RE: Executive Action Request:
Change MSTD course prefix to ATD

DATE: January 20, 2017

Executive Action Request: Change the prefix for MSTD 5230, 5900, 5255 to ATD.

Rationale: Revising the prefix to three characters aligns the course prefix to all existing graduate courses and brings consistency and logic to the Banner coding for the major and the courses for the new online program in Talent Development. The major code will be 1ATD to reflect the online format and ATD will become the course prefix. This change was approved by the School of Technology.
