I would like to join an organization that emphasizes getting to know people from different cultures.

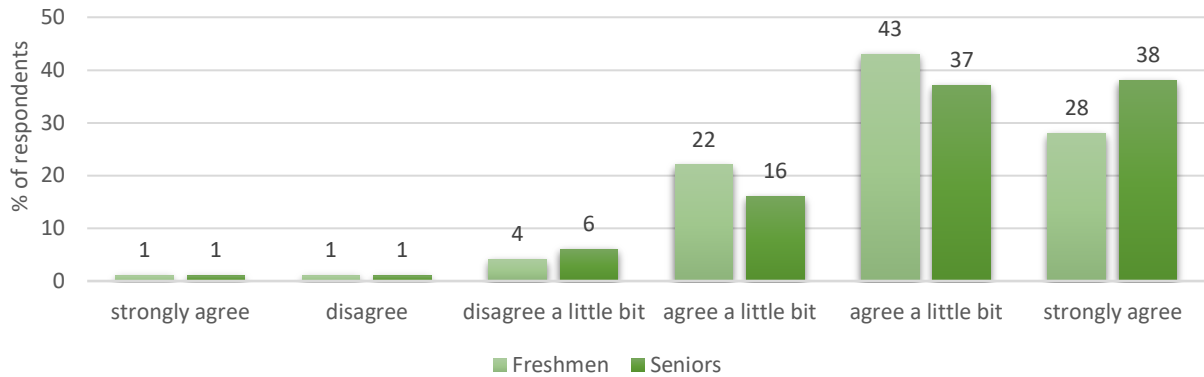

Persons with disabilities can teach me things I could not learn elsewhere.

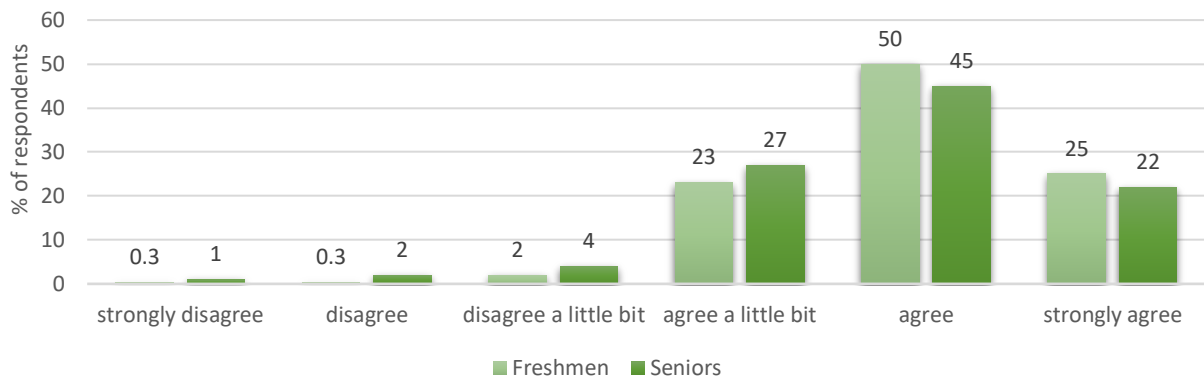

Getting to know someone of another race is generally an uncomfortable experience for me.

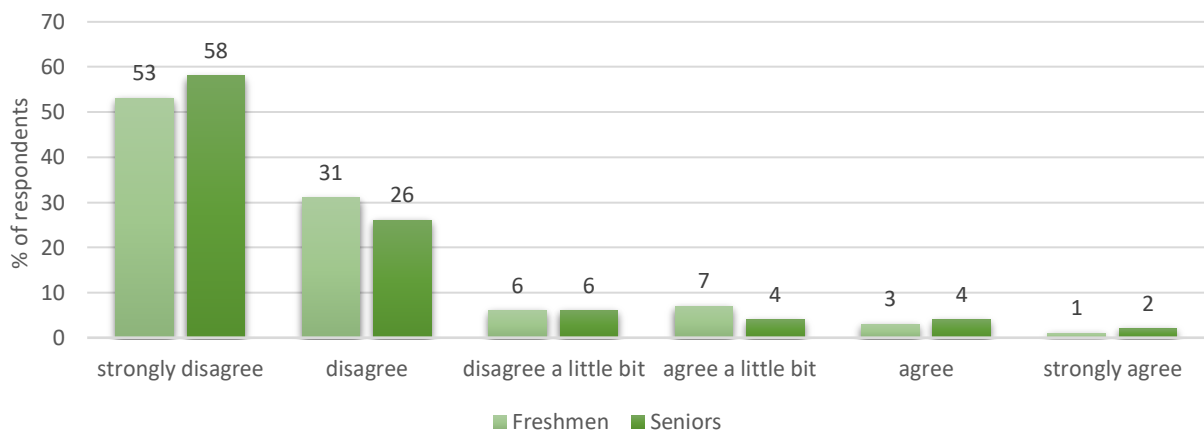

### I would like to go to events that feature music, food, or traditions from other countries.

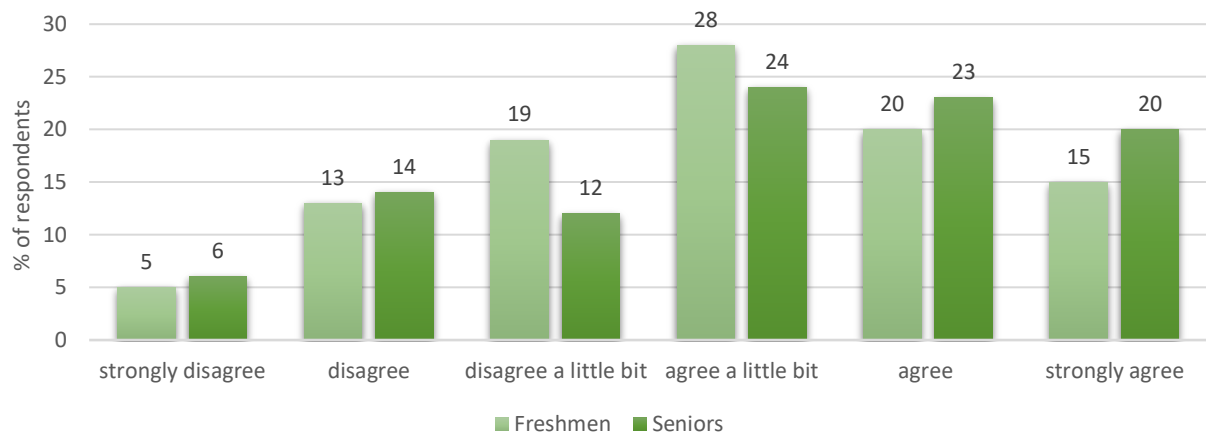

### I can best understand someone after I get to know how he or she is both similar to and different from me.

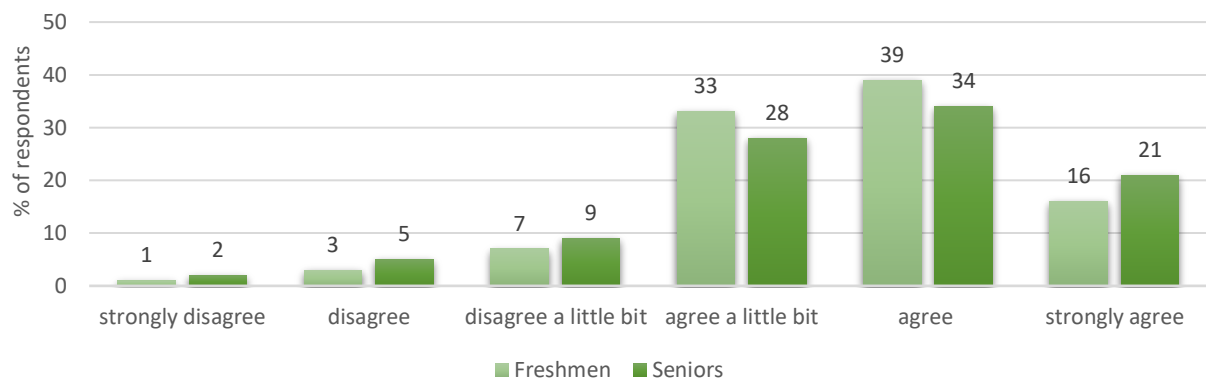

### I am only at ease with people of my race.

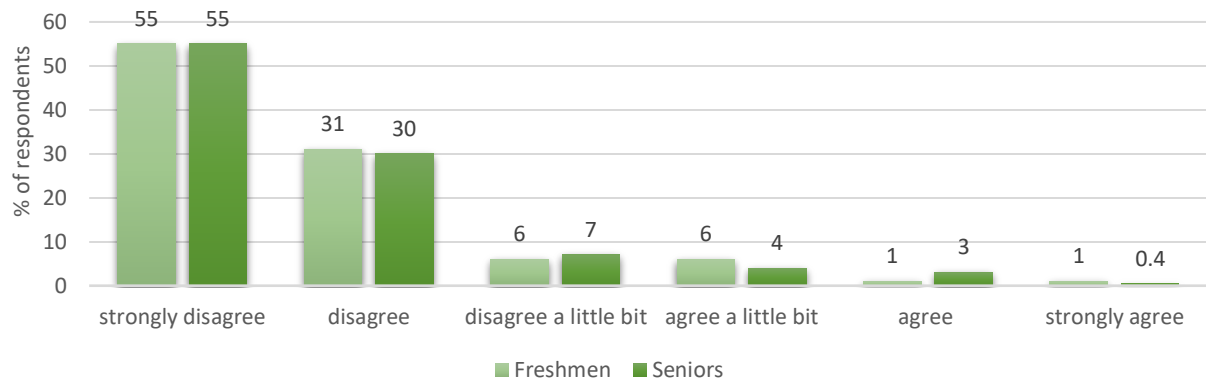

### I often listen to music of other cultures.

### Knowing how a person differs from me greatly enhances our friendship.

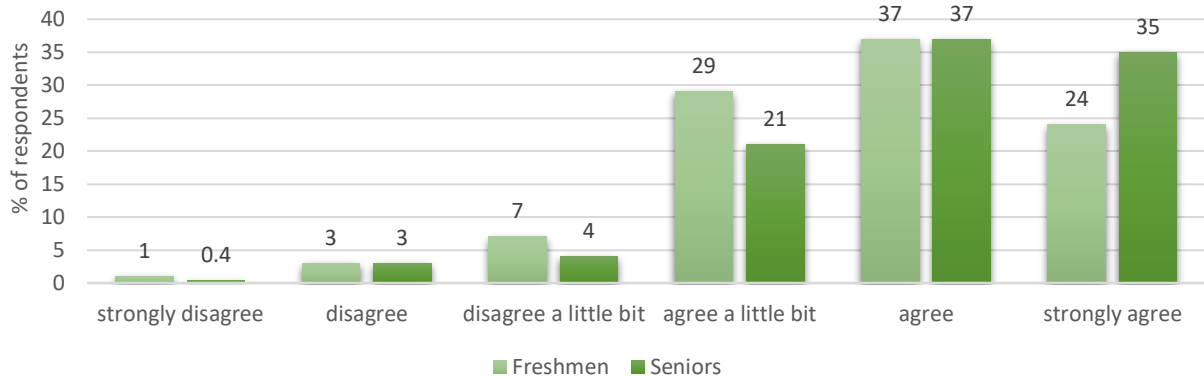

### It's really hard for me to feel close to a person from another race.

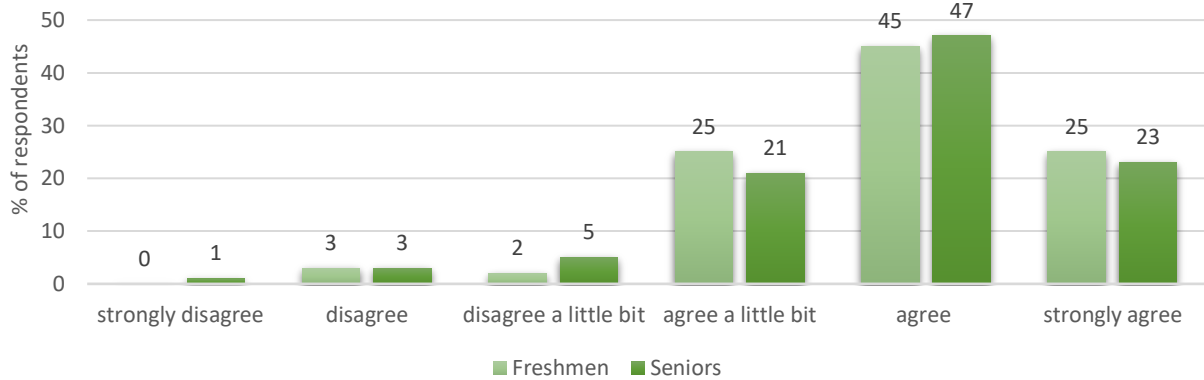

**I am interested in learning about the many cultures that have existed in this world.**

**In getting to know someone, I like knowing both how he or she differs from me and is similar to me.**

**It is very important that a friend agrees with me on most issues.**
