Art Education, Art History, or Graphic Design Option students can double count Art 1000, 1110, 1111, and 2500 in both the option and the studio art minor. However, Art Education, Art History, or Graphic Design Option students cannot double count other studio courses used to fulfill option requirements for the studio electives in the Studio Art Minor; these 15 semester hours must be from different studio courses.

LAPTOP COMPUTER REQUIREMENTS EXPLAINED ON BACK OF PAGE

LAPTOP COMPUTER REQUIREMENTS

STUDENTS ENTERING FALL 2015

A personal computer is and will continue to be an important part of the educational experience. A student will need to have access to personal computer technologies as he or she moves through his or her educational experience at Eastern Illinois University. In some cases the personal computer may not be used in class but will be required to complete class assignments; in other instances the personal computer will be an integral part of the classroom experience.

All entering art majors are required to have an Apple laptop computer. The hardware requirements are subject to change each year as Apple develops and markets new laptop models. To provide you with a sense of the requirements the following were the Fall 2014 hardware requirements:

For all Art majors the recommended minimum configured laptop is the MacBook Pro 15-inch with 2.5GHz quad-core Intel Core i7, 16 GB memory, 512GB PCIe-based Flash Storage, Intel Iris Pro Graphics, NVIDIA GeForce GT 750M with 2GB GDDR5 memory.

The above is the recommended minimum laptop requirement; if you are able to purchase an Apple laptop with greater processor speed, memory and screen size and/or quality, then consider selecting that laptop. The department also recommends that all students purchase: (1) a 4GB or larger flash drive for backup and easy transport of files; (2) carrying case or laptop backpack; (3) the extended warranty; and (4) either an external hard drive for backup or a remote backup service.

Software requirements are:

Microsoft Office (student edition) and the Adobe Creative Cloud Design Standard (education version) (www.adobe.com). Adobe Creative Cloud Design Standard Collection is strongly recommended for students interested in the Graphic Design option. Students accepted into the Graphic Design program beginning their junior year would be expected to subscribe to the Adobe Creative Cloud (education version) at that time.

Before you purchase your computer and software for your college career, you should check the pricing available for computer and software bundles through the EIU Bookstore. Very reasonable pricing for software is often available. The EIU Bookstore is located in the MLK Student Union and can be reached at 217-581-5821 or 800-242-0757 or on the web at www.eiubookstore.com.
