

**COLLEGE OF HEALTH AND HUMAN SERVICES
EXECUTIVE ACTION REQUEST**

EA-CHHS-18-48 Effective Fall 2019

TO: Jeanne Lord, Interim Dean

FROM: Melanie Burns (Nutrition and Dietetics)

DATE: August 22, 2018

ACTION REQUESTED:

With the dissolving of FCS and the reorganization of programs, the courses with an FCS prefix need to be renumbered, and in a few instances course titles need to be revised. The following course prefixes are requested to be used by NTR (Nutrition and Dietetics). The table below lists the FCS graduate courses in the Fall 2018 catalog, with their proposed new prefix/number and revised course title if necessary. Course title revisions are for clarification or removing the family and consumer service name, with minor or no change in course content. Where necessary, a 30 character limited short title is provided.

Separate program proposals may be forthcoming which will utilize the course numbers and names in this request.

Effective Date for all changes: Fall 2019

Current Course Number	New Course Number	Current Course Title	Revised Course Title if applicable
FCS 4750	NTR 4750	Advanced Human Nutrition	

FCS 4752	NTR 4752	Focus on Diabetes
