Dr. Michael Menze arrived at 2:10 pm.

01. 12-54, PSY 5970A, Substance Related Disorders: Etiology, Diagnosis & Treatment, New Course Proposal; Wesley Allan presented the course. Council approved with four "yes" votes, three abstentions and one "no" vote; Effective date – Summer 2013

(3-0-3) PSY 5970A, Substance Related Disorders: Etiology, Diagnosis & Treatment

This course is designed to provide students with an overview of substance related disorders in clinical psychology settings. Specific topics covered will include the etiology of substance related disorders, issues pertaining to assessment and diagnosis, and treatments used for this population. The primary goal is to help students understand how substance related disorders affect clients as well as to understand issues related to providing psychological services (assessment and treatment) to these clients.

Prerequisite(s):

Student must be admitted into the Clinical Psychology Master's Program

02. 12-55, PSY 5400, Psychotherapy with Diverse Populations, Revised Course Proposal
Wesley Allan presented the course. Council approved with four "yes" votes, three abstentions and one "no" vote; Effective date – Summer 2013.

(3-0-3) PSY 5400, Psychotherapy with Diverse Populations

A theoretical and applied consideration of the gender, racial, sexual orientation, disability, belief, socio-economic status, and cultural differences which impact psychological services with diverse

individuals, families and groups. Theories of prejudice, stereotyping and issues of culture and psychopathology will be applied to an understanding of the unique mental health needs of a variety of populations..

Prerequisite(s):

Student must be admitted into the Clinical Psychology Master's Program

Dr. Carrie Dale arrived at 2:15 pm.
