Re: Unit B Faculty Directing Capstone Experiences

Dean Hendrickson:

In order to accommodate the large number of students who will be graduating in Spring, 2017, we would like to assign several unit B Associate Graduate Faculty Members to oversee student's capstone certifications. This need is driven by the fact that there are not enough Unit A faculty in the various areas of expertise to support the large number of students graduating in the spring, and these three Associate Graduate Faculty Members, through their degrees and professional experiences, are qualified to support the graduate program in this manner. The Associate Graduate Faculty Members who we are requesting be allowed to participate in the spring semester are:

Mr. Bruce Barnard
Dr. Gabe Grant
Dr. Odai Khasawneh

Thank you for considering this request.

Sincere Regards,

Austin Cheney
