nursing profession and concepts that provide a foundation for safe, high quality nursing care. Emphasis is placed on professional identity, safety, communication, the nursing process, clinical reasoning, and concepts supporting person-centered care. This course is restricted to nursing students. Credits: 3

NUR 3513 - Professional Development Concepts in Nursing II.

(3-0-3) On Demand. This course presents advanced content related to ethical practice, clinical reasoning, quality and safety, cultural congruency, patient education, and end-of-life care. Social determinants of health and professional responsibilities across the care continuum are emphasized. **Prerequisites & Notes:** NUR 3413 with a "C" or better. This course is restricted to nursing students. Credits: 3

NUR 3608 - Pharmacogenomics in Nursing.

(4-0-4) On Demand. This course builds on basic knowledge of pathophysiology and pharmacology to enhance nursing management of illness and disease. Pathology, manifestations, diagnostics, treatments, and nursing interventions for selected disorders are addressed. Major classifications of drugs, their use in selected disorders, and nursing implications are discussed. **Prerequisites & Notes:** Admission to the RN to BS in Nursing Program. Course may not be repeated. Credits: 4

NUR 3612 - Pathophysiologic Concepts II.

(2-0-2) On Demand. This course is a continuation of NUR 2612. Using a person-centered, lifespan approach students will continue to explore the basic mechanisms underlying illness and disease. Pathophysiology specific to the concepts of cellular regulation, clotting, cognition, immunity, inflammation, intracranial regulation, neural regulation, perfusion, reproduction, and thermoregulation are addresses. **Prerequisites & Notes:** NUR 2612 with a "C" or better. This course is restricted to nursing students. Credits: 2

NUR 3703 - Research in Professional Nursing.

(3-0-3) S. The role of research in nursing, the research process, design of nursing research, ethical principles, and research methodologies are examined. The use of critical thinking in evaluating and critiquing research studies and the application of research findings to evidence-based practice are emphasized. **Prerequisites & Notes:** Admission to the RN-BS in Nursing Program. Prior completion of MAT 2250G or equivalent with a grade of "C" or better. Restriction: Students must be accepted into the RN to BS in Nursing Program. Course may not be repeated. Credits: 3

NUR 3712 - Therapeutic Pharmacology II.

(2-0-2) On Demand. The second of a two-part sequence, this course builds on content introduced in NUR 2712. Students will continue to use prototypes, exemplars, and a framework for understanding the action, use adverse effects, and nursing implications of medication administration across the lifespan. Content will emphasize the concepts of safety, person-centered care, and clinical decision-making specifically related to fluid & electrolytes, perfusion, clotting, metabolism, infection, intracranial regulation/neural regulation, cellular regulation, gas exchange & oxygenation. **Prerequisites & Notes:** NUR 2712 with a "C" or better. This course is restricted to nursing students. Credits: 2

NUR 3813 - Using Evidence to Guide Practice in Nursing.

(3-0-3) On Demand. An introduction to concepts of evidence-based practice, and the process of research in nursing with an emphasis on critical appraisal and the use of evidence to guide safe, high quality nursing care. **Prerequisites & Notes:** PUBH 2800 (or equivalent) and MAT 1160G (or equivalent) with a "C" or better. **Note: This is a new course, effective Spring 2023.** Credits: 3

NUR 3833 - Concepts of Mental and Behavioral Health.
(2-2-3) On Demand. In this course, students are introduced to psychiatric/mental health nursing; psychiatric disorders, populations at risk, continuity of care, and problems in daily living associated with behavioral/mental health conditions are covered. Principles and practice of nursing care for individuals experiencing behavioral and/or mental health care challenges throughout the lifespan are explored. Clinical considerations relative to practicum experiences are addressed. Simulation experiences will focus on application of nursing knowledge to promote, maintain, and restore health in persons across the lifespan with mental health disorders. This course is restricted to nursing students. Credits: 3

NUR 3835 - Foundations of Nursing Practice.
(3-6-5) On Demand. The emphasis of this course is on the development and application of foundational skills required for safe nursing practice. Using exemplars, student will have the opportunity to integrate knowledge from previous courses to develop clinical reasoning skills to care for adults with common chronic illnesses in both classroom and experiential learning environments. Concepts addressed in this class include: Professional Identity, Ethics, Health care delivery, Critical Thinking/clinical judgement, Safety, Hygiene, Mobility, Nutrition, Elimination, Fluids and Electrolytes, Oxygenation, Pain, Patient-centered care, Evidence-based practice, Health promotion/wellness/disease prevention. **Prerequisites & Notes:** NUR 2822 and NUR 2823 with a "C" or better. This course is restricted to nursing students. Credits: 5

NUR 3836 - Management of Health and Illness in Diverse Populations I.
(3-9-6) On Demand. The emphasis of this course is to build on the development and application of foundational skills required for safe nursing practice across the lifespan. Using exemplars, student will have the opportunity to integrate knowledge from previous courses to develop clinical reasoning skills to care for individuals with common illnesses and promote health. Concepts addressed in this class include: Fluid & electrolyte balance, gas exchange/oxygenation, metabolism, perfusion, clotting, and inflammation. **Prerequisites & Notes:** NUR 3835 with a "C" or better. This course is restricted to nursing students. Credits: 6

PHI 1990G - Logical and Critical Reasoning, Honors.

(3-0-3) F, S. A study of the structure and evaluation of arguments, focusing upon analysis and informal evaluation of everyday arguments; problem-solving strategies; formal tests of validity; conversational contexts of argumentation, and the interaction of contextual principles with principles of validity. **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PHI 2000 - Ancient Philosophy.

(3-0-3) F. An introductory historical approach to the ideas of Socrates, Plato, Aristotle and selected early Greek philosophers. H4 901; WI Credits: 3

PHI 2010 - Eastern Philosophies.

(3-0-3) S-even-numbered years. An introduction to the traditional philosophical-religious ideas of the life and culture of China, India, and Japan. H4 903N; WI Credits: 3

PHI 2090 - Ancient Philosophy, Honors.

(3-0-3) S-even-numbered years. An introductory historical approach to the ideas of Socrates, Plato, Aristotle and selected early Greek philosophers. H4 901 **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PHI 2500G - The Good Life: An Introduction to Ethics.

(3-0-3) On Demand. This course offers a critical examination of a variety of contemporary issues such as abortion, euthanasia, animal welfare and capital punishment. Ethical theories such as Utilitarianism, Kantianism, Relativism, Egoism and Natural Law are also examined. H4 900 Credits: 3

PHI 2590G - The Good Life: An Introduction to Ethics, Honors.

(3-0-3) On Demand. This course offers a critical examination of a variety of contemporary issues such as abortion, euthanasia, animal welfare and capital punishment. Ethical theories such as Utilitarianism, Kantianism, Relativism, Egoism and Natural Law are also examined. **WI Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PHI 3012 - Philosophy of Sex and Love.

(3-0-3) On Demand. This course examines the meaning and nature of sex and love. The goal is to help students reflect on how to live out their own sexuality while gaining empathy for other views. We will examine contemporary debates concerning the nature of romantic love, sexual fantasies, casual sex, consent theory, the purpose(s) of sex, what it means to "use" someone, masturbation, objectification, sadomasochism, pornography, homosexuality, marriage, and many other topics. WI Credits: 3

PHI 3020 - Ethics.

(3-0-3) On Demand. Analysis and evaluation of major normative ethical theories such as Utilitarianism, Relativism and Kant's deontological ethics. May also include issues in meta-ethics such as those concerning the nature and existence of moral properties such as "right" and "good." WI Credits: 3

PHI 3030 - Science and Human Values.

(3-0-3) F-odd-numbered years. An introductory examination of the character of scientific inquiry and its impact on religion, moral and political values. WI Credits: 3

PHI 3040 - Philosophy of Art.

(3-0-3) F-even-numbered years. A critical examination of aesthetic experience and fine art: artistic creativity, the work of art, and criteria of judgment. WI Credits: 3

PHI 3050G - Social and Political Philosophy.

(3-0-3) F-odd-numbered years. A study of some theoretical approaches to understanding social, economic, and political relations. The focus will be on political liberty and its critics from Marxist, feminist, and other perspectives. **WI Prerequisites & Notes:** ENG 1001G and ENG 1002G. Credits: 3

PHI 3070 - Philosophy of Law.

(3-0-3) On Demand. An assessment of philosophical aspects of the law such as how human laws relate to God's laws or moral laws; when civil disobedience is justified; whether rights can be limited; nature of responsibility and punishment; and selected current topics. WI Credits: 3

PHI 3080 - Medical Ethics.

(3-0-3) On Demand. This course examines the application of ethics in the context of medical practice, policy and research. Basic ethical theories are applied to medical issues in a way that involves understanding the social context in which these problems arise. Issues may include personhood, our obligations to the sick and dying, the allocation of scarce resources, informed consent, autonomy, paternalism, and others. WI Credits: 3

PHI 3100G - Cultural Foundations I.

(3-0-3) F, S. An in-depth look at three cultural foundations, two Western and one African. The course examines societies and values by exploring primary texts in literature, philosophy, and religion. Cross-listed with ENG 3100G. **WI Prerequisites & Notes:** ENG 1001G, ENG 1002G. Credits: 3

PHI 3110G - Cultural Foundations II.

(3-0-3) S. An in-depth look at three significant Eastern cultural foundations. The course examines societies and values by exploring primary texts in literature, philosophy and religion. Cross-listed with ENG 3110G. **WI Prerequisites & Notes:** ENG 1001G and ENG 1002G. Credits: 3

PHI 3220 - Medieval Philosophy.

(3-0-3) S-odd-numbered years. An examination of the principal philosophers from Epicurus through St. Thomas Aquinas. WI Credits: 3

PHI 3260 - Modern Philosophy.

(3-0-3) S. Philosophical thought during the scientific revolution and the Enlightenment, including the influence of the new sciences and of reason on religious, moral, and metaphysical beliefs. Readings include Descartes, Hume, and Kant. WI Credits: 3

PHI 3280 - Nineteenth Century Philosophy.

(3-0-3) F-even-numbered years. Focuses on the post-Enlightenment critique of objective truth given historical, economic, and cultural situatedness. Readings include Hegel, Marx, and Nietzsche. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3290 - Modern Philosophy, Honors.

(3-0-3) F-even-numbered years. Philosophic thought from Galileo to Kant; the foundations of modern science and implications for religious, moral and political theory. **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PHI 3310 - Indian Philosophy.

(3-0-3) F-even-numbered years. A comprehensive study of the philosophical and religious traditions of Indian thought and culture. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3320 - Chinese Philosophy.

(3-0-3) S-even-numbered years. A comprehensive study of the philosophical and religious traditions of Chinese culture. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3500 - Metaphysics.

(3-0-3) S-odd-numbered years. This course is an examination of contemporary analytical metaphysics: topics include the nature of truth, identity (including personal identity), possible worlds, material constitution and freedom of the will. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3540 - Philosophy of Mind.

(3-0-3) On Demand. A study of the major issues surrounding the concepts of mind and consciousness, and the nature of the intellectual faculties, as dealt with both historically and in contemporary theories of cognition. WI Credits: 3

PHI 3600 - Philosophy of Religion.

(3-0-3) F-odd-numbered-years. A philosophical interpretation of religion, religious experience, and fundamental problems: God, evil, immortality, religious knowledge. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3680 - Buddhism.

(3-0-3) S-odd-numbered years. An in-depth study of the philosophical, religious and historical aspects of Buddhism. WI **Prerequisites & Notes:** Three semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3700G - Language and Human Nature.

(3-0-3) On Demand. A study of human language structure as an object of scientific inquiry and its relation to questions of human nature. WI Credits: 3

PHI 3720 - Theory of Knowledge.

(3-0-3) F-odd-numbered years. This course is an examination of contemporary epistemology: topics include the nature of rationality, truth, an analysis of knowledge, and a study of the sources of human knowledge. WI **Prerequisites & Notes:** Three

semester hours in Philosophy or permission of the instructor. Credits: 3

PHI 3780 - Philosophy of Science.

(3-0-3) S-even-numbered years. A study of the major philosophical views concerning the nature and practice of science, and including such topics as theory, experimentation, and the relation of these to reality and human life. WI Credits: 3

PHI 3800 - Phenomenology and Existentialism.

(3-0-3) F-even-numbered years. An examination of the leading exponents of the phenomenological movement in 20th century philosophy, including existentialism. The course will cover such figures as Husserl, Heidegger, Sartre, Jaspers and Merleau-Ponty. WI Credits: 3

PHI 3820 - Contemporary European Philosophy.

(3-0-3) S-odd-numbered years. A survey of contemporary movements in European philosophy, including hermeneutics, deconstruction, critical theory, post-structuralism, and post-modernism. Covers the later Heidegger, Derrida, Foucault, Habermas, Ricoeur, Gadamer, Lyotard and Rorty. WI Credits: 3

PHI 3900 - Symbolic Logic.

(3-0-3) On Demand. A survey of formal methods for analyzing and evaluating arguments. **Prerequisites & Notes:** PHI 1900G or permission of the instructor. Credits: 3

PHI 3970 - Study Abroad.

(Arr.-Arr.-1-15) See STA 3970. Credits: 1 to 15

PHI 3980 - Special Topics in Philosophy.

(3-0-3) On Demand. An in-depth treatment of a single topic or figure in Philosophy, reflecting the special interests of students and the instructor. May be repeated once for credit. Credits: 3

PHI 4400A - Independent Study I.

(Arr.-Arr.1-6) Intensive individual study of a topic in Philosophy selected by the student under supervision of the instructor. **Prerequisites & Notes:** Approval of the department chairperson. The student must submit a study plan for approval by the department chair and faculty supervisor prior to registration. With permission of the department chairperson, a maximum of six semester hours may be earned in a combination of PHI 4400A, PHI 4400B, PHI 4400D and applied to the Philosophy major or minor. May be repeated once for credit. Credits: 1 to 6

PHI 4400B - Independent Study II.

(Arr.-Arr.1-6) Intensive individual study of a topic in Philosophy selected by the student under supervision of the instructor. **Prerequisites & Notes:** Approval of the department chairperson. The student must submit a study plan for approval by the department chair and faculty supervisor prior to registration. With permission of the department chairperson, a maximum of six semester hours may be earned in a combination of PHI 4400A, PHI 4400B, PHI 4400D and applied to the Philosophy major or minor. May be repeated once for credit. Credits: 1 to 6

PHI 4400D - Independent Study III.

(Arr.-Arr.1-6) Intensive individual study of a topic in Philosophy selected by the student under supervision of the instructor. **Prerequisites & Notes:** Approval of the department chairperson. The student must submit a study plan for approval by the department chair and faculty supervisor prior to registration. With permission of the department chairperson, a maximum of six semester hours may be earned in a combination of PHI 4400A, PHI 4400B, PHI 4400D and applied to the Philosophy major or minor. May be repeated once for credit. Credits: 1 to 6

PHI 4444 - Honors Independent Study.

(3-0-3) Consideration of special topics in Philosophy. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator.

Prerequisites & Notes: Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. May be taken twice for credit. Credits: 3

PHI 4480 - Seminar.

(3-0-3) S. Advanced study of selected problems, topics, or philosophers. **Prerequisites & Notes:** Nine semester hours in Philosophy and permission of the instructor. May be taken twice for credit with permission of the department chairperson. Credits: 3

PHI 4555 - Honors Research.

(3-0-3). In consultation with a faculty member, the student designs, executes, and writes the results of an original piece of research. Any methodology may be utilized. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. May be taken twice for credit. Credits: 3

PHI 4644 - Honors Thesis.

(3-0-3) Intensive research in preparation of a thesis on a topic in Philosophy approved by faculty supervisor and the Departmental Honors Coordinator. May be taken twice for credit. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

PHI 4666 - Honors Seminar.

(3-0-3) Areas of investigation which require integration of Philosophy and research will be treated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator. Credits: 3

Physical Sciences (PHS)**PHS 3400 - Methods of Teaching Physical Sciences in Middle and High School.**

(2-2-3) F. Science lesson presentations and examination of current literature concerning new approaches in teaching chemistry and physics. Thirty clock hours in pre-student teaching are included. **Prerequisites & Notes:** EDP 2330 and SED 3330; for Middle Level Education majors, MLE 3110. Credits: 3

Physics (PHY)**PHY 1001 - Introduction to Physics and Engineering.**

(1-0-1) S. An introductory course aimed at introducing new students in physics and engineering degree programs to those disciplines, methods of study applicable to those programs, expectations of careers in those disciplines, and resources and opportunities available to them during their undergraduate education. Credits: 1

PHY 1010G - Sustainable Energy.

(3-0-3). The course gives an overview of the science related to world energy needs with particular attention to those of the United States. The main methods of energy generation in modern industrial society and their impact on the environment and the economy are discussed within a scientific framework. Credits: 3

PHY 1051G - Physics of the Modern World.

(3-0-3) On Demand. An introduction to some of the revolutionary ideas of modern physics, such as quantum theory, atomic and nuclear physics, Einstein's theory of relativity, the Heisenberg uncertainty principle, operation and applications of lasers and

other modern technology. These and other topics may be discussed at the discretion of the instructor. P1 901 Credits: 3

PHY 1052G - Adventures in Physics.

(3-0-3) F, S. An introduction to the universal laws of nature, their governance of phenomena in everyday life, and their application to inventions in our technological society. PHY 1053G must be taken concurrently. P1 901 Credits: 3

PHY 1053G - Adventures in Physics Laboratory.

(0-2-1) F, S. Experimental work demonstrating physical principles and their applications. PHY 1052G must be taken concurrently. P1 901L Credits: 1

PHY 1055G - Principles of Astronomy.

(3-0-3) An introduction to the solar system, planets, stars, galaxies, evolution of stars, neutron stars, black holes, cosmology, and the structure of the early universe. Credit for PHY 1055G will not be granted if the student already has credit for PHY 1095G or 3045G. P1 906 **Prerequisites & Notes:** Co-requisite: Physics 1056G must be taken concurrently. Credits: 3

PHY 1056G - Principles of Astronomy Laboratory.

(0-2-1) Experimental work demonstrating astronomical principles and techniques and their applications. P1 906L **Prerequisites & Notes:** Co-requisite: Physics 1055G must be taken concurrently. Credits: 1

PHY 1071 - Physics of Sound and Music.

(3-0-3) F. Development of basic ideas in physics of motion and applications to vibrations and sound waves. Introductory concepts in perception of loudness, pitch, and timbre. Fundamental ideas in acoustics of rooms and acoustics of musical instruments. Does not count toward a physics major or minor. P1 901 **Prerequisites & Notes:** Co-requisite: Physics 1072. Credits: 3

PHY 1072 - Physics of Sound and Music Laboratory.

(0-2-1) F. Experimental work demonstrating physical and acoustical principles and their applications. P1 901L **Prerequisites & Notes:** Co-requisite: PHY 1071. Credits: 1

PHY 1095G - Principles of Astronomy, Honors.

(3-0-3) F. An introduction to the solar system, planets, stars, galaxies, evolution of stars, neutron stars, black holes, cosmology, and the structure of the early universe. Credit for PHY 1095G will not be granted if the student already has credit for PHY 1055G or 3045G. **Prerequisites & Notes:** Admission to the University Honors College. Co-requisites: Physics 1096G must be taken concurrently. Credits: 3

PHY 1096G - Principles of Astronomy Laboratory, Honors.

(0-2-1) F. Experimental work demonstrating astronomical principles and techniques and their applications. **Prerequisites & Notes:** Admission to the University Honors College. Co-requisites: Physics 1095G must be taken concurrently. Credits: 1

PHY 1151G - Principles of Physics I.

(3-0-3) F. Mechanics; Newton's Laws of Motion, Energy, Momentum, Conservation Principles, Gravity, Simple Harmonic Motion, Waves, Heat. This course is designed for majors in geology, life sciences, health professions, technology, etc. P1 900 **Prerequisites & Notes:** MAT 1271 or a satisfactory ACT mathematics score. Co-requisite: Physics 1152G must be taken concurrently. Credit not given for both PHY 1151G and PHY 1351G. Credits: 3

PHY 1152G - Principles of Physics I Laboratory.

(0-2-1) F. Experimental work demonstrating physics principles and their applications. P1 900L **Prerequisites & Notes:** MAT

1271 or a satisfactory ACT mathematics score. Co-requisite: Must be taken concurrently with Physics 1151G. Credit not given for both PHY 1152G and PHY 1352G. Credits: 1

PHY 1161 - Principles of Physics II.

(3-0-3) S. Electricity and Magnetism, Optics, Modern Physics. Designed for majors in geology, life sciences, health professions, technology, etc. **Prerequisites & Notes:** PHY 1151G and MAT 1271 or a satisfactory ACT mathematics score. Co-requisite: Physics 1162 must be taken concurrently. Credit not given for both 1161 and 1361. Credits: 3

PHY 1162 - Principles of Physics II Laboratory.

(0-2-1) S. Experimental work demonstrating physics principles and their applications. **Prerequisites & Notes:** PHY 1152G and MAT 1271 or a satisfactory ACT mathematics score. Co-requisite: Must be taken concurrently with Physics 1161. Credit not given for both 1162 and 1362. Credits: 1

PHY 1351G - General Physics I.

(3-0-3) F. Classical mechanics including a detailed study of statics, kinematics, dynamics, simple harmonic motion; with straight-line, projectile, and rotational motion; also conservation principles, work, energy, momentum. The first of a three-semester sequence designed for students in chemistry, pre-engineering, mathematics, physics, etc. PHY 911 **Prerequisites & Notes:** Co-requisites: Physics 1352G must be taken concurrently. MAT 1441G may be taken concurrently. Credit not given for both 1351G and 1151G. Credits: 3

PHY 1352G - General Physics I Laboratory.

(0-3-1) F. Experimental work demonstrating physics principles and their applications. PHY 911 **Prerequisites & Notes:** Co-requisites: Must be taken concurrently with Physics 1351G. MAT 1441G may be taken concurrently. Credit not given for both PHY 1352G and 1152G. Credits: 1

PHY 1361 - General Physics II.

(3-0-3) S. Thermodynamics, electricity and magnetism. The second of a three-semester sequence designed for students in chemistry, pre-engineering, mathematics, physics, etc. **Prerequisites & Notes:** PHY 1351G. Co-requisites: Physics 1362 must be taken concurrently. MAT 2442 may be taken concurrently. Credit not given for both PHY 1361 and 1161. Credits: 3

PHY 1362 - General Physics II Laboratory.

(0-3-1) S. Experimental work demonstrating physics principles and their applications. **Prerequisites & Notes:** PHY 1352G. Co-requisites: Must be taken concurrently with Physics 1361. MAT 2442 may be taken concurrently. Credit not given for both PHY 1362 and 1162. Credits: 1

PHY 1371 - General Physics III.

(3-0-3) F. Wave motion and sound, optics, modern physics. The third of a three-semester sequence designed for students in chemistry, pre-engineering, mathematics, physics, etc. **Prerequisites & Notes:** PHY 1351G, 1352G and MAT 2442. Co-requisites: Physics 1372 must be taken concurrently. MAT 2442 may be taken concurrently. Credits: 3

PHY 1372 - General Physics III Laboratory.

(0-3-1) F. Experimental work demonstrating physics principles and their applications. **Prerequisites & Notes:** PHY 1352G. Co-requisites: Must be taken concurrently with Physics 1371. Credits: 1

PHY 1391G - General Physics I, Honors.

(3-0-3) F. A quantitative study of kinematics, statics, dynamics and simple harmonic motion. Equations of motion are based upon an application of Newton's Laws, conservation principles, the work-energy theorem and Newton's Law of Universal Gravitation. **Prerequisites & Notes:** Admission to the University Honors College. Co-requisites: Physics 1392G must be taken concurrently as well as MAT 1441G. Credit not given for both 1391G and 1351G or 1151G. Credits: 3

PHY 1392G - General Physics I Laboratory, Honors.

(0-3-1) F. Experimental work demonstrating physics principles and their applications. **Prerequisites & Notes:** Admission to the University Honors College. Co-requisites: Must be taken concurrently with Physics 1391G as well as MAT 1441G. Credit not given for 1392G and 1352G or 1152G. Credits: 1

PHY 2390 - Statics.

(3-0-3) F. Force and moment resultants of force systems; equilibrium analysis using free-body diagrams; force analysis of trusses, frames, cables, etc.; shear-force and bending-moment distributions; Coulomb friction; centroids, center of mass, moments and products of inertia; virtual work; hydrostatic pressure. EGR 942 **Prerequisites & Notes:** PHY 1351G, PHY 1352G or permission of the instructor. Co-requisite: MAT 2443. Credits: 3

PHY 2450 - Classical Dynamics.

(3-0-3) S. This course is designed to provide students with a deeper understanding of classical mechanics beyond the introductory course, along with the associated mathematics. Topics include Newton's laws, the driven damped oscillator, Lagrangian and Hamiltonian mechanics, orbits, motion in non-inertial reference frames, inertia tensor and principal axes, normal modes, and special relativity. **Prerequisites & Notes:** A "C" or better in PHY 1371 and MAT 3501. MAT 3501 may be taken concurrently. Credits: 3

PHY 2601A - Introductory Research in Physics 1A.

(Arr.-Arr.-1) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit. **Prerequisites & Notes:** PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 1

PHY 2601B - Introductory Research in Physics 1B.

(Arr.-Arr.-1) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit. **Prerequisites & Notes:** PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 1

PHY 2601D - Introductory Research in Physics 1D.

(Arr.-Arr.-1) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit. **Prerequisites & Notes:** PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 1

PHY 2602A - Introductory Research in Physics 2A.

(Arr.-Arr.-2) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit. **Prerequisites & Notes:** PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 2

PHY 2602B - Introductory Research in Physics 2B.

(Arr.-Arr.-2) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit.

Prerequisites & Notes: PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 2

PHY 2602D - Introductory Research in Physics 2D.

(Arr.-Arr.-2) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit.

Prerequisites & Notes: PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 2

PHY 2603A - Introductory Research in Physics 3A.

(Arr.-Arr.-3) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit.

Prerequisites & Notes: PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 3

PHY 2603B - Introductory Research in Physics 3B.

(Arr.-Arr.-3) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit.

Prerequisites & Notes: PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 3

PHY 2603D - Introductory Research in Physics 3D.

(Arr.-Arr.-3) Faculty-supervised experimental, theoretical, or computational research. A written record of work is required. A short oral presentation will be made that summarizes the student's work for the semester. May not be repeated for credit.

Prerequisites & Notes: PHY 1351G, 1352G, permission of instructor, and permission of department chair. Credits: 3

PHY 3010* - Special Topics in Physics.

(Arr.-Arr.-1-3). A course in a selected area of Physics. Each lettered course may not be repeated. **Prerequisites & Notes:** Prerequisites dependent on the topics being offered and determined by the faculty and Chair. Only six semester hours of Special Topics in Physics courses may be counted toward Physics major. Course Numbers: PHY 3010D-F, H-M, O-Q, T-Y. Credits: 1 to 3

PHY 3045G - Wonders of Astronomy.

(3-0-3). The course introduces students to physical laws governing the Universe. Origin, evolution and the final fate of the planets, stars, galaxies and the Universe are discussed. The course is technology delivered only and is available to off-campus students only. It is for students whose programs do not require PHY 1055G/1056G. Credit for PHY 3045G will not be granted if the student already has credit for PHY 1055G or PHY 1095G. Credits: 3

PHY 3050G - Excursions in Physics.

(3-0-3) Selected topics in Physics will be explored to illustrate a variety of physical situations and to acquaint the student with some of the underlying fundamental ideas and processes and methods of Physics. Credits: 3

PHY 3100 - Astronomical Techniques.

(2-3-3) On Demand. An introductory course in observational astronomy, with a two part emphasis. The first part covers the use and theory of modern telescopes, CCD cameras, filters, and spectrometers, while the second part covers the handling,

calibration and reduction of data using astronomical image analysis software and other computer programs. Topics on the gathering of data outside the visible parts of the spectrum will also be addressed. **Prerequisites & Notes:** PHY 1055G, 1371, and 1372. Credits: 3

PHY 3150 - Electronics.

(2-4-4) F. A study of the fundamental principles of, and hands-on experience with, analog electronics. Topics include: DC, AC and transient circuit analysis techniques, rectification, active and passive filtering, regulation, oscillator circuits, and computer simulations using PSpice. PHY 3150 is cross listed with EEN 3150. **Prerequisites & Notes:** PHY 1161, 1162 or 1361, 1362; MAT 2110G or 1441G. Credits: 4

PHY 3270 - Introduction to Circuit Analysis.

(4-0-4) On Demand. Basic principles of network analysis, including Kirchoff's laws, node and mesh equations, equivalent circuits, operational amplifiers, transient analysis, sinusoidal steady-state analysis, three-phase circuits, transformers, network functions, and frequency response. PHY 3270 is cross listed with EEN 3270. EGR 931 **Prerequisites & Notes:** PHY 1361, PHY 1362; prior credit or concurrent enrollment in MAT 3501. Credits: 4

PHY 3350 - Introduction to Solid State Physics.

(3-0-3) On Demand. Discussion of crystal structure, crystallography, the theory of thermal and electrical transport properties of metals, semiconductivity, and superconductivity. **Prerequisites & Notes:** Co-requisite: PHY 3410 or CHM 3920. Credits: 3

PHY 3410 - Electricity and Magnetism I.

(3-0-3) F-even-numbered years. Coulomb's law, electric fields, potential, Gauss' law, capacitance, dielectrics, electrostatic energy, DC circuits, introduction to magnetic fields and forces, induction. **Prerequisites & Notes:** PHY 1361 and Co-requisite: MAT 3501. Credits: 3

PHY 3420 - Electricity and Magnetism II.

(4-0-4) S-odd-numbered years. Advanced magnetism, magnetic materials, magnetic energy, varying electric currents, AC circuits, Maxwell's equations, electromagnetic radiation, and topics in special relativity. **Prerequisites & Notes:** PHY 3410. Credits: 4

PHY 3500A - Laboratory Practicum A.

(0-3-1) F, S. Practical experience in laboratory procedures for introductory physics laboratories. Students will gain experience in the methods of preparation and presentation of physics laboratories. This course is open only to Physics majors and majors in Science with Teacher Licensure, Physics Specialization. May not be repeated. **Prerequisites & Notes:** PHY 1371, 1372. Credits: 1

PHY 3500B - Laboratory Practicum B.

(0-3-1) F, S. Practical experience in laboratory procedures for introductory physics laboratories. Students will gain experience in the methods of preparation and presentation of physics laboratories. This course is open only to Physics majors and majors in Science with Teacher Licensure, Physics Specialization. May not be repeated. **Prerequisites & Notes:** PHY 1371, 1372. Credits: 1

PHY 3500D - Laboratory Practicum D.

(0-3-1) F, S. Practical experience in laboratory procedures for introductory physics laboratories. Students will gain experience in the methods of preparation and presentation of physics laboratories. This course is open only to Physics majors and majors in Science with Teacher Licensure, Physics Specialization.

May not be repeated. **Prerequisites & Notes:** PHY 1371, 1372.
Credits: 1

PHY 4000 - Seminar in Physics.

(1-0-1) F. Reports and discussions of selected topics with instructor approval for oral presentation. Required of junior majors. **Prerequisites & Notes:** PHY 1161 or PHY 1371. Credits: 1

PHY 4010 - Seminar in Physics.

(1-0-1) F. Reports and discussions of selected topics with instructor approval for oral presentation. Required of senior majors. **Prerequisites & Notes:** PHY 1161 or PHY 1371. Credits: 1

PHY 4100 - Astrophysics.

(3-0-3) S-odd-numbered years. An introductory course in astrophysics, with an emphasis on applying the tools of mechanics, electromagnetism, thermodynamics, and quantum theory to understand the processes inherent in galaxies, cosmology and the structure and evolution of stars. **Prerequisites & Notes:** PHY 2450. Credits: 3

PHY 4320 - Computational Physics.

(3-3-4) S-even-numbered years. This is a project-oriented course in computational physics, with an emphasis on the understanding of the computational approach to complex physics problems through detailed case studies. Topics include realistic projectile motion, oscillatory motion and chaos, the solar system, potentials and fields, waves, random systems, molecular dynamics, and quantum mechanics. **Prerequisites & Notes:** PHY 2450, CSM 2670. Credits: 4

PHY 4410* - Independent Study.

(Arr.-Arr.-1-3) On Demand. Selected problems based on student's interests. Admission and assignment of problems by arrangement. Laboratory, reading and conference. **Prerequisites & Notes:** Permission of instructor and department chair. *Course Numbers: PHY 4410A, B, D-F, H-M, O-Q, T-Y. Credits: 1 to 3

PHY 4444A - Honors Independent Study A.

(3-0-3) Consideration of various topics in Physics. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the faculty supervisor, Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4444B - Honors Independent Study B.

(3-0-3) Consideration of various topics in Physics. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the faculty supervisor, Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4444D - Honors Independent Study D.

(3-0-3) Consideration of various topics in Physics. Special emphasis on an area of interest to the student approved by faculty supervisor and Departmental Honors Coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the faculty supervisor, Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4470 - Optics.

(3-3-4) F-even-numbered years. Geometrical optics, optical instruments, wave optics: superposition, coherence, interference, diffraction, polarization. **Prerequisites & Notes:** PHY 1371 and 1372. Credits: 4

PHY 4555 - Honors Research.

(3-0-3). In consultation with a faculty member, the student designs, executes, and writes the results of an original piece of research. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the faculty supervisor, Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4601A,B,D,E,F,H,J,K,L,M - Research in Physics

1A,B,D,E,F,H,J,K,L,M.

(Arr.-Arr.-1) Faculty-supervised research. A written report and an oral presentation are required. **Prerequisites & Notes:** PHY 1371, permission of instructor and department chair. Credits: 1

PHY 4602A,B,D,E,F,H,J,K,L,M - Research in Physics

2A,B,D,E,F,H,J,K,L,M.

(Arr.-Arr.-2) Faculty-supervised research. A written report and an oral presentation are required. **Prerequisites & Notes:** PHY 1371, permission of instructor and department chair. Credits: 2

PHY 4603A,B,D,E,F,H,J,K,L,M - Research in Physics

3A,B,D,E,F,H,J,K,L,M.

(Arr.-Arr.-3) Faculty-supervised research. A written report and an oral presentation are required. **Prerequisites & Notes:** PHY 1371, permission of instructor and department chair. Credits: 3

PHY 4644 - Honors Thesis.

(3-0-3) Intensive research in preparation of a thesis on a topic in Physics approved by faculty supervisor and the Departmental Honors Coordinator. May not be repeated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the faculty supervisor, Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4666 - Honors Seminar.

(3-0-3) Areas of investigation which require integration of Physics and research will be treated. **Prerequisites & Notes:** Admission to the Departmental Honors Program and permission of the Departmental Honors Coordinator and Department Chair. Credits: 3

PHY 4711 - Experimental Physics I.

(0-4-1) F, S. Laboratory experiments to determine some fundamental physical constants of nature. Set piece experiments from different areas of physics using various techniques and instrumentation to acquire and analyze physical data. Co-requisite: PHY 3150. Credits: 1

PHY 4712 - Experimental Physics II.

(0-4-1) F, S. Laboratory experiments to investigate different phenomena. Experiments from different areas of physics using various techniques and instrumentation to acquire and analyze physical data. **Prerequisites & Notes:** Pre-requisite or Co-requisite: PHY 4711. Credits: 1

PHY 4713 - Experimental Physics III.

(0-4-1) F, S. Students will design and develop experiments in consultation with faculty. These experiments should apply experimental techniques and theoretical knowledge that the student has developed. **Prerequisites & Notes:** PHY 4711 and PHY 4712. Credits: 1

PHY 4750 - Thermodynamics and Statistical Mechanics.
(3-0-3) F-odd-numbered years. Thermometry, thermodynamic laws, kinetic theory, Maxwell-Boltzmann, Bose-Einstein, and Fermi-Dirac statistics and applications. **Prerequisites & Notes:** PHY 1361, 1362, and MAT 2442. Credits: 3

PHY 4780 - Introduction to Plasma Physics.
(3-0-3) S (odd-numbered years. Plasma is sometimes called the fourth state of matter. It occurs when the material is hot enough that thermal collisions can free electrons from the atoms. In this course the implications and applications of plasma will be studied. The course will cover many different interactions between plasmas and electric and magnetic fields. **Prerequisites & Notes:** A grade of "C" or better in PHY 2450 and PHY 3410. Cross-listed with EEN 4780. **Note: This is a new course, effective Spring 2023.** Credits: 3

PHY 4800* - Advanced Independent Study.
(Arr.-Arr.-1-6) On Demand. Selected problems based on the student's interests. Admission and assignment of problems by arrangement. Laboratory, reading, and conference. A maximum of 6 hours of Advanced Independent Study may be counted. **Prerequisites & Notes:** Permission of the instructor and Department Chair. *Course Numbers: PHY 4800A, B, D-F, H-M, O-Q, T-Y. Credits: 1 to 6

PHY 4855 - Quantum Mechanics.
(3-0-3) F-odd-numbered years. Wave functions, probabilities, spin, the uncertainty principle, and the exclusion principle will be discussed. The mathematical formalisms of Quantum Mechanics will be developed. The Schrodinger equation will be applied to one-, two-, and three-dimensional problems including the square well, the harmonic oscillator, and the hydrogen atom. **Prerequisites & Notes:** A grade of "C" or better in PHY 1371, PHY 2450, MAT 2443, and MAT 3501. MAT 3501 may be taken concurrently. Credits: 3

PHY 4865 - Advanced Quantum Mechanics.
(3-0-3) S-even-numbered years. Advanced topics in Quantum Mechanics will be discussed. Applications of Quantum Mechanics are used as examples. Coupled angular momentum, time dependence, and perturbations are some of the topics covered. **Prerequisites & Notes:** A grade of "C" or better in PHY 4855 and MAT 3501. Credits: 3

Political Science (PLS)

PLS 1003 - Introduction to Politics.
(3-0-3) F, S. A survey of the political process, political ideologies and aspects of political development in different political systems and regions of the world. S5 903 Credits: 3

PLS 1153G - American Government and Constitution.
(3-0-3) F, S. An introduction to the principles of the U.S. Constitution and political system, with an emphasis on the role citizens play in government and politics. Topics covered include the Constitution, civil rights and civil liberties, government institutions, political parties, voting and elections. S5 900 Credits: 3

PLS 1193G - American Government and Constitution, Honors.
(3-0-3) F, S. An introduction to the principles of the U.S. Constitution and political system, with an emphasis on the role citizens play in government and politics. Topics covered include the Constitution, civil rights and civil liberties, government institutions, political parties, voting and elections. S5 900 **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PLS 2033 - Research Methods in Political Science.
(3-0-3) F, S. The goal of this course is to introduce students to research methods in Political Science. Students will learn both qualitative and quantitative methods for carrying out political science research. Students also will learn how to use scholarly literature to support their analysis and how to write research papers in Political Science. **Prerequisites & Notes:** Students who are not Political Science majors must have permission of the instructor. Credits: 3

PLS 2103 - Introduction to Political Theory.
(3-0-3) F. This course introduces students to the subfield of political theory and it provides an overview of the approaches to the study of political ideas as well as a basic foundation in the ideas and ideologies that frame modern social and political debates. Course may not be repeated. Credits: 3

PLS 2253G - Introduction to International Relations.
(3-0-3) F, S. An introduction to the primary theories and political issues in international relations, including examination of the causes of war, international organizations, foreign policy making, the politics of the world economy, and other political issues of transnational character, e.g., terrorism, AIDS, and the environment. S5 904 Credits: 3

PLS 2293G - Introduction to International Relations, Honors.
(3-0-3) F, S. An introduction to the primary theories and political issues in international relations, including examination of the causes of war, international organizations, foreign policy making, the politics of the world economy, and other political issues of transnational character, e.g., terrorism, AIDS, and the environment. S5 904 **Prerequisites & Notes:** Admission to the University Honors College. Credits: 3

PLS 2503 - Legal Research and Argument.
(3-0-3) F. An introduction to legal research and the preparation of written arguments and the delivery of oral arguments advocating for the position of a mock client. The course will include role-playing simulations in which students represent attorneys in simulated appellate court proceedings. Focus will be on analysis of the substantive legal and constitutional issues involved in the annual American Undergraduate Moot Court Association case problem, which changes from year to year. Course topics also include how to locate, read and analyze Supreme Court opinions and statutes, writing strategies for legal briefs, oral argument strategy, and general court structure and procedure. Students will travel to attend at least one intercollegiate moot court competition per semester of enrollment as determined by the instructor. This course may be repeated for a total of nine semester hours, but no more than three semester hours may count toward the Political Science major or the Political Science minor. Credits: 3

PLS 25131 - Moot Court I.
(1-Arr.-1) F, S. A role-playing simulation in which students represent attorneys in simulated appellate court competitions. Students will attend at least one competition per semester of enrollment as determined by the instructor, with learning activities ranging from oral arguments to the preparation of written legal briefs. Each course may be repeated one time for a total of six semester hours in Moot Court courses, but no more than three semester hours may count toward the Political Science major or the Political Science minor. Students may pay expenses associated with registration, travel, room and meal charges while attending competition. **Prerequisites & Notes:** Restricted to students selected to represent EIU at the moot court competitions designated by the department. Credits: 1

PLS 25132 - Moot Court II.
(1-Arr.-1) F, S. A role-playing simulation in which students represent attorneys in simulated appellate court competitions. Students will attend at least one competition per semester of

enrollment as determined by the instructor, with learning activities ranging from oral arguments to the preparation of written legal briefs. Each course may be repeated one time for a total of six semester hours in Moot Court courses, but no more than three semester hours may count toward the Political Science major or the Political Science minor. Students may pay expenses associated with registration, travel, room and meal charges while attending competition. **Prerequisites & Notes:** Restricted to students selected to represent EIU at the moot court competitions designated by the department. Credits: 1

PLS 25133 - Moot Court III.

(1-Arr.-1) F, S. A role-playing simulation in which students represent attorneys in simulated appellate court competitions. Students will attend at least one competition per semester of enrollment as determined by the instructor, with learning activities ranging from oral arguments to the preparation of written legal briefs. Each course may be repeated one time for a total of six semester hours in Moot Court courses, but no more than three semester hours may count toward the Political Science major or the Political Science minor. Students may pay expenses associated with registration, travel, room and meal charges while attending competition. **Prerequisites & Notes:** Restricted to students selected to represent EIU at the moot court competitions designated by the department. Credits: 1

PLS 26111 - Model Illinois Government I.

(1-0-1) S. (Credit/No Credit) This course is designed to prepare students for the Model Illinois Government simulation held in Springfield. At the simulation, students take a hands-on approach to understanding the legal authority, structure, functions and processes of the state legislature in Illinois. This course may be repeated once. A total of four semester hours may be earned in combination with PLS 26112; no more than three semester hours may count toward the Political Science major or the Political Science minor. Students may pay expenses associated with registration, travel, room and meal charges while attending the simulation. **Prerequisites & Notes:** Restricted to students selected to represent EIU at the simulation. Credits: 1

PLS 26112 - Model Illinois Government II.

(1-0-1) S. (Credit/No Credit) This course is designed to prepare students for the Model Illinois Government simulation held in Springfield. At the simulation, students take a hands-on approach to understanding the legal authority, structure, functions and processes of the state legislature in Illinois. This course may be repeated once. A total of four semester hours may be earned in combination with PLS 26111; no more than three semester hours may count toward the Political Science major or the Political Science minor. Students may pay expenses associated with registration, travel, room and meal charges while attending the simulation. **Prerequisites & Notes:** Restricted to students selected to represent EIU at the simulation. Credits: 1

PLS 2703 - Introduction to Public Policy.

(3-0-3) F, S. An introduction to the study of public policy, with a focus on the United States. Topics include the political environment of policymaking; theories and models of policy processes; major types of public policy; methods and techniques in policy analysis and program evaluation; and key developments, issues and debates in policy areas such education, social welfare and energy and the environment.
