This section of the audit details each segment of the general education program, identifying 1) courses the student has taken to fulfill requirements, and 2) courses the student could take to fulfill unmet requirements. If the student has completed all courses required by a segment, the word "OK" appears in the left margin. If not, the word "NO" appears. In the example below, the student has not completed the Communication Studies portion of the Language component. Consequently, the audit describes the requirement in detail and identifies which courses he can "select from" to complete it.
