# **BACHELOR OF SCIENCE IN**

# **CONSTRUCTION MANAGEMENT**

# **EVERYTHING HELPS GROW YOUR SUCCESS**

The Construction Management program will prepare you to meet the challenges of becoming competent superintendents and project managers in the residential, commercial, and industrial arenas.

This well-rounded degree can prepare you for jobs such as:

- Construction Business Development
- Constructing
- Construction Supervision
- Cost Estimating
- Field Engineering
- Project Management
- Project Engineering
- Project Scheduling
- Quality Assurance Management
- Safety Management
- Virtual Project Designing
- And many more...

## TECHNOLOGY-DRIVEN CURRICULUM

Your coursework will incorporate the latest available software applications, animations, simulations, building information modeling, and virtual reality methods. With these tools, you can learn to effectively plan projects, communicate to stakeholders, and analyze project performance.

- → STRONG JOB OUTLOOK
- **DEDICATED AND HIGH QUALITY FACULTY**
- HANDS-ON PRACTICAL LEARNING

# **VALUE-ADDED LEARNING**

You will learn to maximize the value of a design by understanding life-cycle costing techniques, sensor networks, and intelligent building design.

## **BUSINESS EMPHASIS**

Principles of accounting, finance, risk minimization, and employee protection are emphasized so that you will develop the best overall construction techniques for the project.

#### **EXPERTISE**

You will learn from instructors experienced in the construction field, lending practicality to your training. Small class sizes ensures your instructors will get to know you personally. Through a combination of interactive lectures, graphic exercises, demonstration classes, and field exercises, you will build valuable working knowledge, enabling you to communicate with engineering subject experts as you develop your craft.

Three electives must be taken as part of the program. At least one course must have the CMG prefix from the list below. If selected properly, additional electives can result in a Business Administration Minor.

## CONSTRUCTION MANAGEMENT ELECTIVES:

CMG 4013 Virtual Project Design

CMG 4033 Heavy Construction Planning

CMG 4413 Advanced Construction Safety

CMG 4913 30 Hour OSHA Certification for Construction

EGT 2324 Electricity & Electronic Controls

EGT 4503 Engineering Technology Cost Analysis

OSC 4810 Supply Chain & Logistics Management

# **BUSINESS ADMINISTRATION MINOR:**

Two of the following:

BUS 2102 Managerial Accounting

**BUS 3050** Survey of Management Information Systems

**BUS 3100** Survey of Marketing Principles

**ENT 3300** Foundations of Entrepreneurship

FIN 3720 Investments

FIN 3740 Real Estate Fundamentals

# **100% JOB PLACEMENT AFTER GRADUATION**

# **SUGGESTED 4-YEAR SEQUENCE**

#### **TECHNOLOGY EMPHASIS**

• The following courses may be taken as technical electives: CMG 4013, EGT 2324, EGT 4503, CMG 4033, CMG 4413, OSC 4810, CMG 4913
