Re: Prefix and Name Changes for Digital Media Courses

Effective: Fall 2019

Summary: The IBHE recently approved the BS in Digital Media, Computer & Information Technology, Construction Management, and Engineering Technology. With the approval of these programs the AET prefix is now defunct and will no longer be in use. Additionally, four courses passed under the CIT prefix fall under the purview of Digital Media. This executive action respectfully asks that all courses that are under the direction and purview of the Digital Media program be assigned the DGT prefix.

This executive action also includes some course name updates for program reinforcement and simplification.
