Re: Prefix and Name Changes for School of Technology Courses

Effective: Fall 2019

Summary: The IBHE recently approved the BS in Digital Media, Computer & Information Technology, Construction Management, and Engineering Technology. With the approval of these programs the AET prefix is now defunct and will no longer be in use. This executive action respectfully asks that all courses that are under the direction and purview of the School of Technology, and are not tied to one specific program in the School of Technology, be assigned the TEC prefix.

This executive action also includes some course name updates for program reinforcement and simplification.

Enrollment in the TEC courses listed below will be restricted to undergraduate students.
