

Eastern Illinois University

GENERAL CATALOG 1979 & 1980

The provisions of this catalog are not to be regarded as irrevocable contractual commitments between the University and student. The University reserves the right to change any provision or requirement contained herein at any time within the student's term of residence.

THE STUDENT'S RESPONSIBILITY

All colleges establish certain requirements which must be met before a degree is granted. These requirements concern such things as courses, majors and minors, and residence. Advisors and deans will always help a student meet these requirements, but the student himself is responsible for fulfilling them. At the end of his course the University decides whether or not the student will receive a degree. If requirements have not been met, the degree will be refused until such time as they have been met. For this reason it is important for each student to acquaint himself with the requirements and continue to keep himself informed about them during his college career.

Also, it is necessary in the general administration of a college to establish broad policies and to lay down certain regulations and procedures by which they may be carried out. It is important that a student understand the policies and know the regulations and procedures he is expected to follow. When changes are announced between catalog publications, they are published in the Official Notices in the *Eastern News* and posted on the official bulletin board near the Office of the Dean of Student Academic Services. Students are responsible for knowing these changes.

The catalog is presented, therefore, not only to enable prospective students and others to learn about Eastern Illinois University, Charleston, but to state policies, requirements, regulations, and procedures in such form as will be of help to the student as he goes through school.

THE UNIVERSITY POLICY ON NON-DISCRIMINATION

Eastern Illinois University is an equal opportunity/affirmative action employer and administers its educational employment programs in conformance with federal and state laws prohibiting discrimination based upon sex, race, age and other prescribed categories, including Title IX. Inquiries concerning this policy may be directed to the appropriate campus admitting or employing unit or the Affirmative Action Office.

I. GENERAL INFORMATION

PURPOSE

Since the time of its founding Eastern Illinois University has developed a comprehensive and stimulating curriculum which offers an education in the liberal arts and sciences and in professional areas. The primary aim of the University's program is to provide excellent instruction and an educational environment which will produce broadly educated, responsible citizens who are prepared to serve and to lead in a free society.

ACCREDITATION

The University has been accredited by the North Central Association of Colleges and Secondary Schools since 1915. It is also accredited by the National Council for Accreditation of Teacher Education for the preparation of elementary and secondary teachers and school service personnel. It is a member of the American Association of Colleges for Teacher Education. The programs in music are accredited for the B. Mus. and M.A. by the National Association of Schools of Music. The B.S. degree in chemistry is accredited by the American Chemical Society. The B.S. degree in home economics is accredited by the American Home Economics Association. The B.S. and M.S. degrees in speech pathology and audiology are accredited by the American Speech and Hearing Association.

Eastern Illinois University's teacher education programs received recognition by the Illinois Office of Education in 1967. Programs appearing in this catalog are approved by the Illinois Office of Education with the exception of programs in Earth Science and Music-Theatre. The University is currently seeking approval of these two programs.

Charleston, county seat of Coles County, is located in east-central Illinois on highways 130 and 16. Highway 16 (four lanes) connects Charleston with Mattoon. Ozark Airlines furnish flights daily to and from Chicago and St. Louis from Coles County Airport. The city has a population of 18,160.

HISTORY

The General Assembly of Illinois, by an act approved May 22, 1895, established at Charleston, Illinois, the Eastern Illinois State Normal School. In response to its changing role in higher education, the institution became Eastern Illinois State Teachers College (1921), Eastern Illinois State College (1947), and Eastern Illinois University (1957).

In 1907 the General Assembly granted to the institution the power of conferring degrees. The first master's degrees were awarded in 1952, and the first Specialist in Education degree was awarded in 1966.

ORGANIZATION OF THE UNIVERSITY

Eastern Illinois University is one of five state universities under the general jurisdiction of the Board of Governors of State Colleges and Universities, to whom the President is finally responsible for the operation and general welfare of the university.

The University is functionally organized into three areas each headed by a vice president: Academic Affairs, Administration and Finance, Business Services, and Student Affairs.

Chief instructional units include the College of Arts and Sciences, the School of Business, the School of Education, the School of Fine Arts, the Graduate School, the School of Health, Physical Education and Recreation, the School of Home Economics, and the School of Technology. Each of these units is headed by a dean.

Faculty and student participation in university affairs is accomplished through a Faculty Senate, a Student Senate, and membership on a number of academic and administrative committees. These councils, most of which have both student and faculty members, consider and recommend policies, curricula, and procedures to the President.

DIVISION OF THE YEAR

The university year consists of two semesters and an eight-week summer term for undergraduates and graduates.

ALUMNI ORGANIZATIONS

Recognizing the contribution that a body of truly interested alumni can make to the development of an institution of higher learning, the University has encouraged the growth of various alumni organizations. Since all who have been students at Eastern, whether graduates or not, are eligible to participate in alumni activities, students now in school are encouraged to learn more about the alumni program.

The Eastern Alumni Association, established in 1905, is composed of persons who have either received degrees from this institution or completed a minimum of one term's work here.

In 1947 the Alumni Association issued the first *Eastern Alumnus*, a quarterly magazine mailed to subscribers throughout the United States and several foreign countries. Subscription rates (which include membership in the Alumni Association) are \$4 for one year, \$7 for two years, and \$10 for three years.

THE EASTERN ILLINOIS UNIVERSITY FOUNDATION

In 1953 the Eastern Illinois Alumni Association sponsored the establishment of the Foundation, a non-profit corporation organized under the laws of the State of Illinois for charitable and educational purposes.

The objectives of the Foundation are to assist in developing and increasing the facilities of the University by encouraging gifts of money, property, works of art, historical papers and documents and other materials having educational, artistic, or historical value. Such gifts should be conveyed to the Foundation, with proper stipulation as to their use. The Foundation, through its officers and members, will be glad to confer with intending donors regarding suitable clauses to insert in wills and suitable forms for gifts and memorials. The establishment of scholarships is particularly welcomed. Any gifts or bequests can be given suitable memorial names.

Membership of the Foundation consists of 100 persons, including alumni and friends of the University. Honorary members without vote are the President of the University, the President of the Board of Governors of State Colleges and Universities, the President of the Alumni Association, the Vice President for Business Services, and the Director of Alumni Services.

The Board of Directors of the Foundation consists of nine persons elected from the general membership. The President of the University, the President of the Board of Governors, and the President of the Alumni Association are ex officio members of the Board of Directors.

II. STUDENT LIFE, ACTIVITIES, AND SERVICES

LIVING ACCOMMODATIONS

The housing program at Eastern Illinois University is based on the concept that there is a relationship between the student's living environment and the achievement of his educational goals as well as the development of personal and social maturity. This environment must lead to the student's self-direction and the assumption of personal responsibility.

PARIETAL RULE

Notwithstanding any other facilities which now or at any time hereafter may be available for students and faculty of said university (with the exception only of the covenants and agreements made by the Board of Governors of State Colleges and Universities for the security of the outstanding bonds heretofore issued for said university), that it will require, and adopt parietal rules and regulations designed to assure the maximum use of the said project, and existing university facilities, until all of the bonds have been fully paid as to both principal and interest.

UNIVERSITY HOUSING POLICIES

Until available residence hall space is exhausted, all Eastern Illinois University students are required to live in University residence halls except as follows:

1. Students with 60 or more semester hours of credit. Students who acquire 60 semester hours of credit during the school year will be permitted to select their place of residence at the end of the semester in which they attain the required hours, OR
2. Students who have lived in the residence halls of Eastern Illinois University for four (4) semesters (two summer sessions equal one semester) OR
3. Students who are married, OR
4. Students who are 21 years of age or older. A student who reaches the age of 21 during the semester may select his or her place of residence at the end of the semester in which he or she reaches the age requirement, OR

5. Students who live at home with their parents within a fifty (50) mile radius of Charleston, Illinois, OR
6. Students who are veterans with one or more years of active service, OR
7. Students enrolled for the first time at Eastern Illinois University prior to Summer Term 1972.

RESIDENCE HALLS

University Residence Halls and Food Services are designed to provide for the student's education outside of the classroom. The basic philosophy is the development of the total student. Professionally educated counselors are available in each of the residence halls to aid in the residents' adjustment to group living and the University. Rooms are primarily for double occupancy although a few single, and triple, and four-person rooms are available, as are the four- and six-person suites in Stevenson Tower. Residence hall accommodations are as follows:

Andrews	480	McKinney	150
Carman North	384	Pemberton	201
Carman South	432	Stevenson	360
Douglas	194	Taylor North	295
East	50	Taylor South	297
Ford	150	Thomas	438
Lawson	480	Weller	150
Lincoln	194		

An application for residence hall space and board (20 meals per week) should be requested from Student Housing Office. (Application for admission to the university does not constitute an application for housing.) A \$25 Housing Security Deposit is required when making application and serves as a damage fee and a guarantee of contract fulfillment. Residence hall accommodations are granted on a priority basis, determined by the date of housing application and deposit. More specific information regarding the University Residence Halls will be mailed upon request, by the Student Housing Office.

MARRIED HOUSING

The 154 University Apartments consist of 100 one-bedroom and 54 efficiency apartments. Utilities, including telephone, are furnished by the University. The apartments are designed to provide inexpensive living facilities for married students.

1979-80 rates are \$117.75 per month for a one-bedroom apartment and \$107.75 per month for an efficiency apartment. These rates include \$3 per month for the Auxiliary Enterprise Subsidy. Additional information may be requested from the Student Housing Office.

GENERAL SERVICES

COUNSELING

The Counseling Center is staffed by professional counselors and counseling psychologists who assist students with problems which may interfere with their deriving maximum

benefit from their university experiences. Psychological services related to educational development, vocational choice, and personal and social adjustment are available without cost to all students and the spouses of students.

EMPLOYMENT

The Director of Financial Aids receives applications for part-time employment and assists students in finding work at the University and in the community. Student employment is contingent upon maintenance of satisfactory academic standing while enrolled as a full-time student. See Section III, College Work Study Program.

INSURANCE

By action of the Board of Governors, each full-time student is assessed a fee for group health and accident insurance administered by the University to supplement services performed by the University Health Service. Insured students are eligible to purchase identical coverage for their dependents.

The insurance is available for all three terms of the calendar year. Students attending spring semester who wish summer coverage and plan to not enroll summer term, or to enroll only part-time, must apply for this insurance before the close of the spring semester.

An insurance brochure describing details of the coverage is available in the Office of Financial Aids. Basically, the group policy provides for a maximum of \$10,000 for hospital, surgical, and major medical expenses incurred within fifty-two weeks of the date of first medical treatment of the injury or sickness as provided for under the provisions of the contract. Benefits payable for a mental or nervous condition shall not exceed \$5,000.

Prior to the tenth class day of the term, students and/or parents (for students under 21), who can produce evidence of equal or better coverage, may make application for a refund of the insurance fee by completing a form available in the Office of Financial Aids. This provision is subject to change with a new insurance contract.

Information concerning the insurance may be obtained in the Office of Financial Aids.

MEDICAL

The University Health Service is located in the Clinical Services Building.

Outpatient medical services are available Monday-Friday, 7:30 a.m. to 4:00 p.m. A nurse is also available until 11:00 p.m. daily during the week and from 10:00 a.m. until 5:00 p.m. on Saturdays. During these hours a physician is on call for emergencies. The Charleston Ambulance Service can be contacted in an emergency for transportation of severe injuries or illnesses. Faculty and staff may be treated at the University Health Service only for emergencies which happen during working hours.

Services provided by the Health Service are covered by student activity fees. For further information concerning the Health Service, refer to the University Health Service brochure and the insurance brochure provided by the Financial Aids Office.

CAREER PLANNING AND PLACEMENT

Career planning should begin for students from the first year at Eastern Illinois University. Appointments for career planning can be made by any student. Contact the Placement Center.

Registration or re-registration with the Placement Center is recommended prior to graduation for all degree candidates. The Placement Center seeks to help graduates secure positions for which they are qualified and furnishes prospective employers with pertinent information about the applicants. It also maintains a follow-up service, including a program of visits and reports from employers and persons placed. Minimal service fees are charged current graduates who elect to register for placement. The fee for education placement is \$2.00 and for non-education placement is \$1.00.

Teacher Placement Services are available to undergraduates who have been in attendance at Eastern for a year, who have been admitted to a teacher education curriculum, and have attained senior standing. **Graduate Students** may register for placement if they have attended Eastern Illinois University for one term and have earned ten semester hours of graduate credit towards a master's degree. **Alumni** whose institutional records are clear may register by bringing their credentials up to date and paying a fee of \$5. The placement registration fee for graduates initiating registration more than one year after graduation is \$25.

Industrial and Business Placement Services are available to students who have attained senior standing. The Placement Center furnishes the candidate's credentials to prospective employers and offers other services fundamental to their selection of employees. Off-campus candidates seeking positions in business, industry, and government may receive weekly bulletin listings by paying the \$2 bulletin fee.

TESTING

Testing services are available to University students without charge. However, an at-cost fee for the scoring of selected tests may be assigned. Specific information is available from any of the staff in the Testing Center.

Area schools may arrange for the scoring of standardized tests at a nominal charge, and University faculty may arrange for the scoring of classroom tests (to include item analysis) at no cost. For detailed information contact the Coordinator of Testing.

INSTRUCTIONAL SERVICE

AUDIO-VISUAL SERVICES

The Audio-Visual Center provides instructional resources and accompanying services to the teaching faculty. Instructional resources including films, filmstrips, tape and disc recordings, video programs and a limited number of programmed audio and visual materials are available from a small on-campus library and from rental sources. In addition, preview services are offered to those who have need for them.

Requests for services of the Audio-Visual Center should be submitted as early as possible, particularly where materials for class use need to be rented. Usually, three weeks is necessary to get the materials from outside sources onto campus and available for the classroom.

Professional personnel are available to assist the teaching faculty in the design of instruction, and for the production of visual materials for classroom use.

The Audio-Visual Center is open daily Monday through Friday 7:30 to 4:30 p.m. and the professional staff is available to the teaching faculty from 8:00 to 4:30 p.m. Monday through Friday.

BOOK RENTAL AND SALES

Basic textbooks for courses are rented to students through the Textbook Library. Book rent is included in the registration fee.

Rented textbooks must be returned in satisfactory condition by 5:00 p.m. of the day following the last day of the term. Damage other than that of ordinary wear must be paid for by the student. Students who note damage in textbooks issued to them must report such condition to the manager of the Textbook Library within the first two weeks or be held liable for the damage. Damage to a book includes underscoring, highlighting, annotating, adding other marginalia, etc. A fine of \$1 is imposed for each book not returned by the deadline stated above.

LIBRARY SERVICES

BOOTH LIBRARY

Booth Library is the general library of the University and contains a book stock of over 450,000 cataloged volumes besides governmental documents, microtexts, maps, music scores, pictures and pamphlets chosen to support the educational effort of the University. All books in the library are on open shelves except those that are rare.

In the central area of the first (main) floor are located the Circulation Department and the General Card Catalog. The Reference Department also is located near the center of the first floor. Here the students find the answers to many of their problems. There are periodicals, indexes and abstracts available as well as a collection of reference books. Special facilities such as group study, conference, and faculty study rooms and equipment for reading microtext materials are also provided on this floor. The current issues and the bound volumes of periodicals are kept on the second floor on open stacks.

The library serves as a depository for selected publications of the United States Government and for maps issued by the U.S. Army Map Service. A publisher's exhibit of textbooks for elementary and secondary schools is also provided. A collection of books for children of all ages is available on the first floor for the students who study children's literature.

Self-Study Materials Center (SMC) as a public service unit of Booth Library, located in the northside of the main floor, provides the necessary environment and resources required to pursue independent study. It has been developed to make information stored on non-print media such as phonorecords, audio and video tapes, etc., available to students and faculty members for various class assignments. FORMER UNDERGRADUATE STUDENTS

Former undergraduate students who are in good standing and who return to the University after a lapse of one or more terms should make application for readmission to the Records Office at least ten calendar days prior to the official registration day of the term in which they intend to enroll. An earlier closing date may be announced in the public press. Students enrolled in the Spring Semester need not apply for readmission for the ensuing Fall Semester.

Former undergraduate students dismissed for low scholarship should make application for readmission to the Records Office at least ten calendar days prior to the official

registration day of the term for which they intend to enroll. In addition, such students *must* petition for reinstatement. Petitions for reinstatement may be obtained from the Records Office. A student must remain out of the University for at least one semester before being considered for reinstatement. Petitions for reinstatement must be submitted at least twenty calendar days prior to the official registration day of the term in which the student wishes to enroll. An earlier closing date may be announced in the public press.

A former undergraduate student dismissed for low scholarship who has then attended another institution may be readmitted provided that his composite cumulative GPA in all other college work attempted is 2.00 or above, provided that his GPA at the last institution attended is 2.00 or above and he has completed at least eight semester hours at that institution.

Former undergraduate students who have attended other colleges or universities since last attending Eastern Illinois University must have official transcripts sent to the Records Office before final processing of the application can be completed. If the student is attending another college or university at the time of applying for readmission, a statement of good standing from that institution will suffice until the official transcript can be sent at the end of the term.

FORMER STUDENTS WHO HAVE GRADUATED

Former students who have graduated and who return to the University after a lapse of one or more semesters should make application for readmission to the Records Office at least ten calendar days prior to the official registration day of the term in which they intend to enroll. An earlier closing date may be announced in the public press. *Students who wish course work to apply toward a graduate degree must also apply for admission to the Graduate School through the Office of Admissions.*

REGISTRATION

REGISTRATION PROCEDURES

New Students. Instructions for the registration of new students are given in writing, in conferences, and at meetings during orientation periods.

Students Currently Enrolled. Each student currently enrolled should submit a Course Request Card for early registration for the following term. By doing so, the student agrees to complete his registration by advance payment of all fees. The University assumes no responsibility for accepting an ineligible student's early registration. Reservation of a space for any class is subject to the assigned capacity of the class. Scheduling for the reservation of space is planned so that graduate students, seniors, juniors, sophomores, and freshmen are assigned space in that order. Students who fail to complete the various steps, including payment of fees, in early registration will forfeit the space in class which has been reserved for them.

All students who have not completed early registration for a given term will register at times announced in advance of each term.

Former Students. Students who return to the University after a lapse of one or more terms receive written instructions for registration procedures after they have applied for readmission.

ACADEMIC ASSISTANCE

NEW STUDENTS

Each new student is assigned to an advisor who assists him in the preparation of his academic program. During the orientation or enrollment days the advisor and the student plan the program jointly.

It is expected that the student will have selected one of the curricula of the University and that the student and his advisor will plan courses that are consistent with the University requirements.

FORMER STUDENTS

After the application for readmission has been approved, the student is assigned to his major department or his former advisor through the Registration Office.

STUDENTS CHANGING MAJORS

Students who wish to change majors or degrees should apply through the Office of The Dean, Student Academic Services, after consultation with their advisors. It is important that changes be made *before pre-enrollment*.

NEW STUDENT ORIENTATION

Prior to enrollment, activities are scheduled to acquaint new students with the University. Undergraduates enrolling at Eastern Illinois University for the first time, whether as first term freshmen or as students with advanced standing, are required to be present. Activities are planned to familiarize them with the University in order that they may understand its rules and regulations and become aware of the educational, social and recreational opportunities it provides. A schedule of activities is provided by mail.

V. ACADEMIC REGULATIONS AND REQUIREMENTS

CREDIT

CREDIT EARNED AT EASTERN ILLINOIS UNIVERSITY

The unit of credit measure is the semester hour which approximates the effort expended in 50 minutes of class work and 100 minutes of study during each week of a semester.

Generally, students may count toward graduation no more than four semester hours credit in theatre practicum, chorus, orchestra, band, and four semester hours in physical education activity courses. However, music majors and minors may count six semester hours in music ensemble activities; physical education majors and minors and recreation majors may count six semester hours in physical education activity courses.

ACCEPTANCE OF CREDIT FOR OTHER WORK

Credit for Courses in Other Colleges and Universities. Advanced standing and transfer credit are granted for courses passed in accredited colleges and universities. Students transferring from Illinois public community colleges will have met the English, Health Education, and Speech requirements if they have taken at least five semester hours in English, two semester hours in Health Education, and two semester hours in Speech Communication.

Students transferring from Illinois public community colleges with an A.A. or A.S. (baccalaureate oriented) degree will enter in good standing as a junior with all general education requirements met. This provision does not apply to students who have attended Eastern Illinois University at any time previous to completing an associate degree. Because major requirements vary this does not necessarily mean that the student will graduate with an additional 60 semester hours of academic work.

The University will accept in transfer all appropriate hours earned in accredited institutions. Regardless of the number of hours accepted, however, a student must earn a minimum of 56 semester hours in a senior institution or institutions, 42 of which must be earned at Eastern Illinois University, in order to qualify for a baccalaureate degree. See *Requirements for the Bachelor's Degree* for additional information.

Credit from a College or University Taken While a High School Student. A student who, while in high school, takes college courses at a college or university, and upon completion of high school qualifies and enters Eastern Illinois University, will have up to a

total of 15 semester hours accepted for transfer credit of appropriate college courses in which he did "C" or better work in the college, provided the college courses were not used to meet minimum high school graduation requirements.

A student who, while in high school, takes college courses, and upon completion of high school, continues his studies in the college and eventually enters Eastern Illinois University, will have his college courses accepted on the same basis as any other transfer student.

Credit for Military Service. Members and former members of the armed services who have completed at least one calendar year of full time active duty are allowed, upon application to the office of Veterans Services, up to six semester hours of credit for Health Education 1200 and physical education service courses. Certain experiences in military service may be submitted to the Records Office for evaluation for advanced standing. The recommendations contained in "A Guide to The Evaluation of Educational Experiences In the Armed Services" by the American Council on Education are used as a basis for such evaluation. Credit is allowed when the recommendations can be considered as reasonable substitutes for work ordinarily accepted by the University.

Credit for Correspondence and Extension Courses. Correspondence and extension courses taken from accredited colleges and universities may be submitted for evaluation for advanced standing toward a baccalaureate degree. The total credit accepted toward graduation may not exceed 32 semester hours in correspondence and/or extension courses. Credit toward graduation for such courses, if taken in whole or in part during a period of residence study at Eastern Illinois University is subject to permission granted by the Registrar, in advance of enrollment and to subsequent completion in accordance with the conditions governing the permission. When students are enrolled simultaneously in any combination of residence, extension and correspondence courses, the total credit accepted may not exceed the maximum residence credit for which the student would be eligible during the period in question. Credit received in Eastern Illinois University courses taught by Eastern Illinois University staff members, either on or off campus, may be counted as credit in residence.

Application for permission must include the proposed starting date of the course, the proposed completion date, and the proposed periods of work. If the course is not completed in accordance with this schedule, an extension of time granted by the Registrar is required in order for the course to be considered subsequently for credit toward a degree. Documentary verification of compliance with the regulations may be required by the Registrar.

Credit for Advanced Placement Tests. Students who submit scores for Advanced Placement Tests administered by the College Entrance Examination Board will have their records evaluated by the Registrar in accordance with standards established by the appropriate departments to determine proper placement and proper credit. College credit granted will be treated as credit without a grade; such credit will count toward graduation and may be used in fulfilling specific curriculum requirements. Credit may be allowed as indicated above only if the student was not obliged to use the credit earned in the advanced placement course to meet minimum high school graduation requirements, or if the credit does not duplicate credit already earned.

Credit for College Level Examination Program (CLEP) Tests. The University recognizes undergraduate achievement as measured by the examinations of the College Level Examination Program. A student may submit his scores to the Registrar for evaluation and if his achievement is at or above the minimum score level established by the University, credit may be granted toward satisfying graduation requirements.

CLEP General Examinations.

Social Science — History Test — 6 semester hours

Natural Science Test — 6 semester hours

Humanities Test — 6 semester hours

Mathematics Test — 6 semester hours

Credit for General Examinations will be granted for a scaled score equivalent to the 50th percentile or higher based on college sophomore norms. Credits may be used as hours toward graduation and distribution requirements in general education.

CLEP Subject Examinations. Departments may grant credit for CLEP Subject Examinations if the attained scaled score is at or above the level recommended by the Council on College Level Examinations as set forth in the CLEP Subject Examinations Model Policy.

A student may request the Educational Testing Service to submit his scores, and the essay portions of the examinations if required, to the Registrar for evaluation.

Students who enroll at Eastern Illinois University with transfer credits, CLEP scores, and/or Advanced Placement scores may be given credit only in those areas not duplicating credit.

Credit for College-Level General Educational Development Tests. No credit toward graduation is allowed for college-level General Educational Development tests.

CREDIT BY PROFICIENCY EXAMINATIONS

Proficiency examinations offer the student an opportunity to obtain credit for experience relevant to certain courses, for individual study of subjects, or for study of relevant courses in non-accredited institutions.

Credit by proficiency examination in a course is equivalent to credit earned by enrollment in that course for purposes of satisfying a major requirement, a minor requirement, a general education requirement, the advanced credit requirement, and the total hours for a baccalaureate degree requirement. It does not apply toward any residence requirement, and is not included in determining honors, probation, GPA, etc.

Proficiency examinations for credit in undergraduate courses offered by the University are given in accordance with the following rules:

1. The student who desires such credit must first report to the Records Office and complete an application.
2. The applicant must be in good academic standing at Eastern Illinois University.
3. Generally the applicant must be enrolled as a student in the University at the time the application is filed.
4. The applicant may apply only once for a proficiency examination in a given course in a given subject.
5. An applicant is not eligible for credit by proficiency examination in a given course in a given subject if any one or more of the following conditions is satisfied:
 - a. The course is a physical education service course.

- b. The course is a foreign language course numbered below 3000 and the applicant is a native speaker of the language.
 - c. There is an entry on the applicant's permanent record for that course.
 - d. The course substantially duplicates one or more courses accepted for college entrance or for transfer of credit.
 - e. The applicant has credit in one or more courses in that subject more advanced than the given course.
 - f. The applicant is currently enrolled in the course or in a course more advanced than the given course and more than one month of the semester has passed.
6. The Registrar checks the application, if appropriate, certifies the eligibility of the applicant for the requested examination, and returns the application to the applicant. If ineligible, he returns the application with an indication of the reason for the applicant's ineligibility.
 7. The non-refundable fee for a proficiency examination is \$3.00/semester hour.
 8. An eligible applicant must obtain the approval of the appropriate department chairman before the examination is taken. Generally such approval is contingent upon presentation of evidence of independent study, relevant experience, or relevant study in non-accredited institutions.
 9. If the course is ordinarily taught by more than one member of the faculty, a committee of at least two members is appointed by the department chairman to give the examination and assign the grade. The examination must be comprehensive, and for approval of proficiency credit the grade must be C or higher.
 10. If the grade is C or higher, the application form is completed and forwarded through the department chairperson and dean to the Registrar.
 11. Credit by proficiency examination is entered on the permanent record with "Cr" as the grade entry.

UNDERGRADUATE INTERNSHIP EXPERIENCE FOR ACADEMIC CREDIT

An internship is a work experience related to the student's major or approved minor. This work experience must be directly related to the potential professional opportunities for graduates with the major or minor. While internships may vary in duration, credit, and requirements, a minimum of one week of full time employment is required for each semester hour of credit. Therefore, the maximum number of semester hours of credit for an internship is 15 for a regular semester. All internships will be graded on a pass-fail basis.

Students wishing to register for an internship must secure a form from the department chairperson or division head. Working with a faculty advisor the student makes arrangements for the work experience and fills out the form. The form is then returned to the chairperson or division head for his approval *prior to the last day of central registration for a given term.*

CLASSIFICATION OF STUDENTS

Undergraduate students are classified as follows:

Freshmen	0-29 semester hours
Sophomores	30-59 semester hours
Juniors	60-89 semester hours
Seniors	90-and above semester hours

Graduate students are those students who have completed a bachelor's degree from an accredited institution.

ACADEMIC STANDING

GRADES

The grades given in courses are as follows:

Grade	Description	Grade Point Value	Grade	Description	Grade Point Value
A	Excellent	4	E	Incomplete	—
B	Good	3	W	Withdrew-No grade	—
C	Fair	2	WP	Withdrew-Passing	—
D	Poor but passing	1	WF	Withdrew-Failing	0
F	Failure	0	AU	Audit	—
P	Pass	—	Cr	Proficiency Credit	—

The grade of E is given only when because of illness or some other important reason, a student's normal progress in a course is delayed. Such student must secure an instructor-approved plan which will allow completion of work no later than the end of the next term in which he is in residence. If the plan is accomplished, the instructor submits a Removal of Incomplete Form indicating the appropriate grade. Records Office will cause the Incomplete to be changed to an F grade unless the instructor has submitted a time extension in writing. This requirement applies to both undergraduate and graduate courses with the exception that the time restriction does not apply to the formal papers required for degrees beyond the baccalaureate.

GRADES CHANGED

Requests to change assigned grades must be initiated by the student through the appropriate instructor no later than the end of the first four weeks of the term following the one for which the assigned grade was recorded.

GRADE POINT AVERAGE¹

The number of grade points for a grade in a given course is found by multiplying the grade-point value by the number of semester hours which may be earned in the course. The grade-point average is computed by dividing the total number of grade points which a student has earned in all courses taken at Eastern Illinois University by the total number of semester hours represented by those courses (excluding courses in which a student has grades of E, P, W, WP, AU, or Cr).

A student reinstated following academic dismissal has the same cumulative GPA status as he had at the time of dismissal.

DEFINITION OF GRADING PERIOD

Any semester or term in which a student registers in the University and remains beyond the day on which the official count is taken will be considered a grading period attended.

¹ An example of these computations: If grades of A, B, C, D, and F are earned in courses of 2, 3, 4, 1, and 3 semester hours respectively, the grade-point average is computed as follows: Grade A, 2 semester hours yields a grade-point total of 8; grade B, 3 semester hours, yields a grade-point total of 9; grade C, 4 semester hours, yields a grade-point total of 8; grade D, 1 semester hour, yields 1 grade point; grade F, 3 semester hours, yields no grade points; and the grand totals are 26 grade points for 13 semester hours. The G.P.A. is then $26 \div 13 = 2.00$.

GOOD STANDING

A student whose cumulative grade-point average is at least 2.00 in courses taken at this university is in academic good standing.

ACADEMIC PROBATION

A student whose cumulative grade-point average in courses taken at this university is below 2.00 but not so low as to warrant academic dismissal is on academic probation. A student reinstated on probation remains on academic probation until he earns good standing or is dismissed for low scholarship. A semester during which a student officially withdraws from all courses or from the University and receives only grades of W or WP shall not be counted as a semester of academic probation.

ACADEMIC DISMISSAL

A student is dismissed for low scholarship if:

- 1) at the end of a grading period (semester or summer term), his grade-point average for that grading period is 0.00 and his cumulative grade-point average is below 2.00; OR
- 2) at the end of his first two grading periods, his cumulative grade-point average is less than 1.00; OR
- 3) at the end of two successive grading periods on academic probation his cumulative grade-point average is less than 2.00 and his last grading period grade-point average is less than 2.10.

POST BACCALAUREATE DEGREE STUDENTS

A post-bachelor's degree student who is enrolled either part-time or full-time for courses in the University and who is not a degree candidate must achieve the following grade-point average or be subject to academic dismissal:

Total Hours Attempted	Minimum GPA
Beyond Bachelor's	
0 - 3	1.00
4 - 10	1.50
11 - 16	1.75
17 and above	2.00

REINSTATEMENT FOLLOWING ACADEMIC DISMISSAL

Only the Committee on Admissions may reinstate a student who has been dismissed for low scholarship. A student dismissed for low scholarship must remain out of the University for at least one semester. Summer terms do not count as semesters out. A student may submit a petition for reinstatement for consideration by the Committee on Admissions at any time following dismissal but no later than twenty calendar days prior to the official enrollment day of the semester or term for which he or she is eligible to petition.

The academic status of a student reinstated by the Committee will be Probation. The reinstated student must achieve a minimum grade-point average of 2.10 each succeeding grading period, including summer terms, until the cumulative grade-point reaches 2.00

(Good Standing). If a minimum grade-point average of 2.10 is not maintained each succeeding grading period until Good Standing is reached, the student will again be dismissed for low scholarship.

ACADEMIC LOAD

For purposes of certifying that a student is full time *academically*, such student must be enrolled for at least 12 semester hours each semester and at least six semester hours during a summer term.

UNDERGRADUATE STUDENT

Normal Load. The normal load during a semester is 15-18 semester hours.

Maximum Load — Student Teaching Semester. No student may take more than 15 semester hours during the semester in which he does student teaching.

Summer Term. The normal load during an eight-week summer term is 10 semester hours, during the five-week session is six semester hours, and during the intersession is five semester hours. A student may take 15 semester hours in a combination of the intersession and the eight-week term, 11 semester hours in a combination of the intersession and the five-week term, and a total of 10 semester hours in a combination of the eight-week term and the five-week term. Overloads are not permitted during the summer.

A student teacher may enroll for as many as 12 semester hours during a summer term providing the entire 12 semester hours are in Teaching Practicum.

A student may enroll for as many as 12 semester hours in a summer internship course providing the internship is a full-time experience of 10 weeks or more.

Overload. An undergraduate student with a minimum of sophomore standing may enroll for 9 to 21 semester hours during the fall or spring semesters providing he has the following cumulative grade point average:

Freshman	No overload
Sophomore	3.0
Junior	2.75
Senior	2.50

Senior with less than 2.50 with permission of the dean of the appropriate school.
Overloads are not permitted during the summer.

GRADUATE STUDENT

A graduate student may take no more than 16 semester hours during a semester and ten semester hours during a summer term. This is exclusive of workshops or short courses held prior to or following either the summer term or a regular semester.

COURSE ENROLLMENT

A student may neither enroll in a course nor take a proficiency examination in a course which is prerequisite for a course for which he has credit nor may he enroll or take a proficiency examination in a course which substantially duplicates, at a lower level, a course or courses which he has already successfully completed. Should a student violate this

prescription, he will not receive credit for the course toward graduation and the grade will not be included in any GPA computations.

REPEATING COURSES

A student who receives a grade of A, B, or C in a course may not repeat the course. A student who receives a D in a course may repeat the course only once. Violation of these regulations will result in the deletion of the grade and credit for the invalid repeat from the official University records.

AUDITING OF COURSES

Fees for auditing are the same as those for students taking an equivalent amount of work for credit.

Students enrolled for full time academic work must include any courses they wish to audit as part of the maximum load permitted them; change of enrollment from "audit" to "credit" or from "credit" to "audit" may be made only during the six calendar days following the first day of classes.

Students must have the approval of the instructor for auditing a course. If, in the opinion of the instructor, student exposure and effort expended in the course deserve the entry of Audit, the student will receive the course entry, Audit, on his permanent record. If not, no entry will be made.

CLASS ATTENDANCE

Academic instruction at the University operates under the principle that class attendance is necessary to the complete learning process. Therefore, students are expected to attend their classes unless prevented by illness, an official university activity, or other urgent reasons.

If the student is absent from class for a legitimate reason which is established through the University Health Service or Offices of Student Personnel Services, the instructor should afford the student a reasonable opportunity to make up work missed, including examinations. When the absence is unexplained, no such opportunity need be afforded the student.

A student who is absent from class, for whatever reason, is held responsible for the class material covered during his absence and he is expected to turn in all the exercises, papers, etc., assigned for submission during the course. However, the instructor will not use the mere fact of absence as a factor in determining a final course grade since such evaluations are based on achievement and are expected to measure learning — not attendance.

Instructors are responsible for keeping in their classbooks accurate records of the attendance of all members of their classes. The attendance record of any student shall be submitted to the Vice President for Academic Affairs; Offices of Student Personnel Services; or Dean, Student Academic Services, upon request.

If a student is absent from a given class for more than five consecutive sessions or establishes a pattern or record of absences which becomes a matter of concern to the instructor, the instructor will notify the Offices of Student Personnel Services, of the student's absence record, requesting that inquiries concerning the reason for absence be made.

FINAL EXAMINATION CHANGES

Students with three final examinations scheduled on a single day may submit requests to change the date of one of the final examinations through the office of the Dean, Student Academic Services. Forms for such requests should be filed no later than three class days prior to the first final examination day of each term. Students should not request instructors to deviate from the published examination schedule. Requests for changes in times of final examinations, other than by reason of three in one day or medically related situations, will not ordinarily be approved.

PASS-FAIL OPTION

To encourage students to participate in areas of learning outside their major academic interests and to stimulate intellectual curiosity, the University has the pass-fail system. The following rules apply:

Eligible Students. Sophomores, juniors, seniors.

Procedure. Pass-fail option request cards will be accepted by the Office of Registration during a period beginning with the first central registration day of a semester or term and ending with the last day on which add requests may be submitted. No change either to or from pass-fail option will be permitted after the last day to submit add requests.

Limits. A maximum of twelve semester hours of undergraduate course work may be taken pass-fail with no more than one course in any single subject title and no more than one course in any single semester or term. For purposes of this regulation, the summer pre-session and the regular summer session are considered a single term and only one course, therefore, may be taken pass-fail in the combined sessions.

Courses offered on pass-fail basis only as well as one physical education service course per semester or term are not counted against the above limits. Furthermore, courses offered on pass-fail basis only are exempt from the following exclusions.

Courses Excluded.

- English 1001, English 1002, Health Education 1200 and Speech Communication 1310 may not be taken pass-fail.
- Professional education courses including departmental methods courses required in teacher certification programs may not be taken pass-fail.
- Any course which qualifies as being applicable toward fulfillment of a given major or in the determination of the grade-point average in a given major, as specified in the major requirement description in the catalog, may not be taken pass-fail by a student in that major irrespective of whether such student wishes to apply the course to the major or is taking it as an elective.

WITHDRAWAL FROM A COURSE

- Within the first ten calendar days after the first class day of a semester, a student may withdraw from a course (or from the University) without a grade.
- After the first ten calendar days following the first class day, but prior to the 63rd calendar day of the Semester, a student may withdraw from a course (or from the University) with a grade of W.
- A student who withdraws on or after the 63rd calendar day of a semester will receive a grade of W if he is passing the course or a grade of WF if he is failing the course. However, no student may initiate withdrawal from a course (or from the University) later than a period beginning 35 calendar days prior to the first regularly scheduled

final semester examination. Summer session cutoff dates, which are reduced proportionately, are established and announced by the Dean, Student Academic Services.

4. If mitigating circumstances exist, the Dean, Student Academic Services, may advise the recording of a grade of W instead of a grade of WF.
 5. The grade of WF carries the same grade-point evaluation as the grade of F.
- For refund of fees, where applicable, see Section III.

WITHDRAWAL FROM THE UNIVERSITY

A student who wishes to withdraw from the University before the end of a semester or summer term must obtain a withdrawal form from the Office of Student Personnel Services. Completion of this form will certify that all obligations, including the return of textbooks and library books, the return of departmental equipment loaned to the student, the return of the identification card, etc., have been met. When completed, the form must be returned to the Office of Student Personnel Services. The student is not withdrawn until the form is completed and submitted. The student is then officially withdrawn from the University, and the Registration Office notifies appropriate departments and agencies of the withdrawal.

If a student withdraws from the University and his initial notice of intention to withdraw is made to the Office of Student Personnel Services, and his withdrawal is completed during the first ten calendar days (except the summer term) following the first day of classes for the semester, the registration fee will be refunded. The notice of intention to withdraw should be made in person although a letter addressed to the Office of Student Personnel Services, declaring intention to withdraw and postmarked within the stated period is deemed equivalent to the initial notice.

Policies covering the withdrawal of students from school because of a call to active military duty are administered by the Dean, Student Academic Services.

Rules governing grading practices upon withdrawal from the University are the same as for withdrawal from a course.

GRADUATION REQUIREMENTS

RESPONSIBILITY OF STUDENTS

It is the responsibility of the student to know and to observe the requirements of his curriculum and the rules governing academic work. Although the advisor will attempt to help the student make wise decisions, the ultimate responsibility for meeting the requirements for graduation rests with the student.

OPTIONAL CATALOG REQUIREMENTS

A student may choose to graduate under the requirements stated in the catalog current at his time of entrance or under the requirements stated in a subsequent catalog published prior to his graduation. However, in no case may a student combine or choose various requirements from several catalogs in order to achieve a minimal curriculum. During periods of transition, Deans, in consultation with department chairperson, are authorized to make such curriculum adjustments to graduation plans that will assure academically meaningful programs. Copies of all authorizations for exceptions must be filed in the Records Office.

REQUIREMENTS FOR THE BACHELOR'S DEGREE

The official course requirements for baccalaureate degrees are given in Section VII. To achieve a baccalaureate degree, the student must:

1. Complete at least 120 semester hours, exclusive of English 1000, General Studies 1000, and Music 0541, with a cumulative GPA of at least 2.00 in all courses attempted. Generally, students may count toward graduation no more than four semester hours in theatre practicum, chorus, orchestra or band and four semester hours in physical education activity courses. Music majors and minors may count six semester hours in music ensemble activities; physical education majors and minors and recreation majors may count six semester hours in physical education activity courses.
2. Successfully complete one of the degree programs outlined under the college or one of the schools and attain a minimum GPA of 2.00 in his major area.
3. Successfully complete at least 40 semester hours in upper division courses (3000-4000 numbered courses).
4. Earn a minimum of 42 semester hours in residence with a minimum of 32 in the junior and senior years, 12 of which must be in residence during the senior year. Cooperative degree candidates must complete 38 semester hours in residence.
5. Successfully complete an examination on the constitutions of the United States and the State of Illinois. This requirement may be met by successfully completing History 2010 or 4020 or Political Science (1103 and 2603), or 2011.
6. A transfer student must successfully complete a minimum of 12 semester hours in residence in courses applicable to the GPA in his major discipline.
7. A transfer student must successfully complete a minimum of 56 semester hours applicable to a baccalaureate degree in senior institutions, with at least 42 semester hours earned at Eastern Illinois University.

REQUIREMENTS FOR A SECOND BACHELOR'S DEGREE

A student will be awarded all degrees for which he has completed requirements, except that the Board of Governors B.A. degree may not be awarded simultaneously with another degree or awarded to a student who already holds a bachelor's degree. Two degrees may be awarded simultaneously if the student makes arrangements with the appropriate certifying deans. If the two degrees are not conferred at the end of the same semester or summer term, any additional credits needed to complete the requirements for the second degree must be earned in residence at Eastern Illinois University.

SPECIAL EXAMINATIONS

Seniors, depending upon their area of concentration, are encouraged to take one of the following examinations:

- a. For students in the Elementary and Junior High School Curriculum: The National Teacher Examination - Common.
- b. For students in the Secondary School Curriculum: either the NTE or the GRE.
- c. For all other undergraduate students: The Graduate Record Examination - Aptitude.

APPLICATION FOR GRADUATION

Degrees are granted at the close of the fall and spring semesters and summer terms. Students entitled to participate in commencement exercises are those whose current enroll-

ment in correspondence, extension, and residence at this university or elsewhere makes possible the completion of all graduation requirements by the close of the semester or summer term in which commencement is held. Students may be excused from the commencement exercises by the Faculty Marshal.

Students should apply for graduation by the middle of the semester or term in which they expect to complete the following semester hours of course work:

Elementary and Junior High School Majors	80
School of Technology	80
School of Health, P.E. and Recreation	80
Medical Technology	64
All others	70

A student may expect to receive from his school or college an evaluation of his progress toward completion of graduation requirements approximately one month after the beginning of the ensuing semester or term.

Applications for graduation may be obtained at the Records Office. The application is completed by the student and validated by the Cashier when the graduation fee is paid. Graduation fees are as follows: bachelor's degree, \$15; master's degree, \$20; specialist's degree, \$20.

All requirements for degrees must have been completed by the close of the semester in which graduation is sought. It is the student's responsibility to notify the Records Office and the certifying dean of any courses being taken at other institutions which will complete the requirements for graduation. Documentary evidence that all degree requirements have been completed must be in the Records Office no later than the Friday immediately preceding the first day of registration for the next succeeding semester or term following the semester or term of graduation. The diploma will not be given to the student and the conferral of the degree will not be recorded on the student's permanent record until all such documents have been received.

If the student does not complete graduation requirements at the end of the semester or term expected, he must make re-application for graduation. No additional fees will be charged.

The deadline date for applying for graduation is the tenth calendar day following the first day of classes of the semester at the end of which the candidate plans to graduate; or the fifth calendar day following the first day of classes of a summer term.

HONORS

Graduation Honors. A student whose grade-point average for all work taken at Eastern Illinois University, is at least 3.50 but less than 3.75 is graduated with honor; one whose cumulative grade-point average is 3.75 or higher is graduated with high honor.

To be eligible for graduation honors a student must have taken, by the time he graduates, a minimum of 56 semester hours at Eastern Illinois University, with at least 40 semester hours in graded courses, excluding Pass-Fail.

In order to be announced at commencement, tentative graduation honors will be computed on the basis of the scholarship record at the end of the grading period preceding the semester or term of graduation. However, graduation honor is recorded on the diploma and the transcript only for students who complete graduation requirements with the final cumulative grade-point averages specified above.

Semester Honor. Honor for a particular semester, announced at the close of a semester, are awarded in accordance with semester grade-point averages which must have the same value as those specified above. To be eligible for semester honors the student must have taken at least 12 semester hours in courses not graded P-F during the semester.

The calculation of grade-point average for honors determination will be based only on work taken at Eastern Illinois University.

CERTIFICATION

Candidates for teacher certification are responsible for fulfilling any special accreditation or certification requirements of the schools in which they will teach.

Cards of entitlement for teaching certificates cannot be issued until the student meets all requirements for the appropriate degree.

PLACEMENT OFFICE

Registration with the Placement Office is recommended prior to graduation with any degree.

TRANSCRIPTS

The Records Office will make a transcript of the academic record of a student when requested to do so. Unless specific instructions are given to the contrary, it is understood that the Records Office has permission of the student to send his transcript of record to employing and certifying agencies, such as schools, boards of education, businesses, state department of education, when such an agency requests it.

All requests for transcripts must be in writing, either by letter or on the request form supplied by the Records Office.

The time required for preparation and mailing of transcripts varies; during enrollment and semester end there may be a delay of several days.

A fee of one dollar is charged for each transcript issued after the first one. Fifty cents is charged for each extra copy of the transcript when more than one is made at one time. Transcripts will be issued only for students whose university records are clear.

VI. CONTINUING EDUCATION AND COMMUNITY SERVICE

Continuing Education and Community Service is a vital part of the mission of the university. Credit courses and programs are offered off-campus at centers where need and enrollment justify the service. Requests from Educational Service Region superintendents, Local Education Agencies, and other agencies will be considered in planning the off-campus program.

All requests for courses and/or programs must be submitted at least six months in advance of the desired beginning date so that budgeting and staffing can be arranged. The University reserves the right to cancel scheduled courses where evidence indicates that enrollment will be inadequate.

ADMISSION REQUIREMENTS

(See Section IV. Admission, Readmission, Enrollments and Advisement.)

Admission to off-campus courses does not constitute on-campus admission. Applications for on-campus admission must be filed through the Office of Admissions. The deadline for completion of the application file is ten calendar days preceding registration for the semester or term in which enrollment is desired.

ENROLLMENT PROCEDURES

Pre-enrollment in off-campus courses is desirable. However, enrollment may be accomplished at the first or second meeting of a class. All enrollment materials and fees are to be mailed to the Continuing Education Office **no later than the second class session**.

FEES (Subject to Change)

Off-campus fees are \$24 per semester hour of credit, plus a \$5 book rental for each course. The same fee applies to students who audit courses.

CREDIT FOR OFF-CAMPUS COURSES

Credit, expressed in semester hours, will be given upon successful completion of off-campus courses. Students not interested in receiving credit may audit courses by receiving permission from the instructor and paying the appropriate fees.

Credit received in Eastern Illinois University courses taught by Eastern Illinois University staff members, either on or off campus, will be counted as credit in residence.

SCHOLARSHIPS — WAIVERS

Scholarships and fee waivers must be validated by the appropriate office prior to use in off-campus courses. To determine appropriate office, please contact the Director, Continuing Education, Eastern Illinois University.

SCHEDULE OF CLASSES

The schedule of off-campus classes is printed and distributed each semester by the Continuing Education Office. Classes meet in weekly periods of one hundred eighty minutes for fifteen weeks, i.e. from 7 p.m. to 10 p.m. once per week. Please address all inquiries and requests for schedules to the Director of Continuing Education, Eastern Illinois University, Charleston, Illinois 61920.

WORKSHOPS, CONFERENCES AND SPECIAL FEATURES

TEACHER EDUCATION

Teacher preparation programs require admission to teacher education (see below), successful completion of general education courses and professional education courses, including student teaching (see Teaching Practicum, page 75), and specialized study of one or more disciplines which the student plans to teach. Upon completion of an approved program, teaching candidates are qualified to receive a bachelor's degree and are recommended for an Illinois teaching certificate as follows:

The curriculum for special education leads to the B.S. in Education degree with a standard elementary certificate and a standard special certificate. (See requirements on page 117.)

The curriculum for junior high school teaching leads to the B.S. in Education degree with a standard high school certificate. (See requirements on page 102.)

High school or secondary teaching candidates who wish to prepare for teaching may be awarded the B.A., or B.S., degree with teaching certification from the College of Arts and Sciences, the B.S. degree with teaching certification from the School of Health, Physical Education and Recreation, the B.S. degree with teaching certification from the School of Home Economics, the B.S. degree with teaching certification from the School of Technology, and the B.A., or B.Mus., degree with teaching certification from the School of Fine Arts. See requirements under the section on majors and minors.

The secondary teaching candidate may pursue one of several degree programs and should consult the department offering the program in which he desires to major. Disciplines which offer programs for high school teachers with a standard high school certificate are: Botany, Business Education, Career Occupation, Chemistry, Earth Science, Economics, English, French, German, Spanish, Geography, Health Education, History, Home Economics, Mathematics, Physical Education, Physics, Political Science, Psychology, Social Science, Sociology, Speech-Communication, Technology Education, Theatre Arts, and Zoology. Note for Transfer Students Who Pursue A Teacher Certification Program.

Although certain university general education requirements may be waived for transfer students who possess an A.A. or A.S. degree, students who desire graduation with teacher certification must meet all the course requirements of the desired certification program. In case of doubt concerning these requirements, consult the Dean, School of Education.

ADMISSION TO TEACHER EDUCATION

Admission to the University does not of itself admit a student to a teacher education program. Rather, the teaching aspirant must formally apply for teacher education through the office of the Dean, School of Education, to the University Council on Teacher Education which determines such admission.

Application forms are secured at a meeting scheduled each semester by the School of Education. Dates of these meetings are posted outside Room 126N, Buzzard Education Building and announced in the official notices of the *Eastern News*. At this meeting the rules and regulations pertaining to admission and retention in teacher education are explained and application forms distributed. Section 21-1 of the School Code of Illinois states in part, "No one shall be certified to teach or supervise at the public schools of the State of Illinois who is not of good character, good health, a citizen of the United States and at least 19 years of age. . . ." In addition to the qualifications required for teacher certification by the State Code the following are required by the Council for admission to teacher education:

1. A formal application must be made to the Office of Teacher Education and the appropriate academic major department or area. Applications should be made prior to the completion of 60 semester hours of credit.
2. At least 60 semester hours of credit (minimum of 15 semester hours must be completed at Eastern Illinois University) before the student will be admitted to teacher education.
3. A cumulative grade point average of at least 2.25 based on all work attempted at Eastern Illinois University with a minimum grade point average in the major of 2.25 at the time of admission to, and graduation from, the teacher education program.
4. Language proficiency as demonstrated by: a grade of at least C in each of English 1001, 1002, and Speech Communication 1310, or their equivalents in transfer courses (a grade of at least C in each of English 1002 and Speech Communication 1310 in the case of a student who is exempt from English 1001); OR a score of at least 500 on the verbal aptitude part of the Graduate Record Examination.

5. A positive recommendation from the student's major department or committee administering the major. (The student should check with his/her major department for specific requirements for admission.)
6. Clearance from the University Health Service and the Speech and Hearing Clinic regarding the person's ability to function in the classroom, based on health, speech, and hearing requirements.

A student who is refused admission to teacher education or whose admission is revoked may appeal the decision to a committee on teacher education. The decision of the committee is final. Appeal forms may be secured in the office of the Dean, School of Education.

Notes:

1. Students must be admitted to teacher education 10 weeks prior to the beginning of the student teaching term.
2. Students pursuing the Board of Governors degree are not eligible for admission to the undergraduate teacher education program unless enrolled in the program at Chanute Air Force Base with the goal of pursuing a teaching program. In that case, they must (1) be seeking certification in a vocational-technical field; (2) have earned at least 11 semester hours from Eastern Illinois University; and have an Eastern Illinois University cumulative GPA of at least 2.25; and (3) be recommended by their major department.
3. Post baccalaureate students seeking admission to teacher education must have a 3.00 grade point average for 12 semester hours of graduate level courses (5000 or above); or a 2.25 grade point average for the first 12 semester hours of undergraduate work (4999 or below) attempted as a post baccalaureate student.

*Exceptions to the 2.25 grade point average requirement may be made in the following cases:

- a. A student readmitted to Eastern Illinois University in good academic standing after having been dismissed for low scholarship may be admitted to teacher education if his cumulative grade point average based on all attempted work following readmission is at least 2.25 and if his post-readmission credits include at least 12 semester hours with grades of A, B, C, or D.
- b. A transfer post-baccalaureate student in good academic standing at Eastern Illinois University with an undergraduate cumulative grade point average based on all attempted college work of at least 2.25 may be admitted to teacher education before accumulating 12 semester hours of Eastern credits with grades of A, B, C, or D.
- c. A person in good academic standing at Eastern Illinois University who has an Illinois Provisional teaching certificate, valid currently or during any portion of the past five years, and who has completed two or more academic years of full-time teaching in appropriate subject(s) or at appropriate level(s), or the equivalent, may be admitted to teacher education regardless of the cumulative grade point average attained.

REVOCATION OF ADMISSION

Under certain conditions admission to teacher education may be revoked by the Council on Teacher Education. Major causes of revocation are explained by the Assistant Dean, School of Education, at the scheduled admission's meeting.

TEACHING PRACTICUM (STUDENT TEACHING 4301, 4302, 4304, 4308)

A student must apply for a student teaching assignment, and be admitted to teacher education, no later than 10 weeks preceding the term in which student teaching will be accomplished. Exceptions must be approved by the Director of Student Teaching.

To be admitted to the teaching practicum the student must attain 90 semester hours or more toward graduation and must have complied with all regulations and qualifications relative to admittance to teacher education. At least three semester hours of the required teaching practicum must be taken through Eastern Illinois University to qualify for graduation. Post baccalaureate students completing requirements for teacher certification at Eastern Illinois University must complete six semester hours of teaching practicum.

The number of semester hours of student teaching required for graduation varies with the student's curriculum. A student enrolled in elementary education-special education is required to earn 15 semester hours of credit in student teaching with 6 semester hours required in elementary student teaching and 9 semester hours in special education teaching. A student enrolled in elementary or junior high school education must enroll for a minimum of 8 semester hours and may enroll for a maximum of 15 semester

hours of credit in student teaching. The same amount of student teaching shall be required of post-baccalaureate students as is required of undergraduate majors.

A student enrolled in a high school curriculum is required to earn 12 semester hours in student teaching, with at least four semester hours, and preferably eight semester hours, of student teaching in his/her major field.

The maximum amount of student teaching credit that may count toward the 120 semester hours required for a bachelor's degree is 15 semester hours.

MEDICAL TECHNOLOGY (B.S.)

This cooperative degree program, administered by the Health Professions Studies Committee, leads to the Bachelor of Science degree. It is a four-year program including three years of college work followed by one year of work in an affiliated hospital. The degree requires 120 semester hours of credit including 90 semester hours at Eastern Illinois University (or a combination of transfer credits and credits earned at Eastern totaling 90 semester hours) and 30 semester hours accepted as transfer credit for successful completion of a one-year program in medical technology at an affiliated hospital.

After completing 40 semester hours of this program a student should apply to the Health Professions Studies Committee for admission to the medical technology program. Requirements for admission to the program and for continuing in the program include a cumulative grade-point average of 2.50, or better, and approval by the Committee. The decisions of the Committee are based on the availability of spaces in approved affiliated hospitals for the fourth year of the program as well as the applicant's academic qualifications. Admission to the medical technology program does not insure admission to an affiliated hospital medical technology program. Eastern Illinois University cannot guarantee admission to any of its affiliated hospitals.

PRE-MEDICINE INFORMATION

Since many medical schools admit few, if any, students without a bachelor's degree, most students desiring the M.D. degree complete a bachelor's degree before entering medical school. Programs leading to the B.A. or the B.S. degree with a variety of majors are suitable for such students. When registering, such students should indicate their choice of degree and major. Pre-medicine should not be listed as the student's major unless the student is of sophomore or higher class standing and has been admitted to the cooperative pre-medicine degree program described in the next section. All students interested in a career in medicine should consult with the Chairman, Health Professions Studies Committee, for information regarding medical school admission requirements. Regardless of the choice of major, the student who wants to enter medical school should complete the following minimum program in science.

Life Science 1000	3 sem. hrs.
Zoology 1010; 2100 or 2200	8

PRE-MEDICINE (B.S.)

A cooperative pre-medicine program leading to the B.S. degree, after one year in medical school or dental school, is available to a limited number of students with high scholastic achievement records. Students who complete a year of college work with superior grades and who are interested in reducing the period of pre-medical study by a year should consult with the Chairman, Health Professions Studies Committee, for the detailed requirements of this program.

* Specific courses to be selected after consultation with the Chairman, Health Professions Studies Committee.

VIII. GRADUATE DEGREE PROGRAMS

GRADUATE STUDY

DEGREES

The University offers on the fifth-year level the master's degrees: Master of Arts (M.A.); Master of Science (M.S.); Master of Business Administration (M.B.A.); and Master of Science in Education (M.S. in Ed.). The Specialist in Education (Ed.S.) degree is offered on the sixth-year level.

GRADUATE DEGREE PROGRAM REQUIREMENTS

For current and detailed descriptions of the various graduate programs offered at Eastern Illinois University, see the *Graduate Catalog*. Catalogs, application blanks, and other materials may be obtained from the Dean of the Graduate School and Extended degree programs.

ADMISSION TO GRADUATE COURSES

Eastern Illinois University encourages post-baccalaureate degree study. To accommodate students with different career goals, a student may be admitted to pursue graduate coursework in either of two educational tracts. Non-degree status is assigned to students who do not intend to complete an advanced degree. Students who desire to work towards the completion of a master's or specialist degree must follow an outlined procedure. Details can be found in the current edition of The Eastern Illinois University Graduate Catalog. Students desiring information are encouraged to contact the Office of the Graduate Dean.

Foreign Students

Regulations concerning the admission of students from foreign nations to graduate study can be obtained from the Dean of the Graduate School and Extended Degree Programs. Since some delay in time will be experienced in communicating with foreign students, information should be sought as early as possible before the term in which the student wishes to enroll.

Seniors at Eastern Illinois University

Under certain circumstances, seniors at Eastern Illinois University may be granted permission to enroll in graduate courses numbered below 5500. It may be possible for a final semester senior to obtain graduate credit for such courses. Students wishing to exercise this option should refer to the Graduate Catalog for the regulations as established by the Council on Graduate Studies.

SCHOLARSHIPS

Military scholarships are valid for graduate study.

GRADUATE ASSISTANTSHIPS

Graduate assistantships are available in academic departments offering graduate programs. In some cases, graduate assistants may be assigned to certain administrative offices.

Students wishing information about these awards should contact the department of their choice and applications for the assistantships should be submitted to the academic department.

Detailed information is available in the office of the Chairman, Health Professions Studies Committee.

PRE-LEGAL INFORMATION

There is no single undergraduate curriculum preferred in preparation for the study of law. Most law schools will consider superior students who have completed a baccalaureate degree with a good liberal arts background, regardless of major field. Emphasis should be placed on acquiring skills in clear expression and logical thought. Recommended undergraduate studies include English, economics, philosophy, history, political science, mathematics, and psychology. Almost all law schools require an acceptable score on the Law School Admissions Test.

Students interested in preparing for legal studies should consult the Pre-Legal Advisor, Coleman Hall.

COURSE DESCRIPTIONS

In the course description section which follows, courses are shown under the departments which teach them, with the departments listed in alphabetical order.

Generally, courses numbered 1000-1999 are freshman courses; 2000-2999, sophomore courses; 3000-3999, junior courses; 4000-4999, senior courses; and 5000-6999, graduate courses. However, if prerequisites are met students may enroll according to the following schedule.

CLASS	COURSES NUMBERED			
Freshman	1000	2000	a	a
Sophomore	1000	2000	3000	a
Junior	1000	2000	3000	4000
Senior	1000	2000	3000	4000
Graduate			4750-4999	5000-6999

- Courses numbered 3000-4999 in chemistry, foreign languages, and mathematics may be taken by students who have prerequisites and permission of the chairman of the department.
- With 2.75 GPA and permission of instructor and Dean of the Graduate School.

Numbers in parentheses following the course title indicate the number of class hours per week — laboratory or studio hours per week — credit hours. For example (3-0-3) indicates three hours of classroom work each week, no laboratory hours, and three semester hours credit.

Prerequisites for courses are printed immediately following the course description. A student may not enroll in a course which is prerequisite for a course for which he has credit nor may he enroll in a course which substantially duplicates, at a lower level, a course or courses which he has already successfully completed. Should a student violate this prescription, he may not receive credit for the course toward graduation.

Unless indicated as below, courses are offered every term. Offering times indicated are:

- Su — Summer Term
 F — Fall Semester
 S — Spring Semester

MATHEMATICS

In planning student programs it is important to check the course prerequisites including placement exam requirements as listed with the course descriptions below. "High school mathematics" as used here, includes high school courses in algebra, geometry, and trigonometry and modern courses which integrate these subjects; it does not include "general mathematics", "consumer mathematics", "shop mathematics", etc.

A tutoring service is available in the Department of Mathematics throughout the year for students who may need assistance in the undergraduate courses.

Courses in the Department of Mathematics are designed to serve the following purposes: (1) to contribute to the development of an informed citizenry; (2) to provide specific skills and knowledge of the discipline for those who plan to pursue careers in teaching mathematics or industry; and (3) to provide the background for graduate study.

For mathematics majors college-level work presupposes at least two years of algebra, one year of geometry, and one-half year of trigonometry in high school. Students without trigonometry will generally begin with Mathematics 1320, provided they have had at least one year of algebra and one year of geometry. However, such students are encouraged to take the Department of Mathematics placement test. Students with a background of three or more units of high school mathematics including trigonometry are required to take the Department of Mathematics placement test before enrolling in Mathematics 1320.

Proficiency credit will not be allowed for courses numbered below 2000.

MUSIC

AUDITIONS

All new undergraduate students planning to elect a major in music are required to demonstrate sufficient ability in a performing area either in person or by tape recording in advance of enrollment or during the enrollment period. All transfer students should take the advisory-orientation examination in music theory. For advisement see the Chairperson of the Department of Music. Auditions are also required for non-majors desiring the following courses: 0010-0070 and 5510-5570.

Students who wish to elect Composition as their principal applied study are required to demonstrate, through audition performance, skill on one or more instruments or voice and to provide scores and/or tapes or original compositions prior to enrollment or during the enrollment period.

STUDIES IN PERFORMANCE AND COMPOSITION

In the major applied field, at least several years of study prior to college entrance are required. In the case of organ, prior study in piano is sufficient for acceptance. Private and class instruction are offered in all areas of performance, including composition (cf. listings).

Applied music courses yield variable credit, depending upon the curriculum elected by the student with a major in music as follows:

Degree Program	Credit Hours per Semester	Lesson or Class Instruction per week	Practice per Day
Bachelor of Music Performance Education	4	1 hour	2-4 hours
Principal	1-4	$\frac{1}{2}$ - 1 hour	1-2 hours
Secondary	1	$\frac{1}{2}$ hour	$\frac{1}{2}$ -1 hour

Courses in composition are similar in plan. Generally students are expected to complete the minimum requirement over a period of seven semesters.

In a summer term the normal applied credit for a given program should be reduced by one-half, except cases where the normal applied credit is one semester hour. Additional applied credit in the summer term may be taken only with the permission of the principal applied instructor.

Courses in applied music may be repeated for credit in each degree program according to applied requirements which are stipulated for each program. Students may elect applied hours beyond the stipulated requirements for the particular program in which they are enrolled.

The student's progress in his principal applied subject shall be evaluated each year by the faculty of the area in which he is enrolled. If composition is the principal applied subject, the student's progress shall be evaluated by a faculty committee each semester. Students entering the program above the freshman level will be evaluated at the time of their entrance audition and advised of their entering at the time of their entrance audition and advised of their entering level of proficiency.

The Junior Standing Jury (a graduation requirement for all music majors) normally occurs at the end of the fourth semester of applied instruction. Students must pass the Junior Standing Jury to receive upper division credit and must complete the Jury by the end of the sixth semester, or its equivalent. Instrumental Keyboard, and Vocal principals are required to have at least two hours of upper division credit (3300 catalog) to be eligible for graduation.

Students electing the general music option must achieve Junior Standing but are not required to have upper division credit.

Non-music majors must have permission of the instructor to register for more than one hour credit (Sec. 001) in applied music.

CREDIT ORGANIZATIONS IN MUSIC

Courses in ensemble taken by music majors and minors beyond four semesters may be counted for upper division credit with the approval of the chairman of the department. No more than two semester hours of credit may be earned in a single semester regardless of the number of organizations in which the student participates. The music major is encouraged to participate in at least one ensemble during each semester of residence.

Non-music majors may earn no more than four semester hours of credit toward graduation in chorus, orchestra, or band.

Vocal and piano principals in the music education option are required to present junior and senior recitals. Organ principals will present a senior recital and either a junior recital or equivalent performance. Students in the general music emphasis must achieve junior standing in their principal applied area with a junior and senior recital being optional.

Students with an option in performance in the Bachelor of Music degree program, shall present a half recital in the junior year and a full recital in the senior year. Further, the performance major shall be required to perform a minimum of four times on student recitals in addition to presenting a junior and senior recital. The student recital requirement must be completed before the semester in which the senior recital is given. Students with a major in either Music Theory-Composition or Music History-Literature shall present appropriate projects in lieu of the junior and senior recitals.

PHILOSOPHY

Note: Philosophy 1800, Philosophy 1830 or Philosophy 3000 is recommended as the most appropriate choice for students who elect a single course in philosophy. As introductory treatments of the techniques and issues of philosophic inquiry, Philosophy 1800 focuses attention on representative problems without reference to historical perspective, whereas Philosophy 1830 explores a range of problems in an historical context. While both these courses deal mainly with the traditional problems of philosophy, Philosophy 3000 examines various contemporary ideas and issues in a philosophical perspective. If a student anticipates the election of more than one of the history courses, it would be advisable to schedule them in the order of their historical sequence.

Note also that all philosophy courses numbered below 4000 count toward satisfying the Humanities Requirement.
