Lake Land College and Eastern Illinois University

Transfer Guide

A.A.S. in Information Technology (Computer Applications)

to B.S. in Organizational Development

This is a suggested course sequence. Students must work with their advisor to develop a sequence plan that meets their scheduling needs. Summer classes can also reduce the load during the fall and spring semesters.

Articulation Agreement Between Eastern Illinois University And Lake Land College

Lake Land College (LLC) and the Board of Trustees of Eastern Illinois University (EIU) form a cooperative relationship through this articulation agreement to serve better our public constituents, to smooth transfer, to minimize duplication of instruction, and to build on community college and university learning experiences. Both institutions recognize that working together, their collective efforts are stronger than their individual efforts.

The two institutions agree to the following:

- 1. Any student who has completed a baccalaureate-oriented associate degree at LLC consistent with the Illinois Articulation Initiative (with the required 2.00 GPA) and submits required application and supporting documentation will automatically be admitted to EIU at the junior level and will be deemed to have met EIU's lower division general education requirement.
- Acceptance into a specific EIU program is based on the individual transferring student meeting the
 conditions and considerations listed for that program. Specifically, students completing the attached
 prescribed A.A.S. in Information Technology Computer Applications at LLC will be admitted to
 the B.S. in Organizational Development program at EIU.
- 3. The courses listed in the attached prescribed LLC transfer guide have been reviewed and accepted for transfer to EIU
- 4. Relationships between LLC and EIU faculty and administration are in the spirit of cooperation and provide the basis for this agreement.
- 5. Representatives of both institutions agree to meet on a regular basis to assess curricular changes and other conditions that may affect the nature of this agreement.
- 6. This agreement does not preclude either institution from making curriculum changes as it may solely deem appropriate in which case appropriate prior notice will be given to the operative academic personnel at the cooperating institution.
- 7. Appropriate publications and promotional materials regarding this agreement will be made available to all LLC students.
- 8. Either EIU or LLC may dissolve this agreement by giving one year's advance notice to the cooperating institution's president or academic vice-president.

This agreement is effective with the 2021-2022 academic year and is subject to renewal every four years.
