

EA-CHHS-21-35  
Effective Immediately

**OFFICE OF THE DEAN**  
600 LINCOLN AVENUE | 1034 KLEHM  
HALL CHARLESTON, IL 61920  
217-581-6025 | [EIU.EDU/CHHS](http://EIU.EDU/CHHS)

TO: Council on Graduate Studies

FROM: Dr. Ryan C. Hendrickson, Acting Dean

SUBJECT: Executive Action – Correction of the Request Dated November 3, 2021

DATE: November 30, 2021

Effective Date: Fall 2022

An executive action request was previously submitted to CGS and had been placed on the November 16, 2021, CGS meeting agenda. (Link to the original November 3, 2021 executive action request: <https://castle.eiu.edu/eiucgs/exec-actions/EA-CHHS-21-29.pdf>).

The course impacted by the requested change was actually NUR 4535 rather than NUR 4835 as shown on the original request. Given NUR 4535 isn't a graduate course, please disregard the November 3, 2021 executive action which had been previously submitted. The corrections shown below will be sent to CAA instead given the course falls under its jurisdiction.

Corrections:

REPLACE:

Request: Change the initial term of offering for **NUR 4835** (Population-based Healthcare in Nursing) to Fall 2022.

**NUR 4835 – Population-based Healthcare in Nursing.**

(2-9-5) On Demand. Epidemiology and concepts related to population-based health with an emphasis on social determinants of health are explored. Knowledge and skills in community assessment, behavior change theory, and the use of information technology will assist students to examine strategies and community-based interventions related to improving the health of populations in rural settings. Inter-professional communication and collaboration will be emphasized as students engage in clinical practicum experiences with individuals, families, and groups. Principles of disaster management and emergency preparedness will be explored at the individual, community, and population level.

Prerequisites & Notes: This course is restricted to nursing students. Note: This is a new course, effective ~~Spring 2023~~ **Fall 2022**.

Credits: 5
