**Re:** Executive Action re: Graduate Courses

---

Following revisions to the Communication Disorders and Sciences graduate curriculum approved at the December 10, 2018 CHHS Curriculum meeting, the February 5, 2019 CGS meeting, and the February 26, 2019 COTE meeting, I am requesting that the following courses be deleted from the catalog by executive action, **effective Summer 2019**:

CDS 5090 Advanced Clinical Techniques (1 credit)

Rationale: Content from this course has been integrated into other courses in the recent program revision, and is no longer needed.

CDS 5091 Advanced Diagnosis of Communication Disorders (1 credit)

Rationale: This course was only offered as part of the Hybrid Track for the Master of Science in CDS, which will no longer be offered and should be removed from the catalog.

CDS 5220 Language and Literacy (3 credits)

Rationale: This course has been revised and renumbered in the recently approved curriculum revision.

The following course should be deleted, **effective Fall 2019**, as it will be taught for the last time in Summer 2019 to finish out the current graduate students' program:

CDS 5600 Professional Regulations (2 credits)

Rationale: Content from this course has been integrated into other courses in the recent program revision, and is no longer needed as a stand-alone class.

In addition, I am requesting that the new course which was approved as CDS 5200 Literacy for the SLP be renumbered as CDS 5210 Literacy for the SLP. CDS 5200 has been used for a previous CDS course and cannot be used again. **Effective Summer 2019**.
