Re: Associate Graduate Faculty Limitation Waiver Request

You will soon be receiving an application to appoint Dr. Paul Janssen Danyi as an Associate Graduate Faculty member in the department of Political Science. Based on the recommendation of the graduate coordinator, Dr. Jeff Ashley, I am requesting that Associate Graduate Faculty limitations be waived for Dr. Janssen Danyi, so that he can supervise theses and capstones, and sit on committees where appropriate.

Dr. Janssen Danyi has a Ph.D. in Political Science, and has served as a Unit B faculty member in Political Science since 2014 (though with a break due to the state budget crisis). He is the only faculty member with training in international relations, with additional comparative politics and research methods subfields. He has a growing research record, and will serve as a strong mentor to thesis and capstone students. As our international student enrollment grows, it is very important that we have faculty at the graduate level to supervise their areas of interest, which typically include international and comparative politics.
