RE: Executive Action Items

The following request was received from the Department of Kinesiology and Sports Studies. I concur with the revisions and ask that the changes be made by executive action.

Requested Changes: to allow the following graduate courses to be offered online as well as face to face:

KSS 5260 – Cardiopulmonary Exercise Physiology	Effective Summer 2017
KSS 5250 – Exercise Electrocardiography	Effective Fall 2017
KSS 5005 – Literature Review in Kinesiology and Sports Studies	Effective Spring 2018

Rationale for Changes: Online offerings of these courses will allow for greater flexibility with scheduling for non-traditional students and students with assistantships. Additionally, online offerings have potential to attract more students to the program.
