RE: Correction to Non-credit Thesis catalog entry
DATE: August 17, 2010

The original course proposal for EIU 5951 was filled out incorrectly on the selection of grading methods. The correct selection should have been "NC". In addition, I am requesting that the course description also reflect the "NC" designation by removing "as an auditor". The Graduate Catalog copy should be corrected for each course as shown in the sample below:

PLS 5951 - Non-credit Thesis

(0-0-0) The purpose of this course is to allow a graduate student to remain continuously enrolled ~~as an auditor~~ and access services required to complete the thesis after completing the maximum number of hours of credit for thesis [5950], research [5900], and independent study [5990] in a thesis option.

Credits: ~~Audit Only~~0
