To: Nikki Hillier, Chair, CGS
Date: Feb 17, 2022
RE: Executive Action Taken at the CLAS Curriculum Committee Meeting on Feb 16, 2022

The following request was approved by executive action at the CLAS Curriculum Committee meeting on Feb 16, 2022. The request would be effective Spring 2022. I ask that similar action be taken at the Council on Graduate Studies.

Requested Change:

Remove the following courses from the graduate catalog:

MAT 4780 – Mathematics of Interest
MAT 5210 – An Introduction to Differential Geometry
MAT 53352 – Topics in Mathematics II
MAT 53353 – Topics in Mathematics III
MAT 59501 – Thesis I
MAT 59502 – Thesis II
MAT 5810A – Topics in Geometry for Elementary/Middle School Teachers
MAT 5810B – Topics in History for Elementary/Middle School Teachers
MAT 5810D – Topics in Probability for Elementary/Middle School Teachers
MAT 5810E – Topics in Statistics for Elementary/Middle School Teachers
MAT 5810F – Topics in Number Theory for Elementary/Middle School Teachers
MAT 5810H – Topics in Computer Science for Elementary/Middle School Teachers
MAT 5810I – Topics in Mathematics for Elementary/Middle School Teachers I
MAT 5810J – Topics in Mathematics for Elementary/Middle School Teachers II
MAT 4870 – Data Structures and Algorithm Analysis
MAT 5035 – Topics in Computer Science

Rationale for Change:

MAT 4780 and MAT 5210 have either never been offered or have not been offered in the last ten years.

MAT 53352, MAT 53353, MAT 59501, and MAT 59502 are no longer needed as the Mathematics option of MA Mathematics graduate degree is being eliminated.

All the MAT 5810 courses are no longer needed as the Elementary/Middle Mathematics Education option of MA Mathematics graduate degree is being eliminated.

MAT 4870 and MAT 5035 are no longer offered and should have been eliminated when the department created a computer science designation for all computer science courses.

Effective Year/Term: Fall 2022
