

Eastern Illinois University
NEW/REVISED COURSE PROPOSAL FORMAT
(Approved by CAA on 9/29/11 and CGS on 10/18/11, Effective Fall 2011)

This format is to be used for all courses submitted to the Council on Academic Affairs and/or the Council on Graduate Studies.

Please check one: ☒ New course ☐ Revised course

PART I: CATALOG DESCRIPTION

1. **Course prefix and number, such as ART 1000:** HST 5980
2. **Title (may not exceed 30 characters, including spaces):** Internship
3. **Long title, if any (may not exceed 100 characters, including spaces):** Internship
4. **Class hours per week, lab hours per week, and credit:** Arr. – Arr. 3 – 6
5. **Term(s) to be offered:** ☒ Fall ☒ Spring ☒ Summer ☐ On demand
6. **Initial term of offering:** ☐ Fall ☒ Spring ☐ Summer **Year:** 2015
7. **Course description:**

(Arr.-Arr.-3-6) (Credit/No Credit) Internship experience in a professional health-related setting approved by the department. To be taken credit/no credit for a minimum of 3 and a maximum of 6 semester hours applicable to the degree.

Prerequisites

HST 5700, HST 5750, and permission of HST Intern Coordinator and acceptance by the internship site.

8. Registration restrictions:

a. Equivalent Courses

- **Identify any equivalent courses** (e.g., cross-listed course, non-honors version of an honors course).

None

- Indicate whether coding should be added to Banner to restrict students from registering for the equivalent course(s) of this course. ☐ Yes ☐ No

N/A

b. Prerequisite(s)

- **Identify the prerequisite(s)**, including required test scores, courses, grades in courses, and technical skills. Indicate whether any prerequisite course(s) MAY be taken concurrently with the proposed/revised course.

HST 5700, HST 5750, and permission of HST Intern Coordinator and acceptance by the internship site.

- Indicate whether coding should be added to Banner to prevent students from registering for this course if they haven't successfully completed the prerequisite course(s). ☒ Yes ☐ No

If yes, identify the minimum grade requirement and any equivalent courses for each prerequisite course:

HST 5700, HST 5750, and permission of HST Intern Coordinator and acceptance by the internship site.

c. Who can waive the prerequisite(s)?

☐ No one ☒ Chair ☐ Instructor ☐ Advisor ☒ Other (Please specify) Intern Coordinator

d. Co-requisites (course(s) which MUST be taken concurrently with this one):

N/A

e. Repeat status: ☐ Course may not be repeated.

☒ Course may be repeated once with credit.

Please also specify the limit (if any) on hours which may be applied to a major or minor. For a maximum of 6 credit hours.

f. Degree, college, major(s), level, or class to which registration in the course is restricted, if any:

HST 5980 is available only to approved degree candidates in the Master of Science in Health Promotion and Leadership

g. Degree, college, major(s), level, or class to be excluded from the course, if any:

HST 5980 is available only to approved degree candidates in the Master of Science in Health Promotion and Leadership

9. Special course attributes [cultural diversity, general education (indicate component), honors, remedial, writing centered or writing intensive]

N/A

10. Grading methods (check all that apply): ☐ Standard letter ☒ CR/NC ☐ Audit ☐ ABC/NC
("Standard letter"—i.e., ABCDF—is assumed to be the default grading method unless the course description indicates otherwise.)

Please check any special grading provision that applies to this course:

☒ The grade for this course will not count in a student's grade point average.

☐ The credit for this course will not count in hours towards graduation.

If the student already has credit for or is registered in an equivalent or mutually exclusive course, check any that apply:

- ☐ The grade for this course will be removed from the student's grade point average if he/she already has credit for or is registered in (insert course prefix and number).
- ☐ Credit hours for this course will be removed from a student's hours towards graduation if he/she already has credit for or is registered in (insert course prefix and number).

11. Instructional delivery method: (Check all that apply.)

- ☐ lecture ☐ lab ☐ lecture/lab combined ☐ independent study/research
☒ internship ☐ performance ☒ practicum or clinical ☐ study abroad
☐ Internet ☐ hybrid ☐ other (Please specify)

PART II: ASSURANCE OF STUDENT LEARNING

1. List the student learning objectives of this course: See Table 1

- a. If this is a general education course, indicate which objectives are designed to help students achieve one or more of the following goals of general education and university-wide assessment:
- EIU graduates will write and speak effectively.
 - EIU graduates will think critically.
 - EIU graduates will function as responsible citizens.

N/A

- b. If this is a graduate-level course, indicate which objectives are designed to help students achieve established goals for learning at the graduate level:
- Depth of content knowledge
 - Effective critical thinking and problem solving
 - Effective oral and written communication
 - Advanced scholarship through research or creative activity

See Table 1

2. Identify the assignments/activities the instructor will use to determine how well students attained the learning objectives: See Table 1

Table 1:

Student learning Outcomes: As a result of completing this course, students will be able to:	NCHEC Advanced-level Competencies	Assignments used to student learning/percent of grade
Identify the complex structures, roles and functions of health service organizations. <i>Depth of content knowledge</i>		Internship Logs & Reflection Weekly Discussions Final Summary Report

Demonstrate leadership skills in planning, implementing, and evaluating health promotion programs. <i>Effective critical thinking and problem solving</i>	Responsibility 1: Sub-competency 1.1.2 Sub-competency 1.1.5 Responsibility 5: Sub-competency 5.3.3	Internship Logs & Reflections Weekly Discussions Final Summary Report
Effectively collaborate with peers, health professionals, and community organizations. <i>Effective critical thinking and problem solving</i>	Responsibility 5: Sub-competency 5.2.1 Sub-competency 5.2.2 Sub-competency 5.3.3	Internship Logs & Reflection Weekly Discussions Final Summary Report
Demonstrate analytical and writing abilities. <i>Effective critical thinking and problem solving</i> <i>Effective oral and written communication</i>	Responsibility 5: Sub-competency 5.2.6	Final Summary Report e- portfolio

3. Explain how the instructor will determine students' grades for the course:

The Intern Coordinator will review the Intern Preceptor evaluations of the intern's performance, the quality of the intern's logs and reflections, participation in weekly discussions, the Final Summary Report and the e-portfolio.

Internship Logs and Reflections	20%
Weekly Discussions	20%
Final Summary Report	40%
e-portfolio	20%

4. For technology-delivered and other nontraditional-delivered courses/sections, address the following:
NA

- Describe how the format/technology will be used to support and assess students' achievement of the specified learning objectives:
- Describe how the integrity of student work will be assured:
- Describe provisions for and requirements of instructor-student and student-student interaction, including the kinds of technologies that will be used to support the interaction (e.g., e-mail, web-based discussions, computer conferences, etc.):

5. For courses numbered 4750-4999, specify additional or more stringent requirements for students enrolling for graduate credit. These include: N/A

- course objectives;
- projects that require application and analysis of the course content; and
- separate methods of evaluation for undergraduate and graduate students.

6. If applicable, indicate whether this course is writing-active, writing-intensive, or writing-centered, and describe how the course satisfies the criteria for the type of writing course identified. (See Appendix *.)

PART III: OUTLINE OF THE COURSE

Provide a week-by-week outline of the course's content. Specify units of time (e.g., for a 3-0-3 course, 45 fifty-minute class periods over 15 weeks) for each major topic in the outline. Provide clear and sufficient details about content and procedures so that possible questions of overlap with other courses can be addressed. For technology-delivered or other nontraditional-delivered courses/sections, explain how the course content "units" are sufficiently equivalent to the traditional on-campus semester hour units of time described above.

The internship experience must include a minimum of 6 weeks on site.

		3 s.h.	6 s.h.
Week 1	Site orientation, review of expectations with Preceptor and HST Intern Coordinator Assumption of 16% of internship duties and on-site responsibilities Weekly Logs, and reflections, Weekly Discussions	15 hours	30 hours
Week 2	Assumption of 33% of internship duties and on-site responsibilities	15 hours	30 hours
Week 3	Assumption of 50% of internship duties and evidence of successfully meeting expectations by analysis of Midway Preceptor Evaluation.	15 hours	30 hours
Week 4	Assumption of 66% of internships duties and evidence of successfully meeting expectations.	15 hours	30 hours
Week 5	Assumption of 83% of internships duties and evidence of successfully meeting expectations.	15 hours	30 hours
Week 6	Assumption of 100% of internships duties and evidence of successfully meeting expectations by analysis of Final Preceptor Evaluation. Final Summary Report and e-portfolio submission	15 hours	30 hours
	Total	90 hours	180 hours

PART IV: PURPOSE AND NEED

1. Explain the department's rationale for developing and proposing the course.

This will be an elective course in the proposed Heath Studies Master's Degree program. The course covers several of the competencies required for Advanced-level Health Education Specialist endorsed by the National Commission for Health Education Credentialing, Inc. (NCHEC). Internship serves as one of several capstone experiences that is designed to verify that the student has developed the expertise required for independent practice in the field.

- If this is a general education course, you also must indicate the segment of the general education program into which it will be placed, and describe how the course meets the requirements of that segment. N/A
- If the course or some sections of the course may be technology delivered, explain why.

Learning management system will be utilized for student submission of course materials and assignments.

2. Justify the level of the course and any course prerequisites, co-requisites, or registration restrictions.

This will be an elective course in the proposed Health Studies Master's Degree program. The course covers several of the competencies required for Advanced-level Health Education Specialist endorsed by the National Commission for Health Education Credentialing, Inc. (NCHEC). Internship serves as one of several capstone experiences that is designed to verify that the student has developed the expertise required for independent practice in the field.

3. If the course is similar to an existing course or courses, justify its development and offering.

There are not similar courses.

- a. **If the contents substantially duplicate those of an existing course, the new proposal should be discussed with the appropriate chairpersons, deans, or curriculum committees and their responses noted in the proposal.**
- b. **Cite course(s) to be deleted if the new course is approved. If no deletions are planned, note the exceptional need to be met or the curricular gap to be filled.**

4. Impact on Program(s):

- a. **For undergraduate programs, specify whether this course will be required for a major or minor or used as an approved elective.**
- b. **For graduate programs, specify whether this course will be a core requirement for all candidates in a degree or certificate program or an approved elective.**

This course will be an elective course for all candidates in the Department of Health Studies graduate program.

If the proposed course changes a major, minor, or certificate program in or outside of the department, you must submit a separate proposal requesting that change along with the course proposal. Provide a copy of the existing program in the current catalog with the requested changes noted.

N/A

PART V: IMPLEMENTATION

1. **Faculty member(s) to whom the course may be assigned:** Dr. Kathy Phillips, Dr. Sheila Simons, Dr. Misty Rhoads, Dr. Rich Cavanaugh, Dr. Dejan Magoc or any member of the Health Studies faculty approved for graduate teaching. Online sections maybe taught by faculty with the appropriate expertise who have completed the online training for technology delivered courses at EIU.

If this is a graduate course and the department does not currently offer a graduate program, it must document that it employs faculty qualified to teach graduate courses.

2. Additional costs to students:

Include those for supplemental packets, hardware/software, or any other additional instructional, technical, or technological requirements. (Course fees must be approved by the President's Council.)

3. Text and supplementary materials to be used (Include publication dates):

PART VI: COMMUNITY COLLEGE TRANSFER

If the proposed course is a 1000- or 2000-level course, state either, "A community college course may be judged equivalent to this course" OR "A community college course will not be judged equivalent to this course." A community college course will not be judged equivalent to a 3000- or 4000-level course but may be accepted as a substitute; however, upper-division credit will not be awarded.

PART VII: APPROVALS

Date approved by the department or school: 10/22/2013

Date approved by the college curriculum committee: 11/11/13

Date approved by the Honors Council (*if this is an honors course*):

Date approved by CAA: CGS:

***In writing-active courses**, frequent, brief writing activities and assignments are required. Such activities -- some of which are to be graded -- might include five-minute in-class writing assignments, journal keeping, lab reports, essay examinations, short papers, longer papers, or a variety of other writing-to-learn activities of the instructor's invention. Writing assignments and activities in writing-active courses are designed primarily to assist students in mastering course content, secondarily to strengthen students' writing skills. In **writing-intensive courses**, several writing assignments and writing activities are required. These assignments and activities, which are to be spread over the course of the semester, serve the dual purpose of strengthening writing skills and deepening understanding of course content. At least one writing assignment is to be revised by the student after it has been read and commented on by the instructor. In writing-intensive courses, students' writing should constitute no less than 35% of the final course grade. In **writing-centered courses** (English 1001G, English 1002G, and their honors equivalents), students learn the principles and the process of writing in all of its stages, from inception to completion. The quality of students' writing is the principal determinant of the course grade. The minimum writing requirement is 20 pages (5,000 words).
