**From: Austin Cheney, SoT Chair**  
**Re: Prefix and Name Changes for Engineering Technology Courses**

**Effective: Fall 2019**

**Summary:** The IBHE recently approved the BS in Digital Media, Computer & Information Technology, Construction Management, and Engineering Technology. With the approval of these programs the AET prefix is now defunct and will no longer be in use. This executive action respectfully asks that all courses that are under the direction and purview of the Engineering Technology program be assigned the EGT prefix.

This executive action also includes some course name updates for program reinforcement and simplification.
