# Purpose of the Academy

As an outreach of Eastern Illinois University, the Academy of Lifelong Learning exists to promote self-directed learning for adults in east central Illinois. We actively seek participant input to provide quality educational events that are engaging, relaxed and relevant.

Most events are free and open to the public. The \$45 annual membership fee funds the creation of new programming and provides printed Program Guides.

## Why do I need to register if events are free?

Registrations are a courtesy to presenters, as seating and handouts are planned in advance. This also allows us to track the number of people attending each event, so we can plan forward in accordance with learner's preferences.

## Registration & Refund Policy

Registrations and payments are confirmed by email. Payment is required at the time of registration by credit or debit card, cash, or check. In the event a course is cancelled due to low enrollment or circumstance beyond the Academy's control, members will be notified by email or by phone (if same day as event). Refunds will be automatically issued. Refunds are **not** issued for non-attendance.

## Academy Advisory Council

The Council is composed of community members who volunteer to offer advice and diverse perspectives to the Academy on strategic direction, quality improvement, and assessment of program effectiveness. We are grateful for their impact.

We will practice and learn ways to foster welcoming spaces for conversations. Once-a-month meetings & ONE gallery experience (minimum), per semester commitment.

Spring. You've waited for it all winter, so come out and celebrate its arrival during Plein Air Art at the Lake. Creative souls and lovers of nature are invited to gather on Saturday, May 16 between the hours of 7 and 11 am to take photographs, sketch, and paint at Lake Charleston Trails. Artists of all skill levels will work at their own pace during the morning and gather to share their discoveries at 11:00 am.

Perhaps you'd like to hone your photography skills so you can take good shots of a landscape you'll be finishing in studio later? We've got a workshop for that too. Photographer Tom Hebermehl will demonstrate how to make the most of your powerful Smartphone camera tools. After years of shooting with a manual camera, Tom has fine-tuned the practice of capturing high quality images with his phone and he's ready to show you how. Composition, adjusting exposure, focus and sharpness, addressing image problems without fancy photo editing apps and most crucially, capturing natural light are all covered in this fun, hands-on workshop.

New to painting outdoors? Join artist Jessica Mertz for a lively introduction to the joys of working with watercolors 'en plein air' Jessica's workshop will explore techniques for making the most of natural light and provide exercises and materials to get you started.

So what are you waiting for? It's been a long cold winter, let's get out and make some art!

A project of the Coles County Arts Council.
